ESKATON  
RESTORATIVE AIDE  
17-94  
ESKATON CARE CENTER GREENHAVEN

DEPARTMENT:           Nursing  
EFFECTIVE DATE:       January 1, 1993  
REVISION DATE:        August 25, 2004

Exempt           \_\_\_\_\_                   Non-exempt             X

I.    JOB SUMMARY

The Restorative Aide provides personal care, nursing assistance and other assigned tasks for residents. The Restorative Aide's responsibilities include direct resident care, assisting in the residents' daily living activities, and providing resident documentation and evaluation. Duties and assignments may be adjusted at the discretion of the supervising nurse or the Director of Nursing based on the evaluation of the resident's needs.

II.   JOB RELATIONSHIPS

Responsible to:           Director of Nursing and/or appropriate nursing supervisor.

Workers supervised:       None

Interrelationships:       All staff within the facility, vendors, residents and visitors.

III.   ESSENTIAL JOB FUNCTIONS:

Direct Resident Care:

- A.    Takes resident's vital signs, documents them appropriately and recognizes abnormalities.
- B.    Promotes independence in resident care as appropriate and demonstrates safety awareness for both resident and self in providing care. Must demonstrate proper transfer and lifting techniques.

- C. Assists with appropriate range of motion or other exercises as directed by nurse or therapist and ambulates residents safely, according to his/her endurance levels.
- D. Assists resident with bed mobility techniques, ambulation techniques and the use of assistive devices.
- E. Assists residents with balance/standing activities.
- F. Assists with the feeding as necessary. Assess for choking and responds appropriately.
- G. Maintains an accurate inventory of medical equipment/devices for residents. Ensure equipment is in good repair and calls for maintenance on broken equipment.
- H. Assists resident in dressing when needed and demonstrates concern for individual privacy while providing resident care.
- I. Applies medical or adaptive devices as ordered by the appropriate supervising nurse.

#### Documentation

- A. Documents progress/decline in ADL/ROM/transfer abilities, completes weekly summaries, communicates progression with therapists/nurses.
- B. Keeps accurate records of time worked. Clocks in and out of facility as required by law and by the rules and regulations of the facility.
- C. Submits required documentation which consistently meets guidelines within the time frames established by the facility.
- D. Follows documentation procedures as required by Title XXII and OBRA rules and regulations. Uses accurate medical terminology.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of residents' needs.

### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

#### IV. WORKER TRAITS

##### Aptitudes:

Possesses the ability to work independently with little or no supervision, to adjust to changing conditions and frequent demands, and to acquire new knowledge to perform additional or more difficult tasks.

##### Temperaments:

Has the ability to maintain a positive, stable disposition in performing work in association with staff residents, and to maintain a high level of performance in an environment of frequent demands and changes.

ESKATON  
CASE MANAGER - LVN  
17  
ESKATON CARE CENTER GREENHAVEN

DEPARTMENT: Case Management/Discharge Planner

EFFECTIVE DATE: September 15, 1993

REVISION DATE: June 1, 2005

Exempt                          X                          Non-exempt                      \_\_\_\_\_

I. JOB SUMMARY

The Case Manager coordinates the care of all patients admitted to the Managed Care unit. The Case Manager oversees all aspects of care from admission through discharge and care is coordinated through a multidisciplinary team. The Case Manager directs team members to deliver care within appropriate time frames and in the most cost effective manner.

II. JOB RELATIONSHIPS

Responsible to: Director of Nursing

Workers Supervised: None

Interrelationships: Patients and families, visitors, payor case managers, MD's, and internal staff and vendors.

III. ESSENTIAL JOB FUNCTIONS

General

A. Ensures the patients' smooth transition through the continuum of care from admission through discharge. Acts as "point person" for the process.

1. Meets with the Patients/Patient's Representative as soon as possible after admission. Admission orders are reviewed for specialized needs and for verification of appropriate level of care assigned by Managed Care payors.
2. Ensures Patient/Caregiver teaching needs are identified, communicated, and carried out by team members.
3. Refers high risk patients to the DON to review.

4. Leads the daily Interdisciplinary Team Meetings in the review of Medicare and Managed Care Patients to ensure that the treatment plan is timely, cost effective, and based on the functional objectives necessary to achieve the discharge plan.
  5. Communicates regularly with Social Services to identify and meet psychosocial needs that may be a barrier to a timely discharge.
  6. Collaborates with payor to negotiate, as needed, additional benefits which are identified by the team or physician as necessary for the achievement of good outcomes and timely discharge.
  7. Documents appropriately and timely on assigned sections of the MDS.
- B. Establishes and maintains communication links with key people internally and externally during patient's admission to ensure timely patient outcomes.
1. Reviews Managed Care charts for doctors' orders and other data which identifies changes in level of care or services which require authorizations or reimbursement review.
  2. Functions as main contact between payor and facility and communicates all relevant information including but not limited to patient progress, barriers to successful outcomes, equipment needs, and discharge planning information.
  3. Acts as the "Point Person" with payors to request authorizations, extensions, and level of care changes, and new services recommended by the team.
  4. Discusses controversial issues relative to managed care contracts and/or patients with the Administrator and Director of Nursing.
  5. Fosters a trusting relationship with physicians and external case managers by communicating relevant information (updates on progress, barriers to successful outcomes, problems, changes in condition and discharge information).
  6. Coordinates in-service training to educate staff about the Managed Care environment.
  7. Acts as a resource to the facility regarding Managed Care issues.
  8. Maintains compliance with the case management system which includes appropriate documentation and communication between various departments.

- C. Monitors costs associated with delivery of care and reports/takes action to reduce unnecessary expenses.
- D. Discharge Planning
  - 1. Ensures that the discharge planning process is initiated 72 hours after admission by completing a Discharge Planning Assessment/Care Plan after collaboration with Patient/Caregiver, the Interdisciplinary Team, MD, and communicates that plan to Managed Care payors as required.
  - 2. Meets with Patient/Caregivers to discuss length of stay, insurance coverage, plan of care, and discharge planning several days after admission.
  - 3. Ensures that Nursing and Therapy have completed their treatment plans, that Patient/Caregiver training has been completed, and that MD orders are current and updated for discharge.
  - 4. Ensures that arrangements for follow up care are made for discharge including: home health referrals (RN,Therapy, etc), equipment needs, and other supportive community services as needed.
- E. May serve as a member of any of the following committees:
  - 1. Eskaton Quality Improvement Process (EQIP)
  - 2. Continuous Quality Improvement (CQI) Process
  - 3. Infection Control
  - 4. Utilization Review
  - 5. Pharmacy
  - 6. Interdisciplinary Team Conference

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

#### Health Insurance Portability and Accountability Act (HIPAA) Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with these policies is a condition of employment with Eskaton.

#### Leadership/Management Skills

- A. Responsible for hiring, orienting, training, coaching, counseling, promoting, evaluating and employment decisions for the department.

- B. Responsible for the supervision and organizational structure within the department. Delegates and follows-up in an appropriate manner to ensure quality, equity, and consistency within the department.
- C. Conducts employee performance appraisals in a timely and thorough manner.
- D. Is accountable for maintaining the department's budget and is fiscally responsible in accordance with those budgets and policies.
- E. Leads by example. Provides appropriate supervision in accordance with Eskaton's prime values and the established mission.
- F. Maintains constructive relationships with managers, peers, and employees.
- G. Attends, participates and facilitates appropriate in-service and other educational or management meetings.
- H. Encourages the implementation of EQIP (Eskaton's Quality Improvement Process).
- I. Demonstrates the ability to complete job objectives in a timely manner.
- J. Demonstrates positive behavior characteristics such as attitude, initiative, cooperation, adaptability, fairness, ingenuity and dependability.
- K. Plans and organizes assignments and work flow in order to achieve maximum effectiveness and efficiency.
- L. Performs other duties and assignments deemed appropriate by the DON and Administrator.

#### Customer Service

- A. Offers assistance to patients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of resident's needs.

### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain-of-command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to patients and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the facility and with other parts of the organization.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined by Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and patients.

### IV. WORKER TRAITS

#### Aptitudes:

Ability to work independently with little or no direct supervision and to adjust to changing conditions and frequent demands. Must have the ability to read, write and follow oral and written directions at a level necessary to accomplish the job; and, must have the ability to follow through with limited supervision.

Must have the ability to relate positively and favorably to residents and families and to work cooperatively with other associates; and, must have **excellent** communication skills with the ability to be assertive without being aggressive.

Temperament:

Ability to maintain a positive, stable disposition in performing work in association with facility staff and patients and to maintain a high level of performance in an environment of frequent demands and changes.

V. QUALIFICATIONS

Education:

A graduate of an accredited school of professional nursing and has a valid California LVN license; current CPR certification.

Training and Experience:

Must have at least two (2) years in a rehab/sub-acute/SNF Medicare Distinct Part setting with case management responsibilities and/or insurance industry and/or health care management experience.

Knowledge, Skills, and Abilities:

Required current knowledge of federal, state and local regulations in the related healthcare field. Must possess excellent patient assessment skills, including the ability to evaluate medical records from the referring facility. Must have demonstrated ability to promote, negotiate, develop, and maintain relationships with consumers.

Must have knowledge of the managed care environment, as well as other payors. Must have the ability to teach (formally and informally) internal staff and external contacts regarding the facility's patient care delivery system.

Must meet all local health regulations and pass post-employment process.

ESKATON  
INFECTION PREVENTIONIST  
JOB LOCATION

DEPARTMENT: NURSING

EFFECTIVE DATE: 9/22/21

REVISION DATE: 09/22/21

Exempt \_\_\_\_\_

Non-exempt \_\_\_\_\_ x

I. JOB SUMMARY

The infection preventionist plans, develops, organizes, implements, evaluates, coordinates, and directs the infection prevention and control program in accordance with current rules, regulations, and guidelines that govern such requirements in the long-term care facility. This position keeps abreast of current CDC, OSHA, CMS, CDPH and local regulations concerning infection prevention and control practices and guidelines. He or she will provide relevant education or training to new and current employees and will lead the antibiotic stewardship program. The infection preventionist has the autonomy to make recommendations and implement facility policies to support infection prevention and control adherence. This is a Full Time position- may be divided between two employees so long as the combined work hours equal 40.

II. JOB RELATIONSHIPS

Responsible to: Director of Nursing

Workers supervised: No direct reporting relationships. Indirectly supervises nursing staff as directed by the Director of Nursing.

Interrelationships: All staff within the facility, vendors, residents and visitors.

II. ESSENTIAL JOB FUNCTIONS

A. Infection Prevention and Control Program Management

1. Infection prevention program

- i. Consult in the development and implementation of the infection prevention program in accordance with current rules, regulations and guidelines that govern such requirements in the long term care facility.
  - ii. Ensures the facility is in compliance with current CDC, OSHA and local regulations concerning infection control practices.
  - iii. Evaluate the effectiveness of the IP program and modify as needed.
  - iv. Provides reports (oral or written) or recommendations to the Executive Director and/or Director of Nursing concerning the infection control program of the facility.
  - v. Prepares and reports on monthly summaries of all residents/personnel infections, corrective actions taken and the results of the corrective action. Provides copies to facility leadership as part of the QA meeting.
  - vi. Actively participate on the IPC committee.
2. Surveillance
- i. Develop an annual surveillance plan based on the population served, services provided, and analysis of surveillance data.
  - ii. Conduct surveillance using epidemiological principles.
  - iii. Evaluate and modify the surveillance plan as necessary.
3. IPC policies and protocols
- i. Consult in the development and assist with the implementation of IPC policies and protocols.
  - ii. Communicate IPC information and data to various committees within the facility and HCP.

## B. Infection Prevention and Control Education

- 1. Develop IPC training
  - i. Assess learning needs and develop training for SNF residents and HCP.
  - ii. Create educational goals, objectives, and strategies using learning principles and available educational tools and technology.
- 2. Conduct training for SNF residents, HCP, engineering staff, housekeeping staff, food service staff, volunteers, and others who enter the SNF on a regular basis.
- 3. Conduct adherence monitoring to:
  - i. Provide feedback to HCP and reinforce training concepts.
  - ii. Evaluate the effectiveness of educational programs and modify as needed
- 4. Ensures isolation precautions are appropriately carried as required/needed according to the residents' medical condition.

## C. Regulatory Requirements

- 1. Consult in the development and implementation of policies and procedures that meet the criteria below:
  - i. Ensure compliance with regulatory and mandatory reporting requirements at the local, state, and federal levels.

- ii. Ensure compliance with COVID-19 and other testing requirements
- iii. Facilitate compliance with regulatory standards among residents and HCP
2. Consult in the modification of policies and procedures as needed to meet the criteria above and/or to incorporate current infection control standards

#### D. Performance Improvement (PI)

1. Use various PI methodologies as a means of enacting change
2. Develop policies and procedures for PI measures
  - i. Consult in the development of policies and procedures that define and investigate PI measures
  - ii. Ensure that resident needs and rights are considered in the development of processes
  - iii. Incorporate IPC process and outcome measures into the Quality Assurance and Performance Improvement (QAPI) program.
  - iv. Modify policies and procedures for PI measures as needed
3. Participate in PI committees, teams, and initiatives as needed

#### E. Occupational Health

1. Provide consultation to occupational health personnel in the following areas:
  - i. Occupational health policies and procedures related to IPC
  - ii. Risk of occupational exposures to infectious disease
  - iii. Rates and trends of occupational exposures
  - iv. Work restrictions and recommendations related to communicable diseases or following an exposure
2. Assist with immunization and screening programs as needed

#### F. Other functions

1. Ensures all HCP receive infection prevention and control training on an annual basis
2. Ensures that antibiotic stewardship program is implemented and coordinates with nursing staff, physicians and pharmacists as needed.
3. Completes the monthly infection control report timely and communicates significant findings with the infection control committee.
4. Works with state or federal surveyors during annual or complaint surveys and provides requested documents and information in a timely manner.
5. Completes 10 hours of continuing education in the field of IPC and stays abreast of current news and training sources through a nationally recognized infection prevention and control association

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

### Customer Service

- A. Offers assistance to clients in a timely manner; telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate individual for the client's needs.

### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the

maintenance department.

- E. Follows prescribed dress code and maintains a professional image to the public and residents.

#### IV. WORK TRAITS

Aptitude: Possesses the ability to work independently with little or no supervision, to adjust to changing conditions and frequent demands, and to acquire new knowledge to perform additional or more difficult tasks.

Temperament: Has the ability to maintain a positive, stable disposition in performing work and in association with staff and residents. Is able to maintain a high level of performance in an environment of frequent demands.

#### V. QUALIFICATIONS

##### Education:

Graduate of an accredited school of nursing. Current RN or LVN license with the California State Board of Nursing.

##### Training and Experience:

At least one year experience of direct nursing care in acute care or nursing facility is preferred.

It is important that IP have training in fundamental IPC principles to effectively perform the IP duties. Ongoing education is necessary to remain aware of new information, trends, best practices, and to refresh existing knowledge. The designated IP (or both IPs if there are two part-time staff designated) should complete their initial IP training within 90 calendar days of hire. If the IP is an existing SNF employee who was recently designated to this role, initial training should occur within 30 calendar days of designation.

The initial training should include the following topic areas and include a minimum of 14 hours:

- Role of the Infection Preventionist
- Infection Prevention Plan
- Standard, Enhanced Standard, and Transmission-Based Precautions
- Hand Hygiene
- Injection Safety
- HAI Prevention (e.g., Respiratory, BSI, UTI, Scabies, CDI, MDRO)
- Infection Surveillance

Cleaning, Disinfection, Sterilization, and Environmental Cleaning  
Microbiology  
Outbreaks  
Antibiotic Stewardship  
Laws and Regulations (e.g. reporting requirements)  
Preventing Employee Infections

The IP should complete 10 hours of continuing education in the field of IPC on an annual basis.

Job Knowledge:

Possesses an in-depth knowledge of comprehensive nursing care and infection prevention and control practices.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.
- B. Promotes compliance with the HIPAA Compliance Policy among subordinates.

#### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of residents' needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.

- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

#### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

### IV. WORKER TRAITS

#### Aptitudes:

Possesses the ability to work independently with little or no supervision, to adjust to changing conditions and frequent demands, to acquire new knowledge to perform additional or more difficult tasks.

#### Temperaments:

Has the ability to maintain a positive, stable disposition in performing work in association with staff and residents and to maintain a high level of performance in an environment of frequent demands and changes.

V. QUALIFICATIONS

Education:

Valid California Licensed Vocational Nursing certificate. CPR certification.

Training and Experience:

One year recent skilled nursing experience preferred.

Knowledge and Abilities:

Possesses an in-depth knowledge of comprehensive nursing care which includes clinical disease entities, the physical assessment skills required for initial and follow-up appraisal on all assigned residents, and know the treatments, specialized diets, and preventative aspects concerning each resident. Possesses additional knowledge of direct resident care services which ensures the safety, comfort and protection of residents. Has the ability to perform tasks indicated for diseases prevention and restorative measures, ability to document professional nursing services provided with a realistic plan for reaching short term and long range goals, and able to make decisions regarding safety needs of residents including adequate equipment.

ESKATON  
Nursing Assistant Training Program Instructor  
Eskaton Care Center Greenhaven

DEPARTMENT: Nursing

EFFECTIVE DATE: March 10, 2020

REVISION DATE:

Exempt \_\_\_\_\_ Non-exempt \_\_\_\_\_ X \_\_\_\_\_

I. JOB SUMMARY

NA Instructors serve as the primary instructors for nurse assistant training programs for both theory and clinical training. They operate under the supervision of the Executive Director.

II. JOB RELATIONSHIPS

Responsible to: Executive Director

Workers supervised: Nursing Assistants

Interrelationships: Direct Care Staff

III. ESSENTIAL JOB FUNCTIONS

1. Present lectures and conduct discussions to increase students' knowledge and competence, using visual aids such as graphs, charts, videotapes and slides.
2. During clinical instruction, demonstrate skills in the clinical setting and have students perform a return demonstration of all skills noted on CDPH276A (Clinical Skills Checklist) in the clinical setting. All skills will be evaluated and documented on the date that the skill was performed.
3. Understand the training curriculum, plan course content and methods of instruction.
4. Ensure that the daily attendance is completed in both theory and clinical training.
5. Maintain ongoing dialog with students to ensure that they are aware of Theory or Clinical hours that they are required to make up.
6. Inform the PD whenever students miss required Theory or Clinical hours.
7. Inform students of their options for making up missed Theory or Clinical hours.
8. Integrate academic and vocational curricula so that students can obtain variety of skills.
9. Observe and evaluate students' work to determine progress, provide feedback, and make suggestions for improvement.

10. Ensure that all student records are completed fully and accurately, and that student records are secured in a locked cabinet when they are not actively being used by the NA Instructor.
11. Review student records to ensure that Health Exam and Screening documentation is received and properly filed in student training records.
12. Participate in conferences, seminars, and training sessions to keep abreast of developments in the field' and integrate relevant information into training programs.
13. Confirm that Live Scan clearance has been submitted for students before allowing them to interact with SNF residents.
14. Report deviations from the schedule/curricula to the RN Program Director.
15. Ensure that Student Training Record files are kept secure when class is not in session.
16. Complete Student Training Record files completely and correctly, in accordance with NATP and CDPH policies.
17. Work with students to identify Special Accommodation needs and issues.
18. Identify and counsel students who have not successfully completed the NATP in time for the Graduation Ceremony.
19. Counsel students who have not successfully completed the NATP in writing and explain their option to participate in the Graduation Ceremony.
20. Make arrangements with students who have not successfully completed the NATP to allow them to participate in the Graduation Ceremony.
21. Comply with the provisions of the NATP Policies & Procedures Manual.

#### Required Knowledge/Skills:

##### Education and Training

Knowledge of the principles and methods for curriculum and training design, teaching and instruction for individuals and groups, and the measurement of training effects.

English Language - Knowledge of the structure and content of the English language including the meaning and spelling of words, rules of composition and grammar.

##### Skills:

Speaking - talking to others to convey information effectively Instructing teaching others how to do something

Active Listening - giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate time

Learning Strategies - selecting and using training/instructional methods and procedures appropriate for the situation when learning/teaching new things.

Reading Comprehension - understanding written sentences and paragraphs in work related documents.

#### Instructor Evaluation:

NA Instructors will receive annual evaluations. The RN Program Director will write the evaluation, and the Administrator will serve as the senior reviewer. The due date for annual evaluations will be July 31 of every calendar year. Factors that may be included in the evaluation include:

1. Instructor evaluations by the students at the conclusion of every class.
2. Percentage of NA Instructor's students passing the state examination for certification.
3. Notes from the Program Director's unannounced and announced visits to the NATP class.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

#### Customer Service

- A. Offers assistance to clients in a timely manner; telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate individual for the client's needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the

facility.

- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Follows prescribed dress code and maintains a professional image to the public and residents.

V. QUALIFICATIONS

- Must hold a California RN or LVN License that is active, current and in good standing.
- Must have a minimum 2 years of nursing experience, one (1) year in a long term/skilled nursing facility providing direct patient in addition to one (1) year experience planning, implementing and evaluating educational programs in nursing
- Must have valid California Director of Staff Development certification.
- Must meet the requirements of CCR Title 22, § 71829.
- Must have a valid California Driver's License, access to a reliable vehicle and current automobile insurance.

VI. PHYSICAL DEMANDS:

- Occasional bending, squatting, reaching and lifting.
- Fine manipulation of repetitive grasping, pushing and pulling.
- Specific vision abilities required by job include distance and peripheral vision.

ESKATON  
Nursing Assistant  
Nursing Assistant Training Program (NATP)

DEPARTMENT: Nursing

EFFECTIVE DATE: August 6, 2020

REVISION DATE: November 10, 2021

Exempt \_\_\_\_\_

Non-exempt \_\_\_\_\_ X \_\_\_\_\_

I. JOB SUMMARY

To gain the practical knowledge of a Nursing Assistant role through classroom theory learning and clinical rotation. Students will learn to address the needs of the whole Patient or Resident while promoting independence and self-care, emphasizing communication, infection control, safety, and clinical nursing. In addition, our goal is to prepare the student for the successful completion of the State Certification Examination and afterwards become an efficient and safe Certified Nursing Assistant.

Eskaton will sponsor selected candidates to attend a community based Nursing Assistant Training Program. Training programs are generally 6 weeks with 2 weeks of classroom training, 3 weeks clinical rotation, and an additional week for test preparation.

II. JOB RELATIONSHIPS

Responsible to: Program Instructor/Program Director

Workers supervised: None

Interrelationships: Direct Care Staff

III. PROGRAM REQUIREMENTS

- A. Our Nursing Assistant program has two required components: the theoretical portion and clinical portion. The 1st portion of our program is comprised of 60 hours of theory and is held at the beginning of our program. The 2nd portion of our program is comprised of 100 hours of clinical experience for a total of 160 hours as required by the California Department of Public Health.
- B. The course content is delivered through lectures and instructor demonstrations exposing students to actual nursing procedures and techniques used. Knowledge evaluation is

continuous throughout our program by the use of test and student demonstration related to the course content presented in lecture.

- C. Once candidates have successfully passed the written and skills testing a letter of employment will be extended to join our team as a NA/CNA. The student must successfully pass the exam within 4 months of program completion.
- D. A promissory note with a commitment of at least one(1) year of employment is required. Failure to meet this obligation may result in initial tuition costs being owed to Eskaton.

## REQUIRED KNOWLEDGE & SKILLS

- A. **English Language** - Knowledge of the structure and content of the English language including the meaning and spelling of words, rules of composition and grammar.
- B. **Speaking** - talking to others to convey information effectively Instructing teaching others how to do something
- C. **Active Listening** - giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate time
- D. **Reading Comprehension** - understanding written sentences and paragraphs in work related documents.

### **POSITION PURPOSE**

This position is responsible for planning, developing, organizing, directing, and managing the overall day-to-day operational activities of a skilled nursing care facility to ensure financial viability and quality of care to residents.

### **NATURE AND SCOPE**

As a member of the Eskaton Executive Team, this position reports directly to the Director of Operations and is responsible for the daily operational management of a licensed skilled care facility in compliance with federal, state, and local regulations and professional standards and Eskaton policies.

#### **Subordinate Positions:**

##### **Director of Nursing**

Responsible for the administration and management of quality healthcare services to all residents of the facility.

##### **Business Office Manager**

Supervises and coordinates work of business office including personnel, bookkeeping, and medical records.

##### **Director of Staff Development**

Responsible for education of all staff in areas of relevance to their area of expertise: i.e., nursing assistant training, orientation of new employees, infection control, occupational health and safety.

##### **Manager of Dietary Services**

oversees the facility dietary program from daily preparation of quality nutritious meals to monitoring of specific individual nutritional needs.

#### Activity Director

Responsible for coordination of all social, recreational, religious, educational, and related services for residents.

#### Maintenance Supervisor

Oversees both personnel and material resources of the maintenance.

#### Laundry/Housekeeping Supervisor

Oversees personnel and material resources for the housekeeping and laundry departments.

#### Social Service Coordinator

Coordinates all social service functions for residents, families, and staff.

#### Patient Care Coordinator/Admissions Coordinator

Coordinates the admission process from referral services to discharge.

#### Interrelationships:

Works as a team with other corporate support staff, executives, administrators, Directors of Nursing, employees, vendors, and others associated with Eskaton.

### **PRINCIPLE ACCOUNTABILITY / ESSENTIAL JOB FUNCTIONS**

#### Creating the Vision:

- A. Ensures the mission, strategic plan, and implementation of the plan for the facility and the organization are accomplished.
- B. Identifies and focuses on “critical success factors” in the organization and makes things happen.

#### Creating Value:

- A. Ensures excellent client satisfaction, employee effectiveness, quality and market leadership.
- B. Focuses on service and quality in all aspects of the operation.

#### Leads by Example:

- A. Responsible, with other members of the management committee, and other executives in the organization, for the success of the overall corporation.

- B. Demonstrates integrity, strives to improve his/her leadership abilities and acts decisively and effectively while achieving goals.
- C. Demonstrates consistency, motivates others, displays patience, sets standards and is visibly accountable for those standards.
- D. Demonstrates positive behavior characteristics such as attitude, initiative, cooperation, adaptability, fairness, ingenuity, and dependability.

Planning:

- A. Identifies and focuses on key goals and objectives and actively involves the team members in the formulation of the group goals.
- B. Provides tangible steps to accomplish the future goals of the organization.
- C. Develops annual written plans that integrate goals and resources, periodically reviewing the progress of the group's goals and adjusts them accordingly. (Continually evaluates progress against plans - dashboards.)

Organizing:

- A. Organizes assignments, resources, and workflow in order to ensure effectiveness and efficiency.
- B. Demonstrates the ability to complete job objectives in a timely manner.
- C. Generates an attitude that *change* is acceptable and should be accounted for.
- D. Is effective in linking the needs of individual staff members with the needs of the organization.

Interpersonal Skills/Coaching:

- A. Provides personal support and coaching to members of the management team.
- B. Is able to create an attitude of excellence in an organizational unit.
- C. Is able to create an effective and motivated team.
- D. Creates an environment of trust and promotes honest feedback among all members of the team. Values diversity and fosters mutual understanding and respect.

Communication:

- A. Promotes the verbal and written exchange of ideas, including the ability to persuade, collect and analyze data through interactive listening.

- B. Manages by “walking around.”

Problem Solving:

- A. Deals with problems in proportion to their importance. Weighs alternatives and the long/short-term return on investment.
- B. Is decisive. Seeks information and advice.
- C. Seeks “win-win” solutions.
- D. Has a good grasp of problem solving techniques.

Operational Effectiveness:

- A. Ensures excellent client and employee satisfaction.
- B. Ensures the continuance of Eskaton's excellent reputation throughout the local community by providing quality resident care and maintaining positive interactions with the local community through public relations and marketing.
- C. Develops and meets annual goals and objectives for the facility considering future growth and changing environmental, market, and other trends.
- D. Ensures implementation of all Eskaton and facility policies and procedures.
- E. Ensures the financial viability of the facility by meeting operational targets.
- F. Provides the highest quality and service at a competitive price.
- G. Develops contracts with resources in the community qualified to provide services required for diagnostic and therapeutic services prescribed by patient's physician.
- H. Maintains current knowledge of appropriate federal, state, local, and other governmental regulations and requirements and assumes responsibility for compliance.
- I. Maintains the physical plant in a functional, aesthetically pleasing, and safe manner.
- J. Ensures full occupancy at facility.
- K. Ensures organizational maintenance of appropriate licensure and certifications.
- L. Has a good grasp of the state of operations at any point in time; conducts effective operations review meetings to evaluate overall performance of the corporation.

- M. Has required knowledge of industry, including all significant regulations (federal, state, local) which affect the business.
- N. Manages area of responsibility in a way to achieve its goals and objectives including operational targets.
- O. Ensures that the corporation has appropriate policies and guidelines for the effective operation of the organization and complies with those policies.
- P. Conducts periodic facility visits to review operational performance and to understand/help solve organizational issues.
- Q. Maintains relationships with the community volunteers who make up the membership of Eskaton and its fund-raising arm, the Eskaton Foundation.
- R. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton. Agrees to promote compliance with the Corporate Compliance Policy among subordinates.
- S. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policies is a condition of employment with Eskaton. Agrees to promote compliance with the HIPAA policies among subordinates.

## **CONTROLS AND FREEDOM TO ACT**

The Administrator of the Skilled Nursing facility has responsibility within the approved budget and policies for the efficient, effective operations of the day-to-day decision making related to overall facility operations and emergency situations; has the authority to organize staff and to recruit, hire, develop, conduct performance evaluations, and terminate employees and has the authority to act in emergency situations within Eskaton policies.

## **MAJOR CHALLENGES**

Maintaining the financial viability of the facility by keeping abreast of developments in the long term care health industry; achieving and keeping maximum occupancy levels while ensuring quality services to the residents; maintaining maximum staffing levels while achieving employee satisfaction; managing the facilities and programs successfully within an ever changing environment; continuing to work on methods which contain and reduce the worker compensation cost to the company.

## **PRINCIPAL CONTACTS**

### Internal

Eskaton's President and CEO, Vice President Operations and COO, Senior Management

Team, other executives, facility staff, and Eskaton Administrative Center staff.

### External

External contacts include professional associations such as CAHSA (California Association of Homes and Services for the Aging) and federal, state, and local governmental agencies and OSHPD related to skilled nursing care issues and regulations; directors and administrators of other health care facilities; discharge planners from acute hospitals; families; ombudsmen; membership in appropriate professional and community service organizations is strongly recommended.

## **POSITION REQUIREMENTS**

### Knowledge, Skills, and Abilities

This position require a minimum of three years administrative level experience in the management of health care related operations, knowledge of governmental regulations for skilled nursing care facilities, in-depth knowledge of and the ability to recognize trends in the health care industry and sensitivity to the issues related to aging.

It requires effective verbal and literary communication skills to interact with all levels of management, other employees and outside contacts; requires effective managerial and inter-personal skills; requires excellent fiscal and budgetary skills and the ability to plan, organize, and implement work and be flexible enough to shift priorities quickly.

### Education

Requires a California State Nursing Home Administrator's license and a Bachelor's degree, preferably in Business, Public Administration, or healthcare management. A Master's degree is desired.

## **PHYSICAL EFFORT AND WORKING CONDITIONS**

Working conditions are mostly in an indoor office environment. Proper use and knowledge of body mechanics are required. Work may involve bending from the waist, stooping, twisting, and lifting of objects not to exceed 35 pounds (except with the assistance of appropriate equipment). Travel may be required.

This job description should not be construed to imply that these duties, responsibilities, authorities, and expectations are the exclusive requirements of the position. The incumbent may be required to follow other instructions and perform other related duties as determined by proper authority.

- C. Generates an attitude that *change* is acceptable and should be accounted for.
- D. Is effective in linking the needs of individual staff members with the needs of the organization.

### Interpersonal Skills/Coaching:

- A. Provides personal support and coaching to members of the nursing team.
- B. Is able to create an attitude of excellence in an organizational unit.
- C. Is able to create an effective and motivated team.
- D. Creates an environment of trust and promotes honest feedback among all members of the team. Values diversity and fosters mutual understanding and respect.

### Communication:

- A. Promotes the verbal and written exchange of ideas, including the ability to persuade, collect and analyze data through interactive listening.
- B. Manages by “walking around”. Administers an “open door” policy.

### Problem Solving:

- A. Deals with problems in proportion to their importance. Weighs alternatives, and the long/short-term return on investment.
- B. Is decisive. Seeks information and advice.
- C. Seeks “win-win” solutions.
- D. Has a good grasp of problem solving techniques.
- E. Consider the bigger picture in regard to the impact on other parts of Eskaton and external customers when solving problems.

### Operational Effectiveness:

- A. Initiates, develops, implements and maintains policies and systems to assure that resident care is of the highest quality.
- B. Develops, implements and monitors staffing systems (which reduce registry usage and overtime) that ensure effective and efficient use of financial and human resources.
- C. In consultation with the Corporate Nursing Consultant Team, analyzes current nursing programs. Develops and implements new programs which meet the needs of the residents and are on line with Eskaton's long range goals and objectives.
- D. Sets criteria and assures that the care plans are established for each resident and that the plan is reviewed and modified as needed. In consult with the Inter-Disciplinary Team ensures that the overall care and treatment for the resident is appropriate.
- E. Responsible for making daily rounds to see all residents to ensure maximum quality care and to ascertain need for additional or modified service. Assures adequate 24-hour nursing coverage in the facility each day. Designates a responsible licensed nurse to be in charge of the nursing services during the absence of the Director of Nursing.
- F. Maintains contact with physicians as necessary according to residents' needs. Maintains an excellent working relationship with major health systems where Eskaton has contracts and for good public relations.
- G. Assures that policies and procedures are adhered to and are compliant with local, state and federal and Joint Commission requirements.
- H. Coordinates nursing services with other patient care personnel such as the interdisciplinary team and internal and external services for continuity of care.
- I. Has a good grasp of the state of operations at any point in time; conducts effective operations review meetings to evaluate overall performance of the corporation.
- J. Has required knowledge of industry, including all significant regulations (federal, state, local) which affect the business.
- K. Manages area of responsibility in a way to achieve its goals and objectives including operational targets.
- L. Ensures that the corporation has appropriate policies and guidelines for the effective operation of the organization and complies with those policies.

- M. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton. Agrees to promote compliance with the Corporate Compliance Policy among subordinates.
  
- N. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policies is a condition of employment with Eskaton. Agrees to promote compliance with the HIPAA policies among subordinates.

## **CONTROLS AND FREEDOM TO ACT**

The Director of Nursing has the authority within the approved budget and policies for the efficient, effective operations of the nursing services and to organize staff and to recruit, hire, develop, and conduct performance evaluations and terminate nursing department employees and to manage the nursing operation effectively.

## **MAJOR CHALLENGES**

Directing the nursing services to ensure quality healthcare to residents. Developing team effectiveness by hiring, training and developing competent staff members. Meeting all local, state and federal regulations in nursing services. Maintaining and developing excellent working relations with referring agencies.

## **PRINCIPAL CONTACTS**

### Internal

Eskaton President and Chief Executive Officer, Vice President Operations and COO, Senior Management Team, other executives, administrators, consultants, department heads, facility staff, and Eskaton Administrative Center staff.

### External

External contacts include state licensing agencies, federal, state, and local regulatory agencies, vendors, various community services, physicians, and family members; contracted HMO payors. Membership in appropriate and professional and community service organizations is strongly recommended.

## **POSITION REQUIREMENTS**

### Knowledge, Skills, and Abilities

This position requires a minimum of five years in administrative or nursing management in a relevant role or successful completion of Eskaton Professional Management-In-Training program. Current knowledge of federal, state, and local regulations related to all levels of skilled nursing healthcare; requires keeping abreast of current trends and new developments in nursing and healthcare administration.

It requires effective verbal and literary communication skills to interact with all levels of management, other employees and outside contacts; requires effective managerial and inter-personal skills; requires excellent fiscal and budgetary skills and the ability to plan, organize, and implement work and be flexible enough to shift priorities quickly and work under pressure with constantly changing demands.

### Education

A graduate of nursing, bachelors degree (in management or health administration desirable), masters preferred. Has a valid California RN and BSN license.

### **PHYSICAL EFFORT AND WORKING CONDITIONS**

Hours of duty may be long and irregular, including some evening and weekends.

May be exposed to potentially dangerous chemicals.

This job description should not be construed to imply that these duties, responsibilities, authorities, and expectations are the exclusive requirements of the position. The incumbent may be required to follow other instructions and perform other related duties as determined by proper authority.

F:\USERS\HUMRES\COMMON\JOBS\DIRECTOR OF NURSING SERVICES, EMM

ESKATON  
DIRECTOR OF LIFE ENRICHMENT/RESIDENT SERVICES  
11-04

- C. Conducts employee performance appraisals in a timely and thorough manner.
- D. Is accountable for the development and maintenance of the department's budget and is fiscally responsible in accordance with those budgets and policies.

- E. Leads by example. Provides appropriate supervision in accordance with Eskaton's prime values and the established mission.
- F. Maintains constructive relationships with managers, peers, and employees. Works toward the benefit of the facility in establishing a positive work environment, demonstrating value to all staff and residents.
- G. Attends, participates and facilitates appropriate in-service and other educational or management meetings.
- H. Encourages the implementation of EQIP (Eskaton's Quality Process).
- I. Demonstrates the ability to complete job objectives in a timely manner.
- J. Demonstrates positive behavior characteristics such as attitude, initiative, cooperation, adaptability, fairness, ingenuity and dependability.
- K. Plans and organizes assignments and work flow in order to achieve maximum effectiveness and efficiency.
- L. Performs other duties and assignments deemed appropriate by the Administrator.

#### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of resident's needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

VI. WORK TRAITS

Aptitudes:

Possesses the ability to direct and supervise staff, to organize and direct work in order to achieve a high level of performance, efficiency and professionalism in the Resident Services Department and to coordinate the activities of the Resident Services Department with other departments in a mutually cooperative atmosphere.

Temperament:

Ability to work effectively in order to meet deadlines and to maintain goal oriented attitudes and directions during operational and administrative change. Due to the diversity and complexity of the position, must have a cooperative, flexible attitude in an environment of frequent interruptions.

V. QUALIFICATIONS

Education:

Certification as an Activity Director

Training and Experience:

A minimum of three years combined training and experience in nursing home or other related healthcare setting required. Working knowledge of basic computer software programs, including Publisher.

Job Knowledge:

Familiarity with medical terminology and health care needs of the elderly. Understanding of multiple levels of care and the ability to assess residents appropriately. Knowledge of state, federal and JCAHO regulations.

ESKATON  
SOCIAL SERVICES COORDINATOR  
11-15  
ESKATON CARE CENTER MANZANITA

DEPARTMENT: Administration  
EFFECTIVE DATE: October 1, 1994  
REVISION DATE: December 1, 2004

Exempt \_\_\_\_\_ Non-exempt \_\_\_X

I. JOB SUMMARY

The Social Services Coordinator directs services and programs in response to the psychosocial and emotional needs of the residents. The Social Services Coordinator is also responsible for the timely documentation of the assessments and interventions for individual residents. The Social Service Coordinator maintains policies and procedures for Social Services, oversees specific assigned functions for the facility, works with Eskaton consultants, participates in special projects as assigned and works with facilities for resident discharge as needed.

II. JOB RELATIONSHIPS

Responsible to: Executive Director

Workers supervised: None

Interrelationships: All residents, families, visitors, facility staff, organizational consultants and representatives of community agencies.

III. ESSENTIAL JOB FUNCTIONS

General:

A. Identifies psychosocial needs of residents at time of admission and upon staff or physician referral. Makes appropriate referrals to community agencies.

- B. Develops the plan of care for social services and updates the plan as changes occur. Schedules and participates in resident care conferences/IDT which includes written notification to resident and families.
- C. Completes all social assessments, MDS, and care plans within the required timeframes and participates in the Interdisciplinary Team process.
- D. Assists in the discharge planning process for residents, ensuring that each resident's potential for discharge to another level of care is reviewed at least quarterly and that the conclusion of the team regarding resident's discharge potential is documented in the chart.
- E. Works in conjunction with the Admissions Coordinator and Director of Nursing to coordinate resident room assignments for residents needing to move to another room. Documents informing resident and family of room changes in the social service progress notes.
- F. Serves as an advocate for residents rights.
- G. Works in conjunction with the other departments toward meeting residents needs.
- H. Coordinates the loss and theft program.
- I. Provides facility tours as necessary.
- J. Responds to requests or complaints by residents or family members.
- K. Maintains current community resource information that may be required for residents.
- L. Arranges meetings of required committees (Residents' Council and Care Conferences) as necessary, and facilitates the Resident Council meetings.
- M. Directs families to appropriate community resources to assist with residents needs.
- N. Obtains Para Transit numbers for residents as needed.
- O. Assists in obtaining conservatorship and other legal assistance for the residents.
- P. Reports any alleged or suspected resident abuse to the Administrator and Ombudsman.

### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

### Customer Service

- A. Offers assistance to resident in a caring and timely manner.
- B. Takes the initiative to resolve resident concerns or facilitates the appropriate party resolving the concerns.
- C. Makes referrals to the appropriate supervisor of resident's needs.

### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player with other departments in the facility.
- C. Assists co-workers when asked by the appropriate supervisor to do so.

### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Follows prescribed dress code. Maintains a professional image to the residents and public.

### IV. WORK TRAITS

#### Aptitudes:

Possesses the ability to work independently with little or no direct supervision, to adjust to changing conditions and frequent demands, and to acquire new knowledge to perform additional and more difficult tasks.

#### Temperament:

Must have the ability to maintain a positive stable disposition in performing work and in association with staff and residents. Is able to maintain a high level of performance in a frequently demanding and disruptive environment.

### V. QUALIFICATIONS

#### Education:

Requires a Bachelors degree in social services or a related field with courses in psychology, gerontology and/or social services.

#### Training and experience:

Requires a minimum of one year experience in skilled nursing or another related health care field.

#### Job Knowledge and Abilities:

Familiarity with medical terminology, physical conditions and health care delivery systems and managed care. Knowledge of aging and geriatric. Understands multiple levels of care. Ability to assess and meet residents' needs. Knows state and federal regulations including Title XXII and OBRA.

ESKATON  
CASE MANAGER  
11-2D  
ESKATON CARE CENTER MANZANITA

DEPARTMENT: Case Management

EFFECTIVE DATE: September 15, 1993

REVISION DATE: April 26, 2004

Exempt                        X                        Non-exempt                    \_\_\_\_\_

I.     JOB SUMMARY

The Case Manager coordinates the care of all patients admitted to the Managed Care unit. The Case Manager oversees all aspects of care from admission through discharge and care is coordinated through a multidisciplinary team. The Case Manager directs team members to deliver care within appropriate time frames and in the most cost effective manner.

II.    JOB RELATIONSHIPS

Responsible to:                    Director of Nursing

Workers Supervised:                Discharge Planner

Interrelationships:                 Patients and families, payor case managers, MD's,  
and internal staff

III.   ESSENTIAL JOB FUNCTIONS

General

A.     Ensures the patients' smooth transition through the continuum of care from admission through discharge. Acts as "point person" for the process.

1.     Meets with the patients and/or patient representative within 24 hours after admission or as soon as possible after admission. Admission orders are reviewed for specialized needs and appropriate level of care for reimbursement.
2.     Ensures that the discharge planning process is initiated within twenty-four (24) hours of admission and monitors discharge planning process (Discharge Planning Assessment).
3.     Ensures patient/family teaching needs are identified, communicated, and carried out by team members.

4. Refers any high risk patients daily to the DON to review.
  5. Leads the daily interdisciplinary team meetings in the review of Medicare and Managed Care patients to ensure that the treatment plan is timely, cost effective, and based on the functional objectives necessary to achieve the discharge plan.
  6. Communicates regularly with Social Services to identify and meet psycho-social needs that may be a barrier to a timely discharge.
  7. Collaborates with payor to negotiate, as needed, additional benefits which are identified by the team or physician as necessary for the achievement of good outcomes and timely discharge.
- B. Establishes and maintains communication links with key people internally and externally during patient's admission to ensure timely patient outcomes.
1. Reviews Managed Care charts for doctors' orders and other data which identifies changes in level of care or services which require authorizations or reimbursement review.
  2. Functions as main contact between payor and facility and communicates all relevant information including but not limited to patient progress, barriers to successful outcomes, equipment needs, and discharge planning information.
  3. Documents pertinent patient information in nursing notes/case manager communication forms, etc.
  4. Acts as the "Point Person" with payors to request authorizations, extensions, and level of care changes, and new services recommended by the team. "Point Person" to inform patients/families of the goals for length of stay and authorized care/benefits for skilled care.
  5. Discusses controversial issues relative to managed care contracts and/or patients with the Administrator and Director of Case Management.
  6. Fosters a trusting relationship with physicians and external case managers by communicating relevant information (updates on progress, barriers to successful outcomes, problems, changes in condition and discharge information).
  7. Coordinates inservice training to educate staff about the Managed Care environment.

8. Acts as a resource to the facility regarding Managed Care issues.
  9. Maintains compliance with the case management system which includes appropriate documentation and communication between various departments.
- C. Monitors costs associated with delivery of care and reports/takes action to reduce unnecessary expenses.
- D. May serve as a member of any of the following committees:
1. Eskaton Quality Improvement Process (EQIP)
  2. Continuous Quality Improvement (CQI) Process
  3. Infection Control
  4. Utilization Review
  5. Pharmacy
  6. Interdisciplinary Team Conference

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.
- B. Promotes compliance with the Corporate Compliance Policy among subordinates.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with these policies is a condition of employment with Eskaton.
- B. Promotes compliance with the HIPAA Compliance Policy among subordinates.

#### Leadership/Management Skills

- A. Responsible for hiring, orienting, training, coaching, counseling, promoting, evaluating and employment decisions for the department.
- B. Responsible for the supervision and organizational structure within the department. Delegates and follows-up in an appropriate manner to ensure quality, equity, and consistency within the department.
- C. Conducts employee performance appraisals in a timely and thorough manner.

- D. Is accountable for maintaining the department's budget and is fiscally responsible in accordance with those budgets and policies.
- E. Leads by example. Provides appropriate supervision in accordance with Eskaton's prime values and the established mission.
- F. Maintains constructive relationships with managers, peers, and employees.
- G. Attends, participates and facilitates appropriate in-service and other educational or management meetings.
- H. Encourages the implementation of EQIP (Eskaton's Quality Improvement Process).
- I. Demonstrates the ability to complete job objectives in a timely manner.
- J. Demonstrates positive behavior characteristics such as attitude, initiative, cooperation, adaptability, fairness, ingenuity and dependability.
- K. Plans and organizes assignments and work flow in order to achieve maximum effectiveness and efficiency.
- L. Performs other duties and assignments deemed appropriate by the DON and Administrator.

#### Customer Service

- A. Offers assistance to patients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of resident's needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain-of-command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to patients and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the facility and with other parts of the organization.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined by Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and patients.

## IV. WORKER TRAITS

### Aptitudes:

Ability to work independently with little or no direct supervision and to adjust to changing conditions and frequent demands. Must have the ability to read, write and follow oral and written directions at a level necessary to accomplish the job; and, must have the ability to follow through with limited supervision.

Must have the ability to relate positively and favorably to residents and families and to work cooperatively with other associates; and, must have **excellent** communication skills with the ability to be assertive without being aggressive.

### Temperament:

Ability to maintain a positive, stable disposition in performing work in association with facility staff and patients and to maintain a high level of performance in an environment of frequent demands and changes.

V. QUALIFICATIONS

Education:

A graduate of an accredited school of professional nursing and has a valid California RN license; current CPR certification. A four year degree is preferred but a two year degree will suffice with five years related experience.

Training and Experience:

Must have at least two (2) years in a rehabilitation and/or sub-acute setting with case management responsibilities and/or insurance industry and/or health care management experience.

Knowledge, Skills, and Abilities:

Required current knowledge of federal, state and local regulations in the related healthcare field. Must possess excellent patient assessment skills, including the ability to evaluate medical records from the referring facility. Must have demonstrated ability to promote, negotiate, develop, and maintain relationships with consumers.

Must have knowledge of the managed care environment, as well as other payors. Must have the ability to teach (formally and informally) internal staff and external contacts regarding the facility's patient care delivery system.

Must meet all local health regulations and pass post-employment process.

I.    JOB SUMMARY

The Central Supply/Staffing Coordinator orders, stocks, labels and maintains appropriate levels of supplies for the nursing department. This position is also responsible for scheduling RNs, LVNs and CNAs for the nursing department.

II.   JOB RELATIONSHIPS

Responsible to:        Director of Nursing

Workers supervised:   None

Interrelationships:    All staff within the facility, vendors, residents and visitors.

III.   ESSENTIAL JOB FUNCTIONS

Central Supply:

- A.   Maintains an inventory of nursing supplies including but not limited to over the counter (OTC) medications, minor medical equipment and supplies and durable medical equipment (DME) provided by HMOs or other providers.
- B.   Labels all central supply items.
- C.   Stocks the main nursing supply storage area as well as the nursing station, utility room and other areas as requested.
- D.   Assists Business Office Manager in collection of month end charges.
- E.   Orders durable medical equipment as required by nursing department.
- F.   Tracks and maintains inventory of oxygen. Provides a monthly report of oxygen usage to the Director of Nursing.

- G. Reconciles, no less than bi-monthly, physicians orders for: oxygen, catheters, accuchecks and bladder scans in order to assure items were charged and adequate supplies are in stock.
- H. Reviews all supply invoices, compares them to orders and packing slips, codes and then forwards them to Director of Nursing for approval.
- I. Collects diabetic charges and sends them to the Corporate Office two times per month.
- J. Checks emergency carts daily to ensure they are ready for use at all times.

#### Staffing:

- A. Prepares the monthly nursing schedule one month in advance for all RNs, LVNs, and CNAs.
- B. Coordinates with the Director of Nursing or designee the approval/denial of all requests for time-off for the nursing staff.
- C. Reviews any registry invoices to ensure accuracy, codes invoices and submits for timely approval by Director of Nursing.
- D. Is responsible for registry requests to fill shifts once approval has been received from Administrator/Director of Nursing.
- E. Is responsible for completing and posting the Nursing Hour Report.

#### Clerical

- A. Performs any clerical tasks deemed necessary by the supervisor.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

#### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.

- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of residents' needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

#### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Follows prescribed dress code. Maintains a professional image to the public and residents.

### IV. WORK TRAITS

#### Aptitudes:

Must have good communication skills, both verbally and in written form, in order to

effectively communicate and give direction to those visiting or calling the facility.

Temperaments:

Requires patience and tact in order to receive, relay and place telephone calls continually throughout the day. Ability to make decisions based upon the urgency of the situation and in accordance with work procedures.

V. QUALIFICATIONS

Education

High School Graduate or GED.

Training

One year of recent experience in central supply and one year recent experience in staffing.

Knowledge and Abilities:

A working knowledge of durable medical equipment and central supply items. Must be familiar with personal computers and applicable software.

ESKATON  
DIRECTOR OF STAFF DEVELOPMENT  
11-20  
ESKATON CARE CENTER MANZANITA

DEPARTMENT: Nursing  
EFFECTIVE DATE: January 1, 1993  
REVISION DATE: November 13, 2015

Exempt \_\_\_\_\_ Non-exempt   X  

I. JOB SUMMARY

The Director of Staff Development conducts, coordinates, and administers training for nursing and facility staff in the form of orientations, in-service training, and pre-certification training as indicated. This position keeps abreast of regulations pertaining to state and federal requirements and conducts and coordinates the nursing preceptor program. He/She also provides topical and current in-service educational programs, maintains all records related to education and training in the facility, and possesses the role of Infection Control Preventionist.

II. JOB RELATIONSHIPS

Responsible to: Executive Director

Workers supervised: No direct reporting relationships. Indirectly supervises nursing staff as directed by Director of Nursing.

Interrelationships: All staff within the facility, vendors, residents and visitors.

III. ESSENTIAL JOB FUNCTIONS

Orientation

- A. Coordinates nursing orientation for all SNF nursing staff/support staff.
- B. Coordinates the nursing preceptor program.

- C. Initiates and implements instructional programs for all staff.
- D. Maintains record-keeping requirements as required by Title XXII and federal regulations.
- E. Is the primary lead person in the interview/selection panel process for the facility.

#### In-service Education

- A. Maintains in-service attendance records for all staff as required.
- B. Coordinates Body Mechanics classes for all new employees of the facility. Ensures that each staff member is re-certified on an annual basis.

#### Infection Control

- A. Acts as the Infection Control Preventionist responsible for coordinating the infection control program at the facility which includes surveillance, monitoring and follow-up of residents and employees.
- B. Coordinates the Hepatitis B program.

#### Quality Assurance

- A. Responsible for developing, coordinating and implementing the Quality Assurance Program. Ensures that program goals and objectives meet the facility's standards of excellence and meets compliance with state and federal regulations.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton. Promotes compliance with the HIPAA Policy among subordinates.

### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of resident's needs.

### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/case load, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.

- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

IV. WORKER TRAITS

Aptitudes:

Possesses the ability to work independently with little or no supervision, to adjust to changing conditions and frequent demands, and to acquire new knowledge to perform additional or more difficult tasks.

Temperaments:

Has the ability to maintain a positive, stable disposition in performing work and in association with staff and residents. Is able to maintain a high level of performance in an environment of frequent demands.

V. QUALIFICATIONS

Education:

Graduate of an accredited school of nursing. Current RN or LVN license with the California State Board of Nursing.

Training and Experience:

Two years of recent experience in a long term care facility in addition to one year of experience planning, implementing and evaluating educational programs in nursing. One year recent supervisory experience.

Job Knowledge:

Possesses an in-depth knowledge of comprehensive nursing care.

ESKATON CARE CENTER MANZANITA

DEPARTMENT: Medical Records

EFFECTIVE DATE: September 2, 2009

REVISION DATE:

Exempt \_\_\_\_\_ Non-exempt  X

I. JOB SUMMARY:

The Health Information Clerk is responsible for organizing and maintaining medical records and reviews all charts for completion and accuracy in accordance with State and Federal regulations, accepted professional standards and facility policies and procedures. Files all reports in the appropriate medical records, and responds to Eskaton Billing Service requests for delinquent billing information.

II. JOB RELATIONSHIPS:

Responsible to: Health Information Manager

Workers supervised: None.

Interrelations: -All staff within the facility, vendors, residents and visitors  
-Facility medical staff  
-Physicians and ancillary care providers

III. ESSENTIAL JOB FUNCTIONS:

Public Relations:

- A. Organizes and maintains the open and closed medical record files per procedure and in an accessible manner.
- B. Monitors medical records for compliance with licensing requirements, reporting problems to the Health Information Manager.
- C. Assembles charts and inserts in a timely fashion.
- D. Demonstrates a pleasant, professional posture to the public and staff and communicates in a pleasant business-like manner.

General Duties:

- A. Prepares admission chart with name, medical record number, physician name and ensures appropriate forms are available. Assists licensed nurse with related admission packet review and completion by resident, agent or responsible party.
- B. Assists with new admission orders from source documents into the electronic health record and prints orders, medication, treatment, and/or any other forms required.
- C. Assists with 24-hour admission audit on all new admissions to include resident identification, chart documentation, and interdisciplinary communication.
- D. Purges medical records charts within medical records procedural guidelines.
- E. Codes the admission, interim and discharge diagnoses utilizing the ICD-9-CM coding book.
- F. Performs assigned computer-based tasks and audits.
- G. Sends and receives faxed materials per procedure; maintains unit level inventory of forms.
- H. Accurately completes all copying and/or distribution requests received.
- I. Updates Physician Visit Schedule in electronic health record to maintain compliance with CMS and Title XXII regulatory requirements.
- J. Breaks down discharged resident charts and completes discharge chart audit.
- K. Processes and files faxes and other written communication from physicians and ancillary services.
- L. Uploads and indexes paperwork and source documents into electronic health record.
- M. Performs assigned computer-based tasks and audits.
- N. Daily rounds to stock medication room, over the counter medications, treatment supplies and CNA ADL supplies.
- O. Updates ancillary charge sheets weekly and submits to Business Office Manager for billing.
- P. Processes documents for mailing to physicians and responsible parties.

- Q. Timely and accurately responds to appeals requests for documentation from state Quality Improvement Organization.
- R. Assists with processing requests for protected health information/medical record copying. Verifies legal right to access chart.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

#### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of residents' needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.

- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

IV. WORK TRAITS:

Aptitudes:

Possesses effective communication skills, both written and verbal, and adjusts to frequent interruptions. Has the ability to organize, prioritize and self-motivate.

Temperament:

Ability to adjust to frequent interruptions, to work with little supervision and a minimal amount of contact with other staff. Is able to work under stressful conditions.

V. QUALIFICATIONS:

Education:

High School graduate or GED., and medical terminology course preferred. Current valid California Certified Nurse Assistant certification or qualification for nurse assistant certification through prior training/experience.

Training and Experience:

Six months experience in providing nursing care or nursing unit support in a health care facility direct unit.

Knowledge and Abilities:

Possesses knowledge of performing personal care services in a skilled nursing facility. Has the ability to meet new and/or stressful situations with the appropriate responses, to work effectively as part of a healthcare team, to share information freely, to use and seek supervision and consultation verbally and in writing, and to follow both verbal and written instructions.

ESKATON  
RECEPTIONIST/OFFICE ASSISTANT  
ESKATON CARE CENTER MANZANITA

DEPARTMENT: Administration

EFFECTIVE DATE: July 16, 2010

REVISION DATE:  
Exempt \_\_\_\_\_ Non-exempt \_\_\_\_\_ X

I. JOB SUMMARY

The Receptionist/Office Assistant receives visitors, answers phones, ascertains their needs and contacts proper authority, and performs related clerical duties according to the project assigned. In the absence of the Business Office Manager, the Receptionist/Office Assistant will be responsible for payroll and related functions, all human resource functions, benefits, evaluations and maintenance of personnel files. Also, in the absence of the Business Office Manager, the Receptionist/Office Assistant will assist with the orientation of new employees, receive and monitor recruitment information, and respond to employment/employee related issues. This position may also be called upon to perform various Admission Coordinator functions.

II. JOB RELATIONSHIPS

Responsible to: Business Office Manager

Workers Supervised: None.

Interrelationships: All staff within the community, EAC, vendors, residents and visitors.

III. ESSENTIAL JOB FUNCTIONS

Reception Functions

- A. Operates multi-positioned telephone switchboard to relay incoming calls, and performs other tasks related to communication, such as the scheduling and coordination of teleconference calls.
- B. Greets visitors, determines their needs, and contacts the proper authority to assist.

- C. Answers general questions and gives general information to those visiting or calling the office.
- D. Assists in the ordering of office supplies, maintains paper supplies in copy machines, fax and printers and makes service call requests as the situation dictates.
- E. Sorts mail and distributes to appropriate party. In the absence of the Business Office Manager, monitors courier bags.

#### Personnel Functions

- A. In the absence of the Business Office Manager, will prepare and maintain personnel files as required by federal and state law and accredited agency standards and Eskaton policy.
- B. In the absence of the business Office Manager, acts as a liaison between EAC and employee regarding employee benefits, enrollment and explanation of benefit coverage.
- C. In the absence of the Business Office Manager, assists in the completion of workers' compensation forms and maintenance of OSHA log and related files.
- D. In the absence of the Business Office Manager, assists in filing of pre and post employment documents and may be tasked with reference checks.
- E. In the absence of the Business Office Manager, prepares "Notice of Personnel Action" forms for administrator approval.
- F. In the absence of the Business Office Manager, assumes management of the employee evaluation process including maintenance and distribution of review schedules, preparation of review packets, reminders to department heads of due evaluations one month in advance, and monitors follow-up and completion of reviews in a timely manner.
- G. As necessary, responds to employee requests for insurance forms, discount cards, etc.

#### Admissions Functions

- A. Performs a variety of clerical duties and assigned projects such as: posting data from one record to another, typing reports, keeping current resident/patient room numbers, updating census reports, preparing application and admission packets.

- B. Assists with new resident information such as processing of face sheets for Accounts Receivable and transmission to X-Ray and Pharmacy.
- C. Serves as an alternate to collect payments and prepare deposits.
- D. Serves as an alternate to prepare daily flash reports.
- E. Serves as an alternate to accounts payable coding and associated documentation for submittal to EAC.
- F. Serves as an alternate for admission process and liaison between ECCM and the admissions department at EAC.

#### Payroll Functions

- A. As necessary, initiates and distributes daily payroll reports.
- B. In the absence of the Business Office Manager, audits time cards on a daily basis.
- C. Processes requests for PTO following approval by appropriate department manager.
- D. In the absence of the Business Office Manager, submits bi-weekly payroll to EAC.
- E. Distributes payroll checks and files bi-weekly payroll reports.
- F. Assists with the preparation of payroll analysis reports.
- G. Manages payroll verification and reconciliation issues.
- H. In the absence of the Business Office Manager, performs daily transfer of recorded time input from electronic and manual recording stations and inputs data into time management system for daily and summary reports.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with these policies is a condition of employment with Eskaton.

### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.

### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the Corporate Office.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears

appropriate safety gear.

- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Follows prescribed dress code and maintains a professional image to the public.

#### IV. WORKER TRAITS

##### Aptitudes:

Must have good communication skills, both verbally and in written form, in order to effectively communicate with a broad variety of individuals and entities.

##### Temperaments:

Requires patience and tact in order to interact and effectively meet the needs of residents, visitors, staff, vendors, and other individuals or entities which receive or provide service to the ECCM community. Ability to make decisions based upon the urgency of the situation and in accordance with work priorities and procedures.

#### V. QUALIFICATIONS

##### Education:

High school or equivalent G.E.D., including courses in fundamental computer utilization, i.e., familiar with commonly used programs and basic typing skills required.

##### Training and Experience:

Experience as a receptionist with business office functions and public contact desirable. Work experience with PC and related software preferred.

##### Job Knowledge:

Preferred: Knowledge of accounts receivable, billing, payroll, telephone etiquette, interpersonal communication, computer and typing formats, correspondence and documentation, calendaring, and filing.

Interrelationships: All staff within the facility, vendors, residents and visitors.

