Purchaser and New ~~Operators~~Operator have no obligation to close the transaction contemplated herein if a Facility is Out of Compliance, nor do Purchaser and New ~~Operators~~Operator have any obligation to assist Seller in bringing a Facility into compliance so that it is no longer Out of Compliance. The terms and provisions of this Section 5.24 shall survive the Closing.

~~SECTION 5.25. Payroll Protection Program. To the extent Seller has not received written confirmation from the PPP Lender of the forgiveness of any PPP Loan prior to the Closing Date, then Seller covenants and agrees on or before the Closing Date to either (a) pay off each such PPP Loan in full, or (b) escrow with the PPP Lender an amount equal to the unpaid balance of each such PPP Loan, in accordance with the guidelines and regulations of the United States Small Business Administration (the “SBA”), including, without limitation, the guidelines set forth in the SBA procedural notice with an effective date of October 2, 2020 (control number 5000-20057).~~

ARTICLE VII  
TERMINATION, AMENDMENT AND WAIVER

SECTION 7.01. Termination.

(a) Notwithstanding anything to the contrary in this Agreement, this Agreement may be terminated and the Acquisition and the other transactions contemplated by this Agreement abandoned at any time prior to any Closing:

(i) by the mutual written consent of Seller and Purchasers;

(ii) by Seller if any of the conditions set forth in Sections 6.01 or 6.03 shall have become incapable of fulfillment, and shall not have been waived by Seller, so long as none of Seller is then in material breach of any of its representations, warranties, covenants or Agreements contained in this Agreement;

(iii) by Purchasers if any of the conditions set forth in Sections 6.01 or 6.02 shall have become incapable of fulfillment, and shall not have been waived by Purchasers, so long as none of the Purchasers is then in material breach of any of its representations, warranties, covenants or Agreements contained in this Agreement;

(iv) by Purchasers pursuant to the terms and provisions of Sections 2.04, 2.05 or 2.09;

(v) by Purchasers if any action or inaction on the part of Seller renders Seller unable to deliver good, valid and marketable title to any of the Acquired Assets to the applicable Purchasers and/or New ~~Operators~~Operator; and

(vi) by Purchasers if any action or notification of an intended action by any state or federal agency adversely affects any Facility's Licenses or Medicare or Medi-Cal provider Agreement(s);

provided, however, that the party seeking termination pursuant to clause (ii) or (iii) is not then in material breach of any of its representations, warranties, covenants or agreements contained in this Agreement.

(b) In the event of termination by Seller or Purchasers pursuant to this Section 7.01, written notice thereof shall forthwith be given to the other and the transactions contemplated by this Agreement shall be terminated, without further action by any party. If the transactions contemplated by this Agreement are terminated as provided herein:

(i) The Purchasers shall return all documents and other material received from Seller relating to the transactions contemplated hereby, whether so obtained before or after the execution hereof, to Seller; and

(ii) all confidential information received by any of the Purchasers with respect to the Business shall be treated in accordance with Section 5.04 of this Agreement, which provisions shall remain in full force and effect notwithstanding the termination of this Agreement.

SECTION 7.02. Effect of Termination. If this Agreement is terminated and the transactions contemplated hereby are abandoned as described in Section 7.01, this Agreement shall become null and void and of no further force and effect, except for the provisions of (i) Section 2.05 (e) relating to the obligations of Purchasers to indemnify Seller, (ii) Section 5.04 relating to the obligation of Purchasers to keep confidential certain information and data obtained by it from Seller, (iii) Sections 5.05 and 9.03 relating to certain expenses, (iv) Section 5.06 relating to finder's fees and broker's fees, (v) Section 7.01 and this Section 7.02 and (vi) Section 5.12 relating to publicity. Nothing in this Section 7.02(a) shall be deemed to release any party from any liability for any breach by such party of the terms and provisions of this Agreement or to impair the right of any party to compel specific performance by any other party of its obligations under this Agreement. If this Agreement is terminated in full pursuant to clauses (i), (ii) (for any reason other than a default by Purchasers), (iii), (iv), (v), or (vi) of Section 7.01(a), then the Deposit, plus all interest accrued thereon, shall be returned to Purchasers, provided that Purchasers have complied with the provisions of Section 5.04(a) are satisfied.

SECTION 7.03. Amendments and Waivers. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto. By an instrument in writing Purchasers, on the one hand, or Seller, on the other hand, may waive compliance by the other party with any term or provision of this Agreement that such other party was or is obligated to comply with or perform.

## ARTICLE VIII INDEMNIFICATION

### SECTION 8.01. Indemnification by Seller

(a) Seller shall indemnify, defend and protect each Purchaser, ~~each~~the New Operator and its respective affiliates and its respective officers, directors, employees, stockholders, members, managers, partners, agents, attorneys and representatives against, and hold them harmless from, any loss, liability, claim, damage or expense (including reasonable legal fees and expenses) (collectively, the "Losses"), as incurred (payable promptly upon written request), arising from, in connection with or otherwise with respect to:

(i) any breach of any representation or warranty of Seller that is contained in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith (it being agreed and acknowledged by the parties that for purposes of each Purchaser's and New Operator's right to indemnification pursuant to this Section 8.01 the representations and warranties of Seller shall be deemed not qualified by any references therein to materiality generally or to whether or not any breach results or may result in Seller Material Adverse Effect);

(ii) any breach of any covenants of Seller contained in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith;

(iii) any Excluded Liability;

(iv) any fees, expenses or other payments incurred or owed by or claimed through Seller to any brokers, financial advisors or comparable other persons retained or employed by Seller in connection with the transactions contemplated by this Agreement or by any Ancillary Agreement, including, without limitation, any fees payable to the Broker in connection with the Closing; and

(v) any out-of-pocket expenses incurred by Purchaser or New Operator (including, without limitation, fees payable to any third-party consultants or professionals that Purchaser or New Operator deem reasonably necessary or appropriate, to restore any Facility into substantial compliance to the extent any Facility was Out of Compliance (hereinafter defined) as of the Closing Date), any applicable fines, penalties, damages and lost revenue arising either as a result of (i) Purchaser and New ~~Operators~~Operator electing to close notwithstanding a Facility having been Out of Compliance, or (ii) any Facility being Out of Compliance after the Closing as a result of acts, omissions or occurrences occurring prior to the Closing Date. “Out of Compliance” means (A) a finding by a Governmental Entity of one or more deficiencies at any Facility at a “level G” or above in either (x) its most recent standard or complaint survey that has not found to have been corrected such that such Facility is found to be in “substantial compliance” with applicable Health Care Requirements by the applicable Governmental Entity or (y) any prior survey that includes a finding which requires a resurvey which resurvey has not taken place with a finding that the applicable Facility was in substantial compliance; (B) a finding by a Governmental Entity that any Facility has deficiencies that have caused or are likely to cause serious harm, injury, impairment or death if not immediately rectified to resident health and safety that has not found to have been corrected by the applicable Governmental Entity; (C) a recommendation by a Health Care Authority to the Centers for Medicare and Medicaid Services (“CMS”) or other Governmental Entity for the imposition against any Facility of civil monetary penalties, or the imposition of same by CMS; and/or (D) a denial of any Facility’s right to admit patients or to receive Medicare or Medi-Cal payments or reimbursements for existing patients or for new admissions, at any Facility; and

(vi) any claim by any Governmental Entity, third party payor, RAC audit, ZPIC audit, or any claim of recapture by the Centers for Medicare and Medicaid Services, the U.S. Office of Inspector General or any other Governmental Entity with respect to an alleged Medicare or Medi-Cal overpayment for periods relating prior to the Closing Date, including, without limitation, with respect to any Stimulus/Relief Funds received by any of Seller.

(b) Except as otherwise specifically provided in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith, each Purchaser acknowledges that its sole and exclusive monetary remedy after the Closing with respect to any and all claims relating to this Agreement, the Ancillary Agreements, any documents delivered in connection herewith or therewith, the Acquisition and the other transactions contemplated hereby and thereby (other than claims of, or causes of action arising from, fraud) shall be pursuant to the indemnification provisions set forth in this Article VIII.

#### SECTION 8.02. Indemnification by Purchasers and New ~~Operators~~Operator.

(a) Each Purchaser, jointly and severally, shall indemnify, defend and protect Seller, its affiliates, officers, directors, employees, stockholders, members, managers, partners, agents, attorneys and representatives against, and agrees to hold them harmless from, any Loss, as

incurred (payable promptly upon written request), for or on account of or arising from or in connection with or otherwise with respect to (i) any breach of any representation or warranty of any Purchaser contained in any Transaction Document or in any document delivered in connection herewith or therewith, (ii) any breach of any covenants of any Purchaser contained in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith, or (iii) any fees, expenses or other payments incurred or owed by Purchaser Operator to any brokers, financial advisors or other comparable persons retained or employed by it in connection with the transactions contemplated by this Agreement or by any Ancillary Agreement, other than any fees payable to the Broker in connection with the Closing.

(b) ~~Each~~The New Operator, jointly and severally, shall indemnify, defend and protect Seller, its affiliates, officers, directors, employees, stockholders, members, managers, partners, agents, attorneys and representatives against, and agrees to hold them harmless from, any Loss, as incurred (payable promptly upon written request), for or on account of or arising from or in connection with or otherwise with respect to (i) any breach of any representation or warranty of New Operator contained in any Transaction Document or in any document delivered in connection herewith or therewith, (ii) any breach of any covenants of ~~any~~the New Operator contained in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith, (iii) any fees, expenses or other payments incurred or owed by ~~any~~the New Operator to any brokers, financial advisors or other comparable persons retained or employed by it in connection with the transactions contemplated by this Agreement or by any Ancillary Agreement, other than any fees payable to the Broker in connection with the Closing and (iv) any Assumed Liability.

SECTION 8.03. Calculation of Losses. The amount of any Loss for which indemnification is provided under this Article VIII shall be net of any amounts actually recovered by the indemnified party under insurance policies with respect to such Loss and shall be increased to take account of any Tax cost incurred by the indemnified party arising from the receipt of indemnity payments hereunder.

SECTION 8.04. Termination of Indemnification. The obligations to indemnify and hold harmless any party, (i) pursuant to Section 8.01(a)(i) or 8.02(i), shall terminate when the applicable representation or warranty terminates pursuant to Section 8.06 and (ii) pursuant to the other clauses of Sections 8.01 and 8.02 shall not terminate; provided, however, that, with respect to clause (i), such obligations to indemnify and hold harmless shall not terminate with respect to any item as to which the person to be indemnified shall have, before the expiration of the applicable period, previously made a claim by delivering a notice of such claim pursuant to Section 8.05 to the party to be providing the indemnification.

SECTION 8.05. Procedures.

(a) Third Party Claims. In order for a party (the “indemnified party”) to be entitled to any indemnification provided for under this Agreement in respect of, arising out of or involving a claim made by any person against the indemnified party (a “Third Party Claim”), such indemnified party must notify the indemnifying party in writing of the Third Party Claim with reasonable promptness following receipt by such indemnified party of written notice of the Third Party Claim; provided, however, that failure to give such notification shall not affect the

indemnification provided hereunder except to the extent the indemnifying party shall have been actually and materially prejudiced as a result of such failure. Thereafter, the indemnified party shall deliver to the indemnifying party, with reasonable promptness following the indemnified party's receipt thereof, copies of all notices and documents (including court papers) received by the indemnified party relating to the Third Party Claim.

(b) Assumption. If a Third Party Claim is made against an indemnified party, the indemnifying party shall be entitled to participate in the defense thereof and, if it so chooses, to assume the defense thereof with counsel selected by the indemnifying party; provided, however, that such counsel is reasonably satisfactory to the indemnified party. If the indemnifying party so elects to assume the defense of a Third Party Claim, the indemnifying party shall not be liable to the indemnified party for any legal expenses subsequently incurred by the indemnified party in connection with the defense thereof. If the indemnifying party assumes such defense, the indemnified party shall have the right to participate in the defense thereof and to employ counsel, at its own expense, separate from the counsel employed by the indemnifying party, it being understood that the indemnifying party shall control such defense. The indemnifying party shall be liable for the fees and expenses of counsel employed by the indemnified party for any period during which the indemnifying party has not assumed the defense thereof. If the indemnifying party chooses to defend or prosecute a Third Party Claim, all the indemnified parties shall cooperate in the defense or prosecution thereof. Such cooperation shall include the retention and (upon the indemnifying party's request) the provision to the indemnifying party of records and information that are reasonably relevant to such Third Party Claim, and making employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder. Whether or not the indemnifying party assumes the defense of a Third Party Claim, the indemnified party shall not admit any liability with respect to, or settle, compromise or discharge, such Third Party Claim without the indemnifying party's prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed). If the indemnifying party assumes the defense of a Third Party Claim, the indemnified party shall agree to any settlement, compromise or discharge of such Third Party Claim that the indemnifying party may recommend and that by its terms obligates the indemnifying party to pay the full amount of the liability in connection with such Third Party Claim, which releases the indemnified party completely in connection with such Third Party Claim and that would not otherwise adversely affect the indemnified party. The assumption by an indemnifying party of a Third Party Claim shall conclusively establish that such Third Party Claim is within the scope of and subject to indemnification hereunder. Notwithstanding the foregoing, the indemnifying party shall not be entitled to assume the defense of any Third Party Claim (and shall be liable for the reasonable fees and expenses of counsel incurred by the indemnified party in defending such Third Party Claim) if (i) the Third Party Claim seeks an order, injunction or other equitable relief or relief for other than money damages against the indemnified party or (ii) the indemnifying party is also a person against whom the Third Party Claim is made and the indemnified party determines in good faith that joint representation would be inappropriate.

(c) Other Claims. In the event any indemnified party has a claim against any indemnifying party under Section 8.01 or 8.02 that does not involve a Third Party Claim being asserted against or sought to be collected from such indemnified party, the indemnified party shall deliver notice of such claim with reasonable promptness to the indemnifying party. Subject to Sections 8.04 and 8.06, the failure by any indemnified party so to notify the indemnifying party

shall not relieve the indemnifying party from any liability that it may have to such indemnified party under Section 8.01 or 8.02, except to the extent that the indemnifying party demonstrates that it has been materially prejudiced by such failure. If the indemnifying party does not notify the indemnified party within ten (10) calendar days following its receipt of such notice that the indemnifying party disputes its liability to the indemnified party under Section 8.01 or 8.02, such claim specified by the indemnified party in such notice shall be conclusively deemed a liability of the indemnifying party under Section 8.01 or 8.02 and the indemnifying party shall pay the amount of such liability to the indemnified party on demand or, in the case of any notice in which the amount of the claim (or any portion thereof) is estimated, on such later date when the amount of such claim (or such portion thereof) becomes finally determined.

(d) Escrow Funds. All claims for Losses for which indemnification of Purchaser or New Operator is provided under this Section 8 shall be made first against the Escrow Funds under the terms of the Escrow Indemnity Agreement. On the fourth anniversary of the Closing Date (the "Release Date"), the balance of the Escrow Fund then on deposit with Escrow Agent shall be released to Seller, less the amount of outstanding unresolved claims by Purchaser or New Operator on or before the Release Date, which amounts shall be retained by the Escrow Agent to be held and invested by it under the terms of Escrow Indemnity Agreement until such claims are finally resolved and then disbursed in accordance with the terms of the Escrow Indemnity Agreement.

(e) Survival. The indemnification obligations of the parties under this Article VIII shall survive the Closing.

#### SECTION 8.06. Survival of Representations and Covenants.

(a) The representations, warranties, covenants and agreements contained in this Agreement and in any document delivered in connection herewith shall survive the Closing for one (1) year following the Closing.

### ARTICLE IX GENERAL PROVISIONS

SECTION 9.01. Assignment. This Agreement and the rights and obligations hereunder shall not be assignable or transferable by any Purchaser, New Operator or Seller (including by operation of law in connection with a merger or consolidation of any Purchaser New Operator or Seller) without the prior written consent of the other parties hereto, which consent ~~shall not, may be unreasonably withheld, conditioned or delayed in its sole and absolute discretion.~~ Notwithstanding the foregoing, each Purchaser may without having to obtain the prior written consent of Seller (a) assign its rights hereunder, including its right to purchase the Acquired Assets or any portion thereof, or delegate the performance of any of its obligations hereunder, to one or more subsidiaries or affiliates of such Purchaser or any corporation, partnership, limited liability company, business trust or other entity owned, managed or controlled by, directly or indirectly, Abraham Bak and/or Menachem Gastwirth, (b) assign its rights hereunder by way of security and such secured party may assign such rights by way of exercise of remedies, ~~(c) assign its rights in connection with the Business and/or the operations of any Facility from and after the Closing Date, to a New Operator, and (d and (c) assign its rights to indemnity, in whole or in part, to any purchaser of all or any portion of the Business or to a~~ the New Operator; provided, however, that no

SECTION 9.02. No Third-Party Beneficiaries. Except as provided in Article VIII and as expressly provided herein with respect to ~~each~~the New Operator, this Agreement is for the sole benefit of the parties hereto and their permitted assigns and nothing herein expressed or implied shall give or be construed to give to any person, other than the parties hereto and such assigns, any legal or equitable rights hereunder.

SECTION 9.03. Attorneys' Fees. A party in breach of this Agreement shall, on demand, indemnify and hold harmless the other party for and against all reasonable out-of-pocket expenses, including legal, accounting, consulting and expert witness fees and expenses, incurred by such other party by reason of the enforcement and protection of its rights under this Agreement. The payment of such expenses is in addition to any other relief to which such other party may be entitled.

SECTION 9.04. Intentionally Omitted.

SECTION 9.05. Notices. All notices or other communications required or permitted hereunder shall be addressed to the respective parties at the address set forth below, in writing, and shall be personally delivered (including by means of professional messenger service or reputable air express service utilizing receipts) or sent by (i) telecopy, receipt confirmed, or (ii) PDF via electronic mail (e-mail), or (iii) nationally-recognized overnight courier service (e.g., Federal Express), or (iv) United States mail, certified, and postage fully prepaid, return receipt requested, and in each case (except as expressly set forth below) shall be deemed received upon the date of receipt thereof if received prior to 5:00 p.m. of the recipient's business day, provided that (A) in the case of (ii) above, either (x) the other party (or its counsel) acknowledges receipt thereof by return e-mail, or (y) an additional notice is sent pursuant to clause (i), (iii) or (iv) herein, (B) in the case of (iii) above, notice shall be deemed received one (1) business day after deposit with such nationally recognized overnight courier service, and (C) in the case of (iv) above, notice shall be deemed received five (5) business days after deposit with the United States mail. Notice of change of address shall be given by written notice in the manner detailed in this Section 9.05.

(a) Notwithstanding anything in this Agreement to the contrary, this Agreement shall not constitute an agreement to assign any asset or any claim or right or any benefit arising under or resulting from such asset if an attempted assignment thereof, without the consent of a third party, would constitute a breach or other contravention of the rights of such third party, would be ineffective with respect to any party to an agreement concerning such asset, or would in any way adversely affect the rights of Seller or, upon transfer, Purchasers or New Operator (or any of their respective subsidiaries or assigns) in connection with such asset. If any transfer or assignment

by Seller to, or any assumption by any Purchaser or the New Operator (or any of their respective subsidiaries or assigns) of, any interest in, or liability, obligation or commitment in connection with, any asset requires the consent of a third party, then such assignment or assumption shall be conditioned upon consent being obtained.

(b) If any such consent is not obtained prior to the Closing, Seller and the applicable Purchaser or New Operator shall cooperate (at their own expense) in any lawful and reasonable arrangement reasonably proposed by such Purchaser or New Operator under which such Purchaser or New Operator (or its subsidiaries or affiliates or assigns) shall obtain the economic claims, rights and benefits in connection with the asset, claim or right with respect to which the consent has not been obtained in accordance with this Agreement. Such reasonable arrangement may include (i) the subcontracting, sublicensing or subleasing to such Purchaser or New Operator (or its subsidiaries or affiliates or assigns) of any and all rights of Seller against the other party to such third-party agreement arising out of a breach or cancellation thereof by the other party, and (ii) the enforcement by Seller of such rights. To the extent, and only to the extent, the applicable Purchaser or New Operator (or its subsidiaries or affiliates or assigns) receives the economic claims, rights and benefits under such asset, such Purchaser or New Operator shall be responsible for the Assumed Liabilities, if any, arising under such asset.

(c) Seller shall pay on or before the Closing all transfer costs and expenses charged or incurred by third parties whose consents are required for Seller to transfer any Acquired Assets or Assigned Contracts to Purchaser, including, but not limited to the transfer charges set forth on Schedule 1.04(c) attached hereto (collectively, the “Transfer Costs”).

SECTION 1.05. Joinder of New Operator. The Initial Deposit and the Additional Deposit, less the Independent Consideration, together with accrued interests thereon, are collectively referred to herein as, the “Deposit”. Upon the Closing, the Deposit shall be released by Escrow Agent to Seller and applied towards the Purchase Price. As used herein, “Escrow Agent” shall mean Paul Avila of Fidelity National Title Insurance Company (“Escrow Agent”), 8525 Madison Avenue, Suite 110, Fair Oaks, CA 95628, telephone 916-646-6057, pavila@fnf.com.

(b) If this Agreement does not terminate on or before the Real Estate Due Diligence Period pursuant to Section 2.04 below, then the Deposit shall become non-refundable, except as otherwise expressly provided in this Agreement. Seller does not warrant or represent as to the accuracy or completeness of the information, materials and documents, or as to the possible existence of any additional information, materials or documents which may be material to Purchasers' decision to purchase the Acquired Assets, except as to any information materials and documents prepared by Seller. Seller shall promptly deliver to Purchaser any other documents and information reasonably requested by Purchaser between the Effective Date and the Closing Date.

SECTION 2.04. Purchaser Due Diligence Period. Seller and Purchasers hereby acknowledge that Purchasers may terminate this Agreement, for any reason or no reason at all, at any time prior to 5:00 p.m. Pacific time on the date that is seven (7) business days after Purchasers' receipt of all of the Required Operations Due Diligence Materials (as defined below) (the "Operations Due Diligence Period Expiration Date"), by providing written notice of termination to Seller and Escrow Agent prior to the Operations Due Diligence Period Expiration Date. Seller

and Purchasers hereby acknowledge that Purchasers may terminate this Agreement, for any reason or no reason at all, at any time prior to 5:00 p.m. Pacific time on the date that is thirty (30) days after the Effective Date (the “Real Estate Due Diligence Period Expiration Date”), by providing written notice of termination to Seller and Escrow Agent prior to the Real Estate Due Diligence Period Expiration Date; provided, however, Purchasers may not terminate this Agreement after the Operations Due Diligence Period Expiration Date and prior to the Real Estate Due Diligence Period Expiration due to any matters disclosed in the Required Operations Due Diligence Materials. If Purchaser terminates this Agreement in accordance with this Section 2.04, then this Agreement shall automatically terminate, the Deposit plus all accrued interest thereon shall be returned to Purchaser, and the parties shall thereafter be released from all further obligations under this Agreement, except those specifically provided herein to survive the termination of this Agreement. As used herein, “Required Operations Due Diligence Materials” means all of the items and materials identified in Schedule 2.04 attached hereto.

SECTION 2.05. Title, Environmental Review and Physical Review.

(a) Within seven (7) days after the Effective Date, Seller shall provide to Purchaser a copy of all currently effective title insurance policies and commitments and plats and land surveys (“ALTA Surveys”) in its possession that relate to the Facilities and each of the real property on which each Facility is located (collectively, the “Real Property”). Any new ALTA Survey or any existing ALTA Surveys updates (each, a “New Survey”) required by any Purchaser or any Purchaser’s lender shall be at such Purchaser’s sole cost and expense.

(b) Purchaser will use its commercially reasonable efforts to obtain as soon as practical, a preliminary report on title for each Facility, issued by Fidelity National Title Insurance Company (“Title Company”), which shall contain a commitment (each, a “Title Report”) of the Title Company to issue to the applicable Purchaser an owner’s policy of title insurance (each, a “Title Policy”) insuring the fee simple interest of such Purchaser in the applicable Facility. Each Title Report shall be delivered with legible copies of all recorded exceptions to title referred to therein to the extent reasonably available (the “Exception Documents”). Each Title Policy shall be in an amount equal to the amount of the Purchase Price allocated to such Facility. Seller will use their commercially reasonable efforts to cause all standard exceptions to be deleted from the policies at the Closing, including without limitation, executing Seller’s affidavits, gap indemnities and the like. The Purchasers shall have from the Effective Date until 5:00 p.m. Pacific Time on the Real Estate Due Diligence Period Expiration Date (the “Title Review Period”) to approve or disapprove in writing each Title Report, the ALTA Surveys and any New Survey with respect to the Facilities, with any such notice of disapproval specifying the Exception Documents or other matters to which the Purchasers object. The failure of any Purchaser to disapprove any lien or other matter reflected in any Title Report within the Title Review Period shall be deemed approved by the applicable Purchaser(s). Notwithstanding the foregoing, no Purchaser shall have the right to disapprove any of the following, all of which shall be deemed to be Permitted Liens hereunder: (A) matters created or consented to by any Purchaser, and (B) the Assumed Liabilities. If any Purchaser disapproves any lien or other matter reflected in any Title Report prior to the expiration of the Title Review Period, Seller shall have five (5) Business Days from the date of such disapproval in which to advise such Purchaser whether or not Seller is prepared to cure the same prior to the Closing, which decision shall be made by Seller in its sole and absolute discretion (which cure may be effected by payment and discharge of the objectionable

item or by causing the Title Company to remove the same as an exception or affirmatively insure over such item) and in the event Seller shall fail or refuse to do so within said five (5) Business Day period, such Purchaser shall have five (5) Business Days thereafter in which to advise Seller in writing of such Purchaser's election (x) to waive the matters to which Purchaser objected and which Seller is not prepared to cure and to proceed to Closing or (y) to either (i) terminate this Agreement in full, in which event the Deposit shall be returned to Purchasers, or (ii) terminate this Agreement with respect to the Real Property housing the Facility to which a Purchaser made an objection that Seller is unable or unwilling to cure, in which case the Purchase Price shall be reduced by an amount equal to the Allocated Value (as defined below) for the Facility in which this Agreement is being terminated.

If, after the Title Review Period, the Title Company issues any amendment, supplement or modification to a Title Report (each a, "Supplemental Commitment") with respect to any of the Real Property showing a lien or encumbrance against any Real Property that was not listed in any Title Report or any prior Supplemental Commitment (each a "New Title Matter"), then the applicable Purchaser may object to such New Title Matter by delivering written notice to Seller within five (5) days after such Purchaser's receipt of such Supplemental Commitment. If such Purchaser fails to so notify Seller in writing, then the New Title Matter shall be deemed a Permitted Lien. Seller shall have until five (5) days from receipt of such Purchaser's notice to notify Purchaser whether Seller will, in Seller's sole discretion (except for any voluntary monetary liens securing financings created by Seller, which Seller covenants to cause to be removed at the Closing), attempt to cause the New Title Matter to be removed at or before the Closing. If Seller fails to so notify the applicable Purchaser, Seller shall be deemed to have declined to remove the New Title Matter. If Seller declines or is deemed to have declined to remove a New Title Matter, then such Purchaser shall have five (5) days following the date that Seller declines, or is deemed to have declined, to remove the New Title Matter ("Termination Deadline") in which to advise in writing of Purchaser's election (x) to waive the matters to which Purchaser objected and which Seller is not prepared to cure and to proceed to Closing or (y) to either (i) terminate this Agreement in full, in which event the Deposit, shall be returned to Purchasers, or (ii) terminate this Agreement with respect to the Real Property housing the applicable Facility, in which case the Purchase Price shall be reduced by an amount equal to the Allocated Value for the Facility in which this Agreement is being terminated. If such Purchaser does not terminate this Agreement (in full or in part) pursuant to the preceding sentence on or before the Termination Deadline, then the New Title Matter shall be deemed a Permitted Lien. The Closing Date shall be extended up to fifteen (15) days, if necessary, to accommodate the foregoing time periods.

As used herein, "Allocated Value" with respect to any Facility means the total amount of the Purchase Price allocated to such Facility under Section 5.19 of this Agreement.

(c) Seller shall, upon request and reasonable advance notice from any Purchaser, permit any Purchaser and its agents to conduct Phase I environmental assessments for any of the Facilities (the "Phase I"), and Seller shall make available for review and copy any previously prepared Phase I's or other environmental assessments in their possession conducted for any of the Facilities or any of the Real Property. No Purchaser shall take any core samples, install any monitoring wells, or undertake any other invasive tests or studies, or communicate with any government officials or agencies regarding Hazardous Substances without Seller's prior written

consent (which may be withheld or conditioned by Seller in its reasonable discretion). Purchasers shall have until the Real Estate Due Diligence Period Expiration Date to approve or disapprove any Phase I in writing delivered to Seller. If any Phase I recommends that a Phase II be ordered, then such Phase II shall be obtained before such Purchaser is required to give the Environmental Notice (as defined below). Should any Purchaser disapprove any Phase I and/or related Phase II, such Purchaser shall notify Seller in writing of such disapproval at or prior to the Real Estate Due Diligence Period Expiration Date (the “Environmental Notice”). The failure of any Purchaser to deliver an Environmental Notice to Seller on or prior to the Real Estate Due Diligence Period Expiration Date shall be deemed approval by such Purchaser of the Phase I and Phase II (if applicable). If any Purchaser delivers an Environmental Notice to Seller before the Real Estate Due Diligence Period Expiration Date, then Purchasers shall have the right to terminate this Agreement in full, in which event the Deposit shall be returned to Purchasers, and neither Seller nor Purchasers shall have any further rights or obligations hereunder, except as otherwise expressly provided herein.

(d) From the Effective Date until 5:00 p.m. Pacific time on the Real Estate Due Diligence Period Expiration Date, Seller shall, upon request and reasonable advance notice from Purchasers, permit Purchasers and its authorized agents, employees, consultants, and representatives (“**Purchasers’ Agents**”) to conduct physical inspections of the Facilities, their component systems, and the furniture, fixtures and equipment located at the Facilities. Purchasers shall not conduct any invasive tests for studies at the Facilities in connection with their aforesaid inspections without Seller’s prior written consent (which may be withheld or conditioned by Seller in its reasonable discretion).

(e) Conditions to Entry. Purchasers’ and Purchasers’ Agents’ right of entry upon the Facilities shall be subject to, and Purchasers agree to perform, each of the following conditions:

(i) Purchasers shall pay all costs, expenses, liabilities and charges incurred by Purchasers and Purchasers’ Agents or related to said entry.

(ii) Purchasers, at Purchasers’ sole cost, shall repair all damage or injury caused by Purchasers or Purchasers’ Agents in connection with any such inspection or entry and shall return the Facilities to the condition existing prior to such entry.

(iii) Any entry upon the Facilities shall be upon a minimum of forty-eight (48) hours’ written notice to Seller, and Seller shall have the right to accompany Purchasers and Purchasers’ Agents on any such entry upon the Facilities.

(iv) Purchasers shall keep the Facilities free and clear of all liens arising out of Purchasers’ and Purchasers’ Agents’ activities conducted upon the Facilities.

(v) Purchasers shall indemnify, defend and hold Seller and its agents, employees, consultants and representatives (“**Seller’s Agents**”) and the Facilities free and harmless of and from all costs, expenses, damages, claims, liabilities, attorneys’ fees and costs or charges arising out of, or in any way connected with, the entry upon the Facilities by Purchasers and Purchasers’ Agents.

(vi) Purchasers shall provide to Seller a certificate of liability insurance, with a combined single limit of liability not less than TWO MILLION DOLLARS (\$2,000,000.00), and with an endorsement reasonably acceptable to Seller attached to such certificate. Seller and Seller's Agents shall be named as additional insured upon such insurance. Purchasers shall provide the certificate of such insurance with the additional insured endorsement prior to, and as a condition of, any such entry. The certificate of insurance: (i) shall require a minimum of thirty (30) days' written notice prior to the cancellation, lapse or modification of the insurance policy; (ii) shall not include provisions which only require the insurer to "endeavor to" provide such notice to Seller; and (iii) shall not include provisions which purport to exculpate the insurer for its failure to provide such notice.

(vii) Prior to performing any environmental tests or studies on the Facilities beyond the scope of work generally performed in a Phase I study, Purchasers shall notify Seller in writing of the scope of work intended to be performed and shall provide Seller an opportunity to confer, either directly or through Seller's consultants, with Purchasers' environmental consultants in order to determine whether to permit any sampling or testing of surface or subsurface soils, surface water or ground water (and with respect thereto Seller shall have complete and absolute discretion to grant or withhold its consent) or to refine the scope of the work to be performed. All information derived from Purchasers' tests and test results shall, to the extent permissible under existing law, remain confidential and not to be disclosed to any party other than as is necessary in connection with the consummation of the transactions contemplated hereby or as is necessary to comply with any obligations Purchasers may have under applicable law. Such parties would include public agencies, but not Purchasers' lenders, and future assignees/Facilities owners. Seller shall be entitled to receive copies of all tests, test results, studies and reports together with the right as a party of interest, to be able to access the consultant's file information and work product in the event of future need subsequent to the Closing. Purchasers shall obtain all consultants' consent to the foregoing as a part of any retention agreement. Such Seller's rights shall survive the Closing and recording of the grant deed from Seller to Purchasers.

No Other Warranties/"As Is" Purchase. Purchasers represent and warrant to Seller that: (i) Purchasers are experienced and sophisticated purchasers of properties such as the Facilities; (ii) Purchasers are (or prior to Closing, will be) specifically familiar with the Facilities; (iii) Purchasers have (or prior to Closing, will have) inspected and examined all aspects of the Facilities and its current condition which Purchasers believes are relevant to Purchasers' decision to purchase the Facilities; (iv) Purchasers, as of the date of this Agreement, have (or prior to Closing, will have) satisfied itself as to all matters relating to the Facilities; (v) Seller has (or prior to the end of the Feasibility Period, will have) made available to Purchasers and Purchasers' representatives for their review and inspection all plans, drawings, reports and other documents with respect to the Facilities which Purchasers have requested; (vi) except as contained in this Agreement, Seller is not making, has not made and expressly disclaims any representation or warranty, express or implied, that such documents delivered by Seller or made available for Purchasers' review and inspection constitute all of the documents and information in Seller's files relating to the Facilities; (vii) Seller is not making, has not made and expressly disclaims any representation, warranty, or other assurance whatsoever with respect to the Facilities or any condition or feature thereof, except as contained in this Agreement, including without limitation, any representation, warranty or assurance regarding the validity or accuracy of any documents delivered by Seller to Purchasers or made available for Purchasers' review and

inspection, other than documents prepared by Seller; (viii) Purchasers shall verify the accuracy and reliability of such documents with the third parties who prepared the same; (ix) Purchasers are (or prior to the Closing, will be) fully acquainted with the nature and condition, in all respects, of the Facilities, including the existence or availability of all permits and approvals from governmental authorities and the soil and geology thereof; and (x) Purchasers have (or prior to the Closing, will have) thoroughly inspected the Facilities and all conditions relating thereto and expressly waives any right to terminate this Agreement based upon the condition of the Facilities or any matters relating thereto, except as specifically warranted by Seller in this Agreement, in purchasing the Facilities pursuant to this Agreement, Purchasers are relying solely on their own investigation and inspection of the Facilities, and that the Facilities will be conveyed to and accepted by Purchasers at Closing in its "AS IS, WITH ALL FAULTS BASIS" condition. As of the Closing, Purchasers hereby expressly waive and forever release any and all rights, claims and actions that Purchasers may now have or hereafter acquire against Seller arising from or related to the Facilities. Provided, however, that such waiver and release shall not apply to any matter against which Seller has expressly agreed to indemnify Purchasers elsewhere in this Agreement, or to any other matter expressly represented and warranted elsewhere by Seller herein. The foregoing release specifically includes, but is not limited to the existence or presence on the Facilities of (i) construction, design or natural defects of any kind of nature, whether patent or latent, (ii) hazardous materials, and (iii) violations of any federal, state or local law or regulation applicable to the physical condition of the Facilities. Each applicable Purchaser shall have performed or complied in all material respects with all obligations and covenants required by this Agreement to be performed or complied with by such Purchaser by the time of the Closing, and Seller shall have received a certificate signed by an authorized officer of each applicable Purchaser to such effect.

(c) Transaction Documents. All Transaction Documents and other closing deliveries required to be made by Purchasers and/or New Operator under Section 2.07(b) of this Agreement, shall have been delivered to Escrow Agent on or before the date such deliveries are due under Section 2.07(b) of this Agreement.

(d) MOTA. The closing of the transactions contemplated under each MOTA shall occur simultaneously with the Closing under this Agreement.

(e) Attorney General Approval. Seller shall have obtained the Attorney General Approval and such Attorney General Approval does not impose any conditions on the approval that are unacceptable to Purchasers (in its reasonable determination).

(f) Board Approval. The board of directors of Seller shall have approved Seller entering into this Agreement and closing the transactions contemplated hereunder.

SECTION 6.04. Frustration of Closing Conditions. Neither any Purchaser nor Seller may rely on the failure of any condition set forth in this Article VI to be satisfied if such failure was caused by such party's failure to act in good faith or to use its reasonable efforts to cause the Closing to occur, as required by Section 5.05.

## ARTICLE VII TERMINATION, AMENDMENT AND WAIVER

### SECTION 7.01. Termination.

(a) Notwithstanding anything to the contrary in this Agreement, this Agreement may be terminated and the Acquisition and the other transactions contemplated by this Agreement abandoned at any time prior to any Closing:

(i) by the mutual written consent of Seller and Purchasers;

(ii) by Seller if any of the conditions set forth in Sections 6.01 or 6.03 shall have become incapable of fulfillment, and shall not have been waived by Seller, so long as none of Seller is then in material breach of any of its representations, warranties, covenants or Agreements contained in this Agreement;

(iii) by Purchasers if any of the conditions set forth in Sections 6.01 or 6.02 shall have become incapable of fulfillment, and shall not have been waived by Purchasers, so long as none

of the Purchasers is then in material breach of any of its representations, warranties, covenants or Agreements contained in this Agreement;

(iv) by Purchasers pursuant to the terms and provisions of Sections 2.04, 2.05 or 2.09;

(v) by Purchasers if any action or inaction on the part of Seller renders Seller unable to deliver good, valid and marketable title to any of the Acquired Assets to the applicable Purchasers and/or New Operator; and

(vi) by Purchasers if any action or notification of an intended action by any state or federal agency adversely affects any Facility's Licenses or Medicare or Medi-Cal provider Agreement(s);

provided, however, that the party seeking termination pursuant to clause (ii) or (iii) is not then in material breach of any of its representations, warranties, covenants or agreements contained in this Agreement.

(b) In the event of termination by Seller or Purchasers pursuant to this Section 7.01, written notice thereof shall forthwith be given to the other and the transactions contemplated by this Agreement shall be terminated, without further action by any party. If the transactions contemplated by this Agreement are terminated as provided herein:

(i) The Purchasers shall return all documents and other material received from Seller relating to the transactions contemplated hereby, whether so obtained before or after the execution hereof, to Seller; and

(ii) all confidential information received by any of the Purchasers with respect to the Business shall be treated in accordance with Section 5.04 of this Agreement, which provisions shall remain in full force and effect notwithstanding the termination of this Agreement.

SECTION 7.02. Effect of Termination. If this Agreement is terminated and the transactions contemplated hereby are abandoned as described in Section 7.01, this Agreement shall become null and void and of no further force and effect, except for the provisions of (i) Section 2.05 (e) relating to the obligations of Purchasers to indemnify Seller, (ii) Section 5.04 relating to the obligation of Purchasers to keep confidential certain information and data obtained by it from Seller, (iii) Sections 5.05 and 9.03 relating to certain expenses, (iv) Section 5.06 relating to finder's fees and broker's fees, (v) Section 7.01 and this Section 7.02 and (vi) Section 5.12 relating to publicity. Nothing in this Section 7.02(a) shall be deemed to release any party from any liability for any breach by such party of the terms and provisions of this Agreement or to impair the right of any party to compel specific performance by any other party of its obligations under this Agreement. If this Agreement is terminated in full pursuant to clauses (i), (ii) (for any reason other than a default by Purchasers), (iii), (iv), (v), or (vi) of Section 7.01(a), then the Deposit, plus all interest accrued thereon, shall be returned to Purchasers, provided that Purchasers have complied with the provisions of Section 5.04(a) are satisfied.

SECTION 7.03. Amendments and Waivers. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto. By an instrument in writing Purchasers, on the one hand, or Seller, on the other hand, may waive compliance by the

other party with any term or provision of this Agreement that such other party was or is obligated to comply with or perform.

## ARTICLE VIII INDEMNIFICATION

### SECTION 8.01. Indemnification by Seller

(a) Seller shall indemnify, defend and protect each Purchaser, the New Operator and its respective affiliates and its respective officers, directors, employees, stockholders, members, managers, partners, agents, attorneys and representatives against, and hold them harmless from, any loss, liability, claim, damage or expense (including reasonable legal fees and expenses) (collectively, the “Losses”), as incurred (payable promptly upon written request), arising from, in connection with or otherwise with respect to:

(i) any breach of any representation or warranty of Seller that is contained in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith (it being agreed and acknowledged by the parties that for purposes of each Purchaser’s and New Operator’s right to indemnification pursuant to this Section 8.01 the representations and warranties of Seller shall be deemed not qualified by any references therein to materiality generally or to whether or not any breach results or may result in Seller Material Adverse Effect);

(ii) any breach of any covenants of Seller contained in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith;

(iii) any Excluded Liability;

(iv) any fees, expenses or other payments incurred or owed by or claimed through Seller to any brokers, financial advisors or comparable other persons retained or employed by Seller in connection with the transactions contemplated by this Agreement or by any Ancillary Agreement, including, without limitation, any fees payable to the Broker in connection with the Closing; and

(v) any out-of-pocket expenses incurred by Purchaser or New Operator (including, without limitation, fees payable to any third-party consultants or professionals that Purchaser or New Operator deem reasonably necessary or appropriate, to restore any Facility into substantial compliance to the extent any Facility was Out of Compliance (hereinafter defined) as of the Closing Date), any applicable fines, penalties, damages and lost revenue arising either as a result of (i) Purchaser and New Operator electing to close notwithstanding a Facility having been Out of Compliance, or (ii) any Facility being Out of Compliance after the Closing as a result of acts, omissions or occurrences occurring prior to the Closing Date. “Out of Compliance” means (A) a finding by a Governmental Entity of one or more deficiencies at any Facility at a “level G” or above in either (x) its most recent standard or complaint survey that has not found to have been corrected such that such Facility is found to be in “substantial compliance” with applicable Health Care Requirements by the applicable Governmental Entity or (y) any prior survey that includes a finding which requires a resurvey which resurvey has not taken place with a finding that the applicable Facility was in substantial compliance; (B) a finding by a Governmental Entity that any Facility has deficiencies that have caused or are likely to cause serious harm, injury, impairment or death if not immediately rectified to resident health and safety that has not found to have been

corrected by the applicable Governmental Entity; (C) a recommendation by a Health Care Authority to the Centers for Medicare and Medicaid Services (“CMS”) or other Governmental Entity for the imposition against any Facility of civil monetary penalties, or the imposition of same by CMS; and/or (D) a denial of any Facility’s right to admit patients or to receive Medicare or Medi-Cal payments or reimbursements for existing patients or for new admissions, at any Facility; and

(vi) any claim by any Governmental Entity, third party payor, RAC audit, ZPIC audit, or any claim of recapture by the Centers for Medicare and Medicaid Services, the U.S. Office of Inspector General or any other Governmental Entity with respect to an alleged Medicare or Medi-Cal overpayment for periods relating prior to the Closing Date, including, without limitation, with respect to any Stimulus/Relief Funds received by any of Seller.

(b) Except as otherwise specifically provided in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith, each Purchaser acknowledges that its sole and exclusive monetary remedy after the Closing with respect to any and all claims relating to this Agreement, the Ancillary Agreements, any documents delivered in connection herewith or therewith, the Acquisition and the other transactions contemplated hereby and thereby (other than claims of, or causes of action arising from, fraud) shall be pursuant to the indemnification provisions set forth in this Article VIII.

#### SECTION 8.02. Indemnification by Purchasers and New Operator.

(a) Each Purchaser, jointly and severally, shall indemnify, defend and protect Seller, its affiliates, officers, directors, employees, stockholders, members, managers, partners, agents, attorneys and representatives against, and agrees to hold them harmless from, any Loss, as incurred (payable promptly upon written request), for or on account of or arising from or in connection with or otherwise with respect to (i) any breach of any representation or warranty of any Purchaser contained in any Transaction Document or in any document delivered in connection herewith or therewith, (ii) any breach of any covenants of any Purchaser contained in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith, or (iii) any fees, expenses or other payments incurred or owed by Purchaser Operator to any brokers, financial advisors or other comparable persons retained or employed by it in connection with the transactions contemplated by this Agreement or by any Ancillary Agreement, other than any fees payable to the Broker in connection with the Closing.

(b) The New Operator, jointly and severally, shall indemnify, defend and protect Seller, its affiliates, officers, directors, employees, stockholders, members, managers, partners, agents, attorneys and representatives against, and agrees to hold them harmless from, any Loss, as incurred (payable promptly upon written request), for or on account of or arising from or in connection with or otherwise with respect to (i) any breach of any representation or warranty of New Operator contained in any Transaction Document or in any document delivered in connection herewith or therewith, (ii) any breach of any covenants of the New Operator contained in this Agreement, in any Ancillary Agreement or in any document delivered in connection herewith or therewith, (iii) any fees, expenses or other payments incurred or owed by the New Operator to any brokers, financial advisors or other comparable persons retained or employed by it in connection

with the transactions contemplated by this Agreement or by any Ancillary Agreement, other than any fees payable to the Broker in connection with the Closing and (iv) any Assumed Liability.

SECTION 8.03. Calculation of Losses. The amount of any Loss for which indemnification is provided under this Article VIII shall be net of any amounts actually recovered by the indemnified party under insurance policies with respect to such Loss and shall be increased to take account of any Tax cost incurred by the indemnified party arising from the receipt of indemnity payments hereunder.

SECTION 8.04. Termination of Indemnification. The obligations to indemnify and hold harmless any party, (i) pursuant to Section 8.01(a)(i) or 8.02(i), shall terminate when the applicable representation or warranty terminates pursuant to Section 8.06 and (ii) pursuant to the other clauses of Sections 8.01 and 8.02 shall not terminate; provided, however, that, with respect to clause (i), such obligations to indemnify and hold harmless shall not terminate with respect to any item as to which the person to be indemnified shall have, before the expiration of the applicable period, previously made a claim by delivering a notice of such claim pursuant to Section 8.05 to the party to be providing the indemnification.

SECTION 8.05. Procedures.

(a) Third Party Claims. In order for a party (the “indemnified party”) to be entitled to any indemnification provided for under this Agreement in respect of, arising out of or involving a claim made by any person against the indemnified party (a “Third Party Claim”), such indemnified party must notify the indemnifying party in writing of the Third Party Claim with reasonable promptness following receipt by such indemnified party of written notice of the Third Party Claim; provided, however, that failure to give such notification shall not affect the indemnification provided hereunder except to the extent the indemnifying party shall have been actually and materially prejudiced as a result of such failure. Thereafter, the indemnified party shall deliver to the indemnifying party, with reasonable promptness following the indemnified party’s receipt thereof, copies of all notices and documents (including court papers) received by the indemnified party relating to the Third Party Claim.

(b) Assumption. If a Third Party Claim is made against an indemnified party, the indemnifying party shall be entitled to participate in the defense thereof and, if it so chooses, to assume the defense thereof with counsel selected by the indemnifying party; provided, however, that such counsel is reasonably satisfactory to the indemnified party. If the indemnifying party so elects to assume the defense of a Third Party Claim, the indemnifying party shall not be liable to the indemnified party for any legal expenses subsequently incurred by the indemnified party in connection with the defense thereof. If the indemnifying party assumes such defense, the indemnified party shall have the right to participate in the defense thereof and to employ counsel, at its own expense, separate from the counsel employed by the indemnifying party, it being understood that the indemnifying party shall control such defense. The indemnifying party shall be liable for the fees and expenses of counsel employed by the indemnified party for any period during which the indemnifying party has not assumed the defense thereof. If the indemnifying party chooses to defend or prosecute a Third Party Claim, all the indemnified parties shall cooperate in the defense or prosecution thereof. Such cooperation shall include the retention and (upon the indemnifying party’s request) the provision to the indemnifying party of records and

information that are reasonably relevant to such Third Party Claim, and making employees available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder. Whether or not the indemnifying party assumes the defense of a Third Party Claim, the indemnified party shall not admit any liability with respect to, or settle, compromise or discharge, such Third Party Claim without the indemnifying party's prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed). If the indemnifying party assumes the defense of a Third Party Claim, the indemnified party shall agree to any settlement, compromise or discharge of such Third Party Claim that the indemnifying party may recommend and that by its terms obligates the indemnifying party to pay the full amount of the liability in connection with such Third Party Claim, which releases the indemnified party completely in connection with such Third Party Claim and that would not otherwise adversely affect the indemnified party. The assumption by an indemnifying party of a Third Party Claim shall conclusively establish that such Third Party Claim is within the scope of and subject to indemnification hereunder. Notwithstanding the foregoing, the indemnifying party shall not be entitled to assume the defense of any Third Party Claim (and shall be liable for the reasonable fees and expenses of counsel incurred by the indemnified party in defending such Third Party Claim) if (i) the Third Party Claim seeks an order, injunction or other equitable relief or relief for other than money damages against the indemnified party or (ii) the indemnifying party is also a person against whom the Third Party Claim is made and the indemnified party determines in good faith that joint representation would be inappropriate.

(c) Other Claims. In the event any indemnified party has a claim against any indemnifying party under Section 8.01 or 8.02 that does not involve a Third Party Claim being asserted against or sought to be collected from such indemnified party, the indemnified party shall deliver notice of such claim with reasonable promptness to the indemnifying party. Subject to Sections 8.04 and 8.06, the failure by any indemnified party so to notify the indemnifying party shall not relieve the indemnifying party from any liability that it may have to such indemnified party under Section 8.01 or 8.02, except to the extent that the indemnifying party demonstrates that it has been materially prejudiced by such failure. If the indemnifying party does not notify the indemnified party within ten (10) calendar days following its receipt of such notice that the indemnifying party disputes its liability to the indemnified party under Section 8.01 or 8.02, such claim specified by the indemnified party in such notice shall be conclusively deemed a liability of the indemnifying party under Section 8.01 or 8.02 and the indemnifying party shall pay the amount of such liability to the indemnified party on demand or, in the case of any notice in which the amount of the claim (or any portion thereof) is estimated, on such later date when the amount of such claim (or such portion thereof) becomes finally determined.

(d) Escrow Funds. All claims for Losses for which indemnification of Purchaser or New Operator is provided under this Section 8 shall be made first against the Escrow Funds under the terms of the Escrow Indemnity Agreement. On the fourth anniversary of the Closing Date (the "Release Date"), the balance of the Escrow Fund then on deposit with Escrow Agent shall be released to Seller, less the amount of outstanding unresolved claims by Purchaser or New Operator on or before the Release Date, which amounts shall be retained by the Escrow Agent to be held and invested by it under the terms of Escrow Indemnity Agreement until such claims are finally resolved and then disbursed in accordance with the terms of the Escrow Indemnity Agreement.

(e) Survival. The indemnification obligations of the parties under this Article VIII shall survive the Closing.

SECTION 8.06. Survival of Representations and Covenants.

(a) The representations, warranties, covenants and agreements contained in this Agreement and in any document delivered in connection herewith shall survive the Closing for one (1) year following the Closing.

ARTICLE IX  
GENERAL PROVISIONS

SECTION 9.01. Assignment. This Agreement and the rights and obligations hereunder shall not be assignable or transferable by any Purchaser, New Operator or Seller (including by operation of law in connection with a merger or consolidation of any Purchaser New Operator or Seller) without the prior written consent of the other parties hereto, which consent, may be withheld in its sole and absolute discretion. Notwithstanding the foregoing, each Purchaser may without having to obtain the prior written consent of Seller (a) assign its rights hereunder, including its right to purchase the Acquired Assets or any portion thereof, or delegate the performance of any of its obligations hereunder, to one or more subsidiaries or affiliates of such Purchaser or any corporation, partnership, limited liability company, business trust or other entity owned, managed or controlled by, directly or indirectly, Abraham Bak and/or Menachem Gastwirth, (b) assign its rights hereunder by way of security and such secured party may assign such rights by way of exercise of remedies, and (c) assign its rights to indemnity, in whole or in part, to any purchaser of all or any portion of the Business or to the New Operator; provided, however, that no assignment shall limit or affect the assignor's obligations hereunder. Any attempted assignment in violation of this Section 9.01 shall be void.

SECTION 9.02. No Third-Party Beneficiaries. Except as provided in Article VIII and as expressly provided herein with respect to the New Operator, this Agreement is for the sole benefit of the parties hereto and their permitted assigns and nothing herein expressed or implied shall give or be construed to give to any person, other than the parties hereto and such assigns, any legal or equitable rights hereunder.

SECTION 9.03. Attorneys' Fees. A party in breach of this Agreement shall, on demand, indemnify and hold harmless the other party for and against all reasonable out-of-pocket expenses, including legal, accounting, consulting and expert witness fees and expenses, incurred by such other party by reason of the enforcement and protection of its rights under this Agreement. The payment of such expenses is in addition to any other relief to which such other party may be entitled.

SECTION 9.04. Intentionally Omitted.

SECTION 9.05. Notices. All notices or other communications required or permitted hereunder shall be addressed to the respective parties at the address set forth below, in writing, and shall be personally delivered (including by means of professional messenger service or reputable air express service utilizing receipts) or sent by (i) telecopy, receipt confirmed, or (ii) PDF via electronic mail (e-mail), or (iii) nationally-recognized overnight courier service (e.g., Federal

Express), or (iv) United States mail, certified, and postage fully prepaid, return receipt requested, and in each case (except as expressly set forth below) shall be deemed received upon the date of receipt thereof if received prior to 5:00 p.m. of the recipient's business day, provided that (A) in the case of (ii) above, either (x) the other party (or its counsel) acknowledges receipt thereof by return e-mail, or (y) an additional notice is sent pursuant to clause (i), (iii) or (iv) herein, (B) in the case of (iii) above, notice shall be deemed received one (1) business day after deposit with such nationally recognized overnight courier service, and (C) in the case of (iv) above, notice shall be deemed received five (5) business days after deposit with the United States mail. Notice of change of address shall be given by written notice in the manner detailed in this Section 9.05.

SECTION 9.06. Interpretation; Exhibits and Schedules; Certain Definitions. (a) The headings contained in this Agreement, in any Exhibit or Schedule hereto and in the table of contents to this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. All Recitals, and all Exhibits and Schedules annexed hereto or referred to herein are hereby incorporated in and made a part of this Agreement as if set forth in full herein. Any capitalized terms used in any Schedule or Exhibit but not otherwise defined therein, shall have the meaning as defined in this Agreement. When a reference is made in this Agreement to a Section, Article, Exhibit or Schedule, such reference shall be to a Section or Article of, or an Exhibit or Schedule to, this Agreement unless otherwise indicated.

(b) For all purposes hereof:

“Affiliate” of any person means another person that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with, such first person. For the purposes of this definition, “control” or “controlled” means the possession of the power, directly or indirectly, to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, by contract or otherwise.

“Ancillary Agreements” means all agreements and instruments executed and delivered in connection with this Agreement.

“including” means including, without limitation.

“Material Repairs” means non-cosmetic repairs or replacements to any Facility that are structural in nature or involve the electrical, mechanical, fire, life, safety or HVAC systems at any Facility or their roofs or involve environmental remediation.

“person” means any individual, firm, corporation, partnership, limited liability company, trust, joint venture, Governmental Entity, Health Care Authority, or other entity.

“subsidiary” of any person means another person, an amount of the voting securities, other voting ownership or voting partnership interests of which is sufficient to elect at least a majority of its board of directors or other governing body (or, if there are no such voting interests, 50% or more of the equity interests of which) is owned directly or indirectly by such first person or by another subsidiary of such person.

“Transaction Documents” means this Agreement together with the Ancillary Agreements.

SECTION 9.07. Authorship. The parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties, and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provisions of this Agreement.

SECTION 9.08. Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when one or more such counterparts have been signed by each of the parties and delivered to the other parties. Executed copies of this Agreement may be delivered by telecopier, email,

DocuSign or other electronic means and upon receipt will be deemed originals and binding upon the parties hereto, regardless of whether originals are delivered thereafter.

SECTION 9.09. Entire Agreement. This Agreement and the Ancillary Agreements, along with the Schedules and Exhibits thereto, contain the entire agreement and understanding between the parties hereto with respect to the subject matter hereof and supersede all prior agreements and understandings relating to such subject matter. Neither party shall be liable or bound to any other party in any manner by any representations, warranties or covenants relating to such subject matter except as specifically set forth herein or in the Ancillary Agreements.

SECTION 9.10. Severability. If any provision of this Agreement (or any portion thereof) or the application of any such provision (or any portion thereof) to any person or circumstance shall be held invalid, illegal or unenforceable in any respect by a court of competent jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision hereof (or the remaining portion thereof) or the application of such provision to any other persons or circumstances.

SECTION 9.11. Consent to Jurisdiction. Each party irrevocably submits to the exclusive jurisdiction of (a) any state court located in Sacramento County, California, and (b) the United States District Court for the Eastern District of California, for the purposes of any suit, action or other proceeding arising out of this Agreement, any Ancillary Agreement or any transaction contemplated hereby or thereby. Each of Purchasers and Seller agrees to commence any such action, suit or proceeding either in the United States District Court for the Eastern District of California or if such suit, action or other proceeding may not be brought in such court for jurisdictional reasons, in any state court located in Sacramento County, California. Each of Purchasers and Seller further agrees that service of any process, summons, notice or document by U.S. registered mail to such party's respective address set forth above shall be effective service of process for any action, suit or proceeding in California with respect to any matters to which it has submitted to jurisdiction in this Section 9.11. Each of Purchasers and Seller irrevocably and unconditionally waives any objection to the laying of venue of any action, suit or proceeding arising out of this Agreement, any Ancillary Agreement or the transactions contemplated hereby and thereby in (i) any state court located in Sacramento County, California, or (ii) the United States District Court for the Eastern District of California, and hereby further irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any such action, suit or proceeding brought in any such court has been brought in an inconvenient forum.

SECTION 9.12. Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of California applicable to agreements made and to be performed entirely within such State, without regard to the conflicts of law principles of such State.

SECTION 9.13. Waiver of Jury Trial. Each party hereby waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in respect to any litigation directly or indirectly arising out of, under or in connection with this Agreement, any Ancillary Agreement or any transaction contemplated hereby or thereby. Each party (a) certifies that no representative, agent or attorney of any other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce that foregoing waiver and

(b) acknowledges that it and the other parties hereto have been induced to enter into this Agreement and the Ancillary Agreements, as applicable, by, among other things, the mutual waivers and certifications in this Section 9.13.

SECTION 9.14. Patriot Act Representations. Seller and each Purchaser hereby represents and warrants that it is not, and is not acting, directly or indirectly, for or on behalf of, any person or entity named as a “specially designated national and blocked person” (as defined in Presidential Executive Order 13224) on the most current list published by the U.S. Treasury Department of Foreign Assets Control, and that it is not engaged in this transaction, directly or indirectly, on behalf of, and is not facilitating this transaction, directly or indirectly, on behalf of, any such person or entity. Seller and each Purchaser also represents and warrants that neither it nor its constituents or Affiliates are in violation of any Applicable Law relating to terrorism or money laundering, including the aforesaid Executive Order and the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (Public Law 107-56), as amended. Seller and each Purchaser hereby agrees to defend, indemnify and hold harmless the other parties from and against any and all Losses arising from or related to any breach of the foregoing representations and warranties by the indemnifying party.

SECTION 9.15. Business Day. If any day or date herein falls on a non-business day, then such day or date shall automatically be extended to the next business day. The term “Business Day” means any day other than (i) a Saturday or a Sunday, and (ii) a day on which federally insured depository institutions in Sacramento, California are authorized or obligated by law, regulation, governmental decree or executive order to be closed.

## GUARANTY

THIS GUARANTY (this “**Guaranty**”) is made as of \_\_\_\_\_, 2023 (the “**Effective Date**”), by ESKATON, a California nonprofit public benefit corporation, (the “**Guarantor**”), in favor of 11300 FAIR OAKS BOULEVARD, LLC, a California limited liability company, 455 FLORIN ROAD, LLC, a California limited liability company, 5318 MANZANITA AVENUE, LLC, a California limited liability company (each, a “**Purchaser**” and collectively, the “**Purchasers**”), \_\_\_\_\_, a \_\_\_\_\_, \_\_\_\_\_, a \_\_\_\_\_, and \_\_\_\_\_, a \_\_\_\_\_ (each, a “**New Operator**” and collectively, the “**New Operators**”), and each of their respective successors and assigns, with reference to the following:

### RECITALS:

**WHEREAS**, Eskaton Properties, Incorporated, a California nonprofit public benefit corporation (“**Seller**”) and Purchaser are parties to that certain Asset Purchase Agreement, dated as of \_\_\_\_\_, 2023 (the “**APA**”), pursuant to which Purchaser agreed to purchase from Seller all of the Acquired Assets (as defined in the APA).

**WHEREAS**, pursuant to the terms and provisions of Article VIII of the APA, Seller has agreed to indemnify, defend, protect and hold harmless each of the Purchaser Indemnified Parties for certain Losses (as each such term is defined in the APA), as more particularly described and set forth in Section 8.01 of APA (collectively, the “**Seller Indemnity Obligations**”).

**WHEREAS**, Purchaser would not have agreed to close the transactions contemplated under the APA without Guarantor’s agreement to guaranty the Seller Indemnity Obligations.

**WHEREAS**, capitalized terms used herein and not defined herein shall have the meanings ascribed to them in the APA.

**WHEREAS**, Guarantor is an affiliate of Seller, and Guarantor will benefit from the closing of the transactions contemplated under the APA.

**NOW, THEREFORE**, as an inducement to Purchasers and New Operators to close the transactions contemplated under the APA, and for other good and valuable consideration, the receipt and legal sufficiency of which are hereby acknowledged, the parties do hereby agree as follows:

## ARTICLE I NATURE AND SCOPE OF GUARANTY

**1.1 Guaranty of Obligations.** Guarantor hereby irrevocably and unconditionally guarantees to the Purchaser Indemnified Parties all of the payment and performance obligations and liabilities of Seller under Article VIII of the APA with respect to the Seller Indemnity Obligations in accordance with the terms and provisions of Article VIII of the APA (collectively, the “**Guaranteed Obligations**”).

**1.2 Nature of Guaranty.** This Guaranty is an irrevocable, absolute, continuing guaranty of payment and performance and not a guaranty of collection. This Guaranty may not be revoked by Guarantor and shall continue to be effective with respect to any Guaranteed Obligations arising or created after any attempted revocation by Guarantor and after Guarantor's death (in which event this Guaranty shall be binding upon such Guarantor's estate and such Guarantor's legal representatives and heirs). The fact that at any time or from time to time the Guaranteed Obligations may be increased or reduced shall not release or discharge the obligation of Guarantors to any of the Purchaser Indemnified Parties with respect to the Guaranteed Obligations. This Guaranty may be enforced by any of the Purchaser Indemnified Parties and any of their respective successors and/or assigns and shall not be discharged by the assignment of all or part of their rights under the APA. This Guaranty is independent of the obligations of Seller under the APA.

**1.3 Obligations Not Reduced by Offset.** The Obligations and the liabilities and obligations of Guarantor to Purchaser hereunder, shall not be reduced, discharged or released because or by reason of any existing or future offset, claim or defense of Seller, or any other party, against any of the Purchaser Indemnified Parties or against payment of any of the Guaranteed Obligations, whether such offset, claim or defense arises in connection with any of the Guaranteed Obligations (or the transactions creating any of the Guaranteed Obligations) or otherwise.

**1.4 Payment by Guarantor.** If all or any part of the Guaranteed Obligations shall not be punctually paid when due, whether at demand, maturity, acceleration or otherwise, Guarantor shall, immediately upon demand by any of the Purchaser Indemnified Parties, and without presentment, protest, notice of protest, notice of non-payment, notice of intention to accelerate the maturity, notice of acceleration of the maturity, or any other notice whatsoever, pay in lawful money of the United States of America, the amount due on the Guaranteed Obligations to Purchasers at their address as set forth herein. Such demand(s) may be made at any time coincident with or after the time for payment of all or part of the Guaranteed Obligations, and may be made from time to time with respect to the same or different Guaranteed Obligations. Such demand shall be deemed made, given and received in accordance with the notice provisions hereof.

**1.5 No Duty to Pursue Others.** It shall not be necessary for any of the Purchaser Indemnified Parties (and Guarantor hereby waives any rights which Guarantor may have to require any of the Purchaser Indemnified Parties), in order to enforce the obligations of Guarantor hereunder, first to (a) institute suit or exhaust its remedies against Seller or others liable for the Guaranteed Obligations or any other person, (b) enforce any of the Purchaser Indemnified Parties' rights against any collateral which shall ever have been given to secure the Guaranteed Obligations, (c) enforce any of the Purchaser Indemnified Parties' rights against any other guarantors of the Guaranteed Obligations, (d) join Seller or any others liable on the Guaranteed Obligations in any action seeking to enforce this Guaranty, (e) exhaust any remedies available to any of the Purchaser Indemnified Parties against any collateral which shall ever have been given to secure the Guaranteed Obligations, or (f) resort to any other means of obtaining payment of the Guaranteed Obligations. None of the Purchaser Indemnified Parties shall be required to mitigate damages or take any other action to reduce, collect or enforce the Guaranteed Obligations.

**1.6 Waivers.** Guarantor hereby waives notice of (a) acceptance of this Guaranty, (b) any amendment or extension of the APA, (c) the occurrence of any breach or default by Seller under the APA, (d) any Purchaser's and/or any New Operator's assignment of their rights under the APA, or any part thereof, (e) sale or foreclosure (or posting or advertising for sale or foreclosure) of any collateral for the Guaranteed Obligations, (f) protest, proof of non-payment or default by Seller, and (g) any other action at any time taken or omitted by any of the Purchaser Indemnified Parties, and, generally, all demands and notices of every kind in connection with this Guaranty and the APA.

**1.7 Payment of Expenses.** In the event that Guarantor should breach or fail to timely perform any provisions of this Guaranty, Guarantor shall, immediately upon demand by any of the Purchaser Indemnified Parties, pay any attorneys' fees, court costs and other costs and expenses incurred by any of the Purchaser Indemnified Parties under this Guaranty and/or under the APA in connection with enforcing their rights under this Guaranty and the APA, respectively, with respect to the Seller Indemnity Obligations. The covenant contained in this Section shall survive the payment and performance of the Guaranteed Obligations.

**1.8 Effect of Bankruptcy.** In the event that, pursuant to any insolvency, bankruptcy, reorganization, receivership or other debtor relief law, or any judgment, order or decision thereunder, any of the Purchaser Indemnified Parties must rescind or restore any payment, or any part thereof, received by any of the Purchaser Indemnified Parties in satisfaction of the Guaranteed Obligations, as set forth herein, any prior release or discharge from the terms of this Guaranty given to Guarantor by Purchasers and New Operators shall be without effect, and this Guaranty shall remain in full force and effect. It is the intention of Seller and Guarantor that Guarantor's obligations hereunder shall not be discharged except by Guarantor's performance of such obligations and then only to the extent of such performance.

**1.9 Waiver of Subrogation, Reimbursement and Contribution.** Notwithstanding anything to the contrary contained in this Guaranty, Guarantor hereby unconditionally and irrevocably waives, releases and abrogates any and all rights it may now or hereafter have under any agreement, at law or in equity (including, without limitation, any law subrogating Guarantor to the rights of any of the Purchaser Indemnified Parties), to assert any claim against or seek contribution, indemnification or any other form of reimbursement from Seller, any other guarantor or any other party liable for payment of any or all of the Guaranteed Obligations for any payment made by Guarantor under or in connection with this Guaranty or otherwise; provided, however, that after the Guaranteed Obligations have been paid in full to the Purchaser Indemnified Parties and the Purchaser Indemnified Parties' rights thereto are indefeasible under all laws, including without limitation all bankruptcy, insolvency or other laws, rules, regulations or orders affecting the rights of creditors, or any proceeding affecting Seller or any other party, then, and only in that event, Guarantor shall have the right to claim or seek contribution, indemnification or other form of reimbursement from Seller, any other guarantor or any other party liable for payment of the Guaranteed Obligations.

