CONFIDENTIAL MEMORANDUM

# CONFIDENTIAL INFORMATION

**Eskaton (the “Seller”) has retained Ziegler Investment Banking (“Ziegler”) as their exclusive financial advisor to explore strategic alternatives for its 3-community skilled nursing portfolio located near Sacramento, CA.**

This Confidential Memorandum (“Memorandum”) has been prepared by Ziegler from materials supplied by the Seller and publicly available information. The sole purpose of this Memorandum is to assist the recipient in deciding whether it wishes to proceed with a further investigation with regard to an acquisition of the Portfolio. This Memorandum does not purport to be all-inclusive or to necessarily contain all information that a prospective purchaser may desire in investigating the Seller and the Portfolio. Ziegler makes no representations or warranties, expressed or implied, as to the accuracy or completeness of the information contained herein, and expressly disclaims any and all liability for representations or warranties, expressed, implied, or contained in, and for omissions from, this Memorandum or any written or oral communication transmitted or made available. The Seller will have legal responsibility only for the representations and warranties set forth in a written agreement when and if executed and delivered by the parties thereto and subject to limitations and restrictions set forth therein. Ziegler has not independently verified any of the information contained in this Memorandum or any written or oral communication transmitted or made available, and has not made and will not make, an independent evaluation or appraisal of any of the assets or liabilities of the Seller.

This Memorandum is being provided to the recipient pursuant to a confidentiality agreement that governs the obligations of the Seller and the recipient with regard to confidentiality. By acceptance of this Memorandum, and in accordance with the confidentiality agreement, but without limiting the information provided herein, or the scope or terms thereof, the recipient agrees that it will not distribute this Memorandum to any person, in whole or in part, at any time without the prior written consent of the Seller and that it will keep confidential all information contained herein or made available in connection with any further investigation. This Memorandum is being delivered for informational purposes only and upon the express understanding that it will be used only for the purpose set forth above. Upon request and in accordance with the confidentiality agreement, the recipient will return promptly all material received from the Seller and Ziegler (including this Memorandum) without retaining any copies thereof. In furnishing this Memorandum, the Seller undertakes no obligation to provide the recipient with access to any additional information or to update any of the information contained herein.

This Memorandum includes certain historical and projected financial and operating data. The estimated operating results are derived from internal management reports, and the adjusted results are derived in part from management’s internal analysis. These estimates and projections reflect management’s assumptions concerning anticipated results at the time made, may or may not prove to be correct, and are subject to significant economic, competitive, and regulatory uncertainties and contingencies beyond the Seller’s control. Past performance may not be necessarily indicative of future performance. Consequently, no assurances are made or implied as to the reliability of such estimates or projections, and the inclusion of estimates and projections herein should not be regarded as a representation that the estimated or projected results will be achieved. No independent accounting firm has examined or reviewed the financial estimates or projections contained herein.

# I. EXECUTIVE SUMMARY

ESKATON\_001812

# TRANSACTION OVERVIEW

Eskaton is a not-for-profit 501(c)(3) California corporation, which was formed in 1968. Eskaton’s primary mission is to enhance the quality of life of seniors through innovative health, housing, and social services. Eskaton also operates nonmedical homecare services, adult day healthcare services and various community service programs.

Eskaton Properties, Inc. (“EPI”) owns and operates four Skilled Nursing properties in greater Sacramento, CA; one as part of a Continuing Care Retirement Community, and three standalone skilled nursing properties. The standalone properties include Eskaton Care Center Fair Oaks (“Fair Oaks”), Eskaton Care Center Greenhaven (“Greenhaven”), and Eskaton Care Center Manzanita (“Manzanita”)(collectively the “Portfolio” or “Communities”).

Eskaton seeks to sell the Portfolio to divest of its Skilled Nursing Properties and focus resources on expanding and growing retirement housing communities, home health services, and CCRC interests.

The following tables summarizes the Portfolio’s operating results for the 2019, 2020, and 2021 fiscal years and the trailing twelve month period (ending September 30, 2022). Detailed income statements and additional financial considerations can be found in the *Financial Performance* section.

# TRANSACTION PROCESS

The Seller has engaged Ziegler to act as its exclusive financial advisor in exploring divestiture strategic alternatives for the Communities. The Seller has authorized Ziegler to approach a select provider/investor group and solicit proposals to acquire the Communities' assets.

Prospective purchasers should assume "assets" include all community-based assets including inventory, personal property, land, buildings and improvements. For valuation purposes, asset purchasers should assume assets exclude cash, investments, accounts receivable, prepaid assets, deposits and any other current asset excluding inventory. A more precise definition of "purchased/sold" assets will be included in the purchase agreement.

**The Seller is extremely sensitive to confidentiality in this matter.** Consequently, offering materials are intended to include detailed information sufficient for prospective purchasers to formulate a reliable value conclusion. The Seller wants to conclude the preliminary evaluation period as quickly as possible. After preliminary proposals are evaluated, the Seller will determine which proposal is pursued.

## THE SELLER WOULD LIKE TO ADHERE TO THE PROCESS OUTLINED BELOW:

**Please note that all communications or inquiries relating to a possible transaction should be directed only to Ziegler. No member of the Seller or employee of the Communities should be contacted directly under any circumstances. Under no circumstances are tours or "mystery shopping" of the Communities allowed without Ziegler and Eskaton's express written permission. Furthermore, potential purchasers are reminded of their obligations under the Confidentiality Agreement in relation to this transaction.**

# TRANSACTION STRENGTHS

## Geographic Concentration

The Portfolio properties are located in the greater Sacramento area, the state capital of California. The Sacramento metropolitan area has been one of the fastest growing urban regions in the U.S. and holds the Central Valley and Sierra Nevada regions of the state. Sacramento is one of the world's most important agricultural areas and is home to Lake Tahoe, and several ski and nature resorts. The Facilities are easily accessible by interstate and state highways. The geographic locations allows for economies of scale in terms of staffing and management oversight.

## Value-add potential

Consolidated occupancy for the trailing twelve-month period ending September 30, 2022 for the Portfolio was 70%. The Portfolio averaged 90% occupancy from 2017-2019 prior to COVID, and a prospective purchaser could benefit from the Portfolio's value-add potential.

## Bolstered Revenues through Medi-Cal Rate Enhancement

California's Medi-Cal program establishes the methodology used to develop the rates paid to Medi-Cal managed care organizations. In general, for any given rate-setting year, DHCS and its actuary employ a combination of plan-specific utilization and risk adjusted county average utilization to inform each plan's rates. The Medi-Cal reimbursement rates have increased across the portfolio from the 2019 to 2022 cost report years with the average across the Portfolio increasing from \$260.14 to \$326.07, respectively (see table to the right). For note, there is a lag involved in the process; the rates are based on data from about 24 months prior to the beginning of the rate year.

MEDI-CAL RATES				
Cost Report Year				
Effective	2019	2020	2021	2022
Fair Oaks	\$245.03	\$278.55	\$313.27	\$300.83
Greenhaven	\$244.60	\$266.60	\$293.07	\$304.90
Manzanita	\$290.80	\$327.51	\$361.27	\$372.48
Average	\$260.14	\$290.89	\$322.54	\$326.07

# OVERVIEW OF CARE AND SERVICES

The Portfolio's primary function is to offer continuous nursing, medical, and other health and social services on a 24-hour basis, under physician-directed care and RN supervisor. The Facilities serve patients who are not in the acute phase of illness, or requiring services in a hospital, but instead require primary, restorative, or skilled nursing services on an inpatient or custodial care basis with the goal being to restore patients' degree of self-care in essential daily living.