III. ESSENTIAL JOB FUNCTIONS

- A. Develops and implements preventative maintenance and safety programs for heating/cooling systems, water, gas, electrical, and mechanical systems.
- B. Responsible for compliance with the requirements of Title XXII and Title XXIV, California Administrative Code, Division 5, Section 3, OSPOD, and the office of the State Fire Marshall.

- C. Is responsible for the day-to-day supervision and direction of the maintenance, housekeeping and laundry personnel. This includes the setting of priorities, goals, project completion, and maintenance logs for all repairs and replacements at the facility.
- D. Consults with the Administrator regarding facility and grounds repair needs and priorities for completion.
- E. Purchases all non-capital items required for general maintenance of building and grounds.
- F. Responsible for trouble-shooting major malfunctions in the plumbing, electrical, and heating/cooling systems. Coordinates with outside companies for equipment or expertise as needed.

Leadership/Management Skills

- A. Responsible for hiring, orienting, training, coaching, counseling, promoting, evaluating and employment decisions for the department.
- B. Responsible for the supervision and organizational structure within the department. Delegates and follows-up in an appropriate manner to ensure quality, equity, and consistency within the department.
- C. Conducts employee performance appraisals in a timely and thorough manner.
- D. Is accountable for maintaining the department's budget and is fiscally responsible in accordance with those budgets and policies.
- E. Leads by example. Provides appropriate supervision in accordance with Eskaton's prime values and the established mission.
- F. Maintains constructive relationships with managers, peers, and employees. Works toward the benefit of the facility in establishing a positive work environment, demonstrating value to all staff and residents.
- G. Attends, participates and facilitates appropriate in-service and other educational or management meetings.
- H. Encourages the implementation of EQIP (Eskaton's Quality Improvement Process).
- I. Demonstrates the ability to complete job objectives in a timely manner.

- J. Demonstrates positive behavior characteristics such as attitude, initiative, cooperation, adaptability, fairness, ingenuity and dependability.
- K. Plans and organizes assignments and work flow in order to achieve maximum effectiveness and efficiency.
- L. Performs other duties and assignments deemed appropriate by the Administrator.

#### Customer Service

- A. Offers assistance to clients in a timely manner; telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of residents' needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

#### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Follows prescribed dress code. Maintains a professional image to the public and residents.

#### IV. WORKER TRAITS

##### Aptitudes:

Possesses the ability to work independently with little or no supervision, to adjust to changing conditions and frequent demands, and to acquire new knowledge to perform additional or more difficult tasks.

##### Temperament:

Has the ability to maintain a positive and stable disposition in performing work and in association with staff and residents and to maintain a high level of performance in an environment of frequent demands.

#### V. QUALIFICATIONS

##### Education:

High school graduate or G.E.D. Graduation from trade school related to electrical, plumbing, carpentry and landscaping skills or equivalent experience in these areas.

##### Training and Experience:

A minimum of five years in general maintenance. Two to three years in a supervisory capacity in all areas of maintenance.

##### Job Knowledge:

Knowledge of boilers, compressors, motors and machinery, as well as various electrical, mechanical and plumbing systems. Ability to read and interpret blueprints and technical manuals and to organize and implement work projects in a timely

manner according to facility priorities.

ESKATON  
MAINTENANCE SUPERVISOR  
11-64  
ESKATON CARE CENTER MANZANITA

DEPARTMENT: Maintenance

EFFECTIVE DATE: January 1, 1993

REVISION DATE: April 26, 2004

Exempt                    \_\_\_\_\_                    Non-exempt                      X

I.     JOB SUMMARY

The Maintenance Supervisor performs and oversees the general maintenance and repairs of the facility including heating/cooling systems, water, gas, electrical, and mechanical systems. He/She is responsible for the general appearance and condition of the exterior of the building and grounds and for maintaining compliance with state and federal regulations relating to the physical plant and safety requirements. This position is also responsible for the hiring, training, employment decisions, supervision and coordination of the maintenance and grounds for the facility. He/She assists in the development and implementation of operating capital equipment budgets and maintains the facility in an aesthetic and well operating manner.

II.    JOB RELATIONSHIPS

Responsible to:             Administrator

Workers supervised:       Maintenance staff

Interrelationships:         All staff within the facility, vendors, residents and visitors.

III.   ESSENTIAL JOB FUNCTIONS

- A.    Implements and is responsible for maintenance and preventative maintenance programs for systems including, but not limited to heating/cooling, water, gas, electrical, and mechanical systems.
- B.    Is responsible for compliance with the requirements of Title XXII and Title XXIV, California Administrative Code, Division 5, Section 3, OSPOD, JCAHO, and the office of the State Fire Marshall.
- C.    Is responsible for the day-to-day supervision and direction of maintenance department. This includes the setting of priorities, goals,

project completion, and maintenance logs for all repairs and replacements at the facility.

- D. Oversees all contracted grounds work.
- E. Consults with the Administrator regarding facility and grounds repair needs and priorities for completion.
- F. Purchases all non-capital items required for general maintenance of building and grounds.
- G. Is responsible for trouble-shooting major malfunctions in the plumbing, electrical, and heating/cooling systems. Coordinates with outside companies for equipment or expertise as needed.
- H. Responsible for refurbishing building needs such as painting, papering, trimwork, and flooring repair/replacement.
- I. Responsible for execution and completion of required quality assurance system for productivity and JCAHO related measurement/intervention.
- J. Participates in rotation of on-call maintenance coverage for the facility.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.
- B. Promotes compliance with the Corporate Compliance Policy among subordinates.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with these policies is a condition of employment with Eskaton.
- B. Promotes compliance with the HIPAA Compliance Policy among subordinates.

#### Customer Service

- A. Offers assistance to clients in a timely manner; telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of residents' needs.

### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

IV. WORKER TRAITS

Aptitudes:

Possesses the ability to understand blue prints, be mechanically inclined, manually dexterous and capable of solving problems with the Maintenance Department. The Maintenance Supervisor must also contain the ability to supervise employees within the constraints of Eskaton policy and California law.

Temperament:

Possesses the ability to maintain a positive and stable disposition in performing work and in association with staff and residents. Is able to maintain a high level of performance in an environment of frequent demands.

V. QUALIFICATIONS

Education:

High school graduate or graduate of a technical or vocational school.

Training and Experience:

Three years experience with progressive responsibility in maintenance, refurbishment, and power plant work. Supervisory experience.

Job Knowledge:

Must have a knowledge of boilers, compressors, motors and allied machinery, as well as the various electrical, mechanical, and plumbing systems. Is able to read and interpret blue prints and technical manuals and possesses a knowledge of supplies and equipment used, and the care of this equipment.

III.   ESSENTIAL JOB FUNCTIONS:

General

- A.    Acts as the gatekeeper for the facility and is accountable for the coordination of facility services for quality resident care.
- B.    Evaluates admissions with on-call weekend admissions staff to assure proper utilization and appropriate placement.
- C.    Ensures implementation of Eskaton and facility policies and procedures through appropriate instruction to line staff.

- D. Maintains staff adherence to nursing policies and procedures.
- E. Assumes ultimate accountability for coordination of nursing services in the facility. Responsible (in coordination with Staffing Coordinator) for ensuring adequate staffing. Participates in the ongoing evaluation of nursing staff.
- F. Conducts daily rounds and is appraised of any changes in condition.
- G. Provides supervision of patient care to include first level monitoring responsibility for significant changes in resident clinical condition, which includes the review of daily reports, incidents, etc.
- H. Provides crisis intervention backup for unit charge nurses in dealing with resident complaints and family concerns, as it relates to quality of care, levels of care, bed utilization and discharge planning.
- I. Immediately reports any suspected or observed incidents of resident abuse to Director of Nursing/Administrator.
- J. Keeps Director of Nursing informed of all situations, which may have an adverse impact on resident welfare.
- K. Assists in identifying any potential training needs of staff and communicates them to the appropriate supervisor or the Administrator.
- L. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- M. Participates in the orienting, coaching, counseling, and evaluating for the department.
- N. Performs other duties and assignments deemed appropriate by the administrator.

#### Leadership/Management Skills

- A. Participates in the hiring, orienting, training, coaching, counseling, promoting, evaluating and employment decisions for the department.
- B. Responsible for the supervision and organizational structure within the department. Delegates and follows-up in an appropriate manner to ensure quality, equity, and consistency within the department.

- C. Conducts employee performance appraisals in a timely and thorough manner.
- D. Is accountable for maintaining the department's budget and is fiscally responsible in accordance with those budgets and policies.
- E. Leads by example. Provides appropriate supervision in accordance with Eskaton's prime values and the established mission.
- F. Maintains constructive relationships with managers, peers, and employees. Works toward the benefit of the facility in establishing a positive work environment, demonstrating value to all staff and residents.
- G. Attends, participates and facilitates appropriate in-service and other educational or management meetings.
- H. Encourages the implementation of EQIP (Eskaton's Quality Improvement Process).
- I. Demonstrates the ability to complete job objectives in a timely manner.
- J. Demonstrates positive behavior characteristics such as attitude, initiative, cooperation, adaptability, fairness, ingenuity and dependability.
- K. Plans and organizes assignments and work flow in order to achieve maximum effectiveness and efficiency.
- L. Performs other duties and assignments deemed appropriate by the Administrator.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton. Promotes compliance with the Corporate Compliance Policy among subordinates.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton. Promotes compliance with the HIPAA Policy among subordinates.

### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of resident's needs.

### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

PERIOD OF EVALUATION: \_\_\_\_\_

POSITION: Weekend Clinical Supervisor

DATE OF LAST EVALUATION: \_\_\_\_\_

DATE OF THIS EVALUATION: \_\_\_\_\_

ESSENTIAL JOB FUNCTIONS	Below Require- ments	Meets Require- ments	Exceeds Require- ments	COMMENTS
<b>GENERAL:</b>				
Acts as the gatekeeper for the facility and is accountable for the coordination of facility services for quality resident care.				
Evaluates admissions with on-call weekend admissions staff to ensure proper utilization and appropriate placement.				
Ensures implementation of Eskaton and facility policies and procedures through appropriate instruction to line staff.				
Maintains staff adherence to nursing policies and procedures.				
Assumes ultimate accountability for coordination of nursing services in the facility. Responsible (in coordination with Staffing Coordinator) for ensuring adequate staffing. Participates in the ongoing evaluation of nursing staff.				
Conducts daily rounds and is appraised of any changes in condition.				

ESSENTIAL JOB FUNCTIONS	Below Requirements	Meets Requirements	Exceeds Requirements	COMMENTS
Provides supervision of patient care to include first level monitoring responsibility for significant changes in resident clinical condition, which includes the review of daily reports, incidents, etc.				
Provides crisis intervention backup for unit charge nurses in dealing with resident complaints and family concerns, as it relates to quality of care, levels of care, bed utilization and discharge planning.				
Immediately reports any suspected or observed incidents of resident abuse to Director of Nursing/Administrator.				
Keeps Director of Nursing informed of all situations, which may have an adverse impact on resident welfare.				
Assists in identifying any potential training needs of staff and communicates them to the appropriate supervisor or the administrator.				
Promptly reports noticeable environmental or equipment repair needs to the maintenance department.				
Participates in the orientating, coaching, counseling, evaluating for the department.				
Performs other duties and assignments as deemed appropriate by the administrator.				
Participates in the hiring, orienting, training, coaching, counseling, promoting, evaluating and employment decisions for the department.				

ESSENTIAL JOB FUNCTIONS	Below Requirements	Meets Requirements	Exceeds Requirements	COMMENTS
Responsible for the supervision and organizational structure within the department. Delegates and follows-up in an appropriate manner to ensure quality, equity, and consistency within the department.				
Conducts employee performance appraisals in a timely and thorough manner.				
Is accountable for maintaining the department's budget and is fiscally responsible in accordance with those budgets and policies.				
Leads by example. Provides appropriate supervision in accordance with Eskaton's prime values and the established mission.				
Maintains constructive relationships with managers, peers, and employees. Works toward the benefit of the facility in establishing a positive work environment, demonstrating value to all staff and residents.				
Attends, participates and facilitates appropriate in-service and other educational or management meetings.				
Encourages the implementation of EQIP (Eskaton's Quality Improvement Process).				
Demonstrates the ability to complete job objectives in a timely manner.				
Demonstrates positive behavior characteristics such as attitude, initiative, cooperation, adaptability, fairness, ingenuity and dependability.				
Plans and organizes assignments and work flow in order to achieve maximum effectiveness and efficiency.				

ESSENTIAL JOB FUNCTIONS	Below Requirements	Meets Requirements	Exceeds Requirements	COMMENTS
Performs other duties and assignments deemed appropriate by the Administrator.				
As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.				
Promotes compliance with the Corporate Compliance Policy among subordinates.				
Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.				
Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.				
Makes referrals to the appropriate supervisor of residents' needs.				
Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.				
Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.				
Remains calm in an environment with many demands and frequent changes and interruptions.				
Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.				

ESSENTIAL JOB FUNCTIONS	Below Requirements	Meets Requirements	Exceeds Requirements	COMMENTS
Works as a team player within the department and with other departments in the facility.				
Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.				
Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.				
Maintains attendance as outlined in Eskaton policy.				
Attends and participates in appropriate in-service and department meetings.				
Promptly reports noticeable environmental or equipment repair needs to the maintenance department.				
Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

ESKATON  
UNIT MANAGER  
11-13  
ESKATON CARE CENTER MANZANITA

DEPARTMENT: Nursing  
EFFECTIVE DATE: May 1, 1999  
REVISION DATE: April 14, 2003

Exempt                          X                          Non-exempt                                          

I.     JOB SUMMARY

The Unit Manager provides support to the Director of Nursing, including: performing the basic tasks of assessment (RAI), planning, intervention, supervision and evaluation of patient care to assure compliance within acceptable standards of care for assigned unit. This position works with nursing and other facility staff to ensure quality care for all residents. Collaborates and supports (with Case Manager) the admissions and the movement of residents within the facility based on required level of care. This position may serve as Director of Nursing in the absence of the DON.

II.    JOB RELATIONSHIPS

Responsible to:                      Director of Nursing  
Workers Supervised:                Nursing staff assigned to unit  
Interrelationships:                 This position interacts with the Director of Nursing and nursing staff on a daily basis, has frequent contact with the Administrator, department heads, Corporate Consultants, physicians, residents and families, and other facility personnel.

III.   ESSENTIAL JOB FUNCTIONS

General:

- A.     The Unit Manager acts as the gate-keeper for the operation of the nursing unit.
- B.     Is accountable for the timeliness of the RAI process.
- C.     Evaluates admissions, in coordination with the Director of Nursing, Case Manager and Admissions Coordinator, to assure proper utilization and appropriate placement.
- D.     Ensures implementation of Eskaton and facility policies and procedures through appropriate instruction to line staff.

- E. Assumes ultimate accountability for coordination of nursing services in the assigned unit.
- F. Provides daily supervision of patient care to include first level monitoring responsibility for significant changes in patient clinical condition, which includes the review of daily reports, incidents, etc. Assists in addressing family and staff concerns as it relates to quality of care, levels of care, bed utilization and discharge planning.
- G. Keeps the Director of Nursing informed of all situations which may have an adverse impact on patient welfare.
- H. Provides crisis intervention backup for unit charge nurses in dealing with patient complaints or family concerns.
- I. Immediately reports any suspected or observed incidents of resident abuse to Director of Nursing/Administrator.
- J. Determines the needs for appropriate training in collaboration with the Director of Staff Development.
- K. Participates in the selection and hiring process and the ongoing evaluation of the nursing staff for assigned unit; responsible (in coordination with the Staffing Coordinator) for ensuring adequate staffing.
- L. Maintains staff adherence to nursing policies and procedures.
- M. Conducts daily rounds of all patients and is apprised of any changing conditions.
- N. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.
- B. Promotes compliance with the Corporate Compliance Policy among subordinates.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with

the policies is a condition of employment with Eskaton.

- B. Agrees to promote compliance with the HIPAA policies among subordinates.

#### Leadership/Management Skills

- A. Participates in the hiring, orienting, training, coaching, counseling, promoting, evaluating and employment decisions for the department.
- B. Responsible for the supervision and organizational structure within the department. Delegates and follows-up in an appropriate manner to ensure quality, equity, and consistency within the department.
- C. Conducts employee performance appraisals in a timely and thorough manner.
- D. Is accountable for maintaining the department's budget and is fiscally responsible in accordance with those budgets and policies.
- E. Leads by example. Provides appropriate supervision in accordance with Eskaton's prime values and the established mission.
- F. Maintains constructive relationships with managers, peers, and employees. Works toward the benefit of the facility in establishing a positive work environment, demonstrating value to all staff and residents.
- G. Attends, participates and facilitates appropriate in-service and other educational or management meetings.
- H. Encourages the implementation of EQIP (Eskaton's Quality Improvement Process).
- I. Demonstrates the ability to complete job objectives in a timely manner.
- J. Demonstrates positive behavior characteristics such as attitude, initiative, cooperation, adaptability, fairness, ingenuity and dependability.
- K. Plans and organizes assignments and work flow in order to achieve maximum effectiveness and efficiency.
- L. Performs other duties and assignments deemed appropriate by the Administrator.

#### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.

- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of residents' needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

#### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

#### IV. WORK TRAITS

##### Aptitudes:

Ability to work independently with little or no direct supervision and to adjust to changing conditions and frequent demands.

Temperament:

Ability to maintain a positive, stable disposition in performing work in association with facility staff and residents and to maintain a high level of performance in an environment of frequent demands and changes.

V. QUALIFICATIONS

Education:

A Graduate of an accredited school of professional nursing and has a valid California RN or LVN license; current CPR certification.

Training and Experience:

Requires a minimum of two years experience in nursing supervisory experience in acute, geriatric, rehabilitation or psychiatric nursing.

Knowledge, Skills, and Abilities:

Requires current knowledge of federal, state and local regulations related to all levels of skilled nursing healthcare and requires keeping abreast of current trends and new developments in nursing and healthcare administration. It also requires effective the following skills and abilities: verbal and literary communication skills to interact with all levels of personnel and outside contacts, effective managerial and inter-personal skills, the ability to plan, organize and implement work and be flexible enough to shift priorities quickly and work under pressure with constantly changing demands, and must be amenable to weekend call duties and emergency standby as conditions warrant.

- D. Demonstrates ability to perform nursing treatments and procedures as prescribed for resident assigned. Administers those treatments in an appropriate manner.
- E. Demonstrates knowledge of specialized diets and medications commonly prescribed to residents and administers appropriate medications.
- F. Demonstrates knowledge and awareness of rehabilitative and preventative aspects of care and ensures resident safety, comfort, and protection.
- G. Assists physicians in making rounds and assessments of residents.
- H. Administer IV therapy within the scope of practice.
- I. Evaluates nursing care by means of current assessment tools.
- J. Reports diagnostic data and incorporates it into the plan of care.
- K. Assists in providing resident and family teaching and training.

#### Documentation

- A. Provides notes on each resident reflecting skilled care, resident instruction, and patient/family response. Provides doctor notification and specific plan for ongoing care.
- B. Submits written plans of treatment reflecting resident status and nursing care plans in a timely and accurate manner.
- C. Submits required documentation which consistently meets guidelines within the time frames established by the facility.
- D. Follows documentation procedures as required by Title XXII and OBRA rules and regulations. Uses accurate medical terminology.

#### Personal and Professional Development

- A. Attends workshops, seminars, or classes to further develop professional knowledge/skills by seeking or accepting new or challenging assignments when requested.
- B. Establishes professional goals in coordination with nursing supervisor and shows progress towards achievement.
- C. Participates in orientation programs for new nursing employees, students or selected individuals designated by the facility.

- D. Participates on internal committees/projects when requested and participates in staff meetings on a regular basis.

#### Case Management

- A. Communicates information regarding residents at team meetings, and coordinates care provided to the residents.
- B. Establishes short and long term goals for total resident care and management.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.
- B. Promotes compliance with the Corporate Compliance Policy among subordinates.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with these policies is a condition of employment with Eskaton.
- B. Promotes compliance with the HIPAA Compliance Policy among subordinates.

#### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of resident's needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets accordingly and carries out job assignments in a self-directed manner.

- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

#### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

### IV. WORKER TRAITS

#### Aptitudes:

Possesses the ability to work independently with little or no supervision, to adjust to changing conditions and frequent demands, to acquire new knowledge to perform additional or more difficult tasks.

#### Temperaments:

Has the ability to maintain a positive, stable disposition in performing work in association with staff and residents and to maintain a high level of performance in an environment of frequent demands and changes.

V. QUALIFICATIONS

Education:

Valid California Licensed Vocational Nursing certificate. CPR certification.

Training and Experience:

One (1) year recent skilled nursing experience preferred.

Knowledge and Abilities:

Possesses an in-depth knowledge of comprehensive nursing care which includes clinical disease entities, the physical assessment skills required for initial and follow-up appraisal on all assigned residents, and know the treatments, specialized diets, and preventative aspects concerning each resident. Possesses additional knowledge of direct resident care services which ensures the safety, comfort and protection of residents. Has the ability to perform tasks indicated for diseases prevention and restorative measures, ability to document professional nursing services provided with a realistic plan for reaching short term and long range goals, and able to make decisions regarding safety needs of residents including adequate equipment.

ESKATON  
CERTIFIED NURSES ASSISTANT  
11-74  
ESKATON CARE CENTER MANZANITA

DEPARTMENT:           Nursing  
EFFECTIVE DATE:       January 1, 1993  
REVISION DATE:        July 9, 2004

Exempt                   \_\_\_\_\_                   Non-exempt                   \_\_\_\_\_ X

I.    JOB SUMMARY

The Certified Nurses Assistant provides personal care, nursing assistance, and other assigned tasks to residents. This position provides direct resident care, assists in daily living activities, provides resident documentation and evaluation. Duties and assignments may be adjusted at the discretion of the supervising nurse or the Director of Nursing based on the evaluation of the resident's needs.

II.   JOB RELATIONSHIPS

Responsible to:           Director of Nursing and/or appropriate nursing supervisor.

Workers supervised:      None.

Interrelationships:       All staff within the facility, vendors, residents and visitors.

III.  ESSENTIAL JOB FUNCTIONS

Direct Resident Care

- A.   Provides or assists residents in bathing/showering for thorough cleanliness and hygiene. Also provides or assists with grooming and hygiene of residents (i.e. shaving, oral hygiene, cleaning, trimming finger/toenails) in a safe and thorough manner on a daily basis.
- B.   Makes beds, straightens rooms, and keeps resident care areas in an organized manner.
- C.   Assists residents in dressing when needed and demonstrates concern for individual privacy while providing resident care.

- D. Provides safe resident transfers involving bed, wheelchair, chair and/or shower chair.
- E. Demonstrates ability to assist with toileting in a safe and thorough manner, as indicated in residents plan of care.
- F. Promotes independence in resident care as appropriate and demonstrates awareness of safety for both residents and the individuals providing care.
- G. Takes and records temperature, pulse, blood pressure, and respirations as required.
- H. Assists residents with simple range of motion or other exercises as directed by nurse or therapist and ambulates residents safely according to his/her endurance levels.
- I. Applies medical or adaptive devices as ordered by the appropriate supervising nurse.
- J. Makes rounds to ensure residents' safety, comfort, medical attention every hour or as required by the patient.
- K. Collects specimens as directed.
- L. Completes the weighing of each resident as required.
- M. Sets up meal tray and assists with feeding as necessary. Assesses for choking and responds appropriately.
- N. Participates in development of residents plan of care and follows current plan of care.
- O. Promptly reports a change in conditions of residents.
- P. Demonstrates knowledge of standard precautions and proper use of gloves, gowns, masks, eye protection and linen handling.

#### Documentation

- A. Accurately documents care given to residents including the documentation of reportable resident problems (i.e., ADL sheets, B & B sheets, meal percentages, I & O's, etc.).
- B. Keeps accurate records of time worked. Clocks in and out of facility as required by law and by the rules and regulations of the facility.

- C. Submits required documentation which consistently meets guidelines within the time frames established by the facility.
- D. Follows documentation procedures as required by Title XXII and OBRA rules and regulations. Uses accurate medical terminology.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

#### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of resident's needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.

- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

IV. WORKER TRAITS

Aptitudes:

Ability to work independently with little or no supervision, to adjust to changing conditions and frequent demands, and to acquire new knowledge to perform additional or more difficult tasks.

Temperaments:

Ability to maintain a positive, stable disposition while working in association with staff and residents, and to maintain a high level of performance in an environment of frequent demands, changes, and interruptions.

V. QUALIFICATIONS

Education:

High school graduation or G.E.D., preferred. Possession of a valid California Certified Nurse Assistant certification. Proficient ability to communicate orally and in writing.

Training and Experience:

Six months experience in providing personal care in a long term care facility preferred.

Knowledge and Abilities:

Possesses knowledge in performing personal care services in a skilled nursing facility, and has the ability to meet new and/or stressful situations with the appropriate responses, to work effectively as part of a healthcare team, and to share information freely. Is able to use and seek supervision and consultation verbally and in writing, and to follow both verbal and written instructions.

III. ESSENTIAL JOB FUNCTIONS:

Direct Resident Care:

- A. Takes resident's vital signs, documents them appropriately and recognizes abnormalities.
- B. Promotes independence in resident care as appropriate and demonstrates awareness of safety for both resident and individuals providing care. Must demonstrate proper transfer and lifting techniques.
- C. Assists with appropriate range of motion or other exercises as directed by nurse or therapist and ambulates residents safely according to his/her endurance levels.

- D. Assists resident with bed mobility techniques, ambulation techniques and the use of assistive devices.
- E. Assists residents with balance/standing activities.
- F. Assists with the feeding as necessary. Assess for choking and responds appropriately.
- G. Maintains an accurate inventory of medical equipment/devices for residents. Ensures equipment is in good repair and calls for maintenance on broken equipment.
- H. Assists resident in dressing when needed and demonstrates concern for individuals' privacy in providing resident care.
- I. Applies medical or adaptive devices as ordered by the appropriate supervising nurse.

#### Documentation

- A. Documents progress/lack of progression in ADL/ROM/transfer abilities, completes weekly summaries, communicates progression with therapists and nurses.
- B. Keeps accurate records of time worked. Clocks in and out of facility as required by law and by the rules and regulations of the facility.
- C. Submits required documentation which consistently meets guidelines within the time frames established by the facility.
- D. Follows documentation procedures as required by Title XXII and OBRA rules and regulations. Uses accurate medical terminology.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with these policies is a condition of employment with Eskaton.

#### Customer Service

- A. Offers assistance to clients in a timely manner; call lights, telephones, requests, etc.

- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate supervisor of resident's needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload/caseload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

#### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Wears prescribed uniform and follows prescribed dress code. Maintains a professional image to the public and residents.

#### IV. WORKER TRAITS

##### Aptitudes:

Possesses the ability to work independently with little or no supervision, to adjust to

changing conditions and frequent demands and to acquire new knowledge to perform additional or more difficult tasks.

Temperaments:

Has the ability to maintain a positive, stable disposition in performing work in association with staff residents and to maintain a high level of performance in an environment of frequent demands and changes.

V. QUALIFICATIONS

Education:

High school graduation or G.E.D. preferred. Proficient ability to communicate both orally and in writing.

Training and Experience:

Six months experience in providing personal care in a long term care setting preferred. Valid/Current First Aid certification.

Knowledge and Abilities:

Must have knowledge in performing personal care services and restorative aide services in a residential environment, with the ability to meet new and/or stressful situations with the appropriate responses. Must also be able to work effectively as part of a healthcare team, to share information freely, to use and seek supervision and consultation verbally and in writing, and be able to follow both verbal and written instructions.

INFECTION PREVENTIONIST  
CARE CENTER MANZANITA

DEPARTMENT: NURSING

EFFECTIVE DATE: 9/22/21

REVISION DATE: 09/22/21

Exempt \_\_\_\_\_

Non-exempt \_\_\_\_\_ x

I. JOB SUMMARY

The infection preventionist plans, develops, organizes, implements, evaluates, coordinates, and directs the infection prevention and control program in accordance with current rules, regulations, and guidelines that govern such requirements in the long-term care facility. This position keeps abreast of current CDC, OSHA, CMS, CDPH and local regulations concerning infection prevention and control practices and guidelines. He or she will provide relevant education or training to new and current employees and will lead the antibiotic stewardship program. The infection preventionist has the autonomy to make recommendations and implement facility policies to support infection prevention and control adherence. This is a Full Time position- may be divided between two employees so long as the combined work hours equal 40.

II. JOB RELATIONSHIPS

Responsible to: Director of Nursing

Workers supervised: No direct reporting relationships. Indirectly supervises nursing staff as directed by the Director of Nursing.

Interrelationships: All staff within the facility, vendors, residents and visitors.

II. ESSENTIAL JOB FUNCTIONS

A. Infection Prevention and Control Program Management

1. Infection prevention program

- i. Consult in the development and implementation of the infection prevention program in accordance with current rules, regulations and guidelines that govern such requirements in the long term care facility.
  - ii. Ensures the facility is in compliance with current CDC, OSHA and local regulations concerning infection control practices.
  - iii. Evaluate the effectiveness of the IP program and modify as needed.
  - iv. Provides reports (oral or written) or recommendations to the Executive Director and/or Director of Nursing concerning the infection control program of the facility.
  - v. Prepares and reports on monthly summaries of all residents/personnel infections, corrective actions taken and the results of the corrective action. Provides copies to facility leadership as part of the QA meeting.
  - vi. Actively participate on the IPC committee.
2. Surveillance
- i. Develop an annual surveillance plan based on the population served, services provided, and analysis of surveillance data.
  - ii. Conduct surveillance using epidemiological principles.
  - iii. Evaluate and modify the surveillance plan as necessary.
3. IPC policies and protocols
- i. Consult in the development and assist with the implementation of IPC policies and protocols.
  - ii. Communicate IPC information and data to various committees within the facility and HCP.

#### B. Infection Prevention and Control Education

- 1. Develop IPC training
  - i. Assess learning needs and develop training for SNF residents and HCP.
  - ii. Create educational goals, objectives, and strategies using learning principles and available educational tools and technology.
- 2. Conduct training for SNF residents, HCP, engineering staff, housekeeping staff, food service staff, volunteers, and others who enter the SNF on a regular basis.
- 3. Conduct adherence monitoring to:
  - i. Provide feedback to HCP and reinforce training concepts.
  - ii. Evaluate the effectiveness of educational programs and modify as needed
- 4. Ensures isolation precautions are appropriately carried as required/needed according to the residents' medical condition.

#### C. Regulatory Requirements

- 1. Consult in the development and implementation of policies and procedures that meet the criteria below:
  - i. Ensure compliance with regulatory and mandatory reporting requirements at the local, state, and federal levels.
  - ii. Ensure compliance with COVID-19 and other testing requirements
  - iii. Facilitate compliance with regulatory standards among residents and HCP

2. Consult in the modification of policies and procedures as needed to meet the criteria above and/or to incorporate current infection control standards

#### D. Performance Improvement (PI)

1. Use various PI methodologies as a means of enacting change
2. Develop policies and procedures for PI measures
  - i. Consult in the development of policies and procedures that define and investigate PI measures
  - ii. Ensure that resident needs and rights are considered in the development of processes
  - iii. Incorporate IPC process and outcome measures into the Quality Assurance and Performance Improvement (QAPI) program.
  - iv. Modify policies and procedures for PI measures as needed
3. Participate in PI committees, teams, and initiatives as needed

#### E. Occupational Health

1. Provide consultation to occupational health personnel in the following areas:
  - i. Occupational health policies and procedures related to IPC
  - ii. Risk of occupational exposures to infectious disease
  - iii. Rates and trends of occupational exposures
  - iv. Work restrictions and recommendations related to communicable diseases or following an exposure
2. Assist with immunization and screening programs as needed

#### F. Other functions

1. Ensures all HCP receive infection prevention and control training on an annual basis
2. Ensures that antibiotic stewardship program is implemented and coordinates with nursing staff, physicians and pharmacists as needed.
3. Completes the monthly infection control report timely and communicates significant findings with the infection control committee.
4. Works with state or federal surveyors during annual or complaint surveys and provides requested documents and information in a timely manner.
5. Completes 10 hours of continuing education in the field of IPC and stays abreast of current news and training sources through a nationally recognized infection prevention and control association

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

#### Customer Service

- A. Offers assistance to clients in a timely manner; telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate individual for the client's needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

#### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

#### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Follows prescribed dress code and maintains a professional image to the public and residents.

#### IV. WORK TRAITS

Aptitude: Possesses the ability to work independently with little or no supervision, to adjust to changing conditions and frequent demands, and to acquire new knowledge to perform additional or more difficult tasks.

Temperament: Has the ability to maintain a positive, stable disposition in performing work and in association with staff and residents. Is able to maintain a high level of performance in an environment of frequent demands.

#### V. QUALIFICATIONS

##### Education:

Graduate of an accredited school of nursing. Current RN or LVN license with the California State Board of Nursing.

##### Training and Experience:

At least one year experience of direct nursing care in acute care or nursing facility is preferred.

It is important that IP have training in fundamental IPC principles to effectively perform the IP duties. Ongoing education is necessary to remain aware of new information, trends, best practices, and to refresh existing knowledge. The designated IP (or both IPs if there are two part-time staff designated) should complete their initial IP training within 90 calendar days of hire. If the IP is an existing SNF employee who was recently designated to this role, initial training should occur within 30 calendar days of designation.

The initial training should include the following topic areas and include a minimum of 14 hours:

- Role of the Infection Preventionist
- Infection Prevention Plan
- Standard, Enhanced Standard, and Transmission-Based Precautions
- Hand Hygiene
- Injection Safety
- HAI Prevention (e.g., Respiratory, BSI, UTI, Scabies, CDI, MDRO)
- Infection Surveillance
- Cleaning, Disinfection, Sterilization, and Environmental Cleaning
- Microbiology
- Outbreaks
- Antibiotic Stewardship
- Laws and Regulations (e.g. reporting requirements)

## Preventing Employee Infections

The IP should complete 10 hours of continuing education in the field of IPC on an annual basis.

### Job Knowledge:

Possesses an in-depth knowledge of comprehensive nursing care and infection prevention and control practices.

I. JOB SUMMARY

NA Instructors serve as the primary instructors for nurse assistant training programs for both theory and clinical training. They operate under the supervision of the Executive Director.

II. JOB RELATIONSHIPS

Responsible to: Executive Director

Workers supervised: Nursing Assistants

Interrelationships: Direct Care Staff

III. ESSENTIAL JOB FUNCTIONS

1. Present lectures and conduct discussions to increase students' knowledge and competence, using visual aids such as graphs, charts, videotapes and slides.
2. During clinical instruction, demonstrate skills in the clinical setting and have students perform a return demonstration of all skills noted on CDPH276A (Clinical Skills Checklist) in the clinical setting. All skills will be evaluated and documented on the date that the skill was performed.
3. Understand the training curriculum, plan course content and methods of instruction.
4. Ensure that the daily attendance is completed in both theory and clinical training.
5. Maintain ongoing dialog with students to ensure that they are aware of Theory or Clinical hours that they are required to make up.
6. Inform the PD whenever students miss required Theory or Clinical hours.
7. Inform students of their options for making up missed Theory or Clinical hours.
8. Integrate academic and vocational curricula so that students can obtain variety of skills.
9. Observe and evaluate students' work to determine progress, provide feedback, and make suggestions for improvement.

10. Ensure that all student records are completed fully and accurately, and that student records are secured in a locked cabinet when they are not actively being used by the NA Instructor.
11. Review student records to ensure that Health Exam and Screening documentation is received and properly filed in student training records.
12. Participate in conferences, seminars, and training sessions to keep abreast of developments in the field' and integrate relevant information into training programs.
13. Confirm that Live Scan clearance has been submitted for students before allowing them to interact with SNF residents.
14. Report deviations from the schedule/curricula to the RN Program Director.
15. Ensure that Student Training Record files are kept secure when class is not in session.
16. Complete Student Training Record files completely and correctly, in accordance with NATP and CDPH policies.
17. Work with students to identify Special Accommodation needs and issues.
18. Identify and counsel students who have not successfully completed the NATP in time for the Graduation Ceremony.
19. Counsel students who have not successfully completed the NATP in writing and explain their option to participate in the Graduation Ceremony.
20. Make arrangements with students who have not successfully completed the NATP to allow them to participate in the Graduation Ceremony.
21. Comply with the provisions of the NATP Policies & Procedures Manual.

#### Required Knowledge/Skills:

#### Education and Training

Knowledge of the principles and methods for curriculum and training design, teaching and instruction for individuals and groups, and the measurement of training effects.

English Language - Knowledge of the structure and content of the English language including the meaning and spelling of words, rules of composition and grammar.

#### Skills:

Speaking - talking to others to convey information effectively Instructing teaching others how to do something

Active Listening - giving full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate time

Learning Strategies - selecting and using training/instructional methods and procedures appropriate for the situation when learning/teaching new things.

Reading Comprehension - understanding written sentences and paragraphs in work related documents.

### Instructor Evaluation:

NA Instructors will receive annual evaluations. The RN Program Director will write the evaluation, and the Administrator will serve as the senior reviewer. The due date for annual evaluations will be July 31 of every calendar year. Factors that may be included in the evaluation include:

1. Instructor evaluations by the students at the conclusion of every class.
2. Percentage of NA Instructor's students passing the state examination for certification.
3. Notes from the Program Director's unannounced and announced visits to the NATP class.

### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

### Customer Service

- A. Offers assistance to clients in a timely manner; telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate individual for the client's needs.

### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.

- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

Miscellaneous

ESKATON  
Nursing Assistant  
Nursing Assistant Training Program (NATP)

DEPARTMENT: Nursing

EFFECTIVE DATE: August 6, 2020

REVISION DATE: November 10, 2021

Exempt \_\_\_\_\_ Non-exempt \_\_\_\_\_ X

I. JOB SUMMARY

To gain the practical knowledge of a Nursing Assistant role through classroom theory learning and clinical rotation. Students will learn to address the needs of the whole Patient or Resident while promoting independence and self-care, emphasizing communication, infection control, safety, and clinical nursing. In addition, our goal is to prepare the student for the successful completion of the State Certification Examination and afterwards become an efficient and safe Certified Nursing Assistant.

Eskaton will sponsor selected candidates to attend a community based Nursing Assistant Training Program. Training programs are generally 6 weeks with 2 weeks of classroom training, 3 weeks clinical rotation, and an additional week for test preparation.

II. JOB RELATIONSHIPS

Responsible to: Program Instructor/Program Director

Workers supervised: None

Interrelationships: Direct Care Staff

III. PROGRAM REQUIREMENTS

- A. Our Nursing Assistant program has two required components: the theoretical portion and clinical portion. The 1st portion of our program is comprised of 60 hours of theory and is held at the beginning of our program. The 2nd portion of our program is comprised of 100 hours of clinical experience for a total of 160 hours as required by the California Department of Public Health.
- B. The course content is delivered through lectures and instructor demonstrations exposing students to actual nursing procedures and techniques used. Knowledge

evaluation is continuous throughout our program by the use of test and student demonstration related to the course content presented in lecture.

- C. Once candidates have successfully passed the written and skills testing a letter of employment will be extended to join our team as a NA/CNA. The student must successfully pass the exam within 4 months of program completion.
- D. A promissory note with a commitment of at least one(1) year of employment is required. Failure to meet this obligation may result in initial tuition costs being owed to Eskaton.

ESKATON  
RESPIRATORY THERAPIST  
ESKATON CARE CENTER MANZANITA

DEPARTMENT: NURSING

EFFECTIVE DATE: February 4, 2019

REVISION DATE:

Exempt \_\_\_\_\_

Non-exempt \_\_\_\_\_ X

I. JOB SUMMARY

The Respiratory Therapist provides direct patient care and support activities to ensure quality care is provided to all patients/residents. Restores patient's pulmonary function, assists with measures to manage pain, and supports independent function by planning and administering medically prescribed respiratory therapy.

II. JOB RELATIONSHIPS

Responsible to: Director of Nursing

Workers supervised: None

Interrelationships: All staff within the facility, vendors, residents and visitors.

III. ESSENTIAL JOB FUNCTIONS

- A. Meets patient's goals and needs and provides quality care by conducting pulmonary function tests; assessing and interpreting evaluations and test results; and determining respiratory therapy treatment plans in consultation with the physician and interdisciplinary team.
- B. Uses current treatment knowledge in accordance with accepted clinical procedures.
- C. Administers respiratory therapy treatments by administering inhalants and oxygen, assisting with breathing exercises, and monitoring physiological responses to therapy such as vital signs and review of lab results.
- D. Evaluates effects of respiratory therapy treatment plan by observing, noting, and evaluating patient's progress; recommending modifications and adjustments as needed.

- E. Writes accurate, complete, and clear documentation in accordance with regulatory guidelines and Eskaton policies and procedures.
- F. Assures continuation of therapeutic plan through involvement in discharge planning.
- G. Consistently demonstrates interdisciplinary approach to patient care.
- H. Contributes to professional development of self and others.
- I. Interacts with peer therapists at local acute hospitals and other environments, if appropriate.
- J. Maintains state-of-the-art body of knowledge in areas of clinical expertise through seminars, professional journals, and peers.

#### Corporate Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Corporate Compliance Policy. Full compliance with the policy is a condition of employment with Eskaton.

#### HIPAA Compliance

- A. As an employee of Eskaton, fully complies with all provisions in the Health Insurance Portability and Accountability Act (HIPAA). Full compliance with the policy is a condition of employment with Eskaton.

#### Customer Service

- A. Offers assistance to clients in a timely manner; telephones, requests, etc.
- B. Takes the initiative to resolve client concerns or confirms that the appropriate party resolves the concerns.
- C. Makes referrals to the appropriate individual for the client's needs.

#### Interpersonal Relationships

- A. Communicates unresolved work-related problems using chain of command, consistently demonstrates effective problem solving skills and handles confidential information appropriately.
- B. Demonstrates flexibility with a changing workload, sets priorities accordingly and carries out job assignments in a self-directed manner.
- C. Remains calm in an environment with many demands and frequent changes and interruptions.

### Teamwork

- A. Is friendly and courteous to residents and co-workers. Models a service attitude towards others, takes ownership in solving problems and takes the initiative to improve situations.
- B. Works as a team player within the department and with other departments in the facility.
- C. Assists co-workers when own work is thoroughly completed and/or is asked by the appropriate supervisor to do so.

### Miscellaneous

- A. Works in accordance with established safety guidelines with emphasis on the use of proper body mechanics and safe work practices; wears appropriate safety gear.
- B. Maintains attendance as outlined in Eskaton policy.
- C. Attends and participates in appropriate in-service and department meetings.
- D. Promptly reports noticeable environmental or equipment repair needs to the maintenance department.
- E. Follows prescribed dress code and maintains a professional image to the public and residents.

## IV. WORK TRAITS

### Aptitude:

Possesses the ability to work with all types and levels of staff and patients.

### Temperament:

Has the ability to maintain a positive, stable disposition in performing work in association with staff and residents and to maintain a high level of performance in an environment of frequent demands and changes.

## V. QUALIFICATIONS

### Education:

Associate Degree in Respiratory Therapy required. Current and valid RRT or CRT license. Valid CPR Certification required. Two plus years of active therapy experience requested.

### Training and Experience:

Some experience in skilled nursing facility environment or equivalent preferred.

### Job Knowledge:

Must have an understanding of the principles employed in Respiratory Therapy. Must have skills in Respiratory Therapy treatment planning and techniques. Knowledge of pertinent medical terminology. Must have good written and verbal communication skills.

Human Resources

**SECTION 999.5(d)(5)(F)**

- (F) For each health facility or facility that provides similar health care services that is the subject of the agreement or transaction, all existing documents setting forth any guarantees made by any entity that would be taking over operation or control of the health facility or facility that provides similar health care services relating to employee job security and retraining, or the continuation of current staffing levels and policies, employee wages, salaries, benefits, working conditions and employment protections.**

Cypress has expressly agreed to hire and retain all Fair Oaks, Greenhaven, and Manzanita employees, with the exception of the administrators and directors of nursing, for a period of at least sixty days post closing. IEP covenants that it will not reduce the employees' wages or benefits during this period. See the Management and Operations Transfer Agreement, Section 10.2.

**SECTION 999.5(d)(5)(G)**

- (G) If the agreement or transaction will have any impact on reproductive health care services provided by any facility that is the subject of the agreement or transaction, or any impact on the availability or accessibility of reproductive health care services, a description of all reproductive health care services provided in the last five years by each health facility or facility that provides similar health care services that is the subject of the agreement or transaction. This description shall include the types and levels of reproductive services including, but not limited to, information about the number of pregnancy terminations and tubal ligations and a description of how this information was compiled.**

(Not Applicable)

**SECTION 999.5(d)(5)(H)**

- (H) A statement describing all effects that the proposed agreement or transaction may have on health care services provided by each facility proposed to be transferred including, but not limited to, any changes in the types or levels of medical services that may be provided at the health facility or facility that provides similar health care services and a statement of how the proposed transaction may affect the availability and accessibility of health care in the affected communities.**

Eskaton anticipates that the proposed transaction will not adversely affect the delivery, availability, or accessibility of health care services to the community served by Fair Oaks, Greenhaven, and Manzanita. SNF programs and services will not be reduced as a result of the proposed transaction. To the contrary, the sale to IEP will benefit each of the SNFs and the residents it serves because IEP will be better able to serve the Sacramento community for the reasons stated in Section (1)(C).

**SECTION 999.5(d)(5)(I)**

- (I) A description and copy of all current contracts between the applicant and the city in which the applicant is located and current contracts between the applicant and the county in which the applicant is located for each health facility or facility that provides similar health care services that are the subject of the agreement or transaction.**

Eskaton currently has a Memorandum of Agreement with the county of Sacramento Department of Public Health.

Eskaton also has agreements with Los Rios Community College and California State University Sacramento to serve as a clinical training site for certified nursing assistants. Greenhaven also serves as a clinical training cite for the Job Corps.

A copy of each of these agreements will be provided:

1. Memorandum of Agreement with the Sacramento Department of Public Health.
2. Agreement with Los Rios Community College.
3. Agreement with California State University Sacramento.
4. Agreement between Greenhaven and Nursing Corps re Certified Nurse Assistant Training.

**SECTION 999.5(d)(5)(J)**

- (J) A description of compliance with the Alfred E. Alquist Hospital Facilities Seismic Safety Act of 1983, as amended by the California Hospital Facilities Seismic Safety Act (Health & Safety Code §129675-130070), for each health facility or facility that provides similar health care that is the subject of the agreement or transaction, including the certified Structural Performance Category of every building affected by the agreement or transaction and a copy of every final determination letter received from the Office of Statewide Health Planning and Development for every building affected by the agreement or transaction.**

Not applicable. The health facilities in question are skilled nursing facilities, not general acute care hospitals, and are not the subject of the above-referenced laws.

**SECTION 999.5(d)(5)(K)**

- (K) A description of each measure proposed by the applicant to mitigate or eliminate any potential adverse effect on the availability or accessibility of health care services to the affected community that may result from the agreement or transaction.**

Please see Section (5)(H) above. The parties do not anticipate any adverse effect on the availability or accessibility of health care services resulting from the proposed sale. To the contrary, the proposed affiliation should yield net benefits to the community as described in Section (5)(H).

## SECTION 999.5(d)(6)

### POSSIBLE EFFECT ON COMPETITION

#### (d)(6)(A)

- (A) **For any agreement or transaction for which a Premerger Notification and Report Form is required to be submitted to the Federal Trade Commission under the Hart-Scott-Rodino Antitrust Improvement Act of 1976, a brief analysis of the possible effect of any proposed merger or acquisition of each health care facility or facility that provides similar health care services that is the subject of the agreement or transaction on competition and market share in any relevant product or geographic market.**

This transaction is exempt from filing the premerger notification report form (the "Form") under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, 15 U.S.C. § 18a (§ 7A of the Clayton Act or "the Act").

For the Form filing requirement to apply to a proposed merger or acquisition, the transaction must satisfy three tests: (1) the commerce test under Section 7A(a)(1) of the Act; (2) the size of transaction test under Section 7A(a)(2) of the Act; and (3) the size of person test under Section 7A(a)(2) of the Act. An acquisition will satisfy the commerce test if either of the parties to a transaction is engaged in commerce or in any activity affecting commerce. The size of transaction test will be met if, as a result of the transaction, the acquiring person will hold an aggregate amount of voting securities, non-corporate interests ("NCI") and assets of the acquired person valued at more than \$50 million (as adjusted). The size of person test will be met if one of the parties has sales or assets of at least \$100 million (as adjusted) and the other party has sales or assets of at least \$10 million (as adjusted).

Here, the buyer and seller arguably fail the commerce test. As the court observed in *Mitchell v. Frank R. Howard Memorial Hospital*, 853 F.2d 762 (9th Cir. 1988), the commerce determination in health care is based "on a broad aggregate of factors including proximity of the facility to regional centers of commerce or to other states, treatment of significant numbers of out-of-state patients, purchase of equipment and supplies from interstate sources and interstate transfer of payment for patient care." Eskaton Fair Oaks, Greenhaven, and Manzanita serve a largely local market, purchase most of their equipment and supplies from California vendors, and do not transfer residents out of state for care. Likewise, the buyer intends to serve a largely local market, purchase most or all of its equipment and supplies from California vendors, and not to transfer residents out of state for care.

Irrespective of whether the sellers or buyers meet the commerce test, it is clear that they do not meet the other two tests. Under the size of transaction test, the buyer is not acquiring an aggregate amount of voting securities, non-corporate interests ("NCI") and assets of Eskaton valued at more than \$101 million (as adjusted). The purchase price of Fair Oaks, Greenhaven, and Manzanita, their related assets and their fair market value were determined by a 2013 appraisal which valued the three properties at \$43,500,000, and the highest offer

Eskaton received for the properties in 2022 was \$37,000,000. Although the third (size of person) test is met because IEP currently has assets valued in excess of \$900 million, Eskaton does not have assets valued at \$202 million as adjusted. Because the transaction fails two or three of the tests, and all three tests must be satisfied to trigger the filing of the Form, the parties are exempt from filing the Form.

**SECTION 999.5(d)(6)(B)**

- (B) The applicant shall provide the Premerger Notification and Report Form and any attachments thereto as filed with the Federal Trade Commission pursuant to the Hart-Scott-Rodino Antitrust Improvement Act of 1976 and 16 C.F.R. Parts 801-803. The procedure for designating information as confidential set forth in section 999.5(c)(3) of these regulations shall apply to any information submitted under this subsection.**

(Not Applicable)

## SECTION 999.5(d)(7)

### OTHER PUBLIC INTEREST FACTORS

**The written notice of any proposed agreement or transaction set forth in section 999.5(a)(1) of these regulations shall include a section entitled “Other Public Interest Factors” that contains any other information the applicant believes the Attorney General should consider in deciding whether the proposed agreement or transaction is in the public interest.**

In addition to the considerations outlined above, Eskaton believes the community and the three SNFs at issue here would be better served with an operator better able to take advantage of economies of scale. Eskaton’s diverse range of services limits its ability to specialize in SNF operations, while a pure SNF operator will be able to do so. Furthermore, Cypress is, to Eskaton’s understanding, a geographically concentrated SNF operator in the Greater Sacramento region, which allows for benefits in challenging areas such as staffing, contract pricing with local vendors, and vendor management. All of these factors should help make the operation more sustainable for the benefit of patients, community, and provider alike.

**SECTION 999.5(d)(8)**

- (8) The written notice of any proposed agreement or transaction set forth in section 999.5(a)(1) shall include a resolution of the board of directors of the applicant authorizing the filing of the written notice and a statement by the chair of the board that the contents of the written notice are true, accurate and complete.**

A copy of the board resolution and certification statements signed by the Board Chair of Eskaton is attached to this Section.

**CERTIFICATE OF RESOLUTION  
OF THE  
BOARD OF DIRECTORS OF  
ESKATON PROPERTIES, INC.**

At a duly constituted meeting of the Board of Directors of Eskaton Properties, Inc., held on March 8, 2023 a quorum of said Board was at all times present and acting, and the following resolution was unanimously adopted:

**WHEREAS**, the Corporation is a not-for-profit with a primary mission to enhance the quality of life of seniors through innovative health, housing and social services; and

**WHEREAS**, financial sustainability is necessary for the Corporation to continue serving that mission; and

**WHEREAS**, the operations of Eskaton Care Center Fair Oaks, Eskaton Care Center Greenhaven, and Eskaton Care Center Manzanita are no longer financially sustainable, and their continued operation within the Corporation would undermine the Corporation's ability to carry out its mission; and

**WHEREAS**, in the judgment of the Board of Directors the resources required from the Corporation to continue operation of those three Care Centers would better serve the Corporation's mission if committed to different facilities and services; and

**WHEREAS**, the Board of Directors has reviewed and considered the structure of the proposed transaction under negotiation with proposed purchaser International Equity Partners (either directly or via a subsidiary company) and proposed new operator Cypress Healthcare Group;

**WHEREAS**, the Corporation has engaged a consultant to facilitate the sale of the three facilities, and with the assistance of the consultant has issued a Request for Proposal (RFP); and

**WHEREAS**, eight offers were received in response to the RFP, of varying quality, and those offers were reviewed with considerations including, but not limited to, purchase price; nature of prospective buyer (e.g. whether the prospective buyer has experience operating SNFs in California's regulatory environment); expected ability of the prospective buyer to promptly obtain financing necessary to complete the transaction; the prospective buyer's ability to move quickly in seeking required approvals and executing necessary agreements; and the prospective buyer's willingness to commit to continued employment and working conditions of existing employees of the communities; and

**WHEREAS**, the Corporation narrowed potential buyers from eight to four, then conducted additional evaluation, interviews, and due diligence, then narrowed potential buyers from four to two for a final round of evaluation, before deciding on the buyer best suited for the transaction based on the above criteria and the overarching goal of being able to reposition Corporation resources to better serve the Corporation's mission;

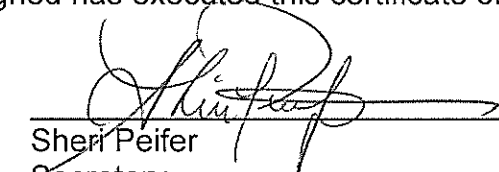

**NOW, THEREFORE**, be it resolved by the Board of Directors that:

1. The sale of Eskaton Care Center Fair Oaks, Eskaton Care Center Greenhaven, and Eskaton Care Center Manzanita, with the assets therein, to International Equity Partners, with operations to be assumed by Cypress Healthcare Group, is authorized for a sale price of not less than \$35,500,000; subject to approval by the board of any material changes to the Asset Purchase Agreement or the material risks assumed in the transaction before closing. Such sale is authorized along the general structure outlined in the draft Asset Purchase Agreement (APA) and draft Management Operations Transfer Agreement (MOTA) under consideration as of the date of this Resolution.
2. The Officers of the Corporation are authorized and directed to, in consultation with legal counsel for the Corporation, further negotiate the agreements and take such steps as are necessary and prudent to complete the sale of the three facilities. This includes any necessary negotiated revisions to the APA and MOTA as may be necessary and, in consultation with legal counsel for the Corporation, advisable to complete the sale.

3. The Officers of the Corporation are authorized and directed to take such actions as are necessary and prudent to carry out the sale and obtain necessary approvals, including from the Attorney General. This includes the filing of written notice, and a statement by the chair of the board that the contents of the written notice are true, accurate, and complete, consistent with 11 C.C.R. § 999.5. The chair of the board is authorized to file such statement without further action of the full board.
4. The Officers of the Corporation are directed to consider and present to the board options for the use of part or all of the proceeds to serve the Corporation's mission.

The undersigned hereby certifies that she is now, and at all times herein mentioned has been, the duly elected and qualified secretary of the above-mentioned corporation and in charge of the minute books and corporate records of same; and, at the time of adoption of the foregoing resolution, had full power and lawful authority to exercise same; that the foregoing resolution is a full, true and correct copy of the one appearing on the records of said corporation, is not in violation of any charter or bylaws provision of this corporation, has not been modified or rescinded and is, at the date of this certificate, in full force and effect.

**IN WITNESS WHEREOF**, the undersigned has executed this certificate on this 10<sup>th</sup> day of March, 2023.

  
\_\_\_\_\_  
Sheri Peifer  
Secretary

## SECTION 999.5(d)(9)

- (9) The written notice of any proposed agreement or transaction set forth in section 999.5(a)(1) shall include a list of the officers and directors of the transferee, the most recent audited financial statements for the transferee, the transferee's governance documents, such as the articles of incorporation and bylaws, and a description of the transferee's policies, procedures, and eligibility requirements for the provision of charity care.**

## **SECTION 999.5(d)(9)**

### **1) Background and Biographical Information of IEP and other facilities owned**

INTERNATIONAL  
EQUITY PARTNERS INC.

# Company Background – IEP Corp

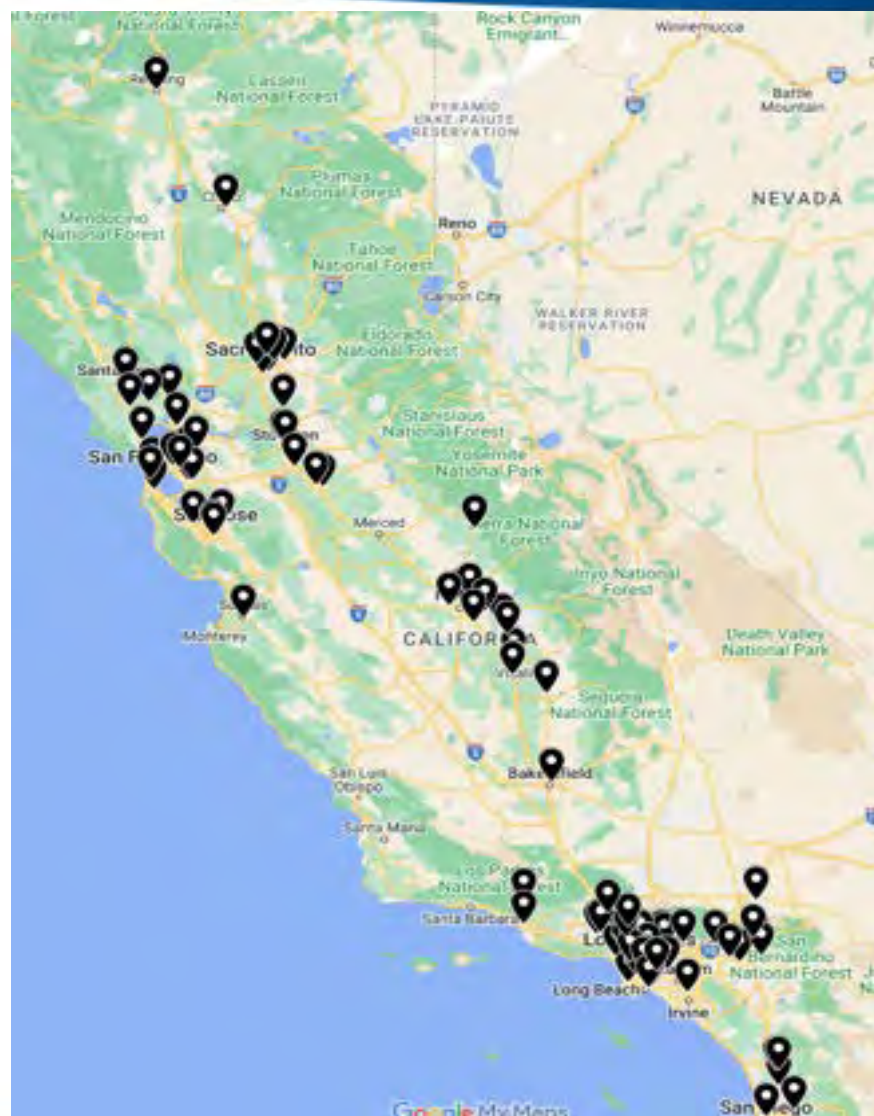

## International Equity Partners (“IEP”)

- Los Angeles based private investment company founded in 2005 by Abe Bak and Michael Gastwirth.
- 100% overseen and capitalized by Abe and Michael – no outside investors, boards, or other outside influence
- One of the most active buyers of health care facilities in California, owning and controlling a portfolio of over 100 health care facilities comprised of nearly 10,000 licensed beds.
- History of fluid decision-making and flexibility typically absent from large corporations or syndicated investment structures. This allows for accommodating frameworks that meets the disparate needs of Sellers. Successfully acquired facilities in various challenging situations, i.e.
  - Longtime generational family ownership with intra family disagreements and diverse specific post transition requirements
  - Non-Profits subject to Attorney General Requirements
  - Major portfolio sales from large publicly and privately traded companies with rigid and inflexible processes
  - Insolvent facilities with long lists of creditor claims and challenging multi-party workouts
  - Other time of the essence closings with varying levels of facility distress
- Platform for both Real Estate and Operations:
  - Affiliates directly operate 14 health care facilities in Southern California
  - Aligns with best-in-class operators for facilities outside the IEP operational footprint. Partner operators represent the ideal fit for both the facility and the region and have a defined business plan with a measurable level of historical success.
- Supported by a strong internal asset management team composed of departments handling acquisitions/underwriting, financing, accounting/treasury, and billing.

- Corporate and Private Liquidity of \$40MM
- Access to Personal Credit Lines of \$6MM
- Estimated Portfolio “Equity” of over \$250MM
- Deep Experience in Financing of “turnaround” facilities by relationship lenders
  - Capital Funding, White Oak HCP, Congressional Bank, Bank of Oklahoma, Signature Bank, etc
  - Approximately \$400MM in financing for primarily non-performing properties
  - Approximately \$215MM of “bridge” financing has been/or is approved for refinancing with long term FHA debt
  - Only 6 Facilities remain in “bridge” status and are near stabilized levels that would merit FHA refinancing
  - Remaining assets are financed with long term “local” bank loans

# Management Bios

## **Abe Bak**

### ***Co-Founder & President***

In the early 2000s, Abe co-founded IEP to focus on the real estate investment business, primarily with Multi-Family value-add scenarios – while also starting to explore the healthcare industry. Through numerous relationships and off-market distressed opportunities, Abe began to work on several turn-around nursing home investments whereby he established relationships with nursing home operators and applied his business savvy to create out-of-the-box solutions for both sellers and operators. This led to a multitude of opportunities in this space, ranging from distressed bankruptcies, sale lease-backs, troubled portfolios, and retiring moms & pops. Abe continues to take advantage of all opportunities to collaborate with his proprietary rolodex of strategic operating partners, and uses a critical eye to assess partnerships and to identify hidden value. Through his successful leadership, IEP has grown to control over 100 health care facilities and has a tremendous network of best in class operators and REITS ready to jump at any opportunity to collaborate with IEP. By doing this and by routinely monitoring operator performance and expeditiously providing insightful assistance, Abe continues to contribute to the development and long-term stability of IEP, its operations and its strategic partners.