**ARTICLE II**  
**EVENTS AND CIRCUMSTANCES NOT REDUCING**  
**OR DISCHARGING GUARANTOR'S OBLIGATIONS**

Guarantor hereby consents and agrees to each of the following, and agrees that Guarantor's obligations under this Guaranty shall not be released, diminished, impaired, reduced or adversely affected by any of the following, and waives any common law, equitable, statutory or other rights (including, without limitation, rights to notice) which Guarantor might otherwise have as a result of or in connection with any of the following:

**2.1 Modifications.** Any renewal, extension, increase, modification, alteration or rearrangement of all or any part of the Guaranteed Obligations, the APA or any other document, instrument, contract or understanding between Seller, Purchasers and New Operators or any other parties, pertaining to the Guaranteed Obligations or any failure of any Purchaser and/or any New Operator to notify any Guarantor of any such action.

**2.2 Adjustment.** Any adjustment, indulgence, forbearance or compromise that might be granted or given by any of the Purchaser Indemnified Parties to Seller or any other guarantor.

**2.3 Condition of Seller or Guarantor.** The insolvency, bankruptcy, arrangement, adjustment, composition, liquidation, disability, dissolution or lack of power of Seller, Guarantor or any other party at any time liable for the payment of all or part of the Guaranteed Obligations; or any dissolution of Seller or Guarantor, or any sale, lease or transfer of any or all of the assets of Seller or Guarantor, or any changes in the shareholders, partners or members of Seller or Guarantor; or any reorganization of Seller or Guarantor.

**2.4 Invalidity of Obligations.** The invalidity, illegality or unenforceability of all or any part of the Guaranteed Obligations, or any document or agreement executed in connection with the Guaranteed Obligations, for any reason whatsoever, including without limitation the fact that (a) the Guaranteed Obligations, or any part thereof, exceeds the amount permitted by law, (b) the act of creating the Guaranteed Obligations or any part thereof is ultra vires, (c) the officers or representatives of Seller executing the APA or otherwise creating the Guaranteed Obligations acted in excess of their authority, (d) the Guaranteed Obligations violate applicable usury laws, (e) Seller having valid defenses, claims or offsets (whether at law, in equity or by agreement) which render the Guaranteed Obligations wholly or partially uncollectible from Seller, (f) the creation, performance or repayment of the Guaranteed Obligations (or the execution, delivery and performance of any document or instrument representing part of the Guaranteed Obligations or executed in connection with the Guaranteed Obligations, or given to secure the repayment of the Guaranteed Obligations) is illegal, uncollectible or unenforceable, or (g) Seller's signature to the APA has been forged or otherwise is irregular or not genuine or authentic, it being agreed that Guarantor shall remain liable hereon regardless of whether Seller or any other person is found not liable on the Guaranteed Obligations or any part thereof for any reason.

**2.5 Release of Obligors.** Any full or partial release of the liability of Seller of the Guaranteed Obligations, or any part thereof, or of any co-guarantors, or any other person or entity now or hereafter liable, whether directly or indirectly, jointly, severally, or jointly and

severally, to pay, perform, guarantee or assure the payment of the Guaranteed Obligations, or any part thereof, it being recognized, acknowledged and agreed by Guarantor that Guarantor may be required to pay the Guaranteed Obligations in full without assistance or support of any other party, and Guarantor has not been induced to enter into this Guaranty on the basis of a contemplation, belief, understanding or agreement that other persons will be liable to pay or perform the Guaranteed Obligations, or that any of the Purchaser Indemnified Parties will look to other persons to pay or perform the Guaranteed Obligations.

**2.6 Other Collateral.** The taking or accepting of any other security, collateral or guaranty, or other assurance of payment, for all or any part of the Guaranteed Obligations.

**2.7 Release of Collateral.** Any release, surrender, exchange, subordination, deterioration, waste, loss or impairment (including, without limitation, negligent, willful, unreasonable or unjustifiable impairment) of any collateral, property or security at any time existing in connection with, or assuring or securing payment of, all or any part of the Guaranteed Obligations.

**2.8 Care and Diligence.** The failure of any of the Purchaser Indemnified Parties or any other party to exercise diligence or reasonable care in the preservation, protection, enforcement, sale or other handling or treatment of all or any part of such collateral, property or security, including, but not limited, to any neglect, delay, omission, failure or refusal of any of the Purchaser Indemnified Parties (a) to take or prosecute any action for the collection of any of the Guaranteed Obligations, (b) to foreclose, or initiate any action to foreclose, or, once commenced, prosecute to completion any action to foreclose upon any security therefor, or (c) to take or prosecute any action in connection with any instrument or agreement evidencing or securing all or any part of the Guaranteed Obligations.

**2.9 Unenforceability.** The fact that any collateral, security, security interest or lien contemplated or intended to be given, created or granted as security for the repayment of the Guaranteed Obligations, or any part thereof, shall not be properly perfected or created, or shall prove to be unenforceable or subordinate to any other security interest or lien, it being recognized and agreed by Guarantor that Guarantor is not entering into this Guaranty in reliance on, or in contemplation of the benefits of, the validity, enforceability, collectability or value of any of the collateral for the Guaranteed Obligations.

**2.10 Offset.** Any existing or future right of offset, claim or defense of Seller against any of the Purchaser Indemnified Parties, or any other person, or against payment of the Guaranteed Obligations, whether such right of offset, claim or defense arises in connection with the Guaranteed Obligations (or the transactions creating the Guaranteed Obligations) or otherwise.

**2.11 Merger.** The reorganization, merger or consolidation of Seller into or with any other corporation, limited liability company or entity.

**2.12 Preference.** Any payment by Seller to any of the Purchaser Indemnified Parties is held to constitute a preference under bankruptcy laws or for any reason any of the

Purchaser Indemnified Parties is required to refund such payment or pay such amount to Seller or someone else.

**2.13 Other Actions Taken or Omitted.** Any other action taken or omitted to be taken with respect to the APA, the Guaranteed Obligations, or the security and collateral therefor, whether or not such action or omission prejudices Guarantor or increases the likelihood that Guarantor will be required to pay the Guaranteed Obligations pursuant to the terms hereof, it is the unambiguous and unequivocal intention of Guarantor that Guarantor shall be obligated to pay the Guaranteed Obligations when due, notwithstanding any occurrence, circumstance, event, action, or omission whatsoever, whether contemplated or un contemplated, and whether or not otherwise or particularly described herein, which obligation shall be deemed satisfied only upon the full and final payment and satisfaction of the Guaranty Obligations.

### **ARTICLE III REPRESENTATIONS, WARRANTIES AND COVENANTS**

Guarantor hereby represents, warrants and covenants to Purchaser as follows:

**3.1 Benefit.** Guarantor is an affiliate of Seller, and has received, or will receive, direct or indirect benefit from the making of this Guaranty with respect to the Guaranteed Obligations.

**3.2 Familiarity and Reliance.** Guarantor is familiar with, and has independently reviewed books and records regarding, the financial condition of the Seller and is familiar with the value of any and all collateral intended to be created as security for the payment of the Guaranteed Obligations; however, Guarantor is not relying on such financial condition or the collateral as an inducement to enter into this Guaranty.

**3.3 No Representation By Purchaser.** Neither any of the Purchaser Indemnified Parties nor any other party has made any representation, warranty or statement to Guarantor in order to induce the Guarantor to execute this Guaranty.

**3.4 Guarantor's Financial Condition.** As of the date hereof, and after giving effect to this Guaranty and the contingent obligation evidenced hereby, Guarantor is, and will be, solvent, and has and will have assets which, fairly valued, exceed its obligations, liabilities (including contingent liabilities) and debts, and has and will have property and assets sufficient to satisfy and repay its obligations and liabilities. Guarantor hereby covenants and agrees that from and after the Effective Date it shall not take any of the following actions without the prior written consent of Purchasers and New Operators (which consent may be granted or withheld in Purchasers' and New Operators' sole and absolute discretion): (a) sell all or substantially all of its assets; (b) take any other action that would have a material adverse effect on the Guarantor's ability to pay any of its liabilities or perform any of its obligations under this Guaranty; or (c) take any Bankruptcy Action. For purposes hereof, the term "**Bankruptcy Action**" shall mean any of the following: (i) the event of a filing by or against Guarantor of a petition under federal or state law pertaining to bankruptcy or insolvency or for a reorganization or other relief, unless, in the case of a petition filed against Guarantor, the same is dismissed within sixty (60) days; (ii) if Guarantor shall admit in writing its inability to pay its debts

generally as they become due; (iii) if Guarantor is adjudicated as bankrupt or a court of competent jurisdiction shall enter an order or decree appointing, with or without the consent of Guarantor, a receiver of Guarantor or of the whole or substantially all of its property; or (iv) if Guarantor makes any general assignment for the benefit of creditors.

**3.5 Financial Statements.** All statements respecting the financial condition of Guarantor which have been furnished to Purchasers and New Operators (a) are or shall be accurate and complete in all respects as of the dates appearing thereon; (b) present or shall present fairly the financial condition and results of operations of the person to whom the financial statement applies as of the dates and for the periods shown on such statements; (c) disclose or shall disclose all suits, actions, proceedings and contingent liabilities materially affecting the person to whom the financial statement applies; and (d) since the last date covered by the financial statements which have been furnished to the Purchasers and the New Operators through the Effective Date, there has been no material adverse change in the financial condition of Guarantor. Guarantor hereby covenants and agrees that it shall deliver to Purchasers and New Operators: (i) financial statements for Guarantor for Guarantor's most recent fiscal year within ninety (90) days after the close of each fiscal year; and (ii) the most recent federal income tax returns for Guarantor within thirty (30) days after the date on which such returns are filed by Guarantor. All financial information and statements provided by Guarantor to Purchasers and New Operators shall be certified to be true and correct by an officer or manager of Guarantor.

**3.6 Legality.** The execution, delivery and performance by Guarantor of this Guaranty and the consummation of the transactions contemplated hereunder do not, and will not, contravene or conflict with any law, statute or regulation whatsoever to which Guarantor is subject or constitute a default (or an event which with notice or lapse of time or both would constitute a default) under, or result in the breach of, any indenture, mortgage, deed of trust, charge, lien, or any contract, agreement or other instrument to which Guarantor is a party or which may be applicable to Guarantor. This Guaranty is a legal and binding obligation of Guarantor and is enforceable in accordance with its terms, except as may be limited by bankruptcy, insolvency, reorganization, moratorium, arrangement or other laws of general application relating to the enforcement of creditors' rights and general principles of equity.

**3.7 Survival.** All representations, warranties and covenants made by Guarantor herein shall survive the execution hereof.

#### **ARTICLE IV INTENTIONALLY OMITTED**

#### **ARTICLE V MISCELLANEOUS**

**5.1 Waiver.** No failure to exercise, and no delay in exercising, on the part of any of the Purchaser Indemnified Parties, any right hereunder, shall operate as a waiver thereof, nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right. The rights of Purchaser Indemnified Parties hereunder shall be in addition to all other rights provided by law. No modification or waiver of any provision of this Guaranty, or consent to any departure therefrom, shall be effective unless in writing and no such

consent or waiver shall extend beyond the particular case and purpose involved. No notice or demand given in any case shall constitute a waiver of the right to take other action in the same, similar or other instances without such notice or demand.

**5.2 Notices.** All notices or other communications required or permitted hereunder shall be addressed to the respective parties at the address set forth below, in writing, and shall be personally delivered (including by means of professional messenger service or reputable air express service utilizing receipts) or sent by (a) telecopy, receipt confirmed, or (b) PDF via electronic mail (e-mail), or (c) nationally-recognized overnight courier service (e.g., Federal Express), or (d) United States mail, certified, and postage fully prepaid, return receipt requested, and in each case (except as expressly set forth below) shall be deemed received upon the date of receipt thereof if received prior to 5:00 p.m. of the recipient's business day, provided that (i) in the case of (b) above, either (x) the other party (or its counsel) acknowledges receipt thereof by return e-mail, or (y) an additional notice is sent pursuant to clause (a), (c) or (d) herein, (ii) in the case of (c) above, notice shall be deemed received one (1) business day after deposit with such nationally recognized overnight courier service, and (iii) in the case of (d) above, notice shall be deemed received five (5) business days after deposit with the United States mail. **5.4 Invalid Provisions.** If any provision of this Guaranty is held to be illegal, invalid, or unenforceable under present or future laws effective during the term of this Guaranty, such provision shall be fully severable and this Guaranty shall be construed and enforced as if such illegal, invalid or unenforceable provision had never comprised a part of this Guaranty, and the remaining provisions of this Guaranty shall remain in full force and effect and shall not be affected by the illegal, invalid or unenforceable provision or by its severance from this Guaranty, unless such continued effectiveness of this Guaranty, as modified, would be contrary to the basic understandings and intentions of the parties as expressed herein.

(o) Any right or defense arising by reason of the absence, impairment, modification, limitation, destruction or cessation (in bankruptcy, by an election of remedies, or otherwise) of the liability of Seller.

(p) Any right or defense based on the absence of any or all presentments, demands (including demands for performance), notices (including notices of adverse change in the financial status of Seller or other facts which increase the risk to Guarantor, notices of non-performance and notices of acceptance of this Guaranty) and protests of each and every kind, now or hereafter provided for by any statute or rule of law.

(q) Any claim Guarantor might otherwise have against any of the Purchaser Indemnified Parties by virtue of any of the Purchaser Indemnified Parties' invocation of any right, remedy or recourse permitted it hereunder, under the APA or otherwise available at law or equity.

(r) Any failure, omission, delay or lack on the part of any of the Purchaser Indemnified Parties or Seller to enforce, assert or exercise any right, power or remedy conferred on any of the Purchaser Indemnified Parties or Seller in this Guaranty and/or the APA, or any action on the part of any of the Purchaser Indemnified Parties granting a waiver, indulgence or extension to Seller or Guarantor.

The Partnership Representative is authorized and required to represent the Company (at the Company's expense) in connection with all examinations of the Company's affairs by any tax authorities, including resulting administrative and judicial proceedings, to sign consents and enter into settlement and other agreements with such authorities with respect to any such examinations or proceedings, and to expend the Company's funds for professional services incurred in connection therewith.

(b) The Partnership Representative shall duly and timely elect under Section 6226 of the Internal Revenue Code to require each person who was a Member during the taxable year of Company that was audited (a “Reviewed Year”) to personally bear its proportionate share of all taxes, interest, additions to tax, and penalties (“Tax Liability”) resulting from adjustments based on such audit and shall notify each such person and the Internal Revenue Service of each person’s proportionate share of the audit adjustments. If for any reason the Company is liable for a Tax Liability as a result of an audit, each person who was a Member during the Reviewed Year shall pay to the Company an amount equal to such person’s proportionate share of the Tax Liability, as determined by the Partnership Representative, based on the amount each person should have borne (computed at the tax rate used to compute the Company’s liability) had the Company’s tax return for the Reviewed Year reflected the audit adjustment, and the expense for the Company’s payment of such Tax Liability shall be specially allocated to such persons (or their successors) in such proportions. The obligations of each Member or former Member under this paragraph shall survive the transfer or redemption by such Member of its interest in the Company and the termination of this Agreement or the dissolution of the Company.

(c) Each Member shall provide such cooperation and assistance, including executing and filing forms or other statements and providing information about the Member, as is reasonably requested by the Partnership Representative to enable the Company to satisfy any applicable tax reporting or compliance requirements, to make any tax election or to qualify for an exception from or reduced rate of tax or other tax benefit or be relieved of liability for any tax regardless of whether such requirement, tax benefit or tax liability existed on the date such Member was admitted to the Company. If a Member fails to provide any such forms, statements, or other information requested by the Partnership Representative, such Member shall indemnify the Company for the share of any tax deficiency paid or payable by the Company that is due to such failure (as reasonably determined by the Partnership Representative). The obligations set forth in this paragraph will survive such Member ceasing to be a Member of the Company and/or the termination, dissolution, liquidation and winding up of the Company.

(d) The Partnership Representative is not personally liable for monetary damages to the Company, its Members, or any other person for any statement, vote, decision, action, failure to act, or breach of, or failure to discharge, its duties or obligations in such capacity, except to the extent such damages arose from the Partnership Representative’s fraud, bad faith, willful misconduct or gross negligence, or to the extent such exemption from liability or limitation thereof is not permitted under applicable law.

(e) The Company shall, to the fullest extent permitted by applicable law, indemnify and hold harmless any person who serves as Partnership Representative, or as an officer or director of a corporate Partnership Representative, with respect to any claim or demand against such person and any debt, obligation or other liability incurred by such person by reason of such person’s former or present capacity as the Partnership Representative (or as an officer or director of a corporate Partnership Representative). The indemnification provided hereunder shall not be deemed exclusive of any other rights to which any person may be entitled under this Agreement, or under any applicable law, or any other agreement. Any amendment, modification or repeal of any portion of this paragraph shall not adversely affect any right or protection of a Partnership Representative in respect of any act or omission occurring prior to the time of such amendment, modification or repeal. Notwithstanding the preceding provisions of this paragraph, the Company

shall not indemnify the Partnership Representative for any liability for fraud, bad faith, willful misconduct or gross negligence.

(f) The Partnership Representative may employ tax counsel to represent the Company in connection with any tax audit or investigation of the Company and any administrative or judicial proceedings arising out of such audit. The fees and expenses of such counsel shall be a Company expense and shall be paid by the Company.

#### 6.6 Annual Filings With the Secretary of State.

Any transfer made without such consent is null and void. As used herein, "Permitted Transfer" means any transfer to (i) another Member, (ii) a trust for such Member's benefit or the benefit of such Member's spouse and/or family, (iii) any family member(s) of such Member as a result of such Member's death, (iv) such Member's spouse or former spouse in connection with a property settlement agreement or decree of marital dissolution, or (v) any other person if there is no change in beneficial ownership and/or control of such interest.

Each Member so electing to purchase shall be entitled to purchase a portion of such Membership Interest in the same proportion that the Percentage Interest of such Member bears to the aggregate of the

Percentage Interests of all of the Members electing to so purchase the Membership Interest being transferred. In the event any Member elects to purchase none or less than all of his pro rata share of such Membership Interest, then the other Members can elect to purchase more than their pro rata share.

11.3 Within fifteen (15) days after receipt of the Transfer Notice, the Members electing to purchase such Membership Interest shall have the first right to purchase or obtain such Membership Interest at the time, upon the price and terms of payment designated in such notice. If such notice provides for the payment of non-cash consideration, such purchasing Members each may elect to pay the consideration in cash equal to the good faith estimate of the present fair market value of the noncash consideration offered as determined by the Managers.

11.4 If the other Members elect not to purchase or obtain all of the Membership Interest designated in the Transfer Notice, then the Transferor may transfer the Membership Interest described in the Transfer Notice to the proposed transferee, provided such transfer (i) is completed within thirty (30) days after the expiration of the other Members' right to purchase such Membership Interest, (ii) is made on terms no less favorable to the transferring Member than as designated in the Transfer Notice, and (iii) the requirements of Section 11 are met. If such Membership Interest is not so transferred, the transferring Member must give notice in accordance with this Section prior to any other or subsequent Transfer of such Membership Interest.

Any transfer made without such consent is null and void. As used herein, "Permitted Transfer" means any transfer to (i) another Member, (ii) a trust for such Member's benefit or the benefit of such Member's spouse and/or family, (iii) any family member(s) of such Member as a result of such Member's death, (iv) such Member's spouse or former spouse in connection with a property settlement agreement or decree of marital dissolution, or (v) any other person if there is no change in beneficial ownership and/or control of such interest.

Each Member so electing to purchase shall be entitled to purchase a portion of such Membership Interest in the same proportion that the Percentage Interest of such Member bears to the aggregate of the

Percentage Interests of all of the Members electing to so purchase the Membership Interest being transferred. If such notice provides for the payment of non-cash consideration, such purchasing Members each may elect to pay the consideration in cash equal to the good faith estimate of the present fair market value of the noncash consideration offered as determined by the Managers.

11.4 If the other Members elect not to purchase or obtain all of the Membership Interest designated in the Transfer Notice, then the Transferor may transfer the Membership Interest described in the Transfer Notice to the proposed transferee, provided such transfer (i) is completed within thirty (30) days after the expiration of the other Members' right to purchase such Membership Interest, (ii) is made on terms no less favorable to the transferring Member than as designated in the Transfer Notice, and (iii) the requirements of Section 11 are met. #### 4.3 Additional Capital Contributions.

(a) Additional Capital Contributions. If the Managers determine that funds are needed to fulfill the Company’s and/or any Subsidiary’s obligations and meet the Company’s and/or any Subsidiary’s operating expenses, in excess of the sources of funds, debt and capital otherwise specified in this Agreement, subject to receipt of approval of a Majority of the Members, the Managers shall give written notice to the Members of the Managers’ determination of the amount then needed (an “Additional Capital Call”), the Member’s proportionate share of such additional capital (which shall be in proportion to each Member’s Capital Percentage) and shall specify a contribution date (which shall not be less than twenty-one (21) days following the giving of such notice). Each Member shall make its additional Capital Contribution to the Company on or before the date specified in the Managers’ notice.

(b) Loans Versus Advances. Notwithstanding Section 4.3(a) hereof, the Managers and all of the Nondefaulting Members may specify together that all additional contributions pursuant to the applicable Additional Capital Call are instead advances of funds to the Company instead of Capital Contributions. In such event, such Members shall be entitled to receive interest on the amounts so advanced at the Reference Rate, and such funds and the interest therefor shall be repaid prior to payment of any distributions to the Members. If all Members contribute their additional Capital Contribution pursuant to the Additional Capital Call, then such sums shall be treated as Capital Contributions.

#### (c) Failure to Make Required Contributions.

(i) If any of the Members is a Defaulting Member, then (A) any of the Nondefaulting Members shall have the option to (1) if the Managers and all of the Nondefaulting Members elect to treat the additional Capital Contributions as advances of funds pursuant to Section 4.3(b) above, advance funds to the Company as Permitted Loans in an amount equal to the amount that was to have been contributed by the Defaulting Member, in which event such Members shall be entitled to receive interest on the amounts so advanced at the Reference Rate, and/or (2) contribute as a Capital Contribution all or a portion of the amount that was to have been contributed by the Defaulting Member. If any of the Nondefaulting Members lends funds to the Company as Permitted Loans, such funds and the interest thereon shall be repaid prior to the payment of any distribution or payment to the Members or their Affiliates. If any Nondefaulting Member or Members contribute as a Capital Contribution all or a portion of the amount that was to have been contributed by the Defaulting Member, (A) the Member Percentage of any Defaulting

Member shall be decreased by an amount calculated as follows: the Member Percentage that such Defaulting Member would otherwise be entitled under the terms of this Agreement shall be multiplied by a fraction with a numerator equal to the Capital Contribution of such Defaulting Member and the denominator equal to the Capital Contribution of such Defaulting Member plus the additional Capital Contribution that has been made by the Nondefaulting Member(s), and (B) the Member Percentage of the Nondefaulting Member(s) making the additional Capital Contribution shall be increased by the percentage points that the Defaulting Member's Member Percentage was decreased.

(ii) Section 4.3(c)(i) shall not apply if the Member who failed to make timely a Capital Contribution has submitted to a Reference Procedure, on the terms and conditions as set forth in Section 15.16, the issue as to whether the Member was required to make the Capital Contribution, during such time as the Reference Procedure is still ongoing. During such Reference Procedure, the Member may, but shall not be obligated to, advance funds to the Company, in which case such Member or Members shall be entitled to receive interest on the amount so advanced at the Reference Rate. If a Member loans funds to the Company, such funds and the interest thereon shall be repaid prior to the payment of any Distribution or payment to the Members or their Affiliates.

(d) Good Faith. In determining whether or not to make a call for additional Capital Contributions, the Managers shall at all times act in good faith, taking into consideration only the best interests of the Company and the Subsidiaries.

4.4 Right of Withdrawal. No Member shall have the right to withdraw or be repaid any part of the contributions of such Member to the capital of the Company or any earnings thereon, except as specifically provided in this Agreement.

#### 4.5 Capital Accounts.

The initial balance of the Capital Account for each Member shall be such Member's Initial Capital Contribution when and as made. Each Member's Capital Account shall be increased by (i) such Member's additional Capital Contributions (including the Value of any property contributed), (ii) such Member's distributive share of Profits, and any items in the nature of income or gain which are specially allocated pursuant to Sections 5.2 and 5.3, (iii) the amount of any Company liabilities that are assumed by such Member within the meaning of Regulations Section 1.704-1(b)(2)(iv)(c), and (iv) the amount of any liabilities that are secured by any Company property distributed to such Member to the extent the Member is considered to assume or take such property subject to such liabilities under Code Section 752. Each Member's Capital Account shall be decreased by (i) the amount of cash and the Value of any Company property distributed to such Member as Distributions, (ii) such Member's distributive share of Losses and any items in the nature of expenses or losses which are specially allocated pursuant to Sections 5.1 and 5.4, (iii) the amount of any liabilities of such Member that are assumed by the Company within the meaning of Regulations Sections 1.704-1(b)(2)(iv)(c) and (iv) the amount of any liabilities that are secured by any property contributed by such Member to the Company to the extent the Company is

considered to assume, or to take such property subject to, such liabilities under Code Section 752. The amount of expenditures of the Company which are neither deductible nor properly chargeable to a capital account under Code Section 705(a)(2)(B) or which are treated as such expenditures under Regulations Section 1.704(b)(2)(iv)(i) shall reduce Capital Accounts and shall be allocated among the Members in proportion to their respective Member Percentages.

(b) Compliance with Regulations. The foregoing provisions and the other provisions of this Agreement relating to the maintenance of Capital Accounts are intended to comply with Code Section 704(b) and Regulations Section 1.704-1(b), and shall be interpreted and applied in a manner consistent with such Code and Regulations and, in the event of conflict with such Code and Regulations, such Code and Regulations shall prevail. In the event of the transfer of all or any part of its interest in the Company by a Member in accordance with the terms and conditions of this Agreement, the transferee shall succeed to the Capital Account of the transferor to the extent the Capital Account relates to the transferred interest. Thereafter, the Capital Account of such transferee shall be adjusted in accordance with Section 4.5(a) hereof.

## ARTICLE V

### ALLOCATIONS

5.1 Allocation of Losses. Losses of the Company for each Fiscal Year shall be allocated to the Members as follows:

(a) First, among the Members as necessary to cause each Member's Capital Account balance to equal the sum of (A) the amount of Distributable Net Cash Flow that would be distributed to such Member pursuant to Section 6.3 with respect to such Fiscal Year if the Company applied and/or distributed all of the Distributable Net Cash Flow for such Fiscal Year pursuant to Section 6.3, plus (B) the amount that would be distributed to such Member pursuant to Section 6.3 if the Company (a) applied and/or distributed all Distributable Net Cash Flow received with respect to such Fiscal Year pursuant to Section 6.3 and (b) then sold all of its remaining assets for their adjusted tax basis (or adjusted book basis in the case of property whose Value is different from its adjusted basis) and applied/or distributed the proceeds therefrom and its reserves (net of debt repayments) to the Members pursuant to Section 6.3; and

(b) Second, after giving effect to the allocations made pursuant to Section 5.1(a), among the Members in proportion to the Members' respective Capital Percentages.

For purposes of Sections 5.1 and 5.2, the balance in the Capital Account of each Member shall be deemed to be increased by the Capital Account deficit that each such Member is obligated or deemed obligated to restore (pursuant to Regulations Section 1.704-2, any provision of this Agreement or otherwise) and deemed to be decreased by the adjustments required by Regulations Section 1.704-1(b)(2)(ii)(d)(4), (5) & (6).

5.2 Allocation of Company Profits. Profits of the Company for each Fiscal Year shall be allocated to the Members as necessary to cause the Capital Account balance of each Member to equal the sum of (i) the amount that would be distributed to such Member pursuant to Section 6.3 if the Company then applied and/or distributed all of the Distributable Net Cash Flow for such Fiscal Year pursuant to Section 6.3, plus (ii) the amount that would be distributed to such Member pursuant to Section 6.3 if the Company then sold all of its assets other than amounts described in the preceding clause (i) for their adjusted tax basis (or adjusted book basis in the case of property whose Value is different from its adjusted basis) and applied and/or distributed the proceeds therefrom and its reserves (net of debt repayments) to the Members pursuant to Section 6.3.

5.3 Allocation of Excess Nonrecourse Liabilities. In accordance with Regulations Section 1.752-3(a)(3), solely for purposes of determining each Member's proportionate share of "excess nonrecourse liabilities" of the Company (as defined in Regulations Section 1.752-3(a)(3)), the Members' respective interests in Company profits shall be in the proportion that the Total Capital of each Member bears to the Total Capital of all Members (each Member's "Capital Percentage").

5.4 Special Allocations.

(a) Nonrecourse Debt Minimum Gain Chargeback. If there is a net decrease in a Member's share of Membership Minimum Gain during any Fiscal Year, then notwithstanding any other provision of this Agreement, such Member shall be allocated items of income and gain for such Fiscal Year (and, if necessary, for other Fiscal Years) in a manner that complies with the "minimum gain chargeback" requirements of Regulations Section 1.704-2(f).

(b) Member Minimum Gain Chargeback. If there is a net decrease in a Member's share of Member Nonrecourse Debt Minimum Gain during any Fiscal Year, then notwithstanding any other provision of this Agreement, such Member shall be allocated items of income and gain for such Fiscal Year (and, if necessary, for other Fiscal Years) in a manner that complies with the "partner nonrecourse debt minimum gain chargeback" requirements of Regulations Section 1.704-2(i).

(c) Qualified Income Offset. To comply with the "qualified income offset" requirements of Regulations Section 1.704(b)-1(b)(2)(ii)(d) and notwithstanding any other provision of this Agreement except Sections 5.4(a) and 5.4(b), if a Member would have a deficit Capital Account balance after adjusting the Member's Capital Account (i) upward for the amounts that such Member is obligated or deemed obligated to restore (pursuant to any provision of this Agreement or otherwise) and (ii) downward by the adjustments required by Regulations Section 1.704-1(b)(2)(ii)(d)(4), (5) & (6), items of income or gain of the Company shall be allocated to such Member in an amount and manner sufficient to eliminate as quickly as possible the deficit Capital Account balance determined under this Section 5.4(c).

(d) Gross Income Allocation. In the event any Member has a deficit Capital Account at the end of any Fiscal Year which is in excess of the sum of (i) the amount such Member is obligated to restore pursuant to any provision of this Agreement, and (ii) the amount such Member is deemed obligated to restore pursuant to the penultimate sentences of Regulations

Sections 1.704-2(g)(1) and 1.704-2(i)(5), each such Member shall be specially allocated items of income and gain of the Company in the amount of such excess as quickly as possible, provided that an allocation pursuant to this Section 5.4(d) shall be made only if and to the extent that such Member would have a deficit Capital Account in excess of such sum after all other allocations provided in this Article V have been made as if Section 5.4(c) and this Section 5.4(d) were not in this Agreement.

(e) Nonrecourse Deductions. Nonrecourse Deductions for any Fiscal Year shall be specially allocated to the Members in the proportion that their respective Capital Percentages.

(f) Member Nonrecourse Deductions. Member Nonrecourse Deductions for any Fiscal Year shall be specially allocated to the Member who bears the economic risk of loss with respect to the Member Nonrecourse Debt to which the Member Nonrecourse Deductions are attributable in accordance with Regulations Section 1.704-2(i).

(g) Section 754 Adjustments. To the extent an adjustment to the adjusted tax basis of any Company asset pursuant to Code Section 734(b) or Code Section 743(b) is required, pursuant to Regulations Section 1.704-1(b)(2)(iv)(m)(2) or Regulations Section 1.704-1(b)(2)(iv)(m)(4), to be taken into account in determining Capital Accounts as the result of a distribution to a Member in complete liquidation of his interest in the Company, the amount of such adjustment to the Capital Accounts shall be treated as an item of gain (if the adjustment increases the basis of the asset) or loss (if the adjustment decreases such basis) and such gain or loss shall be specially allocated to the Members in accordance with their interests in the Company in the event Regulations Section 1.704-1(b)(2)(iv)(m)(2) applies, or to the Member to whom such distribution was made in the event Regulations Section 1.704(b)(2)(iv)(m)(4) applies.

(h) Income Characterization. For purposes of determining the character of any item of income or gain allocated under this Agreement, the portion of such income or gain treated as ordinary income because of depreciation recapture, shall be allocated among the Members to the extent possible in the proportion that (i) the amount of depreciation previously allocated to each Member bears to (ii) the total of such depreciation allocated to all Members. This Section 5.4(h) shall only alter the character of items of income or gain allocated to the Members and not the amounts.

5.5 Intent of Allocations. The parties intend that the foregoing tax allocation provisions of this Article V, as applied for book purposes, shall produce final Capital Account balances of the Members that would permit liquidating distributions, if such distributions were made in accordance with final Capital Account balances (instead of being made in the order of priorities set forth in Section 6.3 to be made (after unpaid loans and interest thereon, including those owed to Members have been paid) in a manner identical to the order of priorities set forth in Section 6.3. To the extent that the tax allocation provisions of this Article V (as applied for book purposes) would fail to produce such final Capital Account balances, (i) such provisions shall be amended by the Members if and to the extent necessary to produce such result, and (ii) taxable income and taxable loss of the Company for prior open years (or items of gross income and deduction of the Company for such years) shall be reallocated among the Members to the extent it is not possible

to achieve such result with allocations of items of income (including gross income) and deduction for the current year and future years, as reasonably approved by all Members. This Section 5.5 shall control notwithstanding any reallocation or adjustment of taxable income, taxable loss, or items thereof (as computed for book or tax purposes) by the Internal Revenue Service or any other taxing authority.

5.6 Section 704(c) Allocations. In accordance with Code Section 704(c), income, gain, loss and deduction with respect to any property contributed to the capital of the Company, solely for tax purposes, shall be allocated among the Members so as to take account of any variation between the adjusted basis of such property to the Company for federal income tax purposes and its Value. In the event that the Company adjusts the Value of an asset, subsequent allocations of income, gain, loss, and deduction with respect to such asset shall take account of any variation between the adjusted basis of such asset for federal income tax purposes and its Value in the same manner as under Code Section 704(c) and the Regulations thereunder. Any elections or other decisions relating to such allocations shall be made as reasonably determined by the Managers and a Majority of the Members in any manner that reasonably reflects the purpose and intent of this Agreement. Allocations pursuant to this Section 5.6 are solely for purposes of federal, state and local taxes and shall not affect, or in any way be taken into account in computing, any Member's Capital Account or share of Profits, Losses or other items or Distributions pursuant to any provision of this Agreement.

5.7 Change in Regulations. If any of the Regulations upon which the special allocations in this Article V are based are hereafter changed or if new Regulations are hereafter adopted and in the opinion of reputable tax counsel retained by the Company those changes or new Regulations make it necessary to revise or add to the special allocations rules of this Article V to avoid a significant risk that a material portion of any allocation governed by this Article V would be reallocated by the Internal Revenue Service, this Agreement may be amended in accordance with Section 15.12 to avoid or reduce significantly such risk to the extent possible without materially affecting the amounts distributable to any Member pursuant to this Agreement.

5.8 Change in Member Percentages. In the event Member Percentages of the Members change during a Fiscal Year for any reason, the allocation of Profits and Losses of the Company for such Fiscal Year shall be adjusted to reflect the varying Member Percentages of the Members during such Fiscal Year by making daily prorations of Profits and Losses for the Fiscal Year among the Members based on the number of days in the Fiscal Year that the Members held their respective Member Percentages and otherwise as required under Code Section 706 and the Regulations thereunder.

## ARTICLE VI

### DISTRIBUTIONS

6.1 Distribution Policy. Except for Distributions upon liquidations of the Company (which Distributions shall be made in accordance with Section 10.4 hereof), the Managers shall from time to time, make Distributions to the Members of Distributable Net Cash Flow, if any. Such distributions may, in whole or in part, constitute withdrawals or reductions of capital by the

Members, and all Members hereby consent thereto; provided, however, that no such Distributions may be made if the Members receiving such Distributions would be obligated to return such Distributions under the Act. Subject to this Section, all Distributions shall be made concurrently to all Members entitled to Distributions under Section 6.3 on the date set for such Distribution. The Managers shall determine the amount and date of each such Distribution and the date for ascertaining all Members' percentage interests in such Distribution. No Distributions of Company property other than cash shall be made to any Member without the prior written consent of all Members, which may be granted or withheld in such Members' sole and absolute discretion.

6.2 Treatment of Distributions. The Managers shall withhold from Distributions to any Member any amount required to be withheld under applicable federal and state statutes, rules and regulations. Any amounts withheld from Distributions shall be treated as distributed to the Member on whose behalf the withholding was made. Solely for tax purposes, any distributions (including deemed distributions) made before the end of a Fiscal Year (other than liquidating distributions) shall be treated as advances or drawings on the date distributed and as actually distributed on the last day of the Fiscal Year.

6.3 Distributions of Distributable Net Cash Flow. Distributions of Distributable Net Cash Flow for any month shall be made by the Company to the Members in the following amounts and priorities on a cumulative basis:

(a) First, to the Members in proportion to their Permitted Loans made pursuant to Section 4.3, if any, until each of the Members who has made such Permitted Loan(s) has received Distributions under this Section 6.3(a) that reduce the outstanding balance of principal and accrued interest on their Permitted Loan(s) to zero;

(b) Second, to the Members, in proportion to their Capital Contributions until each of the Members has received Distributions under this Section 6.3(b) in an amount equal to its Capital Contributions;

(c) Then, to the Members in accordance with their respective Member Percentages.

## ARTICLE VII

7.1 Management. The Company shall be controlled by the its Managers who, subject to the restrictions of Section 7.3(a) below, shall have the exclusive authority to manage the operations and affairs of the Company and to make all decisions regarding the business of the Company. Abraham Bak ("Bak") and Menachem Gastwirth ("Gastwirth") shall each have the right to appoint one (1) Manager. The initial Manager appointed by Bak (the "Bak Manager") shall be Abraham Bak so long as he is living and competent to serve as Manager. The initial Manager appointed by Gastwirth (the "Gastwirth Manager") shall be Menachem Gastwirth so long as he is living and competent to serve as Manager. In the event one of the aforesaid Persons is no longer able to serve as Manager, Bak, or his successors and assigns, shall select a replacement for

the Bak Manager; and Gastwirth, or his successors and assigns, shall select a replacement for the Gastwirth Manager. Bak shall have the right, at any time, to remove the Bak Manager and select a replacement for the Bak Manager. Gastwirth shall have the right, at any time, to remove the Gastwirth Manager and select a replacement for the Gastwirth Manager. Each Manager shall have one (1) vote for any decision made by the Managers and the vote of both Managers shall be required for all decisions. Notwithstanding anything to the contrary, so long as either Abraham Bak or Menachem Gastwirth are serving as a Manager, the signature of either of them alone shall be sufficient to bind the Company. At such time as neither of them is serving as a Manager, the signatures of both Managers shall be required to bind the Company to any document, instrument or certificate, of any nature whatsoever. Persons dealing with the Company are entitled to rely exclusively on the power and authority of the Managers as set forth in this Agreement. Except as otherwise expressly set forth in this Agreement, in no event shall the Members take part in, or interfere in any manner with, the management, conduct or control of the Company business or have any right or authority to act for or bind the Company.

## 7.2 Partnership Representative.

(a) The Managers and the Company shall take all reasonable actions to opt out of and avoid the application to the Company of the provisions of sections 6221 through 6241 of the Code, as amended by the Bipartisan Budget Act of 2015 (“Budget Act Provisions”). If, however, the Budget Act Provisions do apply to the Company, the Managers shall appoint an individual or entity to serve as the Company’s “Partnership Representative” for purposes of Sections 6221 through 6241 of the Code. The Partnership Representative shall be Abraham Bak unless and until the Managers appoint a successor Partnership Representative. The Partnership Representative is authorized and required to represent the Company (at the Company’s expense) in connection with all examinations of the Company’s affairs by any tax authorities, including resulting administrative and judicial proceedings, to sign consents and enter into settlement and other agreements with such authorities with respect to any such examinations or proceedings, and to expend the Company’s funds for professional services incurred in connection therewith.

(b) The Partnership Representative shall duly and timely elect under Section 6226 of the Internal Revenue Code to require each person who was a Member during the taxable year of Company that was audited (a “Reviewed Year”) to personally bear its proportionate share of all taxes, interest, additions to tax, and penalties (“Tax Liability”) resulting from adjustments based on such audit and shall notify each such person and the Internal Revenue Service of each person’s proportionate share of the audit adjustments. If for any reason the Company is liable for a Tax Liability as a result of an audit, each person who was a Member during the Reviewed Year shall pay to the Company an amount equal to such person’s proportionate share of the Tax Liability, as determined by the Partnership Representative, based on the amount each person should have borne (computed at the tax rate used to compute the Company’s liability) had the Company’s tax return for the Reviewed Year reflected the audit adjustment, and the expense for the Company’s payment of such Tax Liability shall be specially allocated to such persons (or their successors) in such proportions. The obligations of each Member or former Member under this paragraph shall survive the transfer or redemption by such Member of its interest in the Company and the termination of this Agreement or the dissolution of the Company.

(c) Each Member shall provide such cooperation and assistance, including executing and filing forms or other statements and providing information about the Member, as is reasonably requested by the Partnership Representative to enable the Company to satisfy any applicable tax reporting or compliance requirements, to make any tax election or to qualify for an exception from or reduced rate of tax or other tax benefit or be relieved of liability for any tax regardless of whether such requirement, tax benefit or tax liability existed on the date such Member was admitted to the Company. If a Member fails to provide any such forms, statements, or other information requested by the Partnership Representative, such Member shall indemnify the Company for the share of any tax deficiency paid or payable by the Company that is due to such failure (as reasonably determined by the Partnership Representative). The obligations set forth in this paragraph will survive such Member ceasing to be a Member of the Company and/or the termination, dissolution, liquidation and winding up of the Company.

(d) The Partnership Representative is not personally liable for monetary damages to the Company, its Members, or any other person for any statement, vote, decision, action, failure to act, or breach of, or failure to discharge, its duties or obligations in such capacity, except to the extent such damages arose from the Partnership Representative's fraud, bad faith, willful misconduct or gross negligence, or to the extent such exemption from liability or limitation thereof is not permitted under applicable law.

(e) The Company shall, to the fullest extent permitted by applicable law, indemnify and hold harmless any person who serves as Partnership Representative, or as an officer or director of a corporate Partnership Representative, with respect to any claim or demand against such person and any debt, obligation or other liability incurred by such person by reason of such person's former or present capacity as the Partnership Representative (or as an officer or director of a corporate Partnership Representative). The indemnification provided hereunder shall not be deemed exclusive of any other rights to which any person may be entitled under this Agreement, or under any applicable law, or any other agreement. Any amendment, modification or repeal of any portion of this paragraph shall not adversely affect any right or protection of a Partnership Representative in respect of any act or omission occurring prior to the time of such amendment, modification or repeal. Notwithstanding the preceding provisions of this paragraph, the Company shall not indemnify the Partnership Representative for any liability for fraud, bad faith, willful misconduct or gross negligence.

(f) The Partnership Representative may employ tax counsel to represent the Company in connection with any tax audit or investigation of the Company and any administrative or judicial proceedings arising out of such audit. The fees and expenses of such counsel shall be a Company expense and shall be paid by the Company.

7.3 Powers and Authority. Subject to the provisions of the Act and contrary provisions of this Agreement, the Managers shall have the exclusive power and authority, on behalf of the Company, to enter into, make and perform any and all contracts and other undertakings or obligations, including executing a lease for any property, and any other matter which concerns any Company property, and to engage in and carry on any and all activities and transactions necessary, advisable or incidental to carry out the purposes of the Company, as set forth in Section 2.3 of this Agreement.

Except as otherwise provided in this Agreement, no Member shall take part in the control of the business of the Company, nor shall any Member have the right of authority to act for or bind the Company. Unless inconsistent with this Agreement, the Managers may engage, on behalf of the Company, such Persons (including accountants, attorneys, affiliates and Persons which are Members) as they may deem advisable in their reasonable judgment for the conduct of the business of the Company, on such terms and for such compensation as the Managers may reasonably determine. The Managers shall not have any power or authority, on behalf of the Company, to enter into any contract, arrangement or undertaking not within the purposes of the Company.

(a) Restrictions on Authority of Managers. Notwithstanding any other provisions of this Agreement, the Managers shall not have the authority to do any of the following acts, or any act constituting a Major Decision, without first obtaining the written approval of a Majority of the Members:

- (i) Doing any act in contravention of this Agreement;
- (ii) Doing any act which would make it impossible to carry out the ordinary business of the Company, including selling or leasing assets of the Company or any Subsidiary.
- (iii) Confessing a judgment or settling or adjusting any claim against the Company where the amount in controversy exceeds Five Thousand dollars (\$5,000.00) per occurrence or claim of Ten Thousand Dollars (\$10,000.00) in the aggregate per year, or executing or delivering any assignment for the benefit of the creditors of the Company;
- (iv) Acquire fee ownership of any real property or equity interest in an entity that is acquiring or that owns real property, other than the Subsidiaries acquiring the Facilities;
- (v) Issue guaranties on behalf of the Company and/or any Subsidiary of debt obligations of any other Person;
- (vi) Execute and deliver, on behalf of the Company and/or any Subsidiary all contracts and other documents, and any amendments or modifications thereto, that are out of the ordinary course of business, including without limitation, new financing or leasing documents on behalf of the Company and/or any Subsidiary;
- (vii) Admitting any other person or entity as a Manager except as otherwise provided in this Agreement;
- (viii) Voluntarily withdrawing from the Company; and
- (ix) Except as specifically provided in this Agreement, amend this Agreement.

7.4 Operating Expenses. The Managers shall be entitled to reimbursement from the Company for third-party out-of-pocket expenses expended by the Managers and directly

attributable to the conduct of the Company's business, including bookkeeping services, telephone, travel and similar costs, employee costs and a portion of overhead expenses (such as office rent and personnel costs), except to the extent attributable to a Bad Act of the applicable Manager or its Affiliates. All such expenses shall be reimbursed to the Managers from the gross receipts of the Company prior to any Distribution hereunder. The Company's ongoing legal and accounting costs shall be paid directly by the Company.

7.5 Devotion of Time; Other Activities. Each Manager shall devote only such time and effort to the business and affairs of the Company as such Manager shall reasonably deem necessary or appropriate to implement the purposes of the Company. Any Member and any officer, director, employee or affiliate, if any, of any Member, may engage in or possess an interest in other business ventures of every nature and description, whether similar to or dissimilar from or competitive with the business of the Company, independently or with others, without any requirement that such Member offer participations therein to the other Members, or any of them, and neither the Company nor any of the Members shall have any right, by virtue of this Agreement, in and to such other ventures or to the income or profits derived therefrom.

7.6 Self-Dealing. Except as otherwise provided herein, the Managers shall not, on behalf of the Company, procure services or purchase goods from, nor sell any goods or services of the Company to, the Managers or any of their respective Affiliates except with the prior written consent of a Majority of the Members.

7.7 Advances by the Managers. Except as otherwise provided in this Agreement (including without limitation Section 4.3), the Managers shall have no responsibility and duty to the Company or the Members to provide the Company with additional capital necessary for the operation of the Company business in the event the capital contributions provided for herein and Company income prove to be insufficient to pay or satisfy any debts, obligations, costs, or expenses incurred in the operation of the business of the Company, or to maintain Company assets, or for any other proper Company purpose.

7.8 Pre-Operating Expense Reimbursement. The Managers shall receive reimbursement from the Company for due diligence expenses, attorneys' fees and costs, and all other pre-operating expenses incurred by the Managers with respect to the Company, the Subsidiaries, the Facilities or the formation of the Company (including, without limitation, attorneys' fees and costs for the acquisition of the Facilities by the Subsidiaries and for the preparation and negotiation of this Agreement), upon submission of invoices therefor to the Company.

7.9 Management Fees.

No management fees shall be paid to the Managers for serving in said capacity.

7.10 Intentionally Omitted.

7.11 No Liability to Members. Except in the case of Bad Acts or except as expressly provided in this Agreement, the Managers shall not be liable to any Member or the Company for

any action taken as a Manager with respect to the Company which was reasonably believed by such Manager to be within the scope of the authority conferred by this Agreement and by law.

7.12 Indemnification. No Manager shall be liable to the Company or to any Member for any act or omission suffered or taken by such Manager in good faith except to the extent the same is attributable to a Bad Act of such Manager or its Affiliates. Each Manager and its Affiliates shall be fully protected and indemnified by the Company against all liabilities and losses suffered by virtue of such Manager's status as a Manager performing services under Section 7.1 (including amounts paid in respect of judgments, fines or in settlement of litigation and expenses reasonably incurred by it in connection with any pending or threatened litigation or proceeding) with respect to any action or omission suffered or taken, including but not limited to any action taken by such Manager in the formation and operation of the Company and liabilities arising under the Code, provided that such acts or omissions do not constitute (i) fraud or misappropriation of Company funds, (ii) gross negligence or wanton or willful misconduct by such Manager which results in a material adverse impact on the Company, its property or its business operations, (iii) a breach of such Manager's fiduciary duty, (iv) any defalcation by a Manager or other felonious criminal act by such Manager, (v) a bankruptcy of a Manager or if a Manager is other than a natural person, a bankruptcy of its constituent general partners, or (vi) a material default by the Company under any agreement with a Company lender or under any other material agreement to which the Company is a party that is caused by an act or omission described in clauses (i), (ii), (iii), (iv), (v) or (vi) that is not cured within the time provided under such agreement (all such acts or omissions described in clauses (i), (ii), (iii), (iv), (v), (vi) and (vii) being collectively referred to herein as "Bad Act"). The indemnification of each Manager shall not apply to the extent that the liabilities or losses are caused by Bad Acts of such Manager or its Affiliates. If a Manager or any of its Affiliates commits a Bad Act (other than a Bad Act described in clause (vi) of this Section 7.12), then such Manager shall indemnify and save harmless the Company and the Members from any loss, liability or damage occasioned thereby (including, but without limitation, reasonable attorneys' fees), and the Members shall have the right (but not the obligation) to cure such Bad Act at the expense of such Manager. In addition, if a Manager or any of its Affiliates commit a Bad Act (other than a Bad Act described in clause (vi) of this Section 7.12), the Company shall have the right to offset any damages resulting therefrom against any obligations, fees or other amounts due or payable to such Manager or its Affiliates under any of their contracts or agreements with the Company. The Members shall be fully protected and indemnified by the Company against all liability and losses suffered by virtue of their status as Members except to the extent that such liability or losses arises from Bad Acts of the Member seeking indemnification.

7.13 Intentionally Omitted.

7.14 Admission of Substitute Managers. A transferee of any interest of a Manager may be admitted as a Substitute Manager only by approval of a Majority of the Members in their sole and absolute discretion.

7.15 Admission of Additional Managers. Additional Persons may be admitted from time to time as additional Managers to the Company upon the approval of the Managers and all of the Members. Notwithstanding anything to the contrary contained herein, upon occurrence of a Bad Act, the Members shall have the right, by a unanimous vote of the Members, to elect an additional

Manager. Such admission shall become effective upon the execution and delivery by the Person(s) being so admitted of a counterpart or counterparts of this Agreement.

7.16 Not Liable for Return of Capital. The Managers shall not be liable for the return of the Capital Contributions of the Members or any portion thereof or interest thereon.

7.17 Pre-Authorized Transactions. By executing this Agreement, the Members hereby authorize the Managers to effectuate the following transactions on behalf of the Company:

(a) To acquire and own 100% of the membership interests in the Subsidiaries;

(b) To cause the Subsidiaries to acquire and own the applicable Facility, pursuant to the terms of that certain Asset Purchase Agreement, dated as of \_\_\_\_\_, 2023 (as amended, the “PSA”), by and between Eskaton Properties, Incorporated, a California nonprofit public benefit corporation, as seller (“Seller”), and the [[Subsidiaries, amongst others]], as buyer, and close all of the transactions contemplated under the PSA; and

(c) Finance the applicable Subsidiaries’ acquisition of the ownership interest of the Facilities, as applicable, and securing such financing with the applicable Subsidiaries’ interest in the Facilities.

### RIGHTS OF MEMBERS

8.1 Limited Liability. Except to the extent otherwise provided in the Act, no Member shall have any personal liability whatsoever, whether to the Company, to any of the other Members or to the creditors of the Company, for the debts of the Company or any of its losses in excess of such Member’s Capital Contribution and undistributed Profits allocated to such Member.

8.2 Return of Contributions; Additional Contributions. No Member shall be entitled to the withdrawal or return of its Capital Contribution, except to the extent, if any, that distributions are made subject to this Agreement or upon the Dissolution of the Company. Except as otherwise provided herein, no Capital Contribution shall be deemed to be a liability of the Company or of any Member. No Member shall be required to contribute or loan any money or property to the Company to remove any deficit in such Member’s Capital Account or to enable the Company to return any Member’s Capital Contribution. No Member shall have priority over any other Member either as to the return of Capital Contributions or as to Profits, Losses or Distributions except as otherwise provided in this Agreement.

8.3 Other Activities. Except as otherwise provided herein, this Agreement shall not preclude or limit, in any respect, the right of any Member or any Affiliate of any Member to engage or invest in any business activity of any nature or description. Any such activity may be engaged in independently or with others, and may include, without limitation, the conduct of any business for the account of such Member or any Affiliate thereof. Neither the Company nor any Member shall have any right, by virtue of this Agreement or the limited liability company relationship

created hereby, in or to such other ventures or activities, or to the income or proceeds derived therefrom. The pursuit of such ventures, even if competitive with the business of the Company, shall not be deemed wrongful or improper. A Member and any Affiliate thereof shall have the right to take for its own account, or to recommend to others, any business or investment opportunity.

#### 8.4 Transfer of Membership Interests.

(a) Except as set forth in this Section 8.4, a Member may not directly or indirectly sell, assign, transfer, convey, pledge, encumber, hypothecate, give or otherwise dispose of (collectively “Transfer”) all or any part of its interests in the Company (including any Transfer of all or part of its interests in the Company to a Person who becomes a transferee of a beneficial interest in the Company even though not becoming a Substituted Member), unless the Managers have unanimously consented to such Transfer, which consent may not be unreasonably withheld.

(b) As a condition to any Transfer of a Membership Interest pursuant to this Section 8.4, or the admission of any transferee as a Substituted Member, the transferor and the transferee shall provide such legal opinions and documentation as the Managers shall reasonably request, including, without limitation, an executed counterpart of this Agreement if such transferee is to become a Substituted Member.

(c) Subject to compliance with any applicable securities laws and regulations and upon execution of appropriate instruments of Transfer reasonably approved by the Manager, a Member without other consent shall have the right to Transfer all or any portion of his interests in the Company to his spouse or lineal ascendants or descendants, or to a trust for such Member’s benefit (or his spouse or lineal ascendants or descendants benefit), or to such Member’s spouse or former spouse in connection with a property settlement agreement or decree of marital dissolution, or to any other person if there is no change in beneficial ownership and/or control of such interest.

(d) A transferee who receives a Transfer of a Member’s interest pursuant to the provisions of this Section 8.4 shall be entitled to receive distributions attributable thereto acquired by reason of such Transfer and shall be entitled to share in the Profits and Losses allocable thereto from and after the effective date of such Transfer. Such effective date shall be the last day of the calendar month during which the Managers receive the Transfer instrument and completion of the other procedures, if any, specified in this Section 8.4 applicable to such Transfer. However, until such time as a written instrument of Transfer has been received by the Company, the Company and the Managers shall be entitled to treat the transferor of such interest as the absolute owner thereof in all respects and shall incur no liability for allocations of Profits, Losses and distributions which are made in good faith to such transferor. Until the transferee of a Member’s interest becomes admitted as a Substituted Member in accordance with this Section 8.4, such transferee shall have no right to any information regarding an accounting of the Company’s affairs, no right to inspect the Company’s books or to vote on any matters presented for vote to the Members, nor may such rights be exercised by the transferor once the Transfer is effected. The sole rights of a transferee who is not admitted as a Substituted Member, but otherwise complies with this Section 8.4, shall be to receive distributions in respect of the interests in the Company held by such transferee and to be allocated a proportionate share of Profits and Losses.

(e) A transferee of a Member's interests in the Company shall not become a Substituted Member, unless the Managers consent to the admission of such transferee to the Company as a Substituted Member, which consent shall not be unreasonably withheld.

(f) Any Substituted Member admitted to the Company pursuant to the provisions of this Section 8.4 will succeed to all the rights and be subject to all the obligations of the transferring Member with respect to the interest to which such Member was submitted. The term "Member(s)", when used in this Agreement, includes each Substituted Member admitted to the Company.

(g) The transferor and transferee will each be obligated to reimburse the Company for all reasonable expenses (including legal fees and disbursements) incurred by the Company in connection with any Transfer or proposed Transfer of a Member's interests in the Company or a Manager's interests in the Company or the admission of any Substituted Member to the Company.

(h) The Managers are hereby granted the power to amend Schedule "A" to reflect any Transfers permitted by Section 8.4 hereof, without any further consent of the Members.

(i) With regard to any Member which is a limited partnership, any Transfer shall include any Transfer by the general partner of such partnership and if such general partner or any Member (or Manager) is a corporation, limited liability company or trust, a Transfer shall include any Transfer of voting control or beneficial ownership of such entity.

8.5 No Withdrawal. Subject to the provisions of Sections 8.2 and 8.4 hereof, no Member may voluntarily withdraw as a Member of the Company, nor may a Member be required to withdraw, nor may a Member borrow or withdraw any portion of its Capital Account from the Company.

8.6 No Termination. The substitution, death, insanity, dissolution (whether voluntary or involuntary), or bankruptcy of a Member shall neither affect the existence of the Company nor entitle such Member's representatives or successors to a return of capital. Upon a Member's death or incompetency, the personal representative of the Member shall be entitled to exercise all of the rights (including voting rights) of the Member and shall be entitled to receive the same share of income, losses and distributions to which the Member was entitled. Upon distribution of such Member's interest in the Company to his heirs, legatees or devisees, such distributees shall be entitled to receive the same share of Profits, Losses and Distributions to which the Member was entitled; provided, however, that unless and until admitted as a Substituted Member in accordance with Section 8.4, such distributee shall not have any other rights of a Member, including without limitation, the right to vote, or effect a Transfer of such Member's interest in the Company. Upon dissolution of a Member which is not a natural person, or upon the adjudication of bankruptcy of a Member, the Person or Persons vested by law with either the winding up or administration of the affairs of such Member shall have the same rights in respect of the interest in the Company of such Member as the representative of a deceased Member would enjoy, and all Persons (other than Persons who are permitted transferees under Section 8.4(c)) to whom the interest of the dissolved Member is distributed upon completion of the dissolution or liquidation process shall have the

same rights, and be subject to the same limitations, in respect of such interest, as the distributee of the estate of a deceased Member would enjoy. In no event, however, shall the representative or trustee of the dissolved or bankrupt Member have the right to Transfer the interest of the dissolved or bankrupt Member except in compliance with this Article VIII.

## ARTICLE IX

### MEETINGS/ACTIONS OF THE MEMBERS

9.1 Call and Notice. Meetings of the Company may be called by either Manager or by any Member holding ten percent (10%) or more of the Member Percentages, by written notice mailed by the Member calling the meeting to the other Members. Except as herein provided, notices of meetings shall be given in the manner and within the time periods specified in the Act. Such meeting shall be held at least five (5) days but not more than sixty (60) days after the mailing of such notice, and such notice shall specify the date of, a reasonable place and time for, and the purpose of, such meeting. Any Member may waive notice of the time, place or purpose of a meeting, either before, at or after such meeting.

9.2 Quorum and Manner of Acting.

(a) At any meeting, the presence, in person or by proxy, of a Majority of the Members shall constitute a quorum for the transaction of business. The form and validity of proxies and the fixing of record dates shall be determined in accordance with the Act.

(b) Members may participate in any meeting in which they are entitled to participate by means of conference telephone or similar communications equipment by means of which all Persons participating in the meeting can hear each other, and such participation in a meeting shall constitute presence in person at such meeting.

(c) Any action which may be taken at any meeting may be taken without a meeting and without a vote if a consent in writing setting forth the action so taken shall be signed by the requisite percentage of the Members.

9.3 Voting Rights. Except as expressly provided in this Agreement or required by the Act, the Members shall have no right to vote on any matters involving the Company.

## ARTICLE X

### DISSOLUTION; LIQUIDATION

10.1 Events of Dissolution. The Company shall be dissolved upon the happening of any of the following events, and such events only:

(a) The occurrence of a Cessation Event or the Transfer of both of the original Managers' interests in the Company unless the Company is continued pursuant to Section 10.3 or 7.15

(b) Sixty (60) days after affirmative vote or written consent of the Managers and a Majority of the Members to dissolve the Company;

(c) Entry of a decree of judicial dissolution under the Act.

10.2 Withdrawal of Manager. The withdrawal of a Manager or any subsequently admitted Manager as a Manager of the Company shall constitute a Bad Act by the withdrawing Manager unless agreed to in writing by all of the Members or unless such withdrawal is caused by the withdrawing Manager's (or its constituent members) death or incapacity.

10.3 Continuation. Notwithstanding any provision in this Agreement to the contrary, if a Manager suffers an event of dissolution described in Section 10.1(a), the Company shall not be dissolved or the Company business required to be wound up if (a) at the time of such event there is at least one remaining Manager and that Manager carries on the business of the Company or (b) a Majority of the Members vote to continue the Company business and a successor Manager is appointed pursuant to Section 7.1. If a Majority of the Members desire to continue the Company business under this Section 10.3, they shall give written notice of such intention to the Managers, or to their legal representatives, assigns or successors in interest within sixty (60) days following the occurrence of any of the events described in Section 10.1(a).

10.4 Liquidation. If a Dissolution of the Company occurs for any reason, the business of the Company shall be continued to the extent necessary to allow an orderly winding up of its affairs, including the liquidation and termination of the Company pursuant to the provisions of this Section 10.4 and Section 10.5, as promptly as practicable thereafter, and each of the following shall be accomplished:

(a) If the Dissolution occurs other than as the result of a Cessation Event or Bad Act, the Managers shall be the liquidating agents (each, a "Liquidating Agent"). In the event that, following the Cessation Event, no Manager remains, a liquidating trustee elected by a Majority of the Members shall carry out the duties of a Liquidating Agent on behalf of the Members.

(b) The Liquidating Agent(s) shall cause to be prepared a statement setting forth the assets and liabilities of the Company as of the date of Dissolution, a copy of which statement shall be furnished to the other Members.

(c) The property and assets of the Company shall be liquidated by the Liquidating Agent(s) as promptly as possible, but in an orderly, reasonable and businesslike manner.

(d) Any gain or loss realized by the Company upon the sale of its property and assets shall be allocated to the Members in the manner set forth in Article V. To the extent that an asset is to be distributed in kind, such asset shall be deemed to have been sold at its fair market value (taking Code Section 7701(g) into account) on the date of the Distribution. The gain or loss recognized upon such deemed sale which has not previously been reflected in the Capital Accounts of the Members shall be allocated in accordance with Article V. The amount of the Distribution shall be considered to be the fair market value of the asset distributed in kind without regard to Code Section 7701(g).

(e) The proceeds of sale of the assets of the Company, including Distributable Net Cash Flow of the Company, shall be applied and distributed as follows and in the following order of priority:

(i) To the payment of the debts and liabilities of the Company (including loans from Members but excluding loans from any Manager removed or removable for Bad Acts or Cessation Events (other than Cessation Events due to death or incapacity) to the extent of any damages or loss suffered by the Company from such Bad Acts) and the expenses of liquidation;

(ii) To the setting up of any reserves which the Liquidating Agent shall determine to be reasonably necessary for contingent, unliquidated or unforeseen liabilities or obligations of the Company or the Members arising out of or in connection with the Company. If the Company is dissolved by reason of or subsequent to a Bad Act with respect to a Manager, the Liquidating Agent(s) shall reserve and withhold all funds otherwise distributable to or for the benefit of such Manager (or if previously removed, such former Manager), pending resolution of all claims which the Members may have against such Manager by reason of such Bad Acts. Any such reserves shall be held by the Liquidating Agent or paid over to a bank or title company selected by it, to be held by such bank or title company as escrow holder or Liquidating Agent(s) for the purposes of disbursing such reserves to satisfy the liabilities and obligations described above. Such reserves shall be held for such period as the Liquidating Agent(s) shall deem, advisable, and upon the expiration of such period, any remaining balance shall be distributed as provided in clause (iii) of this Section 10.4(e);

(iii) To the Members, in the order of priority set forth in Section 6.3; and

(iv) Upon the release of unnecessary reserves, to the Members in accordance with subsection (iii) above.

10.5 Liability for Deficit Balances. No Member shall have any liability to the Company, to the other Members, or to the creditors of the Company on account of any deficit balance in such Member's Capital Account.

10.6 Liquidating Agent(s) Appointed Attorney-in-Fact. The Liquidating Agent(s) is hereby irrevocably appointed as the true and lawful attorney in the name, place and stead of each of the Members, such appointment being coupled with an interest, to make, execute, sign, acknowledge and file with respect to the Company all papers which shall be necessary or desirable to effect the Dissolution, liquidation and termination of the Company in accordance with the provisions of this Article X. Without limiting the foregoing, the Liquidating Agent(s) shall, upon the Dissolution and termination of the Company, file an appropriate certificate to such effect in the proper governmental office or offices under the Act as then in effect. Notwithstanding the foregoing, each Member, upon the request of the Liquidating Agent(s), shall promptly execute, acknowledge and deliver all such documents, certificates and other instruments as the Liquidating Agent(s) shall reasonably request to effectuate the proper Dissolution, liquidation and termination of the Company, including the winding up of the business of the Company. In no event shall any

Member (unless elected as a liquidating trustee) be entitled to any compensation for providing services in connection with Dissolution, liquidation, and termination of the Company. The compensation of a liquidating trustee shall be fixed by agreement between the liquidating trustee and a Majority of the Members. In the event any Member winds up the business of the Company, no additional compensation shall be payable for such services.

## ARTICLE XI

### BOOKS OF ACCOUNTS; REPORTS; BANK ACCOUNTS

11.1 Books. The Managers shall cause the Company to maintain complete and accurate books of account of the Company's affairs on a tax accrual basis, which books, together with an executed copy of this Agreement and the filed Company Certificate, and of all amendments thereto, all powers of attorney, an alphabetical list of the names and last known business or residence addresses of each Member, the capital contribution and share of profits of each Member, copies of the Company's federal, state, and local income tax or information returns or reports, if any, for the six (6) most recent tax years, and copies of financial statements of the Company for the six (6) most recent Fiscal Years maintained at the principal executive office of the Company in the State of California, will be open to inspection by any Member (or its authorized representative) at any time during ordinary business hours upon reasonable notice without disrupting the operations of the Company.

If at any time, the Company is or becomes a "tax shelter" under Code Section 6111 and the Regulations thereunder, the Managers shall properly and timely register the Company and take all other actions needed to satisfy requirement imposed on such tax shelter, including without limitation notifying the Members of any actions required of them.

11.4 Bank Accounts. The funds of the Company shall be deposited in the name of the Company, in such bank account or accounts as the Managers shall reasonably approve and reasonably direct from time to time. Such funds shall be invested by the Managers in such manner as they shall reasonably approve (which may or may not bear interest as they shall approve). Each of the Managers shall be an individual signatory on all Company accounts, with the signature of any two (2) Managers being sufficient to effect withdrawals.

## ARTICLE XII

### CERTIFICATES AND OTHER INSTRUMENTS

12.1 State Mandated Certificates. At Company expense, the parties hereto shall immediately execute all such certificates and other documents conforming hereto and do all such filing, recording, publishing and other acts as in the reasonable judgment of the Managers may be appropriate to comply with all of the requirements for the formation of a limited liability company under the laws of the State of California. The Managers will also cause to be filed, recorded and

published, such statements, notices, certificates, statements or other instruments required by any provision of any applicable law which governs the conduct of the Company's business from time to time.

12.2 Certificate of Membership Interest. The Membership Interests in the Company may be represented by a certificate of membership. The exact contents of a certificate of membership may be determined by the Managers but shall be issued substantially in conformity with the following requirements. The certificates of membership shall be respectively numbered serially, as they are issued, shall be impressed with the Company seal or a facsimile thereof, and shall be signed by all the Members of the Company. Each certificate of membership shall state the name of the Company, the fact that the Company is organized under the laws of the State of California as a limited liability company, the name of the Person to whom issued, the date of issue, and the percentage interest represented thereby as of the date of issue. A statement of the designations, preferences, qualifications, limitations, restrictions, and special or relative rights of the Member Percentage shall be set forth in full or summarized on the face or back of the certificates which the Company shall issue, or in lieu thereof, the certificate may set forth that such a statement or summary will be furnished to any holder of the Member Percentage upon request without charge. Any certificate of membership shall be and is intended to be a "certificated security" under the provisions of Article 8 of the Uniform Commercial Code as in effect in the State of Delaware.