## II. KEY CONSIDERATIONS

# TRANSACTION STRUCTURE

The Seller has engaged Ziegler to act as its exclusive financial advisor in exploring strategic alternatives for the Portfolio. Strategic alternatives include, but are not limited to divesting the Portfolio's assets. The Seller is looking to divest its three skilled nursing properties to focus on its senior housing properties. The Seller has authorized Ziegler to approach select provider/investor groups and solicit proposals to acquire the Portfolio's assets. **TIMING AND EXECUTION CERTAINTY ARE IMPORTANT TO THE SELLER.**

Prospective purchasers should assume "assets" include all Portfolio-based assets including inventory, personal property, land, buildings, and improvements. For valuation purposes, asset purchasers should assume assets exclude cash, investments, accounts receivable, prepaid assets, deposits, and any other current asset excluding inventory. A more precise definition of "purchased/sold" assets will be included in the purchase agreement.

The Seller is extremely sensitive to confidentiality in this matter. Consequently, the offering materials are intended to include detailed information sufficient for prospective purchasers to formulate a reliable value conclusion. The Seller wants to conclude the preliminary evaluation period as quickly as possible. After preliminary proposals are evaluated, the Seller will determine which (if any) proposal is pursued.

The Seller would like to adhere to the process outlined below:

1. Distribute Offering Memorandum, Provide Access to the Data Room
2. Initial Proposals Submitted
3. Review of Initial Proposals
4. Portfolio Tour(s) <sup>1</sup>
5. Final Proposal(s) Submitted and Reviewed
6. Proposal Selected, Final Negotiations, Due Diligence, and Signed Purchase and Sale Agreement

**Note that all communications or inquiries relating to a possible transaction should be directed only to Ziegler. No member of the Seller or employee of the Portfolio should be contacted directly under any circumstances. Under no circumstances are tours or mystery shopping of the Portfolio allowed without Ziegler and Seller's express written permission. Furthermore, potential purchasers are reminded of their obligations under the Confidentiality Agreement in relation to this transaction.**

*1. Portfolio Tour(s) subject to Seller approval.*

## DISCLAIMER

The Seller and Ziegler expressly reserve the right, without giving reasons, at any time and in any respect, to amend, modify or terminate these procedures or to negotiate with any party with respect to a transaction involving the Portfolio. The Seller will not have an obligation to accept any offer, whether or not it represents the highest value. The Seller expressly reserves the right, in their sole and absolute discretion, to reject any or all offers without giving any reasons therefor. The Seller also expressly reserves the right, without giving reasons therefor, at any time and in any respect, to terminate discussions with any or all potential purchasers.

Interested parties are encouraged to promptly review the Offering Memorandum and, if interested, prepare proposals as quickly as is practicable. The Seller would like to receive initial proposals no later than **December 16, 2022.**

Please note that the Seller has elected not to assign a specific timetable for the various phases (except for submission of initial proposals) as they may elect to accelerate the process for proposal(s) that are particularly compelling. Written preliminary proposals should include:

- A non-binding estimate of the cash acquisition value, as well as a brief description of the transaction structure;
- An indication of the source(s) of financing contemplated for the potential acquisition, including the proposed debt and equity structure, the availability of the proposed capital structure, and any contingencies with respect thereto;
- A specific list of additional information required to complete the investigation of the Portfolio;
- A list of corporate, shareholder or regulatory approvals required to consummate the transaction (if any);
- The name of outside advisors (including legal representation) you have engaged or plan to engage (if any) to assist you in evaluating and documenting this transaction;
- A discussion of your organization's historical operating track record in California (including a list of properties operated in the state), as well as any other state(s) you operate in;
- A discussion of how your organization arrived at the suggested value of the Portfolio; and
- A preliminary timetable required to consummate the transaction.

# KEY CONSIDERATIONS

## Implementation of New Technology

Greenhaven partnered with SafelyYou, an innovative artificial technology (AI) system designed to detect and reduce fall risk for older adults; becoming the first SNF in California to be approved by the Department of Health Services to pilot and integrate this program.

## Geographic Efficiencies

The tight geographic proximity of the Communities allows for significant economies of scale in terms of staffing and management oversight.

## 24-hour Care

The Communities offer around-the-clock nursing care as well as a 24-hour on-call physician.

## Located in the Capital of California

The Communities are located in the greater Sacramento area. Sacramento is the state capital of California, and a growing urban region.

## Continual Cap-Ex Reinvestments

Eskaton continually reinvests capital into its property, plant, and equipment. Since 2019, the annualized average capital expenditure per bed is over \$1,900 per bed across the portfolio.

## Strong CMS Star Ratings

The communities average a 4.7 CMS star rating, with Green Haven and Manzanita rated 5 overall, and Fair Oaks rated 4.

## Proximity to Healthcare

Each community is located within a 10 mile radius to nearby hospitals and healthcare centers.

# ADDITIONAL FINANCIAL CONSIDERATIONS

This section highlights certain opportunities, programs, charges, and accounting practices that are unique to the Portfolio and its current operating structure. A new operator may find costs discussed herein to be redundant or may have alternative service providers and is urged to apply its own operating cost structure when evaluating the opportunity.

## PPD

**PPD**, or **Per Patient Day**, is calculated by dividing each revenue and expense line item by the number of patient days in that period. Patient days represent the number of patient beds occupied each day in a period.

## COVID Revenues and Expenses

The FY 2020 and 2021 financials were adjusted to remove COVID related revenues and expenses. COVID Revenues represent Provider Relief Funds received by Eskaton Properties, Inc. and allocated to each property. COVID Expenses include health care emergency expenses related to personnel costs, benefits costs, operations, supplies, and equipment.

## Treatment of Management Fees

The financials have been adjusted to assume a 5% management fee on each property. A prospective purchaser should reach their own conclusions regarding management fee assumptions.

## Property Taxes

The Seller is a not-for-profit entity so the Portfolio does not pay market rate property taxes. As such, the Portfolio's records may not properly reflect the real estate taxes a new for-profit purchaser may experience. A prospective purchaser should reach their own conclusions regarding property tax estimates.

# CALIFORNIA SKILLED NURSING REGULATORY OVERVIEW

Skilled nursing facilities in California are licensed by the California Department of Public Health's (CDPH), Certificates and Licenses Division. The Department of Health Care Services (DHCS) administers the state's Medi-Cal reimbursement system. California's Medi-Cal program is a cost-based, facility-specific reimbursement system. Medi-Cal reimburses nursing facilities for improved wages and staffing based on the actual cost of care derived from the facility's cost reports.

## Medi-Cal Rate Calculation System

A nursing facility's per diem reimbursement rate is the sum of its six cost components:

- 1. Labor** – includes direct resident care labor and indirect resident care labor. Direct care labor includes wages associated with routine nursing, social services, activities and other direct care personnel. Indirect care labor includes wages associated with staff supporting the delivery of patient care including housekeeping, laundry/linen, dietary, medical records, in-service education, and plant operations.
- 2. Indirect Care Non-Labor** – includes the non-labor costs related to services supporting the delivery of resident care.
- 3. Administrative** – includes allowable administrative and general expenses of operating the facility, including a facility's allocated expenditures related to allowable home office costs. This component also includes allowable property insurance costs and excludes expenditures associated with caregiver training, facility license fees, and medical records. However, legal and consulting costs for cases not found in favor of facilities are not considered allowable expenses.
- 4. Capital** – based on a fair rental value system (FRVS), which reimburses a facility's property costs. The FRVS is used in lieu of actual cost and/or lease payments on land, buildings, fixed equipment, and major moveable equipment used in providing resident care.
- 5. Direct Pass-Through** – comprised of Medi-Cal's proportional costs for property taxes, facility license fees, liability insurance projected on the prior year's costs, caregiver training, and new state or federal mandates.
- 6. Professional Liability Insurance** – includes professional liability insurance costs.