## **Michael Gastwirth**

### ***Co-Founder & Secretary***

Upon co-founding IEP, Michael focused on growing the business to include hundreds of multi-family commercial units as well as other commercial and residential units. Michael continues to lead IEP's expansion into other real estate asset classes, driven by his unique vision with regards to financial analysis, structuring, and creative solutions. He also oversees all construction and renovation work at portfolio investments, and has created an internal team with extensive know-how for design, bid, and monitoring of its contractors. His ability to create unique financial deal structures and to find overlooked value has led IEP to tremendous success across all of its investments; Michael's unparalleled energy is what continues to drive much of IEP's growth. His business tenacity has attracted outside talent to work for IEP from sectors such as finance, accounting, and real estate while his mentorship and supervision has facilitated the maximum value accretion within the properties in IEP's portfolio.

## **Alex Fenigstein**

### ***Vice President***

Alex joined IEP in 2015 to help grow their strategic healthcare footprint in California. Alex began working in real estate investment starting in 2008 when he joined New York City based hedge fund Madison Realty Capital, where he rose to the level of Vice President. During his tenure at Madison Realty Capital, Alex worked on over \$1bn in various opportunistic investments ranging from distressed debt acquisitions to ground up development. In 2013, Alex joined Baltimore based, national health care lender Capital Funding Group as a Director of Real Estate in order to launch their West Coast operation out of Los Angeles. In this capacity, Alex was responsible for originating real estate health care term loans for SNF owners and operators on the west coast. During his 2 years at Capital Funding Group, Alex successfully originated and closed in excess of \$250MM in bridge and HUD related financings for both skilled nursing and assisted living facility operators. In his current capacity for IEP, Alex works directly with the principals of IEP to execute their vision across all ongoing health care projects including acquisitions, due diligence and underwriting, financing, and day-to-day asset management projects. Alex graduated Magna Cum Laude from Brandeis University with a BA in economics and history and received his MS in Real Estate Finance and Investment from New York University.

## SECTION 999.5(d)(10)

- (10) The written notice of any proposed agreement or transaction set forth in section 999.5(a)(1) shall include a description of the applicant's efforts to inform local governmental entities, professional staff and employees of the health facility or facility that provides similar health care services and the general public of the proposed transaction. This description shall include any comments or reaction to this effort.**

Eskaton announced the proposed transaction to its internal management team in-person on December 20, 2022, to prepare the leadership for the official public announcement. During the meeting, participants discussed the rationale for the transaction, the impact the transaction would have on employees and residents, and explained the management team's role in sharing the news of the affiliation with residents and staff at each of the three facilities (agendas and notes attached).

In or about December 2022, the Eskaton officers met with the executive directors of the three skilled nursing facilities to notify them that Eskaton had issued an RFP and would be vetting potential buyers for the SNFs.

On January 19, 2023, CEO Todd Murch sent out an announcement of the planned sale via email to the entire executive group of Eskaton, and another announcement the same day to all employees of the Eskaton headquarters (where many employees support the SNFs being sold).

In January and February 2023 Eskaton's CEO held meetings with employees of each of the three facilities for sale and the support center to discuss the transaction.

Beginning on Friday, February 17, 2023, the owners of the new manager, Cypress, were invited to meetings with the employees of each of the three SNFs to answer questions and assuage concerns about continued employment.

On March 10, the board of Eskaton formally approved the transaction. The organization officially announced the transaction via internal and external partner communications including a CEO Memo, President's bi-weekly message, and a press release scheduled to go out in April 2023, following finalization of the transaction details. That press release will be posted publicly on Eskaton's website once it goes live. Notice letters announcing the transaction were sent to all Fair Oaks, Greenhaven, and Manzanita residents.

The following documents are attached to this Section:

1. DRAFT Press release announcing the sale of Fair Oaks, Greenhaven, and Manzanita.
2. DRAFT notice letter to be sent to residents.
3. Eskaton Bi-Weekly Update email dated January 30, 2023.

**ESKATON TO EXIT STAND-ALONE SKILLED NURSING; WILL FOCUS ON ENHANCING AND EXPANDING RESIDENTIAL LIVING AND HOME SERVICES FOR OLDER ADULTS**

(Carmichael, CA) – Eskaton, a nonprofit Sacramento-based senior living organization, has announced the pending sale of its portfolio of standalone skilled nursing communities. The sale is a cornerstone of a plan to expand and enhance Eskaton’s offerings in independent senior living, assisted living, memory care and homecare services.

“We have decided, through intense evaluation, that it is time to reposition Eskaton for the coming decade,” said Todd Murch, Eskaton CEO. “The sale of our standalone skilled nursing communities will allow us to strengthen our residential living, affordable housing and home-based services, plus enable expansion across Northern California through management or affiliation with existing non-profit residential living providers.”

Additional detail about the sale of the three communities, Eskaton Care Center Manzanita, Eskaton Care Center Greenhaven and Eskaton Care Center Fair Oaks, is expected in the coming weeks. Eskaton employees were notified of the pending sale in mid-January.

Following an extensive offering and due diligence process, Eskaton selected International Equity Partners (IEP) with local operating team Cypress Healthcare Group headquartered in Roseville, California, as the buyer/operator. The transition process will require Attorney General approval and will take most of the year to complete.

“Eskaton has evolved considerably over our 55-year history and over that time we have offered just about everything imaginable across the spectrum of senior services and housing,” said Murch. “This action is in the best interest of the skilled nursing buildings, their employees, and their patients, and will strengthen Eskaton and our mission to serve older adults throughout Northern California.”

###

About Eskaton

Since 1968, Eskaton has been serving older adults in Northern California. As a nonprofit senior living provider, our mission is to enhance the lives of older adults through innovative health, housing and social services. With five decades of experience and a national reputation for innovation, Eskaton is Transforming the Aging Experience. For more information, please call 1-866-ESKATON, or visit [www.eskaton.org](http://www.eskaton.org).

**SECTION 999.5(d)(10)**

**2) DRAFT Notice to Residents re Sale of Facility**

Since its inception, Eskaton has been committed to providing exceptional senior services and housing to fit the unique needs of each of our residents and patients. Our valued community members are the heart of our mission and we believe in providing timely updates on any changes occurring within our organization.

I would like to announce to our residents, patients and families the pending sale of our skilled nursing facilities, which include Eskaton Care Center Fair Oaks, Eskaton Care Center Greenhaven and Eskaton Care Center Manzanita. After diligent review and thoughtful consideration, we selected International Equity Partners (IEP) with local operating team Cypress Healthcare Group headquartered in Roseville, California as the buyer.

Patients, residents and their loved ones should not anticipate any immediate changes. The well-being of everyone within our Eskaton communities has always been our priority and we are confident that Cypress Healthcare Group will continue to provide excellent care.

We are committed to making this transition as seamless as possible and will remain completely transparent during the process, answering any questions that may arise.

We are grateful to our residents, patients and families for allowing us to continue providing the same exceptional services that have made Eskaton a trusted provider of care to older adults in Northern California for the past 55 years.

Todd Murch  
Chief Executive Officer

**SECTION 999.5(d)(10)**

**3) Eskaton Bi-Weekly Update email dated January 30, 2023**

---

**From:** Sheri Peifer  
**Sent:** Monday, January 30, 2023 9:24 AM  
**To:** Sheri Peifer  
**Subject:** Eskaton Bi-weekly Update: January 30th- Did You Know?  
**Attachments:** SNF sale announcement.pdf

Hello Everyone,

Did you know that Eskaton is **55** years old this year? As you can imagine, an organization that has spanned five decades has faced ever-changing economic, regulatory and governmental dynamics. Our volunteer board of directors and Eskaton’s leadership have strategically led Eskaton through many disruptions and opportunities over time to meet the changing needs of older adults. The mission, however, has remained the same — **“To enhance the lives of older adults through innovative health, housing and social services.”**

### **DID YOU KNOW?**

- **1968-70s:** Eskaton started as a hospital company owning and operating community hospitals throughout California
- **1980s:** Eskaton’s board decided to focus on expanding housing and services for older adults and decided to sell **its** hospitals. That was a huge shift! Eskaton opened and acquired affordable senior housing communities, purchased land for future residential living campuses, and also opened small-group homes for older persons with development disabilities. Eskaton also owned and operated the largest VNA Home Care agency in Northern California. We also acquired skilled nursing communities and entered into an affiliation with Alta Bates.
- **1990s:** Eskaton’s board was committed to expanding affordable housing and residential living, owning and managing more communities and expanding community-based services, including information and assistance and acquiring the Telephone Reassurance Program. Eskaton disaffiliated with Alta Bates in the 90s, sold the VNA Home Care to Sutter Health and sold the small group home for individuals with developmental disabilities during this decade as well.

- **2000s:** Eskaton continued to open, manage and acquire residential living communities and launched new model known as “Multi-Level Retirement Community” (MLRC) that offered older adults the choice of purchasing a fee-titled patio-home with HOA providing additional services; with a central hub of assisted living and memory care services on each campus. Eskaton opened three of these: Eskaton Village Grass Valley, Eskaton Village Roseville and Eskaton Village Placerville.
- **2010s:** Emerging from the recession, affordable housing was added with Eskaton Roseville Manor as the most recent HUD 202 in 2010. Eskaton expanded support and management services in residential living adding full management support for The Trousdale in Burlingame and O’Connor Woods in Stockton, Paradise Valley in Fairfield receives IT Support, and, for a time, AltaVita Village in Riverside. Eskaton launched Live Well at Home non-medical homecare in 2015 and continued to offer Home Healthcare across Greater Sacramento.
- **2020s:** Eskaton entered in to an affiliation with The Reutlinger Community, a Danville-based Jewish community and focused on navigating the challenging pandemic that hit in March 2020. Our teams have navigated the pandemic with courage and tenacity, plus faced the critical workforce shortage, inflation and potential recession-related challenges that each company is facing.
  - Through these time of intense change, focused opportunities emerge. We have decided, through careful evaluation, that it is time to reposition Eskaton for the coming decade. This means we have made the hard decision to sell our three (3) stand-alone skilled nursing communities: Eskaton Care Center Manzanita, Eskaton Care Center Fair Oaks, and Eskaton Care Center Greenhaven. Please read the announcement from our CEO Todd Murch [here](#). \*also attached

## **WHAT DOES THE FUTURE HOLD FOR ESKATON? WHERE ARE WE GOING?**

Eskaton remains 100% committed to our mission of bringing forth innovative health, housing and social services for older adults! This will be accomplished through strengthening our teams and our communities of residential living, affordable housing and home-based services, plus expanding across Northern California to manage and/or affiliate with existing non-profit residential living providers. As older adults are seeking creative ways to age well, Eskaton will explore expanding services to people who may not qualify for subsidies, but also may not be able to afford higher-end private pay services.

Thank you for joining us on this journey to fulfill our mission each and every day!

If you have questions or comments, please feel free to email me at [Sheri.peifer@eskaton.org](mailto:Sheri.peifer@eskaton.org).

**[Got feedback? Click here to find ways to connect.](#)**

I would like to share with our employees, business partners, and stakeholders, that Eskaton is accepting proposals for the purchase of its three free-standing skilled nursing homes; Eskaton Care Center Fair Oaks, Eskaton Care Center Greenhaven, and Eskaton Care Center Manzanita.

Eskaton has always been a highly diversified nonprofit organization offering just about everything imaginable across the spectrum of senior services and housing. In today's world, that is becoming increasingly more complex and the organization no longer feels it can operate the skilled nursing communities in a sustainable way.

Eskaton is committed to finding a buyer experienced in the State of California, and preferably in the Sacramento region. When a buyer is selected, it is our intent to be completely transparent and assure our employees that both Eskaton leadership and the new operator's leadership are available in person to answer questions and hear concerns. The process is in its early stages, and will take most of the year to complete. Our pledge is to keep everyone well informed and make this a respectful and professional transition of ownership.

Change of this magnitude is not unprecedented in Eskaton's 55-year history. Sometimes, circumstances require difficult decisions, and this is one of those times. For the long-term, this action will be in the best interest of the skilled nursing buildings, their employees, and their patients.

Eskaton remains committed to its mission to serve older adults across Northern California and expand our diverse residential living, affordable housing and home-based service options.

**Todd Murch**  
Chief Executive Officer

**Subject:** Eskaton SNF buyer update

Hi Dan,

The Eskaton senior leadership team met this afternoon, and we have made a decision on a buyer. We would like to accept the offer from the IEP/Cypress team. We think they have the best ability and desire to close the transaction within the required time line. As we head into the next phases of the sale process we think their enthusiasm may be to our benefit. Full disclosure when you compare both operators we were more impressed with the Links team over Cypress, but our confidence in the team of IEP/Cypress won out. I would be happy to get on a call to explain further.

Seems like we now need to turn our attention to the LOI, and then solidify the communication plan. I have heard you make a few references to suggested changes/edits you had to the LOI. Do you have to make those changes, and send it over to us? At the same time we will be reviewing the LOI for anything we will want to change.

Lets connect tomorrow if you can to discuss any additional details? I can be available before 11am.

Thanks to you, Patrick, and Melanie, for all your hard work on this.

Mark

Organizational Scale/Background	BHM is a physician led integrated healthcare delivery model that acts to lead in the competitive space for a variety of healthcare providers. The management team brings collectively 60 years of healthcare executive management and physician services experience. They provide management oversight, financial support, strategic planning, cross functional integration to bring together a symbiotic aligned healthcare delivery model. Covered services provided from 10 healthcare markets.	Linka Healthcare Group is a privately held company based in San Diego, CA. They provide healthcare and rehabilitation services to long-term residents and short-term high-acuity patients in its skilled nursing facilities. They focus on acquiring SNFs, and improving performance. They currently manage 13 SNFs and 3 AL facilities representing 3,757 licensed beds. They lease the operations for twelve of the facilities from third party landlords, and own four of its facilities.	IEP is a Los Angeles based private investment company, was founded in 2005 by Abe Bach and Michael Garfinkel. Since its founding, IEP has emerged as one of the largest owners and operators of long term care facilities in California, operating and controlling a portfolio of approximately 100 health care facilities comprised of over 5,000 licensed beds. Together with its partners and affiliates, IEP's holdings include in its assets of \$800 Million in assets primarily comprised of health care facilities and other commercial real estate.	Aspen Skilled Healthcare covers almost 30 facilities across northern and southern California with their cross-of-the-art rehabilitation services.	Since 1999, the independent operating affiliates of The Ensign Group (ENSG) have provided compassionate, cost-effective, post-acute care. Each of the ENSG business units are run independently by over 22,000 employees. We foster an entrepreneurial culture of ownership coupled with a field-driven, flat structure, which empowers local leaders and their teams to provide superior solutions to the specific medical needs of the communities they serve. Located in more than a dozen states, partner with many other healthcare organizations across their service area.	Generations Healthcare began operations in January 1976 with a single 75-bed skilled nursing facility. Generations has since grown to 25 facilities comprising over 3,300 licensed beds. After Generations began business, it started with a very simple business strategy: focus on quality and service while remaining mindful of the challenges and changes facing senior adults in today's world. Since its inception, Generations has established an excellent reputation in the communities served by its facilities. Generations has built this reputation through a concerted focus on quality and service.

**RESOLVED, the Eskaton Board of Directors hereby approves the agenda as presented.**

**CONSENT  
AGENDA:**

**RESOLVED, the Eskaton Board of Directors hereby approves the consent agenda as presented with reviewed changes to the minutes.**

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

**DASHBOARD  
REPORTS:**

The consolidated net operating loss as of 9/30/22 was \$11 million. Excluding the skilled nursing communities, the organization would breakeven. This is primarily due to revenue (limited to governmental reimbursement) and labor challenges. Skilled nursing is 26% of Eskaton's total revenue. Masking requirements are still in place as COVID continues to linger in some communities. An executive director has been hired at the Reutlinger. Todd presented key performance indicator (KPI) slides with revenue and stabilized workforce as the primary focus. Until an appropriate replacement for VP of Healthcare Services can be retained, Todd Murch will oversee the skilled communities.

[REDACTED]

[REDACTED]

[REDACTED]

**2023 BUDGET:**

The 2023 budget represents improved occupancy and revenue. In 2022, the stand-alone care centers are estimated to lose between \$11-12 million and an estimated \$5 million loss in 2023. Due to COVID and delays of elective surgeries, care center admissions were below average, however, occupancy is slowly increasing. Ziegler has been engaged to assist with the divestiture of the stand-alone care centers with initial bids due by 12/18/22 with tours to follow. The sale may take up to 12 months to complete. The 2023 budget includes estimated impacts from inflation and workforce challenges. The Eskaton consolidated 2023 budget has net operating income of approximately \$1.9 million, which is a decrease of \$2.3 million from the 2022 budget. Operations are budgeted for positive net operating income with the exception of the three stand-alone care centers. After some discussion it was,

**RESOLVED,** That the Eskaton Board of Directors approve the 2023 Budget as presented.

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

**STRATEGIC DISCUSSION:**

[REDACTED]

The primary topic for discussion was the divestiture of the stand-alone care centers. Ziegler has been engaged to assist with the sale. Initial bids due by 12/18/22 and tours to follow. The sale may take up to 12 months to complete.

**BOARD CHAIR REPORT:**

The board has been appreciative of Todd Murch and Sheri Peifer preparing the succession plan. Larry Garcia attended the LeadingAge National Conference. Greystone's presentation indicated the need for Lifecare communities and that there was enough economic wherewithal for residents to occupy them. They also noted, regulations are tightening up for senior services. Consolidation continues to be a large growth area for single site communities.

**ADJOURNMENT:**

Chair McFarland thanked the staff for their attendance and excused non-board members in order to proceed to the Executive Session.

Adjourned at 4:16 p.m.

**SECTION 999.5(d)(11)(A)**

**August 24, 2022**

**Directors Present:** Larry Garcia, Nancy Heffernan, Maureen Hewitt, Jacquelyn Kung, David Lindeman (via zoom), Pat McFarland, Todd Murch, Jordan Rose, Mariann Sheldon, Amy Yotopolous (via zoom)

**Others Present:** Mark Jenkins, Sheri Peifer, Monica Sandgathe, Rose Burgis

**CALL TO ORDER:** The meeting of the Boards of Directors of Eskaton, Eskaton Properties, Incorporated, Eskaton Lodge Granite Bay, Eskaton Village Grass Valley, Eskaton Village Roseville, Eskaton Village Placerville, Eskaton FountainWood Lodge, Eskaton Foundation, and The Reutlinger Community was called to order by Chair Pat McFarland, at 12:00 noon on August 24, 2022 at the Eskaton Support Center, Carmichael, CA.

Rose Burgis was introduced as the new resident representative. Mariann Sheldon displayed woodwork from the EVC workshop.

The agenda was approved as presented.

**DASHBOARD  
REPORTS:**

The combination of COVID + Workforce + Inflation has greatly affected and challenged the operations of the organization. Recovery has been slower than anticipated throughout our industry. COVID restrictions are still in place. Reducing registry and rebuilding revenue are priorities. The consolidated net operating loss by year-end is estimated at \$10M. Investment earnings are also behind due to market fluctuations. Wage increases of over 30% for nursing positions have been implemented within the last 6 months. A Financial Run rate is being prepared for anticipated continuation of low occupancy, workforce challenges, and expenses. Currently working on 2023 budget assumptions.

[REDACTED]

**STRATEGIC DISCUSSION:**

Net revenue, net operating income and cash and investments from 2005 to present were reviewed. The business sustainability life cycle was also presented showing the skilled nursing communities in the decline stages. Of the \$215M total revenue, 33% skilled nursing, 10% managed services; 5% affordable housing, 5% homehealth and 47% residential services. Financials were presented with and without the stand-alone skilled nursing. Covid caused the census to go down however workforce is keeping it from going back up. Registry usage increased from 2017 to present with an estimated \$5M at year end. Kaiser reimbursement rates are not increasing for sustainability. January 1<sup>st</sup> California will implement CAL-AIM for managed care contracts. CMS is reducing the Medicare rate by 4-4.5%. Current market valuations for skilled nursing is high in California with for profit companies purchasing many sites.

Discussion to divest the stand-alone skilled nursing communities and opportunities to redeploy the cash into another business line. A commitment to use proceeds for capital in order to reposition 5-20 year outlook of current properties was discussed. The avenue of growth most opportunistic at this time is affiliation/collaborations vs purchasing. Opportunity to investigate hospice or more affordable housing was discussed as well.

After some discussion it was motioned, seconded and carried.  
**That RESOLVED, the Eskaton Board of Directors authorize staff to move forward with divesting Eskaton's three stand-alone skilled nursing communities (Eskaton Care Center Manzanita, Eskaton Care Center Fair Oaks and Eskaton Care Center Greenhaven). Staff will submit a proposal for review to the November board meeting.**

The next 24-36 months will be a critical time-frame to recover operationally and public perception will be important. Current Fitch rating is BBB. If the skilled nursing was divested it would go up to A-.

After some discussion it was motioned, seconded and carried.  
**That RESOLVED, the Eskaton Board of Directors request management to bring a plan to stabilize operations and a plan to identify the KPIs for improvement.**

[REDACTED]

**CONSENT AGENDA:** **RESOLVED, the Eskaton Board of Directors hereby approves the consent agenda as presented.**

**GREAT PLACE TO WORK:** Eskaton once again received certification as a 'Great Place to Work'. The employee survey measuring 'trust index' focuses on five primary areas (respect, fairness, credibility, camaraderie, and pride) The trust index score was 72% (7 out of 10 employees have a positive trust index), which was 10% lower than the 2019 survey. The positive experiences were reviewed as well as areas of opportunity. 77% of staff indicated Eskaton is a great place to work. Significant take-a-ways include how to replicate highly rated communities and how to retain existing employees.

[REDACTED]

RESOLVED, The Eskaton Properties, Inc., Eskaton Village Roseville and Eskaton Village Grass Valley board of directors approve the Officers of said corporations, jointly or severally,

are hereby authorized and directed to do any and all things, and to execute and deliver any and all documents which they or any of them may deem necessary or advisable in order to consummate the issuance and delivery of the transactions contemplated by the Refinancing and to otherwise carry out, give effect to and comply with the terms and intent of this resolution and the documents referred to herein.

**RETREAT FOLLOW UP:**

Partnering, Consolidation and Growth & Expansion – the primary purpose for growth is to strengthen the not-for-profit footprint across northern California and create scale and efficiency and business sustainability. Focus is on CCRC/Life Plan Communities. Pace mergers and home-based services need to be carefully considered due to scaling and return on revenue. Management contracts are very feasible. Residential care facilities are highly competitive and very expensive.

The Life Cycle Analysis is a tool used to manage business sustainability. Most of the communities are in the maturity stage. Care Centers are moving toward the declining stages due to revenue challenges with governmental and managed care reimbursement, admissions negatively affected by COVID and staffing shortages. Skilled nursing is an important piece of our continuum of care however, there is a negative outlook for these stand-alone communities for several more years until government reform is provided. Proformas will be prepared to analyze the composition of the organization with and without stand-alone care centers. Alternative options to develop a strategic/ financial plan to push back the care centers to the mature phase will be presented to the board. After some discussion it was,

RESOLVED, That the Eskaton Board of Directors approve the officers of said corporation to explore alternative options for the three free-standing care centers.

**ANNUAL REAFFIRMATION OF BOARD / OFFICERS:**

<b>Organizational Scale/Background</b>	BHM is a physician led integrated healthcare delivery model that acts to lead in the competitive space for a variety of healthcare providers. The management team brings collectively 60 years of healthcare executive management and physician services experience. They provide management oversight, financial support, strategic planning, cross functional integration to bring together a symbiotic aligned healthcare delivery model. Covered services provided from 10 healthcare markets.	Linka Healthcare Group is a privately held company based in San Diego, CA. They provide healthcare and rehabilitation services to long term residents and short-term high-acuity patients in its skilled nursing facilities. They focus on acquiring SNFs, and improving performance. They currently manage 13 SNFs and 3 AL facilities representing 3,757 licensed beds. They lease the operations for twelve of the facilities from third party landlords, and own four of its facilities.	IEP is a Los Angeles based private investment company, was founded in 2005 by Abe Bach and Michael Garfinkel. Since its founding, IEP has emerged as one of the largest owners and operators of long term care facilities in California, operating and controlling a portfolio of approximately 100 health care facilities comprised of over 5,000 licensed beds. Together with its partners and affiliates, IEP's holdings include in its assets of \$800 Million in assets primarily comprised of health care facilities and other commercial real estate.	Aspen Skilled Healthcare covers almost 30 facilities across northern and southern California with their cross-of-the-art rehabilitation services.	Since 1999, the independent operating affiliates of The Ensign Group (ENSG) have provided compassionate, cost-effective, post-acute care. Each of the ENSG business are run independently by over 22,000 employees. We foster an entrepreneurial culture of ownership coupled with a field-driven, flat structure, which empowers local leaders and their teams to provide superior solutions to the specific medical needs of the communities they serve. Located in more than a dozen states, partner with many other healthcare organizations across their service area.	Generations Healthcare began operations in January 1998 with a single 75-bed skilled nursing facility. Generations has since grown to 25 facilities comprising over 3,300 licensed beds. After Generations began business, it started with a very simple business strategy: focus on quality and service while remaining mindful of the challenges and changes facing senior adults in today's world. Since its inception, Generations has established an excellent reputation in the communities served by its facilities. Generations has built this reputation through a concerted focus on quality and service.

## SKILLED NURSING PORTFOLIO

THREE (3) SKILLED NURSING FACILITIES | SACRAMENTO, CA | FALL 2022

396 LICENSED BEDS (391 OPERATING BEDS)

CONFIDENTIAL MEMORANDUM

# CONFIDENTIAL INFORMATION

Eskaton (the “Seller”) has retained Ziegler Investment Banking (“Ziegler”) as their exclusive financial advisor to explore strategic alternatives for its 3-community skilled nursing portfolio located near Sacramento, CA.

This Confidential Memorandum (“Memorandum”) has been prepared by Ziegler from materials supplied by the Seller and publicly available information. The sole purpose of this Memorandum is to assist the recipient in deciding whether it wishes to proceed with a further investigation with regard to an acquisition of the Portfolio. This Memorandum does not purport to be all-inclusive or to necessarily contain all information that a prospective purchaser may desire in investigating the Seller and the Portfolio. Ziegler makes no representations or warranties, expressed or implied, as to the accuracy or completeness of the information contained herein, and expressly disclaims any and all liability for representations or warranties, expressed, implied, or contained in, and for omissions from, this Memorandum or any written or oral communication transmitted or made available. The Seller will have legal responsibility only for the representations and warranties set forth in a written agreement when and if executed and delivered by the parties thereto and subject to limitations and restrictions set forth therein. Ziegler has not independently verified any of the information contained in this Memorandum or any written or oral communication transmitted or made available, and has not made and will not make, an independent evaluation or appraisal of any of the assets or liabilities of the Seller.

This Memorandum is being provided to the recipient pursuant to a confidentiality agreement that governs the obligations of the Seller and the recipient with regard to confidentiality. By acceptance of this Memorandum, and in accordance with the confidentiality agreement, but without limiting the information provided herein, or the scope or terms thereof, the recipient agrees that it will not distribute this Memorandum to any person, in whole or in part, at any time without the prior written consent of the Seller and that it will keep confidential all information contained herein or made available in connection with any further investigation. This Memorandum is being delivered for informational purposes only and upon the express understanding that it will be used only for the purpose set forth above. Upon request and in accordance with the confidentiality agreement, the recipient will return promptly all material received from the Seller and Ziegler (including this Memorandum) without retaining any copies thereof. In furnishing this Memorandum, the Seller undertakes no obligation to provide the recipient with access to any additional information or to update any of the information contained herein.

This Memorandum includes certain historical and projected financial and operating data. The estimated operating results are derived from internal management reports, and the adjusted results are derived in part from management’s internal analysis. These estimates and projections reflect management’s assumptions concerning anticipated results at the time made, may or may not prove to be correct, and are subject to significant economic, competitive, and regulatory uncertainties and contingencies beyond the Seller’s control. Past performance may not be necessarily indicative of future performance. Consequently, no assurances are made or implied as to the reliability of such estimates or projections, and the inclusion of estimates and projections herein should not be regarded as a representation that the estimated or projected results will be achieved. No independent accounting firm has examined or reviewed the financial estimates or projections contained herein.

# I. EXECUTIVE SUMMARY

ESKATON\_005117

# TRANSACTION OVERVIEW

Eskaton is a not-for-profit 501(c)(3) California corporation, which was formed in 1968. Eskaton’s primary mission is to enhance the quality of life of seniors through innovative health, housing, and social services. Eskaton also operates nonmedical homecare services, adult day healthcare services and various community service programs.

Eskaton Properties, Inc. (“EPI”) owns and operates four Skilled Nursing properties in greater Sacramento, CA; one as part of a Continuing Care Retirement Community, and three standalone skilled nursing properties. The standalone properties include Eskaton Care Center Fair Oaks (“Fair Oaks”), Eskaton Care Center Greenhaven (“Greenhaven”), and Eskaton Care Center Manzanita (“Manzanita”)(collectively the “Portfolio” or “Communities”).

Eskaton seeks to sell the Portfolio to divest of its Skilled Nursing Properties and focus resources on expanding and growing retirement housing communities, home health services, and CCRC interests.

The following tables summarizes the Portfolio’s operating results for the 2019, 2020, and 2021 fiscal years and the trailing twelve month period (ending September 30, 2022). Detailed income statements and additional financial considerations can be found in the *Financial Performance* section.

# TRANSACTION PROCESS

The Seller has engaged Ziegler to act as its exclusive financial advisor in exploring divestiture strategic alternatives for the Communities. The Seller has authorized Ziegler to approach a select provider/investor group and solicit proposals to acquire the Communities' assets.

Prospective purchasers should assume "assets" include all community-based assets including inventory, personal property, land, buildings and improvements. For valuation purposes, asset purchasers should assume assets exclude cash, investments, accounts receivable, prepaid assets, deposits and any other current asset excluding inventory. A more precise definition of "purchased/sold" assets will be included in the purchase agreement.

**The Seller is extremely sensitive to confidentiality in this matter.** Consequently, offering materials are intended to include detailed information sufficient for prospective purchasers to formulate a reliable value conclusion. The Seller wants to conclude the preliminary evaluation period as quickly as possible. After preliminary proposals are evaluated, the Seller will determine which proposal is pursued.

## THE SELLER WOULD LIKE TO ADHERE TO THE PROCESS OUTLINED BELOW:

1) Subject to the Communities' COVID-19 protocols and guidelines.

**Please note that all communications or inquiries relating to a possible transaction should be directed only to Ziegler. No member of the Seller or employee of the Communities should be contacted directly under any circumstances. Under no circumstances are tours or "mystery shopping" of the Communities allowed without Ziegler and Eskaton's express written permission. Furthermore, potential purchasers are reminded of their obligations under the Confidentiality Agreement in relation to this transaction.**

# TRANSACTION STRENGTHS

## Geographic Concentration

The Portfolio properties are located in the greater Sacramento area, the state capital of California. The Sacramento metropolitan area has been one of the fastest growing urban regions in the U.S. and holds the Central Valley and Sierra Nevada regions of the state. Sacramento is one of the world’s most important agricultural areas and is home to Lake Tahoe, and several ski and nature resorts. The Facilities are easily accessible by interstate and state highways. The geographic locations allows for economies of scale in terms of staffing and management oversight.

## Value-add potential

Consolidated occupancy for the trailing twelve-month period ending September 30, 2022 for the Portfolio was 70%. The Portfolio averaged 90% occupancy from 2017-2019 prior to COVID, and a prospective purchaser could benefit from the Portfolio’s value-add potential.

## Bolstered Revenues through Medi-Cal Rate Enhancement

California’s Medi-Cal program establishes the methodology used to develop the rates paid to Medi-Cal managed care organizations. In general, for any given rate-setting year, DHCS and its actuary employ a combination of plan-specific utilization and risk adjusted county average utilization to inform each plan’s rates. The Medi-Cal reimbursement rates have increased across the portfolio from the 2019 to 2022 cost report years with the average across the Portfolio increasing from \$260.14 to \$326.07, respectively (see table to the right). For note, there is a lag involved in the process; the rates are based on data from about 24 months prior to the beginning of the rate year.

MEDI-CAL RATES				
Cost Report Year				
Effective	2019	2020	2021	2022
Fair Oaks	\$245.03	\$278.55	\$313.27	\$300.83
Greenhaven	\$244.60	\$266.60	\$293.07	\$304.90
Manzanita	\$290.80	\$327.51	\$361.27	\$372.48
Average	\$260.14	\$290.89	\$322.54	\$326.07

# OVERVIEW OF CARE AND SERVICES

The Portfolio's primary function is to offer continuous nursing, medical, and other health and social services on a 24-hour basis, under physician-directed care and RN supervisor. The Facilities serve patients who are not in the acute phase of illness, or requiring services in a hospital, but instead require primary, restorative, or skilled nursing services on an inpatient or custodial care basis with the goal being to restore patients' degree of self-care in essential daily living.

CMS STAR RATINGS				
Facility	Overall	Health	Staffing	Quality
Fair Oaks	4	2	5	4
Greenhaven	5	4	4	5
Manzanita	5	4	5	5
<b>Average</b>	<b>4.7</b>	<b>3.3</b>	<b>4.7</b>	<b>4.7</b>

## Clinical Services

- 24-hour Nursing Care
- 24-hour Physician On-Call
- Short Term Rehabilitation
- Respite
- Long Term Care
- IV Administration
- Pain Management
- Post-Surgical Care
- Respiratory Therapy
- Wound Care / Wound Vac
- Cardiac & Diabetic Rehab Focus
- Transitional CARE Nurse Practitioner
- Stroke Recovery
- Hospice / Palliative Care
- 7 Day/Week Admissions
- HIV/AIDS Management

## Rehabilitation Services

- Cardiac: CHF, LVAD, Life Vest, & Pacemaker
- Physical, Occupational, & Speech Therapies
- Orthopedic Recovery Program
- Neurological Recovery Program
- Restorative Therapy
- Pulmonary Rehabilitation
- Recreational Therapy
- Joint Replacement Therapy
- Dedicated Rehab Unit
- Arthritis Pain Management

## Support & Ancillary Services

- Care Transitions
- Social Service Support
- On-Site Podiatry, Dental, & Optometry Services
- Bereavement Accommodations
- 24-Hour Pharmacy
- TVs & Satellite / Cable Available
- Multi-Denominational Weekly Religious Services
- Dining
- Beauty Shop
- Volunteer Program

## Social Services

- Dental, Vision, Podiatry, Audiology
- Dementia Assessment
- Psychosocial & Psychiatric Evals.
- Individual Therapy
- Transportation Arrangements
- Appointment Accompanying

## II. KEY CONSIDERATIONS

# TRANSACTION STRUCTURE

The Seller has engaged Ziegler to act as its exclusive financial advisor in exploring strategic alternatives for the Portfolio. Strategic alternatives include, but are not limited to divesting the Portfolio's assets. The Seller is looking to divest its three skilled nursing properties to focus on its senior housing properties. The Seller has authorized Ziegler to approach select provider/investor groups and solicit proposals to acquire the Portfolio's assets. **TIMING AND EXECUTION CERTAINTY ARE IMPORTANT TO THE SELLER.**

Prospective purchasers should assume "assets" include all Portfolio-based assets including inventory, personal property, land, buildings, and improvements. For valuation purposes, asset purchasers should assume assets exclude cash, investments, accounts receivable, prepaid assets, deposits, and any other current asset excluding inventory. A more precise definition of "purchased/sold" assets will be included in the purchase agreement.

The Seller is extremely sensitive to confidentiality in this matter. Consequently, the offering materials are intended to include detailed information sufficient for prospective purchasers to formulate a reliable value conclusion. The Seller wants to conclude the preliminary evaluation period as quickly as possible. After preliminary proposals are evaluated, the Seller will determine which (if any) proposal is pursued.

The Seller would like to adhere to the process outlined below:

1. Distribute Offering Memorandum, Provide Access to the Data Room
2. Initial Proposals Submitted
3. Review of Initial Proposals
4. Portfolio Tour(s) <sup>1</sup>
5. Final Proposal(s) Submitted and Reviewed
6. Proposal Selected, Final Negotiations, Due Diligence, and Signed Purchase and Sale Agreement

**Note that all communications or inquiries relating to a possible transaction should be directed only to Ziegler. No member of the Seller or employee of the Portfolio should be contacted directly under any circumstances. Under no circumstances are tours or mystery shopping of the Portfolio allowed without Ziegler and Seller's express written permission. Furthermore, potential purchasers are reminded of their obligations under the Confidentiality Agreement in relation to this transaction.**

*1. Portfolio Tour(s) subject to Seller approval.*

## DISCLAIMER

The Seller and Ziegler expressly reserve the right, without giving reasons, at any time and in any respect, to amend, modify or terminate these procedures or to negotiate with any party with respect to a transaction involving the Portfolio. The Seller will not have an obligation to accept any offer, whether or not it represents the highest value. The Seller expressly reserves the right, in their sole and absolute discretion, to reject any or all offers without giving any reasons therefor. The Seller also expressly reserves the right, without giving reasons therefor, at any time and in any respect, to terminate discussions with any or all potential purchasers.

Interested parties are encouraged to promptly review the Offering Memorandum and, if interested, prepare proposals as quickly as is practicable. The Seller would like to receive initial proposals no later than December 16, 2022.

Please note that the Seller has elected not to assign a specific timetable for the various phases (except for submission of initial proposals) as they may elect to accelerate the process for proposal(s) that are particularly compelling.

Written preliminary proposals should include:

- A non-binding estimate of the cash acquisition value, as well as a brief description of the transaction structure;
- An indication of the source(s) of financing contemplated for the potential acquisition, including the proposed debt and equity structure, the availability of the proposed capital structure, and any contingencies with respect thereto;
- A specific list of additional information required to complete the investigation of the Portfolio;
- A list of corporate, shareholder or regulatory approvals required to consummate the transaction (if any);
- The name of outside advisors (including legal representation) you have engaged or plan to engage (if any) to assist you in evaluating and documenting this transaction;
- A discussion of your organization's historical operating track record in California (including a list of properties operated in the state), as well as any other state(s) you operate in;
- A discussion of how your organization arrived at the suggested value of the Portfolio; and
- A preliminary timetable required to consummate the transaction.

ESKATON\_005125

# KEY CONSIDERATIONS

## Implementation of New Technology

Greenhaven partnered with SafelyYou, an innovative artificial technology (AI) system designed to detect and reduce fall risk for older adults; becoming the first SNF in California to be approved by the Department of Health Services to pilot and integrate this program.

## Geographic Efficiencies

The tight geographic proximity of the Communities allows for significant economies of scale in terms of staffing and management oversight.

## 24-hour Care

The Communities offer around-the-clock nursing care as well as a 24-hour on-call physician.

## Located in the Capital of California

The Communities are located in the greater Sacramento area. Sacramento is the state capital of California, and a growing urban region.

## Continual Cap-Ex Reinvestments

Eskaton continually reinvests capital into its property, plant, and equipment. Since 2019, the annualized average capital expenditure per bed is over \$1,900 per bed across the portfolio.

## Strong CMS Star Ratings

The communities average a 4.7 CMS star rating, with Green Haven and Manzanita rated 5 overall, and Fair Oaks rated 4.

## Proximity to Healthcare

Each community is located within a 10 mile radius to nearby hospitals and healthcare centers.

## ADDITIONAL FINANCIAL CONSIDERATIONS

This section highlights certain opportunities, programs, charges, and accounting practices that are unique to the Portfolio and its current operating structure. A new operator may find costs discussed herein to be redundant or may have alternative service providers and is urged to apply its own operating cost structure when evaluating the opportunity.

### PPD

**PPD**, or **Per Patient Day**, is calculated by dividing each revenue and expense line item by the number of patient days in that period. Patient days represent the number of patient beds occupied each day in a period.

### COVID Revenues and Expenses

The FY 2020 and 2021 financials were adjusted to remove COVID related revenues and expenses. COVID Revenues represent Provider Relief Funds received by Eskaton Properties, Inc. and allocated to each property. COVID Expenses include health care emergency expenses related to personnel costs, benefits costs, operations, supplies, and equipment.

### Treatment of Management Fees

The financials have been adjusted to assume a 5% management fee on each property. A prospective purchaser should reach their own conclusions regarding management fee assumptions.

### Property Taxes

The Seller is a not-for-profit entity so the Portfolio does not pay market rate property taxes. As such, the Portfolio's records may not properly reflect the real estate taxes a new for-profit purchaser may experience. A prospective purchaser should reach their own conclusions regarding property tax estimates.

# CALIFORNIA SKILLED NURSING REGULATORY OVERVIEW

Skilled nursing facilities in California are licensed by the California Department of Public Health's (CDPH), Certificates and Licenses Division. The Department of Health Care Services (DHCS) administers the state's Medi-Cal reimbursement system. California's Medi-Cal program is a cost-based, facility-specific reimbursement system. Medi-Cal reimburses nursing facilities for improved wages and staffing based on the actual cost of care derived from the facility's cost reports.

## Medi-Cal Rate Calculation System

A nursing facility's per diem reimbursement rate is the sum of its six cost components:

- 1. Labor** – includes direct resident care labor and indirect resident care labor. Direct care labor includes wages associated with routine nursing, social services, activities and other direct care personnel. Indirect care labor includes wages associated with staff supporting the delivery of patient care including housekeeping, laundry/linen, dietary, medical records, in-service education, and plant operations.
- 2. Indirect Care Non-Labor** – includes the non-labor costs related to services supporting the delivery of resident care.
- 3. Administrative** – includes allowable administrative and general expenses of operating the facility, including a facility's allocated expenditures related to allowable home office costs. This component also includes allowable property insurance costs and excludes expenditures associated with caregiver training, facility license fees, and medical records. However, legal and consulting costs for cases not found in favor of facilities are not considered allowable expenses.
- 4. Capital** – based on a fair rental value system (FRVS), which reimburses a facility's property costs. The FRVS is used in lieu of actual cost and/or lease payments on land, buildings, fixed equipment, and major moveable equipment used in providing resident care.
- 5. Direct Pass-Through** – comprised of Medi-Cal's proportional costs for property taxes, facility license fees, liability insurance projected on the prior year's costs, caregiver training, and new state or federal mandates.
- 6. Professional Liability Insurance** – includes professional liability insurance costs.

# CALIFORNIA SKILLED NURSING REGULATORY OVERVIEW

## Quality Assurance Fee (QAF)

California utilizes a QAF to obtain additional reimbursement for, and to support quality improvement efforts in, licensed skilled nursing facilities. The QAF was established under the Medicaid Long-Term Care Reimbursement Act, Assembly Bill 1629 (AB 1629). The DHCS possesses two different QAF rates: (1) a rate for nursing facilities with  $\geq 100,000$  total resident days and (2) a rate for nursing facilities with  $< 100,000$  total resident days. The DHCS calculates the total QAF charge by multiplying the appropriate assessment fee by the total resident days. The QAF was reauthorized by the California Legislature until July 31, 2015. As part of AB 1629, the QAF was extended for five additional years. An Assembly Bill (ABx4 5) adopted under California's 2009 State Budget in July 2009 expanded the QAF calculation to include Medicare revenue. The resulting revenue is not passed through to the Medi-Cal reimbursement rate. The table below details the per diem QAF from 2018-2022:

Rate Year	Less Than 100,000 Bed Days	More Than 100,000 Bed Days
2018-19 (Aug-Jul)	\$15.72	\$14.46
2019-20 (Aug-Jul)	\$15.68	\$14.80
2020 (Aug-Dec)	\$15.68	\$14.80
2021 (Jan-Dec)	\$15.19	\$14.54
2022 (Jan-Dec)	\$16.96	\$16.08

The QAF is paid by each provider on a monthly basis to the DHCS for deposit into the state treasury. For each facility assessed, the QAF is reimbursed for the Medi-Cal portion of its fee (the per diem rate assigned to the facility multiplied by Medi-Cal patient days).

## COVID-19 Adjustment

Due to the Coronavirus disease (COVID-19) outbreak, a Public Health Emergency (PHE) was declared for the United States on January 31, 2020, and a national emergency was declared under the Stafford Act on March 13, 2020. In response to the COVID-19 outbreak, the Department will temporarily provide an additional 10% reimbursement for LTC per diem rates. The Department received federal approval of State Plan Amendment (SPA) 20-0024, effective March 1, 2020, which authorizes temporary additional reimbursement for eligible LTC facilities during the emergency period related to the COVID-19 outbreak. Effective August 1, 2022, the COVID-19 increased amounts will remain unchanged and will be added to the per diem rates that are effective August 1, 2022.

**SECTION 999.5(d)(11)(C)**

**2) Signed letter of intent between IEP and Eskaton dated February 9, 2023.**

February 9, 2023

Dan Revie  
Zeigler – Managing Director

Via Email

**Re: Eskaton Portfolio – California**

Dear Mr. Revie:

International Equity Partners, Inc. (“IEP” or “Buyer”) is pleased to submit the following non-binding letter of interest (“LOI”) for the acquisition of the skilled nursing facilities identified on Exhibit A (“the Facilities”), and each a Facility), from your client, Eskaton Properties (“Seller”).

Buyer, and or it’s designee(s) will acquire the real estate fee simple interests, furniture, fixtures, and equipment (“Real Property”) associated with the Facilities. Buyer’s assignees (“New Operators”) will acquire mutually agreed upon assets of the business operations (“Business Assets”) underlying the Facilities including the orderly transfer of the Business Assets pursuant to the Transaction Documents (defined below). Collectively, the acquisition of the Real Property and Business Assets of the Leased Facilities and Owned Facilities compose the “Transaction” herein contemplated in this LOI.

Neither party shall be bound until they have executed definitive agreements for the acquisition of the Real Property and the Business Assets of the Facilities, which definitive agreements shall be comprised of an Asset Purchase Agreement, an interim Management and Operations Transfer Agreement (“MOTA”), and such other ancillary agreements typically entered into in connection with the sale and transfer of skilled nursing facilities and their operations in the State of California (collectively, the “Transaction Documents”).

**Buyer Background:**

**International Equity Partners (“IEP”)**, a Los Angeles based private investment company, was founded in 2005 by Abe Bak and Michael Gastwirth. Since its founding, IEP has emerged as one of the largest owners and operators of long-term care facilities in California, operating and controlling a portfolio of approximately 100 health care facilities comprised of over 9,000 licensed beds. Together with its partners and affiliates, IEP’s holdings include in excess of \$800 Million in assets primarily comprised of health care facilities and other commercial real estate.

Together Abe and Michael oversee all aspects of the investment cycle, ensuring a smooth process with certainty of execution. IEP is unique in its ability to do large scale transactions without outside investors or other existential control factors, allowing Abe and Michael to fluidly make key decisions. This structure has allowed IEP to have an adaptive flexibility in every transaction (an attribute non-existent with REITS and most syndicated buyer vehicles). Over the past several years, IEP has successfully worked through numerous challenges encompassing issues such as heavy losses, challenging licensure situations, confidentiality/discretion sensitivities, non-profit restrictions, collective bargaining/union issues, debt constraints, sellers unfamiliar with the process of transitioning nursing homes (and the accompanying licenses/provider agreements), tax deferred exchanges, and various other arising concerns. Most recently, IEP acquired 10 distressed health care facilities in California from a multigenerational family ownership group. Despite sharp operating losses, infighting between the different family stakeholders, and rising interest rates, IEP navigated the \$90MM transaction towards a successful closing that satisfied the disparate needs of all relevant stakeholders.

In particular IEP has successfully acquired skilled nursing facilities with non-profit status that required Attorney General Approval. In the recent past, IEP acquired Apple Valley Christian Care Center, a 99-bed nonprofit skilled nursing facility.

### Operator Background:

**Cypress Healthcare Group** is a skilled nursing facility management company that was formed in 2019. The three owners, Matt Jackson, Robert Jackson and Jack Sanofsky have a combined twenty-five plus years of experience operating skilled nursing facilities in the Sacramento, California region. Cypress currently owns the operations of six skilled nursing facilities in the Sacramento market, with 3 additional facilities in the area transitioning on February 1, 2023. Cypress's goal is to continue to grow within the Sacramento region; this is a function of its deep understanding of the local market dynamics; and the breadth of the local resources it brings to bear to drive both financial and clinical excellence.

All of Cypress ownership reside in in the Sacramento area and are actively involved in all day-to-day operating functions. In addition, Cypress is supported by a Sacramento based support services team comprised of a CFO, Director of Operations, two clinical nurse consultants and a Director of Accounts Receivable among others. With this team in place, Cypress is able to support the regional portfolio and ensure quality outcomes. All the Cypress facilities are within a 30-mile range of one another, facilitating a reinforced support system that shares resources, including staff, supplies and ideas that allow for sustained growth.

Cypress is intimately involved with the AG process for acquiring non-profit facilities; the 3 skilled nursing facilities transitioning on February 1, 2023, are non-profit facilities that are towards the end of the AG process; the precedence involved in this approval process heavily translates towards the anticipated process with the Eskaton Facilities. As a result, Cypress is uniquely positioned to navigate the forthcoming AG process with realistic expectations underpinned by highly relevant experience.

**Purchase Price:** \$35,640,000 (\$90,000 per bed,) paid in cash at closing, net of Earnest Money and mutually agreed upon assumed liabilities.

**Earnest Money:** Buyer's Earnest Money will be deposited as follows:

- a. Buyer shall Deposit \$500,000 ("Initial Deposit") in Escrow within five (5) business days of full execution of this LOI. The Initial Deposit shall be refundable through the end of the Due Diligence Period.
- b. Upon the expiration of the Due Diligence Period, and in conjunction with Buyer's express written intention to proceed, Buyer shall deposit an additional \$1,250,000 ("Additional Deposit") in Escrow, which, together with the Initial Deposit shall thereafter be non-refundable unless the transaction fails to close through Seller's default or of a failure of a condition to closing for the benefit of Buyer and New Operator. The Initial Deposit and Additional Deposit shall serve as Liquidated Damages should Buyer fail to close through no failure of Seller.
- c. Notwithstanding the foregoing, the failure of the Transaction to occur due to a rejection, blocking, or unacceptable required conditions by the Attorney General of Buyer or New Operator shall result in liquidated damages to Seller of \$250,000 from the Earnest Money.
- d. At Closing, The Earnest Money will be net against the Purchase Price.

**Funding Source:** Buyer, together with its principals and partners will fund the Transaction through cash on hand as well as private credit vehicles. Buyer will seek to obtain mortgage financing from its preferred lending relationship; however, Closing is not contingent on financing.

**Due Diligence Requests:** Requested critical diligence below:

- Explanations as to the background and history of PLCIL insurance loss runs claims of:
  - 1005070
  - 1005350
  - 1005676
- In addition, any pending litigation not yet shown on any of the insurance loss runs (given its open status).
- Most recent Workers Comp Mod Rate
- Recent 5 years loss runs for Property Related Insurance

**Due Diligence Period:** Within 7 business days of the receipt of the Due Diligence Requests outlined above Buyer and New Operator will waive its Due Diligence solely with respect to operational aspects of the Transaction ("Operations Due Diligence Period").

Provided Buyer is provided access to perform third party investigation reports immediately upon the full execution of this LOI (i.e. PCNA, Phase 1, Survey, etc) Buyer will have thirty (30) days from the full execution of the Purchase Documents to waive its Due Diligence Period solely with respect to Environmental, Property Condition, and Zoning/Survey issues outlined by third party reports ("Third Party Due Diligence Period"). Together the Operations Due Diligence and Third Party Due Diligence Period comprise the Due Diligence Period.

**Closing:** Targeted to occur on or before July 1, 2023, provided all conditions to Closing have outlined in Transaction Documents have been met.

<b>Targeted Milestones:</b>	1/30/2023:	LOI Fully Executed (commence AG package)
	2/06/2023:	First Draft of Purchase Agreement Submitted
	2/17/2023:	Draft CHOW application submitted.
	3/01/2023:	Transaction Documents Signed & AG Package Submitted
	6/15/2023:	Full AG Approval
	6/30/2023:	Closing
	8/15/2023:	CHOW Approval

**Other Closing Conditions:**

The below include but are not exhaustive Closing Conditions that are to be included in the Purchase Documents:

- All necessary regulatory approvals required for transitioning the Facilities;
- No open survey tags higher than "G" nor any ongoing admissions ban, excepting any temporary admissions ban related to a current outbreak of COVID-19 or other infectious disease;
- No Facility is included on the Special Focus Facility list.
- Satisfactory AG approval
- Subject to Eskaton Board approval

**Operations Transfer:** Buyer and Seller shall cooperate to facilitate any and all necessary regulatory approvals to transition control of the Facilities and existing Medicare and Medicaid Provider Agreements in conjunction with the closing, including the full execution of a Management and Operations Transfer Agreement ("MOTA"). The MOTA shall provide that Seller shall allow Buyer and/or its designees to operate the Facilities using its

licenses and Medicare and Medicaid Provider Agreements, and Seller shall also assign its Medicare and Medicaid Provider Agreements to New Operators. The MOTAs shall continue in effect until such time as the Facilities receive new licenses due to an approved Change of Ownership application and are assigned their own Medicare and Medicaid Provider Agreement numbers which are "tied into" the new licenses. Buyer and/or its designees shall bear all expenses of operation during the terms of the MOTAs and retain any and all revenue accruing during this period.

In the event a CHOW is required prior to transition, Seller shall allow New Operator to utilize its Medicare and Medi-Cal provider numbers for billing until the numbers are tied into the new licenses. In such event, New Operator shall defend, indemnify, and hold harmless Seller from and against any legal or regulatory claims or causes of action which may arise from New Operator's use of Seller's provider numbers.

**Contracts**

Within 7 days from the execution of this LOI, Buyer shall cause its counsel to prepare Transaction Documents incorporating the terms contained in this LOI and forward the same to Seller. The parties agree to negotiate in good faith to finalize the Transaction Documents described herein on terms and conditions mutually acceptable in a timely basis.

**Confidentiality:**

Buyer and Seller shall not disclose any of the terms or conditions of this LOI to any other person without the express written consent of the other party, except that Buyer and Seller may disclose such information to their principles, counsel, accountants and potential financial sources ("Confidential Third Parties") in connection with evaluating the potential acquisitions of the Facilities by Buyer, provided all such Confidential Third Parties are first advised of the confidential nature of this LOI and agree to maintain the confidentiality hereof.

**Employees:**

Operator guarantees to hire substantially all Seller's facility-based employees.

**Exclusivity:**

Seller shall not enter into negotiations regarding the Facilities or a Potential Transaction with any third parties for a period commencing upon the execution of this Indication of Interest and terminating upon the earlier of expiration of the Due Diligence Period or when the Buyer indicates they are no longer pursuing the transaction.

**Re: Eskaton Portfolio - California**

Dear Mr. Revie

International Equity Partners, Inc (“IEP or “Buyer”) is pleased to submit the following non-binding letter of interest (“LOI”) for the acquisition of the skilled nursing facilities identified on Exhibit A (“the Facilities”, and each a Facility), from your client, Eskaton Properties (“Seller”).

Buyer, and or it’s designee(s) will acquire the real estate fee simple interests, furniture, fixtures, and equipment (“Real Property”) associated with the Facilities. Buyer’s assignees (“New Operators”) will acquire mutually agreed upon assets of the business operations (“Business Assets”) underlying the Facilities including the orderly transfer of the Business Assets pursuant to the Transaction Documents (defined below). Collectively, the acquisition of the Real Property and Business Assets of the Leased Facilities and Owned Facilities compose the “Transaction” herein contemplated in this LOI.

Except for the aforesaid binding provisions, neither party shall be bound until they have executed definitive agreements for the acquisition of the Real Property and the Business Assets of the Facilities, which definitive agreements shall be comprised of an Asset Purchase Agreement, an interim Management and Operations Transfer Agreement (“MOTA”), and such other ancillary agreements typically entered into in connection with the sale and transfer of skilled nursing facilities and their operations in the State of California (collectively, the “Transaction Documents”).

**Buyer Background:**

**International Equity Partners (“IEP”)**, a Los Angeles based private investment company, was founded in 2005 by Abe Bak and Michael Gastwirth. Since its founding, IEP has emerged as one of the largest owners and operators of long-term care facilities in California, operating and controlling a portfolio of approximately 100 health care facilities comprised of over 9,000 licensed beds. Together with its partners and affiliates, IEP’s holdings include in in excess of \$800 Million in assets primarily comprised of health care facilities and other commercial real estate.

Together Abe and Michael oversee all aspects of the investment cycle, ensuring a smooth process with certainty of execution. IEP is unique in its ability to do large scale transactions without outside investors or other existential control factors, allowing Abe and Michael to fluidly make key decisions. This structure has allowed IEP to have an adaptive flexibility in every transaction (an attribute non-existent with REITS and most syndicated buyer vehicles). Over the past several years, IEP has successfully worked through numerous challenges encompassing issues such as heavy losses, challenging licensure situations, confidentiality/discretion sensitivities, non-profit restrictions, collective bargaining/union issues, debt constraints, sellers unfamiliar with the process of transitioning nursing homes (and the accompanying licenses/provider agreements), tax deferred exchanges, and various other arising concerns. Most recently, IEP acquired 10 distressed health care facilities in California from a multigenerational family ownership group. Despite sharp operating losses, infighting between the different family stakeholders, and rising interest rates, IEP navigated the \$90MM transaction towards a successful closing that satisfied the disparate needs of all relevant stakeholders.

In particular IEP has successfully acquired skilled nursing facilities with non-profit status that required Attorney General Approval. In the recent past, IEP acquired Apple Valley Christian Care Center, a 99-bed nonprofit skilled nursing facility.

## **Operator Background:**

**Cypress Healthcare Group** is a skilled nursing facility management company that was formed in 2019. The three owners, Matt Jackson, Robert Jackson and Jack Sanofsky have a combined twenty-five plus years of experience operating skilled nursing facilities in the Sacramento, California region. Cypress currently owns the operations of six skilled nursing facilities in the Sacramento market, with 3 additional facilities in the area transitioning on February 1, 2023. Cypress's goal is to continue to grow within the Sacramento region; this is a function of its deep understanding of the local market dynamics, and the breadth of the local resources it brings to bear to drive both financial and clinical excellence.

All of Cypress ownership reside in in the Sacramento area and are actively involved in all day-to-day operating functions. In addition, Cypress is supported by a Sacramento based support services team comprised of a CFO, Director of Operations, two clinical nurse consultants and a Director of Accounts Receivable among others. With this team in place, Cypress is able to support the regional portfolio and ensure quality outcomes. All the Cypress facilities are within a 30-mile range of one another, facilitating a reinforced support system that shares resources, including staff, supplies and ideas that allow for sustained growth.

Cypress is intimately involved with the AG process for acquiring non-profit facilities; the 3 skilled nursing facilities transitioning on February 1, 2023, are non-profit facilities that are towards the end of the AG process; the precedence involved in this approval process heavily translates towards the anticipated process with the Eskaton Facilities. As a result, Cypress is uniquely positioned to navigate the forthcoming AG process with realistic expectations underpinned by highly relevant experience.

**Purchase Price:** \$35,640,000 (\$90,000 per bed) , paid in cash at closing, net of Earnest Money and mutually agreed upon assumed liabilities.

**Earnest Money:** Buyer's Earnest Money will be deposited as follows:

- a. Buyer shall Deposit \$500,000 ("Initial Deposit") to Escrow within five (5) business days of full execution of this LOI. The Initial Deposit shall be refundable through the end of the Due Diligence Period.
- b. Upon the expiration of the Due Diligence Period, and in conjunction with Buyer's express written intention to proceed, Buyer shall deposit an additional \$1,250,000 ("Additional Deposit) to Escrow, which, together with the Initial Deposit shall thereafter be non-refundable unless the transaction fails to close through Seller's default or of a failure of a condition to closing for the benefit of Buyer and New Operator. The Initial Deposit and Additional Deposit shall serve as Liquidated Damages should Buyer fail to close through no failure of Seller.
- c. Notwithstanding the foregoing, the failure of the Transaction to occur due to a rejection or blocking by the Attorney General of Buyer or New Operator shall result in liquidated damages to Seller of \$250,000 from the Earnest Money.
- d. At Closing, The Earnest Money will be net against the Purchase Price

**Funding Source:** Buyer, together with its principals and partners will fund the Transaction through cash on hand as well as private credit vehicles. Buyer will seek to obtain mortgage financing from its preferred lending relationship; however, Closing is not contingent on financing.

**Due Diligence Requests:** Requested critical diligence below:

- Explanations as to the background and history of PLGL insurance loss run claims of:
  - 1005070
  - 1005350
  - 1005676
- In addition, any pending litigation not yet shown on any of the insurance loss runs given its open status.
- Most recent Workers Comp Mod Rate
- Recent 5 years loss runs for Property Related Insurance

**Due Diligence Period:** Within 7 business days of the receipt of the Due Diligence Requests outlined above, Buyer and New Operator will waive its Due Diligence solely with respect to operational aspects of the Transaction (“Operations Due Diligence Period”).

Provided Buyer is provided access to perform third party investigation reports immediately upon the full execution of this LOI (i.e. PCNA, Phase 1, Survey, etc) Buyer will have a thirty (30) days from the full execution of the Purchase Documents to waive its Due Diligence Period solely with respect to Environmental, Property Condition, and Zoning/Survey issues outlined by third party reports (“Third Party Due Diligence Period”). Together the Operations Due Diligence-Party Due Diligence Period comprise the Due Diligence Period.

**Closing:** Targeted to occur on or before July 1, 2023, provided all conditions to Closing have outlined in Transaction Documents have been met.