12.3 Cancellation of Certificate of Membership Interest. All certificates of membership surrendered to the Company for transfer shall be canceled and no new certificates of membership shall be issued in lieu thereof until the former certificates for a like number of Membership Interests shall have been surrendered and canceled, except as herein provided with respect to lost, stolen, or destroyed certificates.

12.4 Replacement of Lost, Stolen, or Destroyed Certificate. Any Member claiming that his certificate of membership is lost, stolen, or destroyed may make an affidavit or affirmation of that fact and lodge the same with the Managers of the Company, accompanied by a signed application for a new certificate. Thereupon, and upon the giving of a satisfactory bond of indemnity to the Company not exceeding an amount double the value of the Membership Interests as represented by such certificate (the necessity for such bond and the amount required to be determined by the Managers), a new certificate may be issued of the same tenor and representing the same Member Percentage as were represented by the certificate alleged to be lost, stolen, or destroyed, subject to adjustment in the event the Member Percentage of the said Member has been adjusted pursuant to the terms of this Agreement.

INTENTIONALLY OMITTED

## ARTICLE XIV

### RIGHT OF FIRST REFUSAL

Each time a Member proposes to transfer, assign, convey, sell, encumber or in any way alienate all or any part of his or her Membership Interest (or as required by operation of law or other involuntary transfer to do so) (hereinafter, a “Transfer”), other than a permitted Transfer under Section 8.4(c), such Member shall first offer such Membership Interest to the non-transferring Members in accordance with the following provisions:

14.1 Such Member (the “Transferor”) shall deliver a written notice (the “Transfer Notice”) to the other Members stating (i) such Member’s bona fide intention to transfer such Membership Interest, (ii) the name and address of the proposed transferee, (iii) the Membership Interest to be transferred, and (iv) the purchase price in terms of payment for which the Member proposes to transfer such Membership Interest. The Transfer Notice shall be accompanied by any offers, counter-offers, agreement(s), and documentation evidencing the proposed Transfer.

14.2 Within fifteen (15) days after receipt of the Transfer Notice, each non-transferring Member shall notify the Transferor in writing of his or her desire to purchase a portion of the Membership Interest being so transferred. The failure of any Member to submit a notice within the applicable period shall constitute an election on the part of that Member not to purchase any of the Membership Interest which may be so transferred. Each Member so electing to purchase shall be entitled to purchase a portion of such Membership Interest in the same proportion that the Member Percentage of such Member bears to the aggregate of the Member Percentages of all of the Members electing to so purchase the Membership Interest being transferred. In the event any Member elects to purchase none or less than all of his or her pro rata share of such Membership Interest, then the other Members can elect to purchase more than their pro rata share.

14.3 Within fifteen (15) days after receipt of the Transfer Notice, the Members electing to purchase such Membership Interest shall have the first right to purchase or obtain such Membership Interest at the time, upon the price and terms of payment designated in such notice. If such notice provides for the payment of non-cash consideration, such purchasing Members each may elect to pay the consideration in cash equal to the good faith estimate of the present fair market value of the noncash consideration offered as determined by the Managers.

14.4 If the other Members elect not to purchase or obtain all of the Membership Interest designated in the Transfer Notice, then the Transferor may transfer the Membership Interest described in the Transfer Notice to the proposed transferee, provided such transfer (i) is completed within thirty (30) days after the expiration of the other Members’ right to purchase such Membership Interest, (ii) is made on terms no less favorable to the transferring Member than as designated in the Transfer Notice, and (iii) the requirements of Section 8.4 are met. If such Membership Interest is not so transferred, the transferring Member must give notice in accordance with this Section prior to any other or subsequent Transfer of such Membership Interest.

## ARTICLE XV

### MISCELLANEOUS

15.1 Notices. Any and all notices or other communications permitted or required to be delivered or given under this Agreement shall be in writing and signed by the Member or Members giving such notice or other communication and shall be sent by facsimile with receipt evidencing delivery or shall be delivered personally or shall be sent by Federal Express or other nationally recognized overnight courier or shall be sent by registered or certified mail, postage prepaid, return receipt requested, if to the Company, to the Company at its principal office established pursuant to Section 2.5 hereof, or, if to any Member, to such Member at the address set forth below or on Schedule "A" hereto with respect to such Member, or at such other address as may be supplied by written notice given in conformity with the terms of this Section 15.1. Notwithstanding the foregoing sentence or any other provision to the contrary in this Agreement, the time to respond to any notice or other communications shall not commence to run for the addressee until the actual delivery (or attempted delivery if delivery is refused during normal business hours) of the notice or other communication at the appropriate address of the addressee as set forth in this paragraph. In the case of the original Managers, notices shall be sent to:

Abraham Bak  
6442 Coldwater Canyon Avenue, Suite 100

15.3 Title to Company Property. All property and assets owned by the Company, whether real or personal, tangible or intangible, shall be deemed to be owned by the Company as an entity and no Member, individually, shall have any ownership of such property and assets. The Members hereby agree that no Member nor any successor-in-interest to any Member shall have the right while this Agreement remains in effect to have the Company or the property of the Company partitioned, or to file a complaint or institute any proceeding at law or in equity to have the Company or the property of the Company partitioned, and each

Member, on behalf of itself, and its successors, successors-in-title, executors, administrators, representatives, heirs and assigns, hereby waives any such right. It is the intention of the Members that during the term of this Agreement, the rights of the Members and their successors-in-interest, as among themselves, shall be governed by the terms of this Agreement and that the right of any Member or successor-in-interest to assign, transfer, sell or otherwise dispose of such Member's interest in the Company shall be subject to the limitations and restrictions of this Agreement.

15.5 No Waiver. The failure of any Member to insist upon strict performance of any covenant or obligation hereunder, irrespective of the length of time for which such failure continues, shall not be a waiver of such Member's right to demand strict compliance in the future. No consent or waiver, express or implied, to or of any breach or default in the performance of any obligation hereunder, shall constitute a consent to or waiver of any other breach or default in the performance of the same or any other obligation hereunder.

15.6 Further Assurances. At Company expense, each party hereto agrees to execute, acknowledge, deliver, file, record and publish such further certificates, amendments of certificates, instruments or documents as may be required by law or are reasonably necessary or desirable to carry out the provisions of this Agreement.

1.4 Transition Date. For purposes this Agreement, the "Transition Date" shall be the effective date of the new skilled nursing facility license issued by CDPH to New Operator

for the Facility.

## **2. Management of the Facility.**

2.1 Commencing on the Operations Transfer Date and ending on the Transition Date (the “Management Period”), Licensee hereby appoints New Operator as its sole and exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator’s assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier (“NPI”) and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the “Provider Numbers”). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the “Billing Period” shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which CMS issues a tie-in notice for the purpose of tying the Licensee’s Medicare Provider Number to the New Operator’s NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the “Tie-In”).

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will have the right, as a matter of law or contract, to bill the third party payors under Licensee’s third party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. “Payor Contracts” shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee’s affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider

agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

2.3.1 preparation and maintenance of business records and financial and other reports;

2.3.2 establishment and administration of accounting procedures and controls;

2.3.3 financial and business planning;

2.3.4 processing and payment of accounts payable;

2.3.5 billing, processing and collection of accounts receivable, including the billing and completion of any reports and forms that may be required by insurance companies, governmental agencies, or other third-party payors; and

2.3.6 providing and processing of all employee record keeping, payroll accounting (including social security and other payroll tax reporting), and benefits for all employees of the Facility.

2.4 New Operator shall arrange for the maintenance, repair, trash removal, and janitorial services which may be necessary to maintain the Facility and equipment in a clean and safe condition, in compliance with applicable law, and in good repair in accordance with standards established by the Lease.

2.5 New Operator shall arrange for the utilities reasonably required for operation of the Facility, including, but not limited to, telephone, Wi-Fi, cable or satellite TV, electricity, gas, water and refuse disposal, and shall secure these utilities in its own name on the Operations Transfer Date.

2.6 New Operator shall arrange under its own name for the provision and replenishment, as New Operator deems necessary and as necessary to meet any minimum requirements established under applicable law, of all supplies and inventory used in the Facility. Licensee's only obligation with respect thereto shall be to ensure that the levels of supplies and inventory at the Facility, including, without limitation, perishable food, non-perishable food, central supplies, linen, housekeeping and other supplies, on the Operations Transfer Date is in condition, quantity and quality sufficient to meet the regular operating needs of the Facility, with quantities in the minimum amounts required by applicable laws and in accordance with Licensee's past business practices and policies at the Facility.

2.7 New Operator shall hire employees of the Facility as employees-at-will in accordance with the terms and provisions of Section 10 of this Agreement. New Operator shall be responsible for all aspects of administration of its employees, including hiring, training, supervision, and termination. Except as otherwise determined by New Operator and Licensee (i.e., general supervision from New Operator's employees who are not permanently assigned to the Facility), all employees so hired shall be employed by New Operator. During the Management Period, New Operator shall maintain worker's compensation insurance for all its employees as required by law and employer's liability insurance reasonably acceptable to Licensee. Hiring, promotion, discipline and termination and other employment decisions with respect to its employees shall be made by New Operator in a manner consistent with applicable law and policies at the Facility.

2.8 New Operator, on behalf of the Facility, shall arrange for maintenance of the payroll records of all its employees, for the issuance of paychecks to its employees, and for the payment and withholding from such paychecks of appropriate amounts for income tax, social security, unemployment insurance, and for all employee benefits, including vacation, holidays, sick leave, and in accordance with New Operator's policies, subject to the terms and provisions of Section 10.3.

2.9 New Operator shall have the right, in its sole discretion, to revise the fee schedules for the services rendered by the Facility, provided that such changes are in compliance with the law and that New Operator shall consult with Licensee before doing so.

2.10 In conformity with applicable law, Licensee and New Operator shall not discriminate against Medicare or Medi-Cal patients who request services at the Facility, or any other person with whom it interacts in relation to the Facility.

2.11 New Operator shall comply with any and all codes, ordinances, rules, regulations, and requirements of all federal, state, and municipal authorities now in force, or which may hereafter be in force, pertaining to the Facility and its operations.

2.12 New Operator shall procure and maintain during the Management Period the insurance required under the terms of the Lease, with the Licensee named as an additional named insured on all such insurance policies. New Operator shall keep all insurance coverage in effect and, without demand, provide to Licensee updated certificates at each renewal for the applicable statute of limitations period in which any claims may be brought against Licensee or Licensee's shareholders, members, affiliates, directors, officers, representatives or advisers.

2.13 Funds received by New Operator which relate to the Quality and Accountability Supplemental Payment ("QASP") owed to Licensee for dates prior to the Operations Transfer Date shall belong to the Licensee and shall be remitted by New Operator to the Licensee promptly within ten (10) days' receipt of such QASP from the applicable regulatory agency. The amount of the QASP deemed owed to Licensee shall be calculated as follows: the QASP shall be multiplied by a fraction, the numerator of which shall be the number of days the Licensee operated the Facility in the year for which QASP are being made and the denominator of which shall be the number of days in the year for which QASP are being made. New Operator and

Licensee hereby acknowledge that payments made for QASP fees are paid based on the state fiscal year of July 1-June 30 (the “SFY”), and that payments for the prior year are received in approximately April of the calendar year following the SFY. For example, payments made to operators in April 2024 will be for SFY July 1, 2022-June 30, 2024 and payments made to operators in April 2025 will be for SFY July 1, 2023-June 30, 2024.

2.13.1. Notwithstanding the foregoing, Licensee and New Operator acknowledge that the California Department of Healthcare Services has implemented the Workforce and Quality Incentive Program (“WQIP”) to replace and succeed the QASP program, with awards and payments under the WQIP program to be first made to qualifying facilities in the calendar year 2024 based on metrics for the 2023 calendar year. New Operator and Licensee agree to confer in good faith and reconcile such awards and payments received from the WQIP program, and Licensee and New Operator further agree that all such awards or payments received from the WQIP program shall be allocated amongst New Operator and Licensee as of the Operations Transfer Date, with Licensee to receive such portion of the awards or payments from the WQIP program attributable to periods prior to the Operations Transfer Date, and with New Operator to receive such portion of the awards or payments from the WQIP program attributable to periods on and after the Operations Transfer Date.

2.14 New Operator shall be responsible for all Quality Assurance Fees owed by the Facility to the California Department of Health Care Services (“QA Fees”) that accrue for periods on and after the Operations Transfer Date. Licensee shall be responsible for all QA Fees that accrue for periods before the Operations Transfer Date, and shall at least five (5) business days prior to the Operations Transfer Date, provide evidence reasonably satisfactory to New Operator that all QA Fees for periods prior to the Operations Transfer Date have been paid in full.

2.15 New Operator shall cooperate with Licensee in the provision and dissemination of any notice required to be provided under Health and Safety Code § 1267.61 (“Transfer Notice Act.”) of the transfer of operations contemplated under this Agreement to all of the residents of the Facility (the “Transfer Notice”). New Operator agrees to provide all information necessary for Licensee to prepare and post such Transfer Notice pursuant to the requirements of the Transfer Notice Act; and the Licensee shall post a copy of the Transfer Notice on all entrance and exit doors of the Facility.

### **3. Billings, Collections and Accounts Receivable.**

3.1 New Operator shall, on behalf of Licensee, bill patients and payors and use its commercially reasonable efforts to collect all cash revenue resulting from Facility operations during the Billing Period. Licensee and New Operator agree to cooperate with each other to make available such billing and accounting information and to provide such financial records for review as shall be necessary to accomplish the billing and collection of patient charges for services provided by Licensee prior to the Operations Transfer Date and provided for in this Section 3 and to cooperate in the completion of reports and claim forms as necessary to procure payments and reimbursement from governmental agencies, insurance carriers or other third party payors. During the Billing Period, Licensee authorizes New Operator to do the following:

3.1.1. To bill patients in Licensee's name, on Licensee's behalf, and under Licensee's Provider Numbers, specifically including, without limitation, services provided to Medicare and Medi-Cal patients during the Billing Period, and the resulting revenue will be treated as revenue of Licensee (subject to New Operator's right to direct the use of such funds as herein provided and subject to New Operator's right to the Management Fee pursuant to Section 5 hereof).

3.1.2. To collect accounts receivable resulting from such billing in Licensee's name and on Licensee's behalf;

3.1.3. To receive payments from insurance companies, prepayments from health care plans, and payments from all other third-party payors;

3.1.4. To take possession of and endorse in the name of Licensee any notices, checks, money orders, insurance payments, and other instruments received in payment of the accounts receivable resulting from such billing and deposit them directly in New Operator's account; and

3.1.5. To initiate legal proceedings in accordance with policies reasonably approved by Licensee to collect any accounts or monies owed to the Facility or Licensee related to the Facility during the Management Period.

3.2 Licensee shall retain its right, title and interest in and to all unpaid accounts receivable with respect to the Facility that relate to all periods prior to the Operations Transfer Date, including, but not limited to, any accounts receivable arising from rate increase adjustments which relate to periods prior to the Operations Transfer Date even if such adjustments occur after the Operations Transfer Date.

3.3 New Operator and Licensee acknowledge that prior to the Effective Date hereof, Licensee has opened a separate depository bank account for the Facility (the "New EFT Account"), for the purposes of serving as the new depository account into which accounts receivables and payments from the Facility's existing and any new Medicare, Medi-Cal and other third-party payors will be deposited (without accounts receivables or payments attributable to other healthcare facilities). For the duration of this Agreement, Licensee shall maintain sole control of the New EFT Account, provided however, Licensee agrees to grant New Operator "view access" only rights with respect to the New EFT Account during the Billing Period. On and after the Operations Transfer Date, on a weekly basis Licensee and New Operator agree to reconcile and account for all payments received in the New EFT Account as follows: (i) during the first sixty (60) days following the Operations Transfer Date, Licensee will perform a reconciliation of all payments deposited into the New EFT Account to the dates of service for which such payments are made. The payments thereof which Licensee determines relate to the period after the Operations Transfer Date shall be forwarded within five (5) business days to New Operator via wire payment or ACH (bank to bank automated clearing house), and any payments that relate to the period prior to the Operations Transfer Date shall be retained by Licensee; (ii) on the sixty-first (61st) day following the Operations Transfer Date, New Operator shall, on a weekly basis, perform the reconciliation described in this Section of payments deposited into the New EFT Account, and upon request from New Operator, Licensee shall within five (5) business days,

forward such payments to New Operator via wire payment or ACH (bank to bank automated clearing house). If the accompanying remittance advice does not indicate the period to which a payment relates or if there is no accompanying remittance advice, Licensee, during the first sixty (60) days, and New Operator on the sixty-first (61st) day thereafter, will attempt to reconcile the payment to the dates of service for which such payment was made, and within five (5) business days, the payments thereof which Licensee or New Operator, as applicable, determines relate to the period after the Operations Transfer Date shall be forwarded to New Operator and any payments that relate to the period prior to the Operations Transfer Date shall be retained by, Licensee. If the parties do not agree as to how to apply an unaccounted for payment referenced in this Section, then the payment shall be deemed to apply against the oldest outstanding account receivable due from such payor. The party who performs the reconciliation of payments in accordance with this Section, will promptly forward documentation to the other party supporting the allocation of the payment.

3.4 New Operator shall have the right to open one or more bank accounts for the Facility in the name of New Operator (the “Management Account”), the authorized signatories of which shall consist solely of persons designated by New Operator. Licensee agrees that it will not take any actions that interfere with the transfer of funds for services rendered by New Operator after the Operations Transfer Date into the Management Account. Licensee expressly authorizes New Operator to endorse checks made payable to Licensee for dates of services provided after the Operations Transfer Date and to deposit them in the Management Account.

3.5 All cash received during the Management Period related to operating revenues for services rendered by New Operator on and after the Operations Transfer Date shall be under the control of New Operator, rather than Licensee. All cash received before, during or after the Management Period related to the operating revenues for services rendered by Licensee prior to the Operations Transfer Date shall be remitted to Licensee within five (5) business days of receipt, together with applicable remittance advices.

3.5.1. If Licensee directly or indirectly receives any such cash during the Management Period which relates to the Management Period, Licensee shall forward any such receipts to New Operator, together with the applicable remittance advices, within five (5) business days, for deposit in the Management Account. If New Operator directly or indirectly receives any cash during the Management Period which relates to the period prior to the Management Period, New Operator shall within five (5) business days forward any such receipts to Licensee, together with applicable remittance advices.

3.5.2. New Operator shall use the cash receipts which relate to the operation of the Facility during the Management Period, or, if necessary, make available additional cash, to pay for expenses incurred during the Management Period, including both expenses paid during such period and expenses which are due after the Management Period but which were incurred during the Management Period.

3.6 In furtherance and not in limitation of the allocation of revenues provided for in Sections 3.3, 3.5, and 3.51, New Operator and Licensee agree as follows:

3.6.1. If such payments either specifically indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period prior to the Operations Transfer Date, they shall be retained or forwarded to Licensee, along with the applicable remittance advice in accordance with the provisions of Sections 3.3, 3.5, and 3.51.

3.6.2. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period from and after the Operations Transfer Date, they shall be forwarded or retained by New Operator, along with the applicable remittance advice, in accordance with the provisions of Sections 3.3, 3.5, and 3.51.

3.6.3. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to periods for which both parties are entitled to reimbursement under the terms hereof, the portion thereof which relates to the period prior to the Operations Transfer Date shall be disbursed to or retained by Licensee in accordance with the provisions of Section 3.3 and 3.5 and the balance shall be retained by or remitted to New Operator in accordance with the provisions of Section 3.5.1.

3.6.4. Any private pay payments that specifically identify dates of service, regardless of when received, shall be disbursed to New Operator or Licensee according to whether the dates of service were before or after the Operations Transfer Date. Private pay payments that are not identified by dates of service and that are received by New Operator or Licensee during the first ninety (90) calendar days following the Operations Transfer Date shall be remitted to Licensee to be applied to reduce any outstanding private pay resident's obligations to Licensee, with any excess applied to reduce any balances due for services rendered by New Operator on and after the Operations Transfer Date. Private pay payments that are not identified by dates of service and that are received by New Operator or Licensee on or after the ninety-first (91st) calendar day following the Operations Transfer Date, shall be remitted to New Operator or retained by New Operator, as applicable, to be applied to reduce private pay resident's obligations to New Operator arising from and after the Operations Transfer Date.

3.6.5. All amounts owing to Licensee or New Operator under this Section 3.6 shall be settled within five (5) business days after the payment was received.

3.6.6. In the event the Parties mutually determine that any third party payors or private pay residents are entitled to a refund of payments, the portion thereof that relates to the period from and after the Operations Transfer Date shall be paid by New Operator and the portion thereof that relates to the period prior to the Operations Transfer Date shall be paid by Licensee to such third party payor or private pay resident.

3.6.7. In the event the parties mutually determine that any payment hereunder was misapplied by the parties, the party which erroneously received said payment shall remit the same to the other within five (5) business days after said determination is made.

3.6.8. Until the earlier of (i) the date that Licensee receives payment of all accounts receivable attributed to the operation of the Facility prior to the Operations Transfer Date, and (ii) twelve (12) months after the Operations Transfer Date, New Operator shall provide

Licensee with an accounting before the end of each month setting forth all amounts received by New Operator during the preceding month with respect to the accounts receivable of Licensee which are set forth in the schedule provided by Licensee to New Operator within no more than thirty (30) days after the Operations Transfer Date. New Operator shall deliver such accounting to the person identified in Section 18 at the address and email address provided therein.

3.6.9. Upon ten (10) days after written request, and for a period of twelve (12) months after the Operations Transfer Date, Licensee shall provide New Operator with an accounting setting forth all amounts received by Licensee during the preceding month with respect to payments from the residents of the Facility which are due and owing to New Operator in accordance with the terms of this Section 3.6, which accounting shall be accompanied by applicable remittance advices.

3.6.10. Licensee and New Operator shall have the right to inspect, no more frequently than once per month, all cash receipts of the other party during weekday business hours on reasonable prior notice in order to confirm such party's compliance with the obligations imposed on it under this Section 3.6.

3.7 To the extent either Licensee or New Operator receive any proceeds from the accounts receivable of the other party, the parties acknowledge that the party receiving the payment belonging to the other party shall hold the payment in trust. Neither New Operator nor Licensee shall have any right to offset or recoupment with respect to such accounts receivable, and any party erroneously receiving a payment belonging to the other party shall have no right, title or interest whatsoever in the payment and shall remit the same to the other as provided herein.

3.8 New Operator shall cooperate fully with Licensee in the collection of the Licensee's accounts receivable which accrued prior the Operations Transfer Date. Licensee shall be responsible for any further billing and/or collections of the Licensee's accounts receivable, and New Operator shall not be obligated to take any collection action or incur any expense in connection therewith. However, Licensee shall not assume or otherwise be responsible for any liabilities, obligations, accounts payables or commitments of New Operator relating to or arising out of the business conducted by New Operator at the Facility for periods after the Operations Transfer Date.

#### **4. COVID Payments.**

4.1 Any and all Paycheck Protection Program SBA Loans ("SBA Loans") received by Licensee shall remain the sole responsibility, liability and obligation of Licensee, and any SBA Loans received by New Operator shall remain the sole responsibility, liability, and obligation of New Operator.

4.2 To the extent permitted by the terms thereof, any grant payments, stimulus payments, retroactive rate adjustments, and any and all other payments and support paid with respect to the Facility in relation to COVID-19 relief efforts (collectively, the "COVID Payments") received by Licensee during the Management Period shall be paid over to New Operator, and New Operator shall assume responsibility for all of the terms and conditions thereof, and for all

obligations relating to such payments. Notwithstanding anything in this Agreement to the contrary, to the extent New Operator properly receives any future COVID Payments intended for its utilization by the issuing entity, New Operator hereby covenants that any such COVID Payments will be utilized by New Operator only in the operation of the Facility to pay allowable covered, actual COVID-19-related expenses incurred by New Operator on or after the Operations Transfer Date and in accordance with the all Applicable Laws (as defined below) governing such COVID Payments. Any and all such COVID Payments shall remain the property and responsibility of New Operator. For the avoidance of doubt, Licensee shall not assume or accept any funds, proceeds, responsibilities, liabilities, and/or obligations related to, or in connection with, the COVID Payments received by New Operator, and New Operator shall defend, indemnify and hold Licensee harmless from and against any such liabilities or obligations.

4.3 Each of the Parties shall comply with all Applicable Laws related to the SBA Loans and COVID Payments described herein. The Parties shall reasonably cooperate with any information requests related to such funds in order to comply with regulatory and reporting requirements. Until the Transition Date, New Operator shall notify Licensee of all SBA Loans and COVID Payments it receives that are covered under this Section 4 within seven (7) days of receipt and promptly upon receipt of a request therefore from Licensee, New Operator will provide Licensee with copies of all information necessary to document the application for or utilization of such funds upon request.

## **5. Management Fee.**

5.1 For its services under Sections 2 and 3, New Operator shall be entitled to a fee from Licensee (the “Management Fee”) equal to the Facility’s operating revenues less all operating expenses, including the rent and related expenses due under the terms of the Lease, resulting from operation of the Facility during the Management Period, calculated in accordance with standard bookkeeping practices.

5.2 If the Facility incurs losses or expenses during the Management Period, New Operator shall be responsible for such losses and expenses, and shall indemnify, protect, defend and hold Licensee harmless from all claims, demands, liability, and losses related thereto, including payment of the New Operator’s obligation under the Lease, and any license renewal fees arising during the Management Period. Any expense that relates to operation of the Facility for the period prior to the Operations Transfer Date shall be borne and paid by Licensee, except expenses for inventory and supplies which were ordered by Licensee in the ordinary course of business prior to the Operations Transfer Date and received and accepted by New Operator after the Operations Transfer Date, which shall be paid by New Operator.

5.3 The Management Fee is based upon revenues earned and expenses incurred during the Management Period, as determined in accordance with standard bookkeeping practices. Except as provided in Section 5.2, New Operator has no responsibility to pay for expenses during the Management Period which were incurred prior to the Operations Transfer Date, it being understood and agreed that revenues and expenses will be prorated in the manner set forth in Section 11.

## **6. Change of Ownership.**

6.1 From and after the Operations Transfer Date, Licensee shall cooperate with New Operator for the assignment of its Medicare and Medi-Cal provider agreements to New Operator.

6.2 Within thirty (30) days of the Effective Date as defined in the Purchase Agreement, New Operator shall file its skilled nursing facility CHOW application with CDPH for the issuance of a license to operate the Facility as a skilled nursing facility. Additionally, within thirty (30) days of the Operations Transfer Date, New Operator shall file its CHOW applications for the assignment of the Medicare and Medi-Cal provider agreements and Provider Numbers with the CMS MAC. New Operator shall diligently proceed with securing the Permits and shall, (a) from time to time, upon request of Licensee, advise Licensee of the status of New Operator's efforts to secure the Permits, and (b) promptly advise Licensee once the anticipated Transition Date is known to New Operator. New Operator shall be solely responsible for any and all costs associated with the CHOW application process. Licensee agrees to execute all documentation required by CDPH, CMS, or MAC in connection with its review and approval of New Operator's CHOW, including but not limited to providing New Operator with patient trust fund verification as required by CDPH and completing portions of CMS Form 855A-requiring information about Licensee and Licensee's signature to assign the Medicare provider agreement and Provider Number.

6.3 Promptly upon receipt of a request therefor from Licensee, New Operator will provide Licensee with copies of its CHOW applications and any further documents submitted by New Operator to CDPH or CMS/MAC in response to any requests from such governmental authority and with copies of its Permits.

6.4 Licensee shall otherwise cooperate with New Operator, to the extent reasonably necessary, in order to facilitate the issuance of the new Permits and shall not voluntarily surrender its Permits, including the Medicare or Medi-Cal provider agreements.

6.5 On or before the Operations Transfer Date, Licensee and New Operator shall execute, as applicable, the Interim Sublease, the New Operator Bill of Sale (to be effective on the Operations Transfer Date) and such other documentation as is required for processing of the New Operator's skilled nursing facility CHOW application with CDPH, and in connection with the Permits and assignment of Licensee's Medicare and Medi-Cal provider agreement to New Operator.

6.6 On the Operations Transfer Date, Licensee will grant to New Operator a non-exclusive, nontransferable, limited license to use the Facility name as currently referenced on Licensee's skilled nursing facility license for the Facility and all associated logos in connection with New Operator's ownership and management of the Facility following the Operations Transfer Date, which license shall remain in place until the Transition Date, and which license shall automatically, without need for further notice to either party, terminate as of the Transition Date.

6.7 Prior to the Transition Date, if CDPH determines that New Operator will not be granted a new skilled nursing facility license for the Facility (a “Default Event”), New Operator agrees to promptly advise Licensee and Purchaser of CDPH’s determination to deny a new skilled nursing facility license to New Operator, and New Operator shall thereafter fully cooperate with Licensee and Purchaser in all respects to transition the operations of the Facility to an Approved Replacement Operator selected by Purchaser and approved by Licensee, which approval shall not be unreasonably withheld, conditioned or delayed.

6.7.1. If pursuant to the terms of Section 6.7 above, New Operator is required to transition the operations of the Facility to an Approved Replacement Operator, New Operator agrees that it shall continue to perform all such agreements, covenants and obligations of New Operator under this Agreement, until Purchaser has identified an Approved Replacement Operator and until the date New Operator transfers and relinquishes the Facility and all Operational Assets to the Approved Replacement Operator.

6.7.2. In furtherance of the foregoing, New Operator agrees that it shall cooperate fully with Licensee, Purchaser and Approved Replacement Operator with respect to the transfer and disposition of the Facility and the Operational Assets to the Approved Replacement Operator. Such cooperation from New Operator shall include, executing such assignment and other agreements and instruments to assign all of New Operator’s rights, obligations and duties under this Agreement to such Approved Replacement Operator (provided that such assignment of this Agreement is not prohibited by applicable laws), and concurrent with any such assignment of this Agreement, New Operator shall transfer all of the Operational Assets to the Approved Replacement Operator. If, however, assignment of this Agreement and transfer the Operational Assets to the Approved Replacement Operator is prohibited by any applicable laws, then (i) New Operator agrees to continue to operate the Facility under the terms of this Agreement, and cooperate fully with Purchaser, Licensee, and Approved Replacement Operator, until Approved Replacement Operator has obtained all such approvals and consents required from such regulatory agencies to take over the operations of the Facility, and (ii) upon Approved Replacement Operator obtaining all such approvals and consents, New Operator shall transfer the Operational Assets to the Approved Replacement Operator and enter into an operations transfer agreement with the Approved Replacement Operator, in form and substance substantially similar to this Agreement.

6.7.3. As used herein, “Approved Replacement Operator” means a proposed replacement operator for the Facility who is selected by Purchaser and approved by Licensee, which approval shall not be unreasonably withheld, conditioned or delayed.

**7. Admission Agreements.** On the Transition Date, pursuant to the Assignment of Admission Agreements Licensee will assign to New Operator and New Operator will assume all of Licensee’s right, title and interest in and to and obligations accruing on and after the Transition Date under the admission agreements with the persons who are residing at the Facility on the Transition Date (the “Assigned Admission Agreements”) and thereafter. Although the assignment of the Assigned Admission Agreements shall be effective on the Transition Date, as provided in the Assignment of Admission Agreements, New Operator agrees to perform all of the obligations

of Licensee relating to the Assigned Admission Agreements which accrue on or after the Operations Transfer Date.

## **8. Transfer of Resident Funds.**

8.1 On the Operations Transfer Date, Licensee shall deliver to New Operator all petty cash held for and on behalf of residents at the Facility (the "Resident Funds") and all funds held in resident trust accounts for residents of the Facility (the "Resident Trust Funds", and collectively with Resident Funds, the "Funds"). New Operator hereby agrees that it will accept the Funds in trust for the residents/responsible parties and be solely accountable to the residents/responsible parties for such Funds in accordance with the terms of this Agreement and applicable statutory and regulatory requirements.

8.2 In accordance with 22 CCR §72529, (i) Licensee shall provide written verification by a public accountant ("Trust Account Verification") of all amounts held in the Resident Trust Funds, and (ii) both Licensee and New Operator will execute a written acknowledgement of the Resident Trust Funds to be transferred to New Operator as of the Operations Transfer Date ("Acknowledgment of Transferred Trust Funds"). The Trust Account Verification and Acknowledgment of Transferred Trust Funds shall be effective as of the date New Operator's skilled nursing facility CHOW is filed with CDPH and New Operator and Licensee agree to cooperate in all respects with respect to the Trust Account Verification, including without limitation, revising and/or updating the Trust Account Verification and/or the Acknowledgment of Transferred Trust Funds to be effective as of the Operations Transfer Date, if so required by CDPH, in order to complete New Operator's skilled nursing facility CHOW application.

8.3 On or before the Operations Transfer Date, Licensee shall prepare a final reconciliation of the Resident Trust Funds comparing the Resident Trust Funds balance on the most current Trust Account Verification to the actual amount of the Resident Trust Funds in preparation for transfer of such Funds to New Operator per Section 8.1.

8.4 New Operator shall have no responsibility as to the applicable resident/responsible party and regulatory authorities for any shortfall in the event the Funds delivered by Licensee to New Operator pursuant to Section 8.1 are demonstrated to be less than the full amount of the Funds for such resident as of the Operations Transfer Date or for claims which arise from actions or omissions of Licensee with respect to the Funds prior to the Operations Transfer Date but all of the foregoing shall be and remain the responsibility of Licensee and Licensee shall indemnify, defend, protect and hold New Operator harmless from the same.

8.5 Subject to Section 8.4, upon transfer of all of the Funds to New Operator on the Operations Transfer Date, Licensee shall have no responsibility to the applicable resident/responsible party and regulatory authorities with respect to any Funds delivered to New Operator, and such Funds shall be the responsibility of New Operator and New Operator shall indemnify, defend, protect and hold Licensee harmless from the same.

**9. Cost Reports.** Licensee shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any final cost reports with respect to its operation of the Facility which are

required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service before the Operations Transfer Date. New Operator shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any cost reports with respect to its operation of the Facility which are required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service on and after the Operations Transfer Date. Within five (5) business days of request by either Licensee or New Operator shall provide the other with copies of such cost reports, together with copies of any amendments thereto and correspondence related to such final cost reports. Licensee shall pay for any costs related to the preparation or filing of cost reports or Medi-Cal cost audits for any period prior to the Operations Transfer Date and New Operator shall pay any costs related to the preparation or filing of costs reports or Medi-Cal cost audits for periods from and following the Operations Transfer Date. In the event Licensee fails to timely file any cost report, New Operator shall have the right to do so in Licensee's name and at Licensee's expense.

## **10. Employees.**

10.1 Licensee shall terminate all of the Facility employees effective as of 11:59 p.m. on the day immediately prior to the Operations Transfer Date. Licensee shall pay directly to such employees any unpaid wages, all earned and accrued employee wages and benefits (including, without limitation, vacation, sick pay, holiday pay and paid time off). New Operator acknowledges that Licensee has provided New Operator with a list of all Facility employees and Licensee shall permit New Operator, in cooperation and coordination with Licensee, to meet with all employees of the Facility prior to the Operations Transfer Date and to advise them of New Operator's plans with respect to the hiring of the employees of the Facility and the continuation of benefits which will be offered to the employees of the Facility after the Operations Transfer Date.

10.2 New Operator hereby covenants and agrees (a) it shall offer to hire on the Operations Transfer Date and retain for a period of at least sixty (60) days after the Operations Transfer Date all of the employees at the Facility (specifically excluding the administrator and the director of nursing) and all shall be Hired Employees under this Agreement, (b) it shall not terminate the employment of any of the Hired Employees during such sixty (60) day period, except for cause, and (c) during such sixty (60) day period, it will not reduce the wages and/or benefits of any of the Hired Employees nor alter the terms and conditions of employment, economic or otherwise, of such Hired Employees. In connection therewith, New Operator shall make a written offer of employment to each employee of the Facility (other than the administrator and director of nursing) at least ten (10) days prior to the Operations Transfer Date (an "Employment Offer"). Each Employment Offer must be in each employee's primary language or another language in which such employee is literate and must state the time within which the employee may accept the offer, which time period may not be less than ten (10) days.

10.3 It is the understanding and belief of Licensee and New Operator that Licensee currently employs approximately \_\_\_ employees at the Facility, but that Licensee is not required to give notice to the employees of the Facility of the "closure" thereof under the Worker Adjustment and Retraining Notification Act (the "WARN Act") or under any comparable State law, because of the assurances provided by New Operator in Section 10.2. New Operator has

advised the Licensee that it does not want Licensee to deliver any such notices to the employees, and in reliance on New Operator's assurance, Licensee has agreed that a closure notice will not be provided to the employees of the Facility as of the Operations Transfer Date.

10.4 The employees who accept offers of employment from the New Operator as of the Operations Transfer Date shall be referred to as the "Hired Employees." Licensee, or any of its affiliates, shall have the right to retain or offer to employ any employee who is not a Hired Employee, including without limitation any employee who declines to accept employment with New Operator. Additionally, for a period of ninety (90) days after the Operations Transfer Date, Licensee agrees that it shall not, and shall not permit its affiliates to, actively solicit or recruit for employment, any such Hired Employees, provided however, New Operator expressly acknowledges that from and after the Operations Transfer Date, Licensee's affiliates may publish job postings in any general or internet publications for other healthcare facilities owned, managed or operated by Licensee's affiliates, and New Operator shall have no recourse against Licensee if any such Hired Employee applies for and accepts employment in connection with such job postings published by Licensee's affiliates.

10.5 Licensee acknowledges and agrees that New Operator is not assuming any of Licensee's obligations to its employees under Section 601, et seq. of ERISA and Section 4980B of the Internal Revenue Code ("COBRA") or otherwise. Notwithstanding the foregoing, New Operator will offer to the Hired Employees the right to participate in New Operator's health insurance program as of the Operations Transfer Date.

10.6 New Operator hereby agrees to indemnify, protect, defend and hold harmless Licensee from any loss, cost or expense Licensee actually incurs as a result of a failure to give any required notice under the WARN Act or any comparable state law.

10.7 Notwithstanding the foregoing, each of New Operator and Licensee acknowledge and agree that from and after the Operations Transfer Date, Licensee is terminating employment of all employees at the Facility and all such Hired Employees shall be directly employed by New Operator. New Operator shall solely be responsible to exercise control over the wages, hour or working conditions of such Hired Employees and to pay compensation and other benefits to the Hired Employees from and after the Operations Transfer Date, and nothing in this agreement is intended to, nor does it create, a dual employment or joint employment arrangement as between Licensee and New Operator.

## **11. Costs And Prorations.**

11.1 As between New Operator and Licensee, Facility revenues (including, without limitation, any amount paid to Licensee prior to the Operations Transfer Date for services to be rendered on and after the Operations Transfer Date from social security payments, private pay patients' security deposits and prepayments, applied income payments, resident trust prepayments, etc.), Facility operating expenses, bed taxes, utility charges for the billing period in which the Operations Transfer Date occurs, real and personal property taxes (except as otherwise provided herein) and prepaid expenses, the premiums for any flood insurance coverage which may be in effect with respect to the Facility and provide coverage for the benefit of New Operator with

respect to a period which extends beyond the Operations Transfer Date and other related items of revenue or expense attributable to the Facility (excluding, however, prepaid license fees) shall be prorated between Licensee and New Operator as of the Operations Transfer Date. In general, such prorations shall be made so that as between New Operator and Licensee, Licensee shall be reimbursed for prepaid expense items to the extent that the same are applied to expenses attributable to periods on and after the Operations Transfer Date and Licensee shall be charged for unpaid expenses to the extent that the same are attributable to periods prior to the Operations Transfer Date. This provision shall be implemented by New Operator remitting to Licensee any invoices (or the applicable portion thereof in the case of invoices which cover periods both prior to and after the Operations Transfer Date) which describe goods or services provided to the Facility before the Operations Transfer Date and by New Operator assuming responsibility for the payment of any invoices (or portions thereof) which describe goods or services provided to the Facility on and after the Operations Transfer Date; provided, however, that notwithstanding any provision of this Agreement to the contrary, any and all deposits paid by Licensee with respect to the Facility, including without limitation, any and all lease, security and/or utility deposits paid to, and/or cash or other collateral held by, any landlord, utility, insurance company or surety shall remain the sole and exclusive property of Licensee, and New Operator shall have no right or interest therein or thereto, and to the extent that Licensee does not receive a return of any such deposit on the Operations Transfer Date and such security deposit has been assumed by New Operator, New Operator shall reimburse the Licensee on the Operations Transfer Date the full amount of any such security deposit assumed by New Operator.

11.2 All such prorations shall be made on the basis of actual days elapsed in the relevant accounting or revenue period and shall be based on the most recent information available to Licensee. Utility charges which are not metered and read on the Operations Transfer Date shall be estimated based on prior charges and shall be re-prorated upon receipt of statements therefor as of the Operations Transfer Date. New Operator shall obtain its own insurance coverage covering all periods commencing on and after the Operations Transfer Date and for the duration of the Management Period and shall name Licensee as an “Additional Insured” to said insurance coverage policies.

11.3 All amounts which are subject to proration under the terms of this Agreement and which require adjustment after the Operations Transfer Date shall be settled within ten (10) days after the Operations Transfer Date or, in the event the information necessary for such adjustment is not available within said ten (10) day period, then within seven (7) business days of receipt of information by either party necessary to settle the amounts subject to proration.

11.4 On the Operations Transfer Date, Licensee may remove from the Facility any petty cash and any other funds maintained at or for the Facility immediately prior to the Operations Transfer Date, other than resident trust funds, which shall be handled in the manner set forth in Section 8.

11.5 In addition to any costs for which New Operator is responsible under Section 5 hereof, New Operator shall be solely responsible for all costs, fees and expenses incurred by it in connection with the transfer of operations of the Facility as contemplated hereunder,

including but not limited to the cost of any training of the Facility's employees which it may elect to undertake with the approval of Licensee, which approval shall not be unreasonably withheld, conditioned or delayed, provided such training is conducted in a manner which does not disrupt the operation of the Facility prior to the Operations Transfer Date, and the cost of any due diligence that it undertakes in furtherance of such transfer of operations, including but not limited to, the costs of any examination or copying by New Operator or its agents of any books, records, patient files or other operational or fiscal information and data of any kind of Licensee or the Facility. In furtherance and not in limitation of the foregoing, in the event that in the process of any such employee training and/or due diligence examinations Licensee shall incur any out of pocket costs or expenses related to the use of its employees, equipment and/or the provision of any such information, New Operator shall, within seven (7) days after a written demand therefor accompanied by reasonably detailed supporting documentation, reimburse Licensee for all of such out of pocket costs and expenses.

## **12. Access to Records.**

12.1 On the Operations Transfer Date, Licensee shall deliver to new operator all records necessary to the efficient, continued operation of the facility, subject to the provisions below.

12.2 New Operator acknowledges that Licensee shall retain and may remove from the Facility originals of all employee records, all of which shall be and remain the property of Licensee. For the avoidance of doubt, Licensee shall not be required to deliver to New Operator background checks, drug test results, performance reviews, internal notes or any other employee records of Licensee.

12.3 Nothing herein shall be construed as precluding Licensee from removing the following records from the Facility, which New Operator may make copies at its sole expense to the extent necessary to facilitate the provisions of this agreement: (a) the originals of the financial records which relate to its operations at the Facility, including all accounts payable and accounts receivable records (provided that Licensee shall make at its expense and leave at the Facility such financial records as may be necessary to enable New Operator to comply with its obligations under this Agreement, and to ensure compliance by Licensee with its obligations, (b) the originals of all performance improvement data for the preceding twelve (12) months, (c) originals of employee records for all former employees that are not Hired Employees and copies of employee records for all Hired Employees, (d) originals of patient records for all former patients no longer residing at the Facility, (e) copies of records for all current patients residing at the Facility, and (f) legacy records stored either on-site or off-site.

12.4 Notwithstanding anything to the contrary in this Agreement, Licensee and New Operator agree that all information, records and data collected or maintained regarding Facility residents shall be confidential. Licensee, New Operator, and their respective employees and agents shall maintain the confidentiality of all Facility resident information received in accordance with applicable California and federal laws, including HIPAA, the health insurance portability and accountability act of 1996 (public law 104-91) ("HIPAA") the health information technology for economic and clinical health act public law 111-005 ("HITECH") and the

regulations issued in connection therewith. No employee or agent of Licensee or New Operator shall discuss, transmit or narrate in any manner any Facility resident information of a personal, medical, or other nature except as a necessary part of providing services to the resident, effectuating a transfer of the Facility operations, or otherwise fulfilling its obligations under this Agreement or under law. The obligations under this Section 12 shall survive the termination of this Agreement, whether by rescission or otherwise as amended and the regulations issued in connection therewith.

12.5 From and after the Operations Transfer Date, New Operator shall allow Licensee and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to and including the Operations Transfer Date, to the extent reasonably necessary to enable Licensee to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for Licensee to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due Licensee and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to and including the Operations Transfer Date.

12.6 From and after the Operations Transfer Date, Licensee shall allow New Operator and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to the Operations Transfer Date, to the extent reasonably necessary to enable New Operator to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for New Operator to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due New Operator and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to the Operations Transfer Date.

12.7 Licensee shall have the right, at Licensee's sole cost and expense, five (5) days after the delivery of a reasonable request therefore to New Operator to enter the Facility and remove originals or copies of any such records delivered to New Operator; *provided, however*, that if directed by Licensee in its request to New Operator, New Operator shall within such five (5) day period, forward such records to Licensee, at Licensee's sole cost and expense, to the address designated by Licensee; and provided, further, that if, for purposes of litigation involving a patient or employee to whom such record relates, an officer of or counsel for Licensee certifies that an original of such record must be produced in order to comply with applicable law or the order of a court of competent jurisdiction in connection with such litigation then the records so delivered or removed shall be an original. Licensee's request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from retaining copies of any such documents. Nothing hereinabove shall limit, reduce or restrict the Licensee's access to the Facility, during the Term of

the Management Period in connection with any of the Licensee's rights, duties or obligations under this Agreement or that are required statutorily as the Licensee of the Facility.

12.8 New Operator agrees to maintain such books, records and other materials comprising records of the Facility's operations, including, but not limited to, patient records and records of patient funds, to the extent required by law, which relate to the period preceding the Operations Transfer Date and which have been delivered to New Operator by Licensee in conjunction herewith. If upon the expiration of any legislatively mandated retention period for such books and records, New Operator decides to dispose of or destroy such books and records, New Operator shall provide Licensee thirty (30) days advance notice of such decision, and New Operator shall, upon receipt of a written request from Licensee, allow Licensee a reasonable opportunity to remove such books and records, at Licensee's sole cost and expense, from the Facility.

12.9 New Operator acknowledges and agrees that the books, records and other material described in this Section 12 are unique, that in the event of a breach by New Operator of its obligations under this Section 12, Licensee would suffer injury for which it would not be fully compensated with monetary damages and accordingly that in the event of a breach by New Operator of its obligations under this Section 12, in addition to all other remedies, Licensee shall be entitled to seek to enjoin a breach by New Operator of its obligations under this Section 12 and/or to specifically enforce the obligations of New Operator hereunder.

**13. Operating Contracts.** Any contracts entered into by Licensee prior to the Operations Transfer Date involving the operations of the Facility and/or reimbursements for such operations, including, but not limited to Medicare, Medi-Cal and managed care contracts (to the extent lawfully assignable) are referred to herein as "Operating Contracts." On the Operations Transfer Date and subject to Section 2.2.2, Licensee shall assign to New Operator, such Operating Contracts that New Operator, in its sole and absolute discretion, elects to assume as set forth on Schedule 1 hereto (collectively, the "Assigned Contracts"), and New Operator agrees to assume the same, provided however, New Operator shall not assume any obligations or liabilities arising thereunder prior to the Operations Transfer Date. Notwithstanding anything to the contrary in the foregoing, Licensee shall not voluntarily terminate any managed care contracts for the Facility without the prior written consent of New Operator and New Operator shall provide Licensee advance notice should it: a) elect to terminate or not renew any such contract; or b) become aware any such contract is involuntarily terminated. For the avoidance of doubt during the Billing Period, New Operator shall have the right to bill for services under any third-party payor contract, whether or not such Operating Contract is an Assigned Contract, but Licensee shall not bear any responsibility for payment to New Operator for any such billing.

**14. Proprietary information and materials.** New Operator acknowledges and agrees that any and all proprietary and confidential materials and information located at and used in connection with the operation of the Facility, which are not being transferred to New Operator pursuant to this Agreement, shall be and remain the property of Licensee, and accordingly, that Licensee may remove all of such materials and information from the Facility on or immediately before the Operations Transfer Date.

## 15. Indemnification.

15.1 Licensee and New Operator acknowledge and agree that to the extent that either party suffers any Losses (as such term is defined in Section 9.06(b) in the Purchase Agreement) including specifically, MOTA Losses (as such term is defined below in Section 15.2), as a result of the other parties' breach of its representations, warranties and obligations under this Agreement, that all such claims in connection with such Losses under this Agreement, shall be expressly subject to the terms, conditions and procedures set forth in the indemnification provisions in Article VIII of the Purchase Agreement, and all subparts thereto, the terms of which are hereby incorporated into this Agreement by this reference as if fully set forth herein.

15.2 Notwithstanding Section 15.1, in addition thereto, Licensee hereby agrees to indemnify, protect, defend, and hold harmless New Operator, and their respective members, managers, partners, directors, officers, employees, agents, successors and assigns from and against any and all demands, claims, causes of action, fines, penalties, damages (but specifically excluding lost profits and consequential damages), losses, liabilities (including strict liability), judgments, and expenses (including, without limitation, reasonable attorneys' and other professionals' fees and court costs) (collectively, "MOTA Losses") incurred in connection with or arising from the following (collectively, the "Retained Liabilities"): (a) a breach by Licensee of its representations, warranties and obligations under this Agreement which is not cured within thirty (30) business days after receipt of written notice from New Operator setting forth, in reasonable detail, the nature of such breach, (b) the acts or omissions of Licensee under any contract assigned to New Operator that occurred prior to the Operations Transfer Date, (c) the occupancy or operation of the Facility by Licensee prior to the Operations Transfer Date, (d) any acts, omissions, elder abuse (as that term is defined in California Welfare and Institutions Code § 15610) or negligence of Licensee or any person claiming under Licensee, or the contractors, agents, employees, invitees or visitors of Licensee with respect to the Facility and its residents prior to the Operations Transfer Date, and (e) any failure by Licensee to pay any liabilities in connection with the Facility attributable to periods prior to the Operations Transfer Date, including but not limited to quality assurance fees or bed taxes (including, without limitation, reasonable attorneys' and other professionals' fees and court costs), except insofar as responsibility for such liabilities have been otherwise apportioned to New Operator or Purchaser under this Agreement or the Purchase Agreement.

15.3 Notwithstanding Section 15.1, in addition thereto, New Operator hereby agrees to indemnify, protect, defend, and hold harmless Licensee and its directors, officers, employees, agents, successors and assigns (collectively, the "Licensee Indemnified Parties") from and against any and all "MOTA Losses" (as referenced and defined in Section 15.2) incurred in connection with or arising from: (a) a breach by New Operator of its representations, warranties and obligations under this Agreement which is not cured within thirty (30) business days after receipt of written notice from Licensee setting forth in reasonable detail the nature of such breach, (b) the acts or omissions of New Operator under any contract assigned to and expressly assumed by New Operator that arises on or after the Operations Transfer Date, (c) the occupancy or operation of the Facility by New Operator from and after the Operations Transfer Date, including submission of claims to Medicare and Medi-Cal prior to New Operator obtaining CMS approval of the assignment of Licensee's Medicare provider agreement and the Department of Health Care

Services approval to participate in the Medi-Cal program, (d) claims against Licensee by any state or federal agency for amounts that such agency has determined have been overpaid to New Operator or Licensee under its Medicare or Medi-Cal provider agreements and that are for services provided on and after the Operations Transfer Date, (e) any acts, omissions, elder abuse (as that term is defined above) or negligence of New Operator or any person claiming under New Operator, or the contractors, agents, employees, invitees or visitors of New Operator with respect to the Facility and its residents from and after the Operations Transfer Date, or (f) any failure by New Operator to pay any liabilities in connection with the Facility attributable to period from and after the Operations Transfer Date (including, without limitation, reasonable attorneys' and other professionals' fees and court costs).

15.4 New Operator acknowledges and agrees that on and after the Operations Transfer Date, it will be in day-to-day charge of the operation and maintenance of the Facility, of resident care and resident Funds, and submission of claims for reimbursement of services provided to residents of the Facility in accordance with the terms of this Agreement. In the event of any violation of any statute, law, regulation or obligation, or of a claim, deficiency or citation occurring on and after the Operations Transfer Date, for any reason by any person or government or private entity or agency, arising from or applicable to the operation or maintenance of the Facility, including but not limited to, resident care, claims submission and receipt of payment thereof, employment, and handling of residents' Funds, whether such violations or claims result in the imposition of penalties, citations, fines, court or administrative orders, litigation, including third party, New Operator's employees, and governmental claims, termination or suspension of the Medicare and Medi-Cal provider agreements, or license revocation as to the Facility or as to Licensee or for claims submission and payment purposes from the Operations Transfer Date to the Tie-In, New Operator shall (a) immediately notify Licensee of any such event; (b) take all actions necessary to protect Licensee, including but not limited to contesting of any such actions against Licensee and the Facility, at the sole cost of New Operator, whether by way of administrative or court proceedings; and (c) indemnify Licensee in accordance with Section 15.3 above.

15.5 By its signature to this Agreement, IEP agrees to irrevocably guaranty, as principal and not as surety, the payment of all monetary obligations due and payable to Licensee Indemnified Parties under this Agreement as a result of a breach of any indemnification obligations of New Operator under Section 15.3 of this Agreement, that may arise on and after the Operations Transfer Date. The obligations and liabilities of IEP under this Section 15.5 shall terminate on the date that is three (3) years after the Operations Transfer Date (the "IEP Guaranty Survival Date"); provided, however, any claims for MOTA Losses by any Licensee Indemnified Parties prior to the IEP Guaranty Survival Date that have not been finally resolved prior to the IEP Guaranty Survival Date shall survive the IEP Guaranty Survival Date until all such claims have been finally resolved.

15.6 The parties agree that to the extent that any claim, matter, circumstance, event or occurrence exists both prior to, and after the Operations Transfer Date, such that New Operator is entitled to indemnification from Licensee for MOTA Losses attributable to periods prior to the Operations Transfer Date, and Licensee Indemnified Parties are entitled to indemnification from New Operator for MOTA Losses attributable to periods on and after the

Operations Transfer Date, the provisions of Section 8.05(f) applicable to Straddle Claims in the Purchase Agreement shall govern the parties respective indemnification obligations.

15.7 The foregoing indemnification obligations shall survive the expiration or other termination of this Agreement. All matters arising from an indemnified party's negligence, gross negligence or willful misconduct are excluded from the scope of the indemnification owing to such party set forth in Sections 15.2 and 15.3.

Concurrently with the execution of this Sublease, New Operator and Licensee have entered into a Management and Operations Transfer Agreement (the “Management Agreement”), pursuant to which New Operator shall manage the Facility under Licensee's existing license during the term of the Management Agreement, as set forth therein.

New Operator desires to sublease the Facility to Licensee and Licensee desires to sublease the Facility from New Operator on the terms and conditions hereinafter set forth.

3. **PAYMENTS BY LICENSEE:**

Commencing on the Effective Date, Licensee shall pay to New Operator as rent for the Leased Premises the sum of Twelve Dollars (\$12.00) per year, payable in advance.

4. **PAYMENTS BY NEW OPERATOR:**

4.1 Utilities. New Operator shall pay all water, gas, heat, light, power, telephone service and all other utility services supplied to the Leased Premises during the term hereof.

4.2 Taxes. New Operator shall pay all real and personal property taxes, assessments and levies of any kind or nature whatsoever taxed, assessed, levied or imposed upon or against the Leased Premises during the term hereof.

New Operator covenants and agrees that all of the property constituting the Leased Premises is covered as of the date hereof and will be covered at all times by general liability, fire, theft and property damage insurance. All such insurance shall name New Operator and Licensee as insureds as their respective interests may appear.

4.4 Repairs and Maintenance; Alterations. New Operator shall pay all costs of repairing and maintaining the Leased Premises and every part thereof in good and sanitary order, condition and repair during the term hereof, reasonable wear and tear excepted. Licensee shall not make any alterations or changes to the Leased Premises without the prior written approval of New Operator in its sole discretion.

5. **USE.**

Licensee shall use the Leased Premises for the operation of a skilled nursing facility. New Operator agrees to apply for and devote its best efforts toward obtaining a new skilled nursing facility license.

6. **COUNTERPARTS.**

This Sublease may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

Sections 164.530(f) and 164.530(e)(1)).

2.8 Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).

2.9 Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

2.10 Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic

health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other

arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### 4. MISCELLANEOUS

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or

Addendum providing assurances regarding the safeguarding of PHI that CE, in its reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

F. **WHEREAS**, in order to facilitate a transition of operational and financial responsibility from Licensee to New Operator in a manner which will ensure the continued

operation of the Facility after the Operations Transfer Date in compliance with the Lease and applicable law and in a manner which does not jeopardize the health and welfare of the residents of the Facility, Licensee and New Operator are desirous of documenting the terms and conditions on which New Operator will manage the Facility for Licensee as of the Operations Transfer Date and certain other terms and conditions relevant to the transition of operational and financial responsibility from Licensee to New Operator;

**NOW, THEREFORE**, in consideration of the foregoing premises and the mutual covenants of the parties set forth herein, it is hereby agreed as follows:

**1. Closing.**

1.1 Operations Transfer Date. The transactions contemplated under this Agreement shall be effectuated on the Operations Transfer Date, which shall be the Closing Date as defined in the Purchase Agreement, subject to the satisfaction or waiver of the Conditions Precedent set forth in Section 1.3 below.

1.2 Deliverables.

1.2.1. On the Operations Transfer Date, the Parties shall execute and deliver to each other an original duly executed counterpart of the following documents: (a) the Interim Sublease in the form attached hereto as "Exhibit A"; (b) an Assignment and Assumption of Admission Agreements in the form attached hereto as "Exhibit B," (the "Assignment of Admission Agreements"); and (c) a Business Associate Addendum in the form attached hereto as "Exhibit C" (the "BAA"). Additionally, on the Operations Transfer Date, the Parties shall execute and deliver to each other, duly executed counterparts of the following documents required to be delivered under the Purchase Agreement: (y) the New Operator Bill of Sale in the form attached as Exhibit D to the Purchase Agreement; and (z) the Assignment and Assumption of Assigned Contracts in the form attached as Exhibit E to the Purchase Agreement (the "Assignment of Contracts"). This Agreement, the Interim Sublease, the Assignment of Agreements, the BAA, the New Operator Bill of Sale, and the Assignment of Admission Agreements are referred to collectively as the "Closing Documents."

1.2.2. The assets being conveyed by Licensee to New Operator pursuant to the New Operator Bill of Sale, the Assignment of Admission Agreements, and the Assignment of Agreements are collectively referred to herein as the "Operational Assets."

1.3 Conditions Precedent. For purposes of this Agreement, the "Conditions Precedent" to the transfer of operations shall be: (a) the concurrent closing of the transactions contemplated by the Purchase Agreement; (b) the execution and delivery by the Parties of each of the Closing Documents; (c) the execution of the Lease between the Purchaser and the New Operator; and (d) the satisfaction or waiver of any conditions precedent in any ancillary transaction documents.

1.4 Transition Date. For purposes this Agreement, the "Transition Date" shall be the effective date of the new skilled nursing facility license issued by CDPH to New Operator

for the Facility.

## **2. Management of the Facility.**

2.1 Commencing on the Operations Transfer Date and ending on the Transition Date (the “Management Period”), Licensee hereby appoints New Operator as its sole and exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator’s assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier (“NPI”) and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the “Provider Numbers”). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the “Billing Period” shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which CMS issues a tie-in notice for the purpose of tying the Licensee’s Medicare Provider Number to the New Operator’s NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the “Tie-In”).

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will have the right, as a matter of law or contract, to bill the third party payors under Licensee’s third party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. “Payor Contracts” shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee’s affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider

agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

2.3.1 preparation and maintenance of business records and financial and other reports;

2.3.2 establishment and administration of accounting procedures and controls;

2.3.3 financial and business planning;

2.3.4 processing and payment of accounts payable;

2.3.5 billing, processing and collection of accounts receivable, including the billing and completion of any reports and forms that may be required by insurance companies, governmental agencies, or other third-party payors; and

2.3.6 providing and processing of all employee record keeping, payroll accounting (including social security and other payroll tax reporting), and benefits for all employees of the Facility.

2.4 New Operator shall arrange for the maintenance, repair, trash removal, and janitorial services which may be necessary to maintain the Facility and equipment in a clean and safe condition, in compliance with applicable law, and in good repair in accordance with standards established by the Lease.

2.5 New Operator shall arrange for the utilities reasonably required for operation of the Facility, including, but not limited to, telephone, Wi-Fi, cable or satellite TV, electricity, gas, water and refuse disposal, and shall secure these utilities in its own name on the Operations Transfer Date.

2.6 New Operator shall arrange under its own name for the provision and replenishment, as New Operator deems necessary and as necessary to meet any minimum requirements established under applicable law, of all supplies and inventory used in the Facility. Licensee's only obligation with respect thereto shall be to ensure that the levels of supplies and inventory at the Facility, including, without limitation, perishable food, non-perishable food, central supplies, linen, housekeeping and other supplies, on the Operations Transfer Date is in condition, quantity and quality sufficient to meet the regular operating needs of the Facility, with quantities in the minimum amounts required by applicable laws and in accordance with Licensee's past business practices and policies at the Facility.

2.7 New Operator shall hire employees of the Facility as employees-at-will in accordance with the terms and provisions of Section 10 of this Agreement. New Operator shall be responsible for all aspects of administration of its employees, including hiring, training, supervision, and termination. Except as otherwise determined by New Operator and Licensee (i.e., general supervision from New Operator's employees who are not permanently assigned to the Facility), all employees so hired shall be employed by New Operator. During the Management Period, New Operator shall maintain worker's compensation insurance for all its employees as required by law and employer's liability insurance reasonably acceptable to Licensee. Hiring, promotion, discipline and termination and other employment decisions with respect to its employees shall be made by New Operator in a manner consistent with applicable law and policies at the Facility.

2.8 New Operator, on behalf of the Facility, shall arrange for maintenance of the payroll records of all its employees, for the issuance of paychecks to its employees, and for the payment and withholding from such paychecks of appropriate amounts for income tax, social security, unemployment insurance, and for all employee benefits, including vacation, holidays, sick leave, and in accordance with New Operator's policies, subject to the terms and provisions of Section 10.3.

2.9 New Operator shall have the right, in its sole discretion, to revise the fee schedules for the services rendered by the Facility, provided that such changes are in compliance with the law and that New Operator shall consult with Licensee before doing so.

2.10 In conformity with applicable law, Licensee and New Operator shall not discriminate against Medicare or Medi-Cal patients who request services at the Facility, or any other person with whom it interacts in relation to the Facility.

2.11 New Operator shall comply with any and all codes, ordinances, rules, regulations, and requirements of all federal, state, and municipal authorities now in force, or which may hereafter be in force, pertaining to the Facility and its operations.

2.12 New Operator shall procure and maintain during the Management Period the insurance required under the terms of the Lease, with the Licensee named as an additional named insured on all such insurance policies. New Operator shall keep all insurance coverage in effect and, without demand, provide to Licensee updated certificates at each renewal for the applicable statute of limitations period in which any claims may be brought against Licensee or Licensee's shareholders, members, affiliates, directors, officers, representatives or advisers.

2.13 Funds received by New Operator which relate to the Quality and Accountability Supplemental Payment ("QASP") owed to Licensee for dates prior to the Operations Transfer Date shall belong to the Licensee and shall be remitted by New Operator to the Licensee promptly within ten (10) days' receipt of such QASP from the applicable regulatory agency. The amount of the QASP deemed owed to Licensee shall be calculated as follows: the QASP shall be multiplied by a fraction, the numerator of which shall be the number of days the Licensee operated the Facility in the year for which QASP are being made and the denominator of which shall be the number of days in the year for which QASP are being made. New Operator and

Licensee hereby acknowledge that payments made for QASP fees are paid based on the state fiscal year of July 1-June 30 (the “SFY”), and that payments for the prior year are received in approximately April of the calendar year following the SFY. For example, payments made to operators in April 2024 will be for SFY July 1, 2022-June 30, 2024 and payments made to operators in April 2025 will be for SFY July 1, 2023-June 30, 2024.

2.13.1. Notwithstanding the foregoing, Licensee and New Operator acknowledge that the California Department of Healthcare Services has implemented the Workforce and Quality Incentive Program (“WQIP”) to replace and succeed the QASP program, with awards and payments under the WQIP program to be first made to qualifying facilities in the calendar year 2024 based on metrics for the 2023 calendar year. New Operator and Licensee agree to confer in good faith and reconcile such awards and payments received from the WQIP program, and Licensee and New Operator further agree that all such awards or payments received from the WQIP program shall be allocated amongst New Operator and Licensee as of the Operations Transfer Date, with Licensee to receive such portion of the awards or payments from the WQIP program attributable to periods prior to the Operations Transfer Date, and with New Operator to receive such portion of the awards or payments from the WQIP program attributable to periods on and after the Operations Transfer Date.

2.14 New Operator shall be responsible for all Quality Assurance Fees owed by the Facility to the California Department of Health Care Services (“QA Fees”) that accrue for periods on and after the Operations Transfer Date. Licensee shall be responsible for all QA Fees that accrue for periods before the Operations Transfer Date, and shall at least five (5) business days prior to the Operations Transfer Date, provide evidence reasonably satisfactory to New Operator that all QA Fees for periods prior to the Operations Transfer Date have been paid in full.

2.15 New Operator shall cooperate with Licensee in the provision and dissemination of any notice required to be provided under Health and Safety Code § 1267.61 (“Transfer Notice Act.”) of the transfer of operations contemplated under this Agreement to all of the residents of the Facility (the “Transfer Notice”). New Operator agrees to provide all information necessary for Licensee to prepare and post such Transfer Notice pursuant to the requirements of the Transfer Notice Act; and the Licensee shall post a copy of the Transfer Notice on all entrance and exit doors of the Facility.

### **3. Billings, Collections and Accounts Receivable.**

3.1 New Operator shall, on behalf of Licensee, bill patients and payors and use its commercially reasonable efforts to collect all cash revenue resulting from Facility operations during the Billing Period. Licensee and New Operator agree to cooperate with each other to make available such billing and accounting information and to provide such financial records for review as shall be necessary to accomplish the billing and collection of patient charges for services provided by Licensee prior to the Operations Transfer Date and provided for in this Section 3 and to cooperate in the completion of reports and claim forms as necessary to procure payments and reimbursement from governmental agencies, insurance carriers or other third party payors. During the Billing Period, Licensee authorizes New Operator to do the following:

3.1.1. To bill patients in Licensee's name, on Licensee's behalf, and under Licensee's Provider Numbers, specifically including, without limitation, services provided to Medicare and Medi-Cal patients during the Billing Period, and the resulting revenue will be treated as revenue of Licensee (subject to New Operator's right to direct the use of such funds as herein provided and subject to New Operator's right to the Management Fee pursuant to Section 5 hereof).

3.1.2. To collect accounts receivable resulting from such billing in Licensee's name and on Licensee's behalf;

3.1.3. To receive payments from insurance companies, prepayments from health care plans, and payments from all other third-party payors;

3.1.4. To take possession of and endorse in the name of Licensee any notices, checks, money orders, insurance payments, and other instruments received in payment of the accounts receivable resulting from such billing and deposit them directly in New Operator's account; and

3.1.5. To initiate legal proceedings in accordance with policies reasonably approved by Licensee to collect any accounts or monies owed to the Facility or Licensee related to the Facility during the Management Period.

3.2 Licensee shall retain its right, title and interest in and to all unpaid accounts receivable with respect to the Facility that relate to all periods prior to the Operations Transfer Date, including, but not limited to, any accounts receivable arising from rate increase adjustments which relate to periods prior to the Operations Transfer Date even if such adjustments occur after the Operations Transfer Date.