# CALIFORNIA SKILLED NURSING REGULATORY OVERVIEW

## Quality Assurance Fee (QAF)

California utilizes a QAF to obtain additional reimbursement for, and to support quality improvement efforts in, licensed skilled nursing facilities. The QAF was established under the Medicaid Long-Term Care Reimbursement Act, Assembly Bill 1629 (AB 1629). The DHCS possesses two different QAF rates: (1) a rate for nursing facilities with  $\geq 100,000$  total resident days and (2) a rate for nursing facilities with  $< 100,000$  total resident days. The DHCS calculates the total QAF charge by multiplying the appropriate assessment fee by the total resident days. The QAF was reauthorized by the California Legislature until July 31, 2015. As part of AB 1629, the QAF was extended for five additional years. An Assembly Bill (ABx4 5) adopted under California's 2009 State Budget in July 2009 expanded the QAF calculation to include Medicare revenue. The resulting revenue is not passed through to the Medi-Cal reimbursement rate. The table below details the per diem QAF from 2018-2022:

Rate Year	Less Than 100,000 Bed Days	More Than 100,000 Bed Days
2018-19 (Aug-Jul)	\$15.72	\$14.46
2019-20 (Aug-Jul)	\$15.68	\$14.80
2020 (Aug-Dec)	\$15.68	\$14.80
2021 (Jan-Dec)	\$15.19	\$14.54
2022 (Jan-Dec)	\$16.96	\$16.08

The QAF is paid by each provider on a monthly basis to the DHCS for deposit into the state treasury. For each facility assessed, the QAF is reimbursed for the Medi-Cal portion of its fee (the per diem rate assigned to the facility multiplied by Medi-Cal patient days).

## COVID-19 Adjustment

Due to the Coronavirus disease (COVID-19) outbreak, a Public Health Emergency (PHE) was declared for the United States on January 31, 2020, and a national emergency was declared under the Stafford Act on March 13, 2020. In response to the COVID-19 outbreak, the Department will temporarily provide an additional 10% reimbursement for LTC per diem rates. The Department received federal approval of State Plan Amendment (SPA) 20-0024, effective March 1, 2020, which authorizes temporary additional reimbursement for eligible LTC facilities during the emergency period related to the COVID-19 outbreak. Effective August 1, 2022, the COVID-19 increased amounts will remain unchanged and will be added to the per diem rates that are effective August 1, 2022.

RE: Appraisal of the fee simple interest in Eskaton Care Center Fair Oaks, a 149 bed nursing home as if operated for profit, at 11300 Fair Oaks Blvd. Fair Oaks, CA 95628 hereafter referred to as the "property."

Dear Mr. Cuesta:

As requested, we have estimated the market value of the above "property." The accompanying report summarizes our research, analysis, and conclusions.

Value components of tangible real estate (as if vacant); stabilized operation (stabilized occupancy and in-place staffing/management), personal property (movable furnishings, fixtures, and equipment), are segregated.

**As-Is Market Value Conclusion**

This is the as-is market value of the "property" on July 30, 2013.

**NINETEEN MILLION DOLLARS**

**\$19,000,000**

Tangible Real Estate	\$13,000,000
Going Concern	\$ 5,700,000
Personal Property	<u>\$ 300,000</u>
Total	\$19,000,000

This report and its field data are in our files. The appraisal is in conformance with Title XI of the Financial Institution Reform, Recovery, and Enforcement Act (FIRREA), the Standards of Professional Appraisal Practice of the Appraisal Institute, the Uniform Standards of Professional Appraisal Practice (USPAP), and State Appraisal Certification. It is a complete appraisal in a self-contained format. The Cost Approach is excluded as it does not provide a reliable value indicator.

Value estimates are contingent upon the report definitions, assumptions, limiting conditions, and certification. Readers unfamiliar with elderly care properties must review the addenda **“Elderly Care Industry Market Overview.”**

## RECONCILIATION OF APPLICABLE APPROACHES TO VALUE

The “property” market value, as indicated by the two applicable approaches, is:

Direct Comparison (Market) Approach	\$19,500,000
Income Capitalization Approach	\$19,000,000

### Direct Sales Comparison Approach

The Direct Sales Comparison Approach is most applicable when there is a developed and active sales market, properties are readily interchangeable, and significant adjustments are not necessary. It is least applicable for special purpose properties, inactive markets with few brokers, and when major adjustments are necessary.

Nursing home facilities are quasi-special purpose in character. They are developed for the needs of a specific operator. Although there are similarities between nursing home facilities, the specific modus operandi of a particular owner influences design and operation. Stabilized operation influences value and sales price. Few facilities successfully operated sell. Sales tend to reflect distressed properties or properties operating below expected return for capital investment. Although there are a few brokers specializing in congregate care properties nationwide (Marcus & Millichap), there is not a true active market place.

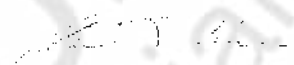

Sales (even distressed) are relatively rare and great distance is necessary for comparable data. The comparables differ not only in location but improvement and operational characteristics. It is necessary to use income and expense data to relate comparables to the “property.”

Use of economic data in comparative analysis weakens the Direct Sales Comparison Approach and makes it dependent on numbers in the Income Capitalization Approach. Due to the significant differences between the subject and comparables, the Sale Comparison provides only a “rough” estimate of value. It is useful primarily to acquaint the reader with sales data background. It is not relied on for the final value.

## CERTIFICATION OF APPRAISER

## RECONCILIATION OF THREE APPROACHES TO VALUE

The “property” market value, as indicated by the three approaches, is:

Cost Approach	Not Applicable
Direct Comparison (Market) Approach	\$17,400,000
Income Capitalization Approach	\$17,100,000

### Cost Approach

The Cost Approach provides a reasonable value indication value if development cost and land value are readily derived, there is no intangible value, and the improvements are new, are of modern design, and are fully utilized. It is least applicable when development cost and land value are difficult to estimate, when there is substantial intangible and/or entitlement value, and when the improvements are subject to significant physical depreciation and/or functional/economic obsolescence. The Cost Approach’s weakness is it does not directly estimate value, it estimates replacement cost less depreciation. Its strength is it categorizes the specific value components of the “property.”

As a quasi-special purpose property built for an owner/operator, development cost are specific to the owner making improvement construction cost and land value more difficult to estimate. There is often enhanced entitlement value with property specific development approval that allows greater unit density on a range of underlying land zoning. Extended absorption from opening to stabilized operation, the importance of successful marketing and high staff hiring/training expense results in substantial intangible going-concern value which is difficult to estimate. The “property” improvements are older. They are outdated and atypical in design. There is minimal net income in the residential care operation. As a quasi-special purpose property that includes entitlement and/or going-concern intangible value, due to these issues, the Cost Approach is not a reliable indicator of value and was not performed. Depreciation is a significant factor.

### Direct Sales Comparison Approach

The Direct Sales Comparison or Market Approach is most applicable when there is a developed and active sales market, properties are readily interchangeable, and significant adjustments are not necessary for comparison. It is least applicable for special purpose properties, inactive markets with few brokers, and when major adjustments are necessary.

Elderly care facilities are quasi-special purpose in character. They are developed for the needs of a specific operator. Although there are commonalities between elderly care facilities, the specific modus operandi of a particular owner influences design. Stabilized operation influences value and sales price. Few facilities successfully operated sell. Sales tend to reflect distressed properties or properties operating below expected return for capital investment. The few successfully operated facility sales tend to be sale lease backs (often with option to re-purchase), not true sales in which the transaction is a financing vehicle or the investors and buying into the larger operating entity and not the property sold. Although there are a few brokers specializing in elderly care properties (Marcus & Millichap, nationwide) there is not a true active market place.

Sales (even distressed) are relatively rare and great distance is necessary for comparable data. The comparables differ not only in location but improvement and operational characteristics. It is necessary to use income and expense data to relate comparables to the "property." This weakens the Direct Sales Comparison Approach and makes it dependent on numbers in the Income Capitalization Approach. It provides only a "rough" estimate of value. It is useful primarily to acquaint the reader with sales data background. It is not relied on for the final value.