<b>Targeted Milestones:</b>	1/30/2023:	LOI Fully Executed (commence AG package)
	2/06/2023	First Draft of Purchase Agreement Submitted
	2/17/2023:	Draft CHOW application submitted.
	3/01/2023:	Transaction Documents Signed & AG Package Submitted
	6/15/2023	Full AG Approval
	7/1/2023	Closing
	8/15/2023:	CHOW Approval

#### **Other Closing**

##### **Conditions:**

The below include but are not exhaustive Closing Conditions that are to be included in the Purchase Documents:

- All necessary regulatory approvals required for transitioning the Facilities.
- No open survey tags higher than “G” nor any ongoing admissions ban.
- No Facility is included on the Special Focus Facility list.
- Satisfactory AG approval

##### **Operations Transfer:**

Buyer and Seller shall cooperate to facilitate any and all necessary regulatory approvals to transition control of the Facilities and existing Medicare and Medicaid Provider Agreements in conjunction with the closing, including the full execution of a Management and Operations Transfer Agreement (“MOTA”). The MOTA shall provide that Seller shall allow Buyer and/or its designees to operate the Facilities using its licenses and Medicare and Medicaid Provider Agreements, and Seller shall also assign its Medicare and Medicaid Provider Agreements to New Operators. The MOTA shall continue in effect until such time as the Facilities receive new licenses due to an approved Change of Ownership application and are assigned their own Medicare and

Medicaid Provider Agreement numbers which are “tied into” the new licenses. Buyer and/or its designees shall bear all expenses of operation during the term of the MOTAs and retain any and all revenue accruing during this period.

In the event a CHOW is required prior to transition, Seller shall allow New Operator to utilize its Medicare and Medi-Cal provider numbers for billing until the numbers are tied into the new licenses.

**Contracts**

Within 7 days from the execution of this LOI, Buyer shall cause its counsel to prepare Transaction Documents incorporating the terms contained in this LOI and forward the same to Seller. The parties agree to negotiate in good faith to finalize the Transaction Documents described herein on terms and conditions mutually acceptable in a timely basis.

**Confidentiality:**

Buyer and Seller shall not disclose any of the terms or conditions of this LOI to any other person without the express written consent of the other party, except that Buyer and Seller may disclose such information to their principles, counsel, accountants and potential financial sources (“Confidential Third Parties”) in connection with evaluating the potential acquisitions of the Facilities by Buyer, provided all such Confidential Third Parties are first advised of the confidential nature of this LOI and agree to maintain the confidentiality hereof.

**Exclusivity:**

Seller shall not enter into negotiations regarding the Facilities or a Potential Transaction with any third parties for a period commencing upon the execution of this Indication of Interest and terminating upon the expiration of the Due Diligence Period.

**SECTION 999.5(d)(11)(C)**

**4) Letter from Cypress dated January 23, 2023.**

January 23, 20203

To Whom It May Concern:

Cypress Healthcare Group recently went through the Attorney General approval process in acquiring three skilled nursing facilities. The Attorney General's office views Cypress in a very favorable light. In the early stages of the approval process the AG initially determined there would be a staffing mandate that would require the new operator to staff at the levels of the prior ownership group for an extended period of time, thus leading to the financial hardships of the facilities to continue.

Upon attending town hall meetings with the Cypress team at the new SNF locations, the AG office removed those mandates and decided to impose zero monitoring or reporting requirements due to the research they had learned firsthand regarding Cypress as an operator. The other SNF operator in this deal was not recused from the monitoring and reporting requirements. Having these requirements placed on an operator can significantly increase the length of time to close a deal as it produces back and forth negotiations with the Attorney General's office. Cypress is confident in our ability to make for a smooth transition process working with the Attorney General's office. For more information from someone who we worked closely with on our recent acquisitions with the AG please feel free to contact Pam Kaufmann at Hanson Bridgett. She can be reached at (415) 995-5043.

Sincerely,

Jack Sanofsky

Managing Partner

Cypress Healthcare Group

INTERNATIONAL  
EQUITY PARTNERS INC.

# Presentation to Eskaton Properties

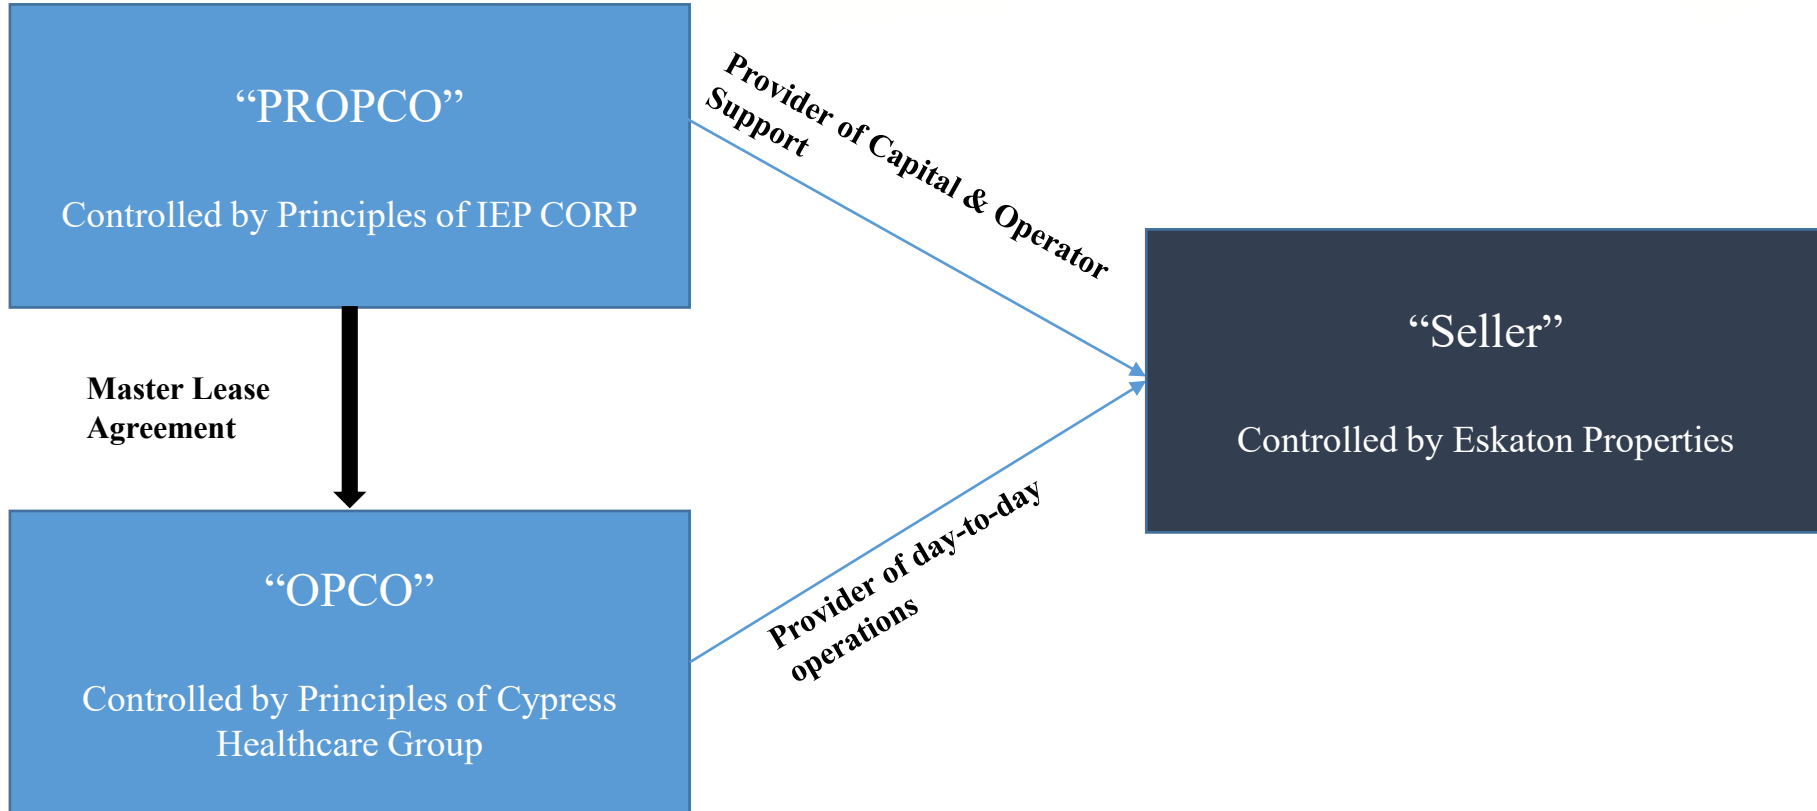

January 4, 2023

**Cypress Healthcare Group, LLC**

# Proposed Structure

## Buyer

# Company Background – IEP Corp

## International Equity Partners (“IEP”)

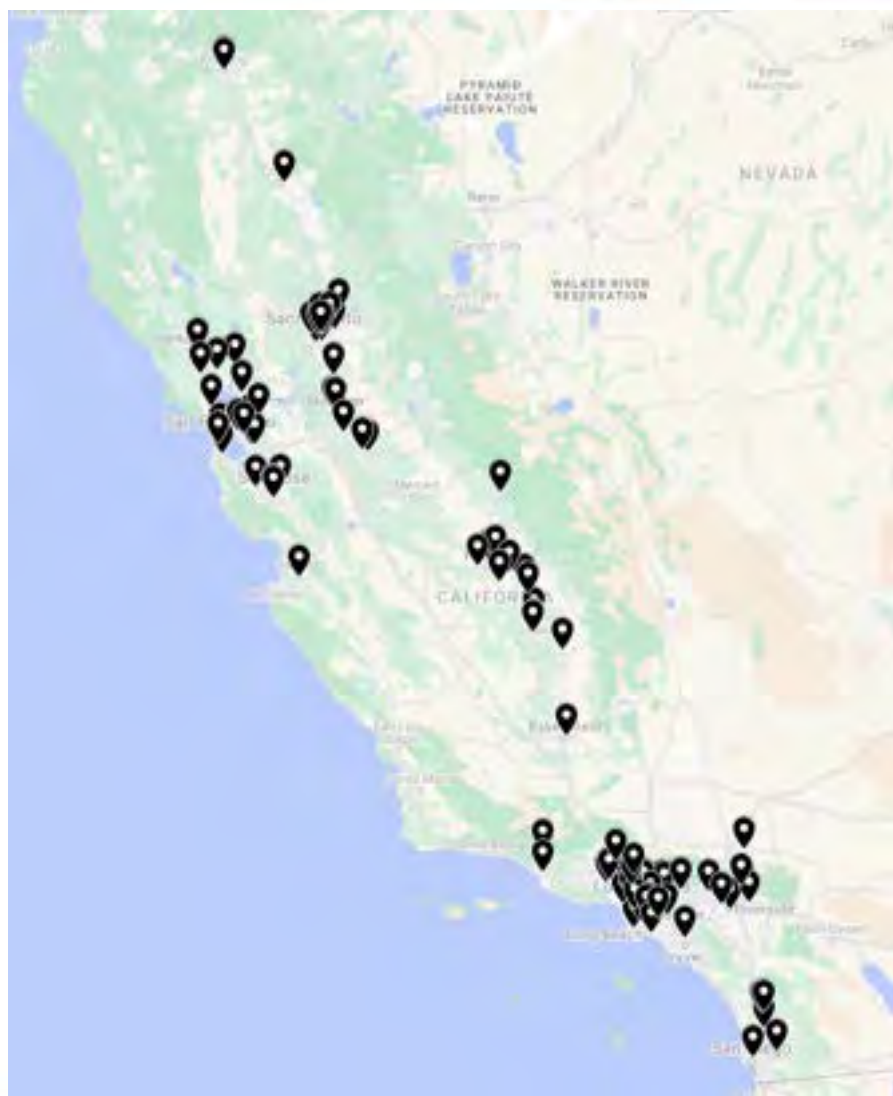

- Los Angeles based private investment company founded in 2005 by Abe Bak and Michael Gastwirth.
- 100% overseen and capitalized by Abe and Michael – no outside investors, boards, or other outside influence
- One of the most active buyers of health care facilities in California, operating and controlling a portfolio of over 100 health care facilities comprised of nearly 10,000 licensed beds.
- History of fluid decision-making and flexibility typically absent from large corporations or syndicated investment structures. This allows for accommodating frameworks that meets the disparate needs of Sellers. Successfully acquired facilities in various challenging situations, i.e.
  - Longtime generational family ownership with intra family disagreements and diverse specific post transition requirements
  - Non-Profits subject to Attorney General Requirements
  - Major portfolio sales from large publicly and privately traded companies with rigid and inflexible processes
  - Insolvent facilities with long lists of creditor claims and challenging multi-party workouts
  - Other time of the essence closings with varying levels of facility distress
- Platform for both Real Estate and Operations:
  - Affiliates directly operate 14 health care facilities in Southern California
  - Aligns with best-in-class operators for facilities outside the IEP operational footprint. Partner operators represent the ideal fit for both the facility and the region and have a defined business plan with a measurable level of historical success.
- Supported by a strong internal asset management team composed of departments handling acquisitions/underwriting, financing, accounting/treasury, and billing.

# Company Background – Cypress Healthcare Group

## **Cypress Healthcare Group, LLC**

- Skilled nursing facility management company based in Sacramento that was formed in 2019 by Matt Jackson, Robert Jackson, and Jack Sanofsky.
- 100% overseen and capitalized by the founders– no outside investors, boards, or other outside influence.
- Ownership has 25 years of aggregated operating experience specifically in the Sacramento Region.
- Prior work experience as high levels administrators and regional directors of operations for both nursing facilities and hospitals.
- Currently operates 6 skilled nursing facilities in Sacramento – comprised of roughly 500 licensed beds.
- Mandate to grow selectively only within the Sacramento Region. Facilities are within 30 miles of each other Team is supported by a Sacramento based back office and other resources including:
  - CFO and Finance Executives
  - Director of Operations
  - Clinical Nursing Consultants
  - Revenue Cycle Team
- Regional facilities support each other through sharing of staff, supplies, and ideas
- In final process of transitioning 3 Sacramento Region non-profit facilities (176 beds) from Retirement Housing Foundation. Attorney General review is in process and is anticipated to conclude in January 2023.
- Well positioned geographically, financially, and with a strong corporate office to transition and achieve success with the Eskaton facilities

# Buyer Statewide Footprint

## Portfolio Metrics:

112 Total Facilities

10,471 Licensed Beds Primarily in CA

- Alameda County: 277 Beds
- Butte County: 144 Beds
- Contra Costa County: 100 Beds
- Fresno County: 441 Beds
- Kern County: 99 Beds
- Los Angeles County: 2,980 Beds
- Madera County: 66 Beds
- Marin County: 168 Beds
- Monterey County: 51 Beds
- Napa County: 120 Beds
- Orange County: 99 Beds
- Riverside County: 121 Beds
- **Sacramento County: 1,404 Beds**
- San Bernardino County: 500 Beds
- San Diego County: 828 Beds

# Approach to Care

## **Cypress: Approach to Quality of Care and Operating Track Record**

Cypress Healthcare continues to provide and improve quality care in each of its facilities by expecting extraordinary results, establishing a vision of quality, developing high standards of performance, providing the necessary resources to staff (training, expectations, systems, procedures) and attracting and retaining superior talent. Leveraging the best clinical leaders in the industry, we utilize a structured approach of constant quality improvement to drive better results in our facilities for our residents. Monitoring, measuring and quantifying the care provided and results of that care allow us to analyze our efforts and outcomes and implement/adjust systems where needed to ensure the best outcomes and constant improvement.

# Cypress Healthcare Group, LLC: Operating Philosophy

Our Operating Philosophy is to: Expect extraordinary results, Establish a vision of Quality, Develop high standards of performance, Provide the necessary resources (training, expectations, systems, procedures), Attract and retain superior talent and lead through service.

Over the last three years we have established ourselves as leaders in post-acute care with:

- Very High Patient Satisfaction
- Very High Employee Satisfaction
- Very Low Employee Turnover
- Very High Employee Safety Record
- Very High Family Satisfaction
- Very High Physician Satisfaction
- Very High Recognition by all Partner Hospitals

**Highlights:**

- **4.50 average of 5 Star Quality Measures**
- **Re-hospitalization rate: 13% (22% CA Avg)**
- **Hospitalizations per 1,000 days: 0.98 (1.61 CA Avg)**
- **Outstanding annual survey results**

# Attorney General Experience

## Cypress AG Experience:

Currently working with the Attorney General for approval on the below Sacramento region facilities. The process commenced in September 2022 and is estimated to conclude by January 23, 2023. The AG views the Cypress team positively and has “pulled back” initially desired conditions based on comfort with the Cypress successful operating platform. Transition of the below facilities is slated to occur within the next 60 days.

Facility Name	Address	City	Beds	Current Ownership
Gold Country Health Center	4301 Golden Center Drive	Placerville	68	Retirement Housing Foundation
Auburn Ravine Terrace	750 Auburn Ravine Road	Auburn	59	Retirement Housing Foundation
Pioneer House	415 P Street	Sacramento	49	Retirement Housing Foundation

The AG office initially imposed strict monitoring and reporting requirements on the three Cypress acquisition facilities. However, after working with Cypress and attending the community town hall meetings, the AG removed all monitoring and reporting requirements, despite keeping those in place for a different nursing home operator transitioning a 4<sup>th</sup> facility from the same seller. Based upon AG comments and counsel feedback, it has been a very smooth and seamless process for Cypress Health Group, creating a “halo effect” that will positively influence future collaboration between Cypress and the AG.

## IEP AG Experience:

Successfully obtained Attorney General Approval to acquire the underlying real property of Apple Valley Christian Care Center, a 99- bed skilled nursing facility in Apple Valley, CA.

# July 2023 CHOW Considerations

## Issue:

- New CHOW Rules dictate that effective July 1, 2023, skilled nursing facilities will no longer be able to transition facilities under interim management structures. The State must approve a Change of Ownership (“CHOW”) application prior to any transition.
- Historically, the California licensing department is taking between 6 – 9 months to process CHOW applications. Furthermore, the state has become more diligent in reviewing the qualifications and history of nursing home operators due to recent media scrutiny and high-profile lawsuits.
- It is critical to have a plan to effectuate a transition within a desired time frame and avoid:
  - Waiting an extended period of time for the CHOW approval
  - Risk a denial of new license for the new operator

## Mitigants:

- Based on the Cypress/IEP attorney general experience, it is anticipated that the AG approval process will be abbreviated. Therefore, it is likely that a transition can occur prior to the July 1, 2023 time frame, negating the need for a CHOW process first.
  - Cypress and IEP have familiarity with the forms and information required by the AG and can turn the requisite information over within 48 hours of request.
  - Cypress is recently and fully vetted by the AG with a very positive impression. It is anticipated that the AG will spend little additional time on requirements and diligence on Cypress.
  - IEP has previously completed the AG approval process for the acquisition of non-profit real estate.
- As a “backup”, plan Cypress can file a CHOW application now, with certain information to be provided later. By pre-emptively filing the CHOW, approval is possible on or around July 1, 2023 mitigating an otherwise lengthy waiting period.
- Both IEP and Cypress have empirical history of recent CHOW approvals by the state, with both parties held in high regard by the State of California. To date, all CHOW applications by Cypress and IEP have been approved, with many as recent as 2019-2022.

# CHOW Approvals Experience

## Cypress Recent CHOW Approvals:

Facility Name	Address	City	Beds	Approval Date
Oak Ridge Healthcare Center	310 Oak Ridge Drive	Roseville	67	12/19/2019

# Cypress Operating Vision

## **Long Term Vision: Sacramento Expertise**

We are a Sacramento based company with strong relationships with talent in the area, the local licensing office and community hospitals. Our vision is to utilize these relationships to provide the best quality outcomes to the residents of the Sacramento area for the next 20+ years.

## **Local & Regional Relationships**

Cypress Healthcare is viewed in the highest regard by our local and regional healthcare providers. Each of our six facilities is a partner of choice for their local hospitals. These hospitals include: Kaiser Roseville, Sutter Roseville, Mercy Folsom, Mercy San Juan, Mercy General, Sutter General, Kaiser Morse Ave, Kaiser South Sacramento, Methodist and UC Davis Medical Center. Additionally, we pilot many programs with our partner hospitals before they introduce them to all of their partners and have partnered with them on special skilled nursing programs/partnerships. We have great relationships with insurance groups and our facilities are contracted with every major HMO insurance (Kaiser, Anthem Blue Cross, Imperial, United Healthcare, etc.).

## **Services and Programs**

Our buildings specialize in but are not limited to: admission and treatment of patients with extensive wounds, admission and treatment of patients with active COVID-19, behavioral management, and rehab care. Based on our deep relationships in the market, assessment in real time will define the optimal program provisions at the facilities. Being 100% committed to the Sacramento region is a major strength for understanding and meeting the health care program needs in the region

# Access to Capital – IEP CORP

## Well Capitalized Platform with Substantial Liquidity & Available Credit Vehicles

- Corporate and Private Liquidity of \$25MM
- Access to Credit Lines of \$10MM
- Estimated Portfolio “Equity” of over \$250MM
- Deep Experience in Financing of “turnaround” facilities by relationship lenders
  - Capital Funding, White Oak HCP, Congressional Bank, Bank of Oklahoma, Signature Bank, etc
  - Approximately \$400MM in financing for primarily non-performing properties
  - Approximately \$215MM of “bridge” financing has been/or is approved for refinancing with long term FHA debt
  - Only 6 Facilities remain in “bridge” status and are near stabilized levels that would merit FHA refinancing
  - Remaining assets are financed with long term “local” bank loans
  - White Oak Health Care Partners (<https://whiteoaksf.com/industry-expertise/healthcare/>) interested in providing financing at 75-80% of cost/value
- Will seek bridge financing which is not required for closing. IEP will close all cash if necessary.

# Access to Capital – Cypress Healthcare Group, LLC

## **Low Leverage, Highly Liquid & Strong Cash Flow Positive Enterprise**

- Net Collectible Global Accounts Receivable of approximately \$20.2MM
- Total Current Liabilities of \$8MM
- Roughly \$800K in Pre-Paid Expenses
- \$0 in outside financing, UCC liens, and credit lines
- Anticipated \$10MM in ERC Tax Credits in the next 6 months – all related income taxes have been prepaid
- \$36MM in Retained Earnings since Founding (2019)
- Tracking \$12MM in Annual Net Income for 2022

# Due Diligence

## **Internal Conducted Diligence:**

- Financials
- Census
- Vendor & Managed Care Contracts
- Staffing Levels & Patterns
- Employee CBA
- Wages & Benefits
- Insurance Loss Runs
- Surveys and Compliance
- Existing & Threatened Litigation
- Unit Mix/Floor Plans
- Deferred Maintenance
- OSHPD /HCAI Exposure
- CARES Act Exposure
- QAF Balances

## **3<sup>rd</sup> Party Engineering:**

- Property Condition Reports
- Environmental Reports
- Seismic Reports
- Asbestos/Radon
- Zoning Report
- Land Survey

## **Legal Counsel**

- Title Review
- Searches/Liens

**Proposed time frame of 45 days to complete due diligence  
3<sup>rd</sup> Party Engineering Reports to require site visits**

# Valuation

Below is a representation of per bed sale prices for relevant transactions:

- Distressed/Value Add facilities
- Facilities Primarily in Sacramento and Surrounding Regions
- Since 2019

Facility Name	City	Year of Sale	Price	Beds	Price/bed	Note
City Creek Post Acute	Sacramento	2019	\$14,086,000	171	\$82,374	(1)
Riverpointe Post Acute	Sacramento	2019	\$10,640,000	112	\$95,000	(2)
Casa Coloma Health Care Center	Rancho Cordova	2022	\$13,000,000	138	\$94,203	(3)
Capital Transitional Care	Sacramento	2022	\$13,250,000	121	\$109,504	(4)
Gramercy Court	Sacramento	2016	\$15,935,000	185	\$86,135	(5)
Norwood Pines Alzheimers Center	Sacramento	2022	\$16,750,000	161	\$104,037	(6)
St. Jude Care Center	Manteca	2021	\$7,700,000	99	\$77,778	(7)
Los Banos Nursing And Rehabilitation Center	Los Banos	2021	\$4,500,000	59	\$76,271	(8)

## Note

- (1) Includes 72 units of AL. Roughly break-even at transition
- (2) Approximately Break Even at Closing
- (3) Averaging \$313K NOI per month over the last 4 months
- (4) Includes 24 bed subacute unit. Break-even Performance at transition
- (5) Includes 65 units of AL. 1980's Construction, spacious campus with desirable unit mix. Break-even at transition
- (6) \$500K in annual NOI at transition
- (7) Cost of Operations and Real Estate Option Strike Price. At transition, facility was losing approximately \$1MM per year
- (8) Losses of approximately \$500K per year

## Conclusion:

A range of \$75K per bed to \$109K per bed exists, depending on facility attributes and the level of distress. Based on the in-place losses, lower occupancy, and degree of “turnaround” at these facilities, offset by positives associated with the urban Sacramento location, favorable unit mix/layout, and volume of beds a per bed price of \$80,000 per bed was offered. This is supported by the recent pricing attributes outlined above.

**SECTION 999.5(d)(11)(C)**

**6) Initial letter of intent from IEP dated December 14, 2022.**

December 14, 2022

Dan Revie  
Zeigler – Managing Director

Via Email

**Re: Eskaton Portfolio - California**

Dear Mr. Revie

International Equity Partners, Inc (“IEP or “Buyer”) is pleased to submit the following non-binding letter of interest (“LOI”) for the acquisition of the skilled nursing facilities identified on Exhibit A (“the Facilities”, and each a Facility), from your client, Eskaton Properties (“Seller”).

Buyer, and or it’s designee(s) will acquire the real estate fee simple interests, furniture, fixtures, and equipment (“Real Property”) associated with the Facilities. Buyer’s assignees (“New Operators”) will acquire mutually agreed upon assets of the business operations (“Business Assets”) underlying the Facilities including the orderly transfer of the Business Assets pursuant to the Transaction Documents (defined below). Collectively, the acquisition of the Real Property and Business Assets of the Leased Facilities and Owned Facilities compose the “Transaction” herein contemplated in this LOI.

Except for the aforesaid binding provisions, neither party shall be bound until they have executed definitive agreements for the acquisition of the Real Property and the Business Assets of the Facilities, which definitive agreements shall be comprised of an Asset Purchase Agreement, an interim Management and Operations Transfer Agreement (“MOTA”), and such other ancillary agreements typically entered into in connection with the sale and transfer of skilled nursing facilities and their operations in the State of California (collectively, the “Transaction Documents”).

**Buyer Background:**

**International Equity Partners (“IEP”)**, a Los Angeles based private investment company, was founded in 2005 by Abe Bak and Michael Gastwirth. Since its founding, IEP has emerged as one of the largest owners and operators of long-term care facilities in California, operating and controlling a portfolio of approximately 100 health care facilities comprised of over 9,000 licensed beds. Together with its partners and affiliates, IEP’s holdings include in in excess of \$800 Million in assets primarily comprised of health care facilities and other commercial real estate.

Together Abe and Michael oversee all aspects of the investment cycle, ensuring a smooth process with certainty of execution. IEP is unique in its ability to do large scale transactions without outside investors or other existential control factors, allowing Abe and Michael to fluidly make key decisions. This structure has allowed IEP to have an adaptive flexibility in every transaction (an attribute non-existent with REITS and most syndicated buyer vehicles). Over the past several years, IEP has successfully worked through numerous challenges encompassing issues such as heavy losses, challenging licensure situations, confidentiality/discretion sensitivities, non-profit restrictions, collective bargaining/union issues, debt constraints, sellers unfamiliar with the process of transitioning nursing homes (and the accompanying licenses/provider agreements), tax deferred exchanges, and various other arising concerns. Most recently, IEP acquired 10 distressed health care facilities in California from a multigenerational family ownership group. Despite sharp operating losses, infighting between the different family stakeholders, and rising interest rates, IEP navigated the \$90MM transaction towards a successful closing that satisfied the disparate needs of all relevant stakeholders.

In particular IEP has successfully acquired skilled nursing facilities with non-profit status that required Attorney General Approval. In the recent past, IEP acquired Apple Valley Christian Care Center, a 99-bed nonprofit skilled nursing facility.

### **Operator Background:**

**Cypress Healthcare Group** is a skilled nursing facility management company that was formed in 2019. The three owners, Matt Jackson, Robert Jackson and Jack Sanofsky have a combined twenty-five plus years of experience operating skilled nursing facilities in the Sacramento, California region. Cypress currently owns the operations of six skilled nursing facilities in the Sacramento market, with 3 additional facilities in the area transitioning on February 1, 2023. Cypress's goal is to continue to grow within the Sacramento region; this is a function of its deep understanding of the local market dynamics, and the breadth of the local resources it brings to bear to drive both financial and clinical excellence.

All of Cypress ownership reside in in the Sacramento area and are actively involved in all day-to-day operating functions. In addition, Cypress is supported by a Sacramento based support services team comprised of a CFO, Director of Operations, two clinical nurse consultants and a Director of Accounts Receivable among others. With this team in place, Cypress is able to support the regional portfolio and ensure quality outcomes. All the Cypress facilities are within a 30-mile range of one another, facilitating a reinforced support system that shares resources, including staff, supplies and ideas that allow for sustained growth.

Cypress is intimately involved with the AG process for acquiring non-profit facilities; the 3 skilled nursing facilities transitioning on February 1, 2023, are non-profit facilities that are towards the end of the AG process; the precedence involved in this approval process heavily translates towards the anticipated process with the Eskaton Facilities. As a result, Cypress is uniquely positioned to navigate the forthcoming AG process with realistic expectations underpinned by highly relevant experience.

**Purchase Price:** \$31,680,000, paid in cash at closing, net of Earnest Money and mutually agreed upon assumed liabilities.

Buyer is pricing the Facilities based on market "per-bed" valuations that juxtaposes stabilized values against in-place operating fundamentals. An estimated band of \$70K – 100K per bed for "value add" opportunities in the Sacramento is appropriate depending on the magnitude of current distress. With regards to the Facilities, substantial operating losses exceeding \$10MM, together with 60% portfolio occupancy factor into the \$80K per bed proposed Price.

**Earnest Money:** Buyer's Earnest Money will be deposited as follows:

- a. Buyer shall Deposit \$500,000 ("Initial Deposit") to Escrow within five (5) business days of full execution of this LOI. The Initial Deposit shall be refundable through the end of the Due Diligence Period.
- b. Upon the expiration of the Due Diligence Period, and in conjunction with Buyer's express written intention to proceed, Buyer shall deposit an additional \$1,000,000 ("Additional Deposit") to Escrow, which, together with the Initial Deposit shall thereafter be non-refundable unless the transaction fails to close through Seller's default or of a failure of a condition to closing for the benefit of Buyer and New Operator. The Initial Deposit and Additional Deposit shall serve as Liquidated Damages should Buyer fail to close through no failure of Seller.
- c. At Closing, The Earnest Money will be net against the Purchase Price

**Funding Source:** Buyer, together with its principals and partners will fund the Transaction through cash on hand as well as private credit vehicles. Buyer will seek to obtain mortgage financing from its preferred lending relationship; however, Closing is not contingent on financing.

**Due Diligence**

**Requests:** Attached in Schedule 1

**Due Diligence Period:** Buyer will have forty-five (45) days from the full execution of the Purchase Documents to waive its Due Diligence Period (“Due Diligence Period”). Seller will endeavor to provide all requested diligence materials to Buyer in a reasonably timely manner.

**Closing:** The later to occur of:

- a) The first day of the month following the period that is thirty (30) days after the expiration of the Due Diligence Period, or;
- b) The first day of the month following receipt of all requisite approvals and closing conditions outlined in the Transaction Documents, including but not limited to Attorney General approval.

**Other Closing**

**Conditions:** The below include but are not exhaustive Closing Conditions that are to be included in the Purchase Documents:

- No open survey tags higher than “G” nor any ongoing admissions ban.
- No Facility is included on the Special Focus Facility list.
- Satisfactory AG approval

**Operations Transfer:** Buyer and Seller shall cooperate to facilitate any and all necessary regulatory approvals to transition control of the Facilities and existing Medicare and Medicaid Provider Agreements in conjunction with the closing, including the full execution of a Management and Operations Transfer Agreement (“MOTA”). The MOTA shall provide that Seller shall allow Buyer and/or its designees to operate the Facilities using its licenses and Medicare and Medicaid Provider Agreements, and Seller shall also assign its Medicare and Medicaid Provider Agreements to New Operators. The MOTA shall continue in effect until such time as the Facilities receive new licenses due to an approved Change of Ownership application and are assigned their own Medicare and Medicaid Provider Agreement numbers which are “tied into” the new licenses. Buyer and/or its designees shall bear all expenses of operation during the term of the MOTAs and retain any and all revenue accruing during this period.

**Contracts** Within 7 business days from the execution of this LOI, Buyer shall cause its counsel to prepare Transaction Documents incorporating the terms contained in this LOI and forward the same to Seller. The parties agree to negotiate in good faith to finalize the Transaction Documents described herein on terms and conditions mutually acceptable within 30 days of the first drafts.

**Confidentiality:** Buyer and Seller shall not disclose any of the terms or conditions of this LOI to any other person without the express written consent of the other party, except that Buyer and Seller may disclose such information to their principles, counsel, accountants and potential financial sources (“Confidential Third Parties”) in connection with evaluating the potential acquisitions of the Facilities by Buyer, provided all such Confidential Third Parties are first advised of the confidential nature of this LOI and agree to maintain the confidentiality hereof.

**Exclusivity:** Seller shall not enter into negotiations regarding the Facilities or a Potential Transaction with any third parties for a period commencing upon the execution of this Indication of Interest and terminating upon the expiration of the Due Diligence Period.

**Buyer Contact Information:**

<b>Name</b>	<b>Company</b>	<b>Email</b>	<b>Role</b>

18. Details regarding any OSHPD construction projects submitted and or performed within the past 3 years.
19. If applicable, litigation schedule with summary/description of all pending or threatened claims and their current status, with evaluation of exposure.
20. Any information on completed or pending RACS, Probes, Open Billing Audits, or any other open audit information with respect to the Facility
21. Recent detailed AR/AP aging.
22. Current bed tax outstanding balance.
23. Outline of CARES ACT stimulus funding received including Medicare Advance Payments, treatment of Grant Money on financials, Payroll Tax deferment, etc.

## **SECTION 999.5(d)(11)(C)**

**7) Letter of Intent from Eagle Arc Partners dated January 30, 2023.**

EAGLE ARC

PARTNERS

January 30, 2023

Attention: Dan Revie  
Managing Director  
Drevie@ziegler.com

Dear Dan:

Eagle Arc Partners, LLC ("**Eagle Arc**") and its operating partner Links Healthcare Group ("**Links**" and together with Eagle Arc, "**Buyer**") are pleased to submit the following non-binding letter of intent (this "**LOI**") to outline the terms upon which Buyer would be willing to acquire the operations and associated real property (the "**Assets**") from Eskaton Properties, Inc. and its affiliates ("**Seller**"), as identified on Schedule I attached to this LOI. Buyer's recent transaction experience demonstrates our comfort with the marketplace and our ability to close on a transaction of this nature.

The major terms and conditions include the following:

1. **Assets:** Three (3) skilled nursing facilities (the "**Acquired Facilities**") and the associated interest in real property of such Acquired Facilities (collectively, the "**Real Property**") along with all buildings and other improvements, licenses, permits, personal property, equipment, inventory and other assets that are owned by Seller and used in the operations of the Acquired Facilities (the "**Transaction**"). On the date of the Closing, the Assets will be sold to Buyer free and clear of any and all liens, claims, security interests and other encumbrances of any kind.

2. **Purchase Price:** [REDACTED]

3. **Transaction Funding:** [REDACTED]

If necessary, Eagle Arc has the ability to close in cash and obtain bank financing after the closing is complete.

4. **Due Diligence:** Upon the execution of this LOI, the parties will commence negotiations of the Asset Purchase Agreement (the "**Purchase Agreement**") and other such agreements as are necessary to evidence the Transaction (collectively, "**Definitive Agreements**"). The Definitive Agreements will be in forms mutually agreeable to the parties in their sole discretion and include, without limitation, such representations, warranties, covenants, indemnification obligations and other terms and conditions customary in transactions similar to the Transaction. Seller will deliver the draft Purchase Agreement.

Buyer's diligence work streams may include: legal, insurance, regulatory and clinical diligence and appraisals, Phase I's, and property condition reports. Buyer may perform site visits and Seller will provide reasonable access to the Acquired Facilities upon reasonable prior notice and approval by Seller, and subject to all COVID-19 related regulations and protocols.

5. **Timeline and Closings:** Subject to other terms included in the Purchase Agreement, the parties will close at the end of the month immediately following the receipt of all necessary regulatory (including attorney general) approvals. The expected transaction timeline is as follows:

Target Transaction Timeline		
Stage	Days to Complete	Date
Execute LOI		1/31/2023
Seller Delivers Contract	7	2/7/2023
Execute Contract	21	2/28/2023
Initial Deposit Goes Nonrefundable	0	2/28/2023
File AG and CHOW documents	0	2/28/2023
Receive AG Approval, Additional Deposit Posted	120	6/28/2023
Closing	2	6/30/2023

6. 

7. 

8. **Required Approvals:** Buyer's investment committees have reviewed and approved this proposal. Closing of the Transaction will be subject to:

- Completion of Due Diligence to Buyer's satisfaction prior to completion of the Due Diligence Period;

- Execution and delivery of the Definitive Agreements.

## 9. **Buyer Background:**

Please see the attached deck that shows relevant information about Links.

Eagle Arc is an investment firm that is focused on acquiring and executing value add strategies across skilled nursing and seniors housing facilities. Funds and affiliates managed by Eagle Arc have acquired over \$1.5bn of senior living assets over the past several years.

Relevant transaction experience below:

**San Diego Facility** - In December 2022 Eagle Arc and Links closed on a 300+ bed facility in San Diego, CA. Links took over operations of the facility from an underperforming operator and will execute a turnaround plan to stabilize the facility.

**Anaheim Facility** – In September 2022 Eagle Arc and Links closed on a facility in Anaheim, CA that was formerly owned by an owner/operator. The facility has a unique contract with the local county government, and Links was able to swiftly navigate the county's new operator approval process in order for the transaction to close in a timely manner.

**Boston Facility** - In September 2022 Eagle Arc closed on a 130+ bed facility in Boston, MA that was previously owned and operated by a Catholic charity organization. Eagle Arc installed one of its local operating affiliates to manage the facility on its behalf.

**Boston Portfolio** - In December 2021 Eagle Arc closed on a \$42M portfolio of three skilled nursing facilities in Massachusetts that were formerly owned by an owner/operator. Eagle Arc was able to close the transaction less than four months after LOI signing in order to meet the seller's goal of closing before the yearend.

**Southeast Portfolio** – In November 2020 Eagle Arc closed on a \$325M portfolio of 21 skilled nursing facilities in Florida, Mississippi, and Georgia that were formerly owned by an owner/operator. Eagle Arc was able to close the transaction despite numerous operational and financial challenges related to the ongoing COVID-19 pandemic.

**Sabra / Senior Care Centers Portfolio** – In March 2019 Eagle Arc closed on a \$283M portfolio of 28 skilled nursing and assisted living facilities in Texas and Louisiana that were owned by Sabra Health Care REIT and operated by Senior Care Centers. Eagle Arc had to navigate Senior Care Center's bankruptcy process in order to gain control of the assets.

**Kindred Portfolio** – In August 2017, Eagle Arc acquired 96 skilled nursing and assisted living assets (approximately 11,600 beds) from publicly traded Kindred Healthcare Inc. in a \$786M transaction. **Included In this transaction were 13 skilled nursing facilities located in the state of California, two of which are owned by Eagle Arc and operated by Links.**

**Regency Integrated Health Services** - The acquisition of Regency Integrated Health Services ("**Regency**"), a post-acute and long-term care healthcare provider platform based in Texas. The

acquisition, which closed in 2016 for total consideration of \$510M, included the real estate, operations, management and ancillary businesses. At closing, a new senior leadership team was brought in but the remaining infrastructure and regional was left intact. The platform continues to grow through acquisitions of home health, hospice and facilities-based services, including notable carve-out transactions from Genesis and Senior Care Centers. Regency now operates almost 7,000 beds in Texas.

Golden Living - December 2016 acquisition of the leasehold interests in 21 skilled nursing facilities in California.

10. Advisors: Buyer will engage Sternshein Legal Group for legal counsel in the transaction. We will engage Hooper, Lundy, and Bookman to assist in the legal process with the Attorney General's office. Links and Eagle Arc have successfully gone through three transactions converting not-for-profits SNFs/Hospitals to for-profit entities.

11. [REDACTED]

12. Confidentiality: This LOI is being submitted on a confidential basis.

13. [REDACTED]

14. Governing Law: This LOI is governed by the laws of the State of Delaware.

15. Non-Binding Proposal: It is understood that this non-binding proposal does not contain all matters upon which agreement must be reached in order for any transaction to be consummated and, therefore, does not constitute an offer to purchase or create any binding commitment with respect to any transaction. A binding commitment with respect to a transaction will result only from execution of the Definitive Agreements. Buyer retains the right to terminate its interest as expressed in this LOI at any time. Notwithstanding anything contained in this LOI to the contrary, the terms and provisions contained in this paragraph and the paragraphs entitled "Deposit," "Exclusivity," "Expenses," "Confidentiality," and "Governing Law" shall be binding on and enforceable against the parties.

Please indicate acceptance of the above by countersigning a copy of this letter and returning it to us within five (5) business days. Failure to execute and return the document within this period will render this LOI null and void.

We are excited about the prospect of completing the Transaction and look forward to working with you to expeditiously structure and finalize the Definitive Agreements. If you have any questions regarding our interest, please do not hesitate to call [REDACTED]. Upon signing of this LOI, additional contact information for financial advisors, diligence providers, legal counsel, and third party financing sources will be provided.

**SECTION 999.5(d)(11)(C)**

**8) Letter of Intent from Eagle Arc Partners dated December 21, 2022.**

December 21, 2022

Attention: Dan Revie  
Managing Director  
Drevie@ziegler.com

Dear Dan:

Eagle Arc Partners, LLC ("**Eagle Arc**") and its operating partner Links Healthcare Group ("**Links**") and together with Eagle Arc, "**Buyer**") are pleased to submit the following non-binding letter of intent (this "**LOI**") to outline the terms upon which Buyer would be willing to acquire the operations and associated real property (the "**Assets**") from Eskaton Properties, Inc. and its affiliates ("**Seller**"), as identified on Schedule I attached to this LOI. Buyer's recent transaction experience demonstrates our comfort with the marketplace and our ability to close on a transaction of this nature.

The major terms and conditions include the following:

1. **Assets:** Three (3) skilled nursing facilities (the "**Acquired Facilities**") and the associated interest in real property of such Acquired Facilities (collectively, the "**Real Property**") along with all buildings and other improvements, licenses, permits, personal property, equipment, inventory and other assets that are owned by Seller and used in the operations of the Acquired Facilities (the "**Transaction**"). On the date of the Closing, the Assets will be sold to Buyer free and clear of any and all liens, claims, security interests and other encumbrances of any kind.

2.

3.

If necessary, Eagle Arc has the ability to close in cash and obtain bank financing after the closing is complete.

4. **Due Diligence:** Upon the execution of this LOI, the parties will commence negotiations of the Asset Purchase Agreement (the "**Purchase Agreement**") and other such agreements as are necessary to evidence the Transaction (collectively, "**Definitive Agreements**"). The Definitive Agreements will be in forms mutually agreeable to the parties in their sole discretion and include, without limitation, such representations, warranties, covenants, indemnification obligations and other terms and conditions customary in transactions similar to the Transaction. Seller will deliver the draft Purchase Agreement.

[REDACTED]  
[REDACTED] following the signing of the Purchase Agreement. Buyer's diligence work streams may include: legal, insurance, regulatory and clinical diligence and appraisals, Phase I's, and property condition reports. Buyer may perform site visits and Seller will provide reasonable access to the Acquired Facilities upon reasonable prior notice and approval by Seller, and subject to all COVID-19 related regulations and protocols.

5. **Timeline and Closings:** Subject to other terms included in the Purchase Agreement, the parties will close at the end of the month immediately following the receipt of all necessary regulatory approvals. The expected closing timeline is as follows:

<b>Event</b>	<b>Date</b>
Complete confirmatory due diligence	30 days after signing Purchase Agreement
File Regulatory and Notice Letters (including to the attorney general's office)	Within 7 days after completion of confirmatory due diligence
Closing	At the end of the month immediately following receipt of regulatory approvals

6.

7.

8. **Required Approvals:** Buyer's investment committees have reviewed and approved this proposal. Closing of the Transaction will be subject to:

- Completion of Due Diligence to Buyer's satisfaction prior to completion of the Due Diligence Period;
- Execution and delivery of the Definitive Agreements.

9. **Buyer Background:**

Please see the attached deck that shows relevant information about Links.

Eagle Arc is an investment firm that is focused on acquiring and executing value add strategies across skilled nursing and seniors housing facilities. Funds and affiliates managed by Eagle Arc have acquired over \$1.5bn of senior living assets over the past several years.

Relevant transaction experience below:

*San Diego Facility* - In December 2022 Eagle Arc and Links closed on a 300+ bed facility in San Diego, CA. Links took over operations of the facility from an underperforming operator and will execute a turnaround plan to stabilize the facility.

*Anaheim Facility* – In September 2022 Eagle Arc and Links closed on a facility in Anaheim, CA that was formerly owned by an owner/operator. The facility has a unique contract with the local county government, and Links was able to swiftly navigate the county's new operator approval process in order for the transaction to close in a timely manner.

*Boston Facility* - In September 2022 Eagle Arc closed on a 130+ bed facility in Boston, MA that was previously owned and operated by a Catholic charity organization. Eagle Arc installed one of its local operating affiliates to manage the facility on its behalf.

*Boston Portfolio* - In December 2021 Eagle Arc closed on a \$42M portfolio of three skilled nursing facilities in Massachusetts that were formerly owned by an owner/operator. Eagle Arc was able to close the transaction less than four months after LOI signing in order to meet the seller's goal of closing before the yearend.

*Southeast Portfolio* – In November 2020 Eagle Arc closed on a \$325M portfolio of 21 skilled nursing facilities in Florida, Mississippi, and Georgia that were formerly owned by an owner/operator. Eagle Arc was able to close the transaction despite numerous operational and financial challenges related to the ongoing COVID-19 pandemic.

*Sabra / Senior Care Centers Portfolio* – In March 2019 Eagle Arc closed on a \$283M portfolio of 28 skilled nursing and assisted living facilities in Texas and Louisiana that were owned by Sabra Health Care REIT and operated by Senior Care Centers. Eagle Arc had to navigate Senior Care Center's bankruptcy process in order to gain control of the assets.

*Kindred Portfolio* – In August 2017, Eagle Arc acquired 96 skilled nursing and assisted living assets (approximately 11,600 beds) from publicly traded Kindred Healthcare Inc. in a \$786M transaction. **Included in this transaction were 13 skilled nursing facilities located in the state of California, two of which are owned by Eagle Arc and operated by Links.**

*Regency Integrated Health Services* - The acquisition of Regency Integrated Health Services ("**Regency**"), a post-acute and long-term care healthcare provider platform based in Texas. The acquisition, which closed in 2016 for total consideration of \$510M, included the real estate, operations, management and ancillary businesses. At closing, a new senior leadership team was brought in but the remaining infrastructure and regional was left intact. The platform continues to grow through acquisitions of home health, hospice and facilities-based services, including notable carve-out transactions from Genesis and Senior Care Centers. Regency now operates almost 7,000 beds in Texas.

Golden Living - December 2016 acquisition of the leasehold interests in **21 skilled nursing facilities in California.**

10. **Advisors:** Buyer will engage Sternshein Legal Group for legal counsel in the transaction. We will engage Hooper, Lundy, and Bookman to assist in the legal process with the Attorney General's office. Links and Eagle Arc have successfully gone through three transactions converting not-for-profits SNFs/Hospitals to for-profit entities.
11. **Confidentiality:** This LOI is being submitted on a confidential basis.
12. 
13. **Governing Law.** This LOI is governed by the laws of the State of Delaware.
14. **Non-Binding Proposal:** It is understood that this non-binding proposal does not contain all matters upon which agreement must be reached in order for any transaction to be consummated and, therefore, does not constitute an offer to purchase or create any binding commitment with respect to any transaction. A binding commitment with respect to a transaction will result only from execution of the Definitive Agreements. Buyer retains the right to terminate its interest as expressed in this LOI at any time. Notwithstanding anything contained in this LOI to the contrary, the terms and provisions contained in this paragraph and the paragraphs entitled "Deposit," "Exclusivity," "Expenses," "Confidentiality," and "Governing Law" shall be binding on and enforceable against the parties.

Please indicate acceptance of the above by countersigning a copy of this letter and returning it to us within five (5) business days. Failure to execute and return the document within this period will render this LOI null and void.

We are excited about the prospect of completing the Transaction and look forward to working with you to expeditiously structure and finalize the Definitive Agreements. If you have any questions regarding our interest, please do not hesitate to call Elliott Mandelbaum at (212) 658-1795. Upon signing of this LOI, additional contact information for financial advisors, diligence providers, legal counsel, and third party financing sources will be provided.

Eskaton SNF portfolio  
Initial proposal

## Links Healthcare Group Overview

*Links achieves the high quality SNF results through an innovative approach to leadership and proven clinical capabilities*

### Links Healthcare Group Overview

- Founded in February 2017, Links Healthcare Group (“Links”) is a privately held company based in San Diego, California. Links provides healthcare and rehabilitation services to long-term residents and short-term high-acuity patients in its skilled nursing facilities (“SNFs”).
- Links focuses on acquiring skilled nursing facilities, and improving performance through the implementation of leadership principles, implementing proprietary clinical policies and procedures to improve quality of care, and capital investment to enhance the physical plant of the facilities.
- Links currently manages thirteen skilled nursing facilities and three assisted living facility representing 1,767 licensed beds. Links leases the operations for twelve of the facilities from third party landlords, and owns four of its facilities.

### Focus Geography

Links States

*Strategy: Links Healthcare Group acquires and turns around SNFs with a focus on leadership development and clinical excellence.*

### Experience & Education

#### Experience

# Links Healthcare Group Experience Highlights

*Links Healthcare Group is well-positioned to acquire skilled nursing facilities, helping them improve performance and become community leaders in post-acute care.*

## Deep Experience in Turning Underperforming SNF Acquisitions

Links Healthcare Group was founded in 2017 and in 6 years has successfully acquired and turned 13 skilled nursing facilities and 3 assisted living facilities.  
Links leadership had successfully integrated and turned a 27 multi-state facility chain in 2011 for Plum Healthcare Group.  
Links leadership had also acquired and successfully turned an additional 20 skilled nursing facilities from 2011 to 2017 for Plum Healthcare Group.

## Extensive Reputation for Strong Clinical Systems

Significantly improved enterprise 5 star rating and re-hospitalization results.  
Successfully developed preferred partnerships with major health systems such as Kaiser through outcome-based results.  
Link's implements proven clinical systems to turnaround facility clinical outcomes and achieve industry leading results.

## Excellent Multi-State Health System Relationships

Have developed and maintain a preferred partner relationship with Kaiser across portfolio.  
Lead initiatives to achieve multiple partnership status across multiple health systems.  
Maintain deep relationships with major health systems executives within the Western US.

## Attracted Top Industry Talent

Developed deep experience in selection and retention of tier-1 talent.  
Links has a proprietary operational and leadership curriculum to help grow and develop facility leadership.

## Links Acquisition Pipeline

*Links Healthcare has developed a strong portfolio of community leading post-acute facilities across California with most being in the NorCal region.*

CASCADELLC.COM

Established in January 2016, Cascade Capital Group is an independent, privately-held healthcare real estate investment & management company focused on acquiring skilled nursing, rehabilitation, post-acute, and transitional care facilities. Cascade seeks to lease our facilities to high quality, regionally focused third-party operators nationwide. We work with groups who demonstrate an identifiable commitment to outstanding care, technological advancement, and personal service. Cascade was founded by the principals who built Legacy Healthcare, one of the largest premier SNF operators in the Chicagoland area, South Dakota, and Montana with roughly 8,490 skilled-nursing beds operated. Cascade is headquartered in Skokie, Illinois.

Cascade offers an unmatched asset management & consulting platform for our operators (tenants) catered specifically to helping ensure their success in each respective region & market. Unlike other healthcare real estate investment groups, we leverage decades of combined operating experience into a comprehensive and detailed process for identifying, analyzing, transacting, leasing, and managing investments which has yielded successful outcomes for sellers along with sustainable returns for our principals and investors. We breathe new life and value into healthcare assets ripe for strategic intervention.

As of August 2022, Cascade has transacted on over 264 facilities comprised of approximately 26,386 beds with revenues of \$2.0 billion. These assets are spread over 24 states under 31 regional operators. Today, Cascade Capital is among the most active independent skilled nursing facility investors with a track record of effective-executions of complex multi-state transactions.

## TRANSACTION HIGHLIGHTS

- *Cascade has transacted on over 264 facilities*
- *31 Independent operators*
- *Approximately 26,386 licensed beds*
- *Transacted on over \$2.0B in annual revenue*
- *Cascade has a pipeline in Q3/Q4 2022 of more than 20+ facilities in various states.*

## Chaim Rajchenbach

*Co-Founder / Managing Director*

With an eye for opportunity, Chaim is focused on Cascade Capital's growth – through acquisition, financial performance, and leadership development. Over the course of his career, Chaim has led several complex acquisitions and launched multiple successful healthcare companies, including Legacy Healthcare, of which he was an integral piece of its transformation into a premier SNF brand. Now, as Managing Director of Cascade Capital, his priorities and passion are focused on deal sourcing, business development, and creating a high-performing, agile executive team capable of exceeding expectations in a fast-paced, dynamic market.

## Menachem "Nachy" Shabat

*Co-Founder / Managing Director*

Nachy has been an integral piece in the formation of several successful healthcare companies, including Legacy Healthcare. He is an accomplished operations leader and has honed his management skills on the frontlines of facility administration at Legacy Healthcare. His expertise in operations, quality initiatives, regulatory requirements and patient satisfaction, provides the vision and leadership necessary to recruit, evaluate and engage high-performing operators. As Managing Director, Nachy plays a key role in Cascade Capital's strategic planning, and in nurturing operator/lessee relationships.

## Ben Shibe

*EVP / Chief Investment Officer*

Ben has been with Cascade since its launch in 2016. He is involved in all aspects of deal negotiations and has also helped build the company's financial and asset management systems. Prior to joining Cascade, he worked for a single-family office and hedge fund where he served as the Director of Analysis and led the group's real estate operations. Ben is a CFA® charter-holder and holds degrees in Computer Science and Philosophy from the University of Wisconsin, Madison. In addition to his role with Cascade, Ben also serves as Chief Investment Officer for Cascade's Family Office and its private equity affiliate, Cane Investment Partners.

## Mordy Kaplan

*EVP / General Counsel*

As Cascade General Counsel, Mordy's primary focus is on the negotiation, structuring and documentation of acquisitions. Prior to joining Cascade, Mordy worked for Gutnicki LLP, a boutique Chicago-based healthcare transactional firm. Mordy has vast experience in all aspects and types of healthcare transactions including mergers and acquisitions, general corporate law, and health care licensure. He earned his J.D., from the Chicago-Kent College of Law, where he received a Certificate in Business Law and was an Executive Editor of the Chicago-Kent Law Review.

## Moti Ninio

*EVP of Financial Operations & Acquisitions*

Prior to assuming his duties as Chief Financial Officer for Legacy Healthcare and the Director of Financial Operations and Acquisitions for Cascade Capital Group, Moti was the Controller at Legacy Healthcare, LLC. In this role, he developed extensive relationships with both lenders and healthcare operators and closed over \$1 billion in financing for assets in various states. He has a thorough knowledge of underwriting and an innate understanding of the numerous regulatory, financial and clinical aspects of managing healthcare operations. Moti received his Masters in Accounting from Northeastern Illinois University.

## Daniel Garden

*EVP / General Counsel*

As Cascade General Counsel, Daniel oversees the company's legal work including financial transactions and general corporate matters. He brings with him a proven capacity to handle all the nuances of real estate, corporate and contract law, including health care licensure and compliance, while still maintaining a focus on the company's overall business objectives. Daniel received his B.A., cum laude, from Loyola University Chicago, and a J.D. from Chicago-Kent College of Law.

## Yitzy Rosenblum

*EVP of Acquisitions*

Yitzy has been with Cascade since its launch in 2016. Skilled at building and nurturing business relationships, Yitzy oversees Cascade acquisitions, leasing and divestiture activity. Prior to joining in January of 2016, Yitzy developed an extensive background in healthcare marketing, admissions, and business development and later pivoted into the area of mergers and acquisitions in 2014. Yitzy began his career at a well-known post-acute care provider in New York as Director of Marketing and Business Development, where he earned a reputation for transforming the census and financial performance at troubled facilities.

## Eli Davis

*EVP of Special Projects*

Eli's diverse background in banking, tax liens, healthcare investments and SNFs provide a unique perspective to Cascade's investment process. In addition to his role at Cascade, Eli is the Managing Partner of Cane Investment Partners which invests in the healthcare industry and alternative investments.

**RE: Letter of Intent for Acquisition of skilled nursing facilities, as further described on Exhibit A attached hereto and by this reference made a part hereof (collectively, the “Facilities”):**

To Whom It May Concern:

This letter of intent (this “LOI”) will confirm the intention of one or more affiliates of Bespoke Healthcare Management (collectively, “Buyers”) to purchase the Facilities (including real estate, improvements, personal property and other assets) from the owners of the Facilities (collectively, “Sellers”), and one or more entities affiliated with Buyers (collectively, “New Operators”) to assume the operation of the Facilities from the operators of the Facilities (collectively, “Current Operators”). The principal terms of the sale shall be as follows:

Purchase Price:

[REDACTED]

Background:

Buyers will enter into a definitive mutually agreeable asset purchase agreement with Sellers (the “APA”) and take title to the real estate, improvements, and certain other assets, and New Operators will enter into a definitive mutually agreeable operations transfer agreement with Current Operators (the “OTA”, and, collectively, with the APA, the “Transaction Documents”), and act as the operators and lessees of the Facilities.

Earnest Money:

[REDACTED]

[REDACTED]

Due Diligence Period:

[REDACTED]

[REDACTED] to complete its due diligence, including but not limited to regulatory, environmental, engineering, and title review and any other due diligence Buyers deem necessary. If Buyers are not satisfied with the results of its investigations during the Due Diligence Period, for any reason or no reason, Buyers shall have the right to terminate this LOI and the Transaction Documents in their sole and absolute discretion, the Earnest Money shall be returned to Buyers and each party shall be relieved of their obligations under the Transaction Documents. [REDACTED]

[REDACTED]

[REDACTED] This LOI is conditioned upon Buyers receiving from Sellers Medicaid rate letters that are satisfactory to Buyers as well as evidence that the rates reflected thereon are or are not locked.

Funding:

[REDACTED]

Closing:

“Closing” shall take place at such time that Attorney General of the state of California has approved the transition from not-for-profit to for profit status for all skilled nursing facilities listed in Exhibit A and contingent upon the satisfaction of the contingencies set forth in the Transaction Documents. At Closing ownership of the facilities shall transfer to Buyers, which will be closed in escrow at the Closing, which escrow shall be released upon approval of the TPA.

Title Company:                    TBA (the “Title Company”), will be the title company and escrow agent for this transaction.

Closing Costs:                    Closing costs shall be paid in accordance with local custom in the jurisdiction in which the Facilities are located.

Transaction Documents: [REDACTED]

Confidential:                    To the extent permitted by law, the parties will keep the terms and conditions of this letter of intent, the facts of its existence and all transactions contemplated hereby in confidence. Nothing set forth herein shall prevent either party from disclosing information to its professional advisors, financing sources, and partners, provided they agree to be bound by the confidentiality set forth herein.

Exclusivity:                    In consideration of the substantial expenditure of time, effort and expense to be undertaken by Buyers and New Operators following the execution and delivery of this letter of intent, Sellers shall not offer the Facilities (or any part thereof) for sale or lease to or solicit or accept any offers from or negotiate with any person other than Buyers, New Operators, or any other entities affiliated with Buyers during the period commencing on the date hereof and continuing [REDACTED]

Expiration of Offer:                    This offer shall expire on January 21, 2023, at 5:00 p.m. EST if not otherwise countersigned by Sellers.

This is a letter of intent only, and is not intended to, nor does it, create any legal commitments binding upon any party with respect to the purchase, sale or lease of the Facilities other than with respect to the sections titled “Due Diligence Period,” “Confidential” and “Exclusivity” above. If this letter of intent is acceptable to Sellers, the parties shall proceed toward negotiation of the Transaction Documents. Except as

otherwise set forth herein, only such Transaction Documents shall legally bind the parties hereto in connection with the transaction contemplated herein.

Please communicate your acceptance of this letter of intent by signing below and returning one (1) copy to the undersigned. This letter of intent may be executed by facsimile or .pdf.

Sincerely,

\_\_\_\_\_

  - Medical Clinics
- Over 60 medical professionals - physicians, mid-levels, psychologists, covering 8 specialties
  - Internal Medicine
  - Psychiatry/Psychology
  - Orthopedics
  - Surgical Podiatry
  - Infectious Disease
  - Neurology
  - Cardiology
  - Pulmonology
- More than 250 employees and contracted professionals
- 6 Medical and Behavioral Health Clinics
- Overall services provided from 10 Healthcare locations

# Bespoke Healthcare Management Ecosystem

# Glenn Marshak, MD

## CEO

Dr. Glenn Marshak is CEO, founder and owner of Bespoke Healthcare Management and has served as the President, Hospital Operations and Medical Affairs, at Mission Community Hospital since 2010. His healthcare management company provides integrated management services, operations management, and leadership for multiple healthcare entities. Dr. Marshak has significant experience turning around distressed healthcare assets. He currently services as an advisory to Blackrock's healthcare division.

In his previous role as the CMO of Verity Health System, he was part of the senior management team that was selected as the winning bidder by the Daughters of Charity Health System in July 2015, in affiliation with Blue Mountain Capital Management. This was the largest non-profit healthcare transaction in California's history. After assuming control of Verity, Dr. Marshak was instrumental in implementing over \$100 million of turnaround initiatives and realizing \$40 million in annualized margin improvements.