3.3 New Operator and Licensee acknowledge that prior to the Effective Date hereof, Licensee has opened a separate depository bank account for the Facility (the "New EFT Account"), for the purposes of serving as the new depository account into which accounts receivables and payments from the Facility's existing and any new Medicare, Medi-Cal and other third-party payors will be deposited (without accounts receivables or payments attributable to other healthcare facilities). For the duration of this Agreement, Licensee shall maintain sole control of the New EFT Account, provided however, Licensee agrees to grant New Operator "view access" only rights with respect to the New EFT Account during the Billing Period. On and after the Operations Transfer Date, on a weekly basis Licensee and New Operator agree to reconcile and account for all payments received in the New EFT Account as follows: (i) during the first sixty (60) days following the Operations Transfer Date, Licensee will perform a reconciliation of all payments deposited into the New EFT Account to the dates of service for which such payments are made. The payments thereof which Licensee determines relate to the period after the Operations Transfer Date shall be forwarded within five (5) business days to New Operator via wire payment or ACH (bank to bank automated clearing house), and any payments that relate to the period prior to the Operations Transfer Date shall be retained by Licensee; (ii) on the sixty-first (61st) day following the Operations Transfer Date, New Operator shall, on a weekly basis, perform the reconciliation described in this Section of payments deposited into the New EFT Account, and upon request from New Operator, Licensee shall within five (5) business days,

forward such payments to New Operator via wire payment or ACH (bank to bank automated clearing house). If the accompanying remittance advice does not indicate the period to which a payment relates or if there is no accompanying remittance advice, Licensee, during the first sixty (60) days, and New Operator on the sixty-first (61st) day thereafter, will attempt to reconcile the payment to the dates of service for which such payment was made, and within five (5) business days, the payments thereof which Licensee or New Operator, as applicable, determines relate to the period after the Operations Transfer Date shall be forwarded to New Operator and any payments that relate to the period prior to the Operations Transfer Date shall be retained by, Licensee. If the parties do not agree as to how to apply an unaccounted for payment referenced in this Section, then the payment shall be deemed to apply against the oldest outstanding account receivable due from such payor. The party who performs the reconciliation of payments in accordance with this Section, will promptly forward documentation to the other party supporting the allocation of the payment.

3.4 New Operator shall have the right to open one or more bank accounts for the Facility in the name of New Operator (the “Management Account”), the authorized signatories of which shall consist solely of persons designated by New Operator. Licensee agrees that it will not take any actions that interfere with the transfer of funds for services rendered by New Operator after the Operations Transfer Date into the Management Account. Licensee expressly authorizes New Operator to endorse checks made payable to Licensee for dates of services provided after the Operations Transfer Date and to deposit them in the Management Account.

3.5 All cash received during the Management Period related to operating revenues for services rendered by New Operator on and after the Operations Transfer Date shall be under the control of New Operator, rather than Licensee. All cash received before, during or after the Management Period related to the operating revenues for services rendered by Licensee prior to the Operations Transfer Date shall be remitted to Licensee within five (5) business days of receipt, together with applicable remittance advices.

3.5.1. If Licensee directly or indirectly receives any such cash during the Management Period which relates to the Management Period, Licensee shall forward any such receipts to New Operator, together with the applicable remittance advices, within five (5) business days, for deposit in the Management Account. If New Operator directly or indirectly receives any cash during the Management Period which relates to the period prior to the Management Period, New Operator shall within five (5) business days forward any such receipts to Licensee, together with applicable remittance advices.

3.5.2. New Operator shall use the cash receipts which relate to the operation of the Facility during the Management Period, or, if necessary, make available additional cash, to pay for expenses incurred during the Management Period, including both expenses paid during such period and expenses which are due after the Management Period but which were incurred during the Management Period.

3.6 In furtherance and not in limitation of the allocation of revenues provided for in Sections 3.3, 3.5, and 3.51, New Operator and Licensee agree as follows:

3.6.1. If such payments either specifically indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period prior to the Operations Transfer Date, they shall be retained or forwarded to Licensee, along with the applicable remittance advice in accordance with the provisions of Sections 3.3, 3.5, and 3.51.

3.6.2. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period from and after the Operations Transfer Date, they shall be forwarded or retained by New Operator, along with the applicable remittance advice, in accordance with the provisions of Sections 3.3, 3.5, and 3.51.

3.6.3. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to periods for which both parties are entitled to reimbursement under the terms hereof, the portion thereof which relates to the period prior to the Operations Transfer Date shall be disbursed to or retained by Licensee in accordance with the provisions of Section 3.3 and 3.5 and the balance shall be retained by or remitted to New Operator in accordance with the provisions of Section 3.5.1.

3.6.4. Any private pay payments that specifically identify dates of service, regardless of when received, shall be disbursed to New Operator or Licensee according to whether the dates of service were before or after the Operations Transfer Date. Private pay payments that are not identified by dates of service and that are received by New Operator or Licensee during the first ninety (90) calendar days following the Operations Transfer Date shall be remitted to Licensee to be applied to reduce any outstanding private pay resident's obligations to Licensee, with any excess applied to reduce any balances due for services rendered by New Operator on and after the Operations Transfer Date. Private pay payments that are not identified by dates of service and that are received by New Operator or Licensee on or after the ninety-first (91st) calendar day following the Operations Transfer Date, shall be remitted to New Operator or retained by New Operator, as applicable, to be applied to reduce private pay resident's obligations to New Operator arising from and after the Operations Transfer Date.

3.6.5. All amounts owing to Licensee or New Operator under this Section 3.6 shall be settled within five (5) business days after the payment was received.

3.6.6. In the event the Parties mutually determine that any third party payors or private pay residents are entitled to a refund of payments, the portion thereof that relates to the period from and after the Operations Transfer Date shall be paid by New Operator and the portion thereof that relates to the period prior to the Operations Transfer Date shall be paid by Licensee to such third party payor or private pay resident.

3.6.7. In the event the parties mutually determine that any payment hereunder was misapplied by the parties, the party which erroneously received said payment shall remit the same to the other within five (5) business days after said determination is made.

3.6.8. Until the earlier of (i) the date that Licensee receives payment of all accounts receivable attributed to the operation of the Facility prior to the Operations Transfer Date, and (ii) twelve (12) months after the Operations Transfer Date, New Operator shall provide

Licensee with an accounting before the end of each month setting forth all amounts received by New Operator during the preceding month with respect to the accounts receivable of Licensee which are set forth in the schedule provided by Licensee to New Operator within no more than thirty (30) days after the Operations Transfer Date. New Operator shall deliver such accounting to the person identified in Section 18 at the address and email address provided therein.

3.6.9. Upon ten (10) days after written request, and for a period of twelve (12) months after the Operations Transfer Date, Licensee shall provide New Operator with an accounting setting forth all amounts received by Licensee during the preceding month with respect to payments from the residents of the Facility which are due and owing to New Operator in accordance with the terms of this Section 3.6, which accounting shall be accompanied by applicable remittance advices.

3.6.10. Licensee and New Operator shall have the right to inspect, no more frequently than once per month, all cash receipts of the other party during weekday business hours on reasonable prior notice in order to confirm such party's compliance with the obligations imposed on it under this Section 3.6.

3.7 To the extent either Licensee or New Operator receive any proceeds from the accounts receivable of the other party, the parties acknowledge that the party receiving the payment belonging to the other party shall hold the payment in trust. Neither New Operator nor Licensee shall have any right to offset or recoupment with respect to such accounts receivable, and any party erroneously receiving a payment belonging to the other party shall have no right, title or interest whatsoever in the payment and shall remit the same to the other as provided herein.

3.8 New Operator shall cooperate fully with Licensee in the collection of the Licensee's accounts receivable which accrued prior the Operations Transfer Date. Licensee shall be responsible for any further billing and/or collections of the Licensee's accounts receivable, and New Operator shall not be obligated to take any collection action or incur any expense in connection therewith. However, Licensee shall not assume or otherwise be responsible for any liabilities, obligations, accounts payables or commitments of New Operator relating to or arising out of the business conducted by New Operator at the Facility for periods after the Operations Transfer Date.

#### **4. COVID Payments.**

4.1 Any and all Paycheck Protection Program SBA Loans ("SBA Loans") received by Licensee shall remain the sole responsibility, liability and obligation of Licensee, and any SBA Loans received by New Operator shall remain the sole responsibility, liability, and obligation of New Operator.

4.2 To the extent permitted by the terms thereof, any grant payments, stimulus payments, retroactive rate adjustments, and any and all other payments and support paid with respect to the Facility in relation to COVID-19 relief efforts (collectively, the "COVID Payments") received by Licensee during the Management Period shall be paid over to New Operator, and New Operator shall assume responsibility for all of the terms and conditions thereof, and for all

obligations relating to such payments. Notwithstanding anything in this Agreement to the contrary, to the extent New Operator properly receives any future COVID Payments intended for its utilization by the issuing entity, New Operator hereby covenants that any such COVID Payments will be utilized by New Operator only in the operation of the Facility to pay allowable covered, actual COVID-19-related expenses incurred by New Operator on or after the Operations Transfer Date and in accordance with the all Applicable Laws (as defined below) governing such COVID Payments. Any and all such COVID Payments shall remain the property and responsibility of New Operator. For the avoidance of doubt, Licensee shall not assume or accept any funds, proceeds, responsibilities, liabilities, and/or obligations related to, or in connection with, the COVID Payments received by New Operator, and New Operator shall defend, indemnify and hold Licensee harmless from and against any such liabilities or obligations.

4.3 Each of the Parties shall comply with all Applicable Laws related to the SBA Loans and COVID Payments described herein. The Parties shall reasonably cooperate with any information requests related to such funds in order to comply with regulatory and reporting requirements. Until the Transition Date, New Operator shall notify Licensee of all SBA Loans and COVID Payments it receives that are covered under this Section 4 within seven (7) days of receipt and promptly upon receipt of a request therefore from Licensee, New Operator will provide Licensee with copies of all information necessary to document the application for or utilization of such funds upon request.

## **5. Management Fee.**

5.1 For its services under Sections 2 and 3, New Operator shall be entitled to a fee from Licensee (the “Management Fee”) equal to the Facility’s operating revenues less all operating expenses, including the rent and related expenses due under the terms of the Lease, resulting from operation of the Facility during the Management Period, calculated in accordance with standard bookkeeping practices.

5.2 If the Facility incurs losses or expenses during the Management Period, New Operator shall be responsible for such losses and expenses, and shall indemnify, protect, defend and hold Licensee harmless from all claims, demands, liability, and losses related thereto, including payment of the New Operator’s obligation under the Lease, and any license renewal fees arising during the Management Period. Any expense that relates to operation of the Facility for the period prior to the Operations Transfer Date shall be borne and paid by Licensee, except expenses for inventory and supplies which were ordered by Licensee in the ordinary course of business prior to the Operations Transfer Date and received and accepted by New Operator after the Operations Transfer Date, which shall be paid by New Operator.

5.3 The Management Fee is based upon revenues earned and expenses incurred during the Management Period, as determined in accordance with standard bookkeeping practices. Except as provided in Section 5.2, New Operator has no responsibility to pay for expenses during the Management Period which were incurred prior to the Operations Transfer Date, it being understood and agreed that revenues and expenses will be prorated in the manner set forth in Section 11.

## **6. Change of Ownership.**

6.1 From and after the Operations Transfer Date, Licensee shall cooperate with New Operator for the assignment of its Medicare and Medi-Cal provider agreements to New Operator.

6.2 Within thirty (30) days of the Effective Date as defined in the Purchase Agreement, New Operator shall file its skilled nursing facility CHOW application with CDPH for the issuance of a license to operate the Facility as a skilled nursing facility. Additionally, within thirty (30) days of the Operations Transfer Date, New Operator shall file its CHOW applications for the assignment of the Medicare and Medi-Cal provider agreements and Provider Numbers with the CMS MAC. New Operator shall diligently proceed with securing the Permits and shall, (a) from time to time, upon request of Licensee, advise Licensee of the status of New Operator's efforts to secure the Permits, and (b) promptly advise Licensee once the anticipated Transition Date is known to New Operator. New Operator shall be solely responsible for any and all costs associated with the CHOW application process. Licensee agrees to execute all documentation required by CDPH, CMS, or MAC in connection with its review and approval of New Operator's CHOW, including but not limited to providing New Operator with patient trust fund verification as required by CDPH and completing portions of CMS Form 855A-requiring information about Licensee and Licensee's signature to assign the Medicare provider agreement and Provider Number.

6.3 Promptly upon receipt of a request therefor from Licensee, New Operator will provide Licensee with copies of its CHOW applications and any further documents submitted by New Operator to CDPH or CMS/MAC in response to any requests from such governmental authority and with copies of its Permits.

6.4 Licensee shall otherwise cooperate with New Operator, to the extent reasonably necessary, in order to facilitate the issuance of the new Permits and shall not voluntarily surrender its Permits, including the Medicare or Medi-Cal provider agreements.

6.5 On or before the Operations Transfer Date, Licensee and New Operator shall execute, as applicable, the Interim Sublease, the New Operator Bill of Sale (to be effective on the Operations Transfer Date) and such other documentation as is required for processing of the New Operator's skilled nursing facility CHOW application with CDPH, and in connection with the Permits and assignment of Licensee's Medicare and Medi-Cal provider agreement to New Operator.

6.6 On the Operations Transfer Date, Licensee will grant to New Operator a non-exclusive, nontransferable, limited license to use the Facility name as currently referenced on Licensee's skilled nursing facility license for the Facility and all associated logos in connection with New Operator's ownership and management of the Facility following the Operations Transfer Date, which license shall remain in place until the Transition Date, and which license shall automatically, without need for further notice to either party, terminate as of the Transition Date.

6.7 Prior to the Transition Date, if CDPH determines that New Operator will not be granted a new skilled nursing facility license for the Facility (a “Default Event”), New Operator agrees to promptly advise Licensee and Purchaser of CDPH’s determination to deny a new skilled nursing facility license to New Operator, and New Operator shall thereafter fully cooperate with Licensee and Purchaser in all respects to transition the operations of the Facility to an Approved Replacement Operator selected by Purchaser and approved by Licensee, which approval shall not be unreasonably withheld, conditioned or delayed.

6.7.1. If pursuant to the terms of Section 6.7 above, New Operator is required to transition the operations of the Facility to an Approved Replacement Operator, New Operator agrees that it shall continue to perform all such agreements, covenants and obligations of New Operator under this Agreement, until Purchaser has identified an Approved Replacement Operator and until the date New Operator transfers and relinquishes the Facility and all Operational Assets to the Approved Replacement Operator.

6.7.2. In furtherance of the foregoing, New Operator agrees that it shall cooperate fully with Licensee, Purchaser and Approved Replacement Operator with respect to the transfer and disposition of the Facility and the Operational Assets to the Approved Replacement Operator. Such cooperation from New Operator shall include, executing such assignment and other agreements and instruments to assign all of New Operator’s rights, obligations and duties under this Agreement to such Approved Replacement Operator (provided that such assignment of this Agreement is not prohibited by applicable laws), and concurrent with any such assignment of this Agreement, New Operator shall transfer all of the Operational Assets to the Approved Replacement Operator. If, however, assignment of this Agreement and transfer the Operational Assets to the Approved Replacement Operator is prohibited by any applicable laws, then (i) New Operator agrees to continue to operate the Facility under the terms of this Agreement, and cooperate fully with Purchaser, Licensee, and Approved Replacement Operator, until Approved Replacement Operator has obtained all such approvals and consents required from such regulatory agencies to take over the operations of the Facility, and (ii) upon Approved Replacement Operator obtaining all such approvals and consents, New Operator shall transfer the Operational Assets to the Approved Replacement Operator and enter into an operations transfer agreement with the Approved Replacement Operator, in form and substance substantially similar to this Agreement.

6.7.3. As used herein, “Approved Replacement Operator” means a proposed replacement operator for the Facility who is selected by Purchaser and approved by Licensee, which approval shall not be unreasonably withheld, conditioned or delayed.

**7. Admission Agreements.** On the Transition Date, pursuant to the Assignment of Admission Agreements Licensee will assign to New Operator and New Operator will assume all of Licensee’s right, title and interest in and to and obligations accruing on and after the Transition Date under the admission agreements with the persons who are residing at the Facility on the Transition Date (the “Assigned Admission Agreements”) and thereafter. Although the assignment of the Assigned Admission Agreements shall be effective on the Transition Date, as provided in the Assignment of Admission Agreements, New Operator agrees to perform all of the obligations

of Licensee relating to the Assigned Admission Agreements which accrue on or after the Operations Transfer Date.

## **8. Transfer of Resident Funds.**

8.1 On the Operations Transfer Date, Licensee shall deliver to New Operator all petty cash held for and on behalf of residents at the Facility (the "Resident Funds") and all funds held in resident trust accounts for residents of the Facility (the "Resident Trust Funds", and collectively with Resident Funds, the "Funds"). New Operator hereby agrees that it will accept the Funds in trust for the residents/responsible parties and be solely accountable to the residents/responsible parties for such Funds in accordance with the terms of this Agreement and applicable statutory and regulatory requirements.

8.2 In accordance with 22 CCR §72529, (i) Licensee shall provide written verification by a public accountant ("Trust Account Verification") of all amounts held in the Resident Trust Funds, and (ii) both Licensee and New Operator will execute a written acknowledgement of the Resident Trust Funds to be transferred to New Operator as of the Operations Transfer Date ("Acknowledgment of Transferred Trust Funds"). The Trust Account Verification and Acknowledgment of Transferred Trust Funds shall be effective as of the date New Operator's skilled nursing facility CHOW is filed with CDPH and New Operator and Licensee agree to cooperate in all respects with respect to the Trust Account Verification, including without limitation, revising and/or updating the Trust Account Verification and/or the Acknowledgment of Transferred Trust Funds to be effective as of the Operations Transfer Date, if so required by CDPH, in order to complete New Operator's skilled nursing facility CHOW application.

8.3 On or before the Operations Transfer Date, Licensee shall prepare a final reconciliation of the Resident Trust Funds comparing the Resident Trust Funds balance on the most current Trust Account Verification to the actual amount of the Resident Trust Funds in preparation for transfer of such Funds to New Operator per Section 8.1.

8.4 New Operator shall have no responsibility as to the applicable resident/responsible party and regulatory authorities for any shortfall in the event the Funds delivered by Licensee to New Operator pursuant to Section 8.1 are demonstrated to be less than the full amount of the Funds for such resident as of the Operations Transfer Date or for claims which arise from actions or omissions of Licensee with respect to the Funds prior to the Operations Transfer Date but all of the foregoing shall be and remain the responsibility of Licensee and Licensee shall indemnify, defend, protect and hold New Operator harmless from the same.

8.5 Subject to Section 8.4, upon transfer of all of the Funds to New Operator on the Operations Transfer Date, Licensee shall have no responsibility to the applicable resident/responsible party and regulatory authorities with respect to any Funds delivered to New Operator, and such Funds shall be the responsibility of New Operator and New Operator shall indemnify, defend, protect and hold Licensee harmless from the same.

**9. Cost Reports.** Licensee shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any final cost reports with respect to its operation of the Facility which are

required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service before the Operations Transfer Date. New Operator shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any cost reports with respect to its operation of the Facility which are required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service on and after the Operations Transfer Date. Within five (5) business days of request by either Licensee or New Operator shall provide the other with copies of such cost reports, together with copies of any amendments thereto and correspondence related to such final cost reports. Licensee shall pay for any costs related to the preparation or filing of cost reports or Medi-Cal cost audits for any period prior to the Operations Transfer Date and New Operator shall pay any costs related to the preparation or filing of costs reports or Medi-Cal cost audits for periods from and following the Operations Transfer Date. In the event Licensee fails to timely file any cost report, New Operator shall have the right to do so in Licensee's name and at Licensee's expense.

## **10. Employees.**

10.1 Licensee shall terminate all of the Facility employees effective as of 11:59 p.m. on the day immediately prior to the Operations Transfer Date. Licensee shall pay directly to such employees any unpaid wages, all earned and accrued employee wages and benefits (including, without limitation, vacation, sick pay, holiday pay and paid time off). New Operator acknowledges that Licensee has provided New Operator with a list of all Facility employees and Licensee shall permit New Operator, in cooperation and coordination with Licensee, to meet with all employees of the Facility prior to the Operations Transfer Date and to advise them of New Operator's plans with respect to the hiring of the employees of the Facility and the continuation of benefits which will be offered to the employees of the Facility after the Operations Transfer Date.

10.2 New Operator hereby covenants and agrees (a) it shall offer to hire on the Operations Transfer Date and retain for a period of at least sixty (60) days after the Operations Transfer Date all of the employees at the Facility (specifically excluding the administrator and the director of nursing) and all shall be Hired Employees under this Agreement, (b) it shall not terminate the employment of any of the Hired Employees during such sixty (60) day period, except for cause, and (c) during such sixty (60) day period, it will not reduce the wages and/or benefits of any of the Hired Employees nor alter the terms and conditions of employment, economic or otherwise, of such Hired Employees. In connection therewith, New Operator shall make a written offer of employment to each employee of the Facility (other than the administrator and director of nursing) at least ten (10) days prior to the Operations Transfer Date (an "Employment Offer"). Each Employment Offer must be in each employee's primary language or another language in which such employee is literate and must state the time within which the employee may accept the offer, which time period may not be less than ten (10) days.

10.3 It is the understanding and belief of Licensee and New Operator that Licensee currently employs approximately \_\_\_ employees at the Facility, but that Licensee is not required to give notice to the employees of the Facility of the "closure" thereof under the Worker Adjustment and Retraining Notification Act (the "WARN Act") or under any comparable State law, because of the assurances provided by New Operator in Section 10.2. New Operator has

advised the Licensee that it does not want Licensee to deliver any such notices to the employees, and in reliance on New Operator's assurance, Licensee has agreed that a closure notice will not be provided to the employees of the Facility as of the Operations Transfer Date.

10.4 The employees who accept offers of employment from the New Operator as of the Operations Transfer Date shall be referred to as the "Hired Employees." Licensee, or any of its affiliates, shall have the right to retain or offer to employ any employee who is not a Hired Employee, including without limitation any employee who declines to accept employment with New Operator. Additionally, for a period of ninety (90) days after the Operations Transfer Date, Licensee agrees that it shall not, and shall not permit its affiliates to, actively solicit or recruit for employment, any such Hired Employees, provided however, New Operator expressly acknowledges that from and after the Operations Transfer Date, Licensee's affiliates may publish job postings in any general or internet publications for other healthcare facilities owned, managed or operated by Licensee's affiliates, and New Operator shall have no recourse against Licensee if any such Hired Employee applies for and accepts employment in connection with such job postings published by Licensee's affiliates.

10.5 Licensee acknowledges and agrees that New Operator is not assuming any of Licensee's obligations to its employees under Section 601, et seq. of ERISA and Section 4980B of the Internal Revenue Code ("COBRA") or otherwise. Notwithstanding the foregoing, New Operator will offer to the Hired Employees the right to participate in New Operator's health insurance program as of the Operations Transfer Date.

10.6 New Operator hereby agrees to indemnify, protect, defend and hold harmless Licensee from any loss, cost or expense Licensee actually incurs as a result of a failure to give any required notice under the WARN Act or any comparable state law.

10.7 Notwithstanding the foregoing, each of New Operator and Licensee acknowledge and agree that from and after the Operations Transfer Date, Licensee is terminating employment of all employees at the Facility and all such Hired Employees shall be directly employed by New Operator. New Operator shall solely be responsible to exercise control over the wages, hour or working conditions of such Hired Employees and to pay compensation and other benefits to the Hired Employees from and after the Operations Transfer Date, and nothing in this agreement is intended to, nor does it create, a dual employment or joint employment arrangement as between Licensee and New Operator.

## **11. Costs And Prorations.**

11.1 As between New Operator and Licensee, Facility revenues (including, without limitation, any amount paid to Licensee prior to the Operations Transfer Date for services to be rendered on and after the Operations Transfer Date from social security payments, private pay patients' security deposits and prepayments, applied income payments, resident trust prepayments, etc.), Facility operating expenses, bed taxes, utility charges for the billing period in which the Operations Transfer Date occurs, real and personal property taxes (except as otherwise provided herein) and prepaid expenses, the premiums for any flood insurance coverage which may be in effect with respect to the Facility and provide coverage for the benefit of New Operator with

respect to a period which extends beyond the Operations Transfer Date and other related items of revenue or expense attributable to the Facility (excluding, however, prepaid license fees) shall be prorated between Licensee and New Operator as of the Operations Transfer Date. In general, such prorations shall be made so that as between New Operator and Licensee, Licensee shall be reimbursed for prepaid expense items to the extent that the same are applied to expenses attributable to periods on and after the Operations Transfer Date and Licensee shall be charged for unpaid expenses to the extent that the same are attributable to periods prior to the Operations Transfer Date. This provision shall be implemented by New Operator remitting to Licensee any invoices (or the applicable portion thereof in the case of invoices which cover periods both prior to and after the Operations Transfer Date) which describe goods or services provided to the Facility before the Operations Transfer Date and by New Operator assuming responsibility for the payment of any invoices (or portions thereof) which describe goods or services provided to the Facility on and after the Operations Transfer Date; provided, however, that notwithstanding any provision of this Agreement to the contrary, any and all deposits paid by Licensee with respect to the Facility, including without limitation, any and all lease, security and/or utility deposits paid to, and/or cash or other collateral held by, any landlord, utility, insurance company or surety shall remain the sole and exclusive property of Licensee, and New Operator shall have no right or interest therein or thereto, and to the extent that Licensee does not receive a return of any such deposit on the Operations Transfer Date and such security deposit has been assumed by New Operator, New Operator shall reimburse the Licensee on the Operations Transfer Date the full amount of any such security deposit assumed by New Operator.

11.2 All such prorations shall be made on the basis of actual days elapsed in the relevant accounting or revenue period and shall be based on the most recent information available to Licensee. Utility charges which are not metered and read on the Operations Transfer Date shall be estimated based on prior charges and shall be re-prorated upon receipt of statements therefor as of the Operations Transfer Date. New Operator shall obtain its own insurance coverage covering all periods commencing on and after the Operations Transfer Date and for the duration of the Management Period and shall name Licensee as an "Additional Insured" to said insurance coverage policies.

11.3 All amounts which are subject to proration under the terms of this Agreement and which require adjustment after the Operations Transfer Date shall be settled within ten (10) days after the Operations Transfer Date or, in the event the information necessary for such adjustment is not available within said ten (10) day period, then within seven (7) business days of receipt of information by either party necessary to settle the amounts subject to proration.

11.4 On the Operations Transfer Date, Licensee may remove from the Facility any petty cash and any other funds maintained at or for the Facility immediately prior to the Operations Transfer Date, other than resident trust funds, which shall be handled in the manner set forth in Section 8.

11.5 In addition to any costs for which New Operator is responsible under Section 5 hereof, New Operator shall be solely responsible for all costs, fees and expenses incurred by it in connection with the transfer of operations of the Facility as contemplated hereunder,

including but not limited to the cost of any training of the Facility's employees which it may elect to undertake with the approval of Licensee, which approval shall not be unreasonably withheld, conditioned or delayed, provided such training is conducted in a manner which does not disrupt the operation of the Facility prior to the Operations Transfer Date, and the cost of any due diligence that it undertakes in furtherance of such transfer of operations, including but not limited to, the costs of any examination or copying by New Operator or its agents of any books, records, patient files or other operational or fiscal information and data of any kind of Licensee or the Facility. In furtherance and not in limitation of the foregoing, in the event that in the process of any such employee training and/or due diligence examinations Licensee shall incur any out of pocket costs or expenses related to the use of its employees, equipment and/or the provision of any such information, New Operator shall, within seven (7) days after a written demand therefor accompanied by reasonably detailed supporting documentation, reimburse Licensee for all of such out of pocket costs and expenses.

## **12. Access to Records.**

12.1 On the Operations Transfer Date, Licensee shall deliver to new operator all records necessary to the efficient, continued operation of the facility, subject to the provisions below.

12.2 New Operator acknowledges that Licensee shall retain and may remove from the Facility originals of all employee records, all of which shall be and remain the property of Licensee. For the avoidance of doubt, Licensee shall not be required to deliver to New Operator background checks, drug test results, performance reviews, internal notes or any other employee records of Licensee.

12.3 Nothing herein shall be construed as precluding Licensee from removing the following records from the Facility, which New Operator may make copies at its sole expense to the extent necessary to facilitate the provisions of this agreement: (a) the originals of the financial records which relate to its operations at the Facility, including all accounts payable and accounts receivable records (provided that Licensee shall make at its expense and leave at the Facility such financial records as may be necessary to enable New Operator to comply with its obligations under this Agreement, and to ensure compliance by Licensee with its obligations, (b) the originals of all performance improvement data for the preceding twelve (12) months, (c) originals of employee records for all former employees that are not Hired Employees and copies of employee records for all Hired Employees, (d) originals of patient records for all former patients no longer residing at the Facility, (e) copies of records for all current patients residing at the Facility, and (f) legacy records stored either on-site or off-site.

12.4 Notwithstanding anything to the contrary in this Agreement, Licensee and New Operator agree that all information, records and data collected or maintained regarding Facility residents shall be confidential. Licensee, New Operator, and their respective employees and agents shall maintain the confidentiality of all Facility resident information received in accordance with applicable California and federal laws, including HIPAA, the health insurance portability and accountability act of 1996 (public law 104-91) ("HIPAA") the health information technology for economic and clinical health act public law 111-005 ("HITECH") and the

regulations issued in connection therewith. No employee or agent of Licensee or New Operator shall discuss, transmit or narrate in any manner any Facility resident information of a personal, medical, or other nature except as a necessary part of providing services to the resident, effectuating a transfer of the Facility operations, or otherwise fulfilling its obligations under this Agreement or under law. The obligations under this Section 12 shall survive the termination of this Agreement, whether by rescission or otherwise as amended and the regulations issued in connection therewith.

12.5 From and after the Operations Transfer Date, New Operator shall allow Licensee and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to and including the Operations Transfer Date, to the extent reasonably necessary to enable Licensee to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for Licensee to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due Licensee and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to and including the Operations Transfer Date.

12.6 From and after the Operations Transfer Date, Licensee shall allow New Operator and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to the Operations Transfer Date, to the extent reasonably necessary to enable New Operator to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for New Operator to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due New Operator and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to the Operations Transfer Date.

12.7 Licensee shall have the right, at Licensee's sole cost and expense, five (5) days after the delivery of a reasonable request therefore to New Operator to enter the Facility and remove originals or copies of any such records delivered to New Operator; *provided, however*, that if directed by Licensee in its request to New Operator, New Operator shall within such five (5) day period, forward such records to Licensee, at Licensee's sole cost and expense, to the address designated by Licensee; and provided, further, that if, for purposes of litigation involving a patient or employee to whom such record relates, an officer of or counsel for Licensee certifies that an original of such record must be produced in order to comply with applicable law or the order of a court of competent jurisdiction in connection with such litigation then the records so delivered or removed shall be an original. Licensee's request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from retaining copies of any such documents. Nothing hereinabove shall limit, reduce or restrict the Licensee's access to the Facility, during the Term of

the Management Period in connection with any of the Licensee's rights, duties or obligations under this Agreement or that are required statutorily as the Licensee of the Facility.

12.8 New Operator agrees to maintain such books, records and other materials comprising records of the Facility's operations, including, but not limited to, patient records and records of patient funds, to the extent required by law, which relate to the period preceding the Operations Transfer Date and which have been delivered to New Operator by Licensee in conjunction herewith. If upon the expiration of any legislatively mandated retention period for such books and records, New Operator decides to dispose of or destroy such books and records, New Operator shall provide Licensee thirty (30) days advance notice of such decision, and New Operator shall, upon receipt of a written request from Licensee, allow Licensee a reasonable opportunity to remove such books and records, at Licensee's sole cost and expense, from the Facility.

12.9 New Operator acknowledges and agrees that the books, records and other material described in this Section 12 are unique, that in the event of a breach by New Operator of its obligations under this Section 12, Licensee would suffer injury for which it would not be fully compensated with monetary damages and accordingly that in the event of a breach by New Operator of its obligations under this Section 12, in addition to all other remedies, Licensee shall be entitled to seek to enjoin a breach by New Operator of its obligations under this Section 12 and/or to specifically enforce the obligations of New Operator hereunder.

**13. Operating Contracts.** Any contracts entered into by Licensee prior to the Operations Transfer Date involving the operations of the Facility and/or reimbursements for such operations, including, but not limited to Medicare, Medi-Cal and managed care contracts (to the extent lawfully assignable) are referred to herein as "Operating Contracts." On the Operations Transfer Date and subject to Section 2.2.2, Licensee shall assign to New Operator, such Operating Contracts that New Operator, in its sole and absolute discretion, elects to assume as set forth on Schedule 1 hereto (collectively, the "Assigned Contracts"), and New Operator agrees to assume the same, provided however, New Operator shall not assume any obligations or liabilities arising thereunder prior to the Operations Transfer Date. Notwithstanding anything to the contrary in the foregoing, Licensee shall not voluntarily terminate any managed care contracts for the Facility without the prior written consent of New Operator and New Operator shall provide Licensee advance notice should it: a) elect to terminate or not renew any such contract; or b) become aware any such contract is involuntarily terminated. For the avoidance of doubt during the Billing Period, New Operator shall have the right to bill for services under any third-party payor contract, whether or not such Operating Contract is an Assigned Contract, but Licensee shall not bear any responsibility for payment to New Operator for any such billing.

**14. Proprietary information and materials.** New Operator acknowledges and agrees that any and all proprietary and confidential materials and information located at and used in connection with the operation of the Facility, which are not being transferred to New Operator pursuant to this Agreement, shall be and remain the property of Licensee, and accordingly, that Licensee may remove all of such materials and information from the Facility on or immediately before the Operations Transfer Date.

## 15. Indemnification.

15.1 Licensee and New Operator acknowledge and agree that to the extent that either party suffers any Losses (as such term is defined in Section 9.06(b) in the Purchase Agreement) including specifically, MOTA Losses (as such term is defined below in Section 15.2), as a result of the other parties' breach of its representations, warranties and obligations under this Agreement, that all such claims in connection with such Losses under this Agreement, shall be expressly subject to the terms, conditions and procedures set forth in the indemnification provisions in Article VIII of the Purchase Agreement, and all subparts thereto, the terms of which are hereby incorporated into this Agreement by this reference as if fully set forth herein.

15.2 Notwithstanding Section 15.1, in addition thereto, Licensee hereby agrees to indemnify, protect, defend, and hold harmless New Operator, and their respective members, managers, partners, directors, officers, employees, agents, successors and assigns from and against any and all demands, claims, causes of action, fines, penalties, damages (but specifically excluding lost profits and consequential damages), losses, liabilities (including strict liability), judgments, and expenses (including, without limitation, reasonable attorneys' and other professionals' fees and court costs) (collectively, "MOTA Losses") incurred in connection with or arising from the following (collectively, the "Retained Liabilities"): (a) a breach by Licensee of its representations, warranties and obligations under this Agreement which is not cured within thirty (30) business days after receipt of written notice from New Operator setting forth, in reasonable detail, the nature of such breach, (b) the acts or omissions of Licensee under any contract assigned to New Operator that occurred prior to the Operations Transfer Date, (c) the occupancy or operation of the Facility by Licensee prior to the Operations Transfer Date, (d) any acts, omissions, elder abuse (as that term is defined in California Welfare and Institutions Code § 15610) or negligence of Licensee or any person claiming under Licensee, or the contractors, agents, employees, invitees or visitors of Licensee with respect to the Facility and its residents prior to the Operations Transfer Date, and (e) any failure by Licensee to pay any liabilities in connection with the Facility attributable to periods prior to the Operations Transfer Date, including but not limited to quality assurance fees or bed taxes (including, without limitation, reasonable attorneys' and other professionals' fees and court costs), except insofar as responsibility for such liabilities have been otherwise apportioned to New Operator or Purchaser under this Agreement or the Purchase Agreement.

15.3 Notwithstanding Section 15.1, in addition thereto, New Operator hereby agrees to indemnify, protect, defend, and hold harmless Licensee and its directors, officers, employees, agents, successors and assigns (collectively, the "Licensee Indemnified Parties") from and against any and all "MOTA Losses" (as referenced and defined in Section 15.2) incurred in connection with or arising from: (a) a breach by New Operator of its representations, warranties and obligations under this Agreement which is not cured within thirty (30) business days after receipt of written notice from Licensee setting forth in reasonable detail the nature of such breach, (b) the acts or omissions of New Operator under any contract assigned to and expressly assumed by New Operator that arises on or after the Operations Transfer Date, (c) the occupancy or operation of the Facility by New Operator from and after the Operations Transfer Date, including submission of claims to Medicare and Medi-Cal prior to New Operator obtaining CMS approval of the assignment of Licensee's Medicare provider agreement and the Department of Health Care

Services approval to participate in the Medi-Cal program, (d) claims against Licensee by any state or federal agency for amounts that such agency has determined have been overpaid to New Operator or Licensee under its Medicare or Medi-Cal provider agreements and that are for services provided on and after the Operations Transfer Date, (e) any acts, omissions, elder abuse (as that term is defined above) or negligence of New Operator or any person claiming under New Operator, or the contractors, agents, employees, invitees or visitors of New Operator with respect to the Facility and its residents from and after the Operations Transfer Date, or (f) any failure by New Operator to pay any liabilities in connection with the Facility attributable to period from and after the Operations Transfer Date (including, without limitation, reasonable attorneys' and other professionals' fees and court costs).

15.4 New Operator acknowledges and agrees that on and after the Operations Transfer Date, it will be in day-to-day charge of the operation and maintenance of the Facility, of resident care and resident Funds, and submission of claims for reimbursement of services provided to residents of the Facility in accordance with the terms of this Agreement. In the event of any violation of any statute, law, regulation or obligation, or of a claim, deficiency or citation occurring on and after the Operations Transfer Date, for any reason by any person or government or private entity or agency, arising from or applicable to the operation or maintenance of the Facility, including but not limited to, resident care, claims submission and receipt of payment thereof, employment, and handling of residents' Funds, whether such violations or claims result in the imposition of penalties, citations, fines, court or administrative orders, litigation, including third party, New Operator's employees, and governmental claims, termination or suspension of the Medicare and Medi-Cal provider agreements, or license revocation as to the Facility or as to Licensee or for claims submission and payment purposes from the Operations Transfer Date to the Tie-In, New Operator shall (a) immediately notify Licensee of any such event; (b) take all actions necessary to protect Licensee, including but not limited to contesting of any such actions against Licensee and the Facility, at the sole cost of New Operator, whether by way of administrative or court proceedings; and (c) indemnify Licensee in accordance with Section 15.3 above.

15.5 By its signature to this Agreement, IEP agrees to irrevocably guaranty, as principal and not as surety, the payment of all monetary obligations due and payable to Licensee Indemnified Parties under this Agreement as a result of a breach of any indemnification obligations of New Operator under Section 15.3 of this Agreement, that may arise on and after the Operations Transfer Date. The obligations and liabilities of IEP under this Section 15.5 shall terminate on the date that is three (3) years after the Operations Transfer Date (the "IEP Guaranty Survival Date"); provided, however, any claims for MOTA Losses by any Licensee Indemnified Parties prior to the IEP Guaranty Survival Date that have not been finally resolved prior to the IEP Guaranty Survival Date shall survive the IEP Guaranty Survival Date until all such claims have been finally resolved.

15.6 The parties agree that to the extent that any claim, matter, circumstance, event or occurrence exists both prior to, and after the Operations Transfer Date, such that New Operator is entitled to indemnification from Licensee for MOTA Losses attributable to periods prior to the Operations Transfer Date, and Licensee Indemnified Parties are entitled to indemnification from New Operator for MOTA Losses attributable to periods on and after the

Operations Transfer Date, the provisions of Section 8.05(f) applicable to Straddle Claims in the Purchase Agreement shall govern the parties respective indemnification obligations.

15.7 The foregoing indemnification obligations shall survive the expiration or other termination of this Agreement. All matters arising from an indemnified party's negligence, gross negligence or willful misconduct are excluded from the scope of the indemnification owing to such party set forth in Sections 15.2 and 15.3.

**16. This INTERIM SUBLEASE AGREEMENT (this “Sublease”) is made and entered into as of \_\_\_\_\_, 2023 (the “Effective Date”) by and between Bawitdaba LLC, a California limited liability company (“New Operator”), and Eskaton Properties, Incorporated, a California nonprofit public benefit corporation (“Licensee”).

New Operator is the tenant of the 148-bed skilled nursing facility known as “Eskaton Care Center Greenhaven”, located at 455 Florin Rd., Sacramento, CA 95831. Concurrently with the execution of this Sublease, New Operator and Licensee have entered into a Management and Operations Transfer Agreement (the “Management Agreement”), pursuant to which New Operator shall manage the Facility under Licensee's existing license during the term of the Management Agreement, as set forth therein.

New Operator desires to sublease the Facility to Licensee and Licensee desires to sublease the Facility from New Operator on the terms and conditions hereinafter set forth.

2. **TERM; TERMINATION:**

2.1 Term. The term of this Sublease shall commence on the Operations Transfer Date (as defined in the Management Agreement), and shall continue in effect until the Transition Date, as defined in Section 1.4 of the Management Agreement.

3. **PAYMENTS BY LICENSEE:**

Commencing on the Effective Date, Licensee shall pay to New Operator as rent for the Leased Premises the sum of Twelve Dollars (\$12.00) per year, payable in advance.

4. **PAYMENTS BY NEW OPERATOR:**

4.1 Utilities. New Operator shall pay all water, gas, heat, light, power, telephone service and all other utility services supplied to the Leased Premises during the term hereof.

4.2 Taxes. New Operator shall pay all real and personal property taxes, assessments and levies of any kind or nature whatsoever taxed, assessed, levied or imposed upon or against the Leased Premises during the term hereof.

New Operator covenants and agrees that all of the property constituting the Leased Premises is covered as of the date hereof and will be covered at all times by general liability, fire, theft and property damage insurance. All such insurance shall name New Operator and Licensee as insureds as their respective interests may appear.

4.4 Repairs and Maintenance; Alterations. New Operator shall pay all costs of repairing and maintaining the Leased Premises and every part thereof in good and sanitary order, condition and repair during the term hereof, reasonable wear and tear excepted. Licensee shall not make any alterations or changes to the Leased Premises without the prior written approval of New Operator in its sole discretion.

5. **USE.**

Licensee shall use the Leased Premises for the operation of a skilled nursing facility. New Operator agrees to apply for and devote its best efforts toward obtaining a new skilled nursing facility license.

6. **COUNTERPARTS.**

This Sublease may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

2.1 Permitted Uses. BA shall not use or disclose Protected Information except for the purpose of performing BA's obligations under the Agreement and as permitted under the Agreement and this Addendum. Further, BA shall not use or disclose Protected Information in any manner that would constitute a violation of the Privacy Rule or the HITECH Act if so used by CE. However, BA may use or disclose Protected Information (a) for the proper management and administration of BA, (b) to carry out the legal responsibilities of BA, or (c) for Data Aggregation purposes for the Health Care Operations of CE [45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(i)].

2.2 Permitted Disclosures. If BA discloses Protected Information to a third party solely for the purpose described in clause (a) or (b) of Section 2.1, BA must obtain, prior to making any such disclosure, (a) reasonable *written* assurances from such third party that such Protected Information will be held confidential as provided pursuant to this Addendum and only disclosed as required by law or for the purposes for which it was disclosed to such third party, and (b) a *written* agreement from such third party to immediately notify BA of any breaches of confidentiality of the Protected Information, to the extent it has obtained knowledge of such breach [42 U.S.C. Section 17932; 45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(i)(B), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(ii)].

2.3 Notice of Request for PHI. BA agrees to notify CE within two (2) business days of receipt of any request, subpoena or other legal process to obtain PHI or an accounting of PHI. CE in its discretion shall determine whether BA may disclose PHI pursuant to such request, subpoena, or other legal process. BA agrees to cooperate fully with CE in any legal challenge initiated by CE in response to such request, subpoena, or other legal process. The provisions of this section shall survive the termination of this Addendum.

2.4 Prohibited Uses and Disclosures. BA shall not use or disclose Protected Information for fundraising or marketing purposes. BA shall not disclose Protected Information to a health plan for payment or health care operations purposes if the patient has requested this special restriction and has paid out of pocket in full for the health care item or service to which the PHI solely relates 42 U.S.C. Section 17935(a). BA shall not directly or indirectly receive remuneration in exchange for Protected Information, except with the prior written consent of CE and as permitted by the HITECH Act, 42 U.S.C. Section 17935(d)(2); however, this prohibition shall not affect payment by CE to BA for services provided pursuant to the Agreement.

2.5 Appropriate Safeguards. BA shall implement appropriate safeguards as are necessary to prevent the use or disclosure of Protected Information otherwise than as permitted by the Agreement or this Addendum, including, but not limited to, administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Protected Information, in accordance with 45 C.F.R. Section 164.308(b). BA shall comply with the policies and procedures and documentation requirements of the HIPAA Security Rule, including, but not limited to, 45 C.F.R. Section 164.316 [42 U.S.C. Section 17931]

2.6 Reporting of Improper Access, Use or Disclosure. BA shall report to CE in writing of any access, use or disclosure of Protected Information not permitted by the Agreement and Addendum, and any Breach of Unsecured PHI of which it becomes aware without unreasonable delay and in no case later than 10 calendar days after discovery [42 U.S.C. Section 17921; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)].

2.7 Business Associate's Agents. BA shall ensure that any agents, including subcontractors, to whom it provides Protected Information, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI. If BA creates, maintains, receives or transmits electronic PHI on behalf of CE, then BA shall implement the safeguards required by paragraph c above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2)(ii)(D); 45 C.F.R. Section 164.308(b)]. BA shall implement and maintain sanctions against agents and subcontractors that violate such restrictions and conditions and shall promptly mitigate the effects of any such violation (see 45 C.F.R. Sections 164.530(f) and 164.530(e)(1)).

2.8 Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).

2.9 Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

2.10 Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic

health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other

arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### 4. MISCELLANEOUS

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or

Addendum providing assurances regarding the safeguarding of PHI that CE, in its reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

**NOW, THEREFORE**, in consideration of the foregoing premises and the mutual covenants of the parties set forth herein, it is hereby agreed as follows:

**1. Closing.**

1.1 Operations Transfer Date. The transactions contemplated under this Agreement shall be effectuated on the Operations Transfer Date, which shall be the Closing Date as defined in the Purchase Agreement, subject to the satisfaction or waiver of the Conditions Precedent set forth in Section 1.3 below.

1.2 Deliverables.

1.2.1. On the Operations Transfer Date, the Parties shall execute and deliver to each other an original duly executed counterpart of the following documents: (a) the Interim Sublease in the form attached hereto as "Exhibit A"; (b) an Assignment and Assumption of Admission Agreements in the form attached hereto as "Exhibit B," (the "Assignment of Admission Agreements"); and (c) a Business Associate Addendum in the form attached hereto as "Exhibit C" (the "BAA"). Additionally, on the Operations Transfer Date, the Parties shall execute and deliver to each other, duly executed counterparts of the following documents required to be delivered under the Purchase Agreement: (y) the New Operator Bill of Sale in the form attached as Exhibit D to the Purchase Agreement; and (z) the Assignment and Assumption of Assigned Contracts in the form attached as Exhibit E to the Purchase Agreement (the "Assignment of Contracts"). This Agreement, the Interim Sublease, the Assignment of Agreements, the BAA, the New Operator Bill of Sale, and the Assignment of Admission Agreements are referred to collectively as the "Closing Documents."

1.2.2. The assets being conveyed by Licensee to New Operator pursuant to the New Operator Bill of Sale, the Assignment of Admission Agreements, and the Assignment of Agreements are collectively referred to herein as the "Operational Assets."

1.4 Transition Date. For purposes this Agreement, the "Transition Date" shall be the effective date of the new skilled nursing facility license issued by CDPH to New Operator

for the Facility.

## **2. Management of the Facility.**

2.1 Commencing on the Operations Transfer Date and ending on the Transition Date (the “Management Period”), Licensee hereby appoints New Operator as its sole and exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator’s assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier (“NPI”) and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the “Provider Numbers”). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the “Billing Period” shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which CMS issues a tie-in notice for the purpose of tying the Licensee’s Medicare Provider Number to the New Operator’s NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the “Tie-In”).

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will have the right, as a matter of law or contract, to bill the third party payors under Licensee’s third party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. “Payor Contracts” shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee’s affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider

agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

2.3.1 preparation and maintenance of business records and financial and other reports;

2.3.2 establishment and administration of accounting procedures and controls;

2.3.3 financial and business planning;

2.3.4 processing and payment of accounts payable;

2.3.5 billing, processing and collection of accounts receivable, including the billing and completion of any reports and forms that may be required by insurance companies, governmental agencies, or other third-party payors; and

2.3.6 providing and processing of all employee record keeping, payroll accounting (including social security and other payroll tax reporting), and benefits for all employees of the Facility.

2.4 New Operator shall arrange for the maintenance, repair, trash removal, and janitorial services which may be necessary to maintain the Facility and equipment in a clean and safe condition, in compliance with applicable law, and in good repair in accordance with standards established by the Lease.

2.5 New Operator shall arrange for the utilities reasonably required for operation of the Facility, including, but not limited to, telephone, Wi-Fi, cable or satellite TV, electricity, gas, water and refuse disposal, and shall secure these utilities in its own name on the Operations Transfer Date.

2.6 New Operator shall arrange under its own name for the provision and replenishment, as New Operator deems necessary and as necessary to meet any minimum requirements established under applicable law, of all supplies and inventory used in the Facility. Licensee's only obligation with respect thereto shall be to ensure that the levels of supplies and inventory at the Facility, including, without limitation, perishable food, non-perishable food, central supplies, linen, housekeeping and other supplies, on the Operations Transfer Date is in condition, quantity and quality sufficient to meet the regular operating needs of the Facility, with quantities in the minimum amounts required by applicable laws and in accordance with Licensee's past business practices and policies at the Facility.

2.7 New Operator shall hire employees of the Facility as employees-at-will in accordance with the terms and provisions of Section 10 of this Agreement. New Operator shall be responsible for all aspects of administration of its employees, including hiring, training, supervision, and termination. Except as otherwise determined by New Operator and Licensee (i.e., general supervision from New Operator's employees who are not permanently assigned to the Facility), all employees so hired shall be employed by New Operator. During the Management Period, New Operator shall maintain worker's compensation insurance for all its employees as required by law and employer's liability insurance reasonably acceptable to Licensee. Hiring, promotion, discipline and termination and other employment decisions with respect to its employees shall be made by New Operator in a manner consistent with applicable law and policies at the Facility.

2.8 New Operator, on behalf of the Facility, shall arrange for maintenance of the payroll records of all its employees, for the issuance of paychecks to its employees, and for the payment and withholding from such paychecks of appropriate amounts for income tax, social security, unemployment insurance, and for all employee benefits, including vacation, holidays, sick leave, and in accordance with New Operator's policies, subject to the terms and provisions of Section 10.3.

2.9 New Operator shall have the right, in its sole discretion, to revise the fee schedules for the services rendered by the Facility, provided that such changes are in compliance with the law and that New Operator shall consult with Licensee before doing so.

2.10 In conformity with applicable law, Licensee and New Operator shall not discriminate against Medicare or Medi-Cal patients who request services at the Facility, or any other person with whom it interacts in relation to the Facility.

2.11 New Operator shall comply with any and all codes, ordinances, rules, regulations, and requirements of all federal, state, and municipal authorities now in force, or which may hereafter be in force, pertaining to the Facility and its operations.

2.12 New Operator shall procure and maintain during the Management Period the insurance required under the terms of the Lease, with the Licensee named as an additional named insured on all such insurance policies. New Operator shall keep all insurance coverage in effect and, without demand, provide to Licensee updated certificates at each renewal for the applicable statute of limitations period in which any claims may be brought against Licensee or Licensee's shareholders, members, affiliates, directors, officers, representatives or advisers.

2.13 Funds received by New Operator which relate to the Quality and Accountability Supplemental Payment ("QASP") owed to Licensee for dates prior to the Operations Transfer Date shall belong to the Licensee and shall be remitted by New Operator to the Licensee promptly within ten (10) days' receipt of such QASP from the applicable regulatory agency. The amount of the QASP deemed owed to Licensee shall be calculated as follows: the QASP shall be multiplied by a fraction, the numerator of which shall be the number of days the Licensee operated the Facility in the year for which QASP are being made and the denominator of which shall be the number of days in the year for which QASP are being made. New Operator and

Licensee hereby acknowledge that payments made for QASP fees are paid based on the state fiscal year of July 1-June 30 (the “SFY”), and that payments for the prior year are received in approximately April of the calendar year following the SFY. For example, payments made to operators in April 2024 will be for SFY July 1, 2022-June 30, 2024 and payments made to operators in April 2025 will be for SFY July 1, 2023-June 30, 2024.

2.13.1. Notwithstanding the foregoing, Licensee and New Operator acknowledge that the California Department of Healthcare Services has implemented the Workforce and Quality Incentive Program (“WQIP”) to replace and succeed the QASP program, with awards and payments under the WQIP program to be first made to qualifying facilities in the calendar year 2024 based on metrics for the 2023 calendar year. New Operator and Licensee agree to confer in good faith and reconcile such awards and payments received from the WQIP program, and Licensee and New Operator further agree that all such awards or payments received from the WQIP program shall be allocated amongst New Operator and Licensee as of the Operations Transfer Date, with Licensee to receive such portion of the awards or payments from the WQIP program attributable to periods prior to the Operations Transfer Date, and with New Operator to receive such portion of the awards or payments from the WQIP program attributable to periods on and after the Operations Transfer Date.

2.14 New Operator shall be responsible for all Quality Assurance Fees owed by the Facility to the California Department of Health Care Services (“QA Fees”) that accrue for periods on and after the Operations Transfer Date. Licensee shall be responsible for all QA Fees that accrue for periods before the Operations Transfer Date, and shall at least five (5) business days prior to the Operations Transfer Date, provide evidence reasonably satisfactory to New Operator that all QA Fees for periods prior to the Operations Transfer Date have been paid in full.

2.15 New Operator shall cooperate with Licensee in the provision and dissemination of any notice required to be provided under Health and Safety Code § 1267.61 (“Transfer Notice Act.”) of the transfer of operations contemplated under this Agreement to all of the residents of the Facility (the “Transfer Notice”). New Operator agrees to provide all information necessary for Licensee to prepare and post such Transfer Notice pursuant to the requirements of the Transfer Notice Act; and the Licensee shall post a copy of the Transfer Notice on all entrance and exit doors of the Facility.

### **3. Billings, Collections and Accounts Receivable.**

3.1 New Operator shall, on behalf of Licensee, bill patients and payors and use its commercially reasonable efforts to collect all cash revenue resulting from Facility operations during the Billing Period. Licensee and New Operator agree to cooperate with each other to make available such billing and accounting information and to provide such financial records for review as shall be necessary to accomplish the billing and collection of patient charges for services provided by Licensee prior to the Operations Transfer Date and provided for in this Section 3 and to cooperate in the completion of reports and claim forms as necessary to procure payments and reimbursement from governmental agencies, insurance carriers or other third party payors. During the Billing Period, Licensee authorizes New Operator to do the following:

3.1.1. To bill patients in Licensee's name, on Licensee's behalf, and under Licensee's Provider Numbers, specifically including, without limitation, services provided to Medicare and Medi-Cal patients during the Billing Period, and the resulting revenue will be treated as revenue of Licensee (subject to New Operator's right to direct the use of such funds as herein provided and subject to New Operator's right to the Management Fee pursuant to Section 5 hereof).

3.1.2. To collect accounts receivable resulting from such billing in Licensee's name and on Licensee's behalf;

3.1.3. To receive payments from insurance companies, prepayments from health care plans, and payments from all other third-party payors;

3.1.4. To take possession of and endorse in the name of Licensee any notices, checks, money orders, insurance payments, and other instruments received in payment of the accounts receivable resulting from such billing and deposit them directly in New Operator's account; and

3.1.5. To initiate legal proceedings in accordance with policies reasonably approved by Licensee to collect any accounts or monies owed to the Facility or Licensee related to the Facility during the Management Period.

3.2 Licensee shall retain its right, title and interest in and to all unpaid accounts receivable with respect to the Facility that relate to all periods prior to the Operations Transfer Date, including, but not limited to, any accounts receivable arising from rate increase adjustments which relate to periods prior to the Operations Transfer Date even if such adjustments occur after the Operations Transfer Date.

3.3 New Operator and Licensee acknowledge that prior to the Effective Date hereof, Licensee has opened a separate depository bank account for the Facility (the "New EFT Account"), for the purposes of serving as the new depository account into which accounts receivables and payments from the Facility's existing and any new Medicare, Medi-Cal and other third-party payors will be deposited (without accounts receivables or payments attributable to other healthcare facilities). For the duration of this Agreement, Licensee shall maintain sole control of the New EFT Account, provided however, Licensee agrees to grant New Operator "view access" only rights with respect to the New EFT Account during the Billing Period. On and after the Operations Transfer Date, on a weekly basis Licensee and New Operator agree to reconcile and account for all payments received in the New EFT Account as follows: (i) during the first sixty (60) days following the Operations Transfer Date, Licensee will perform a reconciliation of all payments deposited into the New EFT Account to the dates of service for which such payments are made. The payments thereof which Licensee determines relate to the period after the Operations Transfer Date shall be forwarded within five (5) business days to New Operator via wire payment or ACH (bank to bank automated clearing house), and any payments that relate to the period prior to the Operations Transfer Date shall be retained by Licensee; (ii) on the sixty-first (61st) day following the Operations Transfer Date, New Operator shall, on a weekly basis, perform the reconciliation described in this Section of payments deposited into the New EFT Account, and upon request from New Operator, Licensee shall within five (5) business days,

forward such payments to New Operator via wire payment or ACH (bank to bank automated clearing house). If the accompanying remittance advice does not indicate the period to which a payment relates or if there is no accompanying remittance advice, Licensee, during the first sixty (60) days, and New Operator on the sixty-first (61st) day thereafter, will attempt to reconcile the payment to the dates of service for which such payment was made, and within five (5) business days, the payments thereof which Licensee or New Operator, as applicable, determines relate to the period after the Operations Transfer Date shall be forwarded to New Operator and any payments that relate to the period prior to the Operations Transfer Date shall be retained by, Licensee. If the parties do not agree as to how to apply an unaccounted for payment referenced in this Section, then the payment shall be deemed to apply against the oldest outstanding account receivable due from such payor. The party who performs the reconciliation of payments in accordance with this Section, will promptly forward documentation to the other party supporting the allocation of the payment.

3.4 New Operator shall have the right to open one or more bank accounts for the Facility in the name of New Operator (the “Management Account”), the authorized signatories of which shall consist solely of persons designated by New Operator. Licensee agrees that it will not take any actions that interfere with the transfer of funds for services rendered by New Operator after the Operations Transfer Date into the Management Account. Licensee expressly authorizes New Operator to endorse checks made payable to Licensee for dates of services provided after the Operations Transfer Date and to deposit them in the Management Account.

3.5 All cash received during the Management Period related to operating revenues for services rendered by New Operator on and after the Operations Transfer Date shall be under the control of New Operator, rather than Licensee. All cash received before, during or after the Management Period related to the operating revenues for services rendered by Licensee prior to the Operations Transfer Date shall be remitted to Licensee within five (5) business days of receipt, together with applicable remittance advices.

3.5.1. If Licensee directly or indirectly receives any such cash during the Management Period which relates to the Management Period, Licensee shall forward any such receipts to New Operator, together with the applicable remittance advices, within five (5) business days, for deposit in the Management Account. If New Operator directly or indirectly receives any cash during the Management Period which relates to the period prior to the Management Period, New Operator shall within five (5) business days forward any such receipts to Licensee, together with applicable remittance advices.

3.5.2. New Operator shall use the cash receipts which relate to the operation of the Facility during the Management Period, or, if necessary, make available additional cash, to pay for expenses incurred during the Management Period, including both expenses paid during such period and expenses which are due after the Management Period but which were incurred during the Management Period.

3.6 In furtherance and not in limitation of the allocation of revenues provided for in Sections 3.3, 3.5, and 3.51, New Operator and Licensee agree as follows:

3.6.1. If such payments either specifically indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period prior to the Operations Transfer Date, they shall be retained or forwarded to Licensee, along with the applicable remittance advice in accordance with the provisions of Sections 3.3, 3.5, and 3.51.

3.6.2. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period from and after the Operations Transfer Date, they shall be forwarded or retained by New Operator, along with the applicable remittance advice, in accordance with the provisions of Sections 3.3, 3.5, and 3.51.

3.6.3. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to periods for which both parties are entitled to reimbursement under the terms hereof, the portion thereof which relates to the period prior to the Operations Transfer Date shall be disbursed to or retained by Licensee in accordance with the provisions of Section 3.3 and 3.5 and the balance shall be retained by or remitted to New Operator in accordance with the provisions of Section 3.5.1.

3.6.4. Any private pay payments that specifically identify dates of service, regardless of when received, shall be disbursed to New Operator or Licensee according to whether the dates of service were before or after the Operations Transfer Date. Private pay payments that are not identified by dates of service and that are received by New Operator or Licensee during the first ninety (90) calendar days following the Operations Transfer Date shall be remitted to Licensee to be applied to reduce any outstanding private pay resident's obligations to Licensee, with any excess applied to reduce any balances due for services rendered by New Operator on and after the Operations Transfer Date. Private pay payments that are not identified by dates of service and that are received by New Operator or Licensee on or after the ninety-first (91st) calendar day following the Operations Transfer Date, shall be remitted to New Operator or retained by New Operator, as applicable, to be applied to reduce private pay resident's obligations to New Operator arising from and after the Operations Transfer Date.

3.6.5. All amounts owing to Licensee or New Operator under this Section 3.6 shall be settled within five (5) business days after the payment was received.

3.6.6. In the event the Parties mutually determine that any third party payors or private pay residents are entitled to a refund of payments, the portion thereof that relates to the period from and after the Operations Transfer Date shall be paid by New Operator and the portion thereof that relates to the period prior to the Operations Transfer Date shall be paid by Licensee to such third party payor or private pay resident.

3.6.7. In the event the parties mutually determine that any payment hereunder was misapplied by the parties, the party which erroneously received said payment shall remit the same to the other within five (5) business days after said determination is made.

3.6.8. Until the earlier of (i) the date that Licensee receives payment of all accounts receivable attributed to the operation of the Facility prior to the Operations Transfer Date, and (ii) twelve (12) months after the Operations Transfer Date, New Operator shall provide

Licensee with an accounting before the end of each month setting forth all amounts received by New Operator during the preceding month with respect to the accounts receivable of Licensee which are set forth in the schedule provided by Licensee to New Operator within no more than thirty (30) days after the Operations Transfer Date. New Operator shall deliver such accounting to the person identified in Section 18 at the address and email address provided therein.

3.6.9. Upon ten (10) days after written request, and for a period of twelve (12) months after the Operations Transfer Date, Licensee shall provide New Operator with an accounting setting forth all amounts received by Licensee during the preceding month with respect to payments from the residents of the Facility which are due and owing to New Operator in accordance with the terms of this Section 3.6, which accounting shall be accompanied by applicable remittance advices.

3.6.10. Licensee and New Operator shall have the right to inspect, no more frequently than once per month, all cash receipts of the other party during weekday business hours on reasonable prior notice in order to confirm such party's compliance with the obligations imposed on it under this Section 3.6.

3.7 To the extent either Licensee or New Operator receive any proceeds from the accounts receivable of the other party, the parties acknowledge that the party receiving the payment belonging to the other party shall hold the payment in trust. Neither New Operator nor Licensee shall have any right to offset or recoupment with respect to such accounts receivable, and any party erroneously receiving a payment belonging to the other party shall have no right, title or interest whatsoever in the payment and shall remit the same to the other as provided herein.

3.8 New Operator shall cooperate fully with Licensee in the collection of the Licensee's accounts receivable which accrued prior the Operations Transfer Date. Licensee shall be responsible for any further billing and/or collections of the Licensee's accounts receivable, and New Operator shall not be obligated to take any collection action or incur any expense in connection therewith. However, Licensee shall not assume or otherwise be responsible for any liabilities, obligations, accounts payables or commitments of New Operator relating to or arising out of the business conducted by New Operator at the Facility for periods after the Operations Transfer Date.

#### **4. COVID Payments.**

4.1 Any and all Paycheck Protection Program SBA Loans ("SBA Loans") received by Licensee shall remain the sole responsibility, liability and obligation of Licensee, and any SBA Loans received by New Operator shall remain the sole responsibility, liability, and obligation of New Operator.

4.2 To the extent permitted by the terms thereof, any grant payments, stimulus payments, retroactive rate adjustments, and any and all other payments and support paid with respect to the Facility in relation to COVID-19 relief efforts (collectively, the "COVID Payments") received by Licensee during the Management Period shall be paid over to New Operator, and New Operator shall assume responsibility for all of the terms and conditions thereof, and for all

obligations relating to such payments. Notwithstanding anything in this Agreement to the contrary, to the extent New Operator properly receives any future COVID Payments intended for its utilization by the issuing entity, New Operator hereby covenants that any such COVID Payments will be utilized by New Operator only in the operation of the Facility to pay allowable covered, actual COVID-19-related expenses incurred by New Operator on or after the Operations Transfer Date and in accordance with the all Applicable Laws (as defined below) governing such COVID Payments. Any and all such COVID Payments shall remain the property and responsibility of New Operator. For the avoidance of doubt, Licensee shall not assume or accept any funds, proceeds, responsibilities, liabilities, and/or obligations related to, or in connection with, the COVID Payments received by New Operator, and New Operator shall defend, indemnify and hold Licensee harmless from and against any such liabilities or obligations.

4.3 Each of the Parties shall comply with all Applicable Laws related to the SBA Loans and COVID Payments described herein. The Parties shall reasonably cooperate with any information requests related to such funds in order to comply with regulatory and reporting requirements. Until the Transition Date, New Operator shall notify Licensee of all SBA Loans and COVID Payments it receives that are covered under this Section 4 within seven (7) days of receipt and promptly upon receipt of a request therefore from Licensee, New Operator will provide Licensee with copies of all information necessary to document the application for or utilization of such funds upon request.

## **5. Management Fee.**

5.1 For its services under Sections 2 and 3, New Operator shall be entitled to a fee from Licensee (the “Management Fee”) equal to the Facility’s operating revenues less all operating expenses, including the rent and related expenses due under the terms of the Lease, resulting from operation of the Facility during the Management Period, calculated in accordance with standard bookkeeping practices.

5.2 If the Facility incurs losses or expenses during the Management Period, New Operator shall be responsible for such losses and expenses, and shall indemnify, protect, defend and hold Licensee harmless from all claims, demands, liability, and losses related thereto, including payment of the New Operator’s obligation under the Lease, and any license renewal fees arising during the Management Period. Any expense that relates to operation of the Facility for the period prior to the Operations Transfer Date shall be borne and paid by Licensee, except expenses for inventory and supplies which were ordered by Licensee in the ordinary course of business prior to the Operations Transfer Date and received and accepted by New Operator after the Operations Transfer Date, which shall be paid by New Operator.

5.3 The Management Fee is based upon revenues earned and expenses incurred during the Management Period, as determined in accordance with standard bookkeeping practices. Except as provided in Section 5.2, New Operator has no responsibility to pay for expenses during the Management Period which were incurred prior to the Operations Transfer Date, it being understood and agreed that revenues and expenses will be prorated in the manner set forth in Section 11.

## **6. Change of Ownership.**

6.1 From and after the Operations Transfer Date, Licensee shall cooperate with New Operator for the assignment of its Medicare and Medi-Cal provider agreements to New Operator.

6.2 Within thirty (30) days of the Effective Date as defined in the Purchase Agreement, New Operator shall file its skilled nursing facility CHOW application with CDPH for the issuance of a license to operate the Facility as a skilled nursing facility. Additionally, within thirty (30) days of the Operations Transfer Date, New Operator shall file its CHOW applications for the assignment of the Medicare and Medi-Cal provider agreements and Provider Numbers with the CMS MAC. New Operator shall diligently proceed with securing the Permits and shall, (a) from time to time, upon request of Licensee, advise Licensee of the status of New Operator's efforts to secure the Permits, and (b) promptly advise Licensee once the anticipated Transition Date is known to New Operator. New Operator shall be solely responsible for any and all costs associated with the CHOW application process. Licensee agrees to execute all documentation required by CDPH, CMS, or MAC in connection with its review and approval of New Operator's CHOW, including but not limited to providing New Operator with patient trust fund verification as required by CDPH and completing portions of CMS Form 855A-requiring information about Licensee and Licensee's signature to assign the Medicare provider agreement and Provider Number.