#### **Income Capitalization Approach**

Elderly care properties sell based on income producing capability. Net income determines price between buyers and sellers. It is the approach used to value this property type.

There is adequate market data to estimate the "property" effective gross income, vacancy and expenses. Net income is converted into value by a direct capitalization rate using sales data and industry norms. The Income Capitalization Approach provides the best indication of value. Its value conclusion is relied upon.

With primary emphasis on the Income Capitalization Approach, the concluded value of the "property" with stabilized operation as-if operated for-profit as of July 29, 2013, is:

**SEVENTEEN MILLION ONE HUNDRED THOUSAND DOLLARS**

**\$17,100,000**

RE: Appraisal of the fee simple interest in Eskaton Care Center Manzanita, a 99-licensed bed nursing home as if operated for profit at, 5318 Manzanita Ave., Carmichael, CA 95608 hereafter referred to as the "property."

Dear Mr. Cuesta:

Per your engagement letter/contract in the Addenda, we estimated market values of the above "property" and this report summarizes our research, analysis, and conclusions.

Tangible real estate (as if vacant); personal property (movable furnishings, fixtures, and equipment); and intangible stabilized operation values are segregated after reconciled total market value is concluded.

**As-Is Market Value Conclusion**

This is the as-is market value of the "property" on July 30, 2013 as-if operated for-profit.

**SEVEN MILLION FIVE HUNDRED THOUSAND DOLLARS**

**\$7,500,000**

As-Is Value Allocation		
Tangible Real Estate	\$ 5,050,000	67.3%
Stabilized Operation	\$ 2,250,000	30%
Personal Property	\$ 200,000	2.7%
<b>Total</b>	<b>\$ 7,500,000</b>	<b>100%</b>

This report and its field data are in our files. It conforms to Title XI of the Financial Institution Reform, Recovery, and Enforcement Act (FIRREA), requirements of the Appraisal Institute, Uniform Standards of Professional Appraisal Practice (USPAP), and State Appraisal Certification with a copy and support data retained in our files. It is a complete appraisal in a summary format. The Cost Approach is excluded as an unreliable value indicator.

Value estimates and the segregation of reconciled total value are contingent on report definitions, assumptions, limiting conditions, and certification. An extraordinary assumption and hypothetical condition are on page 6. Readers unfamiliar with elderly care properties must review the addenda "**Elderly Care Industry Market Overview.**"

## RECONCILIATION OF THREE APPROACHES TO VALUE

The "property" market value, as indicated by the three approaches, is:

Cost Approach	Not Applicable
Direct Comparison (Market) Approach	\$7,450,000
Income Capitalization Approach	\$7,500,000

The Cost Approach is most effective when improvements are new or nearly new and fully utilized for their designed intent without substantial going-concern or stabilized operation value. The appraised facility represents a middle-aged project that includes functional and/or economic obsolescence as well as physical depreciation.

The Cost Approach is not readily sensitive to market forces which determine supply and demand factors. While replacement cost new will determine what it will cost to build, it does not provide an indication as to worth. Due to its weaknesses, the Cost Approach is not used.

The Direct Sales Comparison Approach reflects price paid for a property. It is subject to demand and supply factors that determine value. It has weaknesses, however, due to the many adjustments necessary in relating the comparable sales to the subject property. These adjustments include locational, physical, and income characteristic differences. Due to the many adjustments necessary, the Direct Sales Comparison Approach provides only a rough estimate of value.

The Income Capitalization Approach values property based on its future income potential. It reflects current economic conditions in the market place and is the method most commonly utilized by informed buyers and sellers to determine price paid. This approach relied upon a rental survey that included facilities of similar operational and locational characteristics. Projected expenses were based upon expense comparables, industry averages, and historical subject data. The net income that resulted was capitalized into value based on a direct capitalization rate that was tethered to industry expectations. This approach, therefore, is influenced by market factors and is the method by which skilled care nursing properties are typically sold and purchased.

Giving primary emphasis to the Income Capitalization Approach to value the nursing home operations, the market value of the fee simple interest in the appraised property as of July 30, 2013 is:

**SEVEN MILLION FIVE HUNDRED THOUSAND DOLLARS**

**\$7,500,000**

# BYLAWS OF ESKATON

## ARTICLE I

### NAME AND PURPOSE

The name of the Corporation and the purpose for which the Corporation is organized and is being operated are set forth in its Articles of Incorporation.

## ARTICLE II

### OFFICES

#### SECTION 1. Offices.

The principal office for the transaction of the business of the Corporation shall be in the County of Sacramento, State of California. The Corporation may also maintain such other office or offices, either within or without the State of California as the Board of Directors may from time to time establish. The Board of Directors may change the location of the principal office of the Corporation.

## ARTICLE III

### MEMBERSHIP

#### SECTION 1. Classes of Membership.

The Corporation shall have one class of Members only, designated as "Corporate Members", and the voting and other rights, interests and privileges of each Member shall be equal.

#### SECTION 2. Qualifications of Corporate Members.

The Corporate Membership shall consist of not less than thirty (30) nor more than two hundred and fifty (250) Members, approximately one-third (1/3) being elected each year for three-year terms by a majority vote of the existing Members. Members shall be selected from persons qualified by reason of their ability, experience and interests in the mission and activities of the Corporation. No more than twenty percent (20%) of the total number of incumbent Members shall be current employees of the Corporation. Initial Members of the Corporation shall be appointed to membership,

for their respective terms, by the Board of Directors of the Corporation as soon as is practicable following adoption of these Bylaws.

### SECTION 3. Evidence and Alienability of Membership.

No membership of any class in this Corporation shall be transferable by operation of law or otherwise, and a membership shall terminate upon the resignation, death or incompetency of the Member, or by vote of the majority of the Members of this Corporation. Provided, however, the membership of a Member shall not be terminated by the vote of the majority of the Members unless said Member shall first be given (1) not less than fifteen (15) days written notice of termination of membership and the reasons therefore; and (2) an opportunity to be heard orally or in writing not less than five (5) days before the effective date of termination by a majority of the Members. No membership certificates shall be required to be issued to any Member, but the Board of Directors may, in its discretion, approve and issue to Members such evidence of membership as the Board of Directors may deem appropriate.

### SECTION 4. Property Rights.

No dividends shall be declared or paid to any Member of the Corporation, it being expressly understood that the Corporation is not formed for profit and does not contemplate pecuniary gain, profit or dividends for the Members thereof and is a Corporation organized and operated exclusively for charitable purposes, no part of the net earnings of which shall inure to the benefit of any private individual or Member. Upon the dissolution of the Corporation, all of its business, properties and assets shall go and be set over to and be used for the objects and purposes set forth in the Articles of Incorporation.

### SECTION 5. Dues and Assessments.

There shall be no membership fees, dues or assessments of Members.

### SECTION 6. Place of Meetings.

All meetings of the Corporate Members shall be held at the principal office of the Corporation or at such other place within the State of California as may be designated for that purpose from time to time by the President or by the Board of Directors.

### SECTION 7. Annual Meeting.

The Annual Meeting of the Corporate Membership shall be held during the month of May each year. Notice of the Annual Meeting shall state the place, date and

time of the Meeting and those matters which the Board of Directors, at the time of the mailing of the notice, intends to present for action by the Members, but any proper matter may be presented at the Meeting for such action.

SECTION 8. Special Meetings.

Special meetings of Members may be called by the President or Chair of the Board or by a majority of the Board of Directors, or by written request of five percent (5%) or more of the Members. No business shall be transacted at a special meeting other than as stated in the purposes set forth in the notice of such special meeting.

SECTION 9. Notice of Annual and Special Meetings.

Each notice of a special meeting shall be in writing and shall state the time, place and purpose of the meeting. Notice of annual and special meetings shall be mailed to each Member, pursuant to law, at such Member's address appearing on the records of the Corporation at least ten (10) and not more than ninety (90) days prior to the time of holding such meeting. Notice of annual and special meetings may also be given by electronic transmission in accordance with California Corporations Code Section 20 and 5511(b). Notice of any meeting at which Directors are to be elected shall include the names of all those who are nominees at the time the notice is sent.