Dr. Marshak is a Diplomat of the American Board of Internal Medicine and the American Academy of Pain Management. Dr. Marshak obtained his M.D. from University Health Sciences/Chicago Medical School. He completed his residency in Internal Medicine at UCLA/Wadsworth VA Medical Center. Dr. Marshak has been in private practice for more than 25 years and maintains medical staff privileges at Cedars-Sinai Medical Center. He is involved in the education of the next generation of healthcare professionals and serves as adjunct faculty at Keck USC Medical School.

# Michael Torgan, MBA, NHA COO

Michael Torgan is currently co-founder and Chief Operating Officer of Bespoke Healthcare Management, overseeing operations across multiple healthcare entities, encompasses an integrated healthcare delivery model. Mr. Torgan brings over 30 years of executive management expertise in post-acute (skilled nursing and sub-acute) and healthcare space spanning operational, strategic, turnaround, administrative, regulatory, M&A and managed care. As a leader in the industry, he brings a diverse background involving sub-acute care, skilled nursing, behavioral healthcare, value-based purchasing models of care, population health, ancillary services, healthcare supply chain management, distressed asset management and senior housing.

As the President of one of the largest skilled nursing companies in the US, he successfully guided the organization's growth from \$180 million to approximately \$500 million in revenue over an eight-year period, while successfully achieving and maintaining a best-in-class care delivery model. In addition, during his career, Mr. Torgan was brought in and successfully led the transition of a \$750 million revenue post-acute healthcare company with 78 facilities across six states in the US to six new operator organizations and help bring the company out of receivership.

Mr. Torgan holds a Bachelor of Arts degree from University of California at Santa Cruz in molecular biology and a Master of Business Administration with certificate in Healthcare Administration from Boston University. Mr. Torgan has served on numerous committees for CAHF and AHCA during his career. He currently serves on a number of boards, as a board member or advisory capacity. He is a recipient of the AHCA/NCAL, Joe Warner Patient Advocacy National Award and has served as an advisory to the USC School of Gerontology.

# Mariette Aroutiounian

Vice President of Clinic and Medical Group Operations

Mariette Aroutiounian currently the Vice President of Clinic and Medical Group Operations for Bespoke Healthcare Management. As a seasoned healthcare professional, she brings more than 20 years of proven success in both the private medical and acute healthcare sectors. She brings deep experience in operations, service line management, credentialing, network and business development and payor relations.

Ms. Aroutiounian has a proven track record for leading the organizational growth and management in healthcare entities throughout Los Angeles and Ventura counties. Her previous roles included Business Development roles within Verity Health System, practice management and in key roles with AltaMed. She has a Bachelor of Science in Gerontology from the University of Southern California and is currently pursuing a master's in health administration. Outside of healthcare management, Ms. Aroutiounian has a great appreciation for the arts and most enjoys spending free time traveling with her family.

# Mike Hickey

Vice President of Strategic Operations

Mike is currently the Vice President of Strategic Operations for Bespoke Healthcare Management. He initiated his leadership experience within the world of behavioral health at Village Care in New York City. Utilizing this experience, Mr. Hickey transitioned into a leadership role at the revered San Francisco based non-profit, the Shanti Project.

Recently, Mike brought his operational leadership to a national start-up, LifeStance Health, serving as a leader in operations covering the Pacific Region that included California, Arizona and Nevada where he was responsible for the execution of expanding the services and operational footprint. Mike was also fortunate to work within leadership at the AltaMed PACE program for seniors who would otherwise qualify for skilled nursing services but allow for them to continue living independently in their homes.

**SECTION 999.5(d)(11)(C)**

**11) Letter of Intent from Aspen Skilled Healthcare, Inc. dated December 16, 2022.**

Aspen Skilled Healthcare, Inc.  
28202 Cabot Rd., Ste 412  
Laguna Niguel, CA 92677

December 16, 2022

**RE: *Partially Binding Letter of Intent of Aspen Skilled Healthcare, Inc., (the “Aspen”) to purchase from Eskaton Properties, Incorporated, and its affiliated entities (collectively, “Eskaton”) the real properties and operational assets used in connection with the operations of those certain skilled nursing facilities set forth on Schedule 1 hereto (each a “Facility” and collectively, the “Facilities”).***

Dear Gentlemen:

Except as expressly stated in paragraphs 8 through 12 below, the parties acknowledge and agree that this Letter of Intent (“LOI”) is not intended to be or to evidence any legally binding agreement or obligation on the part of either party. No further agreement will be entered into unless and until each party has reviewed, approved (in its sole discretion), and executed after review by counsel, a definitive written agreement. Neither party has any obligation to negotiate or conclude the business arrangement described in this LOI. Each party acknowledges that it will not take action or refrain from taking action in reliance on the portions of this LOI intended to be legally nonbinding, and that any such reliance would be at its own risk.

The parties agree that the provisions in paragraphs 8 through 12 below represent the parties’ legally binding agreements, enforceable in accordance with their terms. The enforceability of those provisions is not conditioned on further negotiations or the successful outcome of any further negotiations.

If the parties execute a definitive agreement, that agreement will supersede this LOI. However, failure to achieve a more complete agreement will not limit the enforceability of the provisions in this LOI specified to be binding. This LOI reflects the agreement between Aspen and Eskaton for Aspen’ purchase of the Facilities and underlying real properties from Eskaton.

1. TRANSACTION. Aspen shall purchase from Eskaton, Facilities, the underlying real properties to each Facility, the improvements, buildings, and shall also acquire the Acquired Assets (as defined in Paragraph 3 below) associated with each of the Facilities (the “Transaction”). The Transaction shall be governed by a Purchase and Sale Agreement (the “PSA”), Management and Operations Transfer Agreement (the “MOTA”), and such other documents as may be necessary to consummate the Transaction, (collectively, the “Transaction Documents”).

2. PURCHASE AND SALE.

a.

[REDACTED]

b.

[REDACTED]

3. ACQUIRED ASSETS SUBJECT TO TRANSACTION. Pursuant to the terms of the PSA to be negotiated after the parties' execution of this LOI, and in addition to Eskaton's interests with respect to the Facilities and underlying real properties, the Purchase Price includes the following assets which will be conveyed to Aspen or its subsidiary on the Closing Date for no additional consideration (collectively the "Acquired Assets"):

a. All assets used in connection with or related to the Facility, including but not limited to the real property and improvements, all personal property, all furniture, fixtures, equipment, vehicles, inventories (minimum 7 days) and supplies (minimum 7 days), used in connection with or related to the operation of the Facility.

b. All licenses, permits and approvals, and resident contracts owned or controlled by Eskaton and required to operate the Facilities, to the extent permitted by applicable laws.

c.

[REDACTED]

d. All telephone numbers, trade names, policies and procedures, service marks, trademarks, proprietary information and goodwill related to and used in connection with the Facility.

e. Aspen shall not assume any pre-Closing Date obligations or liabilities of the Eskaton and/or the Facility, including but not limited to Quality Assurance Fees.

4. EXCLUDED ASSETS. The following Eskaton assets will be excluded from this Transaction ("Excluded Assets"):

a.

[REDACTED]

[REDACTED]

c. [REDACTED]

d. [REDACTED]

e. [REDACTED]

5. CLOSING DATE. The "Closing Date" of this transaction shall mean the first day of the month after the AG Approval (as defined below) has been acquired, or such later date after the expiration of the Due Diligence Period, as may be agreed between the parties.

6. DUE DILIGENCE AND EXCLUSIVITY. [REDACTED]

[REDACTED] Aspen shall be provided access to such information concerning the Facility or Acquired Assets and access to the Facility as Aspen requires so that Aspen, in its sole discretion, may confirm the assumptions of Aspen in executing this LOI and the subsequent Transaction Documents. Eskaton agrees to comply with Aspen's reasonable requests (with at least twenty-four (24) hours' notice for Facility access) for relevant documents, information, inventories and access to the Facility, including for physical inspections and the preparation of third party reports, including but not limited to appraisals, property condition assessments, and environmental report with respect to each Facility and underlying real property. Notwithstanding the foregoing, Aspen shall not undertake any invasive testing at any of the real properties or any Facility without first obtaining Eskaton's prior written consent thereto, which written consent shall not be unreasonably denied or withheld. Aspen and Eskaton agree to use good faith efforts to negotiate the Transaction Documents during the Due Diligence Period, it being understood that time is of the essence with respect to Aspen's due diligence requests to Eskaton and with respect to the negotiation and finalization of the Transaction Documents. At the end of the Due Diligence Period, Aspen, at its sole discretion, and without penalty or may choose to terminate the LOI and/or the Transaction Documents in writing or elect to proceed with this transaction. Should Aspen elect to terminate the transactions contemplated under this LOI prior to the Due Diligence Period, the Deposit shall be released to Aspen and the parties shall have no further obligations to proceed with the transactions contemplated under this LOI. Should Aspen elect to proceed with the Transaction beyond the Due Diligence Period, the Deposit shall continue to be held in Escrow and shall only be released on the Closing Date if Closing occurs to be applied to the Purchase Price. Notwithstanding the foregoing, from and after the end of the Due Diligence Period, the Deposit shall be refundable to Aspen, only if: (x) the AG Approval is not obtained; (y) the AG Approval is obtained, however such conditions listed in the AG Approval materially increases Aspen's financial burdens with respect to the Transaction; or (z) the Eskaton breaches its obligations under the forthcoming PSA.

7. CONDITIONS PRECEDENT. The following Conditions Precedent must be satisfied or waived by Aspen, in Aspen's sole and absolute discretion, prior to the Closing Date:

- a. Aspen shall have received adequate assurances that it will be able to obtain skilled nursing facility licenses ("New Licenses") issued by the California Department of Public Health ("CDPH") permitting Aspen to operate the Facilities.

Notwithstanding the foregoing, it is understood by the parties that the New Licenses are not expected to be received by Aspen by the Closing Date, and that Aspen and Eskaton will close on the transaction pursuant to the MOTA, whereby Aspen shall manage each Facility on behalf of each existing operator, and under each of the existing skilled nursing facility licenses and each Facility's existing Medicare, Medi-Cal and other third party provider agreements, pending Aspen's change of ownership application with CDPH for the New License. [REDACTED]

- b. Eskaton and Aspen shall have executed and entered into mutually agreeable Transaction Documents.
- c. Aspen's receipt of requested Due Diligence information, including, but not limited to inventories, operational information, environmental and seismic studies, building plans and surveys in the Eskaton's possession and Aspen's subsequent satisfactory completion of Due Diligence.
- d. No material adverse change in the condition or prospects of any Facility prior to the Closing Date.
- e. Completion of environmental, structural/engineering, appraisal, title, zoning and land survey acceptable to Aspen in its sole discretion.
- f. The Acquired Assets of the Facility shall be transferred free and clear of all liens and encumbrances.
- g. Eskaton shall have applied for, and the Attorney General of California shall have issued, written approval of the sale of the Facilities from Eskaton to Aspen (the "AG Approval") and provided further that any such conditions set forth in such AG Approval does not materially increase Aspen's financial burdens with respect to the Transaction. The PSA shall expressly provide, that should the AG Approval set forth conditions that materially increase Aspen's financial burdens with respect to the Transaction, Aspen shall have the option to terminate the transaction and receive a return of its Deposit.

8. **COVENANTS.** It is understood that the Transaction Documents will contain standard and usual covenants, conditions, representations, warranties and indemnifications. Additionally, Aspen has advised Eskaton that upon consummation of the Transaction that Aspen intends to obtain accounts receivable financing for the Facilities, and the PSA shall expressly provide that Eskaton shall reasonably cooperate with Aspen in obtaining such accounts receivable financing.

9. **BROKERS** [REDACTED]

10. PUBLIC ANNOUNCEMENTS. There shall be no public announcements regarding this transaction unless otherwise required by law, until the successful closing of the transactions contemplated under the Transaction Documents.

11. NO SHOP PROVISION. Until the later of the end of the Due Diligence Period or, if the Transaction Documents are executed, then until the Closing Date, Eskaton agrees to deal exclusively with Aspen with respect to the disposition of the Facilities and will cause the officers, directors, representatives and agents of Eskaton's not to solicit interest in, encourage, supply information in connection with, negotiate or entertain, directly or indirectly, any transaction involving:

- a. the acquisition of Facilities or any of the underlying real properties; or
- b. a business combination involving the Facilities; or
- c. the sale of any significant equity interest in the Facilities; or
- d. the sale of all or a significant portion of the Facilities or Acquired Assets to anyone.

12. EXPENSES. [REDACTED]

Laguna Niguel, CA 92677

Transact on Structure Q&A:

- A non-binding estimate of the cash acquisition value, as well as a brief description of the transaction structure; **Outlined in the attached LOI.**
- An indication of the source(s) of financing contemplated for the potential acquisition, including the proposed debt and equity structure, the availability of the proposed capital structure, and any contingencies with respect thereto; **Aspen will use internal cash along with debt financing with either one of our banking partners (White Oak or BOK) or one of several other private sources with whom we maintain relationships.**
- A specific list of additional information required to complete the investigation of the Portfolio; **Due Diligence list attached in separate excel file.**
- A list of corporate, shareholder or regulatory approvals required to consummate the transaction (if any); none. **Aspen is a privately held company with all owners already committed to this transaction.**
- The name of outside advisors (including legal representation) you have engaged or plan to engage (if any) to assist you in evaluating and documenting this transaction; **We will engage our transaction attorneys (Sternshein Law Group) and either Hooper Lundy Bookman or Hansen Bridgett, both are firms we have worked with recently on other similar CA Attorney General approved transactions.**
- A discussion of your organization's historical operating track record in California (including a list of properties operated in the state), as well as any other state(s) you operate in; **Aspen owns and operates 31 facilities in California. We have a professional organization with decades of experience operation snfs in California. Our track record and reputation with the Department of Health and among our peers is exemplary.**
- A discussion of how your organization arrived at the suggested value of the Portfolio; **We have internal underwriting capability combined with extensive California specific acquisition experience. We are happy to have a more detailed discussion if required.**
- A preliminary timetable required to consummate the transaction. **Aspen has the ability to close this deal within 90 days but anticipate it taking 7-9 months to clear all AG requirements.**

**Re: Letter of Intent for Eskaton Portfolio**

Dear Dan:

Please accept this letter as The Ensign Group's (herein "Ensign," "we," "us" or similar verbiage) preliminary, non-binding indication of interest to acquire substantially all of the assets described further below. We are pleased to present the following basic terms for an **asset transaction**, with full terms to set be forth in formal documents (the "Purchase Agreement") once we have come finalize the basic terms after further diligence and discussion with the seller. Please note that we have **no financing contingency** in this proposal; we have cash on hand sufficient to close any proposed transaction. The basic terms we would propose are:

**Facilities:** We propose to acquire the following facilities, together with all ancillary buildings, furnishings, fixtures, equipment, vehicles, inventory, supplies, contracts, intangibles and other assets currently held or used in connection therewith (the "Facilities"), but not including accounts receivable and usually-excluded assets and liabilities, which Current Operator (as defined below) will retain:

1. **Eskaton Care Center Fair Oaks**, a skilled nursing facility with 148 skilled nursing beds located at 11300 Fair Oaks Blvd, Fair Oaks, CA 95628; and
2. **Eskaton Care Center Greenhaven**, a skilled nursing facility with 148 skilled nursing beds located at 455 Florin Rd, Sacramento, CA 95831; and
3. **Eskaton Care Center Manzanita**, a skilled nursing facility with 95 skilled nursing beds located at 5318 Manzanita Ave, Carmichael, CA 95608.

**Buyer:** Wholly-owned holding subsidiaries of The Ensign Group, Inc., to be formed (the "Buyer").

**Purchase Price:**

**Title:** Title by warranty deed free of all encumbrances except current real estate taxes & assessments prorated per local custom, easements and CC&Rs of record; possession at close free of all leases, management agreements and occupants except current patients.

Seller to provide a current TLTA Owner's Policy of Title Insurance, FF&E, inventory, warranties thereon and other seller assets at the Facilities shall be transferred in-place and free of all encumbrances by Bill of Sale and Assignment (with warranties as to title but not condition or suitability).

**Transfer of Operations:**

Assignable vendor and service contracts, licenses, provider certifications, numbers and agreements, trade names, permits and other documents and intangibles related to the operation of the Facilities shall be transferred in-place by Bill of Sale and Assignment (with warranties as to title but not condition or suitability), under separate Operations Transfer Agreement (the "OTA") by current operator of the Facilities (the "Current Operator") to new operator to be designated by the Buyer (collectively, the "New Operator"). Current Operator shall reject or terminate contracts identified as undesirable by New Operator in its sole discretion. The OTA and Purchase Agreement shall be prepared by the Buyer, subject to reasonable comment by the Current Operator and seller, as applicable. Vehicles in use at the Facilities to be transferred lien-free to the New Operator by delivery of signed title and keys.

**Condition; Maintenance of Operations and Physical Plant:**

The transfer shall be on an "AS-IS, WHERE-IS" basis, without seller warranty or representation except as to customary representations surrounding ownership and title and knowledge-based representations regarding certain other ownership related items. Until closing, seller will cause Current Operator to operate the Facilities in substantial compliance with law and the requirements for continuing licensure, admit residents, and maintain in force all worker's comp, general/professional liability, and property/casualty insurance. Operating revenues and expenses will be prorated as of closing; Current Operator will indemnify Buyer and New Operator for all pre-transfer liabilities, expenses and overpayments, and New Operator will indemnify Current Operator for all post-transfer liabilities and expenses.

**Contingencies:**

**Fees & Costs:**

Seller and Buyer shall each be responsible for their own broker's fees and commissions, if any. Buyer has used no broker in this transaction. Each party shall bear its own transaction costs including, without limitation, attorney fees.

**Exclusivity:** Upon acceptance of this letter of intent, seller will not enter into any other term sheet, LOI or definitive agreement regarding the sale, lease or management of the Facilities

[REDACTED]

**Non-Binding:** Other than the sections titled "Exclusivity" and "Entire Agreement" (collectively, the "Binding Provisions"), this letter does not constitute and will not give rise to any legally binding obligation on the part of either Buyer or seller. Except as expressly provided in the Binding Provisions (or as expressly provided in any binding written agreement that Buyer and seller or their respective affiliates may enter into in the future), no past or future action, course of conduct or action, or failure to act relating to the proposed transaction, or relating to the negotiation of the terms of the proposed transaction or the OTA, will give rise to or serve as a basis for any obligation or other liability on the part of Buyer or seller.

**Entire Agreement:** The Binding Provisions constitute the entire agreement between Buyer and seller, and supersede all prior oral or written agreements, understandings, representations and warranties, and courses of conduct and dealing between Buyer and seller on the subject matter of this letter. The Binding Provisions may only be amended or modified in writing by both seller and Buyer. This letter may be executed in one or more counterparts, each of which will be deemed to be an original copy of this letter and all of which, when taken together, will be deemed to constitute one and the same agreement. Facsimile or email transmission of a true scanned copy of any signed original counterpart transmission shall be deemed the same as the delivery of an original.

*[continued on following page]*

Of course, this proposal is not comprehensive, and is not an offer to enter into any kind of transaction; it is merely an attempt to identify basic business terms upon which a definitive offer could be made and accepted. These terms are not to be binding on us or your client unless and until they are incorporated into a definitive set of fully-executed purchase and transfer documents to be negotiated and executed hereafter. We also note that we have not had an opportunity to visit the property to date and we reserve the right to amend our offer in all respects upon completion of our site visit.

If the terms contained in this letter are acceptable, please so indicate by signing, dating and scanning a copy of this letter back to us on or before **December 30, 2022**. We will then work with you to quickly complete the due diligence and prepare actual documents.

We appreciate the opportunity to work with you on this unique opportunity. Please call if you have questions, or if we can be of service to you in any way.

Sincerely,  
THE ENSIGN GROUP, INC.

Eskaton Care Center Manzanita 5318 Manzanita Ave., Carmichael, CA 95608
4. **PURCHASE PRICE:** [REDACTED]
5. **PURCHASE TERMS:** [REDACTED]  
[REDACTED]
6. **PURCHASE DEPOSIT:** [REDACTED]
7. **STAFF DURING DUE DILIGENCE:** Current operator to use their best efforts to retain staff during the Due Diligence Period while the new Tenant does their review.
8. **CONTRACT TIMING:** Within Five (5) business days after mutual execution of the Letter of Intent, Landlord shall prepare a complete Purchase and Sale Agreement ("PSA") for review and execution by Seller and Buyer.
9. **DUE DILIGENCE PERIOD:** Buyer shall have [REDACTED] from execution of the PSA to perform inspections, tests and to conduct any and all due diligence as Buyer may desire in its absolute discretion at Buyer's sole expense. Buyer may cancel this transaction by written notice at any time during the Due Diligence Period for any reason in its sole and absolute discretion.
10. **SELLERS DOCUMENTS:** Seller shall provide to Buyer, [REDACTED] accepting the LOI, any and all due diligence materials as are reasonably requested by Buyer and which are in the possession of the Seller. Buyer to submit a due diligence list to Seller in conjunction with the PSA.
11. **OPERATION of the PROPERTY:** During the pendency of this transaction, Seller agrees to refrain from entering into any leases, contracts or modifications to the same that affect the Properties.
12. **OPERATIONS TRANSFER AGREEMENT:** Within thirty (30) business days after mutual execution of the PSA, Landlord shall prepare a complete Operations Transfer Agreement ("OTA") for review by Seller, which allows Buyer to operate and bill under the Current Tenant's licensure and provider numbers.
13. **BROKER:** Seller shall pay any Broker commission per separate agreement.

14. **REPRESENTATIONS & WARRANTIES:** Seller represents to Buyer that Seller has no actual knowledge regarding any violations of applicable codes, laws and statutes relating to the Property, including, but not limited to, building codes, all seismic codes and any environmental law. This representation shall not give rise to any duty of inquiry on the part of Seller but is limited to Seller's actual knowledge.
  
15. **CONFIDENTIALITY:** Buyer and Seller agree that all terms of this Letter of Intent and the PSA shall remain confidential and shall not be disclosed to third parties, except legal and financial advisors of Buyer and Seller and those parties necessary to the transaction.

**SIGNATURE PAGE TO FOLLOW**

It is expressly agreed by Seller and Buyer that this Letter of Intent is non-binding on Buyer and Seller, and Buyer and Seller will have no contractual obligation to sell the Property's prior to the execution and delivery of the PSA. No legal obligation is intended to be created by this Letter of Intent or by any written or oral statements, negotiations or promises between the parties hereto, directly or through any representatives with the exception of statements and promises expressly set forth in the PSA. Moreover, this Letter of Intent will not give rise to any rights based on any legal theory, it being intended that only the subsequent formal written PSA, executed and delivered by both parties hereof, will bind the parties with respect to any matter covered by this Letter of Intent. If this Letter of Intent is not executed by both parties in ten (10) days, it will expire.

Dan,

I don't think we are going to be able to approach the numbers that you mentioned. I think we are closer to 50K/bed if we stretch. If that still makes sense please let me know. I appreciate your patience and want to wish you and yours a very Happy Holiday.

Regards,

Mark,

I am working on this all day today. I hope to have something for Paulina to review tomorrow. As I have gone through the financials, there are a couple of things that need more information about the portfolio.

1. First, while they were losing a lot of money at fair oaks, they were continuing to contribute a quarter million to the employee retirement fund. We need to check if this is a union building and if there are contractual obligations that would prevent us from making the necessary changes. There are no unions in any of the buidings. Eskaton has a defined benefit pension plan that we are closing in 2023. We made contributions to maintain funded status in the plan.
2. The managed Care rates that they are getting seems very high at Fair Oaks. There may be a specialty unit here that they are using to get these rates. We have a very good standard managed care rate with Kaiser, and we have had a high acuity program with Kaiser in the years past. There has been little billings in that program in the last two years. Kaiser makes up the largest portion our managed care days.
3. With #2, there are also high labor in terms of the level of staff that they are running and not just the cost. There may be some reason why they are running a high PPD (vent unit or some other specialty unit). No vents. Eskaton is a non profit and we believe in staffing to meet the residents needs. There are no staffing requirements dictated by our managed care contracts. That being said, Kaiser is a demanding customers with high expectations. They pay a lot because they require a lot for their participants.

Best Regards,

**Subject:** Eskaton SNF buyer update

Hi Dan,

The Eskaton senior leadership team met this afternoon, and we have made a decision on a buyer. We would like to accept the offer from the IEP/Cypress team. We think they have the best ability and desire to close the transaction within the required time line. As we head into the next phases of the sale process we think their enthusiasm may be to our benefit. Full disclosure when you compare both operators we were more impressed with the Links team over Cypress, but our confidence in the team of IEP/Cypress won out. I would be happy to get on a call to explain further.

Seems like we now need to turn our attention to the LOI, and then solidify the communication plan. I have heard you make a few references to suggested changes/edits you had to the LOI. Do you have to make those changes, and send it over to us? At the same time we will be reviewing the LOI for anything we will want to change.

Lets connect tomorrow if you can to discuss any additional details? I can be available before 11am.

Thanks to you, Patrick, and Melanie, for all your hard work on this.

Mark

Organizational Scale/Background	BHM is a physician led integrated healthcare delivery model that acts to lead in the competitive space for a variety of healthcare providers. The management team brings collectively 60 years of healthcare executive management and physician services experience. They provide management oversight, financial support, strategic planning, cross functional integration to bring together a symbiotic aligned healthcare delivery model. Covered services provided from 10 healthcare markets.	Linka Healthcare Group is a privately held company based in San Diego, CA. They provide healthcare and rehabilitation services to long term residents and short-term high-acuity patients in its skilled nursing facilities. They focus on acquiring SNFs, and improving performance. They currently manage 13 SNFs and 3 AL facilities representing 3,757 licensed beds. They lease the operations for twelve of the facilities from third party landlords, and own four of its facilities.	IEP is a Los Angeles based private investment company, was founded in 2005 by Abe Bach and Michael Garfinkel. Since its founding, IEP has emerged as one of the largest owners and operators of long term care facilities in California, operating and controlling a portfolio of approximately 100 health care facilities comprised of over 5,000 licensed beds. Together with its partners and affiliates, IEP's holdings include in its assets of \$800 Million in assets primarily comprised of health care facilities and other commercial real estate.	Aspen Skilled Healthcare covers almost 30 facilities across northern and southern California with their cross-of-the-art rehabilitation services.	Since 1999, the independent operating affiliates of The Ensign Group (ENSG) have provided compassionate, cost-effective care. Each of the 250+ facilities are run independently by over 22,000 employees. We foster an entrepreneurial culture of ownership coupled with a field-driven, flat structure, which empowers local leaders and their teams to provide superior solutions to the specific medical needs of the communities they serve. Located in more than a dozen states, partner with many other healthcare organizations across their service area.	Generations Healthcare began operations in January 1998 with a single 75-bed skilled nursing facility. Generations has since grown to 25 facilities comprising over 3,300 licensed beds. After Generations began business, it started with a very simple business strategy: focus on quality and service while remaining mindful of the challenges and changes facing senior adults in today's world. Since its inception, Generations has established an excellent reputation in the communities served by its facilities. Generations has built this reputation through a concerted focus on quality and service.

ESKATON VILLAGE PLACERVILLE  
ESKATON FOUNTAINWOOD LODGE  
ESKATON FOUNDATION  
THE REUTLINGER COMMUNITY**

**November 17, 2022**

**Directors Present:** Larry Garcia, David Lindeman (via zoom), Pat McFarland, Todd Murch, Jordan Rose, Mariann Sheldon, Amy Yotopolous

**Directors Absent:** Nancy Heffeman, Maureen Hewitt, Jacquelyn Kung

**Others Present:** Mark Jenkins, Sheri Peifer, Monica Sandgathe, Rose Burgis

**CALL TO ORDER:** The meeting of the Boards of Directors of Eskaton, Eskaton Properties, Incorporated, Eskaton Lodge Granite Bay, Eskaton Village Grass Valley, Eskaton Village Roseville, Eskaton Village Placerville, Eskaton FountainWood Lodge, Eskaton Foundation, and The Reutlinger Community was called to order by Chair Pat McFarland, at 12:00 noon on November 17, 2022 at Eskaton Monroe Lodge, Sacramento, CA.

**RESOLVED, the Eskaton Board of Directors hereby approves the agenda as presented.**

**CONSENT  
AGENDA:**

**RESOLVED, the Eskaton Board of Directors hereby approves the consent agenda as presented with reviewed changes to the minutes.**

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

**DASHBOARD  
REPORTS:**

The consolidated net operating loss as of 9/30/22 was \$11 million. Excluding the skilled nursing communities, the organization would breakeven. This is primarily due to revenue (limited to governmental reimbursement) and labor challenges. Skilled nursing is 26% of Eskaton's total revenue. Masking requirements are still in place as COVID continues to linger in some communities. An executive director has been hired at the Reutlinger. Todd presented key performance indicator (KPI) slides with revenue and stabilized workforce as the primary focus. Until an appropriate replacement for VP of Healthcare Services can be retained, Todd Murch will oversee the skilled communities.

[REDACTED]

[REDACTED]

[REDACTED]

**2023 BUDGET:**

The 2023 budget represents improved occupancy and revenue. In 2022, the stand-alone care centers are estimated to lose between \$11-12 million and an estimated \$5 million loss in 2023. Due to COVID and delays of elective surgeries, care center admissions were below average, however, occupancy is slowly increasing. Ziegler has been engaged to assist with the divestiture of the stand-alone care centers with initial bids due by 12/18/22 with tours to follow. The sale may take up to 12 months to complete. The 2023 budget includes estimated impacts from inflation and workforce challenges. The Eskaton consolidated 2023 budget has net operating income of approximately \$1.9 million, which is a decrease of \$2.3 million from the 2022 budget. Operations are budgeted for positive net operating income with the exception of the three stand-alone care centers. After some discussion it was,

**RESOLVED,** That the Eskaton Board of Directors approve the 2023 Budget as presented.

[REDACTED]

[REDACTED]

**STRATEGIC DISCUSSION:**

[REDACTED]

The primary topic for discussion was the divestiture of the stand-alone care centers. Ziegler has been engaged to assist with the sale. Initial bids due by 12/18/22 and tours to follow. The sale may take up to 12 months to complete.

**BOARD CHAIR REPORT:**

The board has been appreciative of Todd Murch and Sheri Peifer preparing the succession plan. Larry Garcia attended the LeadingAge National Conference. Greystone's presentation indicated the need for Lifecare communities and that there was enough economic wherewithal for residents to occupy them. They also noted, regulations are tightening up for senior services. Consolidation continues to be a large growth area for single site communities.

**ADJOURNMENT:**

Chair McFarland thanked the staff for their attendance and excused non-board members in order to proceed to the Executive Session.

Adjourned at 4:16 p.m.

**SECTION 999.5(d)(11)(D)**

ESKATON FOUNDATION  
THE REUTLINGER COMMUNITY**

**August 24, 2022**

**Directors Present:** Larry Garcia, Nancy Heffernan, Maureen Hewitt, Jacquelyn Kung, David Lindeman (via zoom), Pat McFarland, Todd Murch, Jordan Rose, Mariann Sheldon, Amy Yotopolous (via zoom)

**Others Present:** Mark Jenkins, Sheri Peifer, Monica Sandgathe, Rose Burgis

**CALL TO ORDER:** The meeting of the Boards of Directors of Eskaton, Eskaton Properties, Incorporated, Eskaton Lodge Granite Bay, Eskaton Village Grass Valley, Eskaton Village Roseville, Eskaton Village Placerville, Eskaton FountainWood Lodge, Eskaton Foundation, and The Reutlinger Community was called to order by Chair Pat McFarland, at 12:00 noon on August 24, 2022 at the Eskaton Support Center, Carmichael, CA.

Rose Burgis was introduced as the new resident representative. Mariann Sheldon displayed woodwork from the EVC workshop.

The agenda was approved as presented.

**DASHBOARD  
REPORTS:**

The combination of COVID + Workforce + Inflation has greatly affected and challenged the operations of the organization. Recovery has been slower than anticipated throughout our industry. COVID restrictions are still in place. Reducing registry and rebuilding revenue are priorities. The consolidated net operating loss by year-end is estimated at \$10M. Investment earnings are also behind due to market fluctuations. Wage increases of over 30% for nursing positions have been implemented within the last 6 months. A Financial Run rate is being prepared for anticipated continuation of low occupancy, workforce challenges, and expenses. Currently working on 2023 budget assumptions.

[REDACTED]

**STRATEGIC DISCUSSION:**

Net revenue, net operating income and cash and investments from 2005 to present were reviewed. The business sustainability life cycle was also presented showing the skilled nursing communities in the decline stages. Of the \$215M total revenue, 33% skilled nursing, 10% managed services; 5% affordable housing, 5% homehealth and 47% residential services. Financials were presented with and without the stand-alone skilled nursing. Covid caused the census to go down however workforce is keeping it from going back up. Registry usage increased from 2017 to present with an estimated \$5M at year end. Kaiser reimbursement rates are not increasing for sustainability. January 1<sup>st</sup> California will implement CAL-AIM for managed care contracts. CMS is reducing the Medicare rate by 4-4.5%. Current market valuations for skilled nursing is high in California with for profit companies purchasing many sites.

Discussion to divest the stand-alone skilled nursing communities and opportunities to redeploy the cash into another business line. A commitment to use proceeds for capital in order to reposition 5-20 year outlook of current properties was discussed. The avenue of growth most opportunistic at this time is affiliation/collaborations vs purchasing. Opportunity to investigate hospice or more affordable housing was discussed as well.

After some discussion it was motioned, seconded and carried.  
**That RESOLVED, the Eskaton Board of Directors authorize staff to move forward with divesting Eskaton's three stand-alone skilled nursing communities (Eskaton Care Center Manzanita, Eskaton Care Center Fair Oaks and Eskaton Care Center Greenhaven). Staff will submit a proposal for review to the November board meeting.**

The next 24-36 months will be a critical time-frame to recover operationally and public perception will be important. Current Fitch rating is BBB. If the skilled nursing was divested it would go up to A-.

After some discussion it was motioned, seconded and carried.  
**That RESOLVED, the Eskaton Board of Directors request management to bring a plan to stabilize operations and a plan to identify the KPIs for improvement.**

[REDACTED]

**CALL TO ORDER:** The meeting of the Boards of Directors of Eskaton, Eskaton Properties, Incorporated, Eskaton Lodge Granite Bay, Eskaton Village Grass Valley, Eskaton Village Roseville, Eskaton Village Placerville, Eskaton FountainWood Lodge, Eskaton Foundation, and The Reutlinger Community was called to order by Vice Chair Larry Garcia, at 1:00 p.m. on May 18, 2022 at the Eskaton Support Center, Carmichael, CA.

**CONSENT AGENDA:** **RESOLVED, the Eskaton Board of Directors hereby approves the consent agenda as presented.**

**GREAT PLACE TO WORK:** Eskaton once again received certification as a 'Great Place to Work'. The employee survey measuring 'trust index' focuses on five primary areas (respect, fairness, credibility, camaraderie, and pride) The trust index score was 72% (7 out of 10 employees have a positive trust index), which was 10% lower than the 2019 survey. The positive experiences were reviewed as well as areas of opportunity. 77% of staff indicated Eskaton is a great place to work. Significant take-a-ways include how to replicate highly rated communities and how to retain existing employees.

[REDACTED]

RESOLVED, The Eskaton Properties, Inc., Eskaton Village Roseville and Eskaton Village Grass Valley board of directors approve the Officers of said corporations, jointly or severally,

are hereby authorized and directed to do any and all things, and to execute and deliver any and all documents which they or any of them may deem necessary or advisable in order to consummate the issuance and delivery of the transactions contemplated by the Refinancing and to otherwise carry out, give effect to and comply with the terms and intent of this resolution and the documents referred to herein.

**RETREAT FOLLOW UP:**

Partnering, Consolidation and Growth & Expansion – the primary purpose for growth is to strengthen the not-for-profit footprint across northern California and create scale and efficiency and business sustainability. Focus is on CCRC/Life Plan Communities. Pace mergers and home-based services need to be carefully considered due to scaling and return on revenue. Management contracts are very feasible. Residential care facilities are highly competitive and very expensive.

The Life Cycle Analysis is a tool used to manage business sustainability. Most of the communities are in the maturity stage. Care Centers are moving toward the declining stages due to revenue challenges with governmental and managed care reimbursement, admissions negatively affected by COVID and staffing shortages. Skilled nursing is an important piece of our continuum of care however, there is a negative outlook for these stand-alone communities for several more years until government reform is provided. Proformas will be prepared to analyze the composition of the organization with and without stand-alone care centers. Alternative options to develop a strategic/ financial plan to push back the care centers to the mature phase will be presented to the board. After some discussion it was,

RESOLVED, That the Eskaton Board of Directors approve the officers of said corporation to explore alternative options for the three free-standing care centers.

**ANNUAL REAFFIRMATION OF BOARD / OFFICERS:**

**Subject:** Eskaton SNF buyer update

Hi Dan,

The Eskaton senior leadership team met this afternoon, and we have made a decision on a buyer. We would like to accept the offer from the IEP/Cypress team. We think they have the best ability and desire to close the transaction within the required time line. As we head into the next phases of the sale process we think their enthusiasm may be to our benefit. Full disclosure when you compare both operators we were more impressed with the Links team over Cypress, but our confidence in the team of IEP/Cypress won out. I would be happy to get on a call to explain further.

Seems like we now need to turn our attention to the LOI, and then solidify the communication plan. I have heard you make a few references to suggested changes/edits you had to the LOI. Do you have to make those changes, and send it over to us? At the same time we will be reviewing the LOI for anything we will want to change.

Lets connect tomorrow if you can to discuss any additional details? I can be available before 11am.

Thanks to you, Patrick, and Melanie, for all your hard work on this.

Mark

## SKILLED NURSING PORTFOLIO

THREE (3) SKILLED NURSING FACILITIES | SACRAMENTO, CA | FALL 2022

396 LICENSED BEDS (391 OPERATING BEDS)

CONFIDENTIAL MEMORANDUM

# CONFIDENTIAL INFORMATION

**Eskaton (the “Seller”) has retained Ziegler Investment Banking (“Ziegler”) as their exclusive financial advisor to explore strategic alternatives for its 3-community skilled nursing portfolio located near Sacramento, CA.**

This Confidential Memorandum (“Memorandum”) has been prepared by Ziegler from materials supplied by the Seller and publicly available information. The sole purpose of this Memorandum is to assist the recipient in deciding whether it wishes to proceed with a further investigation with regard to an acquisition of the Portfolio. This Memorandum does not purport to be all-inclusive or to necessarily contain all information that a prospective purchaser may desire in investigating the Seller and the Portfolio. Ziegler makes no representations or warranties, expressed or implied, as to the accuracy or completeness of the information contained herein, and expressly disclaims any and all liability for representations or warranties, expressed, implied, or contained in, and for omissions from, this Memorandum or any written or oral communication transmitted or made available. The Seller will have legal responsibility only for the representations and warranties set forth in a written agreement when and if executed and delivered by the parties thereto and subject to limitations and restrictions set forth therein. Ziegler has not independently verified any of the information contained in this Memorandum or any written or oral communication transmitted or made available, and has not made and will not make, an independent evaluation or appraisal of any of the assets or liabilities of the Seller.

This Memorandum is being provided to the recipient pursuant to a confidentiality agreement that governs the obligations of the Seller and the recipient with regard to confidentiality. By acceptance of this Memorandum, and in accordance with the confidentiality agreement, but without limiting the information provided herein, or the scope or terms thereof, the recipient agrees that it will not distribute this Memorandum to any person, in whole or in part, at any time without the prior written consent of the Seller and that it will keep confidential all information contained herein or made available in connection with any further investigation. This Memorandum is being delivered for informational purposes only and upon the express understanding that it will be used only for the purpose set forth above. Upon request and in accordance with the confidentiality agreement, the recipient will return promptly all material received from the Seller and Ziegler (including this Memorandum) without retaining any copies thereof. In furnishing this Memorandum, the Seller undertakes no obligation to provide the recipient with access to any additional information or to update any of the information contained herein.

This Memorandum includes certain historical and projected financial and operating data. The estimated operating results are derived from internal management reports, and the adjusted results are derived in part from management’s internal analysis. These estimates and projections reflect management’s assumptions concerning anticipated results at the time made, may or may not prove to be correct, and are subject to significant economic, competitive, and regulatory uncertainties and contingencies beyond the Seller’s control. Past performance may not be necessarily indicative of future performance. Consequently, no assurances are made or implied as to the reliability of such estimates or projections, and the inclusion of estimates and projections herein should not be regarded as a representation that the estimated or projected results will be achieved. No independent accounting firm has examined or reviewed the financial estimates or projections contained herein.

# I. EXECUTIVE SUMMARY

ESKATON\_005330

# TRANSACTION OVERVIEW

Eskaton is a not-for-profit 501(c)(3) California corporation, which was formed in 1968. Eskaton’s primary mission is to enhance the quality of life of seniors through innovative health, housing, and social services. Eskaton also operates nonmedical homecare services, adult day healthcare services and various community service programs.

Eskaton Properties, Inc. (“EPI”) owns and operates four Skilled Nursing properties in greater Sacramento, CA; one as part of a Continuing Care Retirement Community, and three standalone skilled nursing properties. The standalone properties include Eskaton Care Center Fair Oaks (“Fair Oaks”), Eskaton Care Center Greenhaven (“Greenhaven”), and Eskaton Care Center Manzanita (“Manzanita”)(collectively the “Portfolio” or “Communities”).

Eskaton seeks to sell the Portfolio to divest of its Skilled Nursing Properties and focus resources on expanding and growing retirement housing communities, home health services, and CCRC interests.

The following tables summarizes the Portfolio’s operating results for the 2019, 2020, and 2021 fiscal years and the trailing twelve month period (ending September 30, 2022). Detailed income statements and additional financial considerations can be found in the *Financial Performance* section.

ESKATON\_005332

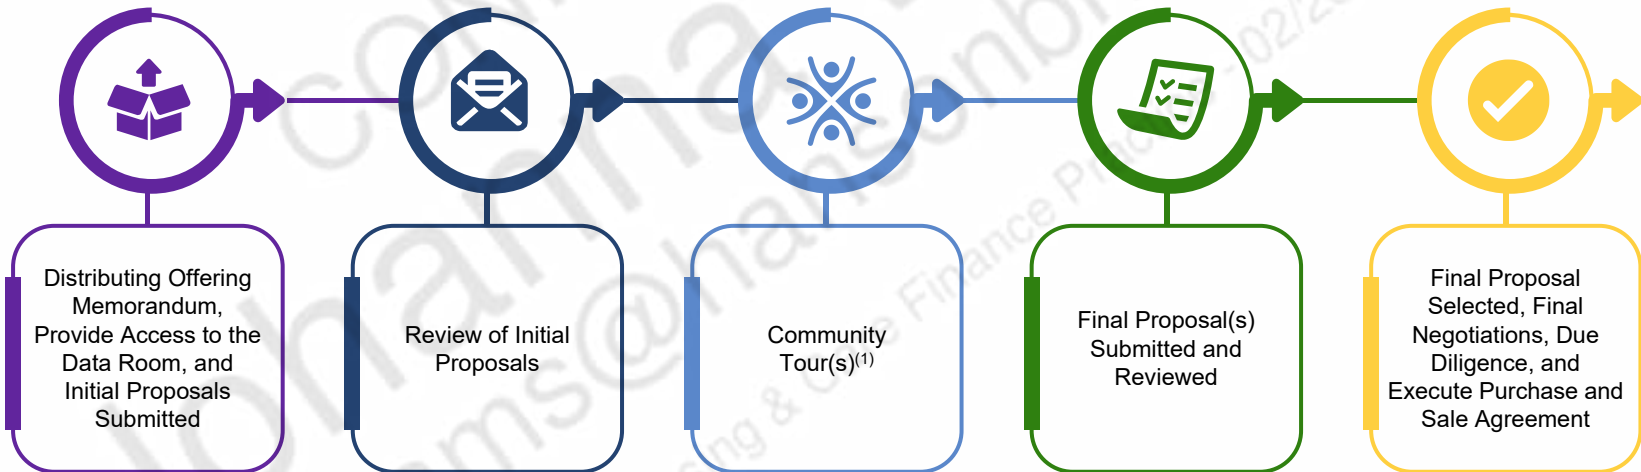

# TRANSACTION PROCESS

The Seller has engaged Ziegler to act as its exclusive financial advisor in exploring divestiture strategic alternatives for the Communities. The Seller has authorized Ziegler to approach a select provider/investor group and solicit proposals to acquire the Communities' assets.

Prospective purchasers should assume "assets" include all community-based assets including inventory, personal property, land, buildings and improvements. For valuation purposes, asset purchasers should assume assets exclude cash, investments, accounts receivable, prepaid assets, deposits and any other current asset excluding inventory. A more precise definition of "purchased/sold" assets will be included in the purchase agreement.

**The Seller is extremely sensitive to confidentiality in this matter.** Consequently, offering materials are intended to include detailed information sufficient for prospective purchasers to formulate a reliable value conclusion. The Seller wants to conclude the preliminary evaluation period as quickly as possible. After preliminary proposals are evaluated, the Seller will determine which proposal is pursued.

## THE SELLER WOULD LIKE TO ADHERE TO THE PROCESS OUTLINED BELOW:

**Please note that all communications or inquiries relating to a possible transaction should be directed only to Ziegler. No member of the Seller or employee of the Communities should be contacted directly under any circumstances. Under no circumstances are tours or "mystery shopping" of the Communities allowed without Ziegler and Eskaton's express written permission. Furthermore, potential purchasers are reminded of their obligations under the Confidentiality Agreement in relation to this transaction.**

ESKATON\_005333

# TRANSACTION STRENGTHS

## Geographic Concentration

The Portfolio properties are located in the greater Sacramento area, the state capital of California. The Sacramento metropolitan area has been one of the fastest growing urban regions in the U.S. and holds the Central Valley and Sierra Nevada regions of the state. Sacramento is one of the world's most important agricultural areas and is home to Lake Tahoe, and several ski and nature resorts. The Facilities are easily accessible by interstate and state highways. The geographic locations allows for economies of scale in terms of staffing and management oversight.

## Value-add potential

Consolidated occupancy for the trailing twelve-month period ending September 30, 2022 for the Portfolio was 70%. The Portfolio averaged 90% occupancy from 2017-2019 prior to COVID, and a prospective purchaser could benefit from the Portfolio's value-add potential.

## Bolstered Revenues through Medi-Cal Rate Enhancement

California's Medi-Cal program establishes the methodology used to develop the rates paid to Medi-Cal managed care organizations. In general, for any given rate-setting year, DHCS and its actuary employ a combination of plan-specific utilization and risk adjusted county average utilization to inform each plan's rates. The Medi-Cal reimbursement rates have increased across the portfolio from the 2019 to 2022 cost report years with the average across the Portfolio increasing from \$260.14 to \$326.07, respectively (see table to the right). For note, there is a lag involved in the process; the rates are based on data from about 24 months prior to the beginning of the rate year.

MEDI-CAL RATES				
Cost Report Year				
Effective	2019	2020	2021	2022
Fair Oaks	\$245.03	\$278.55	\$313.27	\$300.83
Greenhaven	\$244.60	\$266.60	\$293.07	\$304.90
Manzanita	\$290.80	\$327.51	\$361.27	\$372.48
Average	\$260.14	\$290.89	\$322.54	\$326.07

# OVERVIEW OF CARE AND SERVICES

The Portfolio's primary function is to offer continuous nursing, medical, and other health and social services on a 24-hour basis, under physician-directed care and RN supervisor. The Facilities serve patients who are not in the acute phase of illness, or requiring services in a hospital, but instead require primary, restorative, or skilled nursing services on an inpatient or custodial care basis with the goal being to restore patients' degree of self-care in essential daily living.

CMS STAR RATINGS				
Facility	Overall	Health	Staffing	Quality
Fair Oaks	4	2	5	4
Greenhaven	5	4	4	5
Manzanita	5	4	5	5
Average	4.7	3.3	4.7	4.7

## Clinical Services

- 24-hour Nursing Care
- 24-hour Physician On-Call
- Short Term Rehabilitation
- Respite

- Dental, Vision, Podiatry, Audiology
- Dementia Assessment
- Psychosocial & Psychiatric Evals.
- Individual Therapy
- Transportation Arrangements
- Appointment Accompanying

ESKATON\_005335

## II. KEY CONSIDERATIONS

# TRANSACTION STRUCTURE

The Seller has engaged Ziegler to act as its exclusive financial advisor in exploring strategic alternatives for the Portfolio. Strategic alternatives include, but are not limited to divesting the Portfolio's assets. The Seller is looking to divest its three skilled nursing properties to focus on its senior housing properties. The Seller has authorized Ziegler to approach select provider/investor groups and solicit proposals to acquire the Portfolio's assets. **TIMING AND EXECUTION CERTAINTY ARE IMPORTANT TO THE SELLER.**

Prospective purchasers should assume "assets" include all Portfolio-based assets including inventory, personal property, land, buildings, and improvements. For valuation purposes, asset purchasers should assume assets exclude cash, investments, accounts receivable, prepaid assets, deposits, and any other current asset excluding inventory. A more precise definition of "purchased/sold" assets will be included in the purchase agreement.

The Seller is extremely sensitive to confidentiality in this matter. Consequently, the offering materials are intended to include detailed information sufficient for prospective purchasers to formulate a reliable value conclusion. The Seller wants to conclude the preliminary evaluation period as quickly as possible. After preliminary proposals are evaluated, the Seller will determine which (if any) proposal is pursued.

The Seller would like to adhere to the process outlined below:

1. Distribute Offering Memorandum, Provide Access to the Data Room
2. Initial Proposals Submitted
3. Review of Initial Proposals
4. Portfolio Tour(s) <sup>1</sup>
5. Final Proposal(s) Submitted and Reviewed
6. Proposal Selected, Final Negotiations, Due Diligence, and Signed Purchase and Sale Agreement

**Note that all communications or inquiries relating to a possible transaction should be directed only to Ziegler. No member of the Seller or employee of the Portfolio should be contacted directly under any circumstances. Under no circumstances are tours or mystery shopping of the Portfolio allowed without Ziegler and Seller's express written permission. Furthermore, potential purchasers are reminded of their obligations under the Confidentiality Agreement in relation to this transaction.**

*1. Portfolio Tour(s) subject to Seller approval.*

## DISCLAIMER

The Seller and Ziegler expressly reserve the right, without giving reasons, at any time and in any respect, to amend, modify or terminate these procedures or to negotiate with any party with respect to a transaction involving the Portfolio. The Seller will not have an obligation to accept any offer, whether or not it represents the highest value. The Seller expressly reserves the right, in their sole and absolute discretion, to reject any or all offers without giving any reasons therefor. The Seller also expressly reserves the right, without giving reasons therefor, at any time and in any respect, to terminate discussions with any or all potential purchasers.

Interested parties are encouraged to promptly review the Offering Memorandum and, if interested, prepare proposals as quickly as is practicable. The Seller would like to receive initial proposals no later than **December 16, 2022.**

Please note that the Seller has elected not to assign a specific timetable for the various phases (except for submission of initial proposals) as they may elect to accelerate the process for proposal(s) that are particularly compelling. Written preliminary proposals should include:

- A non-binding estimate of the cash acquisition value, as well as a brief description of the transaction structure;
- An indication of the source(s) of financing contemplated for the potential acquisition, including the proposed debt and equity structure, the availability of the proposed capital structure, and any contingencies with respect thereto;
- A specific list of additional information required to complete the investigation of the Portfolio;
- A list of corporate, shareholder or regulatory approvals required to consummate the transaction (if any);
- The name of outside advisors (including legal representation) you have engaged or plan to engage (if any) to assist you in evaluating and documenting this transaction;
- A discussion of your organization's historical operating track record in California (including a list of properties operated in the state), as well as any other state(s) you operate in;
- A discussion of how your organization arrived at the suggested value of the Portfolio; and
- A preliminary timetable required to consummate the transaction.

ESKATON\_005338

# KEY CONSIDERATIONS

## Implementation of New Technology

Greenhaven partnered with SafelyYou, an innovative artificial technology (AI) system designed to detect and reduce fall risk for older adults; becoming the first SNF in California to be approved by the Department of Health Services to pilot and integrate this program.

## Geographic Efficiencies

The tight geographic proximity of the Communities allows for significant economies of scale in terms of staffing and management oversight.

## 24-hour Care

The Communities offer around-the-clock nursing care as well as a 24-hour on-call physician.

## Located in the Capital of California

The Communities are located in the greater Sacramento area. Sacramento is the state capital of California, and a growing urban region.

## Continual Cap-Ex Reinvestments

Eskaton continually reinvests capital into its property, plant, and equipment. Since 2019, the annualized average capital expenditure per bed is over \$1,900 per bed across the portfolio.

## Strong CMS Star Ratings

The communities average a 4.7 CMS star rating, with Green Haven and Manzanita rated 5 overall, and Fair Oaks rated 4.

## Proximity to Healthcare

Each community is located within a 10 mile radius to nearby hospitals and healthcare centers.

### PROPERTY INFORMATION

Assessor Parcel #	23200740070000
Address	5318 MANZANITA AVE
Postal City, Zip	CARMICHAEL 95608
Jurisdiction	Unincorporated Area of Sacramento County
County Supervisor District	Rich Desmond - District 3
Assessor Roll Status	ACTIVE
Assessor's Map	Assessor's Map Book 232, Page 007

### TAX ASSESSMENT AND PROPERTY TAX

Tax Rate Area Code	54-058
Jurisdiction Used on Most Recent Tax Roll	UNINCORPORATED
Last Roll Year	2022
Tax Roll Year	2022
Land Value	\$159,860
Improvement Value	\$2,884,783
Personal Property Value	\$0
Fixtures	\$0
Homeowner's Exemption	\$0
Subtotal	\$3,044,643
Other Exemption	(\$3,044,643)
Net Assessed Value	\$0
FY 2022 Property Tax	\$110.11

### LAND INFORMATION

Zoning	RD-5 - RESIDENTIAL
Approx. Parcel Area	2.81 acres
Last sale date	12/5/1984

### PROPERTY BUILDING INFORMATION

Gross Building Area	29,559 sq ft
Net Rentable Area	29,559 sq ft
Ground Floor Area	29,559 sq ft
Year Built	1978
Effective Year	1978
Stories	1
Quality Class	Good

## Operations Analysis

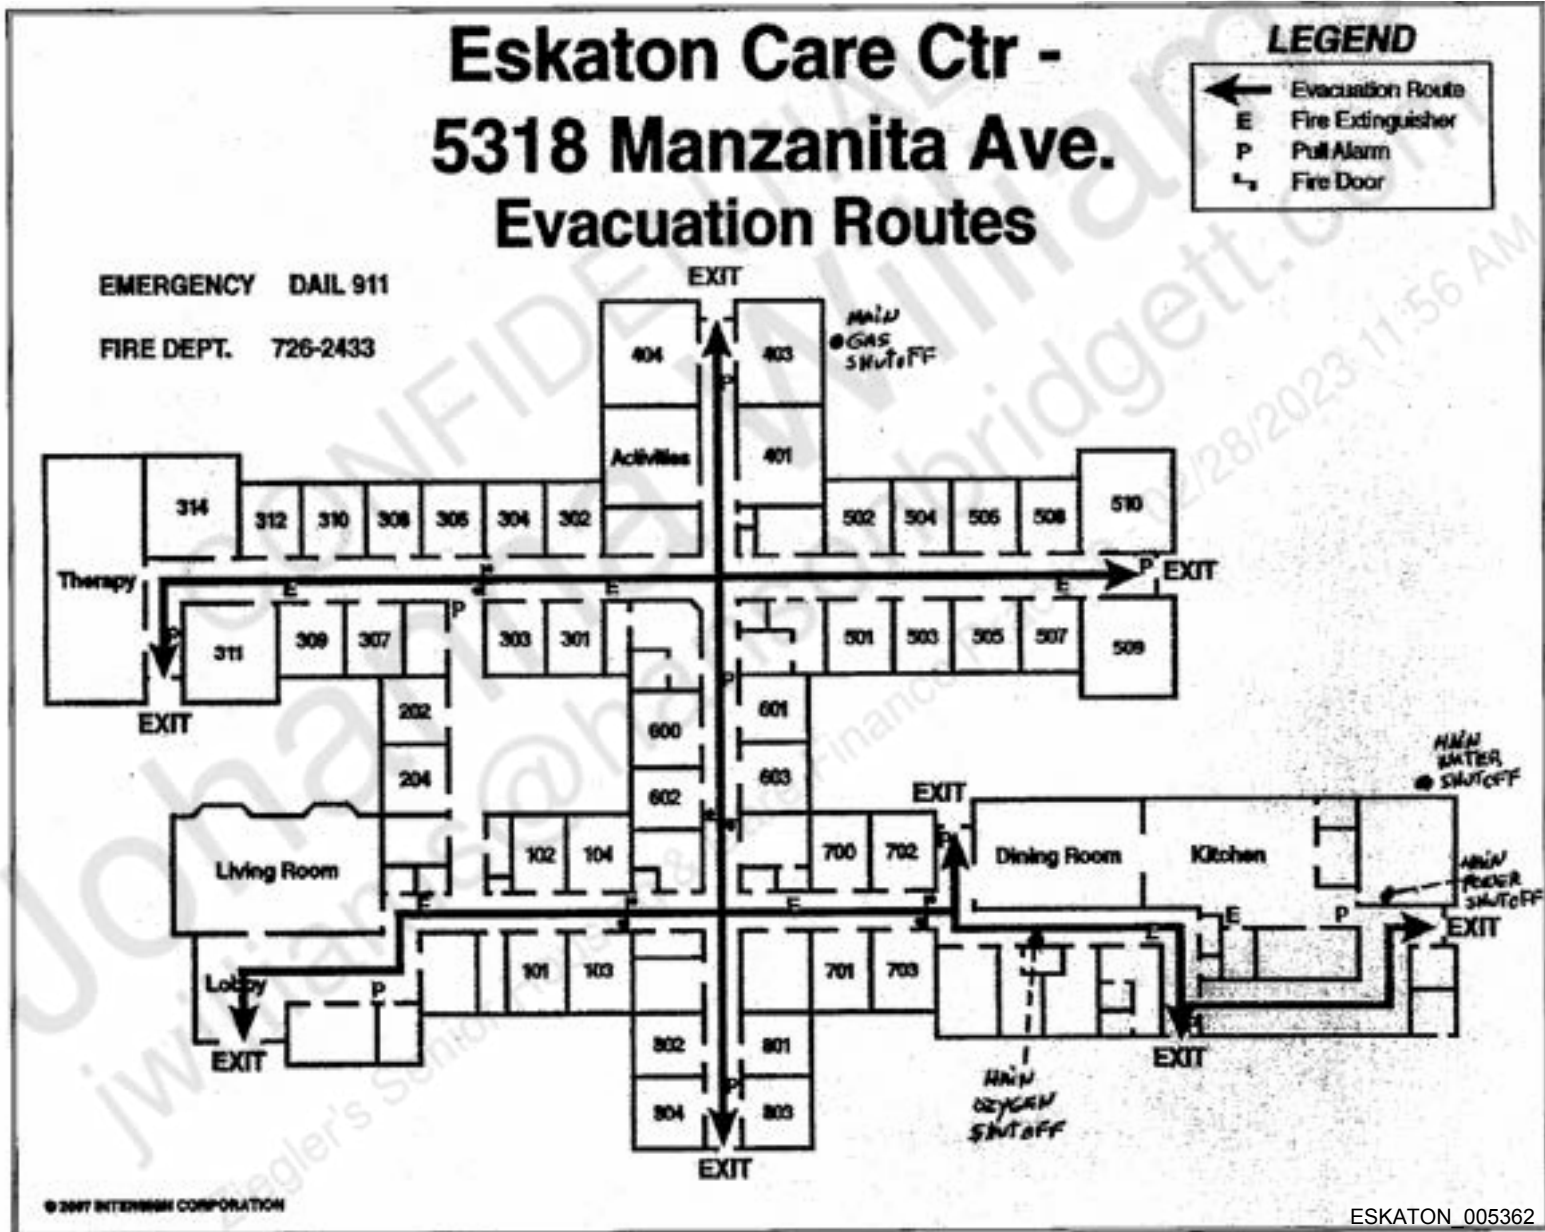

### Historical Revenue & EBITDA\* Trends

### Occupancy Trends

\* EBITDA = Earnings Before Interest, Taxes, Depreciation, Amortization

## ADDITIONAL FINANCIAL CONSIDERATIONS

This section highlights certain opportunities, programs, charges, and accounting practices that are unique to the Portfolio and its current operating structure. A new operator may find costs discussed herein to be redundant or may have alternative service providers and is urged to apply its own operating cost structure when evaluating the opportunity.

### PPD

**PPD**, or **Per Patient Day**, is calculated by dividing each revenue and expense line item by the number of patient days in that period. Patient days represent the number of patient beds occupied each day in a period.

### COVID Revenues and Expenses

The FY 2020 and 2021 financials were adjusted to remove COVID related revenues and expenses. COVID Revenues represent Provider Relief Funds received by Eskaton Properties, Inc. and allocated to each property. COVID Expenses include health care emergency expenses related to personnel costs, benefits costs, operations, supplies, and equipment.

### Treatment of Management Fees

The financials have been adjusted to assume a 5% management fee on each property. A prospective purchaser should reach their own conclusions regarding management fee assumptions.

### Property Taxes

The Seller is a not-for-profit entity so the Portfolio does not pay market rate property taxes. As such, the Portfolio's records may not properly reflect the real estate taxes a new for-profit purchaser may experience. A prospective purchaser should reach their own conclusions regarding property tax estimates.

# CALIFORNIA SKILLED NURSING REGULATORY OVERVIEW

Skilled nursing facilities in California are licensed by the California Department of Public Health's (CDPH), Certificates and Licenses Division. The Department of Health Care Services (DHCS) administers the state's Medi-Cal reimbursement system. California's Medi-Cal program is a cost-based, facility-specific reimbursement system. Medi-Cal reimburses nursing facilities for improved wages and staffing based on the actual cost of care derived from the facility's cost reports.