6.3 Promptly upon receipt of a request therefor from Licensee, New Operator will provide Licensee with copies of its CHOW applications and any further documents submitted by New Operator to CDPH or CMS/MAC in response to any requests from such governmental authority and with copies of its Permits.

6.4 Licensee shall otherwise cooperate with New Operator, to the extent reasonably necessary, in order to facilitate the issuance of the new Permits and shall not voluntarily surrender its Permits, including the Medicare or Medi-Cal provider agreements.

6.5 On or before the Operations Transfer Date, Licensee and New Operator shall execute, as applicable, the Interim Sublease, the New Operator Bill of Sale (to be effective on the Operations Transfer Date) and such other documentation as is required for processing of the New Operator's skilled nursing facility CHOW application with CDPH, and in connection with the Permits and assignment of Licensee's Medicare and Medi-Cal provider agreement to New Operator.

6.6 On the Operations Transfer Date, Licensee will grant to New Operator a non-exclusive, nontransferable, limited license to use the Facility name as currently referenced on Licensee's skilled nursing facility license for the Facility and all associated logos in connection with New Operator's ownership and management of the Facility following the Operations Transfer Date, which license shall remain in place until the Transition Date, and which license shall automatically, without need for further notice to either party, terminate as of the Transition Date.

6.7 Prior to the Transition Date, if CDPH determines that New Operator will not be granted a new skilled nursing facility license for the Facility (a “Default Event”), New Operator agrees to promptly advise Licensee and Purchaser of CDPH’s determination to deny a new skilled nursing facility license to New Operator, and New Operator shall thereafter fully cooperate with Licensee and Purchaser in all respects to transition the operations of the Facility to an Approved Replacement Operator selected by Purchaser and approved by Licensee, which approval shall not be unreasonably withheld, conditioned or delayed.

6.7.1. If pursuant to the terms of Section 6.7 above, New Operator is required to transition the operations of the Facility to an Approved Replacement Operator, New Operator agrees that it shall continue to perform all such agreements, covenants and obligations of New Operator under this Agreement, until Purchaser has identified an Approved Replacement Operator and until the date New Operator transfers and relinquishes the Facility and all Operational Assets to the Approved Replacement Operator.

6.7.2. In furtherance of the foregoing, New Operator agrees that it shall cooperate fully with Licensee, Purchaser and Approved Replacement Operator with respect to the transfer and disposition of the Facility and the Operational Assets to the Approved Replacement Operator. Such cooperation from New Operator shall include, executing such assignment and other agreements and instruments to assign all of New Operator’s rights, obligations and duties under this Agreement to such Approved Replacement Operator (provided that such assignment of this Agreement is not prohibited by applicable laws), and concurrent with any such assignment of this Agreement, New Operator shall transfer all of the Operational Assets to the Approved Replacement Operator. If, however, assignment of this Agreement and transfer the Operational Assets to the Approved Replacement Operator is prohibited by any applicable laws, then (i) New Operator agrees to continue to operate the Facility under the terms of this Agreement, and cooperate fully with Purchaser, Licensee, and Approved Replacement Operator, until Approved Replacement Operator has obtained all such approvals and consents required from such regulatory agencies to take over the operations of the Facility, and (ii) upon Approved Replacement Operator obtaining all such approvals and consents, New Operator shall transfer the Operational Assets to the Approved Replacement Operator and enter into an operations transfer agreement with the Approved Replacement Operator, in form and substance substantially similar to this Agreement.

6.7.3. As used herein, “Approved Replacement Operator” means a proposed replacement operator for the Facility who is selected by Purchaser and approved by Licensee, which approval shall not be unreasonably withheld, conditioned or delayed.

**7. Admission Agreements.** On the Transition Date, pursuant to the Assignment of Admission Agreements Licensee will assign to New Operator and New Operator will assume all of Licensee’s right, title and interest in and to and obligations accruing on and after the Transition Date under the admission agreements with the persons who are residing at the Facility on the Transition Date (the “Assigned Admission Agreements”) and thereafter. Although the assignment of the Assigned Admission Agreements shall be effective on the Transition Date, as provided in the Assignment of Admission Agreements, New Operator agrees to perform all of the obligations

of Licensee relating to the Assigned Admission Agreements which accrue on or after the Operations Transfer Date.

## **8. Transfer of Resident Funds.**

8.1 On the Operations Transfer Date, Licensee shall deliver to New Operator all petty cash held for and on behalf of residents at the Facility (the "Resident Funds") and all funds held in resident trust accounts for residents of the Facility (the "Resident Trust Funds", and collectively with Resident Funds, the "Funds"). New Operator hereby agrees that it will accept the Funds in trust for the residents/responsible parties and be solely accountable to the residents/responsible parties for such Funds in accordance with the terms of this Agreement and applicable statutory and regulatory requirements.

8.2 In accordance with 22 CCR §72529, (i) Licensee shall provide written verification by a public accountant ("Trust Account Verification") of all amounts held in the Resident Trust Funds, and (ii) both Licensee and New Operator will execute a written acknowledgement of the Resident Trust Funds to be transferred to New Operator as of the Operations Transfer Date ("Acknowledgment of Transferred Trust Funds"). The Trust Account Verification and Acknowledgment of Transferred Trust Funds shall be effective as of the date New Operator's skilled nursing facility CHOW is filed with CDPH and New Operator and Licensee agree to cooperate in all respects with respect to the Trust Account Verification, including without limitation, revising and/or updating the Trust Account Verification and/or the Acknowledgment of Transferred Trust Funds to be effective as of the Operations Transfer Date, if so required by CDPH, in order to complete New Operator's skilled nursing facility CHOW application.

8.3 On or before the Operations Transfer Date, Licensee shall prepare a final reconciliation of the Resident Trust Funds comparing the Resident Trust Funds balance on the most current Trust Account Verification to the actual amount of the Resident Trust Funds in preparation for transfer of such Funds to New Operator per Section 8.1.

8.4 New Operator shall have no responsibility as to the applicable resident/responsible party and regulatory authorities for any shortfall in the event the Funds delivered by Licensee to New Operator pursuant to Section 8.1 are demonstrated to be less than the full amount of the Funds for such resident as of the Operations Transfer Date or for claims which arise from actions or omissions of Licensee with respect to the Funds prior to the Operations Transfer Date but all of the foregoing shall be and remain the responsibility of Licensee and Licensee shall indemnify, defend, protect and hold New Operator harmless from the same.

8.5 Subject to Section 8.4, upon transfer of all of the Funds to New Operator on the Operations Transfer Date, Licensee shall have no responsibility to the applicable resident/responsible party and regulatory authorities with respect to any Funds delivered to New Operator, and such Funds shall be the responsibility of New Operator and New Operator shall indemnify, defend, protect and hold Licensee harmless from the same.

**9. Cost Reports.** Licensee shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any final cost reports with respect to its operation of the Facility which are

required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service before the Operations Transfer Date. New Operator shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any cost reports with respect to its operation of the Facility which are required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service on and after the Operations Transfer Date. Within five (5) business days of request by either Licensee or New Operator shall provide the other with copies of such cost reports, together with copies of any amendments thereto and correspondence related to such final cost reports. Licensee shall pay for any costs related to the preparation or filing of cost reports or Medi-Cal cost audits for any period prior to the Operations Transfer Date and New Operator shall pay any costs related to the preparation or filing of costs reports or Medi-Cal cost audits for periods from and following the Operations Transfer Date. In the event Licensee fails to timely file any cost report, New Operator shall have the right to do so in Licensee's name and at Licensee's expense.

## **10. Employees.**

10.1 Licensee shall terminate all of the Facility employees effective as of 11:59 p.m. on the day immediately prior to the Operations Transfer Date. Licensee shall pay directly to such employees any unpaid wages, all earned and accrued employee wages and benefits (including, without limitation, vacation, sick pay, holiday pay and paid time off). New Operator acknowledges that Licensee has provided New Operator with a list of all Facility employees and Licensee shall permit New Operator, in cooperation and coordination with Licensee, to meet with all employees of the Facility prior to the Operations Transfer Date and to advise them of New Operator's plans with respect to the hiring of the employees of the Facility and the continuation of benefits which will be offered to the employees of the Facility after the Operations Transfer Date.

10.2 New Operator hereby covenants and agrees (a) it shall offer to hire on the Operations Transfer Date and retain for a period of at least sixty (60) days after the Operations Transfer Date all of the employees at the Facility (specifically excluding the administrator and the director of nursing) and all shall be Hired Employees under this Agreement, (b) it shall not terminate the employment of any of the Hired Employees during such sixty (60) day period, except for cause, and (c) during such sixty (60) day period, it will not reduce the wages and/or benefits of any of the Hired Employees nor alter the terms and conditions of employment, economic or otherwise, of such Hired Employees. In connection therewith, New Operator shall make a written offer of employment to each employee of the Facility (other than the administrator and director of nursing) at least ten (10) days prior to the Operations Transfer Date (an "Employment Offer"). Each Employment Offer must be in each employee's primary language or another language in which such employee is literate and must state the time within which the employee may accept the offer, which time period may not be less than ten (10) days.

10.3 It is the understanding and belief of Licensee and New Operator that Licensee currently employs approximately \_\_\_ employees at the Facility, but that Licensee is not required to give notice to the employees of the Facility of the "closure" thereof under the Worker Adjustment and Retraining Notification Act (the "WARN Act") or under any comparable State law, because of the assurances provided by New Operator in Section 10.2. New Operator has

advised the Licensee that it does not want Licensee to deliver any such notices to the employees, and in reliance on New Operator's assurance, Licensee has agreed that a closure notice will not be provided to the employees of the Facility as of the Operations Transfer Date.

10.4 The employees who accept offers of employment from the New Operator as of the Operations Transfer Date shall be referred to as the "Hired Employees." Licensee, or any of its affiliates, shall have the right to retain or offer to employ any employee who is not a Hired Employee, including without limitation any employee who declines to accept employment with New Operator. Additionally, for a period of ninety (90) days after the Operations Transfer Date, Licensee agrees that it shall not, and shall not permit its affiliates to, actively solicit or recruit for employment, any such Hired Employees, provided however, New Operator expressly acknowledges that from and after the Operations Transfer Date, Licensee's affiliates may publish job postings in any general or internet publications for other healthcare facilities owned, managed or operated by Licensee's affiliates, and New Operator shall have no recourse against Licensee if any such Hired Employee applies for and accepts employment in connection with such job postings published by Licensee's affiliates.

10.5 Licensee acknowledges and agrees that New Operator is not assuming any of Licensee's obligations to its employees under Section 601, et seq. of ERISA and Section 4980B of the Internal Revenue Code ("COBRA") or otherwise. Notwithstanding the foregoing, New Operator will offer to the Hired Employees the right to participate in New Operator's health insurance program as of the Operations Transfer Date.

10.6 New Operator hereby agrees to indemnify, protect, defend and hold harmless Licensee from any loss, cost or expense Licensee actually incurs as a result of a failure to give any required notice under the WARN Act or any comparable state law.

10.7 Notwithstanding the foregoing, each of New Operator and Licensee acknowledge and agree that from and after the Operations Transfer Date, Licensee is terminating employment of all employees at the Facility and all such Hired Employees shall be directly employed by New Operator. New Operator shall solely be responsible to exercise control over the wages, hour or working conditions of such Hired Employees and to pay compensation and other benefits to the Hired Employees from and after the Operations Transfer Date, and nothing in this agreement is intended to, nor does it create, a dual employment or joint employment arrangement as between Licensee and New Operator.

## **11. Costs And Prorations.**

11.1 As between New Operator and Licensee, Facility revenues (including, without limitation, any amount paid to Licensee prior to the Operations Transfer Date for services to be rendered on and after the Operations Transfer Date from social security payments, private pay patients' security deposits and prepayments, applied income payments, resident trust prepayments, etc.), Facility operating expenses, bed taxes, utility charges for the billing period in which the Operations Transfer Date occurs, real and personal property taxes (except as otherwise provided herein) and prepaid expenses, the premiums for any flood insurance coverage which may be in effect with respect to the Facility and provide coverage for the benefit of New Operator with

respect to a period which extends beyond the Operations Transfer Date and other related items of revenue or expense attributable to the Facility (excluding, however, prepaid license fees) shall be prorated between Licensee and New Operator as of the Operations Transfer Date. In general, such prorations shall be made so that as between New Operator and Licensee, Licensee shall be reimbursed for prepaid expense items to the extent that the same are applied to expenses attributable to periods on and after the Operations Transfer Date and Licensee shall be charged for unpaid expenses to the extent that the same are attributable to periods prior to the Operations Transfer Date. This provision shall be implemented by New Operator remitting to Licensee any invoices (or the applicable portion thereof in the case of invoices which cover periods both prior to and after the Operations Transfer Date) which describe goods or services provided to the Facility before the Operations Transfer Date and by New Operator assuming responsibility for the payment of any invoices (or portions thereof) which describe goods or services provided to the Facility on and after the Operations Transfer Date; provided, however, that notwithstanding any provision of this Agreement to the contrary, any and all deposits paid by Licensee with respect to the Facility, including without limitation, any and all lease, security and/or utility deposits paid to, and/or cash or other collateral held by, any landlord, utility, insurance company or surety shall remain the sole and exclusive property of Licensee, and New Operator shall have no right or interest therein or thereto, and to the extent that Licensee does not receive a return of any such deposit on the Operations Transfer Date and such security deposit has been assumed by New Operator, New Operator shall reimburse the Licensee on the Operations Transfer Date the full amount of any such security deposit assumed by New Operator.

11.2 All such prorations shall be made on the basis of actual days elapsed in the relevant accounting or revenue period and shall be based on the most recent information available to Licensee. Utility charges which are not metered and read on the Operations Transfer Date shall be estimated based on prior charges and shall be re-prorated upon receipt of statements therefor as of the Operations Transfer Date. New Operator shall obtain its own insurance coverage covering all periods commencing on and after the Operations Transfer Date and for the duration of the Management Period and shall name Licensee as an “Additional Insured” to said insurance coverage policies.

11.3 All amounts which are subject to proration under the terms of this Agreement and which require adjustment after the Operations Transfer Date shall be settled within ten (10) days after the Operations Transfer Date or, in the event the information necessary for such adjustment is not available within said ten (10) day period, then within seven (7) business days of receipt of information by either party necessary to settle the amounts subject to proration.

11.4 On the Operations Transfer Date, Licensee may remove from the Facility any petty cash and any other funds maintained at or for the Facility immediately prior to the Operations Transfer Date, other than resident trust funds, which shall be handled in the manner set forth in Section 8.

11.5 In addition to any costs for which New Operator is responsible under Section 5 hereof, New Operator shall be solely responsible for all costs, fees and expenses incurred by it in connection with the transfer of operations of the Facility as contemplated hereunder,

including but not limited to the cost of any training of the Facility's employees which it may elect to undertake with the approval of Licensee, which approval shall not be unreasonably withheld, conditioned or delayed, provided such training is conducted in a manner which does not disrupt the operation of the Facility prior to the Operations Transfer Date, and the cost of any due diligence that it undertakes in furtherance of such transfer of operations, including but not limited to, the costs of any examination or copying by New Operator or its agents of any books, records, patient files or other operational or fiscal information and data of any kind of Licensee or the Facility. In furtherance and not in limitation of the foregoing, in the event that in the process of any such employee training and/or due diligence examinations Licensee shall incur any out of pocket costs or expenses related to the use of its employees, equipment and/or the provision of any such information, New Operator shall, within seven (7) days after a written demand therefor accompanied by reasonably detailed supporting documentation, reimburse Licensee for all of such out of pocket costs and expenses.

## **12. Access to Records.**

12.1 On the Operations Transfer Date, Licensee shall deliver to new operator all records necessary to the efficient, continued operation of the facility, subject to the provisions below.

12.2 New Operator acknowledges that Licensee shall retain and may remove from the Facility originals of all employee records, all of which shall be and remain the property of Licensee. For the avoidance of doubt, Licensee shall not be required to deliver to New Operator background checks, drug test results, performance reviews, internal notes or any other employee records of Licensee.

12.3 Nothing herein shall be construed as precluding Licensee from removing the following records from the Facility, which New Operator may make copies at its sole expense to the extent necessary to facilitate the provisions of this agreement: (a) the originals of the financial records which relate to its operations at the Facility, including all accounts payable and accounts receivable records (provided that Licensee shall make at its expense and leave at the Facility such financial records as may be necessary to enable New Operator to comply with its obligations under this Agreement, and to ensure compliance by Licensee with its obligations, (b) the originals of all performance improvement data for the preceding twelve (12) months, (c) originals of employee records for all former employees that are not Hired Employees and copies of employee records for all Hired Employees, (d) originals of patient records for all former patients no longer residing at the Facility, (e) copies of records for all current patients residing at the Facility, and (f) legacy records stored either on-site or off-site.

12.4 Notwithstanding anything to the contrary in this Agreement, Licensee and New Operator agree that all information, records and data collected or maintained regarding Facility residents shall be confidential. Licensee, New Operator, and their respective employees and agents shall maintain the confidentiality of all Facility resident information received in accordance with applicable California and federal laws, including HIPAA, the health insurance portability and accountability act of 1996 (public law 104-91) ("HIPAA") the health information technology for economic and clinical health act public law 111-005 ("HITECH") and the

regulations issued in connection therewith. No employee or agent of Licensee or New Operator shall discuss, transmit or narrate in any manner any Facility resident information of a personal, medical, or other nature except as a necessary part of providing services to the resident, effectuating a transfer of the Facility operations, or otherwise fulfilling its obligations under this Agreement or under law. The obligations under this Section 12 shall survive the termination of this Agreement, whether by rescission or otherwise as amended and the regulations issued in connection therewith.

12.5 From and after the Operations Transfer Date, New Operator shall allow Licensee and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to and including the Operations Transfer Date, to the extent reasonably necessary to enable Licensee to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for Licensee to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due Licensee and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to and including the Operations Transfer Date.

12.6 From and after the Operations Transfer Date, Licensee shall allow New Operator and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to the Operations Transfer Date, to the extent reasonably necessary to enable New Operator to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for New Operator to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due New Operator and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to the Operations Transfer Date.

12.7 Licensee shall have the right, at Licensee's sole cost and expense, five (5) days after the delivery of a reasonable request therefore to New Operator to enter the Facility and remove originals or copies of any such records delivered to New Operator; *provided, however*, that if directed by Licensee in its request to New Operator, New Operator shall within such five (5) day period, forward such records to Licensee, at Licensee's sole cost and expense, to the address designated by Licensee; and provided, further, that if, for purposes of litigation involving a patient or employee to whom such record relates, an officer of or counsel for Licensee certifies that an original of such record must be produced in order to comply with applicable law or the order of a court of competent jurisdiction in connection with such litigation then the records so delivered or removed shall be an original. Licensee's request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from retaining copies of any such documents. Nothing hereinabove shall limit, reduce or restrict the Licensee's access to the Facility, during the Term of

the Management Period in connection with any of the Licensee's rights, duties or obligations under this Agreement or that are required statutorily as the Licensee of the Facility.

12.8 New Operator agrees to maintain such books, records and other materials comprising records of the Facility's operations, including, but not limited to, patient records and records of patient funds, to the extent required by law, which relate to the period preceding the Operations Transfer Date and which have been delivered to New Operator by Licensee in conjunction herewith. If upon the expiration of any legislatively mandated retention period for such books and records, New Operator decides to dispose of or destroy such books and records, New Operator shall provide Licensee thirty (30) days advance notice of such decision, and New Operator shall, upon receipt of a written request from Licensee, allow Licensee a reasonable opportunity to remove such books and records, at Licensee's sole cost and expense, from the Facility.

12.9 New Operator acknowledges and agrees that the books, records and other material described in this Section 12 are unique, that in the event of a breach by New Operator of its obligations under this Section 12, Licensee would suffer injury for which it would not be fully compensated with monetary damages and accordingly that in the event of a breach by New Operator of its obligations under this Section 12, in addition to all other remedies, Licensee shall be entitled to seek to enjoin a breach by New Operator of its obligations under this Section 12 and/or to specifically enforce the obligations of New Operator hereunder.

**13. Operating Contracts.** Any contracts entered into by Licensee prior to the Operations Transfer Date involving the operations of the Facility and/or reimbursements for such operations, including, but not limited to Medicare, Medi-Cal and managed care contracts (to the extent lawfully assignable) are referred to herein as "Operating Contracts." On the Operations Transfer Date and subject to Section 2.2.2, Licensee shall assign to New Operator, such Operating Contracts that New Operator, in its sole and absolute discretion, elects to assume as set forth on Schedule 1 hereto (collectively, the "Assigned Contracts"), and New Operator agrees to assume the same, provided however, New Operator shall not assume any obligations or liabilities arising thereunder prior to the Operations Transfer Date. Notwithstanding anything to the contrary in the foregoing, Licensee shall not voluntarily terminate any managed care contracts for the Facility without the prior written consent of New Operator and New Operator shall provide Licensee advance notice should it: a) elect to terminate or not renew any such contract; or b) become aware any such contract is involuntarily terminated. For the avoidance of doubt during the Billing Period, New Operator shall have the right to bill for services under any third-party payor contract, whether or not such Operating Contract is an Assigned Contract, but Licensee shall not bear any responsibility for payment to New Operator for any such billing.

**14. Proprietary information and materials.** New Operator acknowledges and agrees that any and all proprietary and confidential materials and information located at and used in connection with the operation of the Facility, which are not being transferred to New Operator pursuant to this Agreement, shall be and remain the property of Licensee, and accordingly, that Licensee may remove all of such materials and information from the Facility on or immediately before the Operations Transfer Date.

## 15. Indemnification.

15.1 Licensee and New Operator acknowledge and agree that to the extent that either party suffers any Losses (as such term is defined in Section 9.06(b) in the Purchase Agreement) including specifically, MOTA Losses (as such term is defined below in Section 15.2), as a result of the other parties' breach of its representations, warranties and obligations under this Agreement, that all such claims in connection with such Losses under this Agreement, shall be expressly subject to the terms, conditions and procedures set forth in the indemnification provisions in Article VIII of the Purchase Agreement, and all subparts thereto, the terms of which are hereby incorporated into this Agreement by this reference as if fully set forth herein.

15.2 Notwithstanding Section 15.1, in addition thereto, Licensee hereby agrees to indemnify, protect, defend, and hold harmless New Operator, and their respective members, managers, partners, directors, officers, employees, agents, successors and assigns from and against any and all demands, claims, causes of action, fines, penalties, damages (but specifically excluding lost profits and consequential damages), losses, liabilities (including strict liability), judgments, and expenses (including, without limitation, reasonable attorneys' and other professionals' fees and court costs) (collectively, "MOTA Losses") incurred in connection with or arising from the following (collectively, the "Retained Liabilities"): (a) a breach by Licensee of its representations, warranties and obligations under this Agreement which is not cured within thirty (30) business days after receipt of written notice from New Operator setting forth, in reasonable detail, the nature of such breach, (b) the acts or omissions of Licensee under any contract assigned to New Operator that occurred prior to the Operations Transfer Date, (c) the occupancy or operation of the Facility by Licensee prior to the Operations Transfer Date, (d) any acts, omissions, elder abuse (as that term is defined in California Welfare and Institutions Code § 15610) or negligence of Licensee or any person claiming under Licensee, or the contractors, agents, employees, invitees or visitors of Licensee with respect to the Facility and its residents prior to the Operations Transfer Date, and (e) any failure by Licensee to pay any liabilities in connection with the Facility attributable to periods prior to the Operations Transfer Date, including but not limited to quality assurance fees or bed taxes (including, without limitation, reasonable attorneys' and other professionals' fees and court costs), except insofar as responsibility for such liabilities have been otherwise apportioned to New Operator or Purchaser under this Agreement or the Purchase Agreement.

15.3 Notwithstanding Section 15.1, in addition thereto, New Operator hereby agrees to indemnify, protect, defend, and hold harmless Licensee and its directors, officers, employees, agents, successors and assigns (collectively, the "Licensee Indemnified Parties") from and against any and all "MOTA Losses" (as referenced and defined in Section 15.2) incurred in connection with or arising from: (a) a breach by New Operator of its representations, warranties and obligations under this Agreement which is not cured within thirty (30) business days after receipt of written notice from Licensee setting forth in reasonable detail the nature of such breach, (b) the acts or omissions of New Operator under any contract assigned to and expressly assumed by New Operator that arises on or after the Operations Transfer Date, (c) the occupancy or operation of the Facility by New Operator from and after the Operations Transfer Date, including submission of claims to Medicare and Medi-Cal prior to New Operator obtaining CMS approval of the assignment of Licensee's Medicare provider agreement and the Department of Health Care

Services approval to participate in the Medi-Cal program, (d) claims against Licensee by any state or federal agency for amounts that such agency has determined have been overpaid to New Operator or Licensee under its Medicare or Medi-Cal provider agreements and that are for services provided on and after the Operations Transfer Date, (e) any acts, omissions, elder abuse (as that term is defined above) or negligence of New Operator or any person claiming under New Operator, or the contractors, agents, employees, invitees or visitors of New Operator with respect to the Facility and its residents from and after the Operations Transfer Date, or (f) any failure by New Operator to pay any liabilities in connection with the Facility attributable to period from and after the Operations Transfer Date (including, without limitation, reasonable attorneys' and other professionals' fees and court costs).

15.4 New Operator acknowledges and agrees that on and after the Operations Transfer Date, it will be in day-to-day charge of the operation and maintenance of the Facility, of resident care and resident Funds, and submission of claims for reimbursement of services provided to residents of the Facility in accordance with the terms of this Agreement. In the event of any violation of any statute, law, regulation or obligation, or of a claim, deficiency or citation occurring on and after the Operations Transfer Date, for any reason by any person or government or private entity or agency, arising from or applicable to the operation or maintenance of the Facility, including but not limited to, resident care, claims submission and receipt of payment thereof, employment, and handling of residents' Funds, whether such violations or claims result in the imposition of penalties, citations, fines, court or administrative orders, litigation, including third party, New Operator's employees, and governmental claims, termination or suspension of the Medicare and Medi-Cal provider agreements, or license revocation as to the Facility or as to Licensee or for claims submission and payment purposes from the Operations Transfer Date to the Tie-In, New Operator shall (a) immediately notify Licensee of any such event; (b) take all actions necessary to protect Licensee, including but not limited to contesting of any such actions against Licensee and the Facility, at the sole cost of New Operator, whether by way of administrative or court proceedings; and (c) indemnify Licensee in accordance with Section 15.3 above.

15.5 By its signature to this Agreement, IEP agrees to irrevocably guaranty, as principal and not as surety, the payment of all monetary obligations due and payable to Licensee Indemnified Parties under this Agreement as a result of a breach of any indemnification obligations of New Operator under Section 15.3 of this Agreement, that may arise on and after the Operations Transfer Date. The obligations and liabilities of IEP under this Section 15.5 shall terminate on the date that is three (3) years after the Operations Transfer Date (the "IEP Guaranty Survival Date"); provided, however, any claims for MOTA Losses by any Licensee Indemnified Parties prior to the IEP Guaranty Survival Date that have not been finally resolved prior to the IEP Guaranty Survival Date shall survive the IEP Guaranty Survival Date until all such claims have been finally resolved.

15.6 The parties agree that to the extent that any claim, matter, circumstance, event or occurrence exists both prior to, and after the Operations Transfer Date, such that New Operator is entitled to indemnification from Licensee for MOTA Losses attributable to periods prior to the Operations Transfer Date, and Licensee Indemnified Parties are entitled to indemnification from New Operator for MOTA Losses attributable to periods on and after the

Operations Transfer Date, the provisions of Section 8.05(f) applicable to Straddle Claims in the Purchase Agreement shall govern the parties respective indemnification obligations.

15.7 The foregoing indemnification obligations shall survive the expiration or other termination of this Agreement. All matters arising from an indemnified party's negligence, gross negligence or willful misconduct are excluded from the scope of the indemnification owing to such party set forth in Sections 15.2 and 15.3.

New Operator is the tenant of the 99-bed skilled nursing facility known as “Eskaton Care Center Manzanita”, located at 5318 Manzanita Ave., Carmichael, CA 95608. New Operator is leasing the Facility from Purchaser under the Lease (as each such terms are defined in the Management Agreement (as defined below)). As used herein, the term the “Facility” refers to the real property described above, all improvements located on that real property, and the fixtures, furnishings, equipment and other personal property used in the management and operation thereof.

New Operator has applied for a license to operate the Facility as a skilled nursing facility (the “License”) from the California Department of Public Health (“CDPH”). Until the License is issued to New Operator by CDPH, New Operator desires for Licensee to remain in legal possession of the Facility so that Licensee's license to operate the Facility will remain in effect.

Concurrently with the execution of this Sublease, New Operator and Licensee have entered into a Management and Operations Transfer Agreement (the “Management Agreement”), pursuant to which New Operator shall manage the Facility under Licensee's existing license during the term of the Management Agreement, as set forth therein.

New Operator desires to sublease the Facility to Licensee and Licensee desires to sublease the Facility from New Operator on the terms and conditions hereinafter set forth.

New Operator hereby subleases to Licensee and Licensee subleases from New Operator the Facility. The Facility shall be hereinafter referred to as the “Leased Premises.”

2. **TERM; TERMINATION:**

2.1 Term. The term of this Sublease shall commence on the Operations Transfer Date (as defined in the Management Agreement), and shall continue in effect until the Transition Date, as defined in Section 1.4 of the Management Agreement.

3. **PAYMENTS BY LICENSEE:**

Commencing on the Effective Date, Licensee shall pay to New Operator as rent for the Leased Premises the sum of Twelve Dollars (\$12.00) per year, payable in advance.

4. **PAYMENTS BY NEW OPERATOR:**

4.1 Utilities. New Operator shall pay all water, gas, heat, light, power, telephone service and all other utility services supplied to the Leased Premises during the term hereof.

4.2 Taxes. New Operator shall pay all real and personal property taxes, assessments and levies of any kind or nature whatsoever taxed, assessed, levied or imposed upon or against the Leased Premises during the term hereof.

4.3 Insurance. New Operator shall pay all insurance premiums for all insurance coverage required of the New Operator as lessee under the Lease (as defined in the Management Agreement). New Operator covenants and agrees that all of the property constituting the Leased Premises is covered as of the date hereof and will be covered at all times by general liability, fire, theft and property damage insurance. All such insurance shall name New Operator and Licensee as insureds as their respective interests may appear.

4.4 Repairs and Maintenance; Alterations. New Operator shall pay all costs of repairing and maintaining the Leased Premises and every part thereof in good and sanitary order, condition and repair during the term hereof, reasonable wear and tear excepted. Licensee shall not make any alterations or changes to the Leased Premises without the prior written approval of New Operator in its sole discretion.

5. **USE.**

Licensee shall use the Leased Premises for the operation of a skilled nursing facility. New Operator agrees to apply for and devote its best efforts toward obtaining a new skilled nursing facility license.

6. **COUNTERPARTS.**

This Sublease may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

EVIDENCING their agreement on the above terms and conditions, New Operator and Licensee have executed this Sublease as of the date first written above.

2.1 Permitted Uses. BA shall not use or disclose Protected Information except for the purpose of performing BA's obligations under the Agreement and as permitted under the Agreement and this Addendum. Further, BA shall not use or disclose Protected Information in any manner that would constitute a violation of the Privacy Rule or the HITECH Act if so used by CE. However, BA may use or disclose Protected Information (a) for the proper management and administration of BA, (b) to carry out the legal responsibilities of BA, or (c) for Data Aggregation purposes for the Health Care Operations of CE [45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(i)].

2.2 Permitted Disclosures. If BA discloses Protected Information to a third party solely for the purpose described in clause (a) or (b) of Section 2.1, BA must obtain, prior to making any such disclosure, (a) reasonable *written* assurances from such third party that such Protected Information will be held confidential as provided pursuant to this Addendum and only disclosed as required by law or for the purposes for which it was disclosed to such third party, and (b) a *written* agreement from such third party to immediately notify BA of any breaches of confidentiality of the Protected Information, to the extent it has obtained knowledge of such breach [42 U.S.C. Section 17932; 45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(i)(B), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(ii)].

2.3 Notice of Request for PHI. BA agrees to notify CE within two (2) business days of receipt of any request, subpoena or other legal process to obtain PHI or an accounting of PHI. CE in its discretion shall determine whether BA may disclose PHI pursuant to such request, subpoena, or other legal process. BA agrees to cooperate fully with CE in any legal challenge initiated by CE in response to such request, subpoena, or other legal process. The provisions of this section shall survive the termination of this Addendum.

2.4 Prohibited Uses and Disclosures. BA shall not use or disclose Protected Information for fundraising or marketing purposes. BA shall not disclose Protected Information to a health plan for payment or health care operations purposes if the patient has requested this special restriction and has paid out of pocket in full for the health care item or service to which the PHI solely relates 42 U.S.C. Section 17935(a). BA shall not directly or indirectly receive remuneration in exchange for Protected Information, except with the prior written consent of CE and as permitted by the HITECH Act, 42 U.S.C. Section 17935(d)(2); however, this prohibition shall not affect payment by CE to BA for services provided pursuant to the Agreement.

2.5 Appropriate Safeguards. BA shall implement appropriate safeguards as are necessary to prevent the use or disclosure of Protected Information otherwise than as permitted by the Agreement or this Addendum, including, but not limited to, administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Protected Information, in accordance with 45 C.F.R. Section 164.308(b). BA shall comply with the policies and procedures and documentation requirements of the HIPAA Security Rule, including, but not limited to, 45 C.F.R. Section 164.316 [42 U.S.C. Section 17931]

2.6 Reporting of Improper Access, Use or Disclosure. BA shall report to CE in writing of any access, use or disclosure of Protected Information not permitted by the Agreement and Addendum, and any Breach of Unsecured PHI of which it becomes aware without unreasonable delay and in no case later than 10 calendar days after discovery [42 U.S.C. Section 17921; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)].

2.7 Business Associate's Agents. BA shall ensure that any agents, including subcontractors, to whom it provides Protected Information, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI. If BA creates, maintains, receives or transmits electronic PHI on behalf of CE, then BA shall implement the safeguards required by paragraph c above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2)(ii)(D); 45 C.F.R. Section 164.308(b)]. BA shall implement and maintain sanctions against agents and subcontractors that violate such restrictions and conditions and shall promptly mitigate the effects of any such violation (see 45 C.F.R. Sections 164.530(f) and 164.530(e)(1)).

2.8 Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).

2.9 Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

2.10 Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic

health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other

arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### 4. MISCELLANEOUS

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or

Addendum providing assurances regarding the safeguarding of PHI that CE, in its reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

**1. Closing.**

1.1 Operations Transfer Date. The transactions contemplated under this Agreement shall be effectuated on the Operations Transfer Date, which shall be the Closing Date as defined in the Purchase Agreement, subject to the satisfaction or waiver of the Conditions Precedent set forth in Section 1.3 below.

~~Seller, and the~~ execution of the ~~New~~ Lease between the Purchaser and the New Operator; and (d) the satisfaction or waiver of any conditions precedent in any ancillary transaction documents.

1.4 Transition Date. For purposes this Agreement, the “Transition Date” shall be the effective date upon which the California Department of Public Health (“CDPH”) issues the new Permits (as defined hereafter) skilled nursing facility license issued by CDPH to New Operator for the Facility.

## 2. Management of the Facility.

2.1 Commencing on the Operations Transfer Date and ending on the first to occur of (i) the Transition Date, or (ii) the execution of a Replacement MOTA (as defined below) (the “Management Period”), Licensee hereby appoints New Operator as its sole and exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator’s assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier (“NPI”) and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the “Provider Numbers”). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the “Billing Period” shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which the Centers for Medicare and Medicaid ~~Services~~ Services’ (“CMS”) MAC issues a tie-in notice for the purpose of tying the Licensee’s Medicare provider number to the New Operator’s NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the “Tie-In”).

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will have the right, as a matter of law or contract, to bill the third party payors under Licensee’s third

party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. "Payor Contracts" shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee's affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

2.3.1 preparation and maintenance of business records and financial and other reports;

2.3.2 establishment and administration of accounting procedures and controls;

2.3.3 financial and business planning;

2.3.4 processing and payment of accounts payable;

of its affiliates, shall have the right to retain or offer to employ any employee who is not a Hired Employee, including without limitation any employee who declines to accept employment with New Operator. ~~Additionally, for a period of ninety (90) days after the Operations Transfer Date, Licensee agrees that it shall not, and shall not permit its affiliates to, actively solicit or recruit for employment, any such Hired Employees, provided however, New Operator expressly acknowledges that from and after the Operations Transfer Date, Licensee's affiliates may publish job postings in any general or internet publications for other healthcare facilities owned, managed or operated by Licensee's affiliates, and New Operator shall have no recourse against Licensee if any such Hired Employee applies for and accepts employment in connection with such job postings published by Licensee's affiliates.~~

10.5 Licensee acknowledges and agrees that New Operator is not assuming any of Licensee's obligations to its employees under Section 601, et seq. of ERISA and Section 4980B of the Internal Revenue Code ("COBRA") or otherwise. Notwithstanding the foregoing, New Operator will offer to the Hired Employees the right to participate in New Operator's health insurance program as of the Operations Transfer Date.

10.6 New Operator hereby agrees to indemnify, protect, defend and hold harmless Licensee from any loss, cost or expense Licensee actually incurs as a result of a failure to give any required notice under the WARN Act or any comparable state law.

~~10.7 Notwithstanding the foregoing, each of New Operator and Licensee acknowledge and agree that from and after the Operations Transfer Date, Licensee is terminating employment of all employees at the Facility and all such Hired Employees shall be directly employed by New Operator. New Operator shall solely be responsible to exercise control over the wages, hour or working conditions of such Hired Employees and to pay compensation and other benefits to the Hired Employees from and after the Operations Transfer Date, and nothing in this agreement is intended to, nor does it create, a dual employment or joint employment arrangement as between Licensee and New Operator.~~

## 11. Costs And Prorations.

11.1 As between New Operator and Licensee, Facility revenues (including, without limitation, any amount paid to Licensee prior to the Operations Transfer Date for services to be rendered on and after the Operations Transfer Date from social security payments, private pay patients' security deposits and prepayments, applied income payments, resident trust prepayments, etc.), Facility operating expenses, bed taxes, utility charges for the billing period in which the Operations Transfer Date occurs, real and personal property taxes (except as otherwise provided herein) and prepaid expenses, the premiums for any flood insurance coverage which may be in effect with respect to the Facility and provide coverage for the benefit of New Operator with respect to a period which extends beyond the Operations Transfer Date and other related items of revenue or expense attributable to the Facility (excluding, however, prepaid license fees) shall be prorated between Licensee and New Operator as of the Operations Transfer Date. In general, such prorations shall be made so that as between New Operator and Licensee, Licensee shall be reimbursed for prepaid expense items to the extent that the same are applied to expenses attributable to periods on and after the Operations Transfer Date and Licensee shall be charged for

unpaid expenses to the extent that the same are attributable to periods prior to the Operations Transfer Date. This provision shall be implemented by New Operator remitting to Licensee any invoices (or the applicable portion thereof in the case of invoices which cover periods both prior to and after the Operations Transfer Date) which describe goods or services provided to the Facility before the Operations Transfer Date and by New Operator assuming responsibility for the payment of any invoices (or portions thereof) which describe goods or services provided to the Facility on and after the Operations Transfer Date; provided, however, that notwithstanding any provision of this Agreement to the contrary, any and all deposits paid by Licensee with respect to the Facility, including without limitation, any and all lease, security and/or utility deposits paid to, and/or cash or other collateral held by, any landlord, utility, insurance company or surety shall remain the sole and exclusive property of Licensee, and New Operator shall have no right or interest therein or thereto, and to the extent that Licensee does not receive a return of any such deposit on the Operations Transfer Date and such security deposit has been assumed by New Operator, New Operator shall reimburse the Licensee on the Operations Transfer Date the full amount of any such security deposit assumed by New Operator.

11.2 All such prorations shall be made on the basis of actual days elapsed in the relevant accounting or revenue period and shall be based on the most recent information available to Licensee. Utility charges which are not metered and read on the Operations Transfer Date shall be estimated based on prior charges and shall be re-prorated upon receipt of statements therefor as of the Operations Transfer Date. New Operator shall obtain its own insurance coverage covering all periods commencing on and after the Operations Transfer Date and for the duration of the Management Period and shall name Licensee as an "Additional Insured" to said insurance coverage policies.

11.3 All amounts which are subject to proration under the terms of this Agreement and which require adjustment after the Operations Transfer Date shall be settled within ten (10) days after the Operations Transfer Date or, in the event the information necessary for such adjustment is not available within said ten (10) day period, then within seven (7) business days of receipt of information by either party necessary to settle the amounts subject to proration.

11.4 On the Operations Transfer Date, Licensee may remove from the Facility any petty cash and any other funds maintained at or for the Facility immediately prior to the Operations Transfer Date, other than resident trust funds, which shall be handled in the manner set forth in Section 8.

11.5 In addition to any costs for which New Operator is responsible under Section 5 hereof, New Operator shall be solely responsible for all costs, fees and expenses incurred by it in connection with the transfer of operations of the Facility as contemplated hereunder, including but not limited to the cost of any training of the Facility's employees which it may elect to undertake with the approval of Licensee, which approval shall not be unreasonably withheld, conditioned or delayed, provided such training is conducted in a manner which does not disrupt the operation of the Facility prior to the Operations Transfer Date, and the cost of any due diligence that it undertakes in furtherance of such transfer of operations, including but not limited to, the costs of any examination or copying by New Operator or its agents of any books, records, patient

files or other operational or fiscal information and data of any kind of Licensee or the Facility. In furtherance and not in limitation of the foregoing, in the event that in the process of any such employee training and/or due diligence examinations Licensee shall incur any out of pocket costs or expenses related to the use of its employees, equipment and/or the provision of any such information, New Operator shall, within seven (7) days after a written demand therefor accompanied by reasonably detailed supporting documentation, reimburse Licensee for all of such out of pocket costs and expenses.

## 12. Access to Records.

12.1 On the Operations Transfer Date, Licensee shall deliver to new operator all records necessary to the efficient, continued operation of the facility, subject to the provisions below.

~~12.2 New Operator acknowledges that Licensee shall retain and may remove from the Facility originals of all employee records, all of which shall be and remain the property of Licensee. For the avoidance of doubt, Licensee shall not be required to deliver to New Operator background checks, drug test results, performance reviews, internal notes or any other employee records of Licensee.~~

12.2 Nothing herein shall be construed as precluding Licensee from removing from the Facility originals of employee records, all of which shall be and remain the property of Licensee, provided, however, Licensee will not remove such records until such time as New Operator advises Licensee that it has made a copy of any portion of the employee records which are required to be maintained by New Operator to comply with applicable law, which copies shall be made by New Operator (i) only after New Operator has secured the written consent of the affected employees and (ii) as promptly as possible, but not later than thirty (30) days, after the Operations Transfer Date, it being understood and agreed, however, that in light of the methods used by Licensee to electronically maintain its employee records and to store the same with a third party vendor, Licensee is not making any representation or warranty as to the ability of New Operator to make a copy of the such employee records or as to the accuracy or completeness of the employee records. Should New Operator not be able to secure written consent from certain affected employees or if such employees employment with Licensee has previously terminated, and New Operator cannot make a copy of certain employment records, Licensee will grant access to such employee records to New Operator, within a reasonable time, if permitted by applicable law and if New Operator is required to produce such records pursuant to any licensure or certification survey, inspection, investigation or as otherwise required by law. Notwithstanding anything herein to the contrary, Licensee shall not be required to deliver to New Operator background checks, drug test results or other employee records that are produced and maintained by third party vendors.

12.3 Nothing herein shall be construed as precluding Licensee from removing the following records from the Facility, which New Operator may make copies at its sole expense to the extent necessary to facilitate the provisions of this agreement: (a) the originals of the financial records which relate to its operations at the Facility, including all accounts payable and accounts receivable records (provided that Licensee shall make at its expense and leave at the

Facility such financial records as may be necessary to enable New Operator to comply with its obligations under this Agreement, and to ensure compliance by Licensee with its obligations, (b) the originals of all performance improvement data for the preceding twelve (12) months, (c) originals of employee records for all former employees that are not Hired Employees and copies of employee records for all Hired Employees, (d) originals of patient records for all former patients no longer residing at the Facility, (e) copies of records for all current patients residing at the Facility, and (f) legacy records stored either on-site or off-site.

12.4 Notwithstanding anything to the contrary in this Agreement, Licensee and New Operator agree that all information, records and data collected or maintained regarding Facility residents shall be confidential. Licensee, New Operator, and their respective employees and agents shall maintain the confidentiality of all Facility resident information received in accordance with applicable California and federal laws, including HIPAA, the health insurance portability and accountability act of 1996 (public law 104-91) (“HIPAA”) the health information technology for economic and clinical health act public law 111-005 (“HITECH”) and the regulations issued in connection therewith. No employee or agent of Licensee or New Operator shall discuss, transmit or narrate in any manner any Facility resident information of a personal, medical, or other nature except as a necessary part of providing services to the resident, effectuating a transfer of the Facility operations, or otherwise fulfilling its obligations under this Agreement or under law. The obligations under this Section 12 shall survive the termination of this Agreement, whether by rescission or otherwise as amended and the regulations issued in connection therewith.

12.5 From and after the Operations Transfer Date, New Operator shall allow Licensee and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to and including the Operations Transfer Date, to the extent reasonably necessary to enable Licensee to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for Licensee to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due Licensee and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to and including the Operations Transfer Date.

12.6 From and after the Operations Transfer Date, Licensee shall allow New Operator and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to the Operations Transfer Date, to the extent reasonably necessary to enable New Operator to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for New Operator to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due New Operator and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to the Operations Transfer Date.

12.7 Licensee shall have the right, at Licensee's sole cost and expense, five (5) days after the delivery of a reasonable request therefore to New Operator to enter the Facility and remove originals or copies of any such records delivered to New Operator; *provided, however*, that if directed by Licensee in its request to New Operator, New Operator shall within such five (5) day period, forward such records to Licensee, at Licensee's sole cost and expense, to the address designated by Licensee; and provided, further, that if, for purposes of litigation involving a patient or employee to whom such record relates, an officer of or counsel for Licensee certifies that an original of such record must be produced in order to comply with applicable law or the order of a court of competent jurisdiction in connection with such litigation then the records so delivered or removed shall be an original. Licensee's request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from retaining copies of any such documents. Nothing hereinabove shall limit, reduce or restrict the Licensee's access to the Facility, during the Term of the Management Period in connection with any of the Licensee's rights, duties or obligations under this Agreement or that are required statutorily as the Licensee of the Facility.

12.8 New Operator agrees to maintain such books, records and other materials comprising records of the Facility's operations, including, but not limited to, patient records and records of patient funds, to the extent required by law, which relate to the period preceding the Operations Transfer Date and which have been delivered to New Operator by Licensee in conjunction herewith. If upon the expiration of any legislatively mandated retention period for such books and records, New Operator decides to dispose of or destroy such books and records, New Operator shall provide Licensee thirty (30) days advance notice of such decision, and New Operator shall, upon receipt of a written request from Licensee, allow Licensee a reasonable opportunity to remove such books and records, at Licensee's sole cost and expense, from the Facility.

12.9 New Operator acknowledges and agrees that the books, records and other material described in this Section 12 are unique, that in the event of a breach by New Operator of its obligations under this Section 12, Licensee would suffer injury for which it would not be fully compensated with monetary damages and accordingly that in the event of a breach by New Operator of its obligations under this Section 12, in addition to all other remedies, Licensee shall be entitled to seek to enjoin a breach by New Operator of its obligations under this Section 12 and/or to specifically enforce the obligations of New Operator hereunder.

**13. Operating Contracts.** Any contracts entered into by Licensee prior to the Operations Transfer Date involving the operations of the Facility and/or reimbursements for such operations, including, but not limited to Medicare, Medi-Cal and managed care contracts (to the extent lawfully assignable) are referred to herein as "Operating Contracts." On the Operations Transfer Date, Licensee shall assign to New Operator, such Operating Contracts that New Operator, in its sole and absolute discretion, elects to assume as set forth on Schedule 1 hereto (collectively, the "Assigned Contracts"), and New Operator agrees to assume the same, provided however, New Operator shall not assume any obligations or liabilities arising thereunder prior to the Operations Transfer Date. Notwithstanding anything to the contrary in the foregoing, Licensee

shall not voluntarily terminate any managed care contracts for the Facility without the prior written consent of New Operator and New Operator shall provide Licensee advance notice should it: a) elect to terminate or not renew any such contract; or b) become aware any such contract is involuntarily terminated. For the avoidance of doubt during the Billing Period, New Operator shall have the right to bill for services under any third-party payor contract, whether or not such Operating Contract is an Assigned Contract, but Licensee shall not bear any responsibility for payment to New Operator for any such billing.

**14. Proprietary information and materials.** New Operator acknowledges and agrees that any and all proprietary and confidential materials and information located at and used in connection with the operation of the Facility, which are not being transferred to New Operator pursuant to this Agreement, shall be and remain the property of Licensee, and accordingly, that Licensee may remove all of such materials and information from the Facility on or immediately before the Operations Transfer Date.

**15. Incorporation of Indemnification Provisions Under PSA.** Licensee and New Operator acknowledge and agree that to the extent that either party suffers any Losses (as such term is defined in Section 8.01(a) in the Purchase Agreement) as a result of the other parties' breach of its representations, warranties and obligations under this Agreement, that all such claims in connection with such Losses under this Agreement, shall be expressly subject to the terms, conditions and procedures set forth in the indemnification provisions in Article VIII of the Purchase Agreement, and all subparts thereto, the terms of which are hereby incorporated into this Agreement by this reference as if fully set forth herein.

**16. Further assurances.** Each of the parties hereto agrees to execute and deliver any and all further agreements, documents or instruments reasonably necessary to effectuate this agreement and the transactions referred to herein or contemplated hereby or reasonably requested by the other party to perfect or evidence their rights hereunder.

This INTERIM SUBLEASE AGREEMENT (this "Sublease") is made and entered into as of \_\_\_\_\_, 2023 (the "Effective Date") by and between [\_\_\_\_\_] LLC, a California limited liability company ("New Operator"), and [\_\_\_\_\_] a [\_\_\_\_\_] limited liability company ("Licensee").

New Operator is the tenant of the [\_\_\_\_\_] -bed skilled nursing facility known as \_\_\_\_\_, located at [\_\_\_\_\_]. New Operator has applied for a license to operate the Facility as a skilled nursing facility (the "License") from the California Department of Public Health ("CDPH"). Until the License is issued to New Operator by CDPH, New Operator desires for Licensee to remain in legal possession of the Facility so that Licensee's license to operate the Facility will remain in effect.

Concurrently with the execution of this Sublease, New Operator and Licensee have entered into a Management and Operations Transfer Agreement (the "Management Agreement"), pursuant to which New Operator shall manage the Facility under Licensee's existing license during the term of the Management Agreement, as set forth therein.

New Operator desires to sublease the Facility to Licensee and Licensee desires to sublease the Facility from New Operator on the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the covenants and conditions contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. **DESCRIPTION OF THE PREMISES:**

New Operator hereby subleases to Licensee and Licensee subleases from New Operator the Facility. The Facility shall be hereinafter referred to as the "Leased Premises."

2. **TERM; TERMINATION:**

2.1 Term. The term of this Sublease shall commence on the Operations Transfer Date (as defined in the Management Agreement), and shall continue in effect until the Transition Date, as defined in Section 1.4 of the Management Agreement.

Commencing on the Effective Date, Licensee shall pay to New Operator as rent for the Leased Premises the sum of Twelve Dollars (\$12.00) per year, payable in advance.

4. **PAYMENTS BY NEW OPERATOR:**

4.1 Utilities. New Operator shall pay all water, gas, heat, light, power, telephone service and all other utility services supplied to the Leased Premises during the term hereof.

4.2 Taxes. New Operator shall pay all real and personal property taxes, assessments and levies of any kind or nature whatsoever taxed, assessed, levied or imposed upon or against the Leased Premises during the term hereof.

4.3 Insurance. New Operator shall pay all insurance premiums for all insurance coverage required of the New Operator as lessee under the ~~New~~-Lease (as defined in the Management Agreement). New Operator covenants and agrees that all of the property constituting the Leased Premises is covered as of the date hereof and will be covered at all times by general liability, fire, theft and property damage insurance. All such insurance shall name New Operator and Licensee as insureds as their respective interests may appear.

4.4 Repairs and Maintenance; Alterations. New Operator shall pay all costs of repairing and maintaining the Leased Premises and every part thereof in good and sanitary order, condition and repair during the term hereof, reasonable wear and tear excepted. Licensee shall not make any alterations or changes to the Leased Premises without the prior written approval of New Operator in its sole discretion.

5. **USE.**

Licensee shall use the Leased Premises for the operation of a skilled nursing facility. New Operator agrees to apply for and devote its best efforts toward obtaining a new skilled nursing facility license.

6. **COUNTERPARTS.**

This Sublease may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

EVIDENCING their agreement on the above terms and conditions, New Operator and Licensee have executed this Sublease as of the date first written above.

2.1 Permitted Uses. BA shall not use or disclose Protected Information except for the purpose of performing BA's obligations under the Agreement and as permitted under the Agreement and this Addendum. Further, BA shall not use or disclose Protected Information in any manner that would constitute a violation of the Privacy Rule or the HITECH Act if so used by CE. However, BA may use or disclose Protected Information (a) for the proper management and administration of BA, (b) to carry out the legal responsibilities of BA, or (c) for Data Aggregation purposes for the Health Care Operations of CE [45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(i)].

2.2 Permitted Disclosures. If BA discloses Protected Information to a third party solely for the purpose described in clause (a) or (b) of Section 2.1, BA must obtain, prior to making any such disclosure, (a) reasonable *written* assurances from such third party that such Protected Information will be held confidential as provided pursuant to this Addendum and only disclosed as required by law or for the purposes for which it was disclosed to such third party, and (b) a *written* agreement from such third party to immediately notify BA of any breaches of confidentiality of the Protected Information, to the extent it has obtained knowledge of such breach [42 U.S.C. Section 17932; 45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(i)(B), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(ii)].

2.3 Notice of Request for PHI. BA agrees to notify CE within two (2) business days of receipt of any request, subpoena or other legal process to obtain PHI or an accounting of PHI. CE in its discretion shall determine whether BA may disclose PHI pursuant to such request, subpoena, or other legal process. BA agrees to cooperate fully with CE in any legal challenge initiated by CE in response to such request, subpoena, or other legal process. The provisions of this section shall survive the termination of this Addendum.

2.4 Prohibited Uses and Disclosures. BA shall not use or disclose Protected Information for fundraising or marketing purposes. BA shall not disclose Protected Information to a health plan for payment or health care operations purposes if the patient has requested this special restriction and has paid out of pocket in full for the health care item or service to which the PHI solely relates 42 U.S.C. Section 17935(a). BA shall not directly or indirectly receive remuneration in exchange for Protected Information, except with the prior written consent of CE and as permitted by the HITECH Act, 42 U.S.C. Section 17935(d)(2); however, this prohibition shall not affect payment by CE to BA for services provided pursuant to the Agreement.

2.5 Appropriate Safeguards. BA shall implement appropriate safeguards as are necessary to prevent the use or disclosure of Protected Information otherwise than as permitted by the Agreement or this Addendum, including, but not limited to, administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Protected Information, in accordance with 45 C.F.R. Formatted: Right, Tab stops: 3.25", Centered + 6.5", Right + Not at 3" + 6"

2.6 Reporting of Improper Access, Use or Disclosure. BA shall report to CE in writing of any access, use or disclosure of Protected Information not permitted by the Agreement and Addendum, and any Breach of Unsecured PHI of which it becomes aware without unreasonable delay and in no case later than 10 calendar days after discovery [42 U.S.C. Section 17921; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)].

2.7 Business Associate's Agents. BA shall ensure that any agents, including subcontractors, to whom it provides Protected Information, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI. If BA creates, maintains, receives or transmits electronic PHI on behalf of CE, then BA shall implement the safeguards required by paragraph c above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2)(ii)(D); 45 C.F.R. Section 164.308(b)]. BA shall implement and maintain sanctions against agents and subcontractors that violate such restrictions and conditions and shall promptly mitigate the effects of any such violation (see 45 C.F.R. Sections 164.530(f) and 164.530(e)(1)).

2.8 Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).

2.9 Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

2.10 Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic

Formatted: Right, Tab stops: 3.25", Centered + 6.5", Right + Not at 3" + 6"

health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other

Formatted: Right, Tab stops: 3.25", Centered + 6.5", Right + Not at 3" + 6"

arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

Formatted: Right, Tab stops: 3.25", Centered + 6.5", Right + Not at 3" + 6"

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### 4. MISCELLANEOUS

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or

Addendum providing assurances regarding the safeguarding of PHI that CE, in its reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

**1. Closing.**

1.1 Operations Transfer Date. The transactions contemplated under this Agreement shall be effectuated on the Operations Transfer Date, which shall be the Closing Date as defined in the Purchase Agreement, subject to the satisfaction or waiver of the Conditions Precedent set forth in Section 1.3 below.

1.2 Deliverables.

This Agreement, the Interim Sublease, the Assignment of Agreements the BAA, the New Operator Bill of Sale and the Assignment of Admission Agreements are referred to collectively as the "Closing Documents."

1.2.2. The assets being conveyed by Licensee to New Operator pursuant to the New Operator Bill of Sale, the Assignment of Admission Agreements and the Assignment of Agreements are collectively referred to herein as the "Operational Assets."

1.3 Conditions Precedent. **2. Management of the Facility.**

2.1 Commencing on the Operations Transfer Date and ending on ~~the first to occur of (i) the Transition Date, or (ii) the execution of a Replacement MOTA (as defined below)~~ (the "Management Period"), Licensee hereby appoints New Operator as its sole and

exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator's assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier ("NPI") and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the "Provider Numbers"). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the "Billing Period" shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which the Centers for Medicare and Medicaid Services ("CMS") issues a tie-in notice for the purpose of tying the Licensee's Medicare provider number to the New Operator's NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the "Tie-In").

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will have the right, as a matter of law or contract, to bill the third party payors under Licensee's third party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. "Payor Contracts" shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee's affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

2.3.2 establishment and administration of accounting procedures and controls;

2.3.3 financial and business planning;

2.3.4 processing and payment of accounts payable;

2.3.5 billing, processing and collection of accounts receivable, including the billing and completion of any reports and forms that may be required by insurance companies, governmental agencies, or other third-party payors; and

2.3.6 providing and processing of all employee record keeping, payroll accounting (including social security and other payroll tax reporting), and benefits for all employees of the Facility.

2.4 New Operator shall arrange for the maintenance, repair, trash removal, and janitorial services which may be necessary to maintain the Facility and equipment in a clean and safe condition, in compliance with applicable law, and in good repair in accordance with standards established by the New Lease.

2.5 New Operator shall arrange for the utilities reasonably required for operation of the Facility, including, but not limited to, telephone, Wi-Fi, cable or satellite TV, electricity, gas, water and refuse disposal, and shall secure these utilities in its own name on the Operations Transfer Date.

2.6 New Operator shall arrange under its own name for the provision and replenishment, as New Operator deems necessary and as necessary to meet any minimum requirements established under applicable law, of all supplies and inventory used in the Facility. Licensee's only obligation with respect thereto shall be to ensure that the levels of supplies and inventory at the Facility, including, without limitation, perishable food, non-perishable food, central supplies, linen, housekeeping and other supplies, on the Operations Transfer Date is in condition, quantity and quality sufficient to meet the regular operating needs of the Facility, with quantities in the minimum amounts required by applicable laws and in accordance with Licensee's past business practices and policies at the Facility.

2.7 New Operator shall hire employees of the Facility as employees-at-will in accordance with the terms and provisions of Section 10 of this Agreement. New Operator shall be responsible for all aspects of administration of its employees, including hiring, training, supervision, and termination. Except as otherwise determined by New Operator and Licensee (i.e., general supervision from New Operator's employees who are not permanently assigned to the Facility), all employees so hired shall be employed by New Operator. During the Management Period, New Operator shall maintain worker's compensation insurance for all its employees as required by law and employer's liability insurance reasonably acceptable to Licensee. Hiring, promotion, discipline and termination and other employment decisions with respect to its employees shall be made by New Operator in a manner consistent with applicable law and policies at the Facility.

2.8 New Operator, on behalf of the Facility, shall arrange for maintenance of the payroll records of all its employees, for the issuance of paychecks to its employees, and for the payment and withholding from such paychecks of appropriate amounts for income tax, social security, unemployment insurance, and for all employee benefits, including vacation, holidays, sick leave, and in accordance with New Operator's policies, subject to the terms and provisions of Section 10.3.

2.9 New Operator shall have the right, in its sole discretion, to revise the fee schedules for the services rendered by the Facility, provided that such changes are in compliance with the law and that New Operator shall consult with Licensee before doing so.

2.10 In conformity with applicable law, Licensee and New Operator shall not discriminate against Medicare or Medi-Cal patients who request services at the Facility, or any other person with whom it interacts in relation to the Facility.

2.11 New Operator shall comply with any and all codes, ordinances, rules, regulations, and requirements of all federal, state, and municipal authorities now in force, or which may hereafter be in force, pertaining to the Facility and its operations.

2.12 New Operator shall procure and maintain during the Management Period the insurance required under the terms of the New Lease, with the Licensee named as an additional named insured on all such insurance policies. New Operator shall keep all insurance coverage in effect and, without demand, provide to Licensee updated certificates at each renewal for the applicable statute of limitations period in which any claims may be brought against Licensee or Licensee's shareholders, members, affiliates, directors, officers, representatives or advisers.

2.13 Funds received by New Operator which relate to the Quality and Accountability Supplemental Payment ("QASP") owed to Licensee for dates prior to the Operations Transfer Date shall belong to the Licensee and shall be remitted by New Operator to the Licensee promptly within ten (10) days' receipt of such QASP from the applicable regulatory agency. The amount of the QASP deemed owed to Licensee shall be calculated as follows: the QASP shall be multiplied by a fraction, the numerator of which shall be the number of days the Licensee operated the Facility in the year for which QASP are being made and the denominator of which shall be the number of days in the year for which QASP are being made. New Operator and Licensee hereby acknowledge that payments made for QASP fees are paid based on the state fiscal year of July 1-June 30 (the "SFY"), and that payments for the prior year are received in approximately April of the calendar year following the SFY. For example, payments made to operators in April 2024 will be for SFY July 1, 2022-June 30, 2024 and payments made to operators in April 2025 will be for SFY July 1, 2023-June 30, 2024.

2.13.1. Notwithstanding the foregoing, Licensee and New Operator acknowledge that the California Department of Healthcare Services has implemented the Workforce and Quality Incentive Program ("WQIP") to replace and succeed the QASP program, with awards and payments under the WQIP program to be first made to qualifying facilities in the calendar year 2024 based on metrics for the 2023 calendar year. New Operator and Licensee agree to confer in good faith and reconcile such awards and payments received from the WQIP program, and Licensee and New Operator further agree that all such awards or payments received from the WQIP program shall be allocated amongst New Operator and Licensee as of the Operations Transfer Date, with Licensee to receive such portion of the awards or payments from the WQIP program attributable to periods prior to the Operations Transfer Date, and with

New Operator to receive such portion of the awards or payments from the WQIP program attributable to periods on and after the Operations Transfer Date.

2.14 New Operator shall be responsible for all Quality Assurance Fees owed by the Facility to the California Department of Health Care Services (“QA Fees”) that accrue for periods on and after the Operations Transfer Date. Licensee shall be responsible for all QA Fees that accrue for periods before the Operations Transfer Date, and shall at least five (5) business days prior to the Operations Transfer Date, provide evidence reasonably satisfactory to New Operator that all QA Fees for periods prior to the Operations Transfer Date have been paid in full.

2.15 New Operator shall cooperate with Licensee in the provision and dissemination of any notice required to be provided under Health and Safety Code § 1267.61 (“Transfer Notice Act.”) of the transfer of operations contemplated under this Agreement to all of the residents of the Facility (the “Transfer Notice”). New Operator agrees to provide all information necessary for Licensee to prepare and post such Transfer Notice pursuant to the requirements of the Transfer Notice Act; and the Licensee shall post a copy of the Transfer Notice on all entrance and exit doors of the Facility.

### **3. Billings, Collections and Accounts Receivable.**

3.1 New Operator shall, on behalf of Licensee, bill patients and payors and use its commercially reasonable efforts to collect all cash revenue resulting from Facility operations during the Billing Period. Licensee and New Operator agree to cooperate with each other to make available such billing and accounting information and to provide such financial records for review as shall be necessary to accomplish the billing and collection of patient charges for services provided by Licensee prior to the Operations Transfer Date and provided for in this Section 3 and to cooperate in the completion of reports and claim forms as necessary to procure payments and reimbursement from governmental agencies, insurance carriers or other third party payors. During the Billing Period, Licensee authorizes New Operator to do the following:

3.1.1. To bill patients in Licensee’s name, on Licensee’s behalf, and under Licensee’s Provider Numbers, specifically including, without limitation, services provided to Medicare and Medi-Cal patients during the Billing Period, and the resulting revenue will be treated as revenue of Licensee (subject to New Operator’s right to direct the use of such funds as herein provided and subject to New Operator’s right to the Management Fee pursuant to Section 5 hereof).

3.1.2. To collect accounts receivable resulting from such billing in Licensee’s name and on Licensee’s behalf;

3.1.3. To receive payments from insurance companies, prepayments from health care plans, and payments from all other third-party payors;

3.1.4. To take possession of and endorse in the name of Licensee any notices, checks, money orders, insurance payments, and other instruments received in payment of

the accounts receivable resulting from such billing and deposit them directly in New Operator's account; and

3.1.5. To initiate legal proceedings in accordance with policies reasonably approved by Licensee to collect any accounts or monies owed to the Facility or Licensee related to the Facility during the Management Period.

3.2 Licensee has disclosed to New Operator that the Medicare, Medi-Cal and other third party payor receivables paid pursuant to the Facility's existing Medicare and Medi-Cal provider agreements are deposited into a concentration account, into which accounts receivables and payments from third party payors for other healthcare facilities are also deposited (the "Licensee's Concentration Account"). New Operator agrees that for the duration of the of this Agreement, that Licensee shall maintain sole control of its Concentration Account.

3.2.1. New Operator and Licensee acknowledge that prior to the Effective Date hereof, Licensee has opened a separate depository bank account at [bank name], bearing account number [ ] (the "New EFT Account"), for the purposes of serving as the new depository account into which accounts receivables and payments from the Facility's existing Medicare, Medi-Cal and other third-party payors will be deposited (without accounts receivables or payments attributable to other healthcare facilities). Licensee has agreed, and New Operator acknowledges, that New Operator shall only granted "read access" rights with respect to the New EFT Account. Licensee agrees to use its commercially reasonable efforts to cause to be filed a completed CMS-588 Electronic Funds Authorization Agreement and any other documents required in connection therewith promptly after the Effective Date hereof, with the fiscal intermediary to implement the New EFT Account as the deposit account into which the Facility's existing Medicare and Medi-Cal provider agreements are to be deposited, and to prosecute the same to completion (such process of applying for and implementing the New EFT Account pursuant to this Section 3.2.1 is referred to as the "EFT Change"). Licensee agrees to promptly advise New Operator when the fiscal intermediary has confirmed that the EFT Change has been completed. From and after the EFT Change, on a weekly basis Licensee and New Operator agree to reconcile and account for all funds received in the New EFT Account, and to the extent that any such funds received in the New EFT Account are related to periods on and after the Operations Transfer Date, Licensee agrees to remit via wire payment or ACH (bank to bank automated clearing house) such sums in the New EFT Account that are attributable to periods on and after the Operations Transfer Date to New Operator, within one (1) business day of New Operator's written request to Licensee.

3.2.2. New Operator shall have the right to open one or more bank accounts for the Facility in the name of Licensee (the "Management Account"), the authorized signatories of which shall consist solely of persons designated by New Operator. Licensee agrees that it will not take any actions that interfere with the transfer of funds for services rendered by New Operator after the Operations Transfer Date into the Management Account, nor will Licensee remove, withdraw or authorize the removal or withdrawal of any such funds from the Management Account. Amounts deposited into Licensee's Concentration Account or any other deposit accounts of Licensee for any reason and relating to operations of the Facility after the Operations Transfer Date shall be transferred by Licensee into the Management Account within five (5) business days of receipt. Licensee expressly authorizes New Operator to endorse

checks made payable to Licensee in respect of services provided after the Operations Transfer Date and to deposit them in the Management Account.