SECTION 10. Validation of Transactions.

The transactions of the Corporate Members at any meeting, however called or noticed, shall be as valid as though duly held after regular call and notice if a quorum be present, and if, either before or after the meeting, each Corporate Member not present signs a written waiver of notice or a consent to the holding of such meeting or an approval of the minutes thereof. All such waivers, consents or approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

SECTION 11. Action by Consent of Corporate Members.

Any action which under any provision of law may be taken at a meeting of the Corporate Members may be taken without a meeting if the written ballot of every Member is solicited, if the number of votes cast by ballot within the time period specified equals or exceeds the quorum required to be present at a meeting authorizing the action, and if the number of approvals equals or exceeds the number of votes that would be required to approve at a meeting at which the total number of votes cast was the same as the number of votes cast by ballot.

The written ballot shall afford an opportunity to specify a choice among approval, disapproval and abstention of each matter or group of related matters. The

written ballot shall indicate the number of responses needed to meet the quorum requirements, and with respect to ballots other than for the election of Directors, shall state the percentage of approvals necessary to pass the measure submitted. Additionally, the written ballot shall specify the time by which the ballot must be received in order to be counted.

#### SECTION 12. Quorum.

A quorum for the transaction of business at any meeting shall be twenty-five (25) of the Corporate Members. Every act or decision of a majority of the Corporate Members present at a meeting at which a quorum is present, made or done when duly assembled, shall be valid as the act of the Corporate Members. The Corporate Members present at a duly called and held meeting at which a quorum is present may continue to do business until adjournment, notwithstanding the withdrawal of enough Corporate Members to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the Members required to constitute a quorum.

In the absence of a quorum, any meeting of the Corporate Members may be adjourned from time to time by a vote of the majority of the Corporate Members who are present, but no other business may be transacted. When a meeting is adjourned to another time and place, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the Members may transact any business which might have been transacted at the original meeting. If the adjournment is for more than forty-five (45) days, or if after adjournment a new record date is set for the adjourned meeting, a notice of the adjourned meeting shall be given to every Member.

#### SECTION 13. Presiding Officer.

The Chair of the Board, Vice Chair, or President, in that order of precedence, if a Corporate Member, shall preside at the meetings of the Corporate Members, and if no such Officer is present, a presiding Officer shall be elected by the Corporate Members present.

#### SECTION 14. Voting Rights of Corporate Members.

Each Corporate Member shall be entitled to one vote on all matters before the Membership.

SECTION 15. Manner of Voting.

Proxy voting shall be permitted, and procedures contained in Section 11 of Article III of these Bylaws ("Action by Consent of Corporate Members") shall be utilized in the solicitation and administration of written proxy ballots. The membership, for the purpose of voting, shall consist of the Members of the Corporation as disclosed by the books of the Corporation immediately prior to the taking of such vote.

SECTION 16. Duties of Members.

In addition to any other duties and responsibilities which may be imposed by law, or by these Bylaws upon them, Members of the Corporation shall have and perform the following specific responsibilities and duties:

- a. Receive and review annual reports of corporate operations;
- b. Review, not less than annually, the goals of the Corporation;
- c. Elect new Members of the Corporation, as necessary, for the welfare of the Corporation, and elect members of the Board of Directors;
- d. Serve on special committees which may be from time to time established by the membership, by the Board of Directors, or by the President.

ARTICLE IV

BOARD OF DIRECTORS

SECTION 1. Responsibility.

Except as otherwise provided by the Articles of Incorporation or by the Bylaws, governance of the affairs of this Corporation shall be vested in a Board of Directors, hereinafter sometimes referred to as the Board.

SECTION 2. Number.

There shall be no less than seven (7), nor more than fifteen (15) voting members of the Board with the exact number fixed by the Board.

SECTION 3. Qualifications and Election.

The President shall be an ex officio Member of the Board with the power to vote. The ex officio Director shall serve by reason of official capacity, and the resignation or removal of such person from the office of President shall automatically terminate such person's membership on the Board. The remainder of the Board shall be Directors-at-large, appointed by the Members. Directors shall be selected for their willingness and ability to participate effectively in fulfilling the Board's responsibilities.

SECTION 4. Nominations.

Candidates for election as Directors-at-large shall be nominated by the Development Committee of this Corporation.

SECTION 5. Term.

Except as otherwise provided herein, a Director-at-large shall hold office for a term of three (3) years or until his or her successor has been elected or appointed. Directors-at-large may be re-elected to membership on the Board except that no such Director shall serve more than three (3) consecutive full terms of office unless such Director has been chosen to act as Chair or Vice Chair, at which time such Director may serve for two (2) additional years for each position of Vice Chair, Chair and past Chair, or a maximum of six (6) additional years from the date of the initial election to one of the "Chair" positions. A one (1) year absence from the Board must occur before such Director is again eligible for election to the Board.

SECTION 6. Staggered Terms.

Directors' terms of office shall be established in such a manner that approximately one-third (1/3) of such Directors' terms expire each year. In the event of a change in the number of Directors, the staggering of terms shall be preserved.

SECTION 7. Vacancies. A vacancy on the Board of Directors, whether by death, removal or resignation, shall be filled by the remaining Members of the Board, even though less than a quorum. A Director appointed to fill a vacancy shall be appointed for the unexpired term of his or her predecessor in office.

## ARTICLE V

### MEETINGS OF THE DIRECTORS

#### SECTION 1. Place of Meetings.

All meetings of the Board shall be held at the office of the Corporation or at such other place as may be designated for that purpose from time to time by the President of the Corporation.

#### SECTION 2. Organization Meetings.

As soon as reasonably practical, and within thirty (30) days after the annual election of Directors, the Directors shall meet for the purpose of organizing the Board, the election of Officers and the transaction of such other business as may come before the meeting. Notice of the date, time and place of any such organization meeting may be given at the meeting at which the election for new Director(s) was held.

#### SECTION 3. Regular Meetings.

Regular meetings of the Board shall be held at least quarterly. Failure of a Member of the Board to attend fifty percent (50%) of all regular meetings shall be cause for removal.

#### SECTION 4. Special Meetings.

Special meetings of the Board for any purpose(s) may be called at any time by the President, and upon the written request of one-third (1/3) of the Board of Directors, called by the President or, upon his failure to promptly do so, by the Chair or the Vice Chair of the Corporation.

#### SECTION 5. Notice of Regular and Special Meetings.

Regular and special meetings may be held on four days' notice by first class mail, postage prepaid, or on forty-eight (48) hours' notice delivered personally or by telephone, including a voice messaging system or other system or technology designed to record and communicate messages, facsimile, electronic mail or other electronic means.

#### SECTION 6. Validation of Meeting.

The transactions of the Board at any meeting, however called or noticed, or wherever held, shall be as valid as though had at a meeting held after call and notice

if a quorum be present and if, either before or after the meeting, each Director not present signs a written waiver of notice or a consent to the holding of such meeting, an approval of the minutes thereof, or who attends the meeting without protesting the lack of notice to that Director either before or at the commencement of the meeting. All such waivers, consents or approvals shall be filed with the corporate records and made a part of the minutes of the meeting.

#### SECTION 7. Quorum.

A majority of the authorized Directors shall constitute a quorum. Every act or decision of a majority of the Directors present at a meeting at which a quorum is present, made or done when duly assembled, shall be valid as the act of the Board.

A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of Directors, if any action taken is approved by at least a majority of the required quorum for such meeting, or such greater number as is required by the law, the Articles of Incorporation of the Corporation, or the Bylaws.

In the absence of a quorum, a majority of the Directors present may adjourn any meeting to another time and place. If the meeting is adjourned for more than twenty-four (24) hours, notice of any adjournment to another time and place shall be given prior to the time of the adjourned meeting to the Directors who were not present at the time of adjournment.