## Medi-Cal Rate Calculation System

A nursing facility's per diem reimbursement rate is the sum of its six cost components:

- 1. Labor** – includes direct resident care labor and indirect resident care labor. Direct care labor includes wages associated with routine nursing, social services, activities and other direct care personnel. Indirect care labor includes wages associated with staff supporting the delivery of patient care including housekeeping, laundry/linen, dietary, medical records, in-service education, and plant operations.
- 2. Indirect Care Non-Labor** – includes the non-labor costs related to services supporting the delivery of resident care.
- 3. Administrative** – includes allowable administrative and general expenses of operating the facility, including a facility's allocated expenditures related to allowable home office costs. This component also includes allowable property insurance costs and excludes expenditures associated with caregiver training, facility license fees, and medical records. However, legal and consulting costs for cases not found in favor of facilities are not considered allowable expenses.
- 4. Capital** – based on a fair rental value system (FRVS), which reimburses a facility's property costs. The FRVS is used in lieu of actual cost and/or lease payments on land, buildings, fixed equipment, and major moveable equipment used in providing resident care.
- 5. Direct Pass-Through** – comprised of Medi-Cal's proportional costs for property taxes, facility license fees, liability insurance projected on the prior year's costs, caregiver training, and new state or federal mandates.
- 6. Professional Liability Insurance** – includes professional liability insurance costs.

# CALIFORNIA SKILLED NURSING REGULATORY OVERVIEW

## Quality Assurance Fee (QAF)

California utilizes a QAF to obtain additional reimbursement for, and to support quality improvement efforts in, licensed skilled nursing facilities. The QAF was established under the Medicaid Long-Term Care Reimbursement Act, Assembly Bill 1629 (AB 1629). The DHCS possesses two different QAF rates: (1) a rate for nursing facilities with  $\geq 100,000$  total resident days and (2) a rate for nursing facilities with  $< 100,000$  total resident days. The DHCS calculates the total QAF charge by multiplying the appropriate assessment fee by the total resident days. The QAF was reauthorized by the California Legislature until July 31, 2015. As part of AB 1629, the QAF was extended for five additional years. An Assembly Bill (ABx4 5) adopted under California's 2009 State Budget in July 2009 expanded the QAF calculation to include Medicare revenue. The resulting revenue is not passed through to the Medi-Cal reimbursement rate. The table below details the per diem QAF from 2018-2022:

Rate Year	Less Than 100,000 Bed Days	More Than 100,000 Bed Days
2018-19 (Aug-Jul)	\$15.72	\$14.46
2019-20 (Aug-Jul)	\$15.68	\$14.80
2020 (Aug-Dec)	\$15.68	\$14.80
2021 (Jan-Dec)	\$15.19	\$14.54
2022 (Jan-Dec)	\$16.96	\$16.08

The QAF is paid by each provider on a monthly basis to the DHCS for deposit into the state treasury. For each facility assessed, the QAF is reimbursed for the Medi-Cal portion of its fee (the per diem rate assigned to the facility multiplied by Medi-Cal patient days).

## COVID-19 Adjustment

Due to the Coronavirus disease (COVID-19) outbreak, a Public Health Emergency (PHE) was declared for the United States on January 31, 2020, and a national emergency was declared under the Stafford Act on March 13, 2020. In response to the COVID-19 outbreak, the Department will temporarily provide an additional 10% reimbursement for LTC per diem rates. The Department received federal approval of State Plan Amendment (SPA) 20-0024, effective March 1, 2020, which authorizes temporary additional reimbursement for eligible LTC facilities during the emergency period related to the COVID-19 outbreak. Effective August 1, 2022, the COVID-19 increased amounts will remain unchanged and will be added to the per diem rates that are effective August 1, 2022.

**SECTION 999.5(d)(11)(E)**

**8) Signed letter of intent between IEP and Eskaton dated February 9, 2023.**

February 9, 2023

Dan Revie  
Zeigler – Managing Director

Via Email

**Re: Eskaton Portfolio – California**

Dear Mr. Revie:

International Equity Partners, Inc. (“IEP” or “Buyer”) is pleased to submit the following non-binding letter of interest (“LOI”) for the acquisition of the skilled nursing facilities identified on Exhibit A (“the Facilities”), and each a Facility), from your client, Eskaton Properties (“Seller”).

Buyer, and or it’s designee(s) will acquire the real estate fee simple interests, furniture, fixtures, and equipment (“Real Property”) associated with the Facilities. Buyer’s assignees (“New Operators”) will acquire mutually agreed upon assets of the business operations (“Business Assets”) underlying the Facilities including the orderly transfer of the Business Assets pursuant to the Transaction Documents (defined below). Collectively, the acquisition of the Real Property and Business Assets of the Leased Facilities and Owned Facilities compose the “Transaction” herein contemplated in this LOI.

Neither party shall be bound until they have executed definitive agreements for the acquisition of the Real Property and the Business Assets of the Facilities, which definitive agreements shall be comprised of an Asset Purchase Agreement, an interim Management and Operations Transfer Agreement (“MOTA”), and such other ancillary agreements typically entered into in connection with the sale and transfer of skilled nursing facilities and their operations in the State of California (collectively, the “Transaction Documents”).

**Buyer Background:**

**International Equity Partners (“IEP”)**, a Los Angeles based private investment company, was founded in 2005 by Abe Bak and Michael Gastwirth. Since its founding, IEP has emerged as one of the largest owners and operators of long-term care facilities in California, operating and controlling a portfolio of approximately 100 health care facilities comprised of over 9,000 licensed beds. Together with its partners and affiliates, IEP’s holdings include in excess of \$800 Million in assets primarily comprised of health care facilities and other commercial real estate.

Together Abe and Michael oversee all aspects of the investment cycle, ensuring a smooth process with certainty of execution. IEP is unique in its ability to do large scale transactions without outside investors or other existential control factors, allowing Abe and Michael to fluidly make key decisions. This structure has allowed IEP to have an adaptive flexibility in every transaction (an attribute non-existent with REITS and most syndicated buyer vehicles). Over the past several years, IEP has successfully worked through numerous challenges encompassing issues such as heavy losses, challenging licensure situations, confidentiality/discretion sensitivities, non-profit restrictions, collective bargaining/union issues, debt constraints, sellers unfamiliar with the process of transitioning nursing homes (and the accompanying licenses/provider agreements), tax deferred exchanges, and various other arising concerns. Most recently, IEP acquired 10 distressed health care facilities in California from a multigenerational family ownership group. Despite sharp operating losses, infighting between the different family stakeholders, and rising interest rates, IEP navigated the \$90MM transaction towards a successful closing that satisfied the disparate needs of all relevant stakeholders.

In particular IEP has successfully acquired skilled nursing facilities with non-profit status that required Attorney General Approval. In the recent past, IEP acquired Apple Valley Christian Care Center, a 99-bed nonprofit skilled nursing facility.

### Operator Background:

**Cypress Healthcare Group** is a skilled nursing facility management company that was formed in 2019. The three owners, Matt Jackson, Robert Jackson and Jack Sanofsky have a combined twenty-five plus years of experience operating skilled nursing facilities in the Sacramento, California region. Cypress currently owns the operations of six skilled nursing facilities in the Sacramento market, with 3 additional facilities in the area transitioning on February 1, 2023. Cypress's goal is to continue to grow within the Sacramento region; this is a function of its deep understanding of the local market dynamics; and the breadth of the local resources it brings to bear to drive both financial and clinical excellence.

All of Cypress ownership reside in in the Sacramento area and are actively involved in all day-to-day operating functions. In addition, Cypress is supported by a Sacramento based support services team comprised of a CFO, Director of Operations, two clinical nurse consultants and a Director of Accounts Receivable among others. With this team in place, Cypress is able to support the regional portfolio and ensure quality outcomes. All the Cypress facilities are within a 30-mile range of one another, facilitating a reinforced support system that shares resources, including staff, supplies and ideas that allow for sustained growth.

Cypress is intimately involved with the AG process for acquiring non-profit facilities; the 3 skilled nursing facilities transitioning on February 1, 2023, are non-profit facilities that are towards the end of the AG process; the precedence involved in this approval process heavily translates towards the anticipated process with the Eskaton Facilities. As a result, Cypress is uniquely positioned to navigate the forthcoming AG process with realistic expectations underpinned by highly relevant experience.

**Purchase Price:** \$35,640,000 (\$90,000 per bed,) paid in cash at closing, net of Earnest Money and mutually agreed upon assumed liabilities.

**Earnest Money:** Buyer's Earnest Money will be deposited as follows:

- a. Buyer shall Deposit \$500,000 ("Initial Deposit") in Escrow within five (5) business days of full execution of this LOI. The Initial Deposit shall be refundable through the end of the Due Diligence Period.
- b. Upon the expiration of the Due Diligence Period, and in conjunction with Buyer's express written intention to proceed, Buyer shall deposit an additional \$1,250,000 ("Additional Deposit") in Escrow, which, together with the Initial Deposit shall thereafter be non-refundable unless the transaction fails to close through Seller's default or of a failure of a condition to closing for the benefit of Buyer and New Operator. The Initial Deposit and Additional Deposit shall serve as Liquidated Damages should Buyer fail to close through no failure of Seller.
- c. Notwithstanding the foregoing, the failure of the Transaction to occur due to a rejection, blocking, or unacceptable required conditions by the Attorney General of Buyer or New Operator shall result in liquidated damages to Seller of \$250,000 from the Earnest Money.
- d. At Closing, The Earnest Money will be net against the Purchase Price.

**Funding Source:** Buyer, together with its principals and partners will fund the Transaction through cash on hand as well as private credit vehicles. Buyer will seek to obtain mortgage financing from its preferred lending relationship; however, Closing is not contingent on financing.

**Due Diligence Requests:** Requested critical diligence below:

- Explanations as to the background and history of PLCIL insurance loss runs claims of:
  - 1005070
  - 1005350
  - 1005676
- In addition, any pending litigation not yet shown on any of the insurance loss runs (given its open status).
- Most recent Workers Comp Mod Rate
- Recent 5 years loss runs for Property Related Insurance

**Due Diligence Period:** Within 7 business days of the receipt of the Due Diligence Requests outlined above Buyer and New Operator will waive its Due Diligence solely with respect to operational aspects of the Transaction ("Operations Due Diligence Period").

Provided Buyer is provided access to perform third party investigation reports immediately upon the full execution of this LOI (i.e. PCNA, Phase 1, Survey, etc) Buyer will have thirty (30) days from the full execution of the Purchase Documents to waive its Due Diligence Period solely with respect to Environmental, Property Condition, and Zoning/Survey issues outlined by third party reports ("Third Party Due Diligence Period"). Together the Operations Due Diligence and Third Party Due Diligence Period comprise the Due Diligence Period.

**Closing:** Targeted to occur on or before July 1, 2023, provided all conditions to Closing have outlined in Transaction Documents have been met.

<b>Targeted Milestones:</b>	1/30/2023:	LOI Fully Executed (commence AG package)
	2/06/2023:	First Draft of Purchase Agreement Submitted
	2/17/2023:	Draft CHOW application submitted.
	3/01/2023:	Transaction Documents Signed & AG Package Submitted
	6/15/2023:	Full AG Approval
	6/30/2023:	Closing
	8/15/2023:	CHOW Approval

**Other Closing Conditions:**

The below include but are not exhaustive Closing Conditions that are to be included in the Purchase Documents:

- All necessary regulatory approvals required for transitioning the Facilities;
- No open survey tags higher than "G" nor any ongoing admissions ban, excepting any temporary admissions ban related to a current outbreak of COVID-19 or other infectious disease;
- No Facility is included on the Special Focus Facility list.
- Satisfactory AG approval
- Subject to Eskaton Board approval

**Operations Transfer:** Buyer and Seller shall cooperate to facilitate any and all necessary regulatory approvals to transition control of the Facilities and existing Medicare and Medicaid Provider Agreements in conjunction with the closing, including the full execution of a Management and Operations Transfer Agreement ("MOTA"). The MOTA shall provide that Seller shall allow Buyer and/or its designees to operate the Facilities using its

licenses and Medicare and Medicaid Provider Agreements, and Seller shall also assign its Medicare and Medicaid Provider Agreements to New Operators. The MOTAs shall continue in effect until such time as the Facilities receive new licenses due to an approved Change of Ownership application and are assigned their own Medicare and Medicaid Provider Agreement numbers which are "tied into" the new licenses. Buyer and/or its designees shall bear all expenses of operation during the terms of the MOTAs and retain any and all revenue accruing during this period.

In the event a CHOW is required prior to transition, Seller shall allow New Operator to utilize its Medicare and Medi-Cal provider numbers for billing until the numbers are tied into the new licenses. In such event, New Operator shall defend, indemnify, and hold harmless Seller from and against any legal or regulatory claims or causes of action which may arise from New Operator's use of Seller's provider numbers.

**Contracts**

Within 7 days from the execution of this LOI, Buyer shall cause its counsel to prepare Transaction Documents incorporating the terms contained in this LOI and forward the same to Seller. The parties agree to negotiate in good faith to finalize the Transaction Documents described herein on terms and conditions mutually acceptable in a timely basis.

**Confidentiality:**

Buyer and Seller shall not disclose any of the terms or conditions of this LOI to any other person without the express written consent of the other party, except that Buyer and Seller may disclose such information to their principles, counsel, accountants and potential financial sources ("Confidential Third Parties") in connection with evaluating the potential acquisitions of the Facilities by Buyer, provided all such Confidential Third Parties are first advised of the confidential nature of this LOI and agree to maintain the confidentiality hereof.

**Employees:**

Operator guarantees to hire substantially all Seller's facility-based employees.

**Exclusivity:**

Seller shall not enter into negotiations regarding the Facilities or a Potential Transaction with any third parties for a period commencing upon the execution of this Indication of Interest and terminating upon the earlier of expiration of the Due Diligence Period or when the Buyer indicates they are no longer pursuing the transaction.

**SECTION 999.5(d)(11)(E)**

**10) Letter from Cypress dated January 23, 2023.**

January 23, 20203

To Whom It May Concern:

Cypress Healthcare Group recently went through the Attorney General approval process in acquiring three skilled nursing facilities. The Attorney General's office views Cypress in a very favorable light. In the early stages of the approval process the AG initially determined there would be a staffing mandate that would require the new operator to staff at the levels of the prior ownership group for an extended period of time, thus leading to the financial hardships of the facilities to continue.

Upon attending town hall meetings with the Cypress team at the new SNF locations, the AG office removed those mandates and decided to impose zero monitoring or reporting requirements due to the research they had learned firsthand regarding Cypress as an operator. The other SNF operator in this deal was not recused from the monitoring and reporting requirements. Having these requirements placed on an operator can significantly increase the length of time to close a deal as it produces back and forth negotiations with the Attorney General's office. Cypress is confident in our ability to make for a smooth transition process working with the Attorney General's office. For more information from someone who we worked closely with on our recent acquisitions with the AG please feel free to contact Pam Kaufmann at Hanson Bridgett. She can be reached at (415) 995-5043.

Sincerely,

Jack Sanofsky

Managing Partner

Cypress Healthcare Group

**Cypress Healthcare Group, LLC**

# Proposed Structure

## Buyer

# Company Background – IEP Corp

## International Equity Partners (“IEP”)

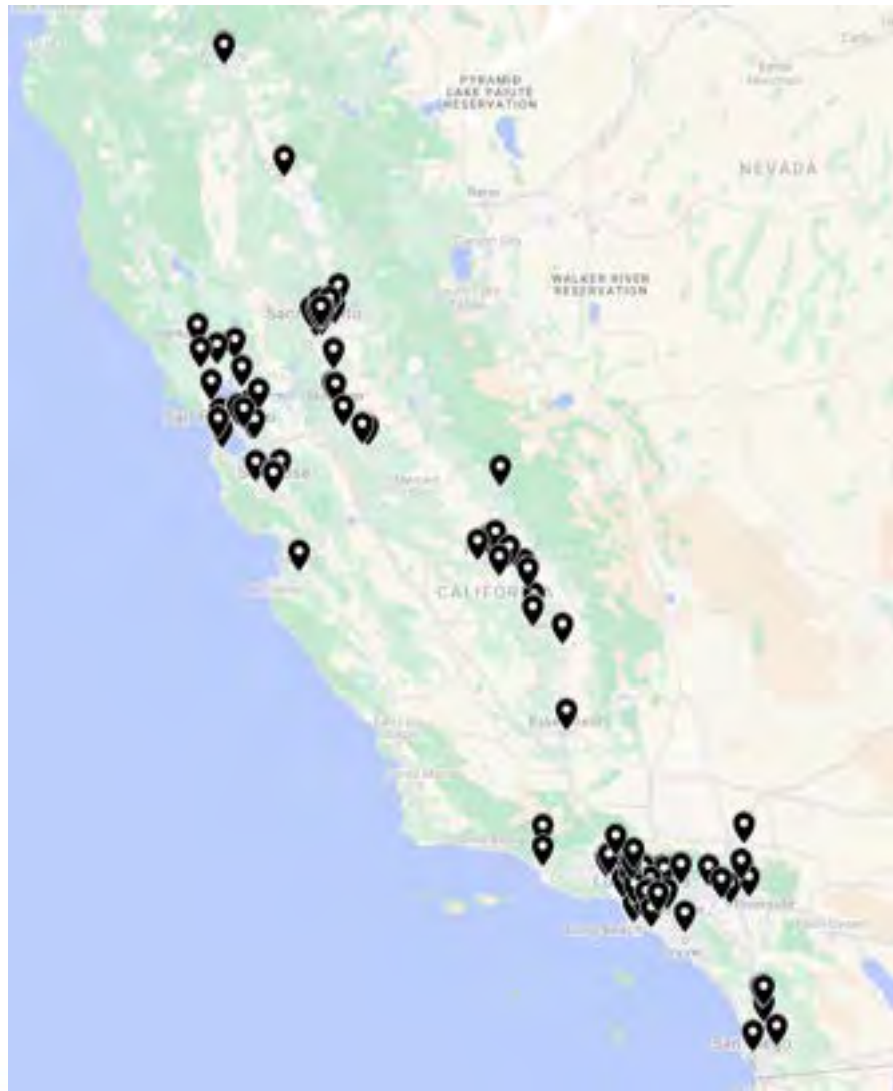

- Los Angeles based private investment company founded in 2005 by Abe Bak and Michael Gastwirth.
- 100% overseen and capitalized by Abe and Michael – no outside investors, boards, or other outside influence
- One of the most active buyers of health care facilities in California, operating and controlling a portfolio of over 100 health care facilities comprised of nearly 10,000 licensed beds.
- History of fluid decision-making and flexibility typically absent from large corporations or syndicated investment structures. This allows for accommodating frameworks that meets the disparate needs of Sellers. Successfully acquired facilities in various challenging situations, i.e.
  - Longtime generational family ownership with intra family disagreements and diverse specific post transition requirements
  - Non-Profits subject to Attorney General Requirements
  - Major portfolio sales from large publicly and privately traded companies with rigid and inflexible processes
  - Insolvent facilities with long lists of creditor claims and challenging multi-party workouts
  - Other time of the essence closings with varying levels of facility distress
- Platform for both Real Estate and Operations:
  - Affiliates directly operate 14 health care facilities in Southern California
  - Aligns with best-in-class operators for facilities outside the IEP operational footprint. Partner operators represent the ideal fit for both the facility and the region and have a defined business plan with a measurable level of historical success.
- Supported by a strong internal asset management team composed of departments handling acquisitions/underwriting, financing, accounting/treasury, and billing.

# Company Background – Cypress Healthcare Group

## **Cypress Healthcare Group, LLC**

- Skilled nursing facility management company based in Sacramento that was formed in 2019 by Matt Jackson, Robert Jackson, and Jack Sanofsky.
- 100% overseen and capitalized by the founders– no outside investors, boards, or other outside influence.
- Ownership has 25 years of aggregated operating experience specifically in the Sacramento Region.
- Prior work experience as high levels administrators and regional directors of operations for both nursing facilities and hospitals.
- Currently operates 6 skilled nursing facilities in Sacramento – comprised of roughly 500 licensed beds.
- Mandate to grow selectively only within the Sacramento Region. Facilities are within 30 miles of each other Team is supported by a Sacramento based back office and other resources including:
  - CFO and Finance Executives
  - Director of Operations
  - Clinical Nursing Consultants
  - Revenue Cycle Team
- Regional facilities support each other through sharing of staff, supplies, and ideas
- In final process of transitioning 3 Sacramento Region non-profit facilities (176 beds) from Retirement Housing Foundation. Attorney General review is in process and is anticipated to conclude in January 2023.
- Well positioned geographically, financially, and with a strong corporate office to transition and achieve success with the Eskaton facilities

# Approach to Care

## **Cypress: Approach to Quality of Care and Operating Track Record**

Cypress Healthcare continues to provide and improve quality care in each of its facilities by expecting extraordinary results, establishing a vision of quality, developing high standards of performance, providing the necessary resources to staff (training, expectations, systems, procedures) and attracting and retaining superior talent. Leveraging the best clinical leaders in the industry, we utilize a structured approach of constant quality improvement to drive better results in our facilities for our residents. Monitoring, measuring and quantifying the care provided and results of that care allow us to analyze our efforts and outcomes and implement/adjust systems where needed to ensure the best outcomes and constant improvement.

# Cypress Healthcare Group, LLC: Operating Philosophy

Our Operating Philosophy is to: Expect extraordinary results, Establish a vision of Quality, Develop high standards of performance, Provide the necessary resources (training, expectations, systems, procedures), Attract and retain superior talent and lead through service.

Over the last three years we have established ourselves as leaders in post-acute care with:

- Very High Patient Satisfaction
- Very High Employee Satisfaction
- Very Low Employee Turnover
- Very High Employee Safety Record
- Very High Family Satisfaction
- Very High Physician Satisfaction
- Very High Recognition by all Partner Hospitals

**Highlights:**

- **4.50 average of 5 Star Quality Measures**
- **Re-hospitalization rate: 13% (22% CA Avg)**
- **Hospitalizations per 1,000 days: 0.98 (1.61 CA Avg)**
- **Outstanding annual survey results**

# Attorney General Experience

## Cypress AG Experience:

Currently working with the Attorney General for approval on the below Sacramento region facilities. The process commenced in September 2022 and is estimated to conclude by January 23, 2023. The AG views the Cypress team positively and has “pulled back” initially desired conditions based on comfort with the Cypress successful operating platform. Transition of the below facilities is slated to occur within the next 60 days.

Facility Name	Address	City	Beds	Current Ownership
Gold Country Health Center	4301 Golden Center Drive	Placerville	68	Retirement Housing Foundation
Auburn Ravine Terrace	750 Auburn Ravine Road	Auburn	59	Retirement Housing Foundation
Pioneer House	415 P Street	Sacramento	49	Retirement Housing Foundation

The AG office initially imposed strict monitoring and reporting requirements on the three Cypress acquisition facilities. However, after working with Cypress and attending the community town hall meetings, the AG removed all monitoring and reporting requirements, despite keeping those in place for a different nursing home operator transitioning a 4<sup>th</sup> facility from the same seller. Based upon AG comments and counsel feedback, it has been a very smooth and seamless process for Cypress Health Group, creating a “halo effect” that will positively influence future collaboration between Cypress and the AG.

## IEP AG Experience:

Successfully obtained Attorney General Approval to acquire the underlying real property of Apple Valley Christian Care Center, a 99- bed skilled nursing facility in Apple Valley, CA.

# July 2023 CHOW Considerations

## Issue:

- New CHOW Rules dictate that effective July 1, 2023, skilled nursing facilities will no longer be able to transition facilities under interim management structures. The State must approve a Change of Ownership (“CHOW”) application prior to any transition.
- Historically, the California licensing department is taking between 6 – 9 months to process CHOW applications. Furthermore, the state has become more diligent in reviewing the qualifications and history of nursing home operators due to recent media scrutiny and high-profile lawsuits.
- It is critical to have a plan to effectuate a transition within a desired time frame and avoid:
  - Waiting an extended period of time for the CHOW approval
  - Risk a denial of new license for the new operator

## Mitigants:

- Based on the Cypress/IEP attorney general experience, it is anticipated that the AG approval process will be abbreviated. Therefore, it is likely that a transition can occur prior to the July 1, 2023 time frame, negating the need for a CHOW process first.
  - Cypress and IEP have familiarity with the forms and information required by the AG and can turn the requisite information over within 48 hours of request.
  - Cypress is recently and fully vetted by the AG with a very positive impression. It is anticipated that the AG will spend little additional time on requirements and diligence on Cypress.
  - IEP has previously completed the AG approval process for the acquisition of non-profit real estate.
- As a “backup”, plan Cypress can file a CHOW application now, with certain information to be provided later. By pre-emptively filing the CHOW, approval is possible on or around July 1, 2023 mitigating an otherwise lengthy waiting period.
- Both IEP and Cypress have empirical history of recent CHOW approvals by the state, with both parties held in high regard by the State of California. To date, all CHOW applications by Cypress and IEP have been approved, with many as recent as 2019-2022.

# CHOW Approvals Experience

## Cypress Recent CHOW Approvals:

# Cypress Operating Vision

## **Long Term Vision: Sacramento Expertise**

We are a Sacramento based company with strong relationships with talent in the area, the local licensing office and community hospitals. Our vision is to utilize these relationships to provide the best quality outcomes to the residents of the Sacramento area for the next 20+ years.

## **Local & Regional Relationships**

Cypress Healthcare is viewed in the highest regard by our local and regional healthcare providers. Each of our six facilities is a partner of choice for their local hospitals. These hospitals include: Kaiser Roseville, Sutter Roseville, Mercy Folsom, Mercy San Juan, Mercy General, Sutter General, Kaiser Morse Ave, Kaiser South Sacramento, Methodist and UC Davis Medical Center. Additionally, we pilot many programs with our partner hospitals before they introduce them to all of their partners and have partnered with them on special skilled nursing programs/partnerships. We have great relationships with insurance groups and our facilities are contracted with every major HMO insurance (Kaiser, Anthem Blue Cross, Imperial, United Healthcare, etc.).

## **Services and Programs**

Our buildings specialize in but are not limited to: admission and treatment of patients with extensive wounds, admission and treatment of patients with active COVID-19, behavioral management, and rehab care. Based on our deep relationships in the market, assessment in real time will define the optimal program provisions at the facilities. Being 100% committed to the Sacramento region is a major strength for understanding and meeting the health care program needs in the region

# Access to Capital – IEP CORP

## Well Capitalized Platform with Substantial Liquidity & Available Credit Vehicles

- Corporate and Private Liquidity of \$25MM
- Access to Credit Lines of \$10MM
- Estimated Portfolio “Equity” of over \$250MM
- Deep Experience in Financing of “turnaround” facilities by relationship lenders
  - Capital Funding, White Oak HCP, Congressional Bank, Bank of Oklahoma, Signature Bank, etc
  - Approximately \$400MM in financing for primarily non-performing properties
  - Approximately \$215MM of “bridge” financing has been/or is approved for refinancing with long term FHA debt
  - Only 6 Facilities remain in “bridge” status and are near stabilized levels that would merit FHA refinancing
  - Remaining assets are financed with long term “local” bank loans
  - White Oak Health Care Partners (<https://whiteoaksf.com/industry-expertise/healthcare/>) interested in providing financing at 75-80% of cost/value
- Will seek bridge financing which is not required for closing. IEP will close all cash if necessary.

# Access to Capital – Cypress Healthcare Group, LLC

## **Low Leverage, Highly Liquid & Strong Cash Flow Positive Enterprise**

- Net Collectible Global Accounts Receivable of approximately \$20.2MM
- Total Current Liabilities of \$8MM
- Roughly \$800K in Pre-Paid Expenses
- \$0 in outside financing, UCC liens, and credit lines
- Anticipated \$10MM in ERC Tax Credits in the next 6 months – all related income taxes have been prepaid
- \$36MM in Retained Earnings since Founding (2019)
- Tracking \$12MM in Annual Net Income for 2022

# Due Diligence

## **Internal Conducted Diligence:**

- Financials
- Census
- Vendor & Managed Care Contracts
- Staffing Levels & Patterns
- Employee CBA
- Wages & Benefits
- Insurance Loss Runs
- Surveys and Compliance
- Existing & Threatened Litigation
- Unit Mix/Floor Plans
- Deferred Maintenance
- OSHPD /HCAI Exposure
- CARES Act Exposure
- QAF Balances

## **3<sup>rd</sup> Party Engineering:**

- Property Condition Reports
- Environmental Reports
- Seismic Reports
- Asbestos/Radon
- Zoning Report
- Land Survey

## **Legal Counsel**

- Title Review
- Searches/Liens

**Proposed time frame of 45 days to complete due diligence  
3<sup>rd</sup> Party Engineering Reports to require site visits**

# Valuation

Below is a representation of per bed sale prices for relevant transactions:

- Distressed/Value Add facilities
- Facilities Primarily in Sacramento and Surrounding Regions
- Since 2019

Facility Name	City	Year of Sale	Price	Beds	Price/bed	Note
City Creek Post Acute	Sacramento	2019	\$14,086,000	171	\$82,374	(1)
Riverpointe Post Acute	Sacramento	2019	\$10,640,000	112	\$95,000	(2)
Casa Coloma Health Care Center	Rancho Cordova	2022	\$13,000,000	138	\$94,203	(3)
Capital Transitional Care	Sacramento	2022	\$13,250,000	121	\$109,504	(4)
Gramercy Court	Sacramento	2016	\$15,935,000	185	\$86,135	(5)
Norwood Pines Alzheimers Center	Sacramento	2022	\$16,750,000	161	\$104,037	(6)
St. Jude Care Center	Manteca	2021	\$7,700,000	99	\$77,778	(7)
Los Banos Nursing And Rehabilitation Center	Los Banos	2021	\$4,500,000	59	\$76,271	(8)

## Note

- (1) Includes 72 units of AL. Roughly break-even at transition
- (2) Approximately Break Even at Closing
- (3) Averaging \$313K NOI per month over the last 4 months
- (4) Includes 24 bed subacute unit. Break-even Performance at transition
- (5) Includes 65 units of AL. 1980's Construction, spacious campus with desirable unit mix. Break-even at transition
- (6) \$500K in annual NOI at transition
- (7) Cost of Operations and Real Estate Option Strike Price. At transition, facility was losing approximately \$1MM per year
- (8) Losses of approximately \$500K per year

## Conclusion:

A range of \$75K per bed to \$109K per bed exists, depending on facility attributes and the level of distress. Based on the in-place losses, lower occupancy, and degree of “turnaround” at these facilities, offset by positives associated with the urban Sacramento location, favorable unit mix/layout, and volume of beds a per bed price of \$80,000 per bed was offered. This is supported by the recent pricing attributes outlined above.

**SECTION 999.5(d)(11)(E)**

**12) Initial letter of intent from IEP dated December 14, 2022.**

December 14, 2022

Dan Revie  
Zeigler – Managing Director

Via Email

**Re: Eskaton Portfolio - California**

Dear Mr. Revie

International Equity Partners, Inc (“IEP or “Buyer”) is pleased to submit the following non-binding letter of interest (“LOI”) for the acquisition of the skilled nursing facilities identified on Exhibit A (“the Facilities”, and each a Facility), from your client, Eskaton Properties (“Seller”).

Buyer, and or it’s designee(s) will acquire the real estate fee simple interests, furniture, fixtures, and equipment (“Real Property”) associated with the Facilities. Buyer’s assignees (“New Operators”) will acquire mutually agreed upon assets of the business operations (“Business Assets”) underlying the Facilities including the orderly transfer of the Business Assets pursuant to the Transaction Documents (defined below). Collectively, the acquisition of the Real Property and Business Assets of the Leased Facilities and Owned Facilities compose the “Transaction” herein contemplated in this LOI.

Except for the aforesaid binding provisions, neither party shall be bound until they have executed definitive agreements for the acquisition of the Real Property and the Business Assets of the Facilities, which definitive agreements shall be comprised of an Asset Purchase Agreement, an interim Management and Operations Transfer Agreement (“MOTA”), and such other ancillary agreements typically entered into in connection with the sale and transfer of skilled nursing facilities and their operations in the State of California (collectively, the “Transaction Documents”).

**Buyer Background:**

**International Equity Partners (“IEP”)**, a Los Angeles based private investment company, was founded in 2005 by Abe Bak and Michael Gastwirth. Since its founding, IEP has emerged as one of the largest owners and operators of long-term care facilities in California, operating and controlling a portfolio of approximately 100 health care facilities comprised of over 9,000 licensed beds. Together with its partners and affiliates, IEP’s holdings include in in excess of \$800 Million in assets primarily comprised of health care facilities and other commercial real estate.

Together Abe and Michael oversee all aspects of the investment cycle, ensuring a smooth process with certainty of execution. IEP is unique in its ability to do large scale transactions without outside investors or other existential control factors, allowing Abe and Michael to fluidly make key decisions. This structure has allowed IEP to have an adaptive flexibility in every transaction (an attribute non-existent with REITS and most syndicated buyer vehicles). Over the past several years, IEP has successfully worked through numerous challenges encompassing issues such as heavy losses, challenging licensure situations, confidentiality/discretion sensitivities, non-profit restrictions, collective bargaining/union issues, debt constraints, sellers unfamiliar with the process of transitioning nursing homes (and the accompanying licenses/provider agreements), tax deferred exchanges, and various other arising concerns. Most recently, IEP acquired 10 distressed health care facilities in California from a multigenerational family ownership group. Despite sharp operating losses, infighting between the different family stakeholders, and rising interest rates, IEP navigated the \$90MM transaction towards a successful closing that satisfied the disparate needs of all relevant stakeholders.

In particular IEP has successfully acquired skilled nursing facilities with non-profit status that required Attorney General Approval. In the recent past, IEP acquired Apple Valley Christian Care Center, a 99-bed nonprofit skilled nursing facility.

### **Operator Background:**

**Cypress Healthcare Group** is a skilled nursing facility management company that was formed in 2019. The three owners, Matt Jackson, Robert Jackson and Jack Sanofsky have a combined twenty-five plus years of experience operating skilled nursing facilities in the Sacramento, California region. Cypress currently owns the operations of six skilled nursing facilities in the Sacramento market, with 3 additional facilities in the area transitioning on February 1, 2023. Cypress's goal is to continue to grow within the Sacramento region; this is a function of its deep understanding of the local market dynamics, and the breadth of the local resources it brings to bear to drive both financial and clinical excellence.

All of Cypress ownership reside in in the Sacramento area and are actively involved in all day-to-day operating functions. In addition, Cypress is supported by a Sacramento based support services team comprised of a CFO, Director of Operations, two clinical nurse consultants and a Director of Accounts Receivable among others. With this team in place, Cypress is able to support the regional portfolio and ensure quality outcomes. All the Cypress facilities are within a 30-mile range of one another, facilitating a reinforced support system that shares resources, including staff, supplies and ideas that allow for sustained growth.

Cypress is intimately involved with the AG process for acquiring non-profit facilities; the 3 skilled nursing facilities transitioning on February 1, 2023, are non-profit facilities that are towards the end of the AG process; the precedence involved in this approval process heavily translates towards the anticipated process with the Eskaton Facilities. As a result, Cypress is uniquely positioned to navigate the forthcoming AG process with realistic expectations underpinned by highly relevant experience.

**Purchase Price:** \$31,680,000, paid in cash at closing, net of Earnest Money and mutually agreed upon assumed liabilities.

Buyer is pricing the Facilities based on market "per-bed" valuations that juxtaposes stabilized values against in-place operating fundamentals. An estimated band of \$70K – 100K per bed for "value add" opportunities in the Sacramento is appropriate depending on the magnitude of current distress. With regards to the Facilities, substantial operating losses exceeding \$10MM, together with 60% portfolio occupancy factor into the \$80K per bed proposed Price.

**Earnest Money:** Buyer's Earnest Money will be deposited as follows:

- a. Buyer shall Deposit \$500,000 ("Initial Deposit") to Escrow within five (5) business days of full execution of this LOI. The Initial Deposit shall be refundable through the end of the Due Diligence Period.
- b. Upon the expiration of the Due Diligence Period, and in conjunction with Buyer's express written intention to proceed, Buyer shall deposit an additional \$1,000,000 ("Additional Deposit") to Escrow, which, together with the Initial Deposit shall thereafter be non-refundable unless the transaction fails to close through Seller's default or of a failure of a condition to closing for the benefit of Buyer and New Operator. The Initial Deposit and Additional Deposit shall serve as Liquidated Damages should Buyer fail to close through no failure of Seller.
- c. At Closing, The Earnest Money will be net against the Purchase Price

**Funding Source:** Buyer, together with its principals and partners will fund the Transaction through cash on hand as well as private credit vehicles. Buyer will seek to obtain mortgage financing from its preferred lending relationship; however, Closing is not contingent on financing.

**Due Diligence**

**Requests:** Attached in Schedule 1

**Due Diligence Period:** Buyer will have forty-five (45) days from the full execution of the Purchase Documents to waive its Due Diligence Period (“Due Diligence Period”). Seller will endeavor to provide all requested diligence materials to Buyer in a reasonably timely manner.

**Closing:** The later to occur of:

- a) The first day of the month following the period that is thirty (30) days after the expiration of the Due Diligence Period, or;
- b) The first day of the month following receipt of all requisite approvals and closing conditions outlined in the Transaction Documents, including but not limited to Attorney General approval.

**Other Closing**

**Conditions:** The below include but are not exhaustive Closing Conditions that are to be included in the Purchase Documents:

- No open survey tags higher than “G” nor any ongoing admissions ban.
- No Facility is included on the Special Focus Facility list.
- Satisfactory AG approval

**Operations Transfer:** Buyer and Seller shall cooperate to facilitate any and all necessary regulatory approvals to transition control of the Facilities and existing Medicare and Medicaid Provider Agreements in conjunction with the closing, including the full execution of a Management and Operations Transfer Agreement (“MOTA”). The MOTA shall provide that Seller shall allow Buyer and/or its designees to operate the Facilities using its licenses and Medicare and Medicaid Provider Agreements, and Seller shall also assign its Medicare and Medicaid Provider Agreements to New Operators. The MOTA shall continue in effect until such time as the Facilities receive new licenses due to an approved Change of Ownership application and are assigned their own Medicare and Medicaid Provider Agreement numbers which are “tied into” the new licenses. Buyer and/or its designees shall bear all expenses of operation during the term of the MOTAs and retain any and all revenue accruing during this period.

**Contracts** Within 7 business days from the execution of this LOI, Buyer shall cause its counsel to prepare Transaction Documents incorporating the terms contained in this LOI and forward the same to Seller. The parties agree to negotiate in good faith to finalize the Transaction Documents described herein on terms and conditions mutually acceptable within 30 days of the first drafts.

**Confidentiality:** Buyer and Seller shall not disclose any of the terms or conditions of this LOI to any other person without the express written consent of the other party, except that Buyer and Seller may disclose such information to their principles, counsel, accountants and potential financial sources (“Confidential Third Parties”) in connection with evaluating the potential acquisitions of the Facilities by Buyer, provided all such Confidential Third Parties are first advised of the confidential nature of this LOI and agree to maintain the confidentiality hereof.

**Exclusivity:** Seller shall not enter into negotiations regarding the Facilities or a Potential Transaction with any third parties for a period commencing upon the execution of this Indication of Interest and terminating upon the expiration of the Due Diligence Period.

**Buyer Contact Information:**

EAGLE ARC

PARTNERS

January 30, 2023

Attention: Dan Revie  
Managing Director  
Drevie@ziegler.com

Dear Dan:

Eagle Arc Partners, LLC ("**Eagle Arc**") and its operating partner Links Healthcare Group ("**Links**" and together with Eagle Arc, "**Buyer**") are pleased to submit the following non-binding letter of intent (this "**LOI**") to outline the terms upon which Buyer would be willing to acquire the operations and associated real property (the "**Assets**") from Eskaton Properties, Inc. and its affiliates ("**Seller**"), as identified on Schedule I attached to this LOI. Buyer's recent transaction experience demonstrates our comfort with the marketplace and our ability to close on a transaction of this nature.

The major terms and conditions include the following:

1. **Assets:** Three (3) skilled nursing facilities (the "**Acquired Facilities**") and the associated interest in real property of such Acquired Facilities (collectively, the "**Real Property**") along with all buildings and other improvements, licenses, permits, personal property, equipment, inventory and other assets that are owned by Seller and used in the operations of the Acquired Facilities (the "**Transaction**"). On the date of the Closing, the Assets will be sold to Buyer free and clear of any and all liens, claims, security interests and other encumbrances of any kind.

2. **Purchase Price:** [REDACTED]

3. **Transaction Funding:** [REDACTED]

If necessary, Eagle Arc has the ability to close in cash and obtain bank financing after the closing is complete.

4. **Due Diligence:** Upon the execution of this LOI, the parties will commence negotiations of the Asset Purchase Agreement (the "**Purchase Agreement**") and other such agreements as are necessary to evidence the Transaction (collectively, "**Definitive Agreements**"). The Definitive Agreements will be in forms mutually agreeable to the parties in their sole discretion and include, without limitation, such representations, warranties, covenants, indemnification obligations and other terms and conditions customary in transactions similar to the Transaction. Seller will deliver the draft Purchase Agreement.

Buyer's diligence work streams may include: legal, insurance, regulatory and clinical diligence and appraisals, Phase I's, and property condition reports. Buyer may perform site visits and Seller will provide reasonable access to the Acquired Facilities upon reasonable prior notice and approval by Seller, and subject to all COVID-19 related regulations and protocols.

5. **Timeline and Closings:** Subject to other terms included in the Purchase Agreement, the parties will close at the end of the month immediately following the receipt of all necessary regulatory (including attorney general) approvals. The expected transaction timeline is as follows:

Target Transaction Timeline		
Stage	Days to Complete	Date
Execute LOI		1/31/2023
Seller Delivers Contract	7	2/7/2023
Execute Contract	21	2/28/2023
Initial Deposit Goes Nonrefundable	0	2/28/2023
File AG and CHOW documents	0	2/28/2023
Receive AG Approval, Additional Deposit Posted	120	6/28/2023
Closing	2	6/30/2023

6. 

7. 

8. **Required Approvals:** Buyer's investment committees have reviewed and approved this proposal. Closing of the Transaction will be subject to:

- Completion of Due Diligence to Buyer's satisfaction prior to completion of the Due Diligence Period;

- Execution and delivery of the Definitive Agreements.

## 9. **Buyer Background:**

Please see the attached deck that shows relevant information about Links.

Eagle Arc is an investment firm that is focused on acquiring and executing value add strategies across skilled nursing and seniors housing facilities. Funds and affiliates managed by Eagle Arc have acquired over \$1.5bn of senior living assets over the past several years.

Relevant transaction experience below:

**San Diego Facility** - In December 2022 Eagle Arc and Links closed on a 300+ bed facility in San Diego, CA. Links took over operations of the facility from an underperforming operator and will execute a turnaround plan to stabilize the facility.

**Anaheim Facility** – In September 2022 Eagle Arc and Links closed on a facility in Anaheim, CA that was formerly owned by an owner/operator. The facility has a unique contract with the local county government, and Links was able to swiftly navigate the county's new operator approval process in order for the transaction to close in a timely manner.

**Boston Facility** - In September 2022 Eagle Arc closed on a 130+ bed facility in Boston, MA that was previously owned and operated by a Catholic charity organization. Eagle Arc installed one of its local operating affiliates to manage the facility on its behalf.

**Boston Portfolio** - In December 2021 Eagle Arc closed on a \$42M portfolio of three skilled nursing facilities in Massachusetts that were formerly owned by an owner/operator. Eagle Arc was able to close the transaction less than four months after LOI signing in order to meet the seller's goal of closing before the yearend.

**Southeast Portfolio** – In November 2020 Eagle Arc closed on a \$325M portfolio of 21 skilled nursing facilities in Florida, Mississippi, and Georgia that were formerly owned by an owner/operator. Eagle Arc was able to close the transaction despite numerous operational and financial challenges related to the ongoing COVID-19 pandemic.

**Sabra / Senior Care Centers Portfolio** – In March 2019 Eagle Arc closed on a \$283M portfolio of 28 skilled nursing and assisted living facilities in Texas and Louisiana that were owned by Sabra Health Care REIT and operated by Senior Care Centers. Eagle Arc had to navigate Senior Care Center's bankruptcy process in order to gain control of the assets.

**Kindred Portfolio** – In August 2017, Eagle Arc acquired 96 skilled nursing and assisted living assets (approximately 11,600 beds) from publicly traded Kindred Healthcare Inc. in a \$786M transaction. **Included In this transaction were 13 skilled nursing facilities located in the state of California, two of which are owned by Eagle Arc and operated by Links.**

**Regency Integrated Health Services** - The acquisition of Regency Integrated Health Services ("**Regency**"), a post-acute and long-term care healthcare provider platform based in Texas. The

acquisition, which closed in 2016 for total consideration of \$510M, included the real estate, operations, management and ancillary businesses. At closing, a new senior leadership team was brought in but the remaining infrastructure and regional was left intact. The platform continues to grow through acquisitions of home health, hospice and facilities-based services, including notable carve-out transactions from Genesis and Senior Care Centers. Regency now operates almost 7,000 beds in Texas.

Golden Living - December 2016 acquisition of the leasehold interests in 21 skilled nursing facilities in California.

10. Advisors: Buyer will engage Sternshein Legal Group for legal counsel in the transaction. We will engage Hooper, Lundy, and Bookman to assist in the legal process with the Attorney General's office. Links and Eagle Arc have successfully gone through three transactions converting not-for-profits SNFs/Hospitals to for-profit entities.

11. [REDACTED]

12. Confidentiality: This LOI is being submitted on a confidential basis.

13. [REDACTED]

14. Governing Law. This LOI is governed by the laws of the State of Delaware.

15. Non-Binding Proposal: It is understood that this non-binding proposal does not contain all matters upon which agreement must be reached in order for any transaction to be consummated and, therefore, does not constitute an offer to purchase or create any binding commitment with respect to any transaction. A binding commitment with respect to a transaction will result only from execution of the Definitive Agreements. Buyer retains the right to terminate its interest as expressed in this LOI at any time. Notwithstanding anything contained in this LOI to the contrary, the terms and provisions contained in this paragraph and the paragraphs entitled "Deposit," "Exclusivity," "Expenses," "Confidentiality," and "Governing Law" shall be binding on and enforceable against the parties.

Please indicate acceptance of the above by countersigning a copy of this letter and returning it to us within five (5) business days. Failure to execute and return the document within this period will render this LOI null and void.

We are excited about the prospect of completing the Transaction and look forward to working with you to expeditiously structure and finalize the Definitive Agreements. If you have any questions regarding our interest, please do not hesitate to call [REDACTED]. Upon signing of this LOI, additional contact information for financial advisors, diligence providers, legal counsel, and third party financing sources will be provided.

# Links Healthcare Group

Eskaton SNF portfolio  
Initial proposal

## Links Healthcare Group Overview

*Links achieves the high quality SNF results through an innovative approach to leadership and proven clinical capabilities*

### Links Healthcare Group Overview

- Founded in February 2017, Links Healthcare Group (“Links”) is a privately held company based in San Diego, California. Links provides healthcare and rehabilitation services to long-term residents and short-term high-acuity patients in its skilled nursing facilities (“SNFs”).
- Links focuses on acquiring skilled nursing facilities, and improving performance through the implementation of leadership principles, implementing proprietary clinical policies and procedures to improve quality of care, and capital investment to enhance the physical plant of the facilities.
- Links currently manages thirteen skilled nursing facilities and three-assisted living facility representing 1,767 licensed beds. Links leases the operations for twelve of the facilities from third party landlords, and owns four of its facilities.

### Focus Geography

Links States

*Strategy: Links Healthcare Group acquires and turns around SNFs with a focus on leadership development and clinical excellence.*

### Experience & Education

#### Experience

# Links Healthcare Group Experience Highlights

*Links Healthcare Group is well-positioned to acquire skilled nursing facilities, helping them improve performance and become community leaders in post-acute care.*

## Deep Experience in Turning Underperforming SNF Acquisitions

Links Healthcare Group was founded in 2017 and in 6 years has successfully acquired and turned 13 skilled nursing facilities and 3 assisted living facilities.  
Links leadership had successfully integrated and turned a 27 multi-state facility chain in 2011 for Plum Healthcare Group.  
Links leadership had also acquired and successfully turned an additional 20 skilled nursing facilities from 2011 to 2017 for Plum Healthcare Group.

## Extensive Reputation for Strong Clinical Systems

Significantly improved enterprise 5 star rating and re-hospitalization results.  
Successfully developed preferred partnerships with major health systems such as Kaiser through outcome-based results.  
Link's implements proven clinical systems to turnaround facility clinical outcomes and achieve industry leading results.

## Excellent Multi-State Health System Relationships

Have developed and maintain a preferred partner relationship with Kaiser across portfolio.  
Lead initiatives to achieve multiple partnership status across multiple health systems.  
Maintain deep relationships with major health systems executives within the Western US.

## Attracted Top Industry Talent

Developed deep experience in selection and retention of tier-1 talent.  
Links has a proprietary operational and leadership curriculum to help grow and develop facility leadership.

## Links Acquisition Pipeline

*Links Healthcare has developed a strong portfolio of community leading post-acute facilities across California with most being in the NorCal region.*

CASCADELLC.COM

Established in January 2016, Cascade Capital Group is an independent, privately-held healthcare real estate investment & management company focused on acquiring skilled nursing, rehabilitation, post-acute, and transitional care facilities. Cascade seeks to lease our facilities to high quality, regionally focused third-party operators nationwide. We work with groups who demonstrate an identifiable commitment to outstanding care, technological advancement, and personal service. Cascade was founded by the principals who built Legacy Healthcare, one of the largest premier SNF operators in the Chicagoland area, South Dakota, and Montana with roughly 8,490 skilled-nursing beds operated. Cascade is headquartered in Skokie, Illinois.

Cascade offers an unmatched asset management & consulting platform for our operators (tenants) catered specifically to helping ensure their success in each respective region & market. Unlike other healthcare real estate investment groups, we leverage decades of combined operating experience into a comprehensive and detailed process for identifying, analyzing, transacting, leasing, and managing investments which has yielded successful outcomes for sellers along with sustainable returns for our principals and investors. We breathe new life and value into healthcare assets ripe for strategic intervention.

As of August 2022, Cascade has transacted on over 264 facilities comprised of approximately 26,386 beds with revenues of \$2.0 billion. These assets are spread over 24 states under 31 regional operators. Today, Cascade Capital is among the most active independent skilled nursing facility investors with a track record of effective-executions of complex multi-state transactions.

## TRANSACTION HIGHLIGHTS

- *Cascade has transacted on over 264 facilities*
- *31 Independent operators*
- *Approximately 26,386 licensed beds*
- *Transacted on over \$2.0B in annual revenue*
- *Cascade has a pipeline in Q3/Q4 2022 of more than 20+ facilities in various states.*

## Chaim Rajchenbach

*Co-Founder / Managing Director*

With an eye for opportunity, Chaim is focused on Cascade Capital's growth – through acquisition, financial performance, and leadership development. Over the course of his career, Chaim has led several complex acquisitions and launched multiple successful healthcare companies, including Legacy Healthcare, of which he was an integral piece of its transformation into a premier SNF brand. Now, as Managing Director of Cascade Capital, his priorities and passion are focused on deal sourcing, business development, and creating a high-performing, agile executive team capable of exceeding expectations in a fast-paced, dynamic market.

## Menachem "Nachy" Shabat

*Co-Founder / Managing Director*

Nachy has been an integral piece in the formation of several successful healthcare companies, including Legacy Healthcare. He is an accomplished operations leader and has honed his management skills on the frontlines of facility administration at Legacy Healthcare. His expertise in operations, quality initiatives, regulatory requirements and patient satisfaction, provides the vision and leadership necessary to recruit, evaluate and engage high-performing operators. As Managing Director, Nachy plays a key role in Cascade Capital's strategic planning, and in nurturing operator/lessee relationships.

## Ben Shibe

*EVP / Chief Investment Officer*

Ben has been with Cascade since its launch in 2016. He is involved in all aspects of deal negotiations and has also helped build the company's financial and asset management systems. Prior to joining Cascade, he worked for a single-family office and hedge fund where he served as the Director of Analysis and led the group's real estate operations. Ben is a CFA® charter-holder and holds degrees in Computer Science and Philosophy from the University of Wisconsin, Madison. In addition to his role with Cascade, Ben also serves as Chief Investment Officer for Cascade's Family Office and its private equity affiliate, Cane Investment Partners.

## Mordy Kaplan

*EVP / General Counsel*

As Cascade General Counsel, Mordy's primary focus is on the negotiation, structuring and documentation of acquisitions. Prior to joining Cascade, Mordy worked for Gutnicki LLP, a boutique Chicago-based healthcare transactional firm. Mordy has vast experience in all aspects and types of healthcare transactions including mergers and acquisitions, general corporate law, and health care licensure. He earned his J.D., from the Chicago-Kent College of Law, where he received a Certificate in Business Law and was an Executive Editor of the Chicago-Kent Law Review.

## Moti Ninio

*EVP of Financial Operations & Acquisitions*

Prior to assuming his duties as Chief Financial Officer for Legacy Healthcare and the Director of Financial Operations and Acquisitions for Cascade Capital Group, Moti was the Controller at Legacy Healthcare, LLC. In this role, he developed extensive relationships with both lenders and healthcare operators and closed over \$1 billion in financing for assets in various states. He has a thorough knowledge of underwriting and an innate understanding of the numerous regulatory, financial and clinical aspects of managing healthcare operations. Moti received his Masters in Accounting from Northeastern Illinois University.

## Daniel Garden

*EVP / General Counsel*

As Cascade General Counsel, Daniel oversees the company's legal work including financial transactions and general corporate matters. He brings with him a proven capacity to handle all the nuances of real estate, corporate and contract law, including health care licensure and compliance, while still maintaining a focus on the company's overall business objectives. Daniel received his B.A., cum laude, from Loyola University Chicago, and a J.D. from Chicago-Kent College of Law.

## Yitzy Rosenblum

*EVP of Acquisitions*

Yitzy has been with Cascade since its launch in 2016. Skilled at building and nurturing business relationships, Yitzy oversees Cascade acquisitions, leasing and divestiture activity. Prior to joining in January of 2016, Yitzy developed an extensive background in healthcare marketing, admissions, and business development and later pivoted into the area of mergers and acquisitions in 2014. Yitzy began his career at a well-known post-acute care provider in New York as Director of Marketing and Business Development, where he earned a reputation for transforming the census and financial performance at troubled facilities.

## Eli Davis

*EVP of Special Projects*

Eli's diverse background in banking, tax liens, healthcare investments and SNFs provide a unique perspective to Cascade's investment process. In addition to his role at Cascade, Eli is the Managing Partner of Cane Investment Partners which invests in the healthcare industry and alternative investments.

**16) Letter of Intent from Bespoke Healthcare Management  
dated December 21, 2022.**

December 21, 2022,

*TRANSMITTED VIA EMAIL TO  
DRevie@ziegler.com*

Dan Revie  
Managing Director  
Ziegler Investment Banking  
790 N. Water Street  
Suite 2275  
Milwaukee, WI 53202

**RE: Letter of Intent for Acquisition of skilled nursing facilities, as further described on Exhibit A attached hereto and by this reference made a part hereof (collectively, the “Facilities”):**

To Whom It May Concern:

This letter of intent (this “LOI”) will confirm the intention of one or more affiliates of Bespoke Healthcare Management (collectively, “Buyers”) to purchase the Facilities (including real estate, improvements, personal property and other assets) from the owners of the Facilities (collectively, “Sellers”), and one or more entities affiliated with Buyers (collectively, “New Operators”) to assume the operation of the Facilities from the operators of the Facilities (collectively, “Current Operators”). The principal terms of the sale shall be as follows:

Purchase Price:

[REDACTED]

Background:

Buyers will enter into a definitive mutually agreeable asset purchase agreement with Sellers (the “APA”) and take title to the real estate, improvements, and certain other assets, and New Operators will enter into a definitive mutually agreeable operations transfer agreement with Current Operators (the “OTA”, and, collectively, with the APA, the “Transaction Documents”), and act as the operators and lessees of the Facilities.

Earnest Money:

[REDACTED]

[REDACTED]

Due Diligence Period:

[REDACTED]

[REDACTED] to complete its due diligence, including but not limited to regulatory, environmental, engineering, and title review and any other due diligence Buyers deem necessary. If Buyers are not satisfied with the results of its investigations during the Due Diligence Period, for any reason or no reason, Buyers shall have the right to terminate this LOI and the Transaction Documents in their sole and absolute discretion, the Earnest Money shall be returned to Buyers and each party shall be relieved of their obligations under the Transaction Documents. [REDACTED]

[REDACTED]

[REDACTED] This LOI is conditioned upon Buyers receiving from Sellers Medicaid rate letters that are satisfactory to Buyers as well as evidence that the rates reflected thereon are or are not locked.

Funding:

[REDACTED]

Closing:

“Closing” shall take place at such time that Attorney General of the state of California has approved the transition from not-for-profit to for profit status for all skilled nursing facilities listed in Exhibit A and contingent upon the satisfaction of the contingencies set forth in the Transaction Documents. At Closing ownership of the facilities shall transfer to Buyers, which will be closed in escrow at the Closing, which escrow shall be released upon approval of the TPA.

Title Company:                    TBA (the “Title Company”), will be the title company and escrow agent for this transaction.

Closing Costs:                    Closing costs shall be paid in accordance with local custom in the jurisdiction in which the Facilities are located.

Transaction Documents: [REDACTED]

Confidential:                    To the extent permitted by law, the parties will keep the terms and conditions of this letter of intent, the facts of its existence and all transactions contemplated hereby in confidence. Nothing set forth herein shall prevent either party from disclosing information to its professional advisors, financing sources, and partners, provided they agree to be bound by the confidentiality set forth herein.

Exclusivity:                    In consideration of the substantial expenditure of time, effort and expense to be undertaken by Buyers and New Operators following the execution and delivery of this letter of intent, Sellers shall not offer the Facilities (or any part thereof) for sale or lease to or solicit or accept any offers from or negotiate with any person other than Buyers, New Operators, or any other entities affiliated with Buyers during the period commencing on the date hereof and continuing [REDACTED]

Expiration of Offer:                    This offer shall expire on January 21, 2023, at 5:00 p.m. EST if not otherwise countersigned by Sellers.

This is a letter of intent only, and is not intended to, nor does it, create any legal commitments binding upon any party with respect to the purchase, sale or lease of the Facilities other than with respect to the sections titled “Due Diligence Period,” “Confidential” and “Exclusivity” above. If this letter of intent is acceptable to Sellers, the parties shall proceed toward negotiation of the Transaction Documents. Except as

otherwise set forth herein, only such Transaction Documents shall legally bind the parties hereto in connection with the transaction contemplated herein.

Please communicate your acceptance of this letter of intent by signing below and returning one (1) copy to the undersigned. This letter of intent may be executed by facsimile or .pdf.

Sincerely,

\_\_\_\_\_  
Michael Torgan, COO

- Overall services provided from 10 Healthcare locations

# Bespoke Healthcare Management Ecosystem

# Glenn Marshak, MD

## CEO

Dr. Glenn Marshak is CEO, founder and owner of Bespoke Healthcare Management and has served as the President, Hospital Operations and Medical Affairs, at Mission Community Hospital since 2010. His healthcare management company provides integrated management services, operations management, and leadership for multiple healthcare entities. Dr. Marshak has significant experience turning around distressed healthcare assets. He currently services as an advisory to Blackrock's healthcare division.

In his previous role as the CMO of Verity Health System, he was part of the senior management team that was selected as the winning bidder by the Daughters of Charity Health System in July 2015, in affiliation with Blue Mountain Capital Management. This was the largest non-profit healthcare transaction in California's history. After assuming control of Verity, Dr. Marshak was instrumental in implementing over \$100 million of turnaround initiatives and realizing \$40 million in annualized margin improvements.

Dr. Marshak is a Diplomat of the American Board of Internal Medicine and the American Academy of Pain Management. Dr. Marshak obtained his M.D. from University Health Sciences/Chicago Medical School. He completed his residency in Internal Medicine at UCLA/Wadsworth VA Medical Center. Dr. Marshak has been in private practice for more than 25 years and maintains medical staff privileges at Cedars-Sinai Medical Center. He is involved in the education of the next generation of healthcare professionals and serves as adjunct faculty at Keck USC Medical School.

# Michael Torgan, MBA, NHA COO

Michael Torgan is currently co-founder and Chief Operating Officer of Bespoke Healthcare Management, overseeing operations across multiple healthcare entities, encompasses an integrated healthcare delivery model. Mr. Torgan brings over 30 years of executive management expertise in post-acute (skilled nursing and sub-acute) and healthcare space spanning operational, strategic, turnaround, administrative, regulatory, M&A and managed care. As a leader in the industry, he brings a diverse background involving sub-acute care, skilled nursing, behavioral healthcare, value-based purchasing models of care, population health, ancillary services, healthcare supply chain management, distressed asset management and senior housing.

As the President of one of the largest skilled nursing companies in the US, he successfully guided the organization's growth from \$180 million to approximately \$500 million in revenue over an eight-year period, while successfully achieving and maintaining a best-in-class care delivery model. In addition, during his career, Mr. Torgan was brought in and successfully led the transition of a \$750 million revenue post-acute healthcare company with 78 facilities across six states in the US to six new operator organizations and help bring the company out of receivership.

Mr. Torgan holds a Bachelor of Arts degree from University of California at Santa Cruz in molecular biology and a Master of Business Administration with certificate in Healthcare Administration from Boston University. Mr. Torgan has served on numerous committees for CAHF and AHCA during his career. He currently serves on a number of boards, as a board member or advisory capacity. He is a recipient of the AHCA/NCAL, Joe Warner Patient Advocacy National Award and has served as an advisory to the USC School of Gerontology.

# Mariette Aroutiounian

Vice President of Clinic and Medical Group Operations

Mariette Aroutiounian currently the Vice President of Clinic and Medical Group Operations for Bespoke Healthcare Management. As a seasoned healthcare professional, she brings more than 20 years of proven success in both the private medical and acute healthcare sectors. She brings deep experience in operations, service line management, credentialing, network and business development and payor relations.