3.3 All cash received during the Management Period related to operating revenues for services rendered by New Operator on and after the Operations Transfer Date shall be under the control of New Operator, rather than Licensee. All cash received before, during or after the Management Period related to the operating revenues for services rendered by Licensee prior to the Operations Transfer Date shall be remitted to Licensee within five (5) business days of receipt, together with applicable remittance advices.

3.3.1. If Licensee directly or indirectly receives any such cash during the Management Period which relates to the Management Period, Licensee shall forward any such receipts to New Operator, together with the applicable remittance advices, within five (5) business days, for deposit in the Management Account. If New Operator directly or indirectly receives any cash during the Management Period which relates to the period prior to the Management Period, New Operator shall within five (5) business days forward any such receipts to Licensee, together with applicable remittance advices.

3.3.2. New Operator shall use the cash receipts which relate to the operation of the Facility during the Management Period, or, if necessary, make available additional cash, to pay for expenses incurred during the Management Period, including both expenses paid during such period and expenses which are due after the Management Period but which were incurred during the Management Period.

3.4 In furtherance and not in limitation of the allocation of revenues provided for in Sections 3.3 and 3.3.1, New Operator and Licensee agree as follows:

3.4.1. If such payments either specifically indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period prior to the Operations Transfer Date, they shall be retained or forwarded to Licensee, along with the applicable remittance advice in accordance with the provisions of Sections 3.3 and 3.3.1.

3.4.2. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period from and after the Operations Transfer Date, they shall be forwarded or retained by New Operator, along with the applicable remittance advice, in accordance with the provisions of Sections 3.3 and 3.3.1.

3.4.3. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to periods for which both parties are entitled to reimbursement under the terms hereof, the portion thereof which relates to the period prior to the Operations Transfer Date shall be disbursed to or retained by Licensee in accordance with the provisions of Section 3.3 and the balance shall be retained by or remitted to New Operator in accordance with the provisions of Section 3.3.1.

3.4.4. Any payments received by New Operator from and after the Operations Transfer Date from or on behalf of private pay patients with outstanding balances as of the Operations Transfer Date which fail to designate the period to which they relate (an "Undesignated Payment"), will, for the thirty (30) day period after the Operations Transfer Date,

first be applied by New Operator to reduce the patients' pre-Operations Transfer Date balances, with any excess applied to reduce any balances due for services rendered by New Operator from and after the Operations Transfer Date; after said thirty (30) day period such Undesignated Payment may be retained by New Operator to reduce the patient's post-Operations Transfer Date balances, with any excess remitted to Licensee to reduce any balances due for services rendered by Licensee prior to the Operations Transfer Date.

3.4.5. All amounts owing to Licensee or New Operator under this Section 3.4 shall be settled within five (5) business days after the payment was received.

3.4.6. In the event the Parties mutually determine that any third party payors or private pay residents are entitled to a refund of payments, the portion thereof that relates to the period from and after the Operations Transfer Date shall be paid by New Operator and the portion thereof that relates to the period prior to the Operations Transfer Date shall be paid by Licensee to such third party payor or private pay resident.

3.4.7. In the event the parties mutually determine that any payment hereunder was misapplied by the parties, the party which erroneously received said payment shall remit the same to the other within five (5) business days after said determination is made.

3.4.8. Until the earlier of (i) the date that Licensee receives payment of all accounts receivable attributed to the operation of the Facility prior to the Operations Transfer Date, and (ii) twelve (12) months after the Operations Transfer Date, New Operator shall provide Licensee with an accounting before the end of each month setting forth all amounts received by New Operator during the preceding month with respect to the accounts receivable of Licensee which are set forth in the schedule provided by Licensee to New Operator within no more than thirty (30) days after the Operations Transfer Date. New Operator shall deliver such accounting to the person identified in Section 17 at the address and email address provided therein.

3.4.9. Upon ten (10) days after written request, and for a period of twelve (12) months after the Operations Transfer Date, Licensee shall provide New Operator with an accounting setting forth all amounts received by Licensee during the preceding month with respect to payments from the residents of the Facility which are due and owing to New Operator in accordance with the terms of this Section 3.4, which accounting shall be accompanied by applicable remittance advices.

3.4.10. Licensee and New Operator shall have the right to inspect, no more frequently than once per month, all cash receipts of the other party during weekday business hours on reasonable prior notice in order to confirm such party's compliance with the obligations imposed on it under this Section 3.4.

3.5 New Operator shall cooperate fully with Licensee in the collection of the Licensee's accounts receivable which accrued prior the Operations Transfer Date. Licensee shall be responsible for any further billing and/or collections of the Licensee's accounts receivable, and New Operator shall not be obligated to take any collection action or incur any expense in connection therewith.

#### **4. COVID Payments.**

4.1 Any and all Paycheck Protection Program SBA Loans (“SBA Loans”) received by Licensee shall remain the sole responsibility, liability and obligation of Licensee, and any SBA Loans received by New Operator shall remain the sole responsibility, liability, and obligation of New Operator.

4.2 To the extent permitted by the terms thereof, any grant payments, stimulus payments, retroactive rate adjustments, and any and all other payments and support paid with respect to the Facility in relation to COVID-19 relief efforts (collectively, the “COVID Payments”) received by Licensee during the Management Period shall be paid over to New Operator, and New Operator shall assume responsibility for all of the terms and conditions thereof, and for all obligations relating to such payments. Notwithstanding anything in this Agreement to the contrary, to the extent New Operator properly receives any future COVID Payments intended for its utilization by the issuing entity, New Operator hereby covenants that any such COVID Payments will be utilized by New Operator only in the operation of the Facility to pay allowable covered, actual COVID-19-related expenses incurred by New Operator on or after the Operations Transfer Date and in accordance with the all Applicable Laws (as defined below) governing such COVID Payments. Any and all such COVID Payments shall remain the property and responsibility of New Operator. For the avoidance of doubt, Licensee shall not assume or accept any funds, proceeds, responsibilities, liabilities, and/or obligations related to, or in connection with, the COVID Payments received by New Operator, and New Operator shall defend, indemnify and hold Licensee harmless from and against any such liabilities or obligations.

4.3 Each of the Parties shall comply with all Applicable Laws related to the SBA Loans and COVID Payments described herein. The Parties shall reasonably cooperate with any information requests related to such funds in order to comply with regulatory and reporting requirements. #### **5. Management Fee.**

5.1 For its services under Sections 2 and 3, New Operator shall be entitled to a fee from Licensee (the “Management Fee”) equal to the Facility’s operating revenues less all operating expenses, including the rent and related expenses due under the terms of the New Lease, resulting from operation of the Facility during the Management Period, calculated in accordance with standard bookkeeping practices.

5.2 If the Facility incurs losses or expenses during the Management Period, New Operator shall be responsible for such losses and expenses, and shall indemnify, protect, defend and hold Licensee harmless from all claims, demands, liability, and losses related thereto, including payment of the New Operator’s obligation under the New Lease, and any license renewal fees arising during the Management Period. Any expense that relates to operation of the

Facility for the period prior to the Operations Transfer Date shall be borne and paid by Licensee, except expenses for inventory and supplies which were ordered by Licensee in the ordinary course of business prior to the Operations Transfer Date and received and accepted by New Operator after the Operations Transfer Date, which shall be paid by New Operator.

5.3 The Management Fee is based upon revenues earned and expenses incurred during the Management Period, as determined in accordance with standard bookkeeping practices. Except as provided in Section 5.2, New Operator has no responsibility to pay for expenses during the Management Period which were incurred prior to the Operations Transfer Date, it being understood and agreed that revenues and expenses will be prorated in the manner set forth in Section 11.

6.2 On or before [REDACTED]<sup>2</sup>, 2023, New Operator shall file its application to CDPH for the issuance of a license to operate the Facility as a skilled nursing facility. Additionally, upon the earlier to occur of: (a) thirty (30) days after the Operations Transfer Date; or (b) within five (5) days after the EFT Change has been completed pursuant to Section 3.2.1 above; New Operator shall file its applications for the assignment of the Medicare and Medi-Cal provider agreements and Provider Numbers (collectively, the “Permits”). New Operator shall diligently proceed with securing the Permits and shall, (a) from time to time, upon request of Licensee, advise Licensee of the status of New Operator’s efforts to secure the Permits, and (b) promptly advise Licensee once the anticipated Transition Date is known to New Operator. New Operator shall be solely responsible for any and all costs associated with the CHOW process. Licensee agrees to execute all documentation required by CDPH or CMS in connection with its review and approval of New Operator’s CHOW, including but not limited to completing portions of CMS Form 855A-requiring information about Licensee and Licensee’s signature to assign the Medicare provider agreement. Licensee further agrees to provide New Operator or New Operator’s representatives with access to the patient trust fund accountings for completion of the patient trust fund verification as required by CDPH.

6.3 Promptly upon receipt of a request therefor from Licensee, New Operator will provide Licensee with copies of its licensure applications and any further documents submitted by New Operator to CDPH in response to any requests from such governmental authority and with copies of its Permits.

6.4 Licensee shall otherwise cooperate with New Operator, to the extent reasonably necessary, in order to facilitate the issuance of the new Permits and Provider Numbers and shall not voluntarily surrender its Permits or Medicare or Medi-Cal provider agreements.

---

<sup>2</sup> Insert Date that is 30 days after Effective Date of PSA – see Section 6.01(e) of PSA

6.5 On or before the Operations Transfer Date, Licensee and New Operator shall execute, as applicable, the Interim Sublease, the New Operator Bill of Sale (to be effective on the Transition Date) and such other documentation as is required for processing of the New Operator's skilled nursing facility application with CDPH, and in connection with the permits and assignment of Licensee's Medicare and Medi-Cal provider agreement to New Operator.

6.6 Prior to the Transition Date, if CDPH determines that New Operator will not be granted a new skilled nursing facility license for the Facility (a "Default Event"), New Operator agrees to promptly advise Licensee and Purchaser of CDPH's determination to deny a new skilled nursing facility license to New Operator, and New Operator shall thereafter fully cooperate with Licensee and Purchaser in all respects to transition the operations of the Facility to an Approved Replacement Operator selected by Purchaser in its sole and absolute discretion.

6.6.1. If pursuant to the terms of Section 6.6 above, New Operator is required to transition the operations of the Facility to an Approved Replacement Operator, New Operator agrees that it shall continue to perform all such agreements, covenants and obligations of New Operator under this Agreement, until Purchaser has identified an Approved Replacement Operator and until the date New Operator transfers and relinquishes the Facility and all Operational Assets to the Approved Replacement Operator.

6.6.2. In furtherance of the foregoing, New Operator agrees that it shall cooperate fully with Purchaser and Approved Replacement Operator with respect to the transfer and disposition of the Facility and the Operational Assets to the Approved Replacement Operator. Such cooperation from New Operator shall include, executing such assignment and other agreements and instruments to assign all of New Operator's rights, obligations and duties under this Agreement to such Approved Replacement Operator; (provided that such assignment of this Agreement is not prohibited by applicable laws), and concurrent with any such assignment of this Agreement, New Operator shall transfer all of the Operational Assets to the Approved Replacement Operator. If, however, assignment of this Agreement to the Approved Replacement Operator is prohibited by any applicable laws, then (i) New Operator agrees to continue to operate the Facility under the terms of this Agreement, and cooperate fully with Purchaser and Approved Replacement Operator, until Approved Replacement Operator has obtained all such approvals and consents required from such regulatory agencies to take over the operations of the Facility, and (ii) upon Approved Replacement Operator obtaining all such approvals and consents, New Operator shall transfer the Operational Assets to the Approved Replacement Operator and enter into an operations transfer agreement with the Approved Replacement Operator, in form and substance substantially similar to this Agreement.

6.6.3. As used herein, "Approved Replacement Operator" means a proposed replacement operator for the Facility who is approved by Purchaser in its sole and absolute discretion.

**7. Admission Agreements.** On the Transition Date, pursuant to the Assignment of Admission Agreements Licensee will assign to New Operator and New Operator will assume all of Licensee's right, title and interest in and to and obligations accruing on and after the Transition Date under the admission agreements with the persons who are residing at the Facility on the Transition Date (the "Assigned Admission Agreements") and thereafter. Although the

assignment of the Assigned Admission Agreements shall be effective on the Transition Date, as provided in the Assignment of Admission Agreements, New Operator agrees to perform all of the obligations of Licensee relating to the Assigned Admission Agreements which accrue on or after the Operations Transfer Date.

## **8. Transfer of Resident Funds.**

8.1 On the Transition Date, Licensee shall deliver to New Operator all petty cash held for and on behalf of residents at the Facility (collectively the “Resident Funds”), and New Operator hereby agrees that it will accept such Resident Funds in trust for the residents/responsible parties and be solely accountable to the residents/responsible parties for such Resident Funds in accordance with the terms of this Agreement and applicable statutory and regulatory requirements.

8.2 On or before the Transition Date, Licensee shall prepare a final reconciliation comparing the actual Resident Trust Fund balance on the Transition Date to the amount of the Resident Funds transferred to New Operator on the Transition Date, and, to the extent the former exceeds the latter, Licensee shall remit such excess to New Operator or to the extent the latter exceeds the former, New Operator shall remit such excess to Licensee.

8.3 New Operator shall have no responsibility as to the applicable resident/responsible party and regulatory authorities for any shortfall in the event the Resident Funds delivered by Licensee to New Operator pursuant to Section 8.2 are demonstrated to be less than the full amount of the Resident Funds for such resident as of the Transition Date or for claims which arise from actions or omissions of Licensee with respect to the Resident Funds prior to the Transition Date but all of the foregoing shall be and remain the responsibility of Licensee and Licensee shall indemnify, defend, protect and hold New Operator harmless from the same.

8.4 Upon transfer of all of the Resident Funds to New Operator, Licensee shall have no responsibility to the applicable resident/responsible party and regulatory authorities with respect to any Resident Funds delivered to New Operator.

**9. Cost Reports.** Licensee shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any final cost reports with respect to its operation of the Facility which are required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service before the Operations Transfer Date. New Operator shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any cost reports with respect to its operation of the Facility which are required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service on and after the Operations Transfer Date. Within five (5) business days of request by either Licensee or New Operator shall provide the other with copies of such cost reports, together with copies of any amendments thereto and correspondence related to such final cost reports. Licensee shall pay for any costs related to the preparation or filing of cost reports or Medi-Cal cost audits for any period prior to the Operations Transfer Date and New Operator shall pay any costs related to the preparation or filing of costs reports or Medi-Cal cost audits for periods from and following the Operations Transfer Date. In the event Licensee fails

to timely file any cost report, New Operator shall have the right to do so in Licensee's name and at Licensee's expense.

## **10. Employees.**

10.1 Licensee shall terminate all of the Facility employees effective as of 11:59 p.m. on the day immediately prior to the Operations Transfer Date. Licensee shall pay directly to such employees any unpaid wages, all earned and accrued employee wages and benefits (including, without limitation, vacation, sick pay, holiday pay and paid time off). New Operator acknowledges that Licensee has provided New Operator with a list of all Facility employees and Licensee shall permit New Operator, in cooperation and coordination with Licensee, to meet with all employees of the Facility prior to the Operations Transfer Date and to advise them of New Operator's plans with respect to the hiring of the employees of the Facility and the continuation of benefits which will be offered to the employees of the Facility after the Operations Transfer Date.

10.2 New Operator hereby covenants and agrees (a) it shall offer to hire on the Operations Transfer Date and retain for a period of at least sixty (60) days after the Operations Transfer Date all of the employees at the Facility (specifically excluding the administrator and the director of nursing) and all shall be Hired Employees under this Agreement, (b) it shall not terminate the employment of any of the Hired Employees during such sixty (60) day period, except for cause, and (c) during such sixty (60) day period, it will not reduce the wages and/or benefits of any of the Hired Employees nor alter the terms and conditions of employment, economic or otherwise, of such Hired Employees. In connection therewith, New Operator shall make a written offer of employment to each employee of the Facility (other than the administrator and director of nursing) at least ten (10) days prior to the Operations Transfer Date (an "Employment Offer"). Each Employment Offer must be in each employee's primary language or another language in which such employee is literate and must state the time within which the employee may accept the offer, which time period may not be less than ten (10) days.

10.3 It is the understanding and belief of Licensee and New Operator that Licensee currently employs approximately \_\_\_ employees at the Facility, but that Licensee is not required to give notice to the employees of the Facility of the "closure" thereof under the Worker Adjustment and Retraining Notification Act (the "WARN Act") or under any comparable State law, because of the assurances provided by New Operator in Section 10.2. New Operator has advised the Licensee that it does not want Licensee to deliver any such notices to the employees, and in reliance on New Operator's assurance, Licensee has agreed that a closure notice will not be provided to the employees of the Facility as of the Operations Transfer Date.

10.4 The employees who accept offers of employment from the New Operator as of the Operations Transfer Date shall be referred to as the "Hired Employees." Licensee, or any of its affiliates, shall have the right to retain or offer to employ any employee who is not a Hired Employee, including without limitation any employee who declines to accept employment with New Operator. Additionally, for a period of ninety (90) days after the Operations Transfer Date, Licensee agrees that it shall not, and shall not permit its affiliates to, actively solicit or recruit for employment, any such Hired Employees, provided however, New Operator expressly

acknowledges that from and after the Operations Transfer Date, Licensee's affiliates may publish job postings in any general or internet publications for other healthcare facilities owned, managed or operated by Licensee's affiliates, and New Operator shall have no recourse against Licensee if any such Hired Employee applies for and accepts employment in connection with such job postings published by Licensee's affiliates.

10.5 Licensee acknowledges and agrees that New Operator is not assuming any of Licensee's obligations to its employees under Section 601, et seq. of ERISA and Section 4980B of the Internal Revenue Code ("COBRA") or otherwise. Notwithstanding the foregoing, New Operator will offer to the Hired Employees the right to participate in New Operator's health insurance program as of the Operations Transfer Date.

10.6 New Operator hereby agrees to indemnify, protect, defend and hold harmless Licensee from any loss, cost or expense Licensee actually incurs as a result of a failure to give any required notice under the WARN Act or any comparable state law.

10.7 Notwithstanding the foregoing, each of New Operator and Licensee acknowledge and agree that from and after the Operations Transfer Date, Licensee is terminating employment of all employees at the Facility and all such Hired Employees shall be directly employed by New Operator. New Operator shall solely be responsible to exercise control over the wages, hour or working conditions of such Hired Employees and to pay compensation and other benefits to the Hired Employees from and after the Operations Transfer Date, and nothing in this agreement is intended to, nor does it create, a dual employment or joint employment arrangement as between Licensee and New Operator.

## **11. Costs And Prorations.**

11.1 As between New Operator and Licensee, Facility revenues (including, without limitation, any amount paid to Licensee prior to the Operations Transfer Date for services to be rendered on and after the Operations Transfer Date from social security payments, private pay patients' security deposits and prepayments, applied income payments, resident trust prepayments, etc.), Facility operating expenses, bed taxes, utility charges for the billing period in which the Operations Transfer Date occurs, real and personal property taxes (except as otherwise provided herein) and prepaid expenses, the premiums for any flood insurance coverage which may be in effect with respect to the Facility and provide coverage for the benefit of New Operator with respect to a period which extends beyond the Operations Transfer Date and other related items of revenue or expense attributable to the Facility (excluding, however, prepaid license fees) shall be prorated between Licensee and New Operator as of the Operations Transfer Date. In general, such prorations shall be made so that as between New Operator and Licensee, Licensee shall be reimbursed for prepaid expense items to the extent that the same are applied to expenses attributable to periods on and after the Operations Transfer Date and Licensee shall be charged for unpaid expenses to the extent that the same are attributable to periods prior to the Operations Transfer Date. This provision shall be implemented by New Operator remitting to Licensee any invoices (or the applicable portion thereof in the case of invoices which cover periods both prior to and after the Operations Transfer Date) which describe goods or services provided to the Facility before the Operations Transfer Date and by New Operator assuming responsibility for the payment of any invoices (or portions thereof) which describe goods or

services provided to the Facility on and after the Operations Transfer Date; provided, however, that notwithstanding any provision of this Agreement to the contrary, any and all deposits paid by Licensee with respect to the Facility, including without limitation, any and all lease, security and/or utility deposits paid to, and/or cash or other collateral held by, any landlord, utility, insurance company or surety shall remain the sole and exclusive property of Licensee, and New Operator shall have no right or interest therein or thereto, and to the extent that Licensee does not receive a return of any such deposit on the Operations Transfer Date and such security deposit has been assumed by New Operator, New Operator shall reimburse the Licensee on the Operations Transfer Date the full amount of any such security deposit assumed by New Operator.

11.2 All such prorations shall be made on the basis of actual days elapsed in the relevant accounting or revenue period and shall be based on the most recent information available to Licensee. Utility charges which are not metered and read on the Operations Transfer Date shall be estimated based on prior charges and shall be re-prorated upon receipt of statements therefor as of the Operations Transfer Date. New Operator shall obtain its own insurance coverage covering all periods commencing on and after the Operations Transfer Date and for the duration of the Management Period and shall name Licensee as an “Additional Insured” to said insurance coverage policies.

11.3 All amounts which are subject to proration under the terms of this Agreement and which require adjustment after the Operations Transfer Date shall be settled within ten (10) days after the Operations Transfer Date or, in the event the information necessary for such adjustment is not available within said ten (10) day period, then within seven (7) business days of receipt of information by either party necessary to settle the amounts subject to proration.

11.4 On the Operations Transfer Date, Licensee may remove from the Facility any petty cash and any other funds maintained at or for the Facility immediately prior to the Operations Transfer Date, other than resident trust funds, which shall be handled in the manner set forth in Section 8.

11.5 In addition to any costs for which New Operator is responsible under Section 5 hereof, New Operator shall be solely responsible for all costs, fees and expenses incurred by it in connection with the transfer of operations of the Facility as contemplated hereunder, including but not limited to the cost of any training of the Facility’s employees which it may elect to undertake with the approval of Licensee, which approval shall not be unreasonably withheld, conditioned or delayed, provided such training is conducted in a manner which does not disrupt the operation of the Facility prior to the Operations Transfer Date, and the cost of any due diligence that it undertakes in furtherance of such transfer of operations, including but not limited to, the costs of any examination or copying by New Operator or its agents of any books, records, patient files or other operational or fiscal information and data of any kind of Licensee or the Facility. In furtherance and not in limitation of the foregoing, in the event that in the process of any such employee training and/or due diligence examinations Licensee shall incur any out of pocket costs or expenses related to the use of its employees, equipment and/or the provision of any such information, New Operator shall, within seven (7)

days after a written demand therefor accompanied by reasonably detailed supporting documentation, reimburse Licensee for all of such out of pocket costs and expenses.

## **12. Access to Records.**

12.1 On the Operations Transfer Date, Licensee shall deliver to new operator all records necessary to the efficient, continued operation of the facility, subject to the provisions below.

12.2 New Operator acknowledges that Licensee shall retain and may remove from the Facility originals of all employee records, all of which shall be and remain the property of Licensee. For the avoidance of doubt, Licensee shall not be required to deliver to New Operator background checks, drug test results, performance reviews, internal notes or any other employee records of Licensee.

12.3 Nothing herein shall be construed as precluding Licensee from removing the following records from the Facility, which New Operator may make copies at its sole expense to the extent necessary to facilitate the provisions of this agreement: (a) the originals of the financial records which relate to its operations at the Facility, including all accounts payable and accounts receivable records (provided that Licensee shall make at its expense and leave at the Facility such financial records as may be necessary to enable New Operator to comply with its obligations under this Agreement, and to ensure compliance by Licensee with its obligations, (b) the originals of all performance improvement data for the preceding twelve (12) months, (c) originals of patient records for all former patients no longer residing at the Facility, (d) copies of records for all current patients residing at the Facility, and (e) legacy records stored either on-site or off-site.

12.4 Notwithstanding anything to the contrary in this Agreement, Licensee and New Operator agree that all information, records and data collected or maintained regarding Facility residents shall be confidential. Licensee, New Operator, and their respective employees and agents shall maintain the confidentiality of all Facility resident information received in accordance with applicable California and federal laws, including HIPAA, the health insurance portability and accountability act of 1996 (public law 104-91) (“HIPAA”) the health information technology for economic and clinical health act public law 111-005 (“HITECH”) and the regulations issued in connection therewith. No employee or agent of Licensee or New Operator shall discuss, transmit or narrate in any manner any Facility resident information of a personal, medical, or other nature except as a necessary part of providing services to the resident, effectuating a transfer of the Facility operations, or otherwise fulfilling its obligations under this Agreement or under law. The obligations under this Section 12 shall survive the termination of this Agreement, whether by rescission or otherwise as amended and the regulations issued in connection therewith.

12.5 From and after the Operations Transfer Date, New Operator shall allow Licensee and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to and including the Operations Transfer Date, to the extent reasonably necessary to enable Licensee to among other things

investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for Licensee to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due Licensee and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to and including the Operations Transfer Date.

12.6 From and after the Operations Transfer Date, Licensee shall allow New Operator and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to the Operations Transfer Date, to the extent reasonably necessary to enable New Operator to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for New Operator to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due New Operator and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to the Operations Transfer Date.

12.7 Licensee shall have the right, at Licensee's sole cost and expense, five (5) days after the delivery of a reasonable request therefore to New Operator to enter the Facility and remove originals or copies of any such records delivered to New Operator; *provided, however*, that if directed by Licensee in its request to New Operator, New Operator shall within such five (5) day period, forward such records to Licensee, at Licensee's sole cost and expense, to the address designated by Licensee; and provided, further, that if, for purposes of litigation involving a patient or employee to whom such record relates, an officer of or counsel for Licensee certifies that an original of such record must be produced in order to comply with applicable law or the order of a court of competent jurisdiction in connection with such litigation then the records so delivered or removed shall be an original. Licensee's request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from retaining copies of any such documents. Nothing hereinabove shall limit, reduce or restrict the Licensee's access to the Facility, during the Term of the Management Period in connection with any of the Licensee's rights, duties or obligations under this Agreement or that are required statutorily as the Licensee of the Facility.

12.8 New Operator agrees to maintain such books, records and other materials comprising records of the Facility's operations, including, but not limited to, patient records and records of patient funds, to the extent required by law, which relate to the period preceding the Operations Transfer Date and which have been delivered to New Operator by Licensee in conjunction herewith. If upon the expiration of any legislatively mandated retention period for such books and records, New Operator decides to dispose of or destroy such books and records, New Operator shall provide Licensee thirty (30) days advance notice of such decision, and New Operator shall, upon receipt of a written request from Licensee, allow Licensee a reasonable opportunity to remove such books and records, at Licensee's sole cost and expense, from the Facility.

12.9 New Operator acknowledges and agrees that the books, records and other material described in this Section 12 are unique, that in the event of a breach by New Operator of its obligations under this Section 12, Licensee would suffer injury for which it would not be fully compensated with monetary damages and accordingly that in the event of a breach by New Operator of its obligations under this Section 12, in addition to all other remedies, Licensee shall be entitled to seek to enjoin a breach by New Operator of its obligations under this Section 12 and/or to specifically enforce the obligations of New Operator hereunder.

**13. Operating Contracts.** Any contracts entered into by Licensee prior to the Operations Transfer Date involving the operations of the Facility and/or reimbursements for such operations, including, but not limited to Medicare, Medi-Cal and managed care contracts (to the extent lawfully assignable) are referred to herein as “Operating Contracts.” On the Operations Transfer Date, Licensee shall assign to New Operator, such Operating Contracts that New Operator, in its sole and absolute discretion, elects to assume as set forth on Schedule 1 hereto (collectively, the “Assigned Contracts”), and New Operator agrees to assume the same, provided however, New Operator shall not assume any obligations or liabilities arising thereunder prior to the Operations Transfer Date. Notwithstanding anything to the contrary in the foregoing, Licensee shall not voluntarily terminate any managed care contracts for the Facility without the prior written consent of New Operator and New Operator shall provide Licensee advance notice should it: a) elect to terminate or not renew any such contract; or b) become aware any such contract is involuntarily terminated. For the avoidance of doubt during the Billing Period, New Operator shall have the right to bill for services under any third-party payor contract, whether or not such Operating Contract is an Assigned Contract, but Licensee shall not bear any responsibility for payment to New Operator for any such billing.

**14. Proprietary information and materials.** New Operator acknowledges and agrees that any and all proprietary and confidential materials and information located at and used in connection with the operation of the Facility, which are not being transferred to New Operator pursuant to this Agreement, shall be and remain the property of Licensee, and accordingly, that Licensee may remove all of such materials and information from the Facility on or immediately before the Operations Transfer Date.

#### INTERIM SUBLEASE AGREEMENT

This INTERIM SUBLEASE AGREEMENT (this “Sublease”) is made and entered into as of \_\_\_\_\_, 2023 (the “Effective Date”) by and between [\_\_\_\_\_] LLC, a California limited liability company (“New Operator”), and [\_\_\_\_\_] a [\_\_\_\_\_] limited liability company (“Licensee”).

New Operator is the tenant of the [\_\_\_\_]-bed skilled nursing facility known as \_\_\_\_\_, located at [\_\_\_\_\_]. New Operator is leasing the Facility from Purchaser under the New Lease (as each such terms are defined in the Management Agreement (as defined below)). As used herein, the term the “Facility” refers to the real property described above, all improvements located on that real property, and the fixtures, furnishings, equipment and other personal property used in the management and operation thereof.

New Operator has applied for a license to operate the Facility as a skilled nursing facility (the “License”) from the California Department of Public Health (“CDPH”). Until the License is issued to New Operator by CDPH, New Operator desires for Licensee to remain in legal possession of the Facility so that Licensee's license to operate the Facility will remain in effect.

Concurrently with the execution of this Sublease, New Operator and Licensee have entered into a Management and Operations Transfer Agreement (the “Management Agreement”), pursuant to which New Operator shall manage the Facility under Licensee's existing license during the term of the Management Agreement, as set forth therein.

New Operator desires to sublease the Facility to Licensee and Licensee desires to sublease the Facility from New Operator on the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the covenants and conditions contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. **DESCRIPTION OF THE PREMISES:**

New Operator hereby subleases to Licensee and Licensee subleases from New Operator the Facility. The Facility shall be hereinafter referred to as the “Leased Premises.”

2. **TERM; TERMINATION:**

2.1 Term. The term of this Sublease shall commence on the Operations Transfer Date (as defined in the Management Agreement), and shall continue in effect until the Transition Date, as defined in Section 1.4 of the Management Agreement.

3. **PAYMENTS BY LICENSEE:**

Commencing on the Effective Date, Licensee shall pay to New Operator as rent for the Leased Premises the sum of Twelve Dollars (\$12.00) per year, payable in advance.

4. **PAYMENTS BY NEW OPERATOR:**

4.1 Utilities. New Operator shall pay all water, gas, heat, light, power, telephone service and all other utility services supplied to the Leased Premises during the term hereof.

4.2 Taxes. New Operator shall pay all real and personal property taxes, assessments and levies of any kind or nature whatsoever taxed, assessed, levied or imposed upon or against the Leased Premises during the term hereof.

4.3 Insurance. New Operator shall pay all insurance premiums for all insurance coverage required of the New Operator as lessee under the New Lease (as defined in the Management Agreement). New Operator covenants and agrees that all of the property constituting the Leased Premises is covered as of the date hereof and will be covered at all times by general liability, fire, theft and property damage insurance. All such insurance shall name New Operator and Licensee as insureds as their respective interests may appear.

4.4 Repairs and Maintenance; Alterations. New Operator shall pay all costs of repairing and maintaining the Leased Premises and every part thereof in good and sanitary order, condition and repair during the term hereof, reasonable wear and tear excepted. Licensee shall not make any alterations or changes to the Leased Premises without the prior written approval of New Operator in its sole discretion.

5. **USE.**

Licensee shall use the Leased Premises for the operation of a skilled nursing facility. New Operator agrees to apply for and devote its best efforts toward obtaining a new skilled nursing facility license.

6. **COUNTERPARTS.**

This Sublease may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

EVIDENCING their agreement on the above terms and conditions, New Operator and Licensee have executed this Sublease as of the date first written above.

1.13 **Unsecured PHI** shall have the meaning given to such term under the HITECH Act and any guidance issued pursuant to such Act including, but not limited to, 42 U.S.C. Section 17932(h).

## 2. OBLIGATIONS OF BUSINESS ASSOCIATE

2.1 Permitted Uses. BA shall not use or disclose Protected Information except for the purpose of performing BA's obligations under the Agreement and as permitted under the Agreement and this Addendum. Further, BA shall not use or disclose Protected Information in any manner that would constitute a violation of the Privacy Rule or the HITECH Act if so used by CE. However, BA may use or disclose Protected Information (a) for the proper management and administration of BA, (b) to carry out the legal responsibilities of BA, or (c) for Data Aggregation purposes for the Health Care Operations of CE [45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(i)].

2.2 Permitted Disclosures. If BA discloses Protected Information to a third party solely for the purpose described in clause (a) or (b) of Section 2.1, BA must obtain, prior to making any such disclosure, (a) reasonable *written* assurances from such third party that such Protected Information will be held confidential as provided pursuant to this Addendum and only disclosed as required by law or for the purposes for which it was disclosed to such third party, and (b) a *written* agreement from such third party to immediately notify BA of any breaches of confidentiality of the Protected Information, to the extent it has obtained knowledge of such breach [42 U.S.C. Section 17932; 45 C.F.R. Sections 164.504(e)(2)(i), 164.504(e)(2)(i)(B), 164.504(e)(2)(ii)(A) and 164.504(e)(4)(ii)].

2.3 Notice of Request for PHI. BA agrees to notify CE within two (2) business days of receipt of any request, subpoena or other legal process to obtain PHI or an accounting of PHI. CE in its discretion shall determine whether BA may disclose PHI pursuant to such request, subpoena, or other legal process. BA agrees to cooperate fully with CE in any legal challenge initiated by CE in response to such request, subpoena, or other legal process. The provisions of this section shall survive the termination of this Addendum.

2.4 Prohibited Uses and Disclosures. BA shall not use or disclose Protected Information for fundraising or marketing purposes. BA shall not disclose Protected Information to a health plan for payment or health care operations purposes if the patient has requested this special restriction and has paid out of pocket in full for the health care item or service to which the PHI solely relates 42 U.S.C. Section 17935(a). BA shall not directly or indirectly receive remuneration in exchange for Protected Information, except with the prior written consent of CE and as permitted by the HITECH Act, 42 U.S.C. Section 17935(d)(2); however, this prohibition shall not affect payment by CE to BA for services provided pursuant to the Agreement.

2.5 Appropriate Safeguards. BA shall implement appropriate safeguards as are necessary to prevent the use or disclosure of Protected Information otherwise than as permitted by the Agreement or this Addendum, including, but not limited to, administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Protected Information, in accordance with 45 C.F.R. Section 164.308(b). BA shall comply with the policies and procedures and documentation requirements of the HIPAA Security Rule, including, but not limited to, 45 C.F.R. Section 164.316 [42 U.S.C. Section 17931]

2.6 Reporting of Improper Access, Use or Disclosure. BA shall report to CE in writing of any access, use or disclosure of Protected Information not permitted by the Agreement

and Addendum, and any Breach of Unsecured PHI of which it becomes aware without unreasonable delay and in no case later than 10 calendar days after discovery [42 U.S.C. Section 17921; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)].

2.7 Business Associate's Agents. BA shall ensure that any agents, including subcontractors, to whom it provides Protected Information, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI. If BA creates, maintains, receives or transmits electronic PHI on behalf of CE, then BA shall implement the safeguards required by paragraph c above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2)(ii)(D); 45 C.F.R. Section 164.308(b)]. BA shall implement and maintain sanctions against agents and subcontractors that violate such restrictions and conditions and shall promptly mitigate the effects of any such violation (see 45 C.F.R. Sections 164.530(f) and 164.530(e)(1)).

2.8 Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).

2.9 Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

2.10 Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of

purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other

arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to

extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### **4. MISCELLANEOUS**

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or Addendum providing assurances regarding the safeguarding of PHI that CE, in its reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

**NOW, THEREFORE**, in consideration of the foregoing premises and the mutual covenants of the parties set forth herein, it is hereby agreed as follows:

**1. Closing.**

1.1 Operations Transfer Date. The transactions contemplated under this Agreement shall be effectuated on the Operations Transfer Date, which shall be the Closing Date as defined in the Purchase Agreement, subject to the satisfaction or waiver of the Conditions Precedent set forth in Section 1.3 below.

1.2 Deliverables.

1.2.1. On the Operations Transfer Date, the Parties shall execute and deliver to each other an original duly executed counterpart of the following documents: (a) the Interim Sublease in the form attached hereto as "Exhibit A"; (b) an Assignment and Assumption of Admission Agreements in the form attached hereto as "Exhibit B," (the "Assignment of Admission Agreements"); and (c) a Business Associate Addendum in the form attached hereto as "Exhibit C" (the "BAA"). Additionally, on the Operations Transfer Date, the Parties shall execute and deliver to each other, duly executed counterparts of the following documents required to be delivered under the Purchase Agreement: (y) the New Operator Bill of Sale in the form attached as Exhibit D to the Purchase Agreement; and (z) the Assignment and Assumption of Assigned Contracts in the form attached as Exhibit E to the Purchase Agreement (the "Assignment of Agreements"). This Agreement, the Interim Sublease, the Assignment of Agreements the BAA, the New Operator Bill of Sale and the Assignment of Admission Agreements are referred to collectively as the "Closing Documents."

1.2.2. The assets being conveyed by Licensee to New Operator pursuant to the New Operator Bill of Sale, the Assignment of Admission Agreements and the Assignment of Agreements are collectively referred to herein as the "Operational Assets."

1.3 Conditions Precedent. For purposes of this Agreement, the "Conditions Precedent" to the transfer of operations shall be: (a) the concurrent closing of the transactions contemplated by the Purchase Agreement; (b) the execution and delivery by the Parties of each of the Closing Documents; (c) the concurrent termination of the lease between the Licensee and the Seller, and the execution of the New Lease between the Purchaser and the New Operator; and (d) the satisfaction or waiver of any conditions precedent in any ancillary transaction documents.

1.4 Transition Date. For purposes this Agreement, the "Transition Date" shall be the date upon which the California Department of Public Health ("CDPH") issues the new Permits (as defined hereafter) to New Operator for the Facility.

**2. Management of the Facility.**

2.1 Commencing on the Operations Transfer Date and ending on the first to occur of (i) the Transition Date, or (ii) the execution of a Replacement MOTA (as defined below) (the "Management Period"), Licensee hereby appoints New Operator as its sole and exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator's assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier ("NPI") and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the "Provider Numbers"). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the "Billing Period" shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which the Centers for Medicare and Medicaid Services ("CMS") issues a tie-in notice for the purpose of tying the Licensee's Medicare provider number to the New Operator's NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the "Tie-In").

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will have the right, as a matter of law or contract, to bill the third party payors under Licensee's third party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. "Payor Contracts" shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee's affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

2.3.1 preparation and maintenance of business records and financial and other reports;

2.3.2 establishment and administration of accounting procedures and controls;

2.3.3 financial and business planning;

2.3.4 processing and payment of accounts payable;

2.3.5 billing, processing and collection of accounts receivable, including the billing and completion of any reports and forms that may be required by insurance companies, governmental agencies, or other third-party payors; and

2.3.6 providing and processing of all employee record keeping, payroll accounting (including social security and other payroll tax reporting), and benefits for all employees of the Facility.

2.4 New Operator shall arrange for the maintenance, repair, trash removal, and janitorial services which may be necessary to maintain the Facility and equipment in a clean and safe condition, in compliance with applicable law, and in good repair in accordance with standards established by the New Lease.

2.5 New Operator shall arrange for the utilities reasonably required for operation of the Facility, including, but not limited to, telephone, Wi-Fi, cable or satellite TV, electricity, gas, water and refuse disposal, and shall secure these utilities in its own name on the Operations Transfer Date.

2.6 New Operator shall arrange under its own name for the provision and replenishment, as New Operator deems necessary and as necessary to meet any minimum requirements established under applicable law, of all supplies and inventory used in the Facility. Licensee's only obligation with respect thereto shall be to ensure that the levels of supplies and inventory at the Facility, including, without limitation, perishable food, non-perishable food, central supplies, linen, housekeeping and other supplies, on the Operations Transfer Date is in condition, quantity and quality sufficient to meet the regular operating needs of the Facility, with quantities in the minimum amounts required by applicable laws and in accordance with Licensee's past business practices and policies at the Facility.

2.7 New Operator shall hire employees of the Facility as employees-at-will in accordance with the terms and provisions of Section 10 of this Agreement. New Operator shall be responsible for all aspects of administration of its employees, including hiring, training, supervision, and termination. Except as otherwise determined by New Operator and Licensee (i.e., general supervision from New Operator's employees who are not permanently assigned to the Facility), all employees so hired shall be employed by New Operator. During the Management Period, New Operator shall maintain worker's compensation insurance for all its employees as required by law and employer's liability insurance reasonably acceptable to Licensee. Hiring, promotion, discipline and termination and other employment decisions with respect to its employees shall be made by New Operator in a manner consistent with applicable law and policies at the Facility.

2.8 New Operator, on behalf of the Facility, shall arrange for maintenance of the payroll records of all its employees, for the issuance of paychecks to its employees, and for the payment and withholding from such paychecks of appropriate amounts for income tax, social security, unemployment insurance, and for all employee benefits, including vacation, holidays, sick leave, and in accordance with New Operator's policies, subject to the terms and provisions of Section 10.3.

2.9 New Operator shall have the right, in its sole discretion, to revise the fee schedules for the services rendered by the Facility, provided that such changes are in compliance with the law and that New Operator shall consult with Licensee before doing so.

2.10 In conformity with applicable law, Licensee and New Operator shall not discriminate against Medicare or Medi-Cal patients who request services at the Facility, or any other person with whom it interacts in relation to the Facility.

2.11 New Operator shall comply with any and all codes, ordinances, rules, regulations, and requirements of all federal, state, and municipal authorities now in force, or which may hereafter be in force, pertaining to the Facility and its operations.

2.12 New Operator shall procure and maintain during the Management Period the insurance required under the terms of the New Lease, with the Licensee named as an additional named insured on all such insurance policies. New Operator shall keep all insurance coverage in effect and, without demand, provide to Licensee updated certificates at each renewal for the applicable statute of limitations period in which any claims may be brought against Licensee or Licensee's shareholders, members, affiliates, directors, officers, representatives or advisers.

2.13 Funds received by New Operator which relate to the Quality and Accountability Supplemental Payment ("QASP") owed to Licensee for dates prior to the Operations Transfer Date shall belong to the Licensee and shall be remitted by New Operator to the Licensee promptly within ten (10) days' receipt of such QASP from the applicable regulatory agency. 6.6.1. If pursuant to the terms of Section 6.6 above, New Operator is required to transition the operations of the Facility to an Approved Replacement Operator, New Operator agrees that it shall continue to perform all such agreements, covenants and obligations of New Operator under this Agreement, until Purchaser has identified an Approved Replacement Operator and until the date New Operator transfers and relinquishes the Facility and all Operational Assets to the Approved Replacement Operator.

8.2 On or before the Transition Date, Licensee shall prepare a final reconciliation comparing the actual Resident Trust Fund balance on the Transition Date to the amount of the Resident Funds transferred to New Operator on the Transition Date, and, to the extent the former exceeds the latter, Licensee shall remit such excess to New Operator or to the extent the latter exceeds the former, New Operator shall remit such excess to Licensee.

8.3 New Operator shall have no responsibility as to the applicable resident/responsible party and regulatory authorities for any shortfall in the event the Resident Funds delivered by Licensee to New Operator pursuant to Section 8.2 are demonstrated to be less than the full amount of the Resident Funds for such resident as of the Transition Date or for claims which arise from actions or omissions of Licensee with respect to the Resident Funds prior to the Transition Date but all of the foregoing shall be and remain the responsibility of Licensee and Licensee shall indemnify, defend, protect and hold New Operator harmless from the same.

10.1 Licensee shall terminate all of the Facility employees effective as of 11:59 p.m. on the day immediately prior to the Operations Transfer Date. Licensee shall pay directly to such employees any unpaid wages, all earned and accrued employee wages and benefits (including, without limitation, vacation, sick pay, holiday pay and paid time off). New Operator acknowledges that Licensee has provided New Operator with a list of all Facility employees and Licensee shall permit New Operator, in cooperation and coordination with Licensee, to meet with all employees of the Facility prior to the Operations Transfer Date and to advise them of New Operator's plans with respect to the hiring of the employees of the Facility and the continuation of benefits which will be offered to the employees of the Facility after the Operations Transfer Date.

10.2 New Operator hereby covenants and agrees (a) it shall offer to hire on the Operations Transfer Date and retain for a period of at least sixty (60) days after the Operations Transfer Date all of the employees at the Facility (specifically excluding the administrator and the director of nursing) and all shall be Hired Employees under this Agreement, (b) it shall not terminate the employment of any of the Hired Employees during such sixty (60) day period, except for cause, and (c) during such sixty (60) day period, it will not reduce the wages and/or benefits of any of the Hired Employees nor alter the terms and conditions of employment, economic or otherwise, of such Hired Employees. Each Employment Offer must be in each employee's primary language or another language in which such employee is literate and must state the time within which the employee may accept the offer, which time period may not be less than ten (10) days.

10.3 It is the understanding and belief of Licensee and New Operator that Licensee currently employs approximately \_\_\_\_ employees at the Facility, but that Licensee is not required to give notice to the employees of the Facility of the "closure" thereof under the Worker Adjustment and Retraining Notification Act (the "WARN Act") or under any comparable State law, because of the assurances provided by New Operator in Section 10.2. New Operator has advised the Licensee that it does not want Licensee to deliver any such notices to the employees, and in reliance on New Operator's assurance, Licensee has agreed that a closure notice will not be provided to the employees of the Facility as of the Operations Transfer Date.

10.4 The employees who accept offers of employment from the New Operator as of the Operations Transfer Date shall be referred to as the "Hired Employees." Licensee, or any of its affiliates, shall have the right to retain or offer to employ any employee who is not a Hired Employee, including without limitation any employee who declines to accept employment with New Operator. Additionally, for a period of ninety (90) days after the Operations Transfer Date, Licensee agrees that it shall not, and shall not permit its affiliates to, actively solicit or recruit for employment, any such Hired Employees, provided however, New Operator expressly acknowledges that from and after the Operations Transfer Date, Licensee's affiliates may publish job postings in any general or internet publications for other healthcare facilities owned, managed or operated by Licensee's affiliates, and New Operator shall have no recourse against

Licensee if any such Hired Employee applies for and accepts employment in connection with such job postings published by Licensee's affiliates.

10.5 Licensee acknowledges and agrees that New Operator is not assuming any of Licensee's obligations to its employees under Section 601, et seq. of ERISA and Section 4980B of the Internal Revenue Code ("COBRA") or otherwise. Notwithstanding the foregoing, New Operator will offer to the Hired Employees the right to participate in New Operator's health insurance program as of the Operations Transfer Date.

10.6 New Operator hereby agrees to indemnify, protect, defend and hold harmless Licensee from any loss, cost or expense Licensee actually incurs as a result of a failure to give any required notice under the WARN Act or any comparable state law.

10.7 Notwithstanding the foregoing, each of New Operator and Licensee acknowledge and agree that from and after the Operations Transfer Date, Licensee is terminating employment of all employees at the Facility and all such Hired Employees shall be directly employed by New Operator. New Operator shall solely be responsible to exercise control over the wages, hour or working conditions of such Hired Employees and to pay compensation and other benefits to the Hired Employees from and after the Operations Transfer Date, and nothing in this agreement is intended to, nor does it create, a dual employment or joint employment arrangement as between Licensee and New Operator.

## **11. Costs And Prorations.**

11.1 As between New Operator and Licensee, Facility revenues (including, without limitation, any amount paid to Licensee prior to the Operations Transfer Date for services to be rendered on and after the Operations Transfer Date from social security payments, private pay patients' security deposits and prepayments, applied income payments, resident trust prepayments, etc.), Facility operating expenses, bed taxes, utility charges for the billing period in which the Operations Transfer Date occurs, real and personal property taxes (except as otherwise provided herein) and prepaid expenses, the premiums for any flood insurance coverage which may be in effect with respect to the Facility and provide coverage for the benefit of New Operator with respect to a period which extends beyond the Operations Transfer Date and other related items of revenue or expense attributable to the Facility (excluding, however, prepaid license fees) shall be prorated between Licensee and New Operator as of the Operations Transfer Date. In general, such prorations shall be made so that as between New Operator and Licensee, Licensee shall be reimbursed for prepaid expense items to the extent that the same are applied to expenses attributable to periods on and after the Operations Transfer Date and Licensee shall be charged for unpaid expenses to the extent that the same are attributable to periods prior to the Operations Transfer Date. This provision shall be implemented by New Operator remitting to Licensee any invoices (or the applicable portion thereof in the case of invoices which cover periods both prior to and after the Operations Transfer Date) which describe goods or services provided to the Facility before the Operations Transfer Date and by New Operator assuming responsibility for the payment of any invoices (or portions thereof) which describe goods or services provided to the Facility on and after the Operations Transfer Date; provided, however, that notwithstanding any provision of this Agreement to the contrary, any and all deposits paid by Licensee with respect to the Facility, including without limitation, any and all lease, security

and/or utility deposits paid to, and/or cash or other collateral held by, any landlord, utility, insurance company or surety shall remain the sole and exclusive property of Licensee, and New Operator shall have no right or interest therein or thereto, and to the extent that Licensee does not receive a return of any such deposit on the Operations Transfer Date and such security deposit has been assumed by New Operator, New Operator shall reimburse the Licensee on the Operations Transfer Date the full amount of any such security deposit assumed by New Operator.

11.2 All such prorations shall be made on the basis of actual days elapsed in the relevant accounting or revenue period and shall be based on the most recent information available to Licensee. Utility charges which are not metered and read on the Operations Transfer Date shall be estimated based on prior charges and shall be re-prorated upon receipt of statements therefor as of the Operations Transfer Date. New Operator shall obtain its own insurance coverage covering all periods commencing on and after the Operations Transfer Date and for the duration of the Management Period and shall name Licensee as an “Additional Insured” to said insurance coverage policies.

11.3 All amounts which are subject to proration under the terms of this Agreement and which require adjustment after the Operations Transfer Date shall be settled within ten (10) days after the Operations Transfer Date or, in the event the information necessary for such adjustment is not available within said ten (10) day period, then within seven (7) business days of receipt of information by either party necessary to settle the amounts subject to proration.

11.4 On the Operations Transfer Date, Licensee may remove from the Facility any petty cash and any other funds maintained at or for the Facility immediately prior to the Operations Transfer Date, other than resident trust funds, which shall be handled in the manner set forth in Section 8.

11.5 In addition to any costs for which New Operator is responsible under Section 5 hereof, New Operator shall be solely responsible for all costs, fees and expenses incurred by it in connection with the transfer of operations of the Facility as contemplated hereunder, including but not limited to the cost of any training of the Facility’s employees which it may elect to undertake with the approval of Licensee, which approval shall not be unreasonably withheld, conditioned or delayed, provided such training is conducted in a manner which does not disrupt the operation of the Facility prior to the Operations Transfer Date, and the cost of any due diligence that it undertakes in furtherance of such transfer of operations, including but not limited to, the costs of any examination or copying by New Operator or its agents of any books, records, patient files or other operational or fiscal information and data of any kind of Licensee or the Facility. In furtherance and not in limitation of the foregoing, in the event that in the process of any such employee training and/or due diligence examinations Licensee shall incur any out of pocket costs or expenses related to the use of its employees, equipment and/or the provision of any such information, New Operator shall, within seven (7) days after a written demand therefor accompanied by reasonably detailed supporting documentation, reimburse Licensee for all of such out of pocket costs and expenses.

## **12. Access to Records.**

12.1 On the Operations Transfer Date, Licensee shall deliver to new operator all records necessary to the efficient, continued operation of the facility, subject to the provisions below.

12.2 New Operator acknowledges that Licensee shall retain and may remove from the Facility originals of all employee records, all of which shall be and remain the property of Licensee. For the avoidance of doubt, Licensee shall not be required to deliver to New Operator background checks, drug test results, performance reviews, internal notes or any other employee records of Licensee.

12.3 Nothing herein shall be construed as precluding Licensee from removing the following records from the Facility, which New Operator may make copies at its sole expense to the extent necessary to facilitate the provisions of this agreement: (a) the originals of the financial records which relate to its operations at the Facility, including all accounts payable and accounts receivable records (provided that Licensee shall make at its expense and leave at the Facility such financial records as may be necessary to enable New Operator to comply with its obligations under this Agreement, and to ensure compliance by Licensee with its obligations, (b) the originals of all performance improvement data for the preceding twelve (12) months, (c) originals of patient records for all former patients no longer residing at the Facility, (d) copies of records for all current patients residing at the Facility, and (e) legacy records stored either on-site or off-site.

12.4 Notwithstanding anything to the contrary in this Agreement, Licensee and New Operator agree that all information, records and data collected or maintained regarding Facility residents shall be confidential. Licensee, New Operator, and their respective employees and agents shall maintain the confidentiality of all Facility resident information received in accordance with applicable California and federal laws, including HIPAA, the health insurance portability and accountability act of 1996 (public law 104-91) (“HIPAA”) the health information technology for economic and clinical health act public law 111-005 (“HITECH”) and the regulations issued in connection therewith. No employee or agent of Licensee or New Operator shall discuss, transmit or narrate in any manner any Facility resident information of a personal, medical, or other nature except as a necessary part of providing services to the resident, effectuating a transfer of the Facility operations, or otherwise fulfilling its obligations under this Agreement or under law. The obligations under this Section 12 shall survive the termination of this Agreement, whether by rescission or otherwise as amended and the regulations issued in connection therewith.

12.5 From and after the Operations Transfer Date, New Operator shall allow Licensee and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to and including the Operations Transfer Date, to the extent reasonably necessary to enable Licensee to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for Licensee to seek reimbursement for services rendered prior to the Operations Transfer Date, to

verify accounts receivable collections due Licensee and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to and including the Operations Transfer Date.

12.6 From and after the Operations Transfer Date, Licensee shall allow New Operator and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to the Operations Transfer Date, to the extent reasonably necessary to enable New Operator to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for New Operator to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due New Operator and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to the Operations Transfer Date.

12.7 Licensee shall have the right, at Licensee's sole cost and expense, five (5) days after the delivery of a reasonable request therefore to New Operator to enter the Facility and remove originals or copies of any such records delivered to New Operator; *provided, however,* that if directed by Licensee in its request to New Operator, New Operator shall within such five (5) day period, forward such records to Licensee, at Licensee's sole cost and expense, to the address designated by Licensee; and provided, further, that if, for purposes of litigation involving a patient or employee to whom such record relates, an officer of or counsel for Licensee certifies that an original of such record must be produced in order to comply with applicable law or the order of a court of competent jurisdiction in connection with such litigation then the records so delivered or removed shall be an original. Licensee's request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from retaining copies of any such documents. Nothing hereinabove shall limit, reduce or restrict the Licensee's access to the Facility, during the Term of the Management Period in connection with any of the Licensee's rights, duties or obligations under this Agreement or that are required statutorily as the Licensee of the Facility.

12.8 New Operator agrees to maintain such books, records and other materials comprising records of the Facility's operations, including, but not limited to, patient records and records of patient funds, to the extent required by law, which relate to the period preceding the Operations Transfer Date and which have been delivered to New Operator by Licensee in conjunction herewith. If upon the expiration of any legislatively mandated retention period for such books and records, New Operator decides to dispose of or destroy such books and records, New Operator shall provide Licensee thirty (30) days advance notice of such decision, and New Operator shall, upon receipt of a written request from Licensee, allow Licensee a reasonable opportunity to remove such books and records, at Licensee's sole cost and expense, from the Facility.

12.9 New Operator acknowledges and agrees that the books, records and other material described in this Section 12 are unique, that in the event of a breach by New Operator of its obligations under this Section 12, Licensee would suffer injury for which it would not be fully

compensated with monetary damages and accordingly that in the event of a breach by New Operator of its obligations under this Section 12, in addition to all other remedies, Licensee shall be entitled to seek to enjoin a breach by New Operator of its obligations under this Section 12 and/or to specifically enforce the obligations of New Operator hereunder.

**13. Operating Contracts.** Any contracts entered into by Licensee prior to the Operations Transfer Date involving the operations of the Facility and/or reimbursements for such operations, including, but not limited to Medicare, Medi-Cal and managed care contracts (to the extent lawfully assignable) are referred to herein as “Operating Contracts.” On the Operations Transfer Date, Licensee shall assign to New Operator, such Operating Contracts that New Operator, in its sole and absolute discretion, elects to assume as set forth on Schedule 1 hereto (collectively, the “Assigned Contracts”), and New Operator agrees to assume the same, provided however, New Operator shall not assume any obligations or liabilities arising thereunder prior to the Operations Transfer Date. Notwithstanding anything to the contrary in the foregoing, Licensee shall not voluntarily terminate any managed care contracts for the Facility without the prior written consent of New Operator and New Operator shall provide Licensee advance notice should it: a) elect to terminate or not renew any such contract; or b) become aware any such contract is involuntarily terminated. As used herein, the term the “Facility” refers to the real property described above, all improvements located on that real property, and the fixtures, furnishings, equipment and other personal property used in the management and operation thereof.

New Operator has applied for a license to operate the Facility as a skilled nursing facility (the “License”) from the California Department of Public Health (“CDPH”). Until the License is issued to New Operator by CDPH, New Operator desires for Licensee to remain in legal possession of the Facility so that Licensee's license to operate the Facility will remain in effect.

Concurrently with the execution of this Sublease, New Operator and Licensee have entered into a Management and Operations Transfer Agreement (the “Management Agreement”), pursuant to which New Operator shall manage the Facility under Licensee's existing license during the term of the Management Agreement, as set forth therein.

New Operator desires to sublease the Facility to Licensee and Licensee desires to sublease the Facility from New Operator on the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the covenants and conditions contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. **DESCRIPTION OF THE PREMISES:**

New Operator hereby subleases to Licensee and Licensee subleases from New Operator the Facility. The Facility shall be hereinafter referred to as the “Leased Premises.”

3. **PAYMENTS BY LICENSEE:**

Commencing on the Effective Date, Licensee shall pay to New Operator as rent for the Leased Premises the sum of Twelve Dollars (\$12.00) per year, payable in advance.

4. **PAYMENTS BY NEW OPERATOR:**

4.1 Utilities. New Operator shall pay all water, gas, heat, light, power, telephone service and all other utility services supplied to the Leased Premises during the term hereof.

4.2 Taxes. New Operator shall pay all real and personal property taxes, assessments and levies of any kind or nature whatsoever taxed, assessed, levied or imposed upon or against the Leased Premises during the term hereof.

4.3 Insurance. New Operator shall pay all insurance premiums for all insurance coverage required of the New Operator as lessee under the New Lease (as defined in the Management Agreement). New Operator covenants and agrees that all of the property constituting the Leased Premises is covered as of the date hereof and will be covered at all times by general liability, fire, theft and property damage insurance. All such insurance shall name New Operator and Licensee as insureds as their respective interests may appear.

4.4 Repairs and Maintenance; Alterations. New Operator shall pay all costs of repairing and maintaining the Leased Premises and every part thereof in good and sanitary order, condition and repair during the term hereof, reasonable wear and tear excepted. Licensee shall not make any alterations or changes to the Leased Premises without the prior written approval of New Operator in its sole discretion.

5. **USE.**

Licensee shall use the Leased Premises for the operation of a skilled nursing facility. New Operator agrees to apply for and devote its best efforts toward obtaining a new skilled nursing facility license.

6. **COUNTERPARTS.**

This Sublease may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

EVIDENCING their agreement on the above terms and conditions, New Operator and Licensee have executed this Sublease as of the date first written above.

Sections 164.530(f) and 164.530(e)(1)).

2.8 Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).

2.9 Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

2.10 Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the

entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide

written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or

subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### **4. MISCELLANEOUS**

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or Addendum providing assurances regarding the safeguarding of PHI that CE, in its

reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

1.4 Transition Date. For purposes this Agreement, the “Transition Date” shall be the ~~effective date upon which the California Department of Public Health (“CDPH”) issues the new~~ Permits (as defined hereafter) skilled nursing facility license issued by CDPH to New Operator for the Facility.

## 2. Management of the Facility.

2.1 Commencing on the Operations Transfer Date and ending on the first to occur of (i) the Transition Date, or (ii) the execution of a Replacement MOTAs (as defined below) (the “Management Period”), Licensee hereby appoints New Operator as its sole and exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator’s assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier (“NPI”) and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the “Provider Numbers”). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the “Billing Period” shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which the Centers for Medicare and Medicaid ~~Services~~ Services (“CMS”) MAC issues a tie-in notice for the purpose of tying the Licensee’s Medicare provider number to the New Operator’s NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the “Tie-In”).

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will

have the right, as a matter of law or contract, to bill the third party payors under Licensee's third party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. "Payor Contracts" shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee's affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

2.4 New Operator shall arrange for the maintenance, repair, trash removal, and janitorial services which may be necessary to maintain the Facility and equipment in a clean and safe condition, in compliance with applicable law, and in good repair in accordance with standards established by the ~~New~~ Lease.

2.5 New Operator shall arrange for the utilities reasonably required for operation of the Facility, including, but not limited to, telephone, Wi-Fi, cable or satellite TV, electricity, gas, water and refuse disposal, and shall secure these utilities in its own name on the Operations Transfer Date.

19387082.2

2.6 New Operator shall arrange under its own name for the provision and replenishment, as New Operator deems necessary and as necessary to meet any minimum requirements established under applicable law, of all supplies and inventory used in the Facility. Licensee's only obligation with respect thereto shall be to ensure that the levels of supplies and inventory at the Facility, including, without limitation, perishable food, non-perishable food, central supplies, linen, housekeeping and other supplies, on the Operations Transfer Date is in condition, quantity and quality sufficient to meet the regular operating needs of the Facility, ~~with quantities in the minimum amounts required by applicable laws and for at least seven (7) days of operating~~ in accordance with ~~Licensee's past business practices and the~~ policies of Licensee at the Facility.

2.7 New Operator shall hire employees of the Facility as employees-at-will in accordance with the terms and provisions of Section 10 of this Agreement. New Operator shall be responsible for all aspects of administration of its employees, including hiring, training, supervision, and termination. Except as otherwise determined by New Operator and Licensee (i.e., general supervision from New Operator's employees who are not permanently assigned to the Facility), all employees so hired shall be employed by New Operator. During the Management Period, New Operator shall maintain worker's compensation insurance for all its employees as required by law and employer's liability insurance reasonably acceptable to Licensee. Hiring, promotion, discipline and termination and other employment decisions with respect to its employees shall be made by New Operator in a manner consistent with applicable law and policies at the Facility.

2.8 New Operator, on behalf of the Facility, shall arrange for maintenance of the payroll records of all its employees, for the issuance of paychecks to its employees, and for the payment and withholding from such paychecks of appropriate amounts for income tax, social security, unemployment insurance, and for all employee benefits, including vacation, holidays, sick leave, and in accordance with New Operator's policies, subject to the terms and provisions of Section 10.3.

2.9 New Operator shall have the right, in its sole discretion, to revise the fee schedules for the services rendered by the Facility, provided that such changes are in compliance with the law and that New Operator shall consult with Licensee before doing so.

2.10 In conformity with applicable law, Licensee and New Operator shall not discriminate against Medicare or Medi-Cal patients who request services at the Facility, or any other person with whom it interacts in relation to the Facility.

2.11 New Operator shall comply with any and all codes, ordinances, rules, regulations, and requirements of all federal, state, and municipal authorities now in force, or which may hereafter be in force, pertaining to the Facility and its operations.

2.12 New Operator shall procure and maintain during the Management Period the insurance required under the terms of the ~~New~~ Lease, with the Licensee named as an additional named insured on all such insurance policies. New Operator shall keep all insurance coverage in effect and, without demand, provide to Licensee updated certificates at each renewal for the

applicable statute of limitations period in which any claims may be brought against Licensee or Licensee's shareholders, members, affiliates, directors, officers, representatives or advisers.

2.13 Funds received by New Operator which relate to the Quality and Accountability Supplemental Payment ("QASP") owed to Licensee for dates prior to the Operations Transfer Date shall belong to the Licensee and shall be remitted by New Operator to the Licensee promptly within ten (10) days' receipt of such QASP from the applicable regulatory agency. The amount of the QASP deemed owed to Licensee shall be calculated as follows: the QASP shall be multiplied by a fraction, the numerator of which shall be the number of days the Licensee operated the Facility in the year for which QASP are being made and the denominator of which shall be the number of days in the year for which QASP are being made. New Operator and Licensee hereby acknowledge that payments made for QASP fees are paid based on the state fiscal year of July 1-June 30 (the "SFY"), and that payments for the prior year are received in approximately April of the calendar year following the SFY. For example, payments made to operators in April 2024 will be for SFY July 1, 2022-June 30, 2024 and payments made to operators in April 2025 will be for SFY July 1, 2023-June 30, 2024.

~~2.13.1. Notwithstanding the foregoing, Licensee and New Operator acknowledge that the California Department of Healthcare Services has implemented the Workforce and Quality Incentive Program ("WQIP") to replace and succeed the QASP program, with awards and payments under the WQIP program to be first made to qualifying facilities in the calendar year 2024 based on metrics for the 2023 calendar year. New Operator and Licensee agree to confer in good faith and reconcile such awards and payments received from the WQIP program, and Licensee and New Operator further agree that all such awards or payments received from the WQIP program shall be allocated amongst New Operator and Licensee as of the Operations Transfer Date, with Licensee to receive such portion of the awards or payments from the WQIP program attributable to periods prior to the Operations Transfer Date, and with New Operator to receive such portion of the awards or payments from the WQIP program attributable to periods on and after the Operations Transfer Date.~~

2.14 New Operator shall be responsible for all Quality Assurance Fees owed by the Facility to the California Department of Health Care Services ("QA Fees") that accrue for periods on and after the Operations Transfer Date. Licensee shall be responsible for all QA Fees that accrue for periods before the Operations Transfer Date, and shall at least five (5) business days prior to the Operations Transfer Date, provide evidence reasonably satisfactory to New Operator that all QA Fees for periods prior to the Operations Transfer Date have been paid in full.

2.15 New Operator shall cooperate with Licensee in the provision and dissemination of any notice required to be provided under Health and Safety Code § 1267.61 ("Transfer Notice Act.")-of the transfer of operations contemplated under this Agreement to all of the residents of the Facility (the "Transfer Notice"). New Operator agrees to provide all information necessary for Licensee to prepare and post such Transfer Notice pursuant to the requirements of the Transfer Notice Act; and the Licensee shall post a copy of the Transfer Notice on all entrance and exit doors of the Facility.

19387082.2

3.1 New Operator shall, on behalf of Licensee, bill patients and payors and use its commercially reasonable efforts to collect all cash revenue resulting from Facility operations during the Billing Period. Licensee and New Operator agree to cooperate with each other to make available such billing and accounting information and to provide such financial records for review as shall be necessary to accomplish the billing and collection of patient charges for services provided by Licensee prior to the Operations Transfer Date and provided for in this Section 3 and to cooperate in the completion of reports and claim forms as necessary to procure payments and reimbursement from governmental agencies, insurance carriers or other third party payors. During the Billing Period, Licensee authorizes New Operator to do the following:

3.1.1. To bill patients in Licensee's name, on Licensee's behalf, and under Licensee's Provider Numbers, specifically including, without limitation, services provided to Medicare and Medi-Cal patients during the Billing Period, and the resulting revenue will be treated as revenue of Licensee (subject to New Operator's right to direct the use of such funds as herein provided and subject to New Operator's right to the Management Fee pursuant to Section 5 hereof).

3.1.2. To collect accounts receivable resulting from such billing in Licensee's name and on Licensee's behalf;

3.1.3. To receive payments from insurance companies, prepayments from health care plans, and payments from all other third-party payors;

3.1.4. To take possession of and endorse in the name of Licensee any notices, checks, money orders, insurance payments, and other instruments received in payment of the accounts receivable resulting from such billing and deposit them directly in New Operator's account; and

3.1.5. To initiate legal proceedings in accordance with policies reasonably approved by Licensee to collect any accounts or monies owed to the Facility or Licensee related to the Facility during the Management Period.