#### SECTION 8. Use of Telecommunication.

Directors may participate in a meeting through use of conference telephone, electronic video screen communication or electronic transmission by and to the Corporation, so long as all Members participating in such meeting can hear one another. Such participation constitutes presence in person at such meeting if both of the following apply:

- a. Each Member participating in the meeting can communicate with all the other Members concurrently.
- b. Each Member is provided the means of participating in all matters before the Board, including without limitation, the capacity to propose or to interpose, an objection to a specific action to be taken by the Corporation.

#### SECTION 9. Action Without Meeting.

Any action required or permitted to be taken by the Board under any provision of law, the Articles of Incorporation, or these Bylaws may be taken without a

meeting if all Members of the Board shall individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the Board. Such action by written consent shall have the same force and effect as a unanimous vote of such Directors. Any certificate or other document filed on behalf of this Corporation relating to an action taken by the Board without a meeting shall state that the action was taken by a unanimous written consent of the Board of Directors without a meeting, and that the Bylaws of the Corporation authorize its Directors to so act.

## ARTICLE VI

### OFFICERS

#### SECTION 1. Officers.

The Officers of this Corporation shall consist of a President, a Secretary, and a Chief Financial Officer, and may include an Assistant Secretary.

#### SECTION 2. Election of Officers.

The Officers of the Corporation shall be elected annually by the Board of Directors and each shall hold his or her office until he or she shall resign, shall be removed, shall otherwise become disqualified to serve, or his or her successor shall be elected and qualified.

#### SECTION 3. Removal of Officers.

Any Officer may be removed from his or her office, either with or without cause by a majority of the Directors then in office at any regular or special meeting of the Board. Should a vacancy occur in an office as a result of death, resignation, removal, disqualification or any other cause, the Board of Directors may delegate the powers and duties of such office to any other Officer or to any Director until such time as a successor for said office has been elected and qualified.

#### SECTION 4. President.

Subject to such supervisory powers, if any, as may be given by the Board of Directors to the Chair or the Vice Chair of the Board, the President shall be the Chief Executive Officer of the Corporation and shall, subject to the control of the Board of Directors, have general supervision, direction, and control of the business and Officers

of the Corporation. The President shall act as the representative of the Corporation to the public, as well as to governmental or voluntary organizations, make policy proposals to the Board of Directors, and have responsibilities for long range planning. In the absence of the Chair and the Vice Chair of the Board, he or she shall preside at all meetings of the Board of Directors. The President shall act as the duly authorized representative of the Board of Directors in all matters in which the Board of Directors has not formally designated some other person to so act. He or she should be ex officio and shall have the general powers and duties of management usually vested in the office of the president of a Corporation and shall have such other powers and duties as may be prescribed by the Board of Directors or these Bylaws. In the absence or disability of the Chair and the Vice Chair of the Board, the President shall perform all of the duties of the Chair of the Board, except as otherwise provided in these Bylaws, and when so acting shall have all of the powers and be subject to all of the restrictions upon the Chair of the Board.

SECTION 5.            Secretary.

The Secretary shall keep or cause to be kept a book of minutes at the principal office or at such other place as the Board of Directors may order of all meetings of the Directors and of the Corporate Member, with the time and place of holding, whether regular or special, and if special how authorized, the notice thereof given, and the names of those present at Directors' meetings. The Secretary shall give or cause to be given notice of all the meetings of the Corporate Member and of the Board of Directors required by these Bylaws or by law to be given and have such other powers and perform such other duties as may be prescribed by the Board of Directors or these Bylaws. The Secretary shall not serve concurrently as the President or Chair of the Board.

SECTION 6.            Assistant Secretary.

The Assistant Secretary, should there be any, shall, in the absence or disability of the Secretary perform the duties and exercise the powers of the Secretary and shall perform such other duties as the Board of Directors shall prescribe.

SECTION 7.            Chief Financial Officer.

The Chief Financial Officer shall keep and maintain or cause to be kept and maintained adequate and correct accounts of the properties and business transactions of the Corporation, including accounts of its assets, liabilities, receipts, disbursements, gains and losses. The books of account shall at all times be open to inspection by any Director. The Chief Financial Officer shall deposit all moneys and other valuables in the name and to the credit of the Corporation in such depositories as may be designated by the Directors. He or she shall disburse the funds of the

Corporation as shall be ordered by the Board of Directors, shall render to the President and the Directors, whenever they shall request it, an account of all of his or her transactions as Chief Financial Officer and of the financial condition of the Corporation, shall take proper vouchers for all disbursements of the funds of the Corporation, and shall have such other powers and perform such other duties as may be prescribed by the Board of Directors or these Bylaws. The Chief Financial Officer shall not serve concurrently as the President or Chair of the Board.

## ARTICLE VIII

### LIABILITIES AND INDEMNITY

#### SECTION 1. Agents, Proceedings, and Expenses.

For the purposes of this Article, "agent" means any person who is or was a Director, Officer, employee, or other agent of this Corporation, or is or was serving at the request of this Corporation as a Director, Officer, employee, or agent of another foreign or domestic Corporation, partnership, joint venture, trust or other enterprise, or was a Director, Officer, employee, or agent of a foreign or domestic Corporation which was a predecessor Corporation of this Corporation or of another enterprise at the request of such predecessor Corporation; "proceeding" means any threatened, pending or completed action or proceeding, whether civil, criminal, administrative, or investigative; and "expenses" includes, without limitation, attorneys' fees and any expenses of establishing a right to indemnification under Section 4 or 5(c) of this Article.

#### SECTION 2. Actions Other than by the Corporation.

This Corporation shall have the power to indemnify any person who was or is a party, or is threatened to be made a party to any proceeding (other than an action by or in the right of this Corporation) by reason of the fact that such person is or was an agent of this Corporation, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in connection with such proceeding if that person acted in good faith and in a manner that person reasonably believed to be in the best interests of this Corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of that person was unlawful. The termination of any proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did

not act in good faith and in a manner which the person reasonably believed to be in the best interests of this Corporation or that the person had reasonable cause to believe that the person's conduct was unlawful.

### SECTION 3. Actions By The Corporation.

This Corporation shall have the power to indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action by or in the right of this Corporation to procure a judgment in its favor by reason of the fact that that person is or was an agent of this Corporation against expenses actually and reasonably incurred by that person in connection with the defense or settlement of that action if that person acted in good faith, in a manner that person believed to be in the best interests of this Corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. No indemnification shall be made under this Section 3:

- a. in respect of any claim, issue or matter as to which that person shall have been adjudged to be liable to this Corporation in the performance of that person's duty to this Corporation, unless and only to the extent that the court in which that action was brought shall determine upon application that, in view of all the circumstances of the case, that person is fairly and reasonably entitled to indemnity for the expenses which the court shall determine;
- b. of amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval or;
- c. of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval.

### SECTION 4. Successful Defense by Agent.

To the extent that an agent of this Corporation has been successful on the merits in defense of any proceeding referred to in Sections 2 or 3 of this Article, or in defense of any claim, issue, or matter therein, the agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith.

#### SECTION 5. Required Approval.

Except as provided in Section 4 of this Article, any indemnification under this Article shall be made by this Corporation only if authorized in the specific case on a determination that indemnification of the agent is proper in the circumstances because agent has met the applicable standard of conduct set forth in Sections 2 or 3 of this Article, by:

- a. a majority of a quorum consisting of Directors who are not parties to the proceeding;
- b. approval by the affirmative vote of a majority of the members of this Corporation entitled to vote represented at a duly held meeting at which a quorum is present or by the written consent of holders of a majority of the outstanding members entitled to vote; or
- c. the court in which the proceeding is or was pending, on application made by this Corporation or the agent or the attorney or other person rendering services in connection with the defense, whether or not such application by the agent, attorney, or other person is opposed by this Corporation.