Ms. Aroutiounian has a proven track record for leading the organizational growth and management in healthcare entities throughout Los Angeles and Ventura counties. Her previous roles included Business Development roles within Verity Health System, practice management and in key roles with AltaMed. She has a Bachelor of Science in Gerontology from the University of Southern California and is currently pursuing a master's in health administration. Outside of healthcare management, Ms. Aroutiounian has a great appreciation for the arts and most enjoys spending free time traveling with her family.

# Mike Hickey

Vice President of Strategic Operations

Mike is currently the Vice President of Strategic Operations for Bespoke Healthcare Management. He initiated his leadership experience within the world of behavioral health at Village Care in New York City. Utilizing this experience, Mr. Hickey transitioned into a leadership role at the revered San Francisco based non-profit, the Shanti Project.

Recently, Mike brought his operational leadership to a national start-up, LifeStance Health, serving as a leader in operations covering the Pacific Region that included California, Arizona and Nevada where he was responsible for the execution of expanding the services and operational footprint. Mike was also fortunate to work within leadership at the AltaMed PACE program for seniors who would otherwise qualify for skilled nursing services but allow for them to continue living independently in their homes.

**SECTION 999.5(d)(11)(E)**

**17) Letter of Intent from Aspen Skilled Healthcare, Inc. dated December 16, 2022.**

Aspen Skilled Healthcare, Inc.  
28202 Cabot Rd., Ste 412  
Laguna Niguel, CA 92677

December 16, 2022

**RE: *Partially Binding Letter of Intent of Aspen Skilled Healthcare, Inc., (the “Aspen”) to purchase from Eskaton Properties, Incorporated, and its affiliated entities (collectively, “Eskaton”) the real properties and operational assets used in connection with the operations of those certain skilled nursing facilities set forth on Schedule 1 hereto (each a “Facility” and collectively, the “Facilities”).***

Dear Gentlemen:

Except as expressly stated in paragraphs 8 through 12 below, the parties acknowledge and agree that this Letter of Intent (“LOI”) is not intended to be or to evidence any legally binding agreement or obligation on the part of either party. No further agreement will be entered into unless and until each party has reviewed, approved (in its sole discretion), and executed after review by counsel, a definitive written agreement. Neither party has any obligation to negotiate or conclude the business arrangement described in this LOI. Each party acknowledges that it will not take action or refrain from taking action in reliance on the portions of this LOI intended to be legally nonbinding, and that any such reliance would be at its own risk.

The parties agree that the provisions in paragraphs 8 through 12 below represent the parties’ legally binding agreements, enforceable in accordance with their terms. The enforceability of those provisions is not conditioned on further negotiations or the successful outcome of any further negotiations.

If the parties execute a definitive agreement, that agreement will supersede this LOI. However, failure to achieve a more complete agreement will not limit the enforceability of the provisions in this LOI specified to be binding. This LOI reflects the agreement between Aspen and Eskaton for Aspen’ purchase of the Facilities and underlying real properties from Eskaton.

1. TRANSACTION. Aspen shall purchase from Eskaton, Facilities, the underlying real properties to each Facility, the improvements, buildings, and shall also acquire the Acquired Assets (as defined in Paragraph 3 below) associated with each of the Facilities (the “Transaction”). The Transaction shall be governed by a Purchase and Sale Agreement (the “PSA”), Management and Operations Transfer Agreement (the “MOTA”), and such other documents as may be necessary to consummate the Transaction, (collectively, the “Transaction Documents”).

2. PURCHASE AND SALE.

a.

[REDACTED]

b.

[REDACTED]

3. ACQUIRED ASSETS SUBJECT TO TRANSACTION. Pursuant to the terms of the PSA to be negotiated after the parties' execution of this LOI, and in addition to Eskaton's interests with respect to the Facilities and underlying real properties, the Purchase Price includes the following assets which will be conveyed to Aspen or its subsidiary on the Closing Date for no additional consideration (collectively the "Acquired Assets"):

a. All assets used in connection with or related to the Facility, including but not limited to the real property and improvements, all personal property, all furniture, fixtures, equipment, vehicles, inventories (minimum 7 days) and supplies (minimum 7 days), used in connection with or related to the operation of the Facility.

b. All licenses, permits and approvals, and resident contracts owned or controlled by Eskaton and required to operate the Facilities, to the extent permitted by applicable laws.

c.

[REDACTED]

d. All telephone numbers, trade names, policies and procedures, service marks, trademarks, proprietary information and goodwill related to and used in connection with the Facility.

e. Aspen shall not assume any pre-Closing Date obligations or liabilities of the Eskaton and/or the Facility, including but not limited to Quality Assurance Fees.

4. EXCLUDED ASSETS. The following Eskaton assets will be excluded from this Transaction ("Excluded Assets"):

a.

[REDACTED]

[REDACTED]

c. [REDACTED]

d. [REDACTED]

e. [REDACTED]

5. CLOSING DATE. The "Closing Date" of this transaction shall mean the first day of the month after the AG Approval (as defined below) has been acquired, or such later date after the expiration of the Due Diligence Period, as may be agreed between the parties.

6. DUE DILIGENCE AND EXCLUSIVITY. [REDACTED]

[REDACTED] Aspen shall be provided access to such information concerning the Facility or Acquired Assets and access to the Facility as Aspen requires so that Aspen, in its sole discretion, may confirm the assumptions of Aspen in executing this LOI and the subsequent Transaction Documents. Eskaton agrees to comply with Aspen's reasonable requests (with at least twenty-four (24) hours' notice for Facility access) for relevant documents, information, inventories and access to the Facility, including for physical inspections and the preparation of third party reports, including but not limited to appraisals, property condition assessments, and environmental report with respect to each Facility and underlying real property. Notwithstanding the foregoing, Aspen shall not undertake any invasive testing at any of the real properties or any Facility without first obtaining Eskaton's prior written consent thereto, which written consent shall not be unreasonably denied or withheld. Aspen and Eskaton agree to use good faith efforts to negotiate the Transaction Documents during the Due Diligence Period, it being understood that time is of the essence with respect to Aspen's due diligence requests to Eskaton and with respect to the negotiation and finalization of the Transaction Documents. At the end of the Due Diligence Period, Aspen, at its sole discretion, and without penalty or may choose to terminate the LOI and/or the Transaction Documents in writing or elect to proceed with this transaction. Should Aspen elect to terminate the transactions contemplated under this LOI prior to the Due Diligence Period, the Deposit shall be released to Aspen and the parties shall have no further obligations to proceed with the transactions contemplated under this LOI. Should Aspen elect to proceed with the Transaction beyond the Due Diligence Period, the Deposit shall continue to be held in Escrow and shall only be released on the Closing Date if Closing occurs to be applied to the Purchase Price. Notwithstanding the foregoing, from and after the end of the Due Diligence Period, the Deposit shall be refundable to Aspen, only if: (x) the AG Approval is not obtained; (y) the AG Approval is obtained, however such conditions listed in the AG Approval materially increases Aspen's financial burdens with respect to the Transaction; or (z) the Eskaton breaches its obligations under the forthcoming PSA.

7. CONDITIONS PRECEDENT. The following Conditions Precedent must be satisfied or waived by Aspen, in Aspen's sole and absolute discretion, prior to the Closing Date:

- a. Aspen shall have received adequate assurances that it will be able to obtain skilled nursing facility licenses ("New Licenses") issued by the California Department of Public Health ("CDPH") permitting Aspen to operate the Facilities.

Notwithstanding the foregoing, it is understood by the parties that the New Licenses are not expected to be received by Aspen by the Closing Date, and that Aspen and Eskaton will close on the transaction pursuant to the MOTA, whereby Aspen shall manage each Facility on behalf of each existing operator, and under each of the existing skilled nursing facility licenses and each Facility's existing Medicare, Medi-Cal and other third party provider agreements, pending Aspen's change of ownership application with CDPH for the New License. [REDACTED]

- b. Eskaton and Aspen shall have executed and entered into mutually agreeable Transaction Documents.
- c. Aspen's receipt of requested Due Diligence information, including, but not limited to inventories, operational information, environmental and seismic studies, building plans and surveys in the Eskaton's possession and Aspen's subsequent satisfactory completion of Due Diligence.
- d. No material adverse change in the condition or prospects of any Facility prior to the Closing Date.
- e. Completion of environmental, structural/engineering, appraisal, title, zoning and land survey acceptable to Aspen in its sole discretion.
- f. The Acquired Assets of the Facility shall be transferred free and clear of all liens and encumbrances.
- g. Eskaton shall have applied for, and the Attorney General of California shall have issued, written approval of the sale of the Facilities from Eskaton to Aspen (the "AG Approval") and provided further that any such conditions set forth in such AG Approval does not materially increase Aspen's financial burdens with respect to the Transaction. The PSA shall expressly provide, that should the AG Approval set forth conditions that materially increase Aspen's financial burdens with respect to the Transaction, Aspen shall have the option to terminate the transaction and receive a return of its Deposit.

8. **COVENANTS.** It is understood that the Transaction Documents will contain standard and usual covenants, conditions, representations, warranties and indemnifications. Additionally, Aspen has advised Eskaton that upon consummation of the Transaction that Aspen intends to obtain accounts receivable financing for the Facilities, and the PSA shall expressly provide that Eskaton shall reasonably cooperate with Aspen in obtaining such accounts receivable financing.

9. **BROKERS** [REDACTED]

10. PUBLIC ANNOUNCEMENTS. There shall be no public announcements regarding this transaction unless otherwise required by law, until the successful closing of the transactions contemplated under the Transaction Documents.

11. NO SHOP PROVISION. Until the later of the end of the Due Diligence Period or, if the Transaction Documents are executed, then until the Closing Date, Eskaton agrees to deal exclusively with Aspen with respect to the disposition of the Facilities and will cause the officers, directors, representatives and agents of Eskaton's not to solicit interest in, encourage, supply information in connection with, negotiate or entertain, directly or indirectly, any transaction involving:

- a. the acquisition of Facilities or any of the underlying real properties; or
- b. a business combination involving the Facilities; or
- c. the sale of any significant equity interest in the Facilities; or
- d. the sale of all or a significant portion of the Facilities or Acquired Assets to anyone.

12. EXPENSES. [REDACTED]

*(signatures on following page)*

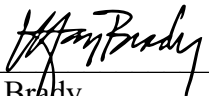

*Signature Page*  
*-Letter of Intent*

As indicated above, this LOI is intended to be a legal and partially binding agreement, enforceable in accordance with the provisions set forth in this LOI. If the above is consistent with your understanding and intent, please sign and return a copy of this LOI to me by fax, with the original to follow by overnight mail, at the above address by 5:00 p.m. Pacific Time on **December 30, 2022**. All offers and agreements under this LOI shall expire if not executed and returned by that date.

Very truly yours,

**ASPEN:**

Aspen Skilled Healthcare, Inc.  
28202 Cabot Rd., Ste 412  
Laguna Niguel, CA 92677

Transact on Structure Q&A:

- A non-binding estimate of the cash acquisition value, as well as a brief description of the transaction structure; **Outlined in the attached LOI.**
- An indication of the source(s) of financing contemplated for the potential acquisition, including the proposed debt and equity structure, the availability of the proposed capital structure, and any contingencies with respect thereto; **Aspen will use internal cash along with debt financing with either one of our banking partners (White Oak or BOK) or one of several other private sources with whom we maintain relationships.**
- A specific list of additional information required to complete the investigation of the Portfolio; **Due Diligence list attached in separate excel file.**
- A list of corporate, shareholder or regulatory approvals required to consummate the transaction (if any); none. **Aspen is a privately held company with all owners already committed to this transaction.**
- The name of outside advisors (including legal representation) you have engaged or plan to engage (if any) to assist you in evaluating and documenting this transaction; **We will engage our transaction attorneys (Sternshein Law Group) and either Hooper Lundy Bookman or Hansen Bridgett, both are firms we have worked with recently on other similar CA Attorney General approved transactions.**
- A discussion of your organization's historical operating track record in California (including a list of properties operated in the state), as well as any other state(s) you operate in; **Aspen owns and operates 31 facilities in California. We have a professional organization with decades of experience operation snfs in California. Our track record and reputation with the Department of Health and among our peers is exemplary.**
- A discussion of how your organization arrived at the suggested value of the Portfolio; **We have internal underwriting capability combined with extensive California specific acquisition experience. We are happy to have a more detailed discussion if required.**
- A preliminary timetable required to consummate the transaction. **Aspen has the ability to close this deal within 90 days but anticipate it taking 7-9 months to clear all AG requirements.**

**Re: Letter of Intent for Eskaton Portfolio**

Dear Dan:

Please accept this letter as The Ensign Group's (herein "Ensign," "we," "us" or similar verbiage) preliminary, non-binding indication of interest to acquire substantially all of the assets described further below. We are pleased to present the following basic terms for an **asset transaction**, with full terms to set be forth in formal documents (the "Purchase Agreement") once we have come finalize the basic terms after further diligence and discussion with the seller. Please note that we have **no financing contingency** in this proposal; we have cash on hand sufficient to close any proposed transaction. The basic terms we would propose are:

**Facilities:** We propose to acquire the following facilities, together with all ancillary buildings, furnishings, fixtures, equipment, vehicles, inventory, supplies, contracts, intangibles and other assets currently held or used in connection therewith (the "Facilities"), but not including accounts receivable and usually-excluded assets and liabilities, which Current Operator (as defined below) will retain:

1. **Eskaton Care Center Fair Oaks**, a skilled nursing facility with 148 skilled nursing beds located at 11300 Fair Oaks Blvd, Fair Oaks, CA 95628; and
2. **Eskaton Care Center Greenhaven**, a skilled nursing facility with 148 skilled nursing beds located at 455 Florin Rd, Sacramento, CA 95831; and
3. **Eskaton Care Center Manzanita**, a skilled nursing facility with 95 skilled nursing beds located at 5318 Manzanita Ave, Carmichael, CA 95608.

**Buyer:** Wholly-owned holding subsidiaries of The Ensign Group, Inc., to be formed (the "Buyer").

**Purchase Price:**

**Title:** Title by warranty deed free of all encumbrances except current real estate taxes & assessments prorated per local custom, easements and CC&Rs of record; possession at close free of all leases, management agreements and occupants except current patients.

Seller to provide a current TLTA Owner's Policy of Title Insurance, FF&E, inventory, warranties thereon and other seller assets at the Facilities shall be transferred in-place and free of all encumbrances by Bill of Sale and Assignment (with warranties as to title but not condition or suitability).

**Transfer of Operations:**

Assignable vendor and service contracts, licenses, provider certifications, numbers and agreements, trade names, permits and other documents and intangibles related to the operation of the Facilities shall be transferred in-place by Bill of Sale and Assignment (with warranties as to title but not condition or suitability), under separate Operations Transfer Agreement (the "OTA") by current operator of the Facilities (the "Current Operator") to new operator to be designated by the Buyer (collectively, the "New Operator"). Current Operator shall reject or terminate contracts identified as undesirable by New Operator in its sole discretion. The OTA and Purchase Agreement shall be prepared by the Buyer, subject to reasonable comment by the Current Operator and seller, as applicable. Vehicles in use at the Facilities to be transferred lien-free to the New Operator by delivery of signed title and keys.

**Condition; Maintenance of Operations and Physical Plant:**

The transfer shall be on an "AS-IS, WHERE-IS" basis, without seller warranty or representation except as to customary representations surrounding ownership and title and knowledge-based representations regarding certain other ownership related items. Until closing, seller will cause Current Operator to operate the Facilities in substantial compliance with law and the requirements for continuing licensure, admit residents, and maintain in force all worker's comp, general/professional liability, and property/casualty insurance. Operating revenues and expenses will be prorated as of closing; Current Operator will indemnify Buyer and New Operator for all pre-transfer liabilities, expenses and overpayments, and New Operator will indemnify Current Operator for all post-transfer liabilities and expenses.

**Contingencies:**

**Fees & Costs:**

Seller and Buyer shall each be responsible for their own broker's fees and commissions, if any. Buyer has used no broker in this transaction. Each party shall bear its own transaction costs including, without limitation, attorney fees.

**Exclusivity:** Upon acceptance of this letter of intent, seller will not enter into any other term sheet, LOI or definitive agreement regarding the sale, lease or management of the Facilities

[REDACTED]

**Non-Binding:** Other than the sections titled "Exclusivity" and "Entire Agreement" (collectively, the "Binding Provisions"), this letter does not constitute and will not give rise to any legally binding obligation on the part of either Buyer or seller. Except as expressly provided in the Binding Provisions (or as expressly provided in any binding written agreement that Buyer and seller or their respective affiliates may enter into in the future), no past or future action, course of conduct or action, or failure to act relating to the proposed transaction, or relating to the negotiation of the terms of the proposed transaction or the OTA, will give rise to or serve as a basis for any obligation or other liability on the part of Buyer or seller.

**Entire Agreement:** The Binding Provisions constitute the entire agreement between Buyer and seller, and supersede all prior oral or written agreements, understandings, representations and warranties, and courses of conduct and dealing between Buyer and seller on the subject matter of this letter. The Binding Provisions may only be amended or modified in writing by both seller and Buyer. This letter may be executed in one or more counterparts, each of which will be deemed to be an original copy of this letter and all of which, when taken together, will be deemed to constitute one and the same agreement. Facsimile or email transmission of a true scanned copy of any signed original counterpart transmission shall be deemed the same as the delivery of an original.

*[continued on following page]*

Of course, this proposal is not comprehensive, and is not an offer to enter into any kind of transaction; it is merely an attempt to identify basic business terms upon which a definitive offer could be made and accepted. These terms are not to be binding on us or your client unless and until they are incorporated into a definitive set of fully-executed purchase and transfer documents to be negotiated and executed hereafter. We also note that we have not had an opportunity to visit the property to date and we reserve the right to amend our offer in all respects upon completion of our site visit.

If the terms contained in this letter are acceptable, please so indicate by signing, dating and scanning a copy of this letter back to us on or before **December 30, 2022**. We will then work with you to quickly complete the due diligence and prepare actual documents.

We appreciate the opportunity to work with you on this unique opportunity. Please call if you have questions, or if we can be of service to you in any way.

Sincerely,  
THE ENSIGN GROUP, INC.

**SECTION 999.5(d)(11)(E)**

**19) Letter of Intent from Generations Healthcare dated  
December 21, 2022.**

December 21, 2022  
Dan Revie  
Ziegler Capital Markets Group

RE: LETTER OF INTENT TO PURCHASE THREE ESKATON SKILLED NURSING FACILITY LOCATED IN SACRAMENTO, CALIFORNIA. THIS PURCHASE INCLUDES FACILITIES IN FAIR OAKS, GREENHAVEN, AND MANZANITA.

Dear Mr. Revie:

This Letter of Intent serves as an offer to purchase the above referenced property and sets forth the general terms. This offer is non-binding until the execution of the formal Purchase and Sales Agreement.

1. **SELLER:** ESKATON CARE CENTERS or affiliated company
2. **TENANT:** Generations Healthcare or assignee
3. **PROPERTY:** Eskaton Care Center Fair Oaks, 11300 Fair Oaks Blvd, Fair Oaks, CA 95628  
Eskaton Care Center Greenhaven 455 Florin Rd., Sacramento, CA 95831  
Eskaton Care Center Manzanita 5318 Manzanita Ave., Carmichael, CA 95608
4. **PURCHASE PRICE:** [REDACTED]
5. **PURCHASE TERMS:** [REDACTED]
6. **PURCHASE DEPOSIT:** [REDACTED]
7. **STAFF DURING DUE DILIGENCE:** Current operator to use their best efforts to retain staff during the Due Diligence Period while the new Tenant does their review.
8. **CONTRACT TIMING:** Within Five (5) business days after mutual execution of the Letter of Intent, Landlord shall prepare a complete Purchase and Sale Agreement ("PSA") for review and execution by Seller and Buyer.
9. **DUE DILIGENCE PERIOD:** Buyer shall have [REDACTED] from execution of the PSA to perform inspections, tests and to conduct any and all due diligence as Buyer may desire in its absolute discretion at Buyer's sole expense. Buyer may cancel this transaction by written notice at any time during the Due Diligence Period for any reason in its sole and absolute discretion.
10. **SELLERS DOCUMENTS:** Seller shall provide to Buyer, [REDACTED] accepting the LOI, any and all due diligence materials as are reasonably requested by Buyer and which are in the possession of the Seller. Buyer to submit a due diligence list to Seller in conjunction with the PSA.
11. **OPERATION of the PROPERTY:** During the pendency of this transaction, Seller agrees to refrain from entering into any leases, contracts or modifications to the same that affect the Properties.
12. **OPERATIONS TRANSFER AGREEMENT:** Within thirty (30) business days after mutual execution of the PSA, Landlord shall prepare a complete Operations Transfer Agreement ("OTA") for review by Seller, which allows Buyer to operate and bill under the Current Tenant's licensure and provider numbers.
13. **BROKER:** Seller shall pay any Broker commission per separate agreement.

14. **REPRESENTATIONS & WARRANTIES:** Seller represents to Buyer that Seller has no actual knowledge regarding any violations of applicable codes, laws and statutes relating to the Property, including, but not limited to, building codes, all seismic codes and any environmental law. This representation shall not give rise to any duty of inquiry on the part of Seller but is limited to Seller's actual knowledge.
  
15. **CONFIDENTIALITY:** Buyer and Seller agree that all terms of this Letter of Intent and the PSA shall remain confidential and shall not be disclosed to third parties, except legal and financial advisors of Buyer and Seller and those parties necessary to the transaction.

**SIGNATURE PAGE TO FOLLOW**

It is expressly agreed by Seller and Buyer that this Letter of Intent is non-binding on Buyer and Seller, and Buyer and Seller will have no contractual obligation to sell the Property's prior to the execution and delivery of the PSA. No legal obligation is intended to be created by this Letter of Intent or by any written or oral statements, negotiations or promises between the parties hereto, directly or through any representatives with the exception of statements and promises expressly set forth in the PSA. Moreover, this Letter of Intent will not give rise to any rights based on any legal theory, it being intended that only the subsequent formal written PSA, executed and delivered by both parties hereof, will bind the parties with respect to any matter covered by this Letter of Intent. If this Letter of Intent is not executed by both parties in ten (10) days, it will expire.

Respectfully submitted:

Tom Olds

## Report of Independent Auditors

The Board of Directors  
Eskaton and Subsidiaries

### Report on the Audit of the Financial Statements

#### *Opinion*

We have audited the consolidated financial statements of Eskaton and Subsidiaries, which comprise the consolidated balance sheets as of December 31, 2021 and 2020, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Eskaton and Subsidiaries as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Eskaton and Subsidiaries and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Eskaton and Subsidiaries' ability to continue as a going concern within one year after the date that the consolidated financial statements are issued.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Eskaton and Subsidiaries' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Eskaton and Subsidiaries' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

***Other Matter***

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidating schedules on pages 42 to 54 as of and for the year ended December 31, 2021, for Eskaton and Subsidiaries, Eskaton Properties, Inc., and Eskaton, presented as supplementary information, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the consolidated statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

The supplementary information – social responsibility on page 55 for the years ended December 31, 2021 and 2020, is presented for the purposes of additional analysis and is not a required part of the consolidated financial statements. Such information has not been subjected to the auditing procedures applied in the audits of the consolidated financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

#### NOTE 1 – ORGANIZATION AND PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements of Eskaton and Subsidiaries (the “Organization” or “Eskaton”) include the following:

**Eskaton** – Eskaton is a not-for-profit 501(c)(3) California corporation, which was formed in 1968. Eskaton’s primary mission is to enhance the quality of life of seniors through innovative health, housing, and social services. Eskaton is the sole corporate member of Eskaton Properties, Inc. (“EPI”), Eskaton Village-Grass Valley (“EVGV”), Eskaton Village-Roseville (“EVR”), Eskaton Village-Placerville (“EVP”), Eskaton Lodge Granite Bay (“ELGB”), Eskaton FountainWood Lodge (“EFWL”), the Reutlinger Community (“TRC”), and Eskaton Foundation, and the sole stockholder of Livable Design (“LD”) and California Healthcare Consultants (“CHC”). Eskaton also operates nonmedical homecare services, adult day healthcare services and various community service programs.

**EPI** – EPI is a not-for-profit 501(c)(3) California corporation that operates skilled nursing care centers and retirement housing communities, home health services, a continuing care retirement community (“CCRC”), and a business services group which provides financial and managerial support to all Eskaton operations. EPI also manages and provides support services to retirement housing communities owned by third-parties and affordable housing communities that operate as single purpose not-for-profit 501(c)(3) California corporations.

**EVGV** – EVGV is a not-for-profit 501(c)(3) California corporation that operates a 137-apartment assisted living community in Grass Valley, California.

**EVR** – EVR is a not-for-profit 501(c)(3) California corporation that operates a 96-apartment assisted living community in Roseville, California.

**EVP** – EVP is a not-for-profit 501(c)(3) California corporation that operates a 64-apartment assisted living community in Placerville, California.

**ELGB** – ELGB is a not-for-profit 501(c)(3) California corporation that operates a 100-apartment assisted living community in Granite Bay, California.

**EFWL** – EFWL is a not-for-profit 501(c)(3) California corporation that operated a 91-apartment assisted living community in Orangevale, California. The property was sold in 2021.

**TRC** – TRC is a not-for-profit 501(c)(3) California corporation that operates a 60-bed skilled nursing and 116-apartment assisted living community as a CCRC in Danville, California.

**Eskaton Foundation** – Eskaton Foundation is a not-for-profit 501(c)(3) California corporation whose purpose is to raise funds for the benefit of Eskaton programs.

**LD** – LD, a C corporation, is a taxable subsidiary of Eskaton, and owns a home in Roseville, California that is rented to the general public.

**CHC** – CHC, a C corporation, is a taxable subsidiary of Eskaton that leases employees to communities owned by third-parties and managed by EPI.

All material intercompany accounts and transactions have been eliminated in consolidation.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

EPI, EVGV, and EVR are members of the Eskaton Properties Incorporated Obligated Group (the “Obligated Group”) according to a Master Indenture of Trust dated July 1, 1999, and various Supplemental Master Indentures dated subsequent to July 1, 1999 (together, the “Master Indenture”).

On March 19, 2019, Eskaton invested \$3 million in a Program of All-inclusive Care for the Elderly (“PACE”) partnership with InnovAge and Adventist Health. PACE is an alternative to nursing homes, designed to keep seniors living in their own homes and communities for as long as safely possible. Participants are primarily dually eligible for both Medicare and Medicaid. Eskaton’s investment represents a minority interest in the PACE partnership, which is accounted for at cost minus impairment, if any.

On September 11, 2019, Eskaton entered into an affiliation agreement with The Reutlinger Community (“TRC”), which is a 60-bed skilled nursing and 116-unit assisted living and memory care CCRC facility located in Danville, California. The affiliation became effective on April 21, 2020, and Eskaton became the sole member of TRC to further the mission of serving the senior population.

The affiliation was accounted for as a business combination during the year ended December 31, 2020 using the acquisition method of accounting, which requires the basis of the assets acquired and the liabilities assumed to be recorded at their respective fair values at the affiliation date. TRC applied pushdown accounting (purchase method) in its separate financial statements, which resulted in the community recording its assets and liabilities at their fair values at the date of affiliation. As part of the purchase accounting, property, buildings, and equipment with a net carrying value of \$19.9 million were written up to an appraised fair value of \$39.7 million.

The financial statements of TRC have been included in Eskaton’s consolidated financial statements, which encompass the post-affiliation period after April 20, 2020. Eskaton did not transfer any consideration in conjunction with this transaction and as such, an inherent contribution of \$45.9 million has been recorded in the consolidated statements of operations and changes in net assets for the year ended December 31, 2020 for the excess of assets over liabilities assumed by Eskaton in the affiliation, of which \$4.7 million represents net assets subject to donor restrictions.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

The following table summarizes the estimated fair value of the inherent contribution recognized for the assets acquired and liabilities assumed for the affiliation of TRC as of the date of affiliation:

	<u>TRC</u>
Cash, cash equivalents, and investments	\$ 8,895
Accounts receivable	895
Other current assets	709
Property, buildings and equipment, net	39,682
Contributions receivable	1,825
In-place resident contracts	<u>733</u>
<b>Total assets</b>	<b><u>52,739</u></b>
Current liabilities	(1,294)
Deferred revenue from entrance fees	(107)
Mortgage payable, net	<u>(5,449)</u>
<b>Total liabilities</b>	<b><u>(6,850)</u></b>
Inherent contribution from affiliation	<b><u>\$ 45,889</u></b>

On February 20, 2020, Eskaton executed a letter of intent to sell the real property owned by Eskaton FountainWood Lodge, including the 91-bed licensed assisted living and memory care facility, at an agreed-upon sales price of \$7.8 million. The completion of the sale occurred on January 12, 2021. The \$7.8 million sale price was reduced by a seller credit of \$0.8 million, and consisted of cash consideration of \$3.1 million and a \$3.9 million promissory note maturing in January 2024. Prior to the sale Eskaton FountainWood Lodge had a loan with Five Star Bank that was scheduled to mature in March 2023. The balance on the loan was \$3.8 million as of December 31, 2020, and the loan was paid in full with proceeds from the sale in January 2021.

#### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Cash and cash equivalents** – Cash and cash equivalents include cash in banks and short-term money market accounts. The carrying amounts at face value approximate fair value because of the short maturity of these instruments.

The following table provides a reconciliation of cash, cash equivalents, and restricted cash balances reported within the consolidated balance sheets that sum to the total of the same such amounts shown in the consolidated statements of cash flows as of December 31:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 16,392	\$ 19,129
Restricted cash included in assets limited as to use	<u>1,802</u>	<u>2,561</u>
<b>Total cash, cash equivalents, and restricted cash balances</b>	<b><u>\$ 18,194</u></b>	<b><u>\$ 21,690</u></b>

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

Amounts included in restricted cash represent funds required to be set aside by lenders. Such deposits include mortgage insurance premiums, property taxes, and property insurance escrow accounts, as well as other balances required to be held for restrictive covenants, including the requirement to maintain certain deposits with the lender. Certain lenders also hold reserve accounts for capital replacement reserves and residual receipts. All such escrow accounts, reserve accounts, and other amounts reflected as restricted cash are included in assets limited as to use.

**Investments** – Investments in equity securities with readily determinable fair values, and all investments in debt securities, are reported at fair value. Management has elected to carry alternative investments under the fair value option. Investment income or loss (including realized and unrealized gains and losses on investments, interest, and dividends) is included in the (deficiency) excess of revenues, gains, and other support over expenses.

**Assets limited as to use** – Assets limited as to use include assets held by trustees or lenders under bond indenture and HUD regulatory agreements, and assets restricted by donors for financial assistance to residents of Eskaton communities. Assets limited as to use are reported at fair value. Amounts required to satisfy obligations classified as current liabilities are reported in current assets in the consolidated balance sheets.

**Property and equipment** – Property and equipment are stated at cost. The cost of property and equipment purchased in excess of \$2,000 is capitalized. Interest capitalized (net of investment income from bond proceeds) in connection with the construction of plant and equipment is recorded as part of the cost of the constructed asset to which it relates and is amortized over the asset's useful life. Depreciation is computed using the straight-line method based on estimated useful lives of property and equipment as follows:

Land improvements	10–20 years
Buildings and improvements	7–40 years
Equipment	3–20 years

Gifts of long-lived assets such as land, buildings, or equipment are reported as support without donor restrictions and are excluded from the (deficiency) excess of revenues, gains, and other support over expenses unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as support with donor restrictions. Expirations of donor restrictions are reported as net assets released from restriction when the donated or acquired long-lived assets are placed in service, absent explicit donor stipulations about how long those long-lived assets must be maintained.

**Impairment of long-lived assets and long-lived assets to be disposed of** – Long-lived assets and certain identifiable intangibles are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets.

Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. As of December 31, 2020, land available for sale was recorded in the consolidated balance sheets at fair value in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement* (“ASC 820”). The fair value estimate was performed by a third-party specialist using unobservable inputs that are supported by little or no market activity and was, therefore, classified within Level 3 of the valuation hierarchy.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

**Land available for sale** – Eskaton entered into a purchase and sale agreement effective July 28, 2017, that granted a potential buyer the exclusive option to purchase a parcel of undeveloped land that is approximately 12 acres in Lincoln, California for \$5.6 million. The feasibility period concluded February 28, 2018, and the agreement included optional extensions that were exercised by the prospective buyer through March 2020, upon which time the purchase option was not renewed. A purchase letter of intent was received from another prospective buyer in April 2021 for a purchase price of \$5.1 million. The land was carried at an appraised value of \$1.8 million as of December 31, 2020. The land sale closed on December 27, 2021, for the agreed-upon sale price of \$5.1 million, less sales expenses of \$0.1 million.

**Self-insured employee health and workers' compensation** – The provisions for estimated self-insured employee health and workers' compensation include estimates of the ultimate costs for both reported claims and claims incurred but not reported.

**Derivative instruments** – Eskaton has entered into a swap agreement to manage interest rate risk on its 2006 Bonds. Swaps are contracts to exchange, for a period of time, the investment performance of one underlying instrument for the investment performance of another instrument without exchanging the instruments themselves. Eskaton entered into this agreement to mitigate cash flow and fair value risks related to changes in interest rates.

Eskaton records in its consolidated balance sheets the estimated fair value of swaps at the consolidated balance sheet date. Because the derivative has not been designated as a hedge for accounting purposes, changes in the fair value of the swap are included in nonoperating revenue (expenses) in the consolidated statements of operations and changes in net assets.

**Deferred financing costs** – Deferred financing costs are amortized over the period the obligation is expected to be outstanding or the life of bank direct placement agreements associated with variable rate demand bonds, whichever is shorter. Amortization is calculated using the straight-line method, which approximates the effective interest method. Deferred financing costs are included as a direct reduction of long-term debt. Amortization of deferred financing costs is included as a component of interest and amortization expense in the accompanying consolidated statements of operations and changes in net assets.

**Net asset classifications** – Net assets and changes therein are classified and reported as follows:

*Without donor restrictions* – Net assets available for use in general operations and not subject to donor restrictions.

*With donor restrictions* – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires; that is, when the stipulated time has elapsed, when the stated purpose for which the resource was restricted has been fulfilled, or both. Contributions for which restrictions are satisfied in the same period as received are recorded as contributions revenue without donor restrictions.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

**Endowments** – Endowments are contributions whose use by Eskaton has been restricted by donors to be maintained by Eskaton in perpetuity. The Board of Directors has interpreted California’s enacted Uniform Prudent Management of Institutional Funds Act (“UPMIFA”) as requiring the preservation of the fair value of the original gift as of the gift date of endowments, absent explicit donor stipulations to the contrary. As a result of this interpretation, Eskaton classifies as net assets with donor restrictions (a) the original value of gifts donated, (b) the original value of subsequent gifts, and (c) accumulations to the endowment fund made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Generally, the donors of these assets permit Eskaton to use all or part of the investment return on these assets and to appropriate for distribution each year 5 percent of its endowment fund’s prior year average fair value. Unrealized gains and investment income allocated to the endowment fund are classified as net assets with donor restrictions, as supported by the associated agreements, until those amounts are appropriated for expenditure by Eskaton in a manner consistent with the standard of prudence prescribed by UPMIFA. In the absence of donor stipulations or law to the contrary, losses on the investments of a donor-restricted endowment fund shall reduce net assets with donor restrictions to the extent that donor-imposed restrictions on net appreciation of the fund have not been met before a loss occurs. Any remaining loss shall reduce net assets without donor restrictions.

**Net patient service revenue and home based services revenue** – Net patient services are performed in skilled nursing and home health in exchange for a contractual agreed-upon amount or rate. The transaction price for these services is based on standard charges for goods and services provided, reduced by contractual adjustments provided to third parties, or explicit price concessions. Eskaton determines its estimates for contractual adjustments based on contractual agreements and historical experience. Routine services are treated as a single performance obligation satisfied over time as services are rendered. As such, patient care services represent a bundle of services that are not capable of being distinct. Additionally, there may be ancillary services that are not included in the daily rates for routine services. Ancillary services are treated as separate performance obligations satisfied at a point in time, if and when those services are rendered. Revenue is recognized in the month in which the performance obligations are satisfied. Performance obligations satisfied over time for net patient service revenue are recognized based on actual charges incurred. This method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation.

The following represents net patient service revenue and home based services revenue disaggregated by payor source for the years ended December 31, as this best depicts how the nature, amount, timing, and uncertainty of revenue and cash flows are affected by economic factors:

	Year Ended December 31, 2021				Total
	Private Pay	Other Insurance	Medicare	Medi-Cal	
Net patient service revenue	\$ 1,492	\$ 14,845	\$ 4,613	\$ 22,673	\$ 43,623
Home based services revenue	705	1,095	1,800	-	3,600
	\$ 2,197	\$ 15,940	\$ 6,413	\$ 22,673	\$ 47,223

**Eskaton and Subsidiaries**  
**Notes to Consolidated Financial Statements**

	Year Ended December 31, 2020				Total
	Private Pay	Other Insurance	Medicare	Medi-Cal	
Net patient service revenue	\$ 1,326	\$ 12,666	\$ 3,913	\$ 23,027	\$ 40,932
Home based services revenue	800	1,690	1,305	117	3,912
	<u>\$ 2,126</u>	<u>\$ 14,356</u>	<u>\$ 5,218</u>	<u>\$ 23,144</u>	<u>\$ 44,844</u>

**Resident service revenue** – Eskaton provides senior living services to residents for a stated monthly fee. Eskaton recognizes revenue for housing services under independent living, assisted living, and memory care residency agreements in accordance with the provisions of ASC 606, *Revenue from Contracts with Customers* (“ASC 606”). Eskaton has determined that the senior living services included under the daily or monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time. In conjunction with its resident services, Eskaton sells CCRC memberships. Revenue associated with these memberships is recognized over the estimated remaining life of the resident.

The following represents resident service revenue disaggregated by service line for the years ended December 31, as this best depicts how the nature, amount, timing, and uncertainty of revenue and cash flows are affected by economic factors:

	Year Ended December 31, 2021				Total
	Assisted Living	Memory Care	Independent Living	CCRC	
Resident service revenue	<u>\$ 22,200</u>	<u>\$ 6,801</u>	<u>\$ 8,538</u>	<u>\$ 50,347</u>	<u>\$ 87,886</u>

	Year Ended December 31, 2020				Total
	Assisted Living	Memory Care	Independent Living	CCRC	
Resident service revenue	<u>\$ 26,225</u>	<u>\$ 9,066</u>	<u>\$ 8,808</u>	<u>\$ 43,989</u>	<u>\$ 88,088</u>

**Government grant revenue** – Government grant revenue consists of Provider Relief Funds disbursed by the U.S. Department of Health & Human Services as part of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) that was signed into law on March 27, 2020. The CARES Act established the Provider Relief Fund (“PRF”) to be used for economic support of healthcare entities in connection with healthcare-related expenses or lost revenues attributable to novel coronavirus (“COVID-19”) and treatment of uninsured COVID-19 patients. The PRF funds have been accounted for as conditional contributions under ASC 958-605, *Not-for-Profit Entities—Revenue Recognition*. Because PRF payments can only be used to prevent, prepare for, or respond to COVID-19, they are considered donor-restricted. Due to the linkage of the conditions with the restrictions, the restrictions were simultaneously satisfied upon meeting the conditions, and therefore the PRF funds have been fully recognized as support without donor restrictions in the consolidated statements of operations and changes in net assets during the year ended December 31, 2021 and 2020.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

**Other revenue** – Other revenue is derived from management agreements and other ancillary revenues. Eskaton manages certain communities under contracts that provide periodic management fee payments to the Organization. Management fees are generally determined by an agreed-upon percentage of gross revenues (as defined in the management agreement). Certain management contracts also provide for an annual incentive fee to be paid to Eskaton upon achievement of certain metrics identified in the contract. There were no incentive fee amounts recorded for the years ending December 31, 2021 or 2020. Eskaton recognizes revenue for community management services in accordance with the provisions of ASC 606. Although there are various management and operational activities performed by Eskaton under the contracts, the Company has determined that all community operations management activities are a single performance obligation, which is satisfied over time as the services are rendered.

**Donated services and materials** – A number of volunteers donate significant amounts of time to advance Eskaton’s program objectives. No amounts are reported in the accompanying consolidated financial statements for donated services since no objective basis is available to measure the value of such services.

Eskaton records the donation of materials when an objective basis is available to measure the value of those donations and when the materials would be purchased if they were not donated. These amounts are recorded as contribution revenues and as expenses.

**(Deficiency) excess of revenues, gains, and other support over expenses** – The consolidated statements of operations and changes in net assets include (deficiency) excess of revenues, gains, and other support over expenses. Changes in net assets without donor restrictions, which are excluded from the (deficiency) excess of revenues, gains, and other support over expenses, include pension-related changes other than net periodic pension cost.

**Advertising** – Advertising costs are expensed as incurred and included in purchased services expense in the accompanying consolidated statements of operations and changes in net assets. Advertising expense was approximately \$1,395,000 and \$723,000 for the years ended December 31, 2021 and 2020, respectively.

**Income taxes** – Eskaton, EPI, EVGV, EVR, EVP, ELGB, EFWL, TRC, and Eskaton Foundation are exempt from income taxes under Section 501(a) of the Internal Revenue Code as organizations described in Section 501(c)(3) and applicable state regulations, except for federal and state tax on income resulting from unrelated business income. LD and CHC are taxable entities; however, income taxes for these entities are not significant to the consolidated financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and measurement attribute for financial statement disclosure of tax positions taken or expected to be taken on a tax return. Recognition of a tax position is determined when it is more likely than not that a tax position will be sustained on examination by the taxing authorities, including resolution of any related appeals or litigation processes. A tax position that meets the more likely than not recognition threshold is measured at the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement with a taxing authority. Eskaton recognizes interest and penalties related to income tax matters in operating expenses. As of December 31, 2021 and 2020, there were no such uncertain tax positions.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

**Use of management's estimates** – The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Accounting estimates include fair value measurements of investments, accounts receivable allowances, useful lives of fixed assets, deferred revenue from unamortized CCRC membership fees, future service benefit obligations, self-insured workers' compensation, self-insured employee health costs, interest rate swap liability, unfunded pension obligation, and professional liability.

**Fair value measurements** – ASC 820 prescribes fair value measurements and disclosures for financial and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the consolidated financial statements. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a framework for measuring fair value and expands disclosures about fair value measurements.

The carrying amounts reported in the consolidated balance sheets for cash and cash equivalents, accounts receivable, other receivables, deposits and prepaid expenses, other assets, and accrued liabilities approximate fair value. The fair values of assets limited as to use and investments are disclosed in Note 4. The fair values of derivative instruments are disclosed in Note 5.

**Recent accounting pronouncements** – In August 2018, the FASB issued Accounting Standards Update (“ASU”) No. 2018-14, *Compensation—Retirement Benefits—Defined Benefit Plans—General (Subtopic 715-20): Disclosure Framework—Changes to the Disclosure Framework for Defined Benefit Plans* (“ASU 2018-14”), to improve the effectiveness of disclosures in the notes to financial statements by facilitating clear communication of the information required by generally accepted accounting principles that are most important to users of financial statements through the removal, clarification, and addition of disclosure requirements. The adoption is effective for the Organization for the fiscal year ending December 31, 2021. Eskaton adopted this standard for the fiscal year ended December 31, 2021, and the adoption did not have a material impact on the consolidated financial statements.

In August 2018, the FASB issued ASU 2018-15, *Intangibles—Goodwill and Other—Internal-Use Software*, to align the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software. The adoption is effective for the Organization for the fiscal year ending December 31, 2021. Eskaton adopted this standard for the fiscal year ended December 31, 2021, and the adoption did not have a material impact on the consolidated financial statements.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

In March 2020, the FASB issued ASU 2020-04, *Reference Rate Reform (Topic 848)*. The amendments in this ASU are elective and provide optional guidance for a limited period to ease the potential burden in accounting for (or recognizing the effects of) reference rate reform. The amendments in this ASU provide optional expedients and exceptions for applying generally accepted accounting principles (GAAP) to contracts, hedging relationships, and other transactions that reference London Interbank Offered Rate ("LIBOR") or another reference rate expected to be discontinued because of reference rate reform. The amendments in this ASU may be elected as of March 12, 2020 through December 31, 2022. An entity may choose to elect the amendments in this update at an interim period subsequent to March 12, 2020 with adoption methods varying based on transaction type. The Organization is currently evaluating the impact of ASU 2020-04 on the consolidated financial statements.

In January 2021, the FASB issued ASU 2021-01, *Reference Rate Reform (Topic 848)*. The main amendments in this ASU are intended to clarify certain optional expedients and scope of derivative instruments affected in Topic 848. The amendments in this ASU are elective and effective immediately. This ASU was effective upon issuance. Amendments may be elected through December 31, 2022. The Organization is currently evaluating the impact of ASU 2021-01 on the consolidated financial statements.

#### **NOTE 3 – THIRD-PARTY PAYORS**

Eskaton has agreements with third-party payors that provide for payments to Eskaton at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

**Medicare** – Skilled nursing services and home health visits provided to Medicare program beneficiaries are reimbursed under the Prospective Payment System ("PPS"). Eskaton is reimbursed under the PPS system for skilled nursing services on a per diem rate depending on each patient category, which is determined by the Patient Driven Payment Model ("PDPM"). Eskaton is reimbursed under the PPS system for home health visits on a per 30-day case rate depending on each patient category, which is determined by the Patient Driven Groupings Model ("PDGM").

**Medi-Cal** – Skilled nursing services and home health visits rendered to Medi-Cal program beneficiaries are reimbursed under prospectively determined per diem or per visit rates.

**Other** – Eskaton has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to Eskaton under these agreements includes prospectively determined daily rates and discounts from established charges.

#### NOTE 4 – ASSETS LIMITED AS TO USE AND INVESTMENTS

**Assets limited as to use** – The composition of assets limited as to use, stated at fair value, as of December 31 is set forth in the following table (in thousands):

	<u>2021</u>	<u>2020</u>
Required under bond indenture and HUD regulatory agreements for escrow, principal, interest, reserves, and insurance, held by trustee:		
Cash and short-term investments	\$ 1,789	\$ 1,861
U.S. Treasury notes, government securities, and other corporate debt securities	<u>8,352</u>	<u>8,426</u>
	<u>10,141</u>	<u>10,287</u>
Resident assistance and program funds with donor restrictions:		
Cash and short-term investments	13	700
Equity securities	252	1,055
Mutual funds	<u>1,680</u>	<u>2,837</u>
	<u>1,945</u>	<u>4,592</u>
	12,086	14,879
Less current portion	<u>673</u>	<u>670</u>
	<u>\$ 11,413</u>	<u>\$ 14,209</u>

**Eskaton and Subsidiaries**  
**Notes to Consolidated Financial Statements**

**Investments** – Investments, at fair value as of December 31 include the following (in thousands):

	2021	2020
Corporate reserves for capital replacement, liquidity, and growth:		
Cash and short-term investments	\$ 4,139	\$ 737
U.S. Treasury notes, government securities, and other corporate debt securities	-	8,171
Equity securities	23,481	42,607
Mutual funds	52,253	19,081
	79,873	70,596
Corporate reserves for resident assistance and charitable gift annuities:		
Cash and short-term investments	117	2,176
U.S. Treasury notes, government securities, and other corporate debt securities	107	152
Equity securities	575	2,222
Mutual funds	3,203	5,595
	4,002	10,145
	83,875	80,741
Less current portion	79,873	70,596
	\$ 4,002	\$ 10,145

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to measurements involving significant unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

**Level 1** – Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that Eskaton has the ability to access at the measurement date.

**Level 2** – Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

**Level 3** – Inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair value measurement falls is based on the lowest level input that is significant to the fair value measurement, in its entirety.

## **Eskaton and Subsidiaries**

### **Notes to Consolidated Financial Statements**

---

The fair values of the financial instruments as of December 31, 2021 and 2020 represent management's best estimates of the amounts that would be received to sell those assets or that would be paid to transfer those liabilities in an orderly transaction between market participants at that date. Those fair value measurements maximize the use of observable inputs. However, in situations where there is little, if any, market activity for the asset or liability at the measurement date, the fair value measurement reflects management's own judgments about the assumptions that market participants would use in pricing the asset or liability. Those judgments are developed by management based on the best information available in the circumstances.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

**Cash and cash equivalents** – The carrying amounts at face value approximate fair value because of the short maturity of these instruments.

**Marketable investment securities** – Certificates of deposit, money market funds, common stock, mutual funds, U.S. government securities, U.S. government bonds, and corporate bonds are measured using quoted market prices at the reporting date multiplied by the quantity held.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

Investments by level as of December 31 are as follows (in thousands):

	December 31, 2021	Fair value measurements at reporting date using		
		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Investments (including assets limited as to use):				
Cash and cash equivalents	\$ 5,607	\$ 5,607	\$ -	\$ -
Money market funds	451	451	-	-
Common stocks	24,308	24,308	-	-
Mutual funds	57,136	57,136	-	-

Less investment income with donor restrictions	<u>-</u>	<u>212</u>	<u>212</u>
Investment income without donor restrictions	<u>\$ 8,513</u>	<u>\$ 1,532</u>	<u>\$ 10,045</u>

	Year Ended December 31, 2020		
	Obligated Group	Nonobligated	Total
Investment income:			
Interest and dividend income	\$ 1,159	\$ 172	\$ 1,331
Realized gains on sales of securities	7,237	46	7,283
Unrealized losses on trading securities and alternative investments	555	1,948	2,503
	<u>8,951</u>	<u>2,166</u>	<u>11,117</u>
Less investment expenses	<u>360</u>	<u>7</u>	<u>367</u>
Total investment loss	<u>8,591</u>	<u>2,159</u>	<u>10,750</u>
Less investment loss with donor restrictions	<u>-</u>	<u>177</u>	<u>177</u>
Investment loss without donor restrictions	<u>\$ 8,591</u>	<u>\$ 1,982</u>	<u>\$ 10,573</u>

**NOTE 5 – DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES**

Eskaton has an interest rate swap derivative instrument ("swap") to manage its exposure on its debt instruments. By using derivative instruments, Eskaton exposes itself to credit risk and termination risk.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

Credit risk exists because Eskaton is dependent upon the interest rate swap counterparty to meet its obligations under the agreement. This risk is measured by the cost associated with replacing the agreement, not by the notional amount of the agreement. At inception, the swap's replacement cost, or fair market value, is close to zero. If interest rates change such that the fair market value of the swap is positive, Eskaton's exposure to the swap counterparty increases as the cost of replacing the agreement increases. If the fair market value decreases, Eskaton's exposure to the swap counterparty decreases. Eskaton minimizes the credit risk in derivative instruments by entering into transactions with high-quality counterparties whose credit rating is higher than A2/A.

Termination risk is the risk that a swap will be terminated by the swap counterparty before maturity and Eskaton, due to adverse market conditions, will be forced to make a cash termination payment to the counterparty. The termination risk associated with swaps is managed by establishing and monitoring parameters that limit the market value sensitivity Eskaton is willing to accept. Termination risk is also mitigated by allowing only Eskaton to have voluntary termination rights and allowing the swap counterparty to terminate only under specific ratings downgrade triggers of Eskaton.

The estimated fair values of derivative instruments have been determined using Level 2 inputs including available market information and valuation methodologies. As of December 31, 2021 and 2020, the fair values of these derivatives were recorded in the consolidated balance sheets at net liabilities of \$3.7 million and \$4.7 million, respectively. The credit risk assumption, as required under ASC 820, reduced Eskaton's interest rate swap liability by \$0.2 million and \$0.3 million in 2021 and 2020, respectively.

**Interest rate swap agreement for variable-rate debt** – Eskaton has issued variable-rate debt to refinance various debt issuances and finance capital improvements. The variable-rate debt obligations expose Eskaton to variability in interest payments due to changes in interest rates. Management believes it is prudent to limit the variability of a portion of its interest payments. To meet this objective, management entered into a swap agreement to manage fluctuations in cash flows resulting from interest rate risk. This swap effectively changed the variable-rate cash flow exposure on the Series 2006 Bonds to fixed-rate cash flows. Under the terms of the swap, Eskaton makes fixed interest rate payments and receives variable interest rate payments, thereby creating the equivalent of fixed-rate debt. As of December 31, 2021 and 2020, Eskaton was party to a swap agreement with an aggregate notional principal amount of \$16.3 million and \$16.9 million, respectively.

**Interest rate swap activities** – Interest rate swap activities included in nonoperating revenue (expenses) for the years ended December 31 consist of the following (in thousands):

	2021	2020
Net unrealized gain (loss) on interest rate swap agreements	\$ 1,074	\$ (788)
Net payments on interest rate swap agreements	(601)	(551)
<b>Total interest rate swap activities</b>	<b>\$ 473</b>	<b>\$ (1,339)</b>

	<u>\$ 93,601</u>	<u>\$ 121,422</u>

Maturities (as calculated based on the following paragraph) of long-term debt are as follows (in thousands):

Year Ending December 31,

2022	\$ 24,447
2023	4,624
2024	4,812
2025	9,937
2026	3,811
Thereafter	<u>69,618</u>
	<u>\$ 117,249</u>

Eskaton calculated the above maturities of long-term debt as if the variable rate demand bonds held under direct placement agreements with banks were not renewed or successfully remarketed or refinanced and were required to be repaid at the expiration dates in 2022 and 2025. Maturities exclude unamortized premiums and deferred financing costs.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

The total amount of long-term debt supported by direct placement agreements as of December 31, 2021 and 2020 was approximately \$24.8 million and \$26.5 million, respectively. Eskaton pays fees on each direct placement facility, which range from 1.25% to 1.76% per annum, plus a percentage of 1-month LIBOR, and are included in interest and amortization expense in the accompanying consolidated statements of operations and changes in net assets.

Interest and amortization expense related to long-term debt for the years ended December 31 comprises the following (in thousands):

	2021	2020
<b>Obligated Group:</b>		
Interest on bonds and notes	\$ 3,735	\$ 4,114
Letter of credit and other financing fees	55	34
Amortization of debt issuance costs	192	150
<b>Nonobligated:</b>		
Interest on bonds and notes	903	1,056
Amortization of debt issuance costs	38	34
	\$ 4,923	\$ 5,388

The Series 2013 Bonds, Series 2012 Bonds, Series 2008A Bonds, and Series 2006 Bonds are subject to restrictive covenants contained in the Master Indenture. The Series 2008A Bonds and Series 2006 Bonds are also subject to additional covenants contained in the direct placement agreements with U.S. Bank, N.A. and Compass Mortgage Corporation, respectively. Under the Master Indenture, Eskaton is required to maintain certain deposits with a trustee that are included in assets limited as to use. The Master Indenture and related direct placement agreements also, among other things, require Eskaton to maintain specified debt service coverage ratios and days cash on hand, place limits on Eskaton on the incurrence of additional long-term debt, and require Eskaton to report material adverse changes. Management believes that Eskaton was in compliance with the various covenants as of and for the year ended December 31, 2021, with the exception of a debt coverage ratio covenant associated with the First Republic Bank note payable related to The Reutlinger Community. Eskaton requested a waiver letter from First Republic Bank, but had not obtained the waiver nor had First Republic Bank requested repayment of the note payable as of the date the financial statements are issued. Therefore, the outstanding balance on the note payable of \$5.0 million has been classified as current maturities of long-term debt on the accompanying balance sheets as of December 31, 2021.

The notes payable to Lument (formerly ORIX Real Estate Capital, LLC) are also subject to restrictive covenants, including the requirement to maintain certain deposits with the lender. Such deposits include mortgage insurance premiums, property taxes, and property insurance escrow accounts. The lender also holds reserve accounts for capital replacement reserves and residual receipts. All such escrow accounts and reserve accounts are included in assets limited as to use. Disbursements from the reserve accounts for the proper purpose may be made only after receiving consent in writing from the U.S. Secretary of Housing and Urban Development.

The Series 2006 Bonds are held by Compass Mortgage Corporation under a direct placement agreement expiring May 31, 2022. The Series 2008A Bonds are held by U.S. Bank, N.A. under a direct placement agreement expiring December 1, 2025.

## **Eskaton and Subsidiaries**

### **Notes to Consolidated Financial Statements**

---

#### **NOTE 8 – PENSION PLANS**

Eskaton has a defined benefit cash balance pension plan (“Eskaton Retirement Plan” or the “Plan”) whereby, a participant’s monthly rate of retirement benefits shall equal one twelfth of the amount determined in accordance with the Plan provisions. A participant may elect an optional form of benefit, including a single lump-sum payment. The Eskaton Retirement Plan covers all employees of Eskaton, EPI, EVGV, EVR, EVP, ELGB, EFWL, Eskaton Foundation, and LD who have attained the age of 21 after completion of one year of service in which the employee completes 1,000 hours of service. The Plan requires five benefit years to vest.

Eskaton also maintains a Supplemental Executive Retirement Plan (“SERP”) that provides supplemental funds for retirement or death for selected key employees of Eskaton in the event that the Eskaton Retirement Plan benefits of such individuals are less than the specified target. The SERP is a nonqualified plan intended to meet the requirements of an ineligible deferred compensation plan as described in Section 457(f) of the Internal Revenue Code of 1986. The benefit under the SERP is offset by certain portions of the Eskaton Retirement Plan. It is expected over time that the benefits payable from the SERP will be nearly completely offset by the cash balance pension plan.

**Eskaton and Subsidiaries**  
**Notes to Consolidated Financial Statements**

The following table presents the changes in the benefit obligations, fair value of assets, and funded status of the Plan as of December 31 (in thousands):

	Eskaton Retirement Plan		SERP	
	2021	2020	2021	2020
Benefit obligation, beginning of year	\$ 36,663	\$ 31,824	\$ 2,413	\$ 1,789
Service cost	1,046	906	32	2,343
Interest cost	759	937	47	32
Benefits paid	(3,444)	(2,363)	-	(8)
Plan amendment	315	1,750	-	-
Actuarial (gain) loss	(352)	3,609	(322)	(1,743)
Benefit obligation, end of year	<u>\$ 34,987</u>	<u>\$ 36,663</u>	<u>\$ 2,170</u>	<u>\$ 2,413</u>
Fair value of assets, beginning of year	\$ 38,392	\$ 33,837	\$ -	\$ -
Return on plan assets	4,154	4,458	-	-
Employer contributions	550	2,460	-	8
Benefits paid	(3,444)	(2,363)	-	(8)
Fair value of assets, end of year	<u>\$ 39,652</u>	<u>\$ 38,392</u>	<u>\$ -</u>	<u>\$ -</u>
Funded status at end of year (recognized in unfunded pension obligation and funded pension obligation in the consolidated balance sheets)	<u>\$ 4,665</u>	<u>\$ 1,729</u>	<u>\$ (2,170)</u>	<u>\$ (2,413)</u>

The accumulated benefit obligation for the pension plan was \$34.2 million and \$36.1 million as of December 31, 2021 and 2020, respectively. For the year ended December 31, 2021, there was not a significant gain or loss related to changes in the benefit obligation. For the year ended December 31, 2020, the Plan experienced a \$3.6 million loss related to changes in the benefit obligation primarily due to a decrease in the discount rate.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

Net periodic benefit cost recognized and other changes in plan assets and benefit obligations, which are excluded from (deficiency) excess of revenues, gains, and other support over expenses, in 2021 and 2020 are as follows (in thousands):

	Eskaton Retirement Plan		SERP	
	2021	2020	2021	2020
Service cost	\$ (1,046)	\$ (906)	\$ (32)	\$ (2,343)
Interest cost	(759)	(937)	(47)	(32)
Expected return on plan assets	2,575	2,340	-	-
Amortization of prior service cost	(566)	(298)	-	-
Amortization of net gain (loss)	(848)	(776)	304	179
Settlement charge	(412)	-	-	-
<b>Net periodic benefit cost recognized</b>	<b>(1,056)</b>	<b>(577)</b>	<b>225</b>	<b>(2,196)</b>
Other changes in plan assets and benefit obligations recognized in net assets (deficit) without donor restrictions:				
Net actuarial gain (loss)	2,779	(716)	17	1,565
Prior service cost	251	(1,452)	-	-
Impact of settlement accounting	412	-	-	-
<b>Total recognized in net assets (deficit) without donor restrictions</b>	<b>3,442</b>	<b>(2,166)</b>	<b>17</b>	<b>1,565</b>
<b>Total recognized in net periodic benefit cost and net assets (deficit) without donor restrictions</b>	<b>\$ 2,386</b>	<b>\$ (2,745)</b>	<b>\$ 242</b>	<b>\$ (631)</b>

Weighted average assumptions used are as follows:

	Eskaton Retirement Plan		SERP	
	2021	2020	2021	2020
Discount rate - benefit obligation	2.60%	2.10%	2.60%	2.10%
Discount rate - benefit cost	2.10%	3.00%	2.10%	3.00%
Expected rate of return on plan assets	7.00%	7.00%	n/a	n/a
Rate of compensation increase	4.00%	4.00%	4.00%	4.00%

Eskaton's expected rate of return on plan assets is based on the portfolio as a whole and not on the sum of the returns on individual asset categories. The return is based exclusively on historical returns, without adjustments.

**Measurement date** – The measurement date used to determine pension benefit measures for the plans is December 31.

**Cash flows** – Eskaton expects to contribute \$0.5 million to the Eskaton Retirement Plan and \$0.3 million to the SERP during the fiscal year ending December 31, 2022.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

The benefits expected to be paid are as follows (in thousands):

Year Ending December 31:	Eskaton Retirement Plan	SERP
2022	\$ 2,527	\$ 337
2023	3,251	189
2024	2,590	81
2025	3,866	265
2026	2,800	103
2027-2031	13,399	957

The expected benefits are based on the same assumptions used to measure Eskaton's benefit obligation as of December 31, 2021, and include estimated future employee service.

**Plan assets** – Eskaton's investment policy for the Eskaton Retirement Plan states the overall investment objectives of the account. It also contains a target asset mix and asset mix restrictions, which in combination with the skills of each investment manager should achieve these objectives.

The objectives of the account are expected to be pursued as a long-term goal designed to maximize the returns without exposure to undue risk. Each investment manager's greatest concern is expected to be the long-term appreciation of the assets and consistency of total portfolio returns. Management expects the account to exceed (net of fees) the composite benchmark relevant to the target asset allocation defined in the investment policy.