12.5 From and after the Operations Transfer Date, New Operator shall allow Licensee and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to and including the Operations Transfer Date, to the extent reasonably necessary to enable Licensee to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for Licensee to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due Licensee and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to and including the Operations Transfer Date.

12.6 From and after the Operations Transfer Date, Licensee shall allow New Operator and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to the Operations Transfer Date, to the extent reasonably necessary to enable New Operator to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for New Operator to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due New Operator and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to the Operations Transfer Date.

Licensee's request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from retaining copies of any such documents. Sections 164.530(f) and 164.530(e)(1)).

2.8 Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).

2.9 Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

2.10 Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic

19387082.2

health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other

Formatted: Right, Tab stops: 3.25", Centered + 6.5", Right + Not at 3" + 6"

arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### 4. MISCELLANEOUS

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or

Formatted: Right, Tab stops: 3.25", Centered + 6.5", Right + Not at 3" + 6"

Addendum providing assurances regarding the safeguarding of PHI that CE, in its reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

This Agreement, the Interim Sublease, the Assignment of Agreements the BAA, the New Operator Bill of Sale and the Assignment of Admission Agreements are referred to collectively as the "Closing Documents."

1.2.2. The assets being conveyed by Licensee to New Operator pursuant to the New Operator Bill of Sale, the Assignment of Admission Agreements and the Assignment of Agreements are collectively referred to herein as the "Operational Assets."

1.4 Transition Date. For purposes this Agreement, the "Transition Date" shall be the date upon which the California Department of Public Health ("CDPH") issues the new Permits (as defined hereafter) to New Operator for the Facility.

**2. Management of the Facility.**

2.1 Commencing on the Operations Transfer Date and ending on the first to occur of (i) the Transition Date, or (ii) the execution of a Replacement MOTA (as defined below) (the "Management Period"), Licensee hereby appoints New Operator as its sole and exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator's assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier ("NPI") and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the "Provider Numbers"). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the "Billing Period" shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which the Centers for Medicare and Medicaid Services ("CMS") issues a tie-in notice for the purpose of tying the Licensee's Medicare provider number to the New Operator's NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the "Tie-In").

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will have the right, as a matter of law or contract, to bill the third party payors under Licensee's third party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. "Payor Contracts" shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee's affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

2.3.1 preparation and maintenance of business records and financial and other reports;

2.3.2 establishment and administration of accounting procedures and controls;

2.3.3 financial and business planning;

2.3.4 processing and payment of accounts payable;

2.3.5 billing, processing and collection of accounts receivable, including the billing and completion of any reports and forms that may be required by insurance companies, governmental agencies, or other third-party payors; and

2.3.6 providing and processing of all employee record keeping, payroll accounting (including social security and other payroll tax reporting), and benefits for all employees of the Facility.

2.4 New Operator shall arrange for the maintenance, repair, trash removal, and janitorial services which may be necessary to maintain the Facility and equipment in a clean and safe condition, in compliance with applicable law, and in good repair in accordance with standards established by the New Lease.

2.5 New Operator shall arrange for the utilities reasonably required for operation of the Facility, including, but not limited to, telephone, Wi-Fi, cable or satellite TV, electricity, gas, water and refuse disposal, and shall secure these utilities in its own name on the Operations Transfer Date.

2.6 New Operator shall arrange under its own name for the provision and replenishment, as New Operator deems necessary and as necessary to meet any minimum requirements established under applicable law, of all supplies and inventory used in the Facility. Licensee's only obligation with respect thereto shall be to ensure that the levels of supplies and inventory at the Facility, including, without limitation, perishable food, non-perishable food, central supplies, linen, housekeeping and other supplies, on the Operations Transfer Date is in condition, quantity and quality sufficient to meet the regular operating needs of the Facility ~~for at least seven (7) days of operating,~~ with quantities in the minimum amounts required by applicable laws and in accordance with ~~the~~ Licensee's past business practices and policies of Licensee at the Facility.

2.7 New Operator shall hire employees of the Facility as employees-at-will in accordance with the terms and provisions of Section 10 of this Agreement. New Operator shall be responsible for all aspects of administration of its employees, including hiring, training, supervision, and termination. Except as otherwise determined by New Operator and Licensee (i.e., general supervision from New Operator's employees who are not permanently assigned to the Facility), all employees so hired shall be employed by New Operator. During the Management Period, New Operator shall maintain worker's compensation insurance for all its employees as required by law and employer's liability insurance reasonably acceptable to Licensee. Hiring, promotion, discipline and termination and other employment decisions with respect to its employees shall be made by New Operator in a manner consistent with applicable law and policies at the Facility.

2.8 New Operator, on behalf of the Facility, shall arrange for maintenance of the payroll records of all its employees, for the issuance of paychecks to its employees, and for the payment and withholding from such paychecks of appropriate amounts for income tax, social security, unemployment insurance, and for all employee benefits, including vacation, holidays, sick leave, and in accordance with New Operator's policies, subject to the terms and provisions of Section 10.3.

2.9 New Operator shall have the right, in its sole discretion, to revise the fee schedules for the services rendered by the Facility, provided that such changes are in compliance with the law and that New Operator shall consult with Licensee before doing so.

2.10 In conformity with applicable law, Licensee and New Operator shall not discriminate against Medicare or Medi-Cal patients who request services at the Facility, or any other person with whom it interacts in relation to the Facility.

2.11 New Operator shall comply with any and all codes, ordinances, rules, regulations, and requirements of all federal, state, and municipal authorities now in force, or which may hereafter be in force, pertaining to the Facility and its operations.

2.12 New Operator shall procure and maintain during the Management Period the insurance required under the terms of the New Lease, with the Licensee named as an additional named insured on all such insurance policies. New Operator shall keep all insurance coverage in effect and, without demand, provide to Licensee updated certificates at each renewal for the applicable statute of limitations period in which any claims may be brought against Licensee or Licensee's shareholders, members, affiliates, directors, officers, representatives or advisers.

2.13 Funds received by New Operator which relate to the Quality and Accountability Supplemental Payment ("QASP") owed to Licensee for dates prior to the Operations Transfer Date shall belong to the Licensee and shall be remitted by New Operator to the Licensee promptly within ten (10) days' receipt of such QASP from the applicable regulatory agency. The amount of the QASP deemed owed to Licensee shall be calculated as follows: the QASP shall be multiplied by a fraction, the numerator of which shall be the number of days the Licensee operated the Facility in the year for which QASP are being made and the denominator of which shall be the number of days in the year for which QASP are being made. New Operator and Licensee hereby acknowledge that payments made for QASP fees are paid based on the state fiscal year of July 1-June 30 (the "SFY"), and that payments for the prior year are received in approximately April of the calendar year following the SFY. For example, payments made to operators in April 2024 will be for SFY July 1, 2022-June 30, 2024 and payments made to operators in April 2025 will be for SFY July 1, 2023-June 30, 2024.

2.13.1. Notwithstanding the foregoing, Licensee and New Operator acknowledge that the California Department of Healthcare Services has implemented the Workforce and Quality Incentive Program ("WQIP") to replace and succeed the QASP program, with awards and payments under the WQIP program to be first made to qualifying facilities in the calendar year 2024 based on metrics for the 2023 calendar year. New Operator and Licensee agree to confer in good faith and reconcile such awards and payments received from the WQIP program, and Licensee and New Operator further agree that all such awards or payments received from the WQIP program shall be allocated amongst New Operator and Licensee as of the Operations Transfer Date, with Licensee to receive such portion of the awards or payments from the WQIP program attributable to periods prior to the Operations Transfer Date, and with

New Operator to receive such portion of the awards or payments from the WQIP program attributable to periods on and after the Operations Transfer Date.

2.14 New Operator shall be responsible for all Quality Assurance Fees owed by the Facility to the California Department of Health Care Services (“QA Fees”) that accrue for periods on and after the Operations Transfer Date. Licensee shall be responsible for all QA Fees that accrue for periods before the Operations Transfer Date, and shall at least five (5) business days prior to the Operations Transfer Date, provide evidence reasonably satisfactory to New Operator that all QA Fees for periods prior to the Operations Transfer Date have been paid in full.

2.15 New Operator shall cooperate with Licensee in the provision and dissemination of any notice required to be provided under Health and Safety Code § 1267.61 (“Transfer Notice Act.”) of the transfer of operations contemplated under this Agreement to all of the residents of the Facility (the “Transfer Notice”). New Operator agrees to provide all information necessary for Licensee to prepare and post such Transfer Notice pursuant to the requirements of the Transfer Notice Act; and the Licensee shall post a copy of the Transfer Notice on all entrance and exit doors of the Facility.

**3. Billings, Collections and Accounts Receivable.**

3.1 New Operator shall, on behalf of Licensee, bill patients and payors and use its commercially reasonable efforts to collect all cash revenue resulting from Facility operations during the Billing Period. Licensee and New Operator agree to cooperate with each other to make available such billing and accounting information and to provide such financial records for review as shall be necessary to accomplish the billing and collection of patient charges for services provided by Licensee prior to the Operations Transfer Date and provided for in this Section 3 and to cooperate in the completion of reports and claim forms as necessary to procure payments and reimbursement from governmental agencies, insurance carriers or other third party payors. During the Billing Period, Licensee authorizes New Operator to do the following:

3.1.1. To bill patients in Licensee’s name, on Licensee’s behalf, and under Licensee’s Provider Numbers, specifically including, without limitation, services provided to Medicare and Medi-Cal patients during the Billing Period, and the resulting revenue will be treated as revenue of Licensee (subject to New Operator’s right to direct the use of such funds as herein provided and subject to New Operator’s right to the Management Fee pursuant to Section 5 hereof).

3.1.2. To collect accounts receivable resulting from such billing in Licensee’s name and on Licensee’s behalf;

3.1.3. To receive payments from insurance companies, prepayments from health care plans, and payments from all other third-party payors;

3.1.4. To take possession of and endorse in the name of Licensee any notices, checks, money orders, insurance payments, and other instruments received in payment

of the accounts receivable resulting from such billing and deposit them directly in New Operator's account; and

3.1.5. To initiate legal proceedings in accordance with policies reasonably approved by Licensee to collect any accounts or monies owed to the Facility or Licensee related to the Facility during the Management Period.

3.2 Licensee has disclosed to New Operator that the Medicare, Medi-Cal and other third party payor receivables paid pursuant to the Facility's existing Medicare and Medi-Cal provider agreements are deposited into a concentration account, into which accounts receivables and payments from third party payors for other healthcare facilities are also deposited (the "Licensee's Concentration Account"). New Operator agrees that for the duration of the of this Agreement, that Licensee shall maintain sole control of its Concentration Account, ~~provided however, Licensee agrees on the date that is forty five (45) days after the Operations Transfer Date, Licensee shall cause its depository bank to implement and install on the Concentration Account, [daily/weekly sweeps] of all accounts receivables attributable to the Facility for periods on and after the Operations Transfer Date, to a depository account identified by New Operator. From and after the installation of such [daily/weekly sweeps] on Licensee's Concentration Account, Licensee agrees that it shall not: (y) withdraw any funds from such Concentration Account which are attributable to the Facility for periods on and after the Operations Transfer Date; (y) otherwise instruct the bank with respect to the disposition of any funds deposited into the Concentration Account that relate to the Facility for periods on and after the Operations Transfer Date; or (z) otherwise instruct bank to terminate or modify the [daily/weekly sweeps] installed on the Concentration Account, without the express written consent of New Operator.~~

New Operator shall be granted "view access" only rights with respect to the New EFT Account. Within three (3) business days of the Effective Date hereof, Licensee agrees to file a completed CMS-588 Electronic Funds Authorization Agreement and any other documents required in connection therewith, with the fiscal intermediary to implement the New EFT Account as the deposit account into which the Facility's existing Medicare and Medi-Cal provider agreements are to be deposited, and to prosecute the same to completion (such process of applying for and implementing the New EFT Account pursuant to this Section 3.2.1 is referred to as the "EFT Change"). Licensee agrees to promptly advise New Operator when the fiscal intermediary has confirmed that the EFT Change has been completed.

3.2.2. ~~3.2.1.~~ New Operator shall have the right to open one or more bank accounts for the Facility in the name of Licensee (the "Management Account"), the authorized signatories of which shall consist solely of persons designated by New Operator. Licensee agrees that it will not take any actions that interfere with the transfer of funds for services rendered by New Operator after the Operations Transfer Date into the Management Account, nor

Amounts deposited into Licensee's Concentration Account or any other deposit accounts of Licensee for any reason and relating to operations of the Facility after the Operations Transfer Date shall be transferred by Licensee into the Management Account within five (5) business days of receipt. Licensee expressly authorizes New Operator to endorse checks made payable to Licensee in respect of services provided after the Operations Transfer Date and to deposit them in the Management Account.

3.3 All cash received during the Management Period related to operating revenues for services rendered by New Operator on and after the Operations Transfer Date shall be under the control of New Operator, rather than Licensee. All cash received before, during or after the Management Period related to the operating revenues for services rendered by Licensee prior to the Operations Transfer Date shall be remitted to Licensee within five (5) business days of receipt, together with applicable remittance advices.

3.3.1. If Licensee directly or indirectly receives any such cash during the Management Period which relates to the Management Period, Licensee shall forward any such receipts to New Operator, together with the applicable remittance advices, within five (5) business days, for deposit in the Management Account. If New Operator directly or indirectly receives any cash during the Management Period which relates to the period prior to the Management Period, New Operator shall within five (5) business days forward any such receipts to Licensee, together with applicable remittance advices.

3.3.2. 3.4.3. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to periods for which both parties are entitled to reimbursement under the terms hereof, the portion thereof which relates to the period prior to the Operations Transfer Date shall be disbursed to or retained by Licensee in accordance with the

provisions of Section 3.3 and the balance shall be retained by or remitted to New Operator in accordance with the provisions of Section 3.3.1.

3.4.4. Any payments received by New Operator from and after the Operations Transfer Date from or on behalf of private pay patients with outstanding balances as of the Operations Transfer Date which fail to designate the period to which they relate (an “Undesignated Payment”), will, for the thirty (30) day period after the Operations Transfer Date, first be applied by New Operator to reduce the patients’ pre-Operations Transfer Date balances, with any excess applied to reduce any balances due for services rendered by New Operator from and after the Operations Transfer Date; after said thirty (30) day period such Undesignated Payment may be retained by New Operator to reduce the patient’s post-Operations Transfer Date balances, with any excess remitted to Licensee to reduce any balances due for services rendered by Licensee prior to the Operations Transfer Date.

3.4.5. All amounts owing to Licensee or New Operator under this Section 3.4 shall be settled within five (5) business days after the payment was received.

3.4.6. In the event the Parties mutually determine that any third party payors or private pay residents are entitled to a refund of payments, the portion thereof that relates to the period from and after the Operations Transfer Date shall be paid by New Operator and the portion thereof that relates to the period prior to the Operations Transfer Date shall be paid by Licensee to such third party payor or private pay resident.

3.4.7. In the event the parties mutually determine that any payment hereunder was misapplied by the parties, the party which erroneously received said payment shall remit the same to the other within five (5) business days after said determination is made.

3.4.8. Until the earlier of (i) the date that Licensee receives payment of all accounts receivable attributed to the operation of the Facility prior to the Operations Transfer Date, and (ii) twelve (12) months after the Operations Transfer Date, New Operator shall provide Licensee with an accounting before the end of each month setting forth all amounts received by New Operator during the preceding month with respect to the accounts receivable of Licensee which are set forth in the schedule provided by Licensee to New Operator within no more than thirty (30) days after the Operations Transfer Date. New Operator shall deliver such accounting to the person identified in Section 17 at the address and email address provided therein.

3.4.9. Upon ten (10) days after written request, and for a period of twelve (12) months after the Operations Transfer Date, Licensee shall provide New Operator with an accounting setting forth all amounts received by Licensee during the preceding month with respect to payments from the residents of the Facility which are due and owing to New Operator in accordance with the terms of this Section 3.4, which accounting shall be accompanied by applicable remittance advices.

3.4.10. Licensee and New Operator shall have the right to inspect, no more frequently than once per month, all cash receipts of the other party during weekday

business hours on reasonable prior notice in order to confirm such party's compliance with the obligations imposed on it under this Section 3.4.

3.5 New Operator shall cooperate fully with Licensee in the collection of the Licensee's accounts receivable which accrued prior the Operations Transfer Date. Licensee shall be responsible for any further billing and/or collections of the Licensee's accounts receivable, and New Operator shall not be obligated to take any collection action or incur any expense in connection therewith.

#### **4. COVID Payments.**

4.1 Any and all Paycheck Protection Program SBA Loans ("SBA Loans") received by Licensee shall remain the sole responsibility, liability and obligation of Licensee, and any SBA Loans received by New Operator shall remain the sole responsibility, liability, and obligation of New Operator.

4.2 To the extent permitted by the terms thereof, any grant payments, stimulus payments, retroactive rate adjustments, and any and all other payments and support paid with respect to the Facility in relation to COVID-19 relief efforts (collectively, the "COVID Payments") received by Licensee during the Management Period shall be paid over to New Operator, and New Operator shall assume responsibility for all of the terms and conditions thereof, and for all obligations relating to such payments. Any and all such COVID Payments shall remain the property and responsibility of New Operator. For the avoidance of doubt, Licensee shall not assume or accept any funds, proceeds, responsibilities, liabilities, and/or obligations related to, or in connection with, the COVID Payments received by New Operator, and New Operator shall defend, indemnify and hold Licensee harmless from and against any such liabilities or obligations.

4.3 Each of the Parties shall comply with all Applicable Laws related to the SBA Loans and COVID Payments described herein. The Parties shall reasonably cooperate with any information requests related to such funds in order to comply with regulatory and reporting requirements. Until the Transition Date, New Operator shall notify Licensee of all SBA Loans and COVID Payments it receives that are covered under this Section 4 within seven (7) days of receipt and promptly upon receipt of a request therefore from Licensee, New Operator will provide Licensee with copies of all information necessary to document the application for or utilization of such funds upon request.

#### **5. Management Fee.**

5.1 For its services under Sections 2 and 3, New Operator shall be entitled to a fee from Licensee (the "Management Fee") equal to the Facility's operating revenues less all

operating expenses, including the rent and related expenses due under the terms of the New Lease, resulting from operation of the Facility during the Management Period, calculated in accordance with standard bookkeeping practices.

5.2 If the Facility incurs losses or expenses during the Management Period, New Operator shall be responsible for such losses and expenses, and shall indemnify, protect, defend and hold Licensee harmless from all claims, demands, liability, and losses related thereto, including payment of the New Operator's obligation under the New Lease, and any license renewal fees arising during the Management Period. Any expense that relates to operation of the Facility for the period prior to the Operations Transfer Date shall be borne and paid by Licensee, except expenses for inventory and supplies which were ordered by Licensee in the ordinary course of business prior to the Operations Transfer Date and received and accepted by New Operator after the Operations Transfer Date, which shall be paid by New Operator.

5.3 The Management Fee is based upon revenues earned and expenses incurred during the Management Period, as determined in accordance with standard bookkeeping practices. Except as provided in Section 5.2, New Operator has no responsibility to pay for expenses during the Management Period which were incurred prior to the Operations Transfer Date, it being understood and agreed that revenues and expenses will be prorated in the manner set forth in Section 11.

New Operator shall be solely responsible for any and all costs associated with the CHOW process. Licensee agrees to execute all documentation required by CDPH or CMS in connection with its review and approval of New Operator's CHOW, including but not limited to completing portions of CMS Form 855A-requiring information about Licensee and Licensee's signature to assign the Medicare provider agreement. Licensee further agrees to provide New Operator or New Operator's representatives with access to the patient trust fund accountings for completion of the patient trust fund verification as required by CDPH.

6.3 Promptly upon receipt of a request therefor from Licensee, New Operator will provide Licensee with copies of its licensure applications and any further documents submitted by New Operator to CDPH in response to any requests from such governmental authority and with copies of its Permits.

6.4 Licensee shall otherwise cooperate with New Operator, to the extent reasonably necessary, in order to facilitate the issuance of the new Permits and Provider Numbers and shall not voluntarily surrender its Permits or Medicare or Medi-Cal provider agreements.

6.5 On or before the Operations Transfer Date, Licensee and New Operator shall execute, as applicable, the Interim Sublease, the New Operator Bill of Sale (to be effective on the Transition Date) and such other documentation as is required for processing of the New Operator's skilled nursing facility application with CDPH, and in connection with the permits and assignment of Licensee's Medicare and Medi-Cal provider agreement to New Operator.

6.6 Prior to the Transition Date, if CDPH determines that New Operator will not be granted a new skilled nursing facility license for the Facility (a "Default Event"), New Operator agrees to promptly advise Licensee and Purchaser of CDPH's determination to deny a new skilled nursing facility license to New Operator, and New Operator shall thereafter fully cooperate with Licensee and Purchaser in all respects to transition the operations of the Facility to an Approved Replacement Operator selected by Purchaser in its sole and absolute discretion.

6.6.1. If pursuant to the terms of Section 6.6 above, New Operator is required to transition the operations of the Facility to an Approved Replacement Operator, New Operator agrees that it shall continue to perform all such agreements, covenants and obligations of New Operator under this Agreement, until Purchaser has identified an Approved Replacement Operator and until the date New Operator transfers and relinquishes the Facility and all Operational Assets to the Approved Replacement Operator.

6.6.2. In furtherance of the foregoing, New Operator agrees that it shall cooperate fully with Purchaser and Approved Replacement Operator with respect to the transfer and disposition of the Facility and the Operational Assets to the Approved Replacement Operator. Such cooperation from New Operator shall include, executing such assignment and other agreements and instruments to assign all of New Operator's rights, obligations and duties under this Agreement to such Approved Replacement Operator, provided that such assignment of this Agreement is not prohibited by applicable laws. If, however, assignment of this Agreement to the Approved Replacement Operator is prohibited by any applicable laws, then New Operator agrees to continue to operate the Facility under the terms of this Agreement, and cooperate fully with Purchaser and Approved Replacement Operator, until Approved Replacement Operator has obtained all such approvals and consents required from such regulatory agencies to take over the operations of the Facility.

6.6.3. As used herein, "Approved Replacement Operator" means a proposed replacement operator for the Facility who is approved by Purchaser in its sole and absolute discretion.

**7. Although the assignment of the Assigned Admission Agreements shall be effective on the Transition Date, as provided in the Assignment of Admission Agreements, New Operator agrees to perform all of the obligations of Licensee relating to the Assigned Admission Agreements which accrue on or after the Operations Transfer Date.

**8. Transfer of Resident Funds.**

8.1 On the Transition Date, Licensee shall deliver to New Operator all petty cash held for and on behalf of residents at the Facility (collectively the "Resident Funds"), and New Operator hereby agrees that it will accept such Resident Funds in trust for the residents/responsible parties and be solely accountable to the residents/responsible parties for such Resident Funds in accordance with the terms of this Agreement and applicable statutory and regulatory requirements.

8.2 On or before the Transition Date, Licensee shall prepare a final reconciliation comparing the actual Resident Trust Fund balance on the Transition Date to the amount of the Resident Funds transferred to New Operator on the Transition Date, and, to the extent the former exceeds the latter, Licensee shall remit such excess to New Operator or to the extent the latter exceeds the former, New Operator shall remit such excess to Licensee.

8.3 New Operator shall have no responsibility as to the applicable resident/responsible party and regulatory authorities for any shortfall in the event the Resident Funds delivered by Licensee to New Operator pursuant to Section 8.2 are demonstrated to be less than the full amount of the Resident Funds for such resident as of the Transition Date or for claims which arise from actions or omissions of Licensee with respect to the Resident Funds prior to the Transition Date but all of the foregoing shall be and remain the responsibility of Licensee and Licensee shall indemnify, defend, protect and hold New Operator harmless from the same.

8.4 Upon transfer of all of the Resident Funds to New Operator, Licensee shall have no responsibility to the applicable resident/responsible party and regulatory authorities with respect to any Resident Funds delivered to New Operator.

**9. Cost Reports.** Licensee shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any final cost reports with respect to its operation of the Facility which are required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service before the Operations Transfer Date. New Operator shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any cost reports with respect to its operation of the Facility which are required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service on and after the Operations Transfer Date. Within five (5) business days of request by either Licensee or New Operator shall provide the other with copies of such cost reports, together with copies of any amendments thereto and correspondence related

to such final cost reports. Licensee shall pay for any costs related to the preparation or filing of cost reports or Medi-Cal cost audits for any period prior to the Operations Transfer Date and New Operator shall pay any costs related to the preparation or filing of costs reports or Medi-Cal cost audits for periods from and following the Operations Transfer Date. In the event Licensee fails to timely file any cost report, New Operator shall have the right to do so in Licensee's name and at Licensee's expense.

## **10. Employees.**

10.1 Licensee shall terminate all of the Facility employees effective as of 11:59 p.m. on the day immediately prior to the Operations Transfer Date. Licensee shall pay directly to such employees any unpaid wages, all earned and accrued employee wages and benefits (including, without limitation, vacation, sick pay, holiday pay and paid time off). New Operator acknowledges that Licensee has provided New Operator with a list of all Facility employees and Licensee shall permit New Operator, in cooperation and coordination with Licensee, to meet with all employees of the Facility prior to the Operations Transfer Date and to advise them of New Operator's plans with respect to the hiring of the employees of the Facility and the continuation of benefits which will be offered to the employees of the Facility after the Operations Transfer Date.

10.2 New Operator hereby covenants and agrees (a) it shall offer to hire on the Operations Transfer Date and retain for a period of at least sixty (60) days after the Operations Transfer Date all of the employees at the Facility (specifically excluding the administrator and the director of nursing) and all shall be Hired Employees under this Agreement, (b) it shall not terminate the employment of any of the Hired Employees during such sixty (60) day period, except for cause, and (c) during such sixty (60) day period, it will not reduce the wages and/or benefits of any of the Hired Employees nor alter the terms and conditions of employment, economic or otherwise, of such Hired Employees. In connection therewith, New Operator shall make a written offer of employment to each employee of the Facility (other than the administrator and director of nursing) at least ten (10) days prior to the Operations Transfer Date (an "Employment Offer"). Each Employment Offer must be in each employee's primary language or another language in which such employee is literate and must state the time within which the employee may accept the offer, which time period may not be less than ten (10) days.

10.3 It is the understanding and belief of Licensee and New Operator that Licensee currently employs approximately \_\_\_ employees at the Facility, but that Licensee is not required to give notice to the employees of the Facility of the "closure" thereof under the Worker Adjustment and Retraining Notification Act (the "WARN Act") or under any comparable State law, because of the assurances provided by New Operator in Section 10.2. New Operator has advised the Licensee that it does not want Licensee to deliver any such notices to the employees, and in reliance on New Operator's assurance, Licensee has agreed that a closure notice will not be provided to the employees of the Facility as of the Operations Transfer Date.

10.4 The employees who accept offers of employment from the New Operator as of the Operations Transfer Date shall be referred to as the "Hired Employees." Licensee, or any of its affiliates, shall have the right to retain or offer to employ any employee who is not a

Hired Employee, including without limitation any employee who declines to accept employment with New Operator. Additionally, for a period of ninety (90) days after the Operations Transfer Date, Licensee agrees that it shall not, and shall not permit its affiliates to, actively solicit or recruit for employment, any such Hired Employees, provided however, New Operator expressly acknowledges that from and after the Operations Transfer Date, Licensee's affiliates may publish job postings in any general or internet publications for other healthcare facilities owned, managed or operated by Licensee's affiliates, and New Operator shall have no recourse against Licensee if any such Hired Employee applies for and accepts employment in connection with such job postings published by Licensee's affiliates.

10.5 Licensee acknowledges and agrees that New Operator is not assuming any of Licensee's obligations to its employees under Section 601, et seq. of ERISA and Section 4980B of the Internal Revenue Code ("COBRA") or otherwise. Notwithstanding the foregoing, New Operator will offer to the Hired Employees the right to participate in New Operator's health insurance program as of the Operations Transfer Date.

10.6 New Operator hereby agrees to indemnify, protect, defend and hold harmless Licensee from any loss, cost or expense Licensee actually incurs as a result of a failure to give any required notice under the WARN Act or any comparable state law.

10.7 Notwithstanding the foregoing, each of New Operator and Licensee acknowledge and agree that from and after the Operations Transfer Date, Licensee is terminating employment of all employees at the Facility and all such Hired Employees shall be directly employed by New Operator. New Operator shall solely be responsible to exercise control over the wages, hour or working conditions of such Hired Employees and to pay compensation and other benefits to the Hired Employees from and after the Operations Transfer Date, and nothing in this agreement is intended to, nor does it create, a dual employment or joint employment arrangement as between Licensee and New Operator.

## **11. Costs And Prorations.**

11.1 As between New Operator and Licensee, Facility revenues (including, without limitation, any amount paid to Licensee prior to the Operations Transfer Date for services to be rendered on and after the Operations Transfer Date from social security payments, private pay patients' security deposits and prepayments, applied income payments, resident trust prepayments, etc.), Facility operating expenses, bed taxes, utility charges for the billing period in which the Operations Transfer Date occurs, real and personal property taxes (except as otherwise provided herein) and prepaid expenses, the premiums for any flood insurance coverage which may be in effect with respect to the Facility and provide coverage for the benefit of New Operator with respect to a period which extends beyond the Operations Transfer Date and other related items of revenue or expense attributable to the Facility (excluding, however, prepaid license fees) shall be prorated between Licensee and New Operator as of the Operations Transfer Date. In general, such prorations shall be made so that as between New Operator and Licensee, Licensee shall be reimbursed for prepaid expense items to the extent that the same are applied to expenses attributable to periods on and after the Operations Transfer Date and Licensee shall be charged for unpaid expenses to the extent that the same are attributable to periods prior to the Operations Transfer Date. This provision shall be implemented by New Operator remitting to

Licensee any invoices (or the applicable portion thereof in the case of invoices which cover periods both prior to and after the Operations Transfer Date) which describe goods or services provided to the Facility before the Operations Transfer Date and by New Operator assuming responsibility for the payment of any invoices (or portions thereof) which describe goods or services provided to the Facility on and after the Operations Transfer Date; provided, however, that notwithstanding any provision of this Agreement to the contrary, any and all deposits paid by Licensee with respect to the Facility, including without limitation, any and all lease, security and/or utility deposits paid to, and/or cash or other collateral held by, any landlord, utility, insurance company or surety shall remain the sole and exclusive property of Licensee, and New Operator shall have no right or interest therein or thereto, and to the extent that Licensee does not receive a return of any such deposit on the Operations Transfer Date and such security deposit has been assumed by New Operator, New Operator shall reimburse the Licensee on the Operations Transfer Date the full amount of any such security deposit assumed by New Operator.

11.2 All such prorations shall be made on the basis of actual days elapsed in the relevant accounting or revenue period and shall be based on the most recent information available to Licensee. Utility charges which are not metered and read on the Operations Transfer Date shall be estimated based on prior charges and shall be re-prorated upon receipt of statements therefor as of the Operations Transfer Date. New Operator shall obtain its own insurance coverage covering all periods commencing on and after the Operations Transfer Date and for the duration of the Management Period and shall name Licensee as an “Additional Insured” to said insurance coverage policies.

11.3 All amounts which are subject to proration under the terms of this Agreement and which require adjustment after the Operations Transfer Date shall be settled within ten (10) days after the Operations Transfer Date or, in the event the information necessary for such adjustment is not available within said ten (10) day period, then within seven (7) business days of receipt of information by either party necessary to settle the amounts subject to proration.

11.4 On the Operations Transfer Date, Licensee may remove from the Facility any petty cash and any other funds maintained at or for the Facility immediately prior to the Operations Transfer Date, other than resident trust funds, which shall be handled in the manner set forth in Section 8.

11.5 In addition to any costs for which New Operator is responsible under Section 5 hereof, New Operator shall be solely responsible for all costs, fees and expenses incurred by it in connection with the transfer of operations of the Facility as contemplated hereunder, including but not limited to the cost of any training of the Facility’s employees which it may elect to undertake with the approval of Licensee, which approval shall not be unreasonably withheld, conditioned or delayed, provided such training is conducted in a manner which does not disrupt the operation of the Facility prior to the Operations Transfer Date, and the cost of any due diligence that it undertakes in furtherance of such transfer of operations, including but not limited to, the costs of any examination or copying by New Operator or its agents of any books, records, patient files or other operational or fiscal information and data of any kind of Licensee or the Facility. In furtherance and not in limitation of the foregoing, in the

event that in the process of any such employee training and/or due diligence examinations Licensee shall incur any out of pocket costs or expenses related to the use of its employees, equipment and/or the provision of any such information, New Operator shall, within seven (7) days after a written demand therefor accompanied by reasonably detailed supporting documentation, reimburse Licensee for all of such out of pocket costs and expenses.

12.1 On the Operations Transfer Date, Licensee shall deliver to new operator all records necessary to the efficient, continued operation of the facility, subject to the provisions below.

12.2 ~~Nothing herein shall be construed as precluding~~ New Operator acknowledges that Licensee ~~from removing~~ shall retain and may remove from the Facility originals of all employee records, all of which shall be and remain the property of Licensee; ~~provided, however, Licensee will not remove such records until such time as New Operator advises Licensee that it has made a copy of any portion of the employee records which are required to be maintained by New Operator to comply with applicable law, which copies shall be made by New Operator (i) only after New Operator has secured the written consent of the affected employees and (ii) as promptly as possible, but not later than thirty (30) days, after the Operations Transfer Date, it being understood and agreed, however, that in light of the methods used by Licensee to electronically maintain its employee records and to store the same with a third party vendor, Licensee is not making any representation or warranty as to the ability of New Operator to make a copy of the such employee records or as to the accuracy or completeness of the employee records. Should New Operator not be able to secure written consent from certain affected employees or if such employees employment with Licensee has previously terminated, and New Operator cannot make a copy of certain employment records, Licensee will grant access to such employee records to New Operator, within a reasonable time, if permitted by applicable law and if New Operator is required to produce such records pursuant to any licensure or certification survey, inspection, investigation or as otherwise required by law. The obligations under this Section 12 shall survive the termination of this Agreement, whether by rescission or otherwise as amended and the regulations issued in connection therewith.

12.5 From and after the Operations Transfer Date, New Operator shall allow Licensee and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to and including the Operations Transfer Date, to the extent reasonably necessary to enable Licensee to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for Licensee to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due Licensee and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to and including the Operations Transfer Date.

12.6 From and after the Operations Transfer Date, Licensee shall allow New Operator and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to the Operations Transfer Date, to the extent reasonably necessary to enable New Operator to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for New Operator to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due New Operator and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to the Operations Transfer Date.

12.7 Licensee shall have the right, at Licensee’s sole cost and expense, five (5) days after the delivery of a reasonable request therefore to New Operator to enter the Facility and remove originals or copies of any such records delivered to New Operator; *provided, however,* that if directed by Licensee in its request to New Operator, New Operator shall within such five (5) day period, forward such records to Licensee, at Licensee’s sole cost and expense, to the address designated by Licensee; and provided, further, that if, for purposes of litigation

involving a patient or employee to whom such record relates, an officer of or counsel for Licensee certifies that an original of such record must be produced in order to comply with applicable law or the order of a court of competent jurisdiction in connection with such litigation then the records so delivered or removed shall be an original. Licensee's request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from retaining copies of any such documents. Nothing hereinabove shall limit, reduce or restrict the Licensee's access to the Facility, during the Term of the Management Period in connection with any of the Licensee's rights, duties or obligations under this Agreement or that are required statutorily as the Licensee of the Facility.

12.8 New Operator agrees to maintain such books, records and other materials comprising records of the Facility's operations, including, but not limited to, patient records and records of patient funds, to the extent required by law, which relate to the period preceding the Operations Transfer Date and which have been delivered to New Operator by Licensee in conjunction herewith. If upon the expiration of any legislatively mandated retention period for such books and records, New Operator decides to dispose of or destroy such books and records, New Operator shall provide Licensee thirty (30) days advance notice of such decision, and New Operator shall, upon receipt of a written request from Licensee, allow Licensee a reasonable opportunity to remove such books and records, at Licensee's sole cost and expense, from the Facility.

12.9 New Operator acknowledges and agrees that the books, records and other material described in this Section 12 are unique, that in the event of a breach by New Operator of its obligations under this Section 12, Licensee would suffer injury for which it would not be fully compensated with monetary damages and accordingly that in the event of a breach by New Operator of its obligations under this Section 12, in addition to all other remedies, Licensee shall be entitled to seek to enjoin a breach by New Operator of its obligations under this Section 12 and/or to specifically enforce the obligations of New Operator hereunder.

On the Operations Transfer Date, Licensee shall assign to New Operator, such Operating Contracts that New Operator, in its sole and absolute discretion, elects to assume as set forth on Schedule 1 hereto (collectively, the "Assigned Contracts"), and New Operator agrees to assume the same, provided however, New Operator shall not assume any obligations or liabilities arising thereunder prior to the Operations Transfer Date. Notwithstanding anything to the contrary in the foregoing, Licensee shall not voluntarily terminate any managed care contracts for the Facility without the prior written consent of New Operator and New Operator shall provide Licensee advance notice should it: a) elect to terminate or not renew any such contract; or b) become aware any such contract is involuntarily terminated. For the avoidance of doubt during the Billing Period, New Operator shall have the right to bill for services under any third-party

This INTERIM SUBLEASE AGREEMENT (this “Sublease”) is made and entered into as of \_\_\_\_\_, 2023 (the “Effective Date”) by and between [\_\_\_\_\_] LLC, a California limited liability company (“New Operator”), and [\_\_\_\_\_] a [\_\_\_\_\_] limited liability company (“Licensee”).

New Operator is the tenant of the [\_\_\_\_]-bed skilled nursing facility known as \_\_\_\_\_, located at [\_\_\_\_\_]. New Operator is leasing the Facility from Purchaser under the New Lease (as each such terms are defined in the Management Agreement (as defined below)). As used herein, the term the “Facility” refers to the real property described above, all improvements located on that real property, and the fixtures, furnishings, equipment and other personal property used in the management and operation thereof.

New Operator has applied for a license to operate the Facility as a skilled nursing facility (the “License”) from the California Department of Public Health (“CDPH”). Until the License is issued to New Operator by CDPH, New Operator desires for Licensee to remain in legal possession of the Facility so that Licensee's license to operate the Facility will remain in effect.

Concurrently with the execution of this Sublease, New Operator and Licensee have entered into a Management and Operations Transfer Agreement (the “Management Agreement”), pursuant to which New Operator shall manage the Facility under Licensee's existing license during the term of the Management Agreement, as set forth therein.

New Operator desires to sublease the Facility to Licensee and Licensee desires to sublease the Facility from New Operator on the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the covenants and conditions contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. **DESCRIPTION OF THE PREMISES:**

New Operator hereby subleases to Licensee and Licensee subleases from New Operator the Facility. The Facility shall be hereinafter referred to as the “Leased Premises.”

2. **TERM; TERMINATION:**

2.1 Term. The term of this Sublease shall commence on the Operations Transfer Date (as defined in the Management Agreement), and shall continue in effect until the Transition Date, as defined in Section 1.4 of the Management Agreement.

3. **PAYMENTS BY LICENSEE:**

Commencing on the Effective Date, Licensee shall pay to New Operator as rent for the Leased Premises the sum of Twelve Dollars (\$12.00) per year, payable in advance.

4. **PAYMENTS BY NEW OPERATOR:**

4.1 Utilities. New Operator shall pay all water, gas, heat, light, power, telephone service and all other utility services supplied to the Leased Premises during the term hereof.

4.2 Taxes. New Operator shall pay all real and personal property taxes, assessments and levies of any kind or nature whatsoever taxed, assessed, levied or imposed upon or against the Leased Premises during the term hereof.

4.3 Insurance. New Operator shall pay all insurance premiums for all insurance coverage required of the New Operator as lessee under the New Lease (as defined in the Management Agreement). New Operator covenants and agrees that all of the property constituting the Leased Premises is covered as of the date hereof and will be covered at all times by general liability, fire, theft and property damage insurance. All such insurance shall name New Operator and Licensee as insureds as their respective interests may appear.

4.4 Repairs and Maintenance; Alterations. New Operator shall pay all costs of repairing and maintaining the Leased Premises and every part thereof in good and sanitary order, condition and repair during the term hereof, reasonable wear and tear excepted. Licensee shall not make any alterations or changes to the Leased Premises without the prior written approval of New Operator in its sole discretion.

5. **USE.**

Licensee shall use the Leased Premises for the operation of a skilled nursing facility. New Operator agrees to apply for and devote its best efforts toward obtaining a new skilled nursing facility license.

6. **COUNTERPARTS.**

This Sublease may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

EVIDENCING their agreement on the above terms and conditions, New Operator and Licensee have executed this Sublease as of the date first written above.

Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the

entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide

written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or

subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### **4. MISCELLANEOUS**

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or Addendum providing assurances regarding the safeguarding of PHI that CE, in its

reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

**NOW, THEREFORE**, in consideration of the foregoing premises and the mutual covenants of the parties set forth herein, it is hereby agreed as follows:

## 1. Closing.

1.1 Operations Transfer Date. The transactions contemplated under this Agreement shall be effectuated on the Operations Transfer Date, which shall be the Closing Date as defined in the Purchase Agreement, subject to the satisfaction or waiver of the Conditions Precedent set forth in Section 1.3 below.

### 1.2 Deliverables.

1.2.1. On the Operations Transfer Date, the Parties shall execute and deliver to each other an original duly executed counterpart of the following documents: (a) the Interim Sublease in the form attached hereto as “Exhibit A”; (b) an Assignment and Assumption of Admission Agreements in the form attached hereto as “Exhibit CB,” (the “Assignment of Admission Agreements”); and (c) a Business Associate Addendum in the form attached hereto as “Exhibit DC” (the “BAA”); ~~(d) the Bill of Sale, to be effective on the Transition Date; and (e) an Assignment and Assumption of Admission Agreements.~~ Additionally, on the Operations Transfer Date, the Parties shall execute and deliver to each other, duly executed counterparts of the following documents required to be delivered under the Purchase Agreement: (y) the New Operator Bill of Sale in the form attached hereto as “Exhibit E,” to be effective on the Transition Date as Exhibit D to the Purchase Agreement; and (z) the Assignment and Assumption of Assigned Contracts in the form attached as Exhibit E to the Purchase Agreement (the “Assignment of Admission Agreements”). This Agreement, the Interim Sublease, the Assignment of Agreements the BAA, the New Operator Bill of Sale and the Assignment of Admission Agreements are referred to collectively as the “Closing Documents.”

1.2.2. The assets being conveyed by Licensee to New Operator pursuant to the New Operator Bill of Sale, the Assignment of Admission Agreements and the Assignment of Agreements are collectively referred to herein as the “Operational Assets.”

1.3 Conditions Precedent. For purposes of this Agreement, the “Conditions Precedent” to the transfer of operations shall be: (a) the concurrent closing of the transactions contemplated by the Purchase Agreement; (b) the execution and delivery by the Parties of each of the Closing Documents; (c) the concurrent termination of the lease between the Licensee and the Seller, and the execution of the New Lease between the Purchaser and the New Operator; and (d) the satisfaction or waiver of any conditions precedent in any ancillary transaction documents.

1.4 Transition Date. For purposes this Agreement, the “Transition Date” shall be the date upon which the California Department of Public Health (“CDPH”) issues the new Permits (as defined hereafter) to New Operator for the Facility.

## 2. Management of the Facility.

2.1 Commencing on the Operations Transfer Date and ending on the first to occur of (i) the Transition Date, or (ii) ~~the termination of this Agreement prior to the Transition Date, or (iii)~~ the execution of a Replacement MOTAs (as defined below) (the “Management Period”), Licensee hereby appoints New Operator as its sole and exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator's assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier ("NPI") and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the "Provider Numbers"). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the "Billing Period" shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which the Centers for Medicare and Medicaid Services ("CMS") issues a tie-in notice for the purpose of tying the Licensee's Medicare provider number to the New Operator's NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the "Tie-In").

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will have the right, as a matter of law or contract, to bill the third party payors under Licensee's third party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. "Payor Contracts" shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee's affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

2.3.1 preparation and maintenance of business records and financial and other reports;

2.3.2 establishment and administration of accounting procedures and controls;

2.3.3 financial and business planning;

2.3.4 processing and payment of accounts payable;

2.3.5 billing, processing and collection of accounts receivable, including the billing and completion of any reports and forms that may be required by insurance companies, governmental agencies, or other third-party payors; and

2.3.6 providing and processing of all employee record keeping, payroll accounting (including social security and other payroll tax reporting), and benefits for all employees of the Facility.

2.4 New Operator shall arrange for the maintenance, repair, trash removal, and janitorial services which may be necessary to maintain the Facility and equipment in a clean and safe condition, in compliance with applicable law, and in good repair in accordance with standards established by the New Lease.

2.5 New Operator shall arrange for the utilities reasonably required for operation of the Facility, including, but not limited to, telephone, Wi-Fi, cable or satellite TV, electricity, gas, water and refuse disposal, and shall secure these utilities in its own name on the Operations Transfer Date.

2.6 New Operator shall arrange under its own name for the provision and replenishment, as New Operator deems necessary and as necessary to meet any minimum requirements established under applicable law, of all supplies and inventory used in the Facility. Licensee's only obligation with respect thereto shall be to ensure that the levels of supplies and inventory at the Facility, including, without limitation, perishable food, non-perishable food, central supplies, linen, housekeeping and other supplies, on the Operations Transfer Date is in condition, quantity and quality sufficient to meet the regular operating needs of the Facility for at least seven (7) days of operating in accordance with the policies of Licensee at the Facility.

2.7 New Operator shall hire employees of the Facility as employees-at-will in accordance with the terms and provisions of Section 10 of this Agreement. New Operator shall be responsible for all aspects of administration of its employees, including hiring, training, supervision, and termination. Except as otherwise determined by New Operator and Licensee (i.e., general supervision from New Operator's employees who are not permanently assigned to the Facility), all employees so hired shall be employed by New Operator. During the Management Period, New Operator shall maintain worker's compensation insurance for all its employees as required by law and employer's liability insurance reasonably acceptable to Licensee. Hiring, promotion, discipline and termination and other employment decisions with respect to its employees shall be made by New Operator in a manner consistent with applicable law and policies at the Facility.

2.8 New Operator, on behalf of the Facility, shall arrange for maintenance of the payroll records of all its employees, for the issuance of paychecks to its employees, and for

the payment and withholding from such paychecks of appropriate amounts for income tax, social security, unemployment insurance, and for all employee benefits, including vacation, holidays, sick leave, and in accordance with New Operator's policies, subject to the terms and provisions of Section 10.3.

2.9 New Operator shall have the right, in its sole discretion, to revise the fee schedules for the services rendered by the Facility, provided that such changes are in compliance with the law and that New Operator shall consult with Licensee before doing so.

2.10 In conformity with applicable law, Licensee and New Operator shall not discriminate against Medicare or Medi-Cal patients who request services at the Facility, or any other person with whom it interacts in relation to the Facility.

2.11 New Operator shall comply with any and all codes, ordinances, rules, regulations, and requirements of all federal, state, and municipal authorities now in force, or which may hereafter be in force, pertaining to the Facility and its operations.

2.12 New Operator shall procure and maintain during the Management Period the insurance required under the terms of the New Lease, with the Licensee named as an additional named insured on all such insurance policies. New Operator shall keep all insurance coverage in effect and, without demand, provide to Licensee updated certificates at each renewal for the applicable statute of limitations period in which any claims may be brought against Licensee or Licensee's shareholders, members, affiliates, directors, officers, representatives or advisers.

2.13 Funds received by New Operator which relate to the Quality and Accountability Supplemental Payment ("QASP") owed to Licensee for dates prior to the Operations Transfer Date shall belong to the Licensee and shall be remitted by New Operator to the Licensee promptly within ten (10) days' receipt of such QASP from the applicable regulatory agency. The amount of the QASP deemed owed to Licensee shall be calculated as follows: the QASP shall be multiplied by a fraction, the numerator of which shall be the number of days the Licensee operated the Facility in the year for which QASP are being made and the denominator of which shall be the number of days in the year for which QASP are being made. New Operator and Licensee hereby acknowledge that payments made for QASP fees are paid based on the state fiscal year of July 1-June 30 (the "SFY"), and that payments for the prior year are received in approximately April of the calendar year following the SFY. For example, payments made to operators in April 2024 will be for SFY July 1, 2022-June 30, 2024 and payments made to operators in April 2025 will be for SFY July 1, 2023-June 30, 2024.

2.14 New Operator shall be responsible for all Quality Assurance Fees owed by the Facility to the California Department of Health Care Services ("QA Fees") that accrue for periods on and after the Operations Transfer Date. Licensee shall be responsible for all QA Fees that accrue for periods before the Operations Transfer Date, and shall at least five (5) business days prior to the Operations Transfer Date, provide evidence reasonably satisfactory to New Operator that all QA Fees for periods prior to the Operations Transfer Date have been paid in full.

2.15 New Operator shall cooperate with Licensee in the provision and dissemination of any notice required to be provided under Health and Safety Code § 1267.61 ("Transfer Notice Act.") of the transfer of operations contemplated under this Agreement to all of the residents of the Facility (the "Transfer Notice"). New Operator agrees to provide all information necessary for Licensee to prepare and post such Transfer Notice pursuant to the

requirements of the Transfer Notice Act; and the Licensee shall post a copy of the Transfer Notice on all entrance and exit doors of the Facility.

### **3. Billings, Collections and Accounts Receivable.**

3.1 New Operator shall, on behalf of Licensee, bill patients and payors and use its commercially reasonable efforts to collect all cash revenue resulting from Facility operations during the Billing Period. Licensee and New Operator agree to cooperate with each other to make available such billing and accounting information and to provide such financial records for review as shall be necessary to accomplish the billing and collection of patient charges for services provided by Licensee prior to the Operations Transfer Date and provided for in this Section 3 and to cooperate in the completion of reports and claim forms as necessary to procure payments and reimbursement from governmental agencies, insurance carriers or other third party payors. During the Billing Period, Licensee authorizes New Operator to do the following:

3.1.1. To bill patients in Licensee's name, on Licensee's behalf, and under Licensee's Provider Numbers, specifically including, without limitation, services provided to Medicare and Medi-Cal patients during the Billing Period, and the resulting revenue will be treated as revenue of Licensee (subject to New Operator's right to direct the use of such funds as herein provided and subject to New Operator's right to the Management Fee pursuant to Section 5 hereof).

3.1.2. To collect accounts receivable resulting from such billing in Licensee's name and on Licensee's behalf;

3.1.3. To receive payments from insurance companies, prepayments from health care plans, and payments from all other third-party payors;

3.1.4. To take possession of and endorse in the name of Licensee any notices, checks, money orders, insurance payments, and other instruments received in payment of the accounts receivable resulting from such billing and deposit them directly in New Operator's account; and

3.1.5. To initiate legal proceedings in accordance with policies reasonably approved by Licensee to collect any accounts or monies owed to the Facility or Licensee related to the Facility during the Management Period.

3.2 Licensee has disclosed to New Operator that the Medicare, Medi-Cal and other third party payor receivables paid pursuant to the Facility's existing Medicare and Medi-Cal provider agreements are deposited into a concentration account, into which accounts receivables and payments from third party payors for other healthcare facilities are also deposited (the "Licensee's Concentration Account"). New Operator agrees that for the duration of the of this Agreement, that Licensee shall maintain sole control of its Concentration Account, provided however, Licensee agrees on the date that is forty-five (45) days after the Operations Transfer Date, Licensee shall cause its depository bank to implement and install on the Concentration Account, [daily/weekly sweeps] of all accounts receivables attributable to the Facility for periods on and after the Operations Transfer Date, to a depository account identified

by New Operator. From and after the installation of such [daily/weekly sweeps] on Licensee's Concentration Account, Licensee agrees that it shall not: (y) withdraw any funds from such Concentration Account which are attributable to the Facility for periods on and after the Operations Transfer Date; (y) otherwise instruct the bank with respect to the disposition of any funds deposited into the Concentration Account that relate to the Facility for periods on and after the Operations Transfer Date; or (z) otherwise instruct bank to terminate or modify the [daily/weekly sweeps] installed on the Concentration Account, without the express written consent of New Operator.

3.2.1. New Operator shall have the right to open one or more bank accounts for the Facility in the name of Licensee (the "Management Account"), the authorized signatories of which shall consist solely of persons designated by New Operator. Licensee agrees that it will not take any actions that interfere with the transfer of funds for services rendered by New Operator after the Operations Transfer Date into the Management Account, nor will Licensee remove, withdraw or authorize the removal or withdrawal of any such funds from the Management Account. Amounts deposited into Licensee's Concentration Account or any other deposit accounts of Licensee for any reason and relating to operations of the Facility after the Operations Transfer Date shall be transferred by Licensee into the Management Account within five (5) business days of receipt. Licensee expressly authorizes New Operator to endorse checks made payable to Licensee in respect of services provided after the Operations Transfer Date and to deposit them in the Management Account.

3.3 All cash received during the Management Period related to operating revenues for services rendered by New Operator on and after the Operations Transfer Date shall be under the control of New Operator, rather than Licensee. All cash received before, during or after the Management Period related to the operating revenues for services rendered by Licensee prior to the Operations Transfer Date shall be remitted to Licensee within five (5) business days of receipt, together with applicable remittance advices.

3.3.1. If Licensee directly or indirectly receives any such cash during the Management Period which relates to the Management Period, Licensee shall forward any such receipts to New Operator, together with the applicable remittance advices, within five (5) business days, for deposit in the Management Account. If New Operator directly or indirectly receives any cash during the Management Period which relates to the period prior to the Management Period, New Operator shall within five (5) business days forward any such receipts to Licensee, together with applicable remittance advices.

3.3.2. New Operator shall use the cash receipts which relate to the operation of the Facility during the Management Period, or, if necessary, make available additional cash, to pay for expenses incurred during the Management Period, including both expenses paid during such period and expenses which are due after the Management Period but which were incurred during the Management Period.

3.4 In furtherance and not in limitation of the allocation of revenues provided for in Sections 3.3 and 3.3.1, New Operator and Licensee agree as follows:

3.4.1. 11.3 All amounts which are subject to proration under the terms of this Agreement and which require adjustment after the Operations Transfer Date shall be settled within ten (10) days after the Operations Transfer Date or, in the event the information necessary for such adjustment is not available within said ten (10) day period, then within seven (7) business days of receipt of information by either party necessary to settle the amounts subject to proration.

11.4 On the Operations Transfer Date, Licensee may remove from the Facility any petty cash and any other funds maintained at or for the Facility immediately prior to the Operations Transfer Date, other than resident trust funds, which shall be handled in the manner set forth in Section 8.

11.5 In addition to any costs for which New Operator is responsible under Section 5 hereof, New Operator shall be solely responsible for all costs, fees and expenses incurred by it in connection with the transfer of operations of the Facility as contemplated hereunder, including but not limited to the cost of any training of the Facility’s employees which it may elect to undertake with the approval of Licensee, which approval shall not be unreasonably withheld, conditioned or delayed, provided such training is conducted in a manner which does not disrupt the operation of the Facility prior to the Operations Transfer Date, and the cost of any due diligence that it undertakes in furtherance of such transfer of operations, including but not limited to, the costs of any examination or copying by New Operator or its agents of any books, records, patient files or other operational or fiscal information and data of any kind of Licensee or the Facility. In furtherance and not in limitation of the foregoing, in the event that in the process of any such employee training and/or due diligence examinations Licensee shall incur any out of pocket costs or expenses related to the use of its employees, equipment and/or the provision of any such information, New Operator shall, within seven (7)

12.2 Nothing herein shall be construed as precluding Licensee from removing from the Facility originals of employee records, all of which shall be and remain the property of Licensee, provided, however, Licensee will not remove such records until such time as New Operator advises Licensee that it has made a copy of any portion of the employee records which are required to be maintained by New Operator to comply with applicable law, which copies shall be made by New Operator (i) only after New Operator has secured the written consent of the affected employees and (ii) as promptly as possible, but not later than thirty (30) days, after the Operations Transfer Date, it being understood and agreed, however, that in light of the methods used by Licensee to electronically maintain its employee records and to store the same with a third party vendor, Licensee is not making any representation or warranty as to the ability of New Operator to make a copy of the such employee records or as to the accuracy or completeness of the employee records. 12.7 Licensee shall have the right, at Licensee’s sole cost and expense, five (5) days after the delivery of a reasonable request therefore to New Operator to enter the Facility and remove originals or copies of any such records delivered to New Operator; *provided, however,* that if directed by Licensee in its request to New Operator, New Operator shall within such five (5) day period, forward such records to Licensee, at Licensee’s sole cost and expense, to the address designated by Licensee; and provided, further, that if, for purposes of litigation involving a patient or employee to whom such record relates, an officer of or counsel for Licensee certifies that an original of such record must be produced in order to comply with applicable law or the order of a court of competent jurisdiction in connection with such litigation then the records so delivered or removed shall be an original. Licensee’s request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from

retaining copies of any such documents. Nothing hereinabove shall limit, reduce or restrict the Licensee's access to the Facility, during the Term of the Management Period in connection with any of the Licensee's rights, duties or obligations under this Agreement or that are required statutorily as the Licensee of the Facility.

Concurrently with the execution of this Sublease, New Operator and Licensee have entered into a Management and Operations Transfer Agreement (the “Management Agreement”), pursuant to which New Operator shall manage the Facility under Licensee's existing license during the term of the Management Agreement, as set forth therein.

New Operator desires to sublease the Facility to Licensee and Licensee desires to sublease the Facility from New Operator on the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the covenants and conditions contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

The term of this Sublease shall commence on the Operations Transfer Date (as defined in the Management Agreement), and shall continue in effect until the ~~Termination~~Transition Date, as defined in Section ~~6.6 of the Management Agreement, subject to extension as provided in Section 6.6~~1.4 of the Management Agreement.

3. **PAYMENTS BY LICENSEE:**

Commencing on the Effective Date, Licensee shall pay to New Operator as rent for the Leased Premises the sum of Twelve Dollars (\$12.00) per year, payable in advance.

4. **PAYMENTS BY NEW OPERATOR:**

4.1 Utilities. New Operator shall pay all water, gas, heat, light, power, telephone service and all other utility services supplied to the Leased Premises during the term hereof.

4.2 Taxes. New Operator shall pay all real and personal property taxes, assessments and levies of any kind or nature whatsoever taxed, assessed, levied or imposed upon or against the Leased Premises during the term hereof.

4.3 Insurance. New Operator shall pay all insurance premiums for all insurance coverage required of the New Operator as lessee under the New Lease (as defined in the Management Agreement). New Operator covenants and agrees that all of the property constituting the Leased Premises is covered as of the date hereof and will be covered at all times by general liability, fire, theft and property damage insurance. All such insurance shall name New Operator and Licensee as insureds as their respective interests may appear.

4.4 Repairs and Maintenance; Alterations. New Operator shall pay all costs of repairing and maintaining the Leased Premises and every part thereof in good and sanitary order, condition and repair during the term hereof, reasonable wear and tear excepted. Licensee shall not make any alterations or changes to the Leased Premises without the prior written approval of New Operator in its sole discretion.

5. **USE**.

Licensee shall use the Leased Premises for the operation of a skilled nursing facility. New Operator agrees to apply for and devote its best efforts toward obtaining a new skilled nursing facility license.

6. **COUNTERPARTS**.

This Sublease may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

BA shall ensure that any agents, including subcontractors, to whom it provides Protected Information, agree in writing to the same restrictions and conditions that apply to BA with respect to such PHI. If BA creates, maintains, receives or transmits electronic PHI on behalf of CE, then BA shall implement the safeguards required by paragraph c above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2)(ii)(D); 45 C.F.R. Section 164.308(b)]. BA shall implement and maintain sanctions against agents and subcontractors that violate such restrictions and conditions and shall promptly mitigate the effects of any such violation (see 45 C.F.R. Sections 164.530(f) and 164.530(e)(1)).

2.8 Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).

2.9 Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

2.10 Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of

purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the "Secretary") for purposes of determining BA's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate's Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA's use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE's obligations under the Agreement or Addendum or

other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to

extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### **4. MISCELLANEOUS**

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or Addendum providing assurances regarding the safeguarding of PHI that CE, in its reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

E. **WHEREAS**, New Operator and Licensee have further agreed that New Operator will manage the Facility for Licensee from the date of the Closing (the “Operations Transfer Date” to the Transition Date (as defined below). In conjunction therewith, on or before the Operations Transfer Date New Operator and Licensee will enter into an Interim Sublease in the form attached hereto as “Exhibit A” (the “Interim Sublease”), and a Bill of Sale substantially in the form attached hereto as “Exhibit B” (the “Bill of Sale”), both to be effective on the Operations Transfer Date; and

F. **WHEREAS**, in order to facilitate a transition of operational and financial responsibility from Licensee to New Operator in a manner which will ensure the continued operation of the Facility after the Operations Transfer Date in compliance with the New Lease and applicable law and in a manner which does not jeopardize the health and welfare of the residents of the Facility, Licensee and New Operator are desirous of documenting the terms and conditions on which New Operator will manage the Facility for Licensee as of the Operations Transfer Date and certain other terms and conditions relevant to the transition of operational and financial responsibility from Licensee to New Operator;

**NOW, THEREFORE**, in consideration of the foregoing premises and the mutual covenants of the parties set forth herein, it is hereby agreed as follows:

**1. Closing.**

1.1 Operations Transfer Date. The transactions contemplated under this Agreement shall be effectuated on the Operations Transfer Date, which shall be the Closing Date as defined in the Purchase Agreement, subject to the satisfaction or waiver of the Conditions Precedent set forth in Section 1.3 below.

1.2 Deliverables.

1.2.1. On the Operations Transfer Date, the Parties shall execute and deliver to each other an original duly executed counterpart of the following documents: (a) the Interim Sublease; (b) an Assignment and Assumption of Agreements in the form attached hereto as "Exhibit C" (the "Assignment of Agreements"); (c) a Business Associate Addendum in the form attached hereto as "Exhibit D" (the "BAA"); (d) the Bill of Sale, to be effective on the Transition Date; and (e) an Assignment and Assumption of Admission Agreements in the form attached hereto as "Exhibit E," to be effective on the Transition Date (the "Assignment of Admission Agreements"). This Agreement, the Interim Sublease, the Assignment of Agreements the BAA, the Bill of Sale and the Assignment of Admission Agreements are referred to collectively as the "Closing Documents."

1.2.2. The assets being conveyed by Licensee to New Operator pursuant to the Bill of Sale, the Assignment of Admission Agreements and the Assignment of Agreements are collectively referred to herein as the "Operational Assets."

1.3 Conditions Precedent. For purposes of this Agreement, the "Conditions Precedent" to the transfer of operations shall be: (a) the concurrent closing of the transactions contemplated by the Purchase Agreement; (b) the execution and delivery by the Parties of each of the Closing Documents; (c) the concurrent termination of the lease between the Licensee and the Seller, and the execution of the New Lease between the Purchaser and the New Operator; and (d) the satisfaction or waiver of any conditions precedent in any ancillary transaction documents.

1.4 Transition Date. For purposes this Agreement, the "Transition Date" shall be the date upon which the California Department of Public Health ("CDPH") issues the new Permits (as defined hereafter) to New Operator for the Facility.

**2. Management of the Facility.**

2.1 Commencing on the Operations Transfer Date and ending on the first to occur of (i) the Transition Date, (ii) the termination of this Agreement prior to the Transition Date, or (iii) the execution of a Replacement MOTA (as defined below) (the "Management Period"), Licensee hereby appoints New Operator as its sole and exclusive manager of the Facility. Licensee shall cooperate with New Operator in all respects to make the transition in management of the Facility to New Operator as smooth as possible.

2.2 During the Billing Period (defined below), Licensee shall allow New Operator to use its Medicare and Medi-Cal provider agreements. In connection with New Operator's assumption of operational and financial responsibility for the Facility, Licensee shall provide to New Operator its Medi-Cal and Medicare provider numbers, submitter i.d., National Provider Identifier ("NPI") and any other identifying numbers which New Operator may use during the Billing Period (as defined below) to bill for services provided to patients (of any payor source) at the Facility (collectively, the "Provider Numbers"). Notwithstanding the foregoing, Licensee shall remain ultimately responsible for the daily operational decisions and the care delivered to the residents at the Facility during the Management Period and accordingly, Licensee shall have the right to confer and consult with New Operator on any administrative, business, or management matters concerning the operation of the Facility during the Management Period; *provided, however*, such ultimate responsibility shall not relieve New Operator from its obligations specified in this Agreement (including its financial obligations under Section 5.2), all of which shall apply during the Management Period.

2.2.1. For purposes of this Agreement, the "Billing Period" shall mean the period from the Operations Transfer Date until the occurrence of: (A) in the case of Medicare, the date on which the Centers for Medicare and Medicaid Services ("CMS") issues a tie-in notice for the purpose of tying the Licensee's Medicare provider number to the New Operator's NPI number and tax identification number, and (B) in the case of Medi-Cal, the date on which a Medi-Cal provider agreement has been issued to the New Operator by the Medi-Cal Provider Certification office and a Medi-Cal billing number has been issued to New Operator by the Medi-Cal Provider Enrollment office (collectively, the "Tie-In").

2.2.2. During the Billing Period, Licensee shall also allow New Operator, at no out of pocket cost or expense to Licensee, to bill and receive reimbursement for goods sold and services rendered at the Facility under its Payor Contracts (as hereinafter defined) while New Operator completes its own contracting process with third party payors, provided, however, nothing herein shall be construed as an assurance whether or to what extent New Operator will have the right, as a matter of law or contract, to bill the third party payors under Licensee's third party Payor Contracts. In furtherance and not in limitation of the foregoing, Licensee acknowledges that New Operator may be required to use an outside service provider for purposes of implementing the rights granted to New Operator under this Section 2.2.2, and New Operator acknowledges that any and all costs and expenses of such outside service provider shall be the sole responsibility of New Operator. "Payor Contracts" shall mean all contracts with various third-party payors, such as managed care providers and commercial insurance companies, including those which are specific to the Facility and those which cover the Facility as well as other facilities operated by Licensee's affiliates. For the avoidance of doubt, the Medicare and Medi-Cal provider agreements are not Payor Contracts. New Operator acknowledges and agrees that in no event will New Operator have the right to assume any of Licensee's Payor Contracts and that New Operator shall be required to obtain the same in its own name.

2.3 New Operator shall arrange and pay at its sole cost and expense, for the provision of the bookkeeping, accounting, and administrative functions, including, but not limited to, the following, as reasonably necessary for the efficient and proper operation of the Facility:

- 2.3.1 preparation and maintenance of business records and financial and other reports;
- 2.3.2 establishment and administration of accounting procedures and controls;
- 2.3.3 financial and business planning;
- 2.3.4 processing and payment of accounts payable;
- 2.3.5 billing, processing and collection of accounts receivable, including the billing and completion of any reports and forms that may be required by insurance companies, governmental agencies, or other third-party payors; and
- 2.3.6 providing and processing of all employee record keeping, payroll accounting (including social security and other payroll tax reporting), and benefits for all employees of the Facility.

2.4 New Operator shall arrange for the maintenance, repair, trash removal, and janitorial services which may be necessary to maintain the Facility and equipment in a clean and safe condition, in compliance with applicable law, and in good repair in accordance with standards established by the New Lease.

2.5 New Operator shall arrange for the utilities reasonably required for operation of the Facility, including, but not limited to, telephone, Wi-Fi, cable or satellite TV, electricity, gas, water and refuse disposal, and shall secure these utilities in its own name on the Operations Transfer Date.

2.6 New Operator shall arrange under its own name for the provision and replenishment, as New Operator deems necessary and as necessary to meet any minimum requirements established under applicable law, of all supplies and inventory used in the Facility. Licensee's only obligation with respect thereto shall be to ensure that the levels of supplies and inventory at the Facility, including, without limitation, perishable food, non-perishable food, central supplies, linen, housekeeping and other supplies, on the Operations Transfer Date is in condition, quantity and quality sufficient to meet the regular operating needs of the Facility for at least seven (7) days of operating in accordance with the policies of Licensee at the Facility.

2.7 New Operator shall hire employees of the Facility as employees-at-will in accordance with the terms and provisions of Section 10 of this Agreement. New Operator shall be responsible for all aspects of administration of its employees, including hiring, training, supervision, and termination. Except as otherwise determined by New Operator and Licensee (i.e., general supervision from New Operator's employees who are not permanently assigned to the Facility), all employees so hired shall be employed by New Operator. During the Management Period, New Operator shall maintain worker's compensation insurance for all its employees as required by law and employer's liability insurance reasonably acceptable to Licensee. Hiring, promotion, discipline and termination and other employment decisions with respect to its employees shall be made by New Operator in a manner consistent with applicable law and policies at the Facility.