#### SECTION 6. Advance of Expenses.

Expenses incurred in defending any proceeding may be advanced by this Corporation before the final disposition of the proceeding on receipt of an undertaking by or on behalf of the agent to repay the amount of the advance unless it shall be determined ultimately that the agent is entitled to be indemnified as authorized in this Article.

#### SECTION 7. Other Contractual Rights.

Nothing contained in this Article shall affect any right to indemnification to which persons other than Directors and Officers of this Corporation or any subsidiary hereof may be entitled by contract or otherwise.

#### SECTION 8. Limitations.

No indemnification or advance shall be made under this Article, except as provided in Sections 4 or 5(c), in any circumstance where it appears:

- a. that it would be inconsistent with a provision of the articles, a resolution of the Members, or an agreement in effect at the time of the accrual of the alleged cause of action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or
- b. that it would be inconsistent with any condition expressly imposed by a court in approving a settlement.

#### SECTION 9. Insurance.

Upon and in the event of a determination by the Board of Directors of this Corporation to purchase such insurance, this Corporation shall purchase and maintain insurance on behalf of any agent of the Corporation against any liability asserted against or incurred by the agent in such capacity or arising out of the agent's status as such whether or not this Corporation would have the power to indemnify the agent against that liability under the provisions of this Article.

#### SECTION 10. Fiduciaries of Corporate Employee Benefit Plan.

This Article does not apply to any proceeding against any trustee, investment manager, or other fiduciary of an employee benefit plan in that person's capacity as such, even though that person may also be an agent of the Corporation as defined in Section 1 of this Article. Nothing contained in this Article shall limit any right to indemnification to which such a trustee, investment manager, or other fiduciary may be entitled by contract or otherwise, which shall be enforceable to the extent permitted by applicable law.

#### SECTION 11. Liabilities.

Directors and Officers shall not be personally liable for the debts, liabilities, or other obligations of the Corporation.

## ARTICLE IX

### GENERAL PROVISIONS

#### SECTION 1. Voting Shares.

The Corporation may vote any and all shares held by it in other Corporations by such Officer, agent or proxy as the Board of Directors may appoint, or in default of any such appointment, by the President or the Chief Financial Officer and, in such case, such Officers, or any of them, may likewise appoint a proxy to vote said shares.

#### SECTION 2. Checks and Instruments.

All checks, drafts or other orders for payment of money, notes or other evidences of indebtedness issued in the name of or payable to the Corporation and any and all securities owned or held by the Corporation requiring signature for transfer shall be signed or endorsed by such person or persons and in such manner as from time to time shall be determined by the Board of Directors.

#### SECTION 3. Execution of Contracts.

The Board of Directors, except as otherwise provided in these Bylaws, may authorize any Officer or Officers, agent or agents, to enter into any contract or execute any instrument in the name of and on behalf of the Corporation, and such authority may be general or confined to specific instances and unless so authorized by the Board of Directors no Officer, agent, or employee shall have any power or authority to bind the Corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or in any amount.

#### SECTION 4. Annual Statements.

The Board of Directors shall cause an annual statement of transactions with interested persons and of indemnifications to be transmitted to the Members of this Corporation no later than one hundred fifty (150) days after the close of the fiscal year. Such annual statement shall be prepared in conformity with the requirements of the California Corporations Code.

#### SECTION 5. Annual Report.

The Board of Directors shall cause an annual report to be transmitted to the Members of this Corporation no later than one hundred fifty (150) days after the

close of the fiscal or calendar year. Such annual report shall be prepared in conformity with the requirements of the California Corporations Code.

#### SECTION 6. Property.

The property of the Corporation is irrevocably dedicated to charitable purposes and upon the liquidation, dissolution or abandonment of the Corporation, after providing for the debts and obligations thereof, the remaining assets will not inure to the benefit of any private person, but will be distributed to a nonprofit fund, foundation or Corporation which is organized and operated exclusively for charitable purposes, and which has established its tax-exempt status under Section 501(c)(3) of the Internal Revenue Code, as designated by its articles of incorporation. Such nonprofit fund, foundation or Corporation shall be ESKATON or an affiliate thereof that qualifies as a distributee pursuant to the provisions of this section.

#### SECTION 7. Discrimination.

In the conduct of its affairs, the Corporation, its Officers and employees, and other persons or entities acting on its behalf, shall not discriminate on the basis of race, color, religion, sex, age, or national origin.

### ARTICLE X

#### AMENDMENT OF BYLAWS

These Bylaws may be amended or repealed and new Bylaws may be adopted by the Members of this Corporation. These Bylaws may also be amended or repealed and new Bylaws may be adopted by the Board of Directors, provided however, that a bylaw fixing the number of Directors, a bylaw creating proxy rights, and a bylaw which materially and adversely affects the rights of the Members of this Corporation as to voting or transfer of memberships may not be amended, repealed or adopted without the approval of the Members of this Corporation.

SECRETARY'S CERTIFICATE

THIS IS TO CERTIFY that the foregoing bylaws of ESKATON have been duly amended and adopted by the Board of Directors of said Corporation at a meeting of said Board held on February 23, 2012.

IN WITNESS WHEREOF, the undersigned, duly elected and acting Secretary of the Corporation, has signed this Certificate this 23<sup>rd</sup> day of February , 2012.

Betsy Donovan, Secretary

**SECTION 999.5(d)(4)(B)**

- (B) Applicant's plan for use of the net proceeds after the close of the proposed transaction together with a statement explaining how the proposed plan is as consistent as possible with existing charitable purposes and complies with all applicable charitable trusts that govern use of applicant's assets. The plan must include any proposed amendments to the articles of incorporation or bylaws of the applicant or any entity related to the applicant that will control any of the proceeds from the proposed transfer.**

Eskaton will reinvest the proceeds of the sale in expansion of services for seniors consistent with its mission. While no specific plans have been made it is expected Eskaton will focus on improvement of existing facilities as well as potential affiliation, construction, expansion, or acquisition within Eskaton's existing scope of services (i.e., CCRC, RCFE, independent living, affordable housing, or home and community-based services) for older adults. Other options complementary to those services may be considered as well. No amendments to the articles of incorporation or bylaws are expected. The proceeds will be controlled by Eskaton Properties, Inc., which is the present owner of the facilities being sold.

**SECTION 999.5(d)(5)**

**IMPACTS ON HEALTH CARE SERVICES**

**(d)(5)(A)**

- (A) A copy of the two most recent “community needs assessments” prepared by applicant for any health facility or facility that provides similar health care services that is the subject of the agreement or transaction.**

Eskaton offers home care services and operates a single continuing care retirement community (“CCRC”) under the regulatory jurisdiction of the California Department of Social Services, the California Department of Public Health, the California Department of Health Care Services, and the United States Department of Health and Human Services. As a result, Eskaton is currently governed by the Continuing Care Contract Statutes, the statutes and regulations applicable to RCFEs, SNFs, home care service providers, and the Medicare and Medi-Cal laws. None of these laws require a CCRC, RCFE, or SNF to complete a community needs assessment and Eskaton has not done so.

## SECTION 999.5(d)(5)(B)

- (B) A description of all charity care provided in the last five years by each health facility or facility that provides similar health care services that is the subject of the agreement or transaction. This description shall include annual total charity care spending; inpatient, outpatient and emergency room charity care spending; a description of how the amount of charity care spending was calculated; annual charity care inpatient discharges, outpatient visits, and emergency visits; a description of the types of charity care services provided annually; and a description of the policies, procedures, and eligibility requirements for the provision of charity care.**

Eskaton Fair Oaks, Greenhaven, and Manzanita are not hospitals. Therefore, any questions regarding inpatient, outpatient, and emergency room charitable care are not applicable.