Target Asset Mix Table  
Overall Portfolio

Asset class	Minimum percentage	Target percentage	Maximum percentage
Domestic equities	30%	45%	60%
Real estate	0%	5%	10%
International equities	10%	15%	20%
Domestic fixed income	15%	25%	35%
Alternative investments	0%	10%	20%

**Eskaton and Subsidiaries**  
**Notes to Consolidated Financial Statements**

The asset allocations of plan assets as of December 31 are as follows (in thousands):

	December 31, 2021	Fair value measurements at reporting date using		
		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Cash	\$ 1,650	\$ 1,650	\$ -	\$ -
Common stocks	10,503	10,503	-	-
Mutual funds	27,318	27,318	-	-
Guaranteed investment account	27	-	27	-
Pooled separate account	154	-	154	-
<b>Total pension assets, at fair value</b>	<b>\$ 39,652</b>	<b>\$ 39,471</b>	<b>\$ 181</b>	<b>\$ -</b>

	December 31, 2020	Fair value measurements at reporting date using		
		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Cash	\$ 481	\$ 481	\$ -	\$ -
Common stocks	10,051	10,051	-	-
Mutual funds	23,724	23,724	-	-
U.S. government bonds	2,666	2,666	-	-
Corporate bonds	1,258	1,258	-	-
Guaranteed investment account	88	-	88	-
Pooled separate account	124	-	124	-
<b>Total pension assets, at fair value</b>	<b>\$ 38,392</b>	<b>\$ 38,180</b>	<b>\$ 212</b>	<b>\$ -</b>

There were no significant transfers between plan assets with inputs with quoted prices in active markets for identical assets (Level 1) and assets with inputs with significant other observable inputs (Level 2) during the years ended December 31, 2021 and 2020.

**NOTE 9 – CONTINUING CARE RETIREMENT COMMUNITIES**

**NOTE 10 – SELF-INSURED EMPLOYEE HEALTH AND WORKERS’ COMPENSATION**

Eskaton is self-insured for employee health and workers’ compensation up to \$150,000 and \$1 million per claim, respectively. Eskaton maintains stop-loss insurance policies for employee health and workers’ compensation with a limit of \$0 per claim and statutory limits, respectively. Accruals have been made for estimated liabilities, including estimates for incurred but not reported claims. Eskaton has recorded a liability of \$2.2 million and \$1.2 million as of December 31, 2021 and 2020, respectively, in relation to employee health. Eskaton has recorded a liability of \$11.7 million and \$13.2 million as of December 31, 2021 and 2020, respectively, in relation to workers’ compensation. Eskaton is required to participate as a member in the State of California Self-Insurers’ Security Fund, a not-for-profit mutual benefit corporation, to secure its liabilities for self-insured workers’ compensation. In Eskaton’s past experience, no claims have been made against this financial instrument. Management does not expect any material loss to result from this off-balance-sheet instrument because performance is not expected to be required and, therefore, is of the opinion that the fair value of this instrument is zero. Any related insurance recovery receivables are recorded as due from liability insurer in the accompanying consolidated balance sheets.

**NOTE 11 – PROFESSIONAL LIABILITY INSURANCE**

Eskaton maintains claims-made commercial professional liability insurance coverage with California Healthcare Insurance Company covering losses up to \$5 million per claim, annual aggregate of \$15 million, with a \$10,000 deductible per claim. Eskaton also purchases excess professional liability insurance coverage of \$10 million per claim and \$10 million aggregate over the primary insurance coverage limits. Eskaton has recorded a liability of \$1.5 million and \$1.4 million for the tail exposure as of December 31, 2021 and 2020, respectively. In accordance with ASC 954-450, *Health Care Entities—Contingencies*, Eskaton has also recorded a liability of \$5.9 million and \$4.7 million as of December 31, 2021 and 2020, respectively, for estimated claim liabilities insured under its liability policy. These amounts are recorded as professional liability in the accompanying consolidated balance sheets. Any related insurance recovery receivables are recorded as due from liability insurer in the accompanying consolidated balance sheets.

**NOTE 12 – COMMITMENTS AND CONTINGENCIES**

Various legal settlements were reached that resulted in professional fees expense of \$5.5 million and \$8.2 million in the consolidated statements of operations and changes in net assets for the years ended December 31, 2021 and 2020, respectively.

With these settlements, Eskaton was able to close its \$15.3 million letter of credit with U.S. Bank, and the corresponding court-mandated appeal bond of \$25.4 million. Both the standby letter of credit and the appeal bond were closed in October 2020.

Eskaton is a defendant in other various legal actions arising from its normal conduct of business. It is the opinion of Eskaton's management, after consulting with legal counsel, that the outcome of such matters will not have a material adverse effect on the consolidated financial position or results of operations of Eskaton.

In March 2020, the World Health Organization declared the COVID-19 outbreak a public health emergency. The COVID-19 outbreak in the United States has not resulted in an Organization facility closure; however, facility closures or disruption in operations of customers, suppliers, or third-party payers, could adversely impact the Organization's results of operations to the extent that COVID-19, or any other epidemic, harms the global economy. The ultimate duration and intensity of the impact of COVID-19 and resulting disruption to the Organization's operations is uncertain.

**NOTE 13 – CONCENTRATIONS OF CREDIT RISK**

Eskaton's financial instruments that are exposed to concentrations of credit risk consist primarily of bank demand deposits in excess of Federal Deposit Insurance Corporation ("FDIC") and Security Investor Protection Corporation ("SIPC") limits and its accounts receivable.

Eskaton's operating facilities are located primarily in the Sacramento, California, metropolitan area. Eskaton grants credit without collateral to its patients and residents, most of whom are insured under third-party payor agreements.

Accounts receivable, net from patients and third-party payors as of December 31 are as follows (in thousands):

	2021	2020
Medicare	\$ 2,139	\$ 890
Medi-Cal	2,308	2,557
Other third-party payors	2,626	1,310
Patients and residents	1,055	980
	\$ 8,128	\$ 5,737

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

#### NOTE 14 – NATURAL AND FUNCTIONAL EXPENSES

The consolidated financial statements report certain expense categories that are attributable to more than one service or support function. Therefore, these expenses require an allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function including depreciation, interest and amortization, and insurance and other are allocated to a function based on a units-of-service basis. Expenses related to providing these services for the years ended December 31 are as follows (in thousands):

	Year Ended December 31, 2021						
	Program Services				Support Services		TOTALS
	Health Services	Residential Services	Community Services	Home Based Services	Fundraising	General & Admin

**Eskaton and Subsidiaries**  
**Notes to Consolidated Financial Statements**

---

**NOTE 15 – LIQUIDITY DISCLOSURE**

As of December 31, 2021 and 2020, Eskaton has a working capital surplus of \$72.4 million and \$78.9 million, and average days' cash on hand of 239 and 242 days, respectively.

Financial assets available for general expenditure within one year of the consolidated balance sheet date consist of the following (in thousands) as of December 31:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 16,392	\$ 19,129
Investments	83,875	80,741
Accounts receivable, net	8,128	5,737
Other receivables	<u>3,503</u>	<u>3,395</u>
	<u>\$ 111,898</u>	<u>\$ 109,002</u>

Eskaton manages its liquidity by developing annual operating budgets that provide sufficient funds to support operating expenditures, liabilities, and other obligations. Eskaton's cash needs are expected to be met through operating revenue sources.

**NOTE 16 – HEALTH AND SAFETY CODE SECTION 1790(a)(3) DISCLOSURE**

The following disclosure is made pursuant to Section 1790(a)(3) of the California Health and Safety Code: no reserves are being accumulated for identified projects or contingencies.

**NOTE 17 – SUBSEQUENT EVENTS**

Subsequent events are events or transactions that occur after the consolidated balance sheet date but before consolidated financial statements are issued. Eskaton recognizes in the consolidated financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the consolidated balance sheet, including the estimates inherent in the process of preparing the consolidated financial statements. Eskaton's consolidated financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the consolidated balance sheet but arose after the consolidated balance sheet date and before consolidated financial statements are issued.

Subsequent events have been evaluated through April 22, 2022, which is the date the consolidated financial statements were issued.

**Years Ended December 31, 2021 and 2020**

---

Eskaton supports community charitable organizations, and other not-for-profit aging services organizations that provide services to older adults, through financial contributions to those organizations. Direct and indirect impacts of the COVID-19 pandemic slowed certain charitable initiatives during 2021. In addition, Eskaton provides the following community service programs:

*Resident Assistance Funds* – Eskaton contributes funds to and solicits donations to various resident assistance funds that provide help to older adults who can no longer afford the monthly fees associated with their care and do not have sufficient family resources to cover the full cost of services. Residents are screened based on income and net assets and family resources and eligible residents are provided a monthly assistance stipend to supplement available income as necessary.

*Telephone Reassurance Program* – Eskaton owns and operates a telephone reassurance/home visitor program. The Telephone Reassurance Program is provided primarily by volunteers, is free to clients, and includes daily telephone calls and/or weekly home visits to isolated older adults.

*Scholarship Commitments* – During 2021 Eskaton committed \$250,000 of scholarship funds to local colleges and universities to help develop a diverse workforce in the aging services industry. These scholarships are intended to help support and promote future leaders who are majoring in gerontology and nursing programs. These commitments will be paid over five years, including \$25,000 paid in 2021.

**Social responsibility costs** – The Organization considers the actual costs of charitable community organizations and aging services organization sponsorships, and actual costs, net of any reimbursement, of providing community service programs, to be social responsibility. The level of social responsibility provided for the years ended December 31 is measured as follows (dollar amounts in thousands):

	2021	2020
Community sponsorships	\$ 50	\$ 126
Aging services sponsorships	33	45
Resident Assistance Funds	381	124
Telephone Reassurance Program	461	399

## Report of Independent Auditors

To the Board of Directors  
Eskaton and Subsidiaries

### **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of Eskaton and Subsidiaries (the "Organization" or "Eskaton"), which comprise the consolidated balance sheets as of December 31, 2020 and 2019, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## ***Opinion***

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Eskaton and Subsidiaries as of December 31, 2020 and 2019, and the results of their operations and changes in net assets, and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matter**

### ***Supplementary Information***

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidating schedules on pages 39 to 51 as of and for the year ended December 31, 2020, for Eskaton and Subsidiaries, Eskaton Properties, Inc., and Eskaton, presented as supplementary information, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. Such information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

The supplementary information – social responsibility on page 52 for the years ended December 31, 2020 and 2019, is presented for the purposes of additional analysis and is not a required part of the consolidated financial statements. Such information has not been subjected to the auditing procedures applied in the audits of the consolidated financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## **Eskaton and Subsidiaries**

### **Notes to Consolidated Financial Statements**

---

#### **NOTE 1 – ORGANIZATION AND PRINCIPLES OF CONSOLIDATION**

The accompanying consolidated financial statements of Eskaton and Subsidiaries (the “Organization” or “Eskaton”) include the following:

**Eskaton** – Eskaton is a not-for-profit 501(c)(3) California corporation, which was formed in 1968. Eskaton's primary mission is to enhance the quality of life of seniors through innovative health, housing, and social services. Eskaton is the sole corporate member of Eskaton Properties, Inc. (“EPI”), Eskaton Village-Grass Valley (“EVGV”), Eskaton Village-Roseville (“EVR”), Eskaton Village-Placerville (“EVP”), Eskaton Lodge Granite Bay (“ELGB”), Eskaton FountainWood Lodge (“EFWL”), the Reutlinger Community (“TRC”), and Eskaton Foundation, and the sole stockholder of Livable Design (“LD”) and California Healthcare Consultants (“CHC”). Eskaton also operates nonmedical homecare services, adult day healthcare services and various community service programs.

**EPI** – EPI is a not-for-profit 501(c)(3) California corporation that operates skilled nursing care centers and retirement housing communities, home health services, a continuing care retirement community (“CCRC”), and a business services group which provides financial and managerial support to all Eskaton operations. EPI also manages and provides support services to retirement housing communities owned by third-parties and affordable housing communities that operate as single purpose not-for-profit 501(c)(3) California corporations.

**EVGV** – EVGV is a not-for-profit 501(c)(3) California corporation that operates a 137-apartment assisted living community in Grass Valley, California.

**EVR** – EVR is a not-for-profit 501(c)(3) California corporation that operates a 96-apartment assisted living community in Roseville, California.

**EVP** – EVP is a not-for-profit 501(c)(3) California corporation that operates a 64-apartment assisted living community in Placerville, California.

**ELGB** – ELGB is a not-for-profit 501(c)(3) California corporation that operates a 100-apartment assisted living community in Granite Bay, California.

**EFWL** – EFWL is a not-for-profit 501(c)(3) California corporation that operates a 91-apartment assisted living community in Orangevale, California.

**TRC** – TRC is a not-for-profit 501(c)(3) California corporation that operates a 60-bed skilled nursing and 116-apartment assisted living community as a CCRC in Danville, California.

**Eskaton Foundation** – Eskaton Foundation is a not-for-profit 501(c)(3) California corporation whose purpose is to raise funds for the benefit of Eskaton programs.

**LD** – LD, a C-corporation, is a taxable subsidiary of Eskaton, and owns a home in Roseville, California that is rented to the general public.

**CHC** – CHC, a C-corporation, is a taxable subsidiary of Eskaton that leases employees to communities owned by third-parties and managed by EPI.

All material intercompany accounts and transactions have been eliminated in consolidation.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

EPI, EVGV, and EVR are members of the Eskaton Properties Incorporated Obligated Group (the “Obligated Group”) according to a Master Indenture of Trust dated July 1, 1999, and various Supplemental Master Indentures dated subsequent to July 1, 1999 (together, the “Master Indenture”).

On March 19, 2019, Eskaton invested \$3 million in a PACE partnership with InnovAge and Adventist Health. PACE is an alternative to nursing homes, designed to keep seniors living in their own homes and communities for as long as safely possible. Participants are primarily dually eligible for both Medicare and Medicaid. Eskaton’s investment represents a minority interest in the PACE partnership, which is accounted for at cost minus impairment, if any.

On September 11, 2019, Eskaton entered into an affiliation agreement with The Reutlinger Community (“TRC”), which is a 60-bed skilled nursing and 116-unit assisted living and memory care CCRC facility located in Danville, California. The affiliation became effective on April 21, 2020, and Eskaton became the sole member of TRC to further the mission of serving the senior population.

The affiliation was accounted for as a business combination using the acquisition method of accounting, which requires the basis of the assets acquired and the liabilities assumed to be recorded at their respective fair values at the affiliation date. TRC applied pushdown accounting (purchase method) in its separate financial statements, which resulted in the community recording its assets and liabilities at their fair values at the date of affiliation. As part of the purchase accounting, property, buildings, and equipment with a net carrying value of \$19.9 million were written up to an appraised fair value of \$39.7 million.

The financial statements of TRC have been included in Eskaton’s consolidated financial statements, which encompass the post-affiliation period from April 21, 2020, through December 31, 2020. Eskaton did not transfer any consideration in conjunction with this transaction and as such, an inherent contribution of \$45.9 million has been recorded in the consolidated statements of operations and changes in net assets for the excess of assets over liabilities assumed by Eskaton in the affiliation, of which \$4.7 million represents net assets subject to donor restrictions.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

The following table summarizes the estimated fair value of the inherent contribution recognized for the assets acquired and liabilities assumed for the affiliation of TRC as of the date of affiliation:

	<u>TRC</u>
Cash, cash equivalents, and investments	\$ 8,895
Accounts receivable	895
Other current assets	709
Property, buildings and equipment, net	39,682
Contributions receivable	1,825
In-place resident contracts	<u>733</u>
<b>Total assets</b>	<b><u>52,739</u></b>
Current liabilities	(1,294)
Deferred revenue from entrance fees	(107)
Mortgage payable, net	<u>(5,449)</u>
<b>Total liabilities</b>	<b><u>(6,850)</u></b>
Inherent contribution from affiliation	<b><u>\$ 45,889</u></b>

#### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Cash and cash equivalents** – Cash and cash equivalents include cash in banks and short-term money market accounts. The carrying amounts at face value approximate fair value because of the short maturity of these instruments.

The following table provides a reconciliation of cash, cash equivalents, and restricted cash balances reported within the consolidated balance sheets that sum to the total of the same such amounts shown in the consolidated statements of cash flows as of December 31:

	<u>2020</u>	<u>2019</u>
Cash and cash equivalents	\$ 19,129	\$ 31,225
Restricted cash included in assets limited as to use	<u>2,561</u>	<u>2,109</u>
<b>Total cash, cash equivalents, and restricted cash balances</b>	<b><u>\$ 21,690</u></b>	<b><u>\$ 33,334</u></b>

Amounts included in restricted cash represent funds required to be set aside by lenders. Such deposits include mortgage insurance premiums, property taxes, and property insurance escrow accounts, as well as other balances required to be held for restrictive covenants, including the requirement to maintain certain deposits with the lender. Certain lenders also hold reserve accounts for capital replacement reserves and residual receipts. All such escrow accounts, reserve accounts, and other amounts reflected as restricted cash are included in assets limited as to use.

**Investments** – Investments in equity securities with readily determinable fair values, and all investments in debt securities, are reported at fair value. Management has elected to carry alternative investments under the fair value option. Investment income or loss (including realized and unrealized gains and losses on investments, interest, and dividends) is included in the excess of revenues, gains, and other support over expenses.

# Eskaton and Subsidiaries

## Notes to Consolidated Financial Statements

---

**Assets limited as to use** – Assets limited as to use include assets held by trustees or lenders under bond indenture and HUD regulatory agreements, and assets restricted by donors for financial assistance to residents of Eskaton communities. Assets limited as to use are reported at fair value. Amounts required to satisfy obligations classified as current liabilities are reported in current assets in the consolidated balance sheets.

**Property and equipment** – Property and equipment are stated at cost. The cost of property and equipment purchased in excess of \$2,000 is capitalized. Interest capitalized (net of investment income from bond proceeds) in connection with the construction of plant and equipment is recorded as part of the cost of the constructed asset to which it relates and is amortized over the asset's useful life. Depreciation is computed using the straight-line method based on estimated useful lives of property and equipment as follows:

Land improvements	10 to 20 years
Buildings and improvements	7 to 40 years
Equipment	3 to 20 years

Gifts of long-lived assets such as land, buildings, or equipment are reported as support without donor restrictions and are excluded from the excess of revenues, gains, and other support over expenses unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as support with donor restrictions. Expirations of donor restrictions are reported as net assets released from restriction when the donated or acquired long-lived assets are placed in service, absent explicit donor stipulations about how long those long-lived assets must be maintained.

**Impairment of long-lived assets and long-lived assets to be disposed of** – Long-lived assets and certain identifiable intangibles are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets.

Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. As of December 31, 2020 and 2019, land available for sale was recorded in the consolidated balance sheets at fair value in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*. The fair value estimate was performed by a third-party specialist using unobservable inputs that are supported by little or no market activity and was therefore classified within Level 3 of the valuation hierarchy.

**Land available for sale** – Eskaton entered into a purchase and sale agreement effective July 28, 2017, that granted a potential buyer the exclusive option to purchase a parcel of undeveloped land that is approximately 12 acres in Lincoln, California for \$5,600,000. The feasibility period concluded February 28, 2018, and the agreement included optional extensions that were exercised by the prospective buyer through March 2020, upon which time the purchase option was not renewed. A purchase letter of intent was received from another prospective buyer in April 2021 for a purchase price of \$5,150,000. The land is carried at an appraised value of \$1,830,000 as of December 31, 2020 and 2019.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

**Self-insured employee health and workers' compensation** – The provisions for estimated self-insured employee health and workers' compensation include estimates of the ultimate costs for both reported claims and claims incurred but not reported.

**Derivative instruments** – Eskaton has entered into a swap agreement to manage interest rate risk on its 2006 Bonds. Swaps are contracts to exchange, for a period of time, the investment performance of one underlying instrument for the investment performance of another instrument without exchanging the instruments themselves. Eskaton entered into this agreement to mitigate cash flow and fair value risks related to changes in interest rates.

Eskaton records in its consolidated balance sheets the estimated fair value of swaps at the consolidated balance sheet date. Because the derivative has not been designated as a hedge for accounting purposes, changes in the fair value of the swap are included in nonoperating revenue (expenses) in the consolidated statements of operations and changes in net assets.

**Deferred financing costs** – Deferred financing costs are amortized over the period the obligation is expected to be outstanding or the life of bank direct placement agreements associated with variable rate demand bonds, whichever is shorter. Amortization is calculated using the straight-line method, which approximates the effective interest method. Deferred financing costs are included as a direct reduction of long-term debt. Amortization of deferred financing costs is included as a component of interest and amortization expense in the accompanying consolidated statements of operations and changes in net assets.

**Net asset classifications** – Net assets and changes therein are classified and reported as follows:

*Without donor restrictions* – Net assets available for use in general operations and not subject to donor restrictions.

*With donor restrictions* – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires; that is, when the stipulated time has elapsed, when the stated purpose for which the resource was restricted has been fulfilled, or both. Contributions for which restrictions are satisfied in the same period as received are recorded as contributions revenue without donor restrictions.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

**Endowments** – Endowments are contributions whose use by Eskaton has been restricted by donors to be maintained by Eskaton in perpetuity. The Board of Directors has interpreted California’s enacted Uniform Prudent Management of Institutional Funds Act (“UPMIFA”) as requiring the preservation of the fair value of the original gift as of the gift date of endowments, absent explicit donor stipulations to the contrary. As a result of this interpretation, Eskaton classifies as net assets with donor restrictions (a) the original value of gifts donated, (b) the original value of subsequent gifts, and (c) accumulations to the endowment fund made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Generally, the donors of these assets permit Eskaton to use all or part of the investment return on these assets and to appropriate for distribution each year 5 percent of its endowment fund’s prior year average fair value. Unrealized gains and investment income allocated to the endowment fund are classified as net assets with donor restrictions, as supported by the associated agreements, until those amounts are appropriated for expenditure by Eskaton in a manner consistent with the standard of prudence prescribed by UPMIFA. In the absence of donor stipulations or law to the contrary, losses on the investments of a donor-restricted endowment fund shall reduce net assets with donor restrictions to the extent that donor-imposed restrictions on net appreciation of the fund have not been met before a loss occurs. Any remaining loss shall reduce net assets without donor restrictions.

**Net patient service revenue and home based services revenue** – Net patient services are performed in skilled nursing and home health in exchange for a contractual agreed-upon amount or rate. The transaction price for these services is based on standard charges for goods and services provided, reduced by contractual adjustments provided to third parties, or explicit price concessions. Eskaton determines its estimates for contractual adjustments based on contractual agreements and historical experience. Routine services are treated as a single performance obligation satisfied over time as services are rendered. As such, patient care services represent a bundle of services that are not capable of being distinct. Additionally, there may be ancillary services that are not included in the daily rates for routine services. Ancillary services are treated as separate performance obligations satisfied at a point in time, if and when those services are rendered. Revenue is recognized in the month in which the performance obligations are satisfied. Performance obligations satisfied over time for net patient service revenue are recognized based on actual charges incurred. This method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation.

The following represents net patient service revenue and home based services revenue disaggregated by payor source for the years ended December 31, as this best depicts how the nature, amount, timing, and uncertainty of revenue and cash flows are affected by economic factors:

	Year Ended December 31, 2020				
	Private Pay	Other Insurance	Medicare	Medi-Cal	Total
Net patient service revenue	\$ 1,326	\$ 12,666	\$ 3,913	\$ 23,027	\$ 40,932
Home based services revenue	800	1,690	1,305	117	3,912
	\$ 2,126	\$ 14,356	\$ 5,218	\$ 23,144	\$ 44,844

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

	Year Ended December 31, 2019				Total
	Private Pay	Other Insurance	Medicare	Medi-Cal	
Net patient service revenue	\$ 1,950	\$ 19,690	\$ 4,076	\$ 22,102	\$ 47,818
Home based services revenue	821	1,875	941	397	4,034
	<u>\$ 2,771</u>	<u>\$ 21,565</u>	<u>\$ 5,017</u>	<u>\$ 22,499</u>	<u>\$ 51,852</u>

**Resident service revenue** – Eskaton provides senior living services to residents for a stated monthly fee. Eskaton recognizes revenue for housing services under independent living, assisted living, and memory care residency agreements in accordance with the provisions of ASC 606, *Revenue from Contracts with Customers* ("ASC 606"). Eskaton has determined that the senior living services included under the daily or monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time. In conjunction with its resident services, Eskaton sells CCRC memberships. Revenue associated with these memberships is recognized over the estimated remaining life of the resident.

The following represents resident service revenue disaggregated by service line for the years ended December 31, as this best depicts how the nature, amount, timing, and uncertainty of revenue and cash flows are affected by economic factors:

	Year Ended December 31, 2020				Total
	Assisted Living	Memory Care	Independent Living	CCRC	
Resident service revenue	\$ 26,225	\$ 9,066	\$ 8,808	\$ 43,989	\$ 88,088

	Year Ended December 31, 2019				Total
	Assisted Living	Memory Care	Independent Living	CCRC	
Resident service revenue	\$ 28,838	\$ 8,663	\$ 9,033	\$ 34,038	\$ 80,572

**Government grant revenue** – Government grant revenue consists of Provider Relief Funds disbursed by the U.S. Department of Health & Human Services as part of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020. The CARES Act established the Provider Relief Fund ("PRF") to be used for economic support of healthcare entities in connection with healthcare-related expenses or lost revenues attributable to COVID-19 and treatment of uninsured COVID-19 patients. The PRF funds have been accounted for as conditional contributions under ASC 958-605, *Not-for-Profit Entities—Revenue Recognition*. Because PRF payments can only be used to prevent, prepare for, or respond to COVID-19, they are considered donor-restricted. Due to the linkage of the conditions with the restrictions, the restrictions were simultaneously satisfied upon meeting the conditions, and therefore the PRF funds have been fully recognized as support without donor restrictions in the consolidated statements of operations and changes in net assets during the year ended December 31, 2020.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

**Other revenue** – Other revenue is derived from management agreements and other ancillary revenues. Eskaton manages certain communities under contracts that provide periodic management fee payments to the Organization. Management fees are generally determined by an agreed-upon percentage of gross revenues (as defined in the management agreement). Certain management contracts also provide for an annual incentive fee to be paid to Eskaton upon achievement of certain metrics identified in the contract. There were no incentive fee amounts recorded for the years ending December 31, 2020 or 2019. Eskaton recognizes revenue for community management services in accordance with the provisions of ASC 606. Although there are various management and operational activities performed by Eskaton under the contracts, the Company has determined that all community operations management activities are a single performance obligation, which is satisfied over time as the services are rendered.

**Donated services and materials** – A number of volunteers donate significant amounts of time to advance Eskaton's program objectives. No amounts are reported in the accompanying consolidated financial statements for donated services since no objective basis is available to measure the value of such services.

Eskaton records the donation of materials when an objective basis is available to measure the value of those donations and when the materials would be purchased if they were not donated. These amounts are recorded as contribution revenues and as expenses.

**Excess of revenues, gains, and other support over expenses** – The consolidated statements of operations and changes in net assets include excess of revenues, gains, and other support over expenses. Changes in net assets without donor restrictions, which are excluded from the excess of revenues, gains, and other support over expenses, include pension-related changes other than net periodic pension cost.

**Advertising** – Advertising costs are expensed as incurred and included in purchased services expense in the accompanying consolidated statements of operations and changes in net assets. Advertising expense was approximately \$723,000 and \$1,097,000 for the years ended December 31, 2020 and 2019, respectively.

**Income taxes** – Eskaton, EPI, EVGV, EVR, EVP, ELGB, EFWL, TRC, and Eskaton Foundation are exempt from income taxes under Section 501(a) of the Internal Revenue Code as organizations described in Section 501(c)(3) and applicable state regulations, except for federal and state tax on income resulting from unrelated business income. LD and CHC are taxable entities; however, income taxes for these entities are not significant to the consolidated financial statements.

FASB ASC Topic 740, *Income Taxes*, prescribes a recognition threshold and measurement attribute for financial statement disclosure of tax positions taken or expected to be taken on a tax return. Recognition of a tax position is determined when it is more likely than not that a tax position will be sustained on examination by the taxing authorities, including resolution of any related appeals or litigation processes. A tax position that meets the more likely than not recognition threshold is measured at the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement with a taxing authority. Eskaton recognizes interest and penalties related to income tax matters in operating expenses. As of December 31, 2020 and 2019, there were no such uncertain tax positions.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

**Use of management's estimates** – The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Accounting estimates include fair value measurements of investments, accounts receivable allowances, useful lives of fixed assets, deferred revenue from unamortized CCRC membership fees, future service benefit obligations, self-insured workers’ compensation, self-insured employee health costs, interest rate swap liability, unfunded pension obligation, and professional liability.

**Fair value measurements** – FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, prescribes fair value measurements and disclosures for financial and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the consolidated financial statements. FASB ASC Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC Topic 820 also establishes a framework for measuring fair value and expands disclosures about fair value measurements.

The carrying amounts reported in the consolidated balance sheets for cash and cash equivalents, accounts receivable, other receivables, deposits and prepaid expenses, other assets, and accrued liabilities approximate fair value. The fair values of assets limited as to use and investments are disclosed in Note 4. The fair values of derivative instruments are disclosed in Note 5.

**Recent accounting pronouncements** – In August 2018, the FASB issued Accounting Standards Update (“ASU”) No. 2018-13, *Fair Value Measurement – Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement (Topic 820)* (“ASU 2018-13”), to improve the effectiveness of disclosures in the notes to financial statements by facilitating clear communication of the information required by generally accepted accounting principles that are most important to users of financial statements through the removal, modification, and addition of disclosure requirements. The adoption is effective for the Organization for the fiscal year ending December 31, 2020. Eskaton adopted this standard for the fiscal year ended December 31, 2020, and the adoption did not have a material impact on the consolidated financial statements.

In August 2018, the FASB issued ASU No. 2018-14, *Compensation – Retirement Benefits – Disclosure Framework – Changes to the Disclosure Framework for Defined Benefit Plans (Topic 715-20)* (“ASU 2018-14”), to improve the effectiveness of disclosures in the notes to financial statements by facilitating clear communication of the information required by generally accepted accounting principles that are most important to users of financial statements through the removal, clarification, and addition of disclosure requirements. The adoption is effective for the Organization for the fiscal year ending December 31, 2022. Management is currently evaluating the impact of ASU 2018-14 on the consolidated financial statements.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

#### NOTE 3 – THIRD-PARTY PAYORS

Eskaton has agreements with third-party payors that provide for payments to Eskaton at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

**Medicare** – Skilled nursing services and home health visits provided to Medicare program beneficiaries are reimbursed under the Prospective Payment System (“PPS”). Eskaton is reimbursed under the PPS system for skilled nursing services on a per diem rate depending on each patient category, which is determined by the Patient Driven Payment Model (“PDPM”) system, beginning October 1, 2019. Eskaton is reimbursed under the PPS system for home health visits on a per 60-day case rate depending on each patient category, which is determined by the Home Health Resource Groups (“HHRG”) system.

**Medi-Cal** – Skilled nursing services and home health visits rendered to Medi-Cal program beneficiaries are reimbursed under prospectively determined per diem or per visit rates.

**Other** – Eskaton has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to Eskaton under these agreements includes prospectively determined daily rates and discounts from established charges.

#### NOTE 4 – ASSETS LIMITED AS TO USE AND INVESTMENTS

**Assets limited as to use** – The composition of assets limited as to use, stated at fair value, as of December 31 is set forth in the following table (in thousands):

	2020	2019
Required under bond indenture and HUD regulatory agreements for escrow, principal, interest, reserves, and insurance, held by trustee:		
Cash and short-term investments	\$ 1,861	\$ 2,086
U.S. Treasury notes, government securities, and other corporate debt securities	8,426	8,302
	10,287	10,388
Resident assistance and program funds with donor restrictions:		
Cash and short-term investments	700	23
Equity securities	1,055	347
Mutual funds	2,837	2,590
	4,592	2,960
	14,879	13,348
Less current portion	670	837
	\$ 14,209	\$ 12,511

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

Investments – Investments, at fair value, as of December 31 include the following (in thousands):

	2020	2019
Corporate reserves for capital replacement, liquidity, and growth:		
Cash and short-term investments	\$ 737	\$ 813
U.S. Treasury notes, government securities, and other corporate debt securities	8,171	8,474
Equity securities	42,607	16,220
Mutual funds	19,081	35,698
Alternative investments	-	762
	<u>70,596</u>	<u>61,967</u>
Corporate reserves for resident assistance and charitable gift annuities:		
Cash and short-term investments	2,176	-
U.S. Treasury notes, government securities, and other corporate debt securities	152	184
Equity securities	2,222	231
Mutual funds	5,595	1,131
	<u>10,145</u>	<u>1,546</u>
	80,741	63,513
Less current portion	<u>70,596</u>	<u>61,967</u>
	<u>\$ 10,145</u>	<u>\$ 1,546</u>

FASB ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

**Level 1** – Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that Eskaton has the ability to access at the measurement date.

**Level 2** – Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

**Level 3** – Inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair value measurement falls is based on the lowest level input that is significant to the fair value measurement, in its entirety.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

The fair values of the financial instruments as of December 31, 2020 and 2019, represent management's best estimates of the amounts that would be received to sell those assets or that would be paid to transfer those liabilities in an orderly transaction between market participants at that date. Those fair value measurements maximize the use of observable inputs. However, in situations where there is little, if any, market activity for the asset or liability at the measurement date, the fair value measurement reflects management's own judgments about the assumptions that market participants would use in pricing the asset or liability. Those judgments are developed by management based on the best information available in the circumstances.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

**Cash and cash equivalents** – The carrying amounts at face value approximate fair value because of the short maturity of these instruments.

**Marketable investment securities** – Certificates of deposit, money market funds, common stock, mutual funds, U.S. government securities, U.S. government bonds, and corporate bonds are measured using quoted market prices at the reporting date multiplied by the quantity held.

**Alternative investment securities** – Management has elected to carry alternative investments at fair value under the fair value option. The fair value of alternative investments has been determined using net asset value ("NAV") as a practical expedient.

Investments by level as of December 31 are as follows (in thousands):

	December 31, 2020	Fair value measurements at reporting date using		
		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Investments (including assets limited as to use):				
Cash and cash equivalents	\$ 2,483	\$ 2,483	\$ -	\$ -
Certificates of deposit	45	-	45	-
Money market funds	2,946	2,946	-	-
Common stocks	45,884	45,884	-	-
Mutual funds	27,513	27,513	-	-
U.S. Government securities	3,596	3,596	-	-
U.S. Government bonds	10,539	10,539	-	-
Corporate bonds	2,614	2,614	-	-
<b>Total investments, at fair value</b>	<b>\$ 95,620</b>	<b>\$ 95,575</b>	<b>\$ 45</b>	<b>\$ -</b>

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

	December 31, 2019	Fair value measurements at reporting date using		
		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Investments (including assets limited as to use):				
Cash and cash equivalents	\$ 2,266	\$ 2,266	\$ -	\$ -
Certificates of deposit	48	-	48	-
Money market funds	608	608	-	-
Common stocks	16,798	16,798	-	-
Mutual funds	39,419	39,419	-	-
U.S. Government securities	4,753	4,753	-	-
U.S. Government bonds	8,229	8,229	-	-
Corporate bonds	3,978	3,978	-	-
Total assets in the fair value hierarchy	76,099	\$ 76,051	\$ 48	\$ -
Investments measured at NAV				
Alternative investments	762			
Total investments, at fair value	\$ 76,861			

At times Eskaton has invested as a limited partner in hedge funds. Investments in hedge funds have the potential to become illiquid under stressed market conditions and, in certain circumstances investors may be subject to redemption restrictions which can impede the timely return of capital. These partnerships are valued using their respective NAV and are audited annually. The most significant input into the NAV of such an entity is the fair value of its investment holdings. These holdings are valued on a monthly basis by each fund's independent administrator and for certain illiquid investments where no market exists, the General Partner may provide pricing input. The management assumptions are based upon the nature of the investment and the underlying business. The valuation techniques vary based upon investment type, but are predominantly derived from observed market prices.

Eskaton management meets at least quarterly with its investment advisor to review the strategy and the ongoing performance of all investments, including analyzing changes in fair value measurements from period to period. Eskaton further corroborates third-party information used in the fair value measurement by obtaining audited financial statements of its hedge funds.

The following table presents Eskaton's alternative investments measured at estimated fair value as of December 31, (in thousands):

Description	Balance as of December 31, 2019	Unfunded commitments	Redemption frequency	Redemption notice period
Hedge funds	\$ 762	\$ -	Monthly	45 days

Hedge funds were established for the purpose of achieving consistent, absolute returns in all market environments. These hedge funds are single manager but employ multiple trading teams each specializing in a specific strategy. These strategies include, but are not limited to, fundamental long/short equity, global macro, and credit and statistical arbitrage. Eskaton divested of its hedge fund investments during the fiscal year ended December 31, 2020.

**Eskaton and Subsidiaries**  
**Notes to Consolidated Financial Statements**

Investment income, expenses, and gains (losses) for assets limited as to use, cash equivalents, and investments are comprised of the following for the years ended December 31 (in thousands):

	Year Ended December 31, 2020		
	Obligated Group	Nonobligated	Total
Investment income:			
Interest and dividend income	\$ 1,159	\$ 172	\$ 1,331
Realized gains on sales of securities	7,237	46	7,283
Unrealized gains on trading securities and alternative investments	555	1,948	2,503
	8,951	2,166	11,117
Less investment expenses	360	7	367
	8,591	2,159	10,750
Less investment income with donor restrictions	-	177	177
Investment income without donor restrictions	\$ 8,591	\$ 1,982	\$ 10,573

	Year Ended December 31, 2019		
	Obligated Group	Nonobligated	Total
Investment income:			
Interest and dividend income	\$ 1,594	\$ 87	\$ 1,681
Realized gains on sales of securities	4,030	218	4,248

	11,024	747	11,771
Less investment expenses	358	7	365
	10,666	740	11,406
Less investment income with donor restrictions	-	233	233
Investment income without donor restrictions	\$ 10,666	\$ 507	\$ 11,173

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

#### NOTE 5 – DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

Eskaton has an interest rate swap derivative instrument ("swap") to manage its exposure on its debt instruments. By using derivative instruments, Eskaton exposes itself to credit risk and termination risk.

Credit risk exists because Eskaton is dependent upon the interest rate swap counterparty to meet its obligations under the agreement. This risk is measured by the cost associated with replacing the agreement, not by the notional amount of the agreement. At inception, the swap's replacement cost, or fair market value, is close to zero. If interest rates change such that the fair market value of the swap is positive, Eskaton's exposure to the swap counterparty increases as the cost of replacing the agreement increases. If the fair market value decreases, Eskaton's exposure to the swap counterparty decreases. Eskaton minimizes the credit risk in derivative instruments by entering into transactions with high-quality counterparties whose credit rating is higher than A2/A.

Termination risk is the risk that a swap will be terminated by the swap counterparty before maturity and Eskaton, due to adverse market conditions, will be forced to make a cash termination payment to the counterparty. The termination risk associated with swaps is managed by establishing and monitoring parameters that limit the market value sensitivity Eskaton is willing to accept. Termination risk is also mitigated by allowing only Eskaton to have voluntary termination rights and allowing the swap counterparty to terminate only under specific ratings downgrade triggers of Eskaton.

The estimated fair values of derivative instruments have been determined using Level 2 inputs including available market information and valuation methodologies. As of December 31, 2020 and 2019, the fair values of these derivatives were recorded in the consolidated balance sheets at net liabilities of \$4.7 million and \$3.9 million, respectively. The credit risk assumption, as required under FASB ASC Topic 820, reduced Eskaton's interest rate swap liability by \$0.3 million and \$0.2 million in 2020 and 2019, respectively.

**Interest rate swap agreement for variable-rate debt** – Eskaton has issued variable-rate debt to refinance various debt issuances and finance capital improvements. The variable-rate debt obligations expose Eskaton to variability in interest payments due to changes in interest rates. Management believes it is prudent to limit the variability of a portion of its interest payments. To meet this objective, management entered into a swap agreement to manage fluctuations in cash flows resulting from interest rate risk. This swap effectively changed the variable-rate cash flow exposure on the Series 2006 Bonds to fixed-rate cash flows. Under the terms of the swap, Eskaton makes fixed interest rate payments and receives variable interest rate payments, thereby creating the equivalent of fixed-rate debt. As of December 31, 2020 and 2019, Eskaton was party to a swap agreement with an aggregate notional principal amount of \$16.9 million and \$17.5 million, respectively.

**Interest rate swap activities** – Interest rate swap activities included in nonoperating revenue (expenses) for the years ended December 31 consist of the following (in thousands):

	2020	2019
Net unrealized (loss) gain on interest rate swap agreements	\$ (788)	\$ (831)
Net payments on interest rate swap agreements	(551)	(375)
<b>Total interest rate swap activities</b>	<b>\$ (1,339)</b>	<b>\$ (1,206)</b>

**Eskaton and Subsidiaries**

#### NOTE 7 – LONG-TERM DEBT

Long-term debt as of December 31 consists of the following (in thousands):

	<u>2020</u>	<u>2019</u>
Obligated group:		
Series 2013 Tax-Exempt Fixed-Rate Revenue Bonds (Series 2013 Bonds) due 2035, principal due in annual installments and fixed interest of 2.00% to 5.00% due semi-annually; secured by deeds of trust.	\$ 41,310	\$ 42,740
Series 2012 Tax-Exempt Fixed-Rate Revenue Bonds (Series 2012 Bonds) due 2034, principal due in annual installments and fixed interest of 2.00% to 5.25% due semi-annually; secured by deeds of trust.	29,310	30,455
Series 2006 Tax-Exempt Variable-Rate Demand Revenue Bonds (Series 2006 Bonds) due 2022, principal due in annual installments and variable interest due monthly (1.35% and 2.35% at December 31, 2020 and 2019, respectively); held under a bank direct placement agreement; secured by deeds of trust.	15,460	16,040
Series 2008A Tax-Exempt Variable-Rate Demand Revenue Refunding Bonds (Series 2008A Bonds) due 2025, principal due in annual installments and variable interest due monthly (1.68% and 3.24% at December 31, 2020 and 2019, respectively); held under a bank direct placement agreement; secured by deeds of trust.	11,025	12,125
Other notes, due through 2021	2,018	2,127

**Eskaton and Subsidiaries**  
**Notes to Consolidated Financial Statements**

	2020	2019
Nonobligated:		
Note payable to ORIX Real Estate Capital, LLC due 2050, principal and interest of 3.07% due in monthly installments of \$53; insured by U.S. Department of Housing and Urban Development under Section 232, pursuant to Section 223(f); secured by deed of trust.	12,372	12,626
Note payable to ORIX Real Estate Capital, LLC due 2047, principal and interest of 2.45% due in monthly installments of \$32; insured by U.S. Department of Housing and Urban Development under Section 232, pursuant to Section 223(f); secured by deed of trust.	7,527	7,722
Note payable to First Republic Bank due 2035, principal and interest of 3.85% due in monthly installments of \$40.	5,411	-
Other notes, due through 2023	3,769	4,029
	128,202	127,864
Unamortized premiums	3,233	3,406
Unamortized deferred financing costs	(2,551)	(2,150)
	128,884	129,120
Less current maturities, net of premiums and deferred financing costs of \$0 in 2020 and \$48 in 2019	7,462	16,106
	<b>\$ 121,422</b>	<b>\$ 113,014</b>

Maturities (as calculated based on the following paragraph) of long-term debt are as follows (in thousands):

Year Ending December 31,

2021	\$	7,462
2022		19,888
2023		8,117
2024		5,120
2025		10,257
Thereafter		77,358
	<b>\$</b>	<b>128,202</b>

Eskaton calculated the above maturities of long-term debt as if the variable rate demand bonds held under direct placement agreements with banks were not renewed or successfully remarketed or refinanced and were required to be repaid at the expiration dates in 2022 and 2025. Maturities exclude unamortized premiums and deferred financing costs.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

The total amount of long-term debt supported by direct placement agreements as of December 31, 2020 and 2019, was approximately \$26.5 million and \$28.2 million, respectively. Eskaton pays fees on each direct placement facility, which range from 1.25% to 1.76% per annum, plus a percentage of 1-month LIBOR, and are included in interest and amortization expense in the accompanying consolidated statements of operations and changes in net assets.

Interest and amortization expense related to long-term debt for the years ended December 31 comprises the following (in thousands):

	2020	2019
Obligated Group:		
Interest on bonds and notes	\$ 4,114	\$ 4,638
Letter of credit and other financing fees	34	42
Amortization of debt issuance costs	150	153
Nonobligated:		
Interest on bonds and notes	1,056	970
Amortization of debt issuance costs	34	26
	<u>\$ 5,388</u>	<u>\$ 5,829</u>

The Series 2013 Bonds, Series 2012 Bonds, Series 2008A Bonds, and Series 2006 Bonds are subject to restrictive covenants contained in the Master Indenture. The Series 2008A Bonds and Series 2006 Bonds are also subject to additional covenants contained in the direct placement agreements with U.S. Bank, N.A. and Compass Mortgage Corporation, respectively. Under the Master Indenture, Eskaton is required to maintain certain deposits with a trustee that are included in assets limited as to use. The Master Indenture and related direct placement agreements also, among other things, require Eskaton to maintain specified debt service coverage ratios and days cash on hand, place limits on Eskaton on the incurrence of additional long-term debt, and require Eskaton to report material adverse changes. Management believes that Eskaton was in compliance with the various covenants as of and for the year ended December 31, 2020.

The notes payable to ORIX Real Estate Capital, LLC are also subject to restrictive covenants, including the requirement to maintain certain deposits with the lender. Such deposits include mortgage insurance premiums, property taxes, and property insurance escrow accounts. The lender also holds reserve accounts for capital replacement reserves and residual receipts. All such escrow accounts and reserve accounts are included in assets limited as to use. Disbursements from the reserve accounts for the proper purpose may be made only after receiving consent in writing from the U.S. Secretary of Housing and Urban Development.

The Series 2006 Bonds are held by Compass Mortgage Corporation under a direct placement agreement expiring May 31, 2022. The Series 2008A Bonds are held by U.S. Bank, N.A. under a direct placement agreement expiring December 1, 2025.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

#### NOTE 8 – PENSION PLANS

Eskaton has a defined benefit cash balance pension plan ("Eskaton Retirement Plan" or the "Plan") whereby a participant's monthly rate of retirement benefits shall equal one twelfth of the amount determined in accordance with the Plan provisions. A participant may elect an optional form of benefit, including a single lump-sum payment. The Eskaton Retirement Plan covers all employees of Eskaton, EPI, EVGV, EVR, EVP, ELGB, EFWL, Eskaton Foundation, and LD who have attained the age of 21 after completion of one year of service in which the employee completes 1,000 hours of service. The Plan requires five benefit years to vest.

Eskaton also maintains a Supplemental Executive Retirement Plan ("SERP") that provides supplemental funds for retirement or death for selected key employees of Eskaton in the event that the Eskaton Retirement Plan benefits of such individuals are less than the specified target. The SERP is a nonqualified plan intended to meet the requirements of an ineligible deferred compensation plan as described in Section 457(f) of the Internal Revenue Code of 1986. The benefit under the SERP is offset by certain portions of the Eskaton Retirement Plan. It is expected over time that the benefits payable from the SERP will be nearly completely offset by the cash balance pension plan.

The following table presents the changes in the benefit obligations, fair value of assets, and funded status of the Plan as of December 31 (in thousands):

	Eskaton Retirement Plan		SERP	
	2020	2019	2020	2019
Benefit obligation, beginning of year	\$ 31,824	\$ 28,631	\$ 1,789	\$ 1,807
Service cost	906	841	2,343	778
Interest cost	937	1,149	32	58
Benefits paid	(2,363)	(2,704)	(8)	(8)
Plan amendment	1,750	168	-	-
Actuarial (gain) loss	3,609	3,739	(1,743)	(846)
<b>Benefit obligation, end of year</b>	<b>\$ 36,663</b>	<b>\$ 31,824</b>	<b>\$ 2,413</b>	<b>\$ 1,789</b>
Fair value of assets, beginning of year	\$ 33,837	\$ 29,443	\$ -	\$ -
Return on plan assets	4,458	5,295	-	-
Employer contributions	2,460	1,802	8	8
Benefits paid	(2,363)	(2,703)	(8)	(8)
<b>Fair value of assets, end of year</b>	<b>\$ 38,392</b>	<b>\$ 33,837</b>	<b>\$ -</b>	<b>\$ -</b>
Funded status at end of year (recognized in unfunded pension obligations and funded pension obligations in the consolidated balance sheets)	<b>\$ 1,729</b>	<b>\$ 2,013</b>	<b>\$ (2,413)</b>	<b>\$ (1,789)</b>

The accumulated benefit obligation for the pension plan was \$36.1 million and \$31.4 million as of December 31, 2020 and 2019, respectively.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

Net periodic benefit cost recognized and other changes in plan assets and benefit obligations, which are excluded from excess of revenues, gains, and other support over expenses in 2020 and 2019, are as follows (in thousands):

	Eskaton Retirement Plan		SERP	
	2020	2019	2020	2019
Service cost	\$ (906)	\$ (841)	\$ (2,343)	\$ (778)
Interest cost	(937)	(1,149)	(32)	(58)
Expected return on plan assets	2,340	2,026	-	-
Amortization of prior service cost	(298)	(401)	-	-
Amortization of net gain (loss)	(776)	(986)	179	129
Settlement charge	-	(502)	-	-
<b>Net periodic benefit cost recognized</b>	<b>(577)</b>	<b>(1,853)</b>	<b>(2,196)</b>	<b>(707)</b>
Other changes in plan assets and benefit obligations recognized in net assets (deficit) without donor restrictions:				
Net actuarial gain (loss)	(716)	517	1,565	726
Prior service cost	(1,452)	232	-	-
Impact of settlement accounting	-	502	-	-
<b>Total recognized in net assets (deficit) without donor restrictions</b>	<b>(2,168)</b>	<b>1,251</b>	<b>1,565</b>	<b>726</b>
<b>Total recognized in net periodic benefit cost and net assets (deficit) without donor restrictions</b>	<b>\$ (2,745)</b>	<b>\$ (602)</b>	<b>\$ (631)</b>	<b>\$ 19</b>

The net loss and prior service cost for the Eskaton Retirement Plan that will be amortized from net assets without donor restrictions into net periodic benefit cost over the next fiscal year is \$0.7 million and \$0.6 million, respectively. The net gain and prior service cost for the SERP that will be amortized from net assets without donor restrictions into net periodic benefit cost over the next fiscal year is \$0.3 million and \$0, respectively.

Weighted average assumptions used are as follows:

	Eskaton Retirement Plan		SERP	
	2020	2019	2020	2019
Discount rate - benefit obligation	2.10%	3.00%	2.10%	3.00%
Discount rate - benefit cost	3.00%	4.10%	3.00%	4.10%
Expected rate of return on plan assets	7.00%	7.00%	n/a	n/a
Rate of compensation increase	4.00%	4.00%	4.00%	4.00%

Eskaton's expected rate of return on plan assets is based on the portfolio as a whole and not on the sum of the returns on individual asset categories. The return is based exclusively on historical returns, without adjustments.

**Measurement date** – The measurement date used to determine pension benefit measures for the plans is December 31.

**Cash flows** – Eskaton expects to contribute \$1.8 million to the Eskaton Retirement Plan and \$0.3 million to the SERP during the fiscal year ending December 31, 2021.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

The benefits expected to be paid are as follows (in thousands):

Year Ending December 31:	Eskaton Retirement Plan	SERP
2021	\$ 2,443	\$ 333
2022	2,423	333
2023	3,159	186
2024	2,420	80
2025	3,880	263
2026-2030	11,803	884

The expected benefits are based on the same assumptions used to measure Eskaton's benefit obligation as of December 31, 2020, and include estimated future employee service.

**Plan assets** – Eskaton's investment policy for the Eskaton Retirement Plan states the overall investment objectives of the account. It also contains a target asset mix and asset mix restrictions, which in combination with the skills of each investment manager should achieve these objectives.

The objectives of the account are expected to be pursued as a long-term goal designed to maximize the returns without exposure to undue risk. Each investment manager's greatest concern is expected to be the long-term appreciation of the assets and consistency of total portfolio returns. Management expects the account to exceed (net of fees) the composite benchmark relevant to the target asset allocation defined in the investment policy.

Target Asset Mix Table  
Overall Portfolio

Asset class	Minimum percentage	Target percentage	Maximum percentage
Domestic equities	30%	45%	60%
Real estate	0%	5%	10%
International equities	10%	15%	20%
Domestic fixed income	15%	25%	35%
Alternative investments	0%	10%	20%

There were no significant transfers between plan assets with inputs with quoted prices in active markets for identical assets (Level 1) and assets with inputs with significant other observable inputs (Level 2) during the years ended December 31, 2020 and 2019.

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

#### NOTE 10 – SELF-INSURED EMPLOYEE HEALTH AND WORKERS' COMPENSATION

Eskaton is self-insured for employee health and workers' compensation up to \$150,000 and \$1 million per claim, respectively. Eskaton maintains stop-loss insurance policies for employee health and workers' compensation with a limit of \$0 per claim and statutory limits, respectively. Accruals have been made for estimated liabilities, including estimates for incurred but not reported claims. Eskaton has recorded a liability of \$1.2 million and \$1.5 million as of December 31, 2020 and 2019, respectively, in relation to employee health. Eskaton has recorded a liability of \$13.2 million and \$13.9 million as of December 31, 2020 and 2019, respectively, in relation to workers' compensation. Eskaton is required to participate as a member in the State of California Self-Insurers' Security Fund, a not-for-profit mutual benefit corporation, to secure its liabilities for self-insured workers' compensation. In Eskaton's past experience, no claims have been made against this financial instrument. Management does not expect any material loss to result from this off-balance-sheet instrument because performance is not expected to be required and, therefore, is of the opinion that the fair value of this instrument is zero. Any related insurance recovery receivables are recorded as due from liability insurer in the accompanying consolidated balance sheets.

#### NOTE 11 – PROFESSIONAL LIABILITY INSURANCE

Eskaton maintains claims-made commercial professional liability insurance coverage with California Healthcare Insurance Company covering losses up to \$5 million per claim, annual aggregate of \$15 million, with a \$10,000 deductible per claim. Eskaton also purchases excess professional liability insurance coverage of \$10 million per claim and \$10 million aggregate over the primary insurance coverage limits. Eskaton has recorded a liability of \$1.4 million and \$1.3 million for the tail exposure as of December 31, 2020 and 2019, respectively. In accordance with FASB Topic 954-450, *Health Care Entities: Contingencies*, Eskaton has also recorded a liability of \$4.7 million and \$7.8 million as of December 31, 2020 and 2019, respectively, for estimated claim liabilities insured under its liability policy. These amounts are recorded as professional liability in the accompanying consolidated balance sheets. Any related insurance recovery receivables are recorded as due from liability insurer in the accompanying consolidated balance sheets.

**NOTE 12 – COMMITMENTS AND CONTINGENCIES**

Various legal settlements were reached that resulted in professional fees expense of \$8.2 million and \$7.5 million in the consolidated statements of operations and changes in net assets for the years ended December 31, 2020 and 2019, respectively.

With these settlements, Eskaton was able to close its \$15.3 million letter of credit with US Bank, and the corresponding court-mandated appeal bond of \$25.4 million. Both the standby letter of credit and the appeal bond were closed in October 2020.

Eskaton is a defendant in other various legal actions arising from its normal conduct of business. It is the opinion of Eskaton's management, after consulting with legal counsel, that the outcome of such matters will not have a material adverse effect on the consolidated financial position or results of operations of Eskaton.

In March 2020, the World Health Organization declared the novel coronavirus ("COVID-19") outbreak a public health emergency. The COVID-19 outbreak in the United States has not resulted in an Organization facility closure; however, facility closures or disruption in operations of our customers, suppliers, or third-party payers, could adversely impact our results of operations to the extent that COVID-19, or any other epidemic, harms the global economy. The ultimate duration and intensity of the impact of COVID-19 and resulting disruption to the Organization's operations is uncertain.

**NOTE 13 – CONCENTRATIONS OF CREDIT RISK**

Eskaton's financial instruments that are exposed to concentrations of credit risk consist primarily of bank demand deposits in excess of Federal Deposit Insurance Corporation ("FDIC") and Security Investor Protection Corporation ("SIPC") limits and its accounts receivable.

Eskaton's operating facilities are located primarily in the Sacramento, California, metropolitan area. Eskaton grants credit without collateral to its patients and residents, most of whom are insured under third-party payor agreements.

Accounts receivable, net, from patients and third-party payors as of December 31 are as follows (in thousands):

	2020	2019
Medicare	\$ 890	\$ 745
Medi-Cal	2,557	2,157
Other third-party payors	1,310	2,862
Patients and residents	980	983
	\$ 5,737	\$ 6,747

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

#### NOTE 14 – NATURAL AND FUNCTIONAL EXPENSES

The consolidated financial statements report certain expense categories that are attributable to more than one service or support function. Therefore, these expenses require an allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function including depreciation, interest and amortization, and insurance and other are allocated to a function based on a units-of-service basis. Expenses related to providing these services for the years ended December 31 are as follows (in thousands):

	Year Ended December 31, 2020						TOTALS
	Program Services				Support Services		
	Health Services	Residential Services	Community Services	Home Based Services	Fundraising	General & Admin

## Eskaton and Subsidiaries

### Notes to Consolidated Financial Statements

---

#### NOTE 15 – LIQUIDITY DISCLOSURE

As of December 31, 2020 and 2019, Eskaton has a working capital surplus of \$78.9 million and \$74.0 million, and average days' cash on hand of 242 and 251 days, respectively.

Financial assets available for general expenditure within one year of the consolidated balance sheet date consist of the following (in thousands) as of December 31:

	<u>2020</u>	<u>2019</u>
Cash and cash equivalents	\$ 19,129	\$ 31,225
Investments	80,741	63,513
Accounts receivable, net	5,737	6,747
Other receivables	<u>3,395</u>	<u>2,610</u>
	<u>\$ 109,002</u>	<u>\$ 104,095</u>

Eskaton manages its liquidity by developing annual operating budgets that provide sufficient funds to support operating expenditures, liabilities, and other obligations. Eskaton's cash needs are expected to be met through operating revenue sources.

#### NOTE 16 – HEALTH AND SAFETY CODE SECTION 1790(a)(3) DISCLOSURE

The following disclosure is made pursuant to Section 1790(a)(3) of the California Health and Safety Code: no reserves are being accumulated for identified projects or contingencies.

#### NOTE 17 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the consolidated balance sheet date but before consolidated financial statements are issued. Eskaton recognizes in the consolidated financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the consolidated balance sheet, including the estimates inherent in the process of preparing the consolidated financial statements. Eskaton's consolidated financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the consolidated balance sheet but arose after the consolidated balance sheet date and before consolidated financial statements are issued.

**Eskaton FountainWood Lodge** – On February 20, 2020, Eskaton executed a letter of intent to sell Eskaton FountainWood Lodge, a 91-bed licensed assisted living and memory care facility, at an agreed-upon sales price of \$7.8 million. The completion of the sale occurred on January 12, 2021. Eskaton FountainWood Lodge has a loan with Five Star Bank that was scheduled to mature in March 2023. The balance on the loan was \$3.8 million as of December 31, 2020, and the loan was paid in full with proceeds from the sale in January 2021.

Subsequent events have been evaluated through April 30, 2021, which is the date the consolidated financial statements were issued.

**Supplementary Information – Social Responsibility (Unaudited)**  
**Years Ended December 31, 2020 and 2019**

---

Eskaton supports community charitable organizations, and other not-for-profit aging services organizations that provide services to older adults, through financial contributions to those organizations. In addition, Eskaton provides the following community service programs:

**Resident Assistance Funds** – Eskaton contributes funds to and solicits donations to various resident assistance funds that provide help to older adults who can no longer afford the monthly fees associated with their care and do not have sufficient family resources to cover the full cost of services. Residents are screened based on income and net assets and family resources and eligible residents are provided a monthly assistance stipend to supplement available income as necessary.

**Telephone Reassurance Program** – Eskaton owns and operates a telephone reassurance/home visitor program. The Telephone Reassurance Program is provided primarily by volunteers, is free to clients, and includes daily telephone calls and/or weekly home visits to isolated older adults.

**Adult Day Health Care Center (“ADHC”)** – Eskaton owned and operated an ADHC program that provides social, recreational, and rehabilitation services to residents of a portion of Sacramento County. The ADHC program accepted Medi-Cal clients despite the shortfall of Medi-Cal reimbursement compared to cost. The ADHC program also accepted uninsured and under-insured clients at rates below actual cost. The operations of ADHC were suspended in early 2020 due to the COVID-19 pandemic, and a decision was made by management to permanently discontinue the program.

**Social responsibility costs** – The Organization considers the actual costs of charitable community organizations and aging services organization sponsorships, and actual costs, net of any reimbursement, of providing community service programs, to be social responsibility. The level of social responsibility provided for the years ended December 31 is measured as follows (dollar amounts in thousands):

	2020	2019
Community sponsorships	\$ 126	\$ 84
Aging services sponsorships	45	59
Resident Assistance Funds	124	107
Telephone Reassurance Program	399	275
ADHC, net of revenue	381	529
	<hr/>	<hr/>
Total	<u>\$ 1,075</u>	<u>\$ 1,054</u>

Community service program operating statistics:

Resident Assistance Funds:

Months of assistance	66	77
Residents assisted	7	9

Telephone Reassurance Program:

Telephone calls	51,229	57,123
Home visits	395	2,644
ADHC client days	2,041	9,038

**SECTION 999.5(d)(11)(G)**

**(G) Any requests for opinions to the Internal Revenue Service for rulings attendant to this transaction and any Internal Revenue Service responses thereto.**

No parties to the transaction requested opinions from the Internal Revenue Service for rulings attendant to this transaction.

**SECTION 999.5(d)(11)(H)**

**(H) Pro forma post-transaction balance sheet for the surviving or successor corporation.**

A pro forma post-transaction balance sheet for E3 Acquisition, LLC has been provided in Section 999.5(d)(9).