Eskaton does not provide charity care or subsidies to the residents at Fair Oaks, Greenhaven or Manzanita. If for any reason Eskaton is unable to collect the revenue associated with the provision of services or the care provided, those services are considered uncollectable and written off as bad debt. However, bad debt is not considered charity care.

## SECTION 999.5(d)(5)(C)

- (C) **A description of all services provided by each health facility or facility that provides similar health care services that is the subject of the agreement or transaction in the past five years to Medi-Cal patients, county indigent patients, and any other class of patients. This description shall include but not be limited to the type and volume of services provided, the payors for the services provided, the demographic characteristics of and zip code data for the patients served by the health facility or facility that provides similar health care services, and the costs and revenues for the services provided.**

The three facilities being sold all provide skilled nursing services as described in the Health and Safety Code.

Notes:

- For the purposes of this voluntary supplemental schedule, the following definitions apply:
  - Capital Addition - land, buildings, building equipment and major moveable equipment that have an estimated useful life at the time of the acquisition of at least two years, a historical cost of at least \$5,000 per item, and is not considered a replacement of a previously acquired asset.
  - Capital Improvement - betterment of land, buildings, building equipment, major moveable equipment or leasehold property that either extends the useful life of at least two years beyond the original useful life of such asset or significantly increases the productivity of such asset, a cost of at least \$5,000 per item and is not considered a replacement of a previously acquired asset.
  - Capital Replacement - land, buildings, building equipment, major moveable equipment and leasehold improvements that would be classified as a capital addition or improvement under the above definitions, except that such asset is considered a replacement of a previously acquired asset. A replacement is an asset that fills the place, position or purpose once filled by an asset that has been lost, destroyed, discarded or is no longer feasible or adequate.
- Refer to CMS Publication 15-1, Sections 104-117 for additional information on useful life standards.
- Refer to CMS Publication 15-1, Section 132 for additional information.
- Refer to CMS Publication 15-1, Section 138 for additional information on the manner of disposition.

605.00	Number of employees at beginning of period	154	111
610.00	Number of employees at end of period	141	99
615.00	Average number of employees (See instructions)	148	105
620.00	Total number of people employed during the period ***	<b>192</b>	<b>134</b>
625.00	Turnover percentage [(line 620 / line 615) X 100] - 100	29.73	27.62
630.00	Number of employees with continuous service for entire reporting period	124	88

\* Include all employees (RN's, LVN's, Nurse Assistants, technicians, specialists and others) providing direct nursing care. Do not include supervisors who provide no direct nursing care. Do include supervisors whose duties include some provision of nursing care.

\*\*\* Total number of people employed can not be less than the number of employees at the beginning of the period, less the number of employees with continuous service for the entire period, plus the number of employees at the end of the period (line 605 - line 630 + line 610). This calculation is the MINIMUM possible number of people employed during the period. It does not include employees who were hired after the period began and left or were discharged before the period ended. Therefore, in most cases, line 620 should be greater than this calculation.

\* Include all employees (RNs, LVNs, Nurse Assistants, technicians, specialists and others) providing direct nursing care.  
Do not include supervisors who provide no direct nursing care.  
Do include supervisors whose duties include some provision of nursing care.

\*\* Total number of people employed can not be less than the number of employees at the beginning of the period, less the number of employees with continuous service for the entire period, plus the number of employees at the end of the period (line 605 - line 630 + line 610).  
This calculation is the MINIMUM possible number of people employed during the period. It does not include employees who were hired after the period began and left or were discharged before the period ended.  
Therefore, in most cases, line 620 should be greater than this calculation.

Notes:

- For the purposes of this voluntary supplemental schedule, the following definitions apply:
  - Capital Addition - land, buildings, building equipment and major moveable equipment that have an estimated useful life at the time of the acquisition of at least two years, a historical cost of at least \$5,000 per item, and is not considered a replacement of a previously acquired asset.
  - Capital Improvement - betterment of land, buildings, building equipment, major moveable equipment or leasehold property that either extends the useful life of at least two years beyond the original useful life of such asset or significantly increases the productivity of such asset, a cost of at least \$5,000 per item and is not considered a replacement of a previously acquired asset.
  - Capital Replacement - land, buildings, building equipment, major moveable equipment and leasehold improvements that would be classified as a capital addition or improvement under the above definitions, except that such asset is considered a replacement of a previously acquired asset. A replacement is an asset that fills the place, position or purpose once filled by an asset that has been lost, destroyed, discarded or is no longer usable or adequate.
- Refer to CMS Publication 15-1, Sections 104-117 for additional information on useful life standards.
- Refer to CMS Publication 15-1, Section 132 for additional information.
- Refer to CMS Publication 15-1, Section 108 for additional information on the manner of disposition.

\* Include all employees (RN's, LVN's, Nurse Assistants, technicians, specialists and others) providing direct nursing care. Do not include supervisors who provide no direct nursing care. Do include supervisors whose duties include some provision of nursing care.

\*\* Total number of people employed can not be less than the number of employees at the beginning of the period, less the number of employees with continuous service for the entire period, plus the number of employees at the end of the period (line 605 - line 630 + line 610). This calculation is the MINIMUM possible number of people employed during the period. It does not include employees who were hired after the period began and left or were discharged before the period ended. Therefore, in most cases, line 620 should be greater than this calculation.

\* Include all employees (RNs, LVNs, Nurse Assistants, technicians, specialists and others) providing direct nursing care. Do not include supervisors who provide no direct nursing care. Do include supervisors whose duties include some provision of nursing care.

\*\* Total number of people employed can not be less than the number of employees at the beginning of the period, less the number of employees with continuous service for the entire period, plus the number of employees at the end of the period (line 605 - line 630 + line 610). This calculation is the MINIMUM possible number of people employed during the period. It does not include employees who were hired after the period began and left or were discharged before the period ended. Therefore, in most cases, line 620 should be greater than this calculation.

605.00	Number of employees at beginning of period	110	71
610.00	Number of employees at end of period	107	72
615.00	Average number of employees (See instructions)	109	72
620.00	Total number of people employed during the period **	187	114
625.00	Turnover percentage [(line 620 / line 615) X 100] - 100	44.04	38.33
630.00	Number of employees with continuous service for entire reporting period	81	50

\* Include all employees (RN's, LVN's, Nurse Assistants, technicians, specialists and others) providing direct nursing care. Do not include supervisors who provide no direct nursing care. Do include supervisors whose duties include some provision of nursing care.

\*\* Total number of people employed can not be less than the number of employees at the beginning of the period, less the number of employees with continuous service for the entire period, plus the number of employees at the end of the period (line 605 - line 630 + line 610). This calculation is the MINIMUM possible number of people employed during the period. It does not include employees who were hired after the period began and left or were discharged before the period ended. Therefore, in most cases, line 620 should be greater than this calculation.

\* Include all employees (RNs, LVNs, Nurse Assistants, technicians, specialists and others) providing direct nursing care. Do not include supervisors who provide no direct nursing care. Do include supervisors whose duties include some provision of nursing care.

\*\* Total number of people employed can not be less than the number of employees at the beginning of the period, less the number of employees with continuous service for the entire period, plus the number of employees at the end of the period (line 605) - line 630 + line 610. This calculation is the MINIMUM possible number of people employed during the period. It does not include employees who were hired after the period began and left or were discharged before the period ended. Therefore, in most cases, line 620 should be greater than this calculation.

A notice published in the Federal Register Volume 68, No. 149 August 4, 2003 provided for an increase in the RUG payments beginning 10/01/2003. Congress expected this increase to be used for direct patient care and related expenses. For lines 101 through 106: Enter in column 1 the amount of the expense for each category. Enter in column 2 the percentage of total expenses for each category to total SNF revenue from Worksheet G-2, Part I, line 1, column 3. Indicate in column 3 "Y" for yes or "N" for no if the spending reflects increases associated with direct patient care and related expenses for each category. (If column 2 is zero, enter N/A in column 3) (See instructions)