2.8 New Operator, on behalf of the Facility, shall arrange for maintenance of the payroll records of all its employees, for the issuance of paychecks to its employees, and for the payment and withholding from such paychecks of appropriate amounts for income tax, social security, unemployment insurance, and for all employee benefits, including vacation, holidays, sick leave, and in accordance with New Operator's policies, subject to the terms and provisions of Section 10.3.

2.9 New Operator shall have the right, in its sole discretion, to revise the fee schedules for the services rendered by the Facility, provided that such changes are in compliance with the law and that New Operator shall consult with Licensee before doing so.

2.10 In conformity with applicable law, Licensee and New Operator shall not discriminate against Medicare or Medi-Cal patients who request services at the Facility, or any other person with whom it interacts in relation to the Facility.

2.11 New Operator shall comply with any and all codes, ordinances, rules, regulations, and requirements of all federal, state, and municipal authorities now in force, or which may hereafter be in force, pertaining to the Facility and its operations.

2.12 New Operator shall procure and maintain during the Management Period the insurance required under the terms of the New Lease, with the Licensee named as an additional named insured on all such insurance policies. New Operator shall keep all insurance coverage in effect and, without demand, provide to Licensee updated certificates at each renewal for the applicable statute of limitations period in which any claims may be brought against Licensee or Licensee's shareholders, members, affiliates, directors, officers, representatives or advisers.

2.13 Funds received by New Operator which relate to the Quality and Accountability Supplemental Payment ("QASP") owed to Licensee for dates prior to the Operations Transfer Date shall belong to the Licensee and shall be remitted by New Operator to the Licensee promptly within ten (10) days' receipt of such QASP from the applicable regulatory agency. The amount of the QASP deemed owed to Licensee shall be calculated as follows: the QASP shall be multiplied by a fraction, the numerator of which shall be the number of days the Licensee operated the Facility in the year for which QASP are being made and the denominator of which shall be the number of days in the year for which QASP are being made. New Operator and Licensee hereby acknowledge that payments made for QASP fees are paid based on the state fiscal year of July 1-June 30 (the "SFY"), and that payments for the prior year are received in approximately April of the calendar year following the SFY. For example, payments made to operators in April 2024 will be for SFY July 1, 2022-June 30, 2024 and payments made to operators in April 2025 will be for SFY July 1, 2023-June 30, 2024.

2.14 New Operator shall be responsible for all Quality Assurance Fees owed by the Facility to the California Department of Health Care Services ("QA Fees") that accrue for periods on and after the Operations Transfer Date. Licensee shall be responsible for all QA Fees that accrue for periods before the Operations Transfer Date, and shall at least five (5) business days prior to the Operations Transfer Date, provide evidence reasonably satisfactory to New Operator that all QA Fees for periods prior to the Operations Transfer Date have been paid in full.

2.15 New Operator shall cooperate with Licensee in the provision and dissemination of any notice required to be provided under Health and Safety Code § 1267.61 (“Transfer Notice Act.”) of the transfer of operations contemplated under this Agreement to all of the residents of the Facility (the “Transfer Notice”). New Operator agrees to provide all information necessary for Licensee to prepare and post such Transfer Notice pursuant to the requirements of the Transfer Notice Act; and the Licensee shall post a copy of the Transfer Notice on all entrance and exit doors of the Facility.

### **3. Billings, Collections and Accounts Receivable.**

3.1 New Operator shall, on behalf of Licensee, bill patients and payors and use its commercially reasonable efforts to collect all cash revenue resulting from Facility operations during the Billing Period. Licensee and New Operator agree to cooperate with each other to make available such billing and accounting information and to provide such financial records for review as shall be necessary to accomplish the billing and collection of patient charges for services provided by Licensee prior to the Operations Transfer Date and provided for in this Section 3 and to cooperate in the completion of reports and claim forms as necessary to procure payments and reimbursement from governmental agencies, insurance carriers or other third party payors. During the Billing Period, Licensee authorizes New Operator to do the following:

3.1.1. To bill patients in Licensee’s name, on Licensee’s behalf, and under Licensee’s Provider Numbers, specifically including, without limitation, services provided to Medicare and Medi-Cal patients during the Billing Period, and the resulting revenue will be treated as revenue of Licensee (subject to New Operator’s right to direct the use of such funds as herein provided and subject to New Operator’s right to the Management Fee pursuant to Section 5 hereof).

3.1.2. To collect accounts receivable resulting from such billing in Licensee’s name and on Licensee’s behalf;

3.1.3. To receive payments from insurance companies, prepayments from health care plans, and payments from all other third-party payors;

3.1.4. To take possession of and endorse in the name of Licensee any notices, checks, money orders, insurance payments, and other instruments received in payment of the accounts receivable resulting from such billing and deposit them directly in New Operator’s account; and

3.1.5. To initiate legal proceedings in accordance with policies reasonably approved by Licensee to collect any accounts or monies owed to the Facility or Licensee related to the Facility during the Management Period.

3.2 Licensee has disclosed to New Operator that the Medicare, Medi-Cal and other third party payor receivables paid pursuant to the Facility’s existing Medicare and Medi-Cal provider agreements are deposited into a concentration account, into which accounts receivables and payments from third party payors for other healthcare facilities are also deposited (the “Licensee’s Concentration Account”). New Operator agrees that for the duration of the of this Agreement, that Licensee shall maintain sole control of its Concentration Account, provided however, Licensee agrees on the date that is forty-five (45) days after the Operations Transfer

Date, Licensee shall cause its depository bank to implement and install on the Concentration Account, [daily/weekly sweeps] of all accounts receivables attributable to the Facility for periods on and after the Operations Transfer Date, to a depository account identified by New Operator. From and after the installation of such [daily/weekly sweeps] on Licensee's Concentration Account, Licensee agrees that it shall not: (y) withdraw any funds from such Concentration Account which are attributable to the Facility for periods on and after the Operations Transfer Date; (y) otherwise instruct the bank with respect to the disposition of any funds deposited into the Concentration Account that relate to the Facility for periods on and after the Operations Transfer Date; or (z) otherwise instruct bank to terminate or modify the [daily/weekly sweeps] installed on the Concentration Account, without the express written consent of New Operator.

3.2.1. New Operator shall have the right to open one or more bank accounts for the Facility in the name of Licensee (the "Management Account"), the authorized signatories of which shall consist solely of persons designated by New Operator. Licensee agrees that it will not take any actions that interfere with the transfer of funds for services rendered by New Operator after the Operations Transfer Date into the Management Account, nor will Licensee remove, withdraw or authorize the removal or withdrawal of any such funds from the Management Account. Amounts deposited into Licensee's Concentration Account or any other deposit accounts of Licensee for any reason and relating to operations of the Facility after the Operations Transfer Date shall be transferred by Licensee into the Management Account within five (5) business days of receipt. Licensee expressly authorizes New Operator to endorse checks made payable to Licensee in respect of services provided after the Operations Transfer Date and to deposit them in the Management Account.

3.3 All cash received during the Management Period related to operating revenues for services rendered by New Operator on and after the Operations Transfer Date shall be under the control of New Operator, rather than Licensee. All cash received before, during or after the Management Period related to the operating revenues for services rendered by Licensee prior to the Operations Transfer Date shall be remitted to Licensee within five (5) business days of receipt, together with applicable remittance advices.

3.3.1. If Licensee directly or indirectly receives any such cash during the Management Period which relates to the Management Period, Licensee shall forward any such receipts to New Operator, together with the applicable remittance advices, within five (5) business days, for deposit in the Management Account. If New Operator directly or indirectly receives any cash during the Management Period which relates to the period prior to the Management Period, New Operator shall within five (5) business days forward any such receipts to Licensee, together with applicable remittance advices.

3.3.2. New Operator shall use the cash receipts which relate to the operation of the Facility during the Management Period, or, if necessary, make available additional cash, to pay for expenses incurred during the Management Period, including both expenses paid during such period and expenses which are due after the Management Period but which were incurred during the Management Period.

3.4 In furtherance and not in limitation of the allocation of revenues provided for in Sections 3.3 and 3.3.1, New Operator and Licensee agree as follows:

3.4.1. If such payments either specifically indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period prior to the Operations Transfer Date, they shall be retained or forwarded to Licensee, along with the applicable remittance advice in accordance with the provisions of Sections 3.3 and 3.3.1.

3.4.2. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to the period from and after the Operations Transfer Date, they shall be forwarded or retained by New Operator, along with the applicable remittance advice, in accordance with the provisions of Sections 3.3 and 3.3.1.

3.4.3. If such payments indicate on the accompanying remittance advice, or if the parties agree, that they relate to periods for which both parties are entitled to reimbursement under the terms hereof, the portion thereof which relates to the period prior to the Operations Transfer Date shall be disbursed to or retained by Licensee in accordance with the provisions of Section 3.3 and the balance shall be retained by or remitted to New Operator in accordance with the provisions of Section 3.3.1.

3.4.4. Any payments received by New Operator from and after the Operations Transfer Date from or on behalf of private pay patients with outstanding balances as of the Operations Transfer Date which fail to designate the period to which they relate (an “Undesignated Payment”), will, for the thirty (30) day period after the Operations Transfer Date, first be applied by New Operator to reduce the patients’ pre-Operations Transfer Date balances, with any excess applied to reduce any balances due for services rendered by New Operator from and after the Operations Transfer Date; after said thirty (30) day period such Undesignated Payment may be retained by New Operator to reduce the patient’s post-Operations Transfer Date balances, with any excess remitted to Licensee to reduce any balances due for services rendered by Licensee prior to the Operations Transfer Date.

3.4.5. All amounts owing to Licensee or New Operator under this Section 3.4 shall be settled within five (5) business days after the payment was received.

3.4.6. In the event the Parties mutually determine that any third party payors or private pay residents are entitled to a refund of payments, the portion thereof that relates to the period from and after the Operations Transfer Date shall be paid by New Operator and the portion thereof that relates to the period prior to the Operations Transfer Date shall be paid by Licensee to such third party payor or private pay resident.

3.4.7. In the event the parties mutually determine that any payment hereunder was misapplied by the parties, the party which erroneously received said payment shall remit the same to the other within five (5) business days after said determination is made.

3.4.8. Until the earlier of (i) the date that Licensee receives payment of all accounts receivable attributed to the operation of the Facility prior to the Operations Transfer Date, and (ii) twelve (12) months after the Operations Transfer Date, New Operator shall provide Licensee with an accounting before the end of each month setting forth all amounts received by New Operator during the preceding month with respect to the accounts receivable of Licensee which are set forth in the schedule provided by Licensee to New Operator within no more than

thirty (30) days after the Operations Transfer Date. New Operator shall deliver such accounting to the person identified in Section 17 at the address and email address provided therein.

3.4.9. Upon ten (10) days after written request, and for a period of twelve (12) months after the Operations Transfer Date, Licensee shall provide New Operator with an accounting setting forth all amounts received by Licensee during the preceding month with respect to payments from the residents of the Facility which are due and owing to New Operator in accordance with the terms of this Section 3.4, which accounting shall be accompanied by applicable remittance advices.

3.4.10. Licensee and New Operator shall have the right to inspect, no more frequently than once per month, all cash receipts of the other party during weekday business hours on reasonable prior notice in order to confirm such party's compliance with the obligations imposed on it under this Section 3.4.

3.5 New Operator shall cooperate fully with Licensee in the collection of the Licensee's accounts receivable which accrued prior the Operations Transfer Date. Licensee shall be responsible for any further billing and/or collections of the Licensee's accounts receivable, and New Operator shall not be obligated to take any collection action or incur any expense in connection therewith.

#### **4. COVID Payments.**

4.1 Any and all Paycheck Protection Program SBA Loans ("SBA Loans") received by Licensee shall remain the sole responsibility, liability and obligation of Licensee, and any SBA Loans received by New Operator shall remain the sole responsibility, liability, and obligation of New Operator.

4.2 To the extent permitted by the terms thereof, any grant payments, stimulus payments, retroactive rate adjustments, and any and all other payments and support paid with respect to the Facility in relation to COVID-19 relief efforts (collectively, the "COVID Payments") received by Licensee during the Management Period shall be paid over to New Operator, and New Operator shall assume responsibility for all of the terms and conditions thereof, and for all obligations relating to such payments. Notwithstanding anything in this Agreement to the contrary, to the extent New Operator properly receives any future COVID Payments intended for its utilization by the issuing entity, New Operator hereby covenants that any such COVID Payments will be utilized by New Operator only in the operation of the Facility to pay allowable covered, actual COVID-19-related expenses incurred by New Operator on or after the Operations Transfer Date and in accordance with the all Applicable Laws (as defined below) governing such COVID Payments. Any and all such COVID Payments shall remain the property and responsibility of New Operator. For the avoidance of doubt, Licensee shall not assume or accept any funds, proceeds, responsibilities, liabilities, and/or obligations related to, or in connection with, the COVID Payments received by New Operator, and New Operator shall defend, indemnify and hold Licensee harmless from and against any such liabilities or obligations.

4.3 Each of the Parties shall comply with all Applicable Laws related to the SBA Loans and COVID Payments described herein. The Parties shall reasonably cooperate with

any information requests related to such funds in order to comply with regulatory and reporting requirements. Until the Transition Date, New Operator shall notify Licensee of all SBA Loans and COVID Payments it receives that are covered under this Section 4 within seven (7) days of receipt and promptly upon receipt of a request therefore from Licensee, New Operator will provide Licensee with copies of all information necessary to document the application for or utilization of such funds upon request.

## **5. Management Fee.**

5.1 For its services under Sections 2 and 3, New Operator shall be entitled to a fee from Licensee (the “Management Fee”) equal to the Facility’s operating revenues less all operating expenses, including the rent and related expenses due under the terms of the New Lease, resulting from operation of the Facility during the Management Period, calculated in accordance with standard bookkeeping practices.

5.2 If the Facility incurs losses or expenses during the Management Period, New Operator shall be responsible for such losses and expenses, and shall indemnify, protect, defend and hold Licensee harmless from all claims, demands, liability, and losses related thereto, including payment of the New Operator’s obligation under the New Lease, and any license renewal fees arising during the Management Period. Any expense that relates to operation of the Facility for the period prior to the Operations Transfer Date shall be borne and paid by Licensee, except expenses for inventory and supplies which were ordered by Licensee in the ordinary course of business prior to the Operations Transfer Date and received and accepted by New Operator after the Operations Transfer Date, which shall be paid by New Operator.

5.3 The Management Fee is based upon revenues earned and expenses incurred during the Management Period, as determined in accordance with standard bookkeeping practices. Except as provided in Section 5.2, New Operator has no responsibility to pay for expenses during the Management Period which were incurred prior to the Operations Transfer Date, it being understood and agreed that revenues and expenses will be prorated in the manner set forth in Section 11.

## **6. Change of Ownership.**

6.1 From and after the Operations Transfer Date, Licensee shall cooperate with New Operator for the assignment of its Medicare and Medi-Cal provider agreements to New Operator.

6.2 New Operator shall file (i) its application to CDPH for the issuance of a license to operate the Facility as a skilled nursing facility on or before the Operations Transfer Date, and (ii) its applications for assignment of the Medicare and Medi-Cal provider agreements and Provider Numbers within Thirty (30) days following the Operations Transfer Date (collectively, the “Permits”). New Operator shall diligently proceed with securing the Permits and shall, (a) from time to time, upon request of Licensee, advise Licensee of the status of New Operator’s efforts to secure the Permits, and (b) promptly advise Licensee once the anticipated Transition Date is known to New Operator. New Operator shall be solely responsible for any and all costs associated with the CHOW process. Licensee agrees to execute all documentation

required by CDPH or CMS in connection with its review and approval of New Operator's CHOW, including but not limited to completing portions of CMS Form 855A-requiring information about Licensee and Licensee's signature to assign the Medicare provider agreement. Licensee further agrees to provide New Operator or New Operator's representatives with access to the patient trust fund accountings for completion of the patient trust fund verification as required by CDPH.

6.3 Promptly upon receipt of a request therefor from Licensee, New Operator will provide Licensee with copies of its licensure applications and any further documents submitted by New Operator to CDPH in response to any requests from such governmental authority and with copies of its Permits.

6.4 Licensee shall otherwise cooperate with New Operator, to the extent reasonably necessary, in order to facilitate the issuance of the new Permits and Provider Numbers and shall not voluntarily surrender its Permits or Medicare or Medi-Cal provider agreements.

6.5 On or before the Operations Transfer Date, Licensee and New Operator shall execute, as applicable, the Interim Sublease, the Bill of Sale (to be effective on the Transition Date) and such other documentation as is required for processing of the New Operator's skilled nursing facility application with CDPH, and in connection with the permits and assignment of Licensee's Medicare and Medi-Cal provider agreement to New Operator.

6.6 (a) Subject to extension as set forth below, this Agreement shall automatically terminate, without need for further notice to either party, on the first to occur of (i) the Transition Date, (ii) the date that is eighteen (18) months after the Execution Date, and (iii) termination by Licensee in accordance with paragraph (b) below (in any such case, the "Termination Date").

(b) Prior to the Termination Date, if (i) CDPH determines that New Operator will not be granted a new skilled nursing facility license for the Facility or Licensee's skilled nursing facility license or Medicare and Medi-Cal provider agreements or the Facility's certification are in imminent jeopardy of being revoked (a "Default Event"), or (ii) the Licensee determines, based on communications with or from DPH that a Default Event is likely to occur, then Licensee shall send written notice to New Operator of the Default Event (a "Default Notice"). If in the reasonable determination of Licensee, the Default Event is capable of cure, New Operator shall have the period (if any) that is permitted by the relevant agency, but in no event more than thirty (30) days from delivery of the Default Notice, to cure the event or to identify an Approved Replacement Operator (as defined below). If New Operator fails to timely cure the Default Event or to identify an Approved Replacement Operator, then Licensee shall have the option to terminate this Agreement upon ten (10) business days' written notice to New Operator.

(c) Upon the Termination Date (otherwise than upon the Transition Date), the following provisions shall apply:

(i) Provided that the Termination Date occurred only as a result of the expiration of the 18-month period set forth in paragraph (a) above (and not as the result of a Default Event), at the election of New Operator, the term of this Agreement shall be extended for an additional twelve (12) months (the "Extension Term"), upon the

expiration of which period this Agreement shall terminate and all of the provisions of this Section 6.6 shall apply, except that the New Operator shall not have the right to any further extension of this Agreement;

(ii) The Interim Sublease shall be extended for the Extension Term; and

(iii) New Operator shall continue to cooperate with Licensee in connection with the closure of the facility.

(e) Upon termination of this Agreement, except as set forth above, the parties will have no further obligations to each other under this Agreement or the Interim Sublease, except for those obligations that expressly survive the expiration or earlier termination of this Agreement; provided that the effect of such termination of this Agreement shall not be deemed to release, or limit the liabilities of, any party from any liability or damages arising in indemnity or from any breach or misrepresentation by a party hereunder, or under any other document, instrument or certificate executed and delivered by a party in connection herewith or therewith.

(d) As used herein, “Approved Replacement Operator” means a proposed replacement operator who (a) is approved by Licensee, which approval shall not be unreasonably withheld, conditioned or delayed; and (b) will enter into a management and operations transfer agreement substantially in the form of this Agreement with Licensee as promptly as is necessary, in Licensee’s determination, to preserve Licensee’s skilled nursing facility license and Medicare and Medi-Cal provider agreements for the Facility.

**7. Admission Agreements.** On the Transition Date, pursuant to the Assignment of Admission Agreements Licensee will assign to New Operator and New Operator will assume all of Licensee’s right, title and interest in and to and obligations accruing on and after the Transition Date under the admission agreements with the persons who are residing at the Facility on the Transition Date (the “Assigned Admission Agreements”) and thereafter. Although the assignment of the Assigned Admission Agreements shall be effective on the Transition Date, as provided in the Assignment of Admission Agreements, New Operator agrees to perform all of the obligations of Licensee relating to the Assigned Admission Agreements which accrue on or after the Operations Transfer Date.

**8. Transfer of Resident Funds.**

8.1 On the Transition Date, Licensee shall deliver to New Operator all petty cash held for and on behalf of residents at the Facility (collectively the “Resident Funds”), and New Operator hereby agrees that it will accept such Resident Funds in trust for the residents/responsible parties and be solely accountable to the residents/responsible parties for such Resident Funds in accordance with the terms of this Agreement and applicable statutory and regulatory requirements.

8.2 On or before the Transition Date, Licensee shall prepare a final reconciliation comparing the actual Resident Trust Fund balance on the Transition Date to the amount of the Resident Funds transferred to New Operator on the Transition Date, and, to the

extent the former exceeds the latter, Licensee shall remit such excess to New Operator or to the extent the latter exceeds the former, New Operator shall remit such excess to Licensee.

8.3 New Operator shall have no responsibility as to the applicable resident/responsible party and regulatory authorities for any shortfall in the event the Resident Funds delivered by Licensee to New Operator pursuant to Section 8.2 are demonstrated to be less than the full amount of the Resident Funds for such resident as of the Transition Date or for claims which arise from actions or omissions of Licensee with respect to the Resident Funds prior to the Transition Date but all of the foregoing shall be and remain the responsibility of Licensee and Licensee shall indemnify, defend, protect and hold New Operator harmless from the same.

8.4 Upon transfer of all of the Resident Funds to New Operator, Licensee shall have no responsibility to the applicable resident/responsible party and regulatory authorities with respect to any Resident Funds delivered to New Operator.

**9. Cost Reports.** Licensee shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any final cost reports with respect to its operation of the Facility which are required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service before the Operations Transfer Date. New Operator shall timely prepare and file with the appropriate Medicare and Medi-Cal agencies any cost reports with respect to its operation of the Facility which are required to be filed by law under the terms of the Medicare and Medi-Cal programs for dates of service on and after the Operations Transfer Date. Within five (5) business days of request by either Licensee or New Operator shall provide the other with copies of such cost reports, together with copies of any amendments thereto and correspondence related to such final cost reports. Licensee shall pay for any costs related to the preparation or filing of cost reports or Medi-Cal cost audits for any period prior to the Operations Transfer Date and New Operator shall pay any costs related to the preparation or filing of costs reports or Medi-Cal cost audits for periods from and following the Operations Transfer Date. In the event Licensee fails to timely file any cost report, New Operator shall have the right to do so in Licensee's name and at Licensee's expense.

## **10. Employees.**

10.1 Licensee shall terminate all of the Facility employees effective as of 11:59 p.m. on the day immediately prior to the Operations Transfer Date. Licensee shall pay directly to such employees any unpaid wages, all earned and accrued employee wages and benefits (including, without limitation, vacation, sick pay, holiday pay and paid time off). New Operator acknowledges that Licensee has provided New Operator with a list of all Facility employees and Licensee shall permit New Operator, in cooperation and coordination with Licensee, to meet with all employees of the Facility prior to the Operations Transfer Date and to advise them of New Operator's plans with respect to the hiring of the employees of the Facility and the continuation of benefits which will be offered to the employees of the Facility after the Operations Transfer Date.

10.2 New Operator hereby covenants and agrees (a) it shall offer to hire on the Operations Transfer Date and retain for a period of at least sixty (60) days after the Operations Transfer Date all of the employees at the Facility (specifically excluding the administrator and the director of nursing) and all shall be Hired Employees under this Agreement, (b) it shall not terminate

the employment of any of the Hired Employees during such sixty (60) day period, except for cause, and (c) during such sixty (60) day period, it will not reduce the wages and/or benefits of any of the Hired Employees nor alter the terms and conditions of employment, economic or otherwise, of such Hired Employees. In connection therewith, New Operator shall make a written offer of employment to each employee of the Facility (other than the administrator and director of nursing) at least ten (10) days prior to the Operations Transfer Date (an “Employment Offer”). Each Employment Offer must be in each employee’s primary language or another language in which such employee is literate and must state the time within which the employee may accept the offer, which time period may not be less than ten (10) days.

10.3 It is the understanding and belief of Licensee and New Operator that Licensee currently employs approximately \_\_\_\_ employees at the Facility, but that Licensee is not required to give notice to the employees of the Facility of the “closure” thereof under the Worker Adjustment and Retraining Notification Act (the “WARN Act”) or under any comparable State law, because of the assurances provided by New Operator in Section 10.2. New Operator has advised the Licensee that it does not want Licensee to deliver any such notices to the employees, and in reliance on New Operator’s assurance, Licensee has agreed that a closure notice will not be provided to the employees of the Facility as of the Operations Transfer Date.

10.4 The employees who accept offers of employment from the New Operator as of the Operations Transfer Date shall be referred to as the “Hired Employees.” Licensee, or any of its affiliates, shall have the right to retain or offer to employ any employee who is not a Hired Employee, including without limitation any employee who declines to accept employment with New Operator.

10.5 Licensee acknowledges and agrees that New Operator is not assuming any of Licensee’s obligations to its employees under Section 601, et seq. of ERISA and Section 4980B of the Internal Revenue Code (“COBRA”) or otherwise. Notwithstanding the foregoing, New Operator will offer to the Hired Employees the right to participate in New Operator’s health insurance program as of the Operations Transfer Date.

10.6 New Operator hereby agrees to indemnify, protect, defend and hold harmless Licensee from any loss, cost or expense Licensee actually incurs as a result of a failure to give any required notice under the WARN Act or any comparable state law.

## **11. Costs And Prorations.**

11.1 As between New Operator and Licensee, Facility revenues (including, without limitation, any amount paid to Licensee prior to the Operations Transfer Date for services to be rendered on and after the Operations Transfer Date from social security payments, private pay patients’ security deposits and prepayments, applied income payments, resident trust prepayments, etc.), Facility operating expenses, bed taxes, utility charges for the billing period in which the Operations Transfer Date occurs, real and personal property taxes (except as otherwise provided herein) and prepaid expenses, the premiums for any flood insurance coverage which may be in effect with respect to the Facility and provide coverage for the benefit of New Operator with respect to a period which extends beyond the Operations Transfer Date and other related items of revenue or expense attributable to the Facility (excluding, however, prepaid license fees) shall be

prorated between Licensee and New Operator as of the Operations Transfer Date. In general, such prorations shall be made so that as between New Operator and Licensee, Licensee shall be reimbursed for prepaid expense items to the extent that the same are applied to expenses attributable to periods on and after the Operations Transfer Date and Licensee shall be charged for unpaid expenses to the extent that the same are attributable to periods prior to the Operations Transfer Date. This provision shall be implemented by New Operator remitting to Licensee any invoices (or the applicable portion thereof in the case of invoices which cover periods both prior to and after the Operations Transfer Date) which describe goods or services provided to the Facility before the Operations Transfer Date and by New Operator assuming responsibility for the payment of any invoices (or portions thereof) which describe goods or services provided to the Facility on and after the Operations Transfer Date; provided, however, that notwithstanding any provision of this Agreement to the contrary, any and all deposits paid by Licensee with respect to the Facility, including without limitation, any and all lease, security and/or utility deposits paid to, and/or cash or other collateral held by, any landlord, utility, insurance company or surety shall remain the sole and exclusive property of Licensee, and New Operator shall have no right or interest therein or thereto, and to the extent that Licensee does not receive a return of any such deposit on the Operations Transfer Date and such security deposit has been assumed by New Operator, New Operator shall reimburse the Licensee on the Operations Transfer Date the full amount of any such security deposit assumed by New Operator.

11.2 All such prorations shall be made on the basis of actual days elapsed in the relevant accounting or revenue period and shall be based on the most recent information available to Licensee. Utility charges which are not metered and read on the Operations Transfer Date shall be estimated based on prior charges and shall be re-prorated upon receipt of statements therefor as of the Operations Transfer Date. New Operator shall obtain its own insurance coverage covering all periods commencing on and after the Operations Transfer Date and for the duration of the Management Period and shall name Licensee as an "Additional Insured" to said insurance coverage policies.

11.3 All amounts which are subject to proration under the terms of this Agreement and which require adjustment after the Operations Transfer Date shall be settled within ten (10) days after the Operations Transfer Date or, in the event the information necessary for such adjustment is not available within said ten (10) day period, then within seven (7) business days of receipt of information by either party necessary to settle the amounts subject to proration.

11.4 On the Operations Transfer Date, Licensee may remove from the Facility any petty cash and any other funds maintained at or for the Facility immediately prior to the Operations Transfer Date, other than resident trust funds, which shall be handled in the manner set forth in Section 8.

11.5 In addition to any costs for which New Operator is responsible under Section 5 hereof, New Operator shall be solely responsible for all costs, fees and expenses incurred by it in connection with the transfer of operations of the Facility as contemplated hereunder, including but not limited to the cost of any training of the Facility's employees which it may elect to undertake with the approval of Licensee, which approval shall not be unreasonably withheld, conditioned or delayed, provided such training is conducted in a manner which does not disrupt the operation of the Facility prior to the Operations Transfer Date, and the cost of any due diligence

that it undertakes in furtherance of such transfer of operations, including but not limited to, the costs of any examination or copying by New Operator or its agents of any books, records, patient files or other operational or fiscal information and data of any kind of Licensee or the Facility. In furtherance and not in limitation of the foregoing, in the event that in the process of any such employee training and/or due diligence examinations Licensee shall incur any out of pocket costs or expenses related to the use of its employees, equipment and/or the provision of any such information, New Operator shall, within seven (7) days after a written demand therefor accompanied by reasonably detailed supporting documentation, reimburse Licensee for all of such out of pocket costs and expenses.

## **12. Access to Records.**

12.1 On the Operations Transfer Date, Licensee shall deliver to new operator all records necessary to the efficient, continued operation of the facility, subject to the provisions below.

12.2 Nothing herein shall be construed as precluding Licensee from removing from the Facility originals of employee records, all of which shall be and remain the property of Licensee, provided, however, Licensee will not remove such records until such time as New Operator advises Licensee that it has made a copy of any portion of the employee records which are required to be maintained by New Operator to comply with applicable law, which copies shall be made by New Operator (i) only after New Operator has secured the written consent of the affected employees and (ii) as promptly as possible, but not later than thirty (30) days, after the Operations Transfer Date, it being understood and agreed, however, that in light of the methods used by Licensee to electronically maintain its employee records and to store the same with a third party vendor, Licensee is not making any representation or warranty as to the ability of New Operator to make a copy of the such employee records or as to the accuracy or completeness of the employee records. Should New Operator not be able to secure written consent from certain affected employees or if such employees employment with Licensee has previously terminated, and New Operator cannot make a copy of certain employment records, Licensee will grant access to such employee records to New Operator, within a reasonable time, if permitted by applicable law and if New Operator is required to produce such records pursuant to any licensure or certification survey, inspection, investigation or as otherwise required by law. Notwithstanding anything herein to the contrary, Licensee shall not be required to deliver to New Operator background checks, drug test results or other employee records that are produced and maintained by third party vendors.

12.3 Nothing herein shall be construed as precluding Licensee from removing the following records from the Facility, which New Operator may make copies at its sole expense to the extent necessary to facilitate the provisions of this agreement: (a) the originals of the financial records which relate to its operations at the Facility, including all accounts payable and accounts receivable records (provided that Licensee shall make at its expense and leave at the Facility such financial records as may be necessary to enable New Operator to comply with its obligations under this Agreement, and to ensure compliance by Licensee with its obligations, (b) the originals of all performance improvement data for the preceding twelve (12) months, (c) originals of employee records for all former employees that are not Hired Employees and copies of employee records for all Hired Employees, (d) originals of patient records for all former

patients no longer residing at the Facility, (e) copies of records for all current patients residing at the Facility, and (f) legacy records stored either on-site or off-site.

12.4 Notwithstanding anything to the contrary in this Agreement, Licensee and New Operator agree that all information, records and data collected or maintained regarding Facility residents shall be confidential. Licensee, New Operator, and their respective employees and agents shall maintain the confidentiality of all Facility resident information received in accordance with applicable California and federal laws, including HIPAA, the health insurance portability and accountability act of 1996 (public law 104-91) (“HIPAA”) the health information technology for economic and clinical health act public law 111-005 (“HITECH”) and the regulations issued in connection therewith. No employee or agent of Licensee or New Operator shall discuss, transmit or narrate in any manner any Facility resident information of a personal, medical, or other nature except as a necessary part of providing services to the resident, effectuating a transfer of the Facility operations, or otherwise fulfilling its obligations under this Agreement or under law. The obligations under this Section 12 shall survive the termination of this Agreement, whether by rescission or otherwise as amended and the regulations issued in connection therewith.

12.5 From and after the Operations Transfer Date, New Operator shall allow Licensee and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to and including the Operations Transfer Date, to the extent reasonably necessary to enable Licensee to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for Licensee to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due Licensee and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to and including the Operations Transfer Date.

12.6 From and after the Operations Transfer Date, Licensee shall allow New Operator and its agents and representatives to have reasonable access to (upon reasonable prior notice and during normal business hours), and to make copies of, the books and records and supporting material of the Facility relating to the period prior to the Operations Transfer Date, to the extent reasonably necessary to enable New Operator to among other things investigate and defend malpractice, employee or other claims, to file or defend cost reports and tax returns, to complete/revise, as needed, any patient assessments which may be required for New Operator to seek reimbursement for services rendered prior to the Operations Transfer Date, to verify accounts receivable collections due New Operator and to file exceptions to the Medicare routine cost limits for the cost reporting periods prior to the Operations Transfer Date.

12.7 Licensee shall have the right, at Licensee’s sole cost and expense, five (5) days after the delivery of a reasonable request therefore to New Operator to enter the Facility and remove originals or copies of any such records delivered to New Operator; *provided, however*, that if directed by Licensee in its request to New Operator, New Operator shall within such five (5) day period, forward such records to Licensee, at Licensee’s sole cost and expense, to the address designated by Licensee; and provided, further, that if, for purposes of litigation involving a patient or employee to whom such record relates, an officer of or counsel for Licensee certifies that an

original of such record must be produced in order to comply with applicable law or the order of a court of competent jurisdiction in connection with such litigation then the records so delivered or removed shall be an original. Licensee's request to New Operator to enter the Facility shall be made in writing and state the date upon which the entry to the Facility is required. Any record so removed shall promptly be returned to New Operator following its use, and nothing herein shall be interpreted to prohibit New Operator from retaining copies of any such documents. Nothing hereinabove shall limit, reduce or restrict the Licensee's access to the Facility, during the Term of the Management Period in connection with any of the Licensee's rights, duties or obligations under this Agreement or that are required statutorily as the Licensee of the Facility.

12.8 New Operator agrees to maintain such books, records and other materials comprising records of the Facility's operations, including, but not limited to, patient records and records of patient funds, to the extent required by law, which relate to the period preceding the Operations Transfer Date and which have been delivered to New Operator by Licensee in conjunction herewith. If upon the expiration of any legislatively mandated retention period for such books and records, New Operator decides to dispose of or destroy such books and records, New Operator shall provide Licensee thirty (30) days advance notice of such decision, and New Operator shall, upon receipt of a written request from Licensee, allow Licensee a reasonable opportunity to remove such books and records, at Licensee's sole cost and expense, from the Facility.

12.9 New Operator acknowledges and agrees that the books, records and other material described in this Section 12 are unique, that in the event of a breach by New Operator of its obligations under this Section 12, Licensee would suffer injury for which it would not be fully compensated with monetary damages and accordingly that in the event of a breach by New Operator of its obligations under this Section 12, in addition to all other remedies, Licensee shall be entitled to seek to enjoin a breach by New Operator of its obligations under this Section 12 and/or to specifically enforce the obligations of New Operator hereunder.

**13. Operating Contracts.** Any contracts entered into by Licensee prior to the Operations Transfer Date involving the operations of the Facility and/or reimbursements for such operations, including, but not limited to Medicare, Medi-Cal and managed care contracts (to the extent lawfully assignable) are referred to herein as "Operating Contracts." ### FORM OF INTERIM SUBLEASE AGREEMENT

#### INTERIM SUBLEASE AGREEMENT

This INTERIM SUBLEASE AGREEMENT (this “Sublease”) is made and entered into as of \_\_\_\_\_, 2023 (the “Effective Date”) by and between [\_\_\_\_\_] LLC, a California limited liability company (“New Operator”), and [\_\_\_\_\_] a [\_\_\_\_\_] limited liability company (“Licensee”).

New Operator is the tenant of the [\_\_\_\_]-bed skilled nursing facility known as \_\_\_\_\_, located at [\_\_\_\_\_]. New Operator is leasing the Facility from Purchaser under the New Lease (as each such terms are defined in the Management Agreement (as defined below)). As used herein, the term the “Facility” refers to the real property described above, all improvements located on that real property, and the fixtures, furnishings, equipment and other personal property used in the management and operation thereof.

New Operator has applied for a license to operate the Facility as a skilled nursing facility (the “License”) from the California Department of Public Health (“CDPH”). Until the License is issued to New Operator by CDPH, New Operator desires for Licensee to remain in legal possession of the Facility so that Licensee's license to operate the Facility will remain in effect.

Concurrently with the execution of this Sublease, New Operator and Licensee have entered into a Management and Operations Transfer Agreement (the “Management Agreement”), pursuant to which New Operator shall manage the Facility under Licensee's existing license during the term of the Management Agreement, as set forth therein.

New Operator desires to sublease the Facility to Licensee and Licensee desires to sublease the Facility from New Operator on the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the covenants and conditions contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. **DESCRIPTION OF THE PREMISES:**

New Operator hereby subleases to Licensee and Licensee subleases from New Operator the Facility. The Facility shall be hereinafter referred to as the “Leased Premises.”

2. **TERM; TERMINATION:**

2.1 Term. The term of this Sublease shall commence on the Operations Transfer Date (as defined in the Management Agreement), and shall continue in effect until the Termination Date, as defined in Section 6.6 of the Management Agreement, subject to extension as provided in Section 6.6 of the Management Agreement.

3. **PAYMENTS BY LICENSEE:**

Commencing on the Effective Date, Licensee shall pay to New Operator as rent for the Leased Premises the sum of Twelve Dollars (\$12.00) per year, payable in advance.

4. **PAYMENTS BY NEW OPERATOR:**

4.1 **Utilities.** New Operator shall pay all water, gas, heat, light, power, telephone service and all other utility services supplied to the Leased Premises during the term hereof.

4.2 **Taxes.** New Operator shall pay all real and personal property taxes, assessments and levies of any kind or nature whatsoever taxed, assessed, levied or imposed upon or against the Leased Premises during the term hereof.

4.3 **Insurance.** New Operator shall pay all insurance premiums for all insurance coverage required of the New Operator as lessee under the New Lease (as defined in the Management Agreement). New Operator covenants and agrees that all of the property constituting the Leased Premises is covered as of the date hereof and will be covered at all times by general liability, fire, theft and property damage insurance. All such insurance shall name New Operator and Licensee as insureds as their respective interests may appear.

4.4 **Repairs and Maintenance; Alterations.** New Operator shall pay all costs of repairing and maintaining the Leased Premises and every part thereof in good and sanitary order, condition and repair during the term hereof, reasonable wear and tear excepted. Licensee shall not make any alterations or changes to the Leased Premises without the prior written approval of New Operator in its sole discretion.

5. **USE.**

Licensee shall use the Leased Premises for the operation of a skilled nursing facility. New Operator agrees to apply for and devote its best efforts toward obtaining a new skilled nursing facility license.

6. **COUNTERPARTS.**

This Sublease may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

EVIDENCING their agreement on the above terms and conditions, New Operator and Licensee have executed this Sublease as of the date first written above.

If BA creates, maintains, receives or transmits electronic PHI on behalf of CE, then BA shall implement the safeguards required by paragraph c above with respect to Electronic PHI [45 C.F.R. Section 164.504(e)(2)(ii)(D); 45 C.F.R. Section 164.308(b)]. BA shall implement and maintain sanctions against agents and subcontractors that violate such restrictions and conditions and shall promptly mitigate the effects of any such violation (see 45 C.F.R. Sections 164.530(f) and 164.530(e)(1)).

2.8 Access to Protected Information. BA shall make Protected Information maintained by BA or its agents or subcontractors available to CE for inspection and copying within ten (10) days of a request by CE to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.524 [45 C.F.R. Section 164.504(e)(2)(ii)(E)]. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable CE to fulfill its obligations under the HITECH Act, including, but not limited to, 42 U.S.C. Section 17935(e).

2.9 Amendment of PHI. Within ten (10) days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, BA or its agents or subcontractors shall make such Protected Information available to CE for amendment and incorporate any such amendment to enable CE to fulfill its obligation under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from BA or its agents or subcontractors, BA must notify CE in writing within five (5) days of the request. Any approval or denial of amendment of Protected Information maintained by BA or its agents or subcontractors shall be the responsibility of CE [45 C.F.R. Section 164.504(e)(2)(ii)(F)].

2.10 Accounting Rights. Within ten (10) calendar days of notice by CE of a request for an accounting for disclosures of Protected Information or upon any disclosure of Protected Information for which CE is required to account to an individual, BA and its agents or subcontractors shall make available to CE the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 C.F.R. Section 164.528, and the HITECH Act, including but not limited to 42 U.S.C. Section 17935(c), as determined by CE. BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosures from an Electronic Health Record for treatment, payment or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At a minimum, the information collected and maintained shall include: (i) the date of disclosure; (ii) the name of the entity or person who received Protected Information and, if known, the address of the entity or person; (iii) a brief description of Protected Information disclosed; and (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy of the individual's authorization, or a copy of the written request for disclosure. In the event that the request for an accounting is delivered directly to BA or its agents or subcontractors, BA shall within five (5) calendar days of a request forward it to CE in writing. It shall be CE's responsibility

to prepare and deliver any such accounting requested. BA shall not disclose any Protected Information except as set forth in Sections 2.b. of this Addendum [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this Section 2.10 shall survive the termination of this Agreement.

2.11 Governmental Access to Records. BA shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to CE and to the Secretary of the U.S. Department of Health and Human Services (the “Secretary”) for purposes of determining BA’s compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. BA shall provide to CE a copy of any Protected Information that BA provides to the Secretary concurrently with providing such Protected Information to the Secretary.

2.12 Minimum Necessary. BA (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure. [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)] BA understands and agrees that the definition of “minimum necessary” is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes “minimum necessary.”

2.13 Data Ownership. BA acknowledges that BA has no ownership rights with respect to the Protected Information.

2.14 Business Associate’s Insurance. BA shall maintain a sufficient amount of insurance to adequately address risks associated with BA’s use and disclosure of Protected Information under this Addendum.

2.15 Notification of Breach. During the term of the Agreement, BA shall notify CE within ten (10) calendar days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take (i) prompt corrective action to cure any such deficiencies and to mitigate any harmful effect of a use or disclosure of PHI and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

2.16 Breach Pattern or Practice by Covered Entity. Pursuant to 42 U.S.C. Section 17934(b), if the BA knows of a pattern of activity or practice of the CE that constitutes a material breach or violation of the CE’s obligations under the Agreement or Addendum or other arrangement, the BA must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the BA must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary of DHHS. BA shall provide written notice to CE of any pattern of activity or practice of the CE that BA believes constitutes a material breach or violation of the CE’s obligations under the Agreement or Addendum or other arrangement within five (5) calendar days of discovery and shall meet with CE to discuss and attempt to resolve the problem as one of the reasonable steps to cure the breach or end the violation.

2.17 Audits, Inspection and Enforcement. Within ten (10) calendar days of a written request by CE, BA and its agents or subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether BA has complied with this Addendum; provided, however, that (a) BA and CE shall mutually agree in advance upon the scope, timing and location of such an inspection, (b) CE shall protect the confidentiality of all confidential and proprietary information of BA to which CE has access during the course of such inspection; and (c) CE shall execute a nondisclosure agreement, upon terms mutually agreed upon by the parties, if requested by BA. The fact that CE inspects, or fails to inspect, or has the right to inspect, BA's facilities, systems, books, records, agreements, policies and procedures does not relieve BA of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify BA or require BA's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Agreement or Addendum, BA shall notify CE within ten (10) calendar days of learning that BA has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.

2.18 Indemnification. BA hereby agrees to indemnify and hold CE and its employees and agents harmless from and against any and all loss, liability, or damages, including reasonable attorneys' fees, arising out of or in any manner occasioned by a breach of any provision of this Addendum by BA, or its employees or agents.

### 3. TERMINATION

3.1 Material Breach. A material breach by BA of any provision of this Addendum which is not cured to the reasonable satisfaction of CE within thirty (30) days of delivery of written notice thereof, specifying the breach in reasonable detail, shall constitute a material breach of the Agreement and shall provide grounds for termination of the Agreement, any provision in the Agreement to the contrary notwithstanding. [45 C.F.R. Section 164.504(e)(2)(iii)].

3.2 Judicial or Administrative Proceedings. CE may terminate the Agreement, effective immediately, if (a) BA is named as a **defendant** in a criminal proceeding for a violation of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws or (b) a finding or stipulation that the BA has violated any standard or requirement of HIPAA, the HITECH Act, the HIPAA Regulations or other security or privacy laws is made in any administrative or civil proceeding in which the party has been joined.

3.3 Effect of Termination. Upon termination of the Agreement for any reason, BA shall, at the option of CE, return or destroy all Protected Information that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If return or destruction is not feasible, as determined by CE, BA shall continue to extend the protections of Section 2 of this Addendum to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If CE elects destruction of the PHI, BA shall certify in writing to CE that such PHI has been destroyed.

#### 4. MISCELLANEOUS

4.1 Notices. Any notice, demand or communication required, permitted or desired to be given hereunder shall be in writing and shall be delivered in accordance with the terms and provisions of Section 9 of this Agreement with CE as Operator and BA as Consultant.

4.2 Limitation of Liability. Any limitations of liability as set forth in the Agreement shall not apply to damages related to a breach of the BA's privacy or security obligations under the Agreement or Addendum.

4.3 Disclaimer. CE makes no warranty or representation that compliance by BA with this Addendum, HIPAA, the HITECH Act, or the HIPAA Regulations will be adequate or satisfactory for BA's own purposes. BA is solely responsible for all decisions made by BA regarding the safeguarding of PHI.

4.4 Certification. To the extent that CE determines that such examination is necessary to comply with CE's legal obligations pursuant to HIPAA relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine BA's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which BA's security safeguards comply with HIPAA, the HITECH Act, the HIPAA Regulations or this Addendum.

4.5 Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of the Agreement or Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take action as is necessary to implement the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule and other applicable laws relating to the security or confidentiality of PHI. The parties understand and agree that CE must receive satisfactory written assurance from BA that BA will adequately safeguard all Protected Information. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule or other applicable laws. CE may terminate the Agreement upon thirty (30) calendar days' written notice in the event (i) BA does not promptly enter into negotiations to amend the Agreement or Addendum when requested by CE pursuant to the preceding sentence, or (ii) BA does not enter into an amendment to the Agreement or Addendum providing assurances regarding the safeguarding of PHI that CE, in its reasonable and good faith discretion, deems sufficient to satisfy the standards and requirements of applicable laws.

4.6 Assistance in Litigation or Administrative Proceedings. BA shall make itself, and any subcontractors, employees or agents assisting BA in the performance of its obligations under the Agreement or Addendum, available to CE, at no cost to CE, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against CE, its directors, officers or employees based upon a claimed violation of HIPAA, the HITECH Act, the Privacy Rule, the Security Rule, or other laws relating to security and privacy, except where BA or its subcontractor, employee or agent is a named adverse party.

4.7 No Third-Party Beneficiaries. Nothing express or implied in the Agreement or Addendum is intended to confer, nor shall anything herein confer, upon any person other than CE, BA and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

4.8 Effect on Agreement. Except as specifically required to implement the purposes of this Addendum, or to the extent inconsistent with this Addendum, all other terms of the Agreement shall remain in force and effect.

4.9 Interpretation. The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provision in this Addendum. This Addendum and the Agreement shall be interpreted as broadly as necessary to implement and comply with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule. The parties agree that any ambiguity in this Addendum shall be resolved in favor of a meaning that complies and is consistent with HIPAA, the HITECH Act, the Privacy Rule and the Security Rule.

4.10 Replaces and Supersedes Previous Business Associate Addendums or Agreements. This Business Associate Addendum replaces and supersedes any previous business associate addendums or agreements between the parties hereto.

IN WITNESS WHEREOF, the parties hereto have duly executed this Addendum as of the date set forth above.

**Re: Eskaton Portfolio - California**

Dear Mr. Revie

International Equity Partners, Inc. ("IEP or "Buyer") is pleased to submit the following non-binding letter of interest ("LOI") for the acquisition of the skilled nursing facilities identified on Exhibit A ("the Facilities", and each a Facility), from your client, Eskaton Properties ("Seller").

Buyer, and or it's designee(s) will acquire the real estate fee simple interests, furniture, fixtures, and equipment ("Real Property") associated with the Facilities. Buyer's assignees ("New Operators") will acquire mutually agreed upon assets of the business operations ("Business Assets") underlying the facilities including the orderly transfer of the Business Assets pursuant to the Transaction Documents (defined below). Collectively, the acquisition of the Real Property and Business Assets of the Leased Facilities and Owned Facilities compose the "Transaction" herein contemplated in this LOI.

Neither party shall be bound until they have executed definitive agreements for the acquisition of the Real Property and the Business Assets of the Facilities, which definitive agreements shall be comprised of an Asset Purchase Agreement, an interim Management and Operations Transfer Agreement ("MOTA"), and such other ancillary agreements typically entered into in connection with the sale and transfer of skilled nursing facilities and their operations in the State of California (collectively, the "Transaction Documents").

**Buyer Background:**

**International Equity Partners ("IEP")**, a Los Angeles based private investment company, was founded in 2005 by Abe Bak and Michael Gastwirth. Since its founding, IEP has emerged as one of the largest owners and operators of long-term care facilities in California, operating and controlling a portfolio of approximately 100 health care facilities comprised of over 9,000 licensed beds. Together with its partners and affiliates, IEP's holdings include in excess of \$800 Million in assets primarily comprised of health care facilities and other commercial real estate.

Together Abe and Michael oversee all aspects of the investment cycle, ensuring a smooth process with certainty of execution. IEP is unique in its ability to do large scale transactions without outside investors or other existential control factors, allowing Abe and Michael to fluidly make key decisions. This structure has allowed IEP to have an adaptive flexibility in every transaction (an attribute non-existent with REITS and most syndicated buyer vehicles). Over the past several years, IEP has successfully worked through numerous challenges encompassing issues such as heavy losses, challenging licensure situations, confidentiality/discretion sensitivities, non-profit restrictions, collective bargaining/union issues, debt constraints, sellers unfamiliar with the process of transitioning nursing homes (and the accompanying licenses/provider agreements), tax deferred exchanges, and various other arising concerns. Most recently, IEP acquired 10 distressed health care facilities in California from a multigenerational family ownership group. Despite sharp operating losses, infighting between the different family stakeholders, and rising interest rates, IEP navigated the \$90MM transaction towards a successful closing that satisfied the disparate needs of all relevant stakeholders.

In particular IEP has successfully acquired skilled nursing facilities with non-profit status that required Attorney General Approval. In the recent past, IEP acquired Apple Valley Christian Care Center, a 99-bed nonprofit skilled nursing facility.

### Operator Background:

**Cypress Healthcare Group** is a skilled nursing facility management company that was formed in 2019. The three owners, Matt Jackson, Robert Jackson and Jack Sanofsky have a combined twenty-five plus years of experience operating skilled nursing facilities in the Sacramento, California region. Cypress currently owns the operations of six skilled nursing facilities in the Sacramento market, with 3 additional facilities in the area transitioning on February 1, 2023. Cypress's goal is to continue to grow within the Sacramento region; this is a function of its deep understanding of the local market dynamics, and the breadth of the local resources it brings to bear to drive both financial and clinical excellence.

All of Cypress ownership reside in in the Sacramento area and are actively involved in all day-to-day operating functions. In addition, Cypress is supported by a Sacramento based support services team comprised of a CFO, Director of Operations, two clinical nurse consultants and a Director of Accounts Receivable among others. With this team in place, Cypress is able to support the regional portfolio and ensure quality outcomes. All the Cypress facilities are within a 30-mile range of one another, facilitating a reinforced support system that shares resources, including staff, supplies and ideas that allow for sustained growth.

Cypress is intimately involved with the AG process for acquiring non-profit facilities; the 3 skilled nursing facilities transitioning on February 1, 2023, are non-profit facilities that are towards the end of the AG process; the precedence involved in this approval process heavily translates towards the anticipated process with the Eskaton Facilities. As a result, Cypress is uniquely positioned to navigate the forthcoming AG process with realistic expectations underpinned by highly relevant experience.

**Purchase Price:** \$35,640,000 (\$90,000 per bed,) paid in cash at closing, net of Earnest Money and mutually agreed upon assumed liabilities.

**Earnest Money:** Buyer's Earnest Money will be deposited as follows:

Upon the expiration of the Due Diligence Period, and in conjunction with Buyer's express written intention to proceed, Buyer shall deposit an additional \$1,250,000 ("Additional Deposit") to Escrow, which, together with the Initial Deposit shall thereafter be non-refundable unless the transaction fails to close through Seller's default or of a failure of a condition to closing for the benefit of Buyer and New Operator. The Initial Deposit and Additional Deposit shall serve as Liquidated Damages should Buyer fail to close through no failure of Seller.
- c. Notwithstanding the foregoing, the failure of the Transaction to occur due to a rejection, blocking, or unacceptable required conditions by the Attorney General of Buyer or New Operator shall result in liquidated damages to Seller of \$250,000 from the Earnest Money.
- d. At Closing, The Earnest Money will be net against the Purchase Price.

**Operations Transfer:** Buyer and Seller shall cooperate to facilitate any and all necessary regulatory approvals to transition control of the Facilities and existing Medicare and Medicaid Provider Agreements in conjunction with the closing, including the full execution of a Management and Operations Transfer Agreement ("MOTA"). Buyer and/or its designees shall bear all expenses of operation during the term of the MOTA and retain any and all revenue accruing during this period.

In the event a CHOW is required prior to transition, Seller shall allow New Operator to utilize its Medicare and Medi-Cal provider numbers for billing until the numbers are tied into the new licenses. ## SECTION 999.5(d)(1)(C)

**(C) A statement of all of the reasons the board of directors of applicant believes that the proposed agreement or transaction is either necessary or desirable**

The primary reasons for the sale are sustainability and focus. Financially, Eskaton's three stand-alone SNFs have not been financially sustainable in recent years. Eskaton's mission can be better served by repositioning resources into more viable activities. The current labor environment creates significant obstacles to being able to restore financial sustainability. The current and upcoming regulatory environment both increases the resources required to remain at the cutting edge of the skilled nursing industry, and also casts doubt on the likelihood of improvement of the financial picture for the foreseeable future.

Eskaton is a diverse organization which operates in numerous different regulatory environments (SNF, CCRC, stand-alone RCFE, home health, home care, and affordable housing). Many diversified not-for-profit aging services providers are struggling to operate sustainable SNFs right now. The organizations that are able to maintain sustainability tend to be hyper-focused on larger-scale SNF operations. Eskaton's board of directors believes it would be for the long-term benefit of Eskaton, of the three locations being sold, and of the population served by the SNFs to transfer ownership to a specialized operator that can keep them open sustainably into the future.

Eskaton's board governance adheres to a quarterly discipline of performing a Lifecycle analysis of its properties and services. This analysis is used to discern and discuss the entire portfolio of services and their overall status from "start-up" through "growth", "maturity" and "decline." At the governance level, the board discusses the art and science of planning effectively to ensure Eskaton's diverse portfolio of communities remains financially sustainable and can compete effectively within the market with new competitors and changing payer sources/contracts and that physical plant constraints are addressed proactively. Eskaton has used this Lifecycle analysis to have important conversations regarding a variety of Eskaton-owned entities, such as the sale of Eskaton Henson Manor, which was a moderate-income community where the physical plant restrictions (separate buildings with stair cases to 2<sup>nd</sup> level apartments with no elevators) failed to meet the board's expectations for aging-in-place for older adults. The board also sold Eskaton Fountainwood Lodge following many years of declining EBITDA and census, and experimenting with various models, such as the Assisted Living Waiver program. Eskaton determined that the aged asset with mostly studio accommodations did not meet competitive requirements for assisted living and memory care in the manner Eskaton provides in the region.

**SECTION 999.5(d)(2)**

**FAIR MARKET VALUE**

**(d)(2)(A)**

- (A) The estimated market value of all cash, property, stock, notes, assumption or forgiveness of debt, and any other thing of value that the applicant would receive for each health facility or facility that provides similar health care services covered by the proposed agreement or transaction.**

The estimated market value of the Fair Oaks, Greenhaven and Manzanita facilities, as stated in the APA, is \$35,640,000.

**SECTION 999.5(d)(2)(B)**

**(B) The estimated market value of each health facility, facility that provides similar health care services, or other asset to be sold or transferred by the applicant under the proposed agreement or transaction.**

The estimated fair market value of the Fair Oaks, Greenhaven and Manzanita facilities, as stated in the APA and referenced in Section 999.5(d)(2)(A), is \$35,640,000, based upon 8 proposals received in response to a competitive bidding process, in addition to the following sources:

1. Ziegler valuation of Fair Oaks, Greenhaven, and Manzanita dated July 20, 2022.
2. Fair Oaks Appraisal dated July 30, 2013.
3. Greenhaven Appraisal dated July 30, 2013.
4. Manzanita Appraisal dated July 30, 2013.

### ESTIMATION OF VALUE

# ESTIMATION OF PORTFOLIO VALUE

ESKATON | 391-BED / 3-COMMUNITY SNF PORTFOLIO | GREATER SACRAMENTO, CA AREA

As requested, the following is Ziegler’s preliminary valuation estimate for Eskaton’s 391-bed / 3-community skilled nursing portfolio located in the greater Sacramento, California area (the “Portfolio”).

Ziegler relied, primarily, on a blend of two valuation methodologies to arrive at a range of values the Portfolio might achieve if properly marketed: the **Income Capitalization Approach** and the **Comparable Sales Approach**.

Ziegler thoroughly reviewed each community’s historical financial statements, census, unit mix, and other publicly available information on the Portfolio as part of this analysis. Additionally, Ziegler reviewed nationwide transaction data, transactions for comparable assets in the relevant market and region, as well as our own sales experience in California. Ziegler also conducted a preliminary review of the competitive marketplace, comparing the Portfolio’s base rates to the local and nationwide marketplace averages.

Given our team’s history of successfully transacting for our clients, Ziegler identified site-specific and external / market factors that will influence value, both positively and negatively, and incorporated their impact herein.

**Income Capitalization** – Ziegler typically applies suitable capitalization rates to historical cash flows and adjusted cash flows to arrive at a range of potential values. Given in-place historic cash flows and margins of the Portfolio, more relevance was placed on the comparable sales approach and our knowledge of these markets given our historical experience with comparable communities.

**Comparable Sales** – Ziegler has recent and relevant sell-side experience in California and throughout the country and unmatched expertise selling skilled nursing and senior housing communities/portfolios. We have identified “per bed” transaction values for comparable **Skilled Nursing** portfolios to illustrate the Portfolio’s intrinsic real estate value. Average per bed values – based on a subset of regional and local transactions, as well as Ziegler’s transaction experience – were applied to the go-forward unit capacity of 391 operating beds. A higher emphasis and weighting was placed on the comparable sales approach given the recent operational performance of the Portfolio.

<b>Estimated Valuation</b>	<b>\$35,190,000 – \$44,965,000</b>
<b>Value Per Bed*</b>	<b>\$90,000 – \$115,000</b>

\*Based on 391 operating beds.

**NOTE:** For purposes of rendering a value estimate, Ziegler has relied upon information provided by management. Ziegler has not independently verified any of the foregoing information and has relied on it being complete and accurate in all material respects. It should be noted that Ziegler’s Senior Housing Care & Finance Practice (“SHCFP”) team has not toured the Portfolio, as such, the analysis represents a “best estimate” valuation and may be subject to change upon further analysis and vetting of the assets and marketplaces.

# ZIEGLER'S REPRESENTATIVE CALIFORNIA EXPERIENCE – TRANSACTION MAP

ESKATON\_001733

# THE ZIEGLER DIFFERENCE

- **Execution Certainty** – Believed to be the best in the industry!
  - 87% for all deals engaged;
  - 94% for all deals with a signed LOI;
  - 98% for all deals that achieve a signed asset purchase agreement.
- **Team Oriented Approach** – A client doesn't just work with one person, but gets the attention they deserve through our team approach. Every transaction Ziegler takes on receives senior level guidance and attention.
- **Unwavering Commitment to Senior Living** – Senior living and post-acute care have been core businesses of Ziegler since the company's founding in 1902. We have dedicated our firm's resources and capital to supporting clients through numerous business cycles.
- **Strong Client Relationships** – Ziegler's relationship approach to investment banking is validated by the large number of providers who view Ziegler as a **"trusted partner"** and have, in a number of instances, worked with our firm for decades.
- **Operational Experience** – Our team includes professionals with prior healthcare operational experience, which includes senior housing executive directors, skilled nursing administrators, and development executives.

## KEY HALLMARKS OF THE ZIEGLER PROCESS

---

- **Deep Understanding of Business Fundamentals Drives Value (Add)** — Ziegler performs deep analysis of the facilities being divested to establish a thorough understanding of fundamentals and to identify credible opportunities to improve cash flow. This thorough understanding allows us to fully convey the value proposition for buyers and achieve stronger valuations.
- **Thorough Disclosure** — We are routinely told that our offering memorandums are the “best in the business” making it easy for buyers to come to a preliminary value conclusion. Also, by thoroughly disclosing key facts (both good and bad), surprises are minimized. This has been critical in achieving our high execution success rate.
- **Fair, Competitive Process with Credible, Capable Buyers** — Ziegler typically establishes a competitive process by soliciting credible, capable buyers, versus a “blast e-mail” approach. This way, buyers know they have a real opportunity and Ziegler can spend more time with each interested buyer.
- **Involved Throughout Process** — Ziegler is involved throughout the process, including writing the offering memorandum, soliciting buyers, evaluating proposals, negotiating terms, coordinating due diligence, monitoring financing, and negotiating transaction agreements. This consistency of service helps to assure execution certainty and prevents key terms from changing.
- **Teamwork** — Ziegler clients get the resources of one of the, if not the, largest boutique healthcare investment bank. We take a team approach to engagements, so success does not depend on one person.
- **Remain Flexible** — Each engagement is unique. We listen to our clients and their goals and customize processes to maximize results. We are also always considering new ways to achieve client goals.

## RECONCILIATION OF APPLICABLE APPROACHES TO VALUE

The “property” market value, as indicated by the two applicable approaches, is:

Direct Comparison (Market) Approach	\$19,500,000
Income Capitalization Approach	\$19,000,000

### Direct Sales Comparison Approach

The Direct Sales Comparison Approach is most applicable when there is a developed and active sales market, properties are readily interchangeable, and significant adjustments are not necessary. It is least applicable for special purpose properties, inactive markets with few brokers, and when major adjustments are necessary.

Nursing home facilities are quasi-special purpose in character. They are developed for the needs of a specific operator. Although there are similarities between nursing home facilities, the specific modus operandi of a particular owner influences design and operation. Stabilized operation influences value and sales price. Few facilities successfully operated sell. Sales tend to reflect distressed properties or properties operating below expected return for capital investment. Although there are a few brokers specializing in congregate care properties nationwide (Marcus & Millichap), there is not a true active market place.

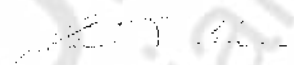

Sales (even distressed) are relatively rare and great distance is necessary for comparable data. The comparables differ not only in location but improvement and operational characteristics. It is necessary to use income and expense data to relate comparables to the “property.”

Use of economic data in comparative analysis weakens the Direct Sales Comparison Approach and makes it dependent on numbers in the Income Capitalization Approach. Due to the significant differences between the subject and comparables, the Sale Comparison provides only a “rough” estimate of value. It is useful primarily to acquaint the reader with sales data background. It is not relied on for the final value.

RE: Appraisal of the fee simple interest in Eskaton Care Center Greenhaven, a 148 bed nursing home as-if operated for profit at 455 Florin Rd., Sacramento, CA 95831 hereafter referred to as the "property."

Dear Mr. Cuesta:

As requested, we have estimated the market value of the above "property." The accompanying report summarizes our research, analysis, and conclusions.

Value components of tangible real estate (as if vacant); stabilized operation (stabilized occupancy and in-place staffing/management), personal property (movable furnishings, fixtures, and equipment), are segregated.

**As-Is Market Value Conclusion**

This is the as-is market value of the "property" on July 29, 2013.

**SEVENTEEN MILLION ONE HUNDRED THOUSAND DOLLARS**

**\$17,100,000**

<b>As Is Value Allocation</b>		
Tangible Real Estate	\$ 11,670,000	68.2%
Stabilized Operation	\$ 5,130,000	30.0%
Personal Property	\$ 300,000	1.8%
<b>Total</b>	<b>\$ 17,100,000</b>	<b>100%</b>

This report and its field data are in our files. The appraisal is in conformance with Title XI of the Financial Institution Reform, Recovery, and Enforcement Act (FIRREA), the Standards of Professional Appraisal Practice of the Appraisal Institute, the Uniform Standards of Professional Appraisal Practice (USPAP), and State Appraisal Certification. It is in a summary format. The Cost Approach is excluded as it does not provide a reliable value indicator.

Value estimates are contingent upon the report definitions, assumptions, limiting conditions, and certification. Readers unfamiliar with elderly care properties must review the addenda **“Elderly Care Industry Market Overview.”**

## RECONCILIATION OF THREE APPROACHES TO VALUE

The “property” market value, as indicated by the three approaches, is:

Cost Approach	Not Applicable
Direct Comparison (Market) Approach	\$17,400,000
Income Capitalization Approach	\$17,100,000

### Cost Approach

The Cost Approach provides a reasonable value indication value if development cost and land value are readily derived, there is no intangible value, and the improvements are new, are of modern design, and are fully utilized. It is least applicable when development cost and land value are difficult to estimate, when there is substantial intangible and/or entitlement value, and when the improvements are subject to significant physical depreciation and/or functional/economic obsolescence. The Cost Approach’s weakness is it does not directly estimate value, it estimates replacement cost less depreciation. Its strength is it categorizes the specific value components of the “property.”

As a quasi-special purpose property built for an owner/operator, development cost are specific to the owner making improvement construction cost and land value more difficult to estimate. There is often enhanced entitlement value with property specific development approval that allows greater unit density on a range of underlying land zoning. Extended absorption from opening to stabilized operation, the importance of successful marketing and high staff hiring/training expense results in substantial intangible going-concern value which is difficult to estimate. The “property” improvements are older. They are outdated and atypical in design. There is minimal net income in the residential care operation. As a quasi-special purpose property that includes entitlement and/or going-concern intangible value, due to these issues, the Cost Approach is not a reliable indicator of value and was not performed. Depreciation is a significant factor.

### Direct Sales Comparison Approach

The Direct Sales Comparison or Market Approach is most applicable when there is a developed and active sales market, properties are readily interchangeable, and significant adjustments are not necessary for comparison. It is least applicable for special purpose properties, inactive markets with few brokers, and when major adjustments are necessary.

Elderly care facilities are quasi-special purpose in character. They are developed for the needs of a specific operator. Although there are commonalities between elderly care facilities, the specific modus operandi of a particular owner influences design. Stabilized operation influences value and sales price. Few facilities successfully operated sell. Sales tend to reflect distressed properties or properties operating below expected return for capital investment. The few successfully operated facility sales tend to be sale lease backs (often with option to re-purchase), not true sales in which the transaction is a financing vehicle or the investors and buying into the larger operating entity and not the property sold. Although there are a few brokers specializing in elderly care properties (Marcus & Millichap, nationwide) there is not a true active market place.

Sales (even distressed) are relatively rare and great distance is necessary for comparable data. The comparables differ not only in location but improvement and operational characteristics. It is necessary to use income and expense data to relate comparables to the "property." This weakens the Direct Sales Comparison Approach and makes it dependent on numbers in the Income Capitalization Approach. It provides only a "rough" estimate of value. It is useful primarily to acquaint the reader with sales data background. It is not relied on for the final value.

#### **Income Capitalization Approach**

Elderly care properties sell based on income producing capability. Net income determines price between buyers and sellers. It is the approach used to value this property type.

There is adequate market data to estimate the "property" effective gross income, vacancy and expenses. Net income is converted into value by a direct capitalization rate using sales data and industry norms. The Income Capitalization Approach provides the best indication of value. Its value conclusion is relied upon.

With primary emphasis on the Income Capitalization Approach, the concluded value of the "property" with stabilized operation as-if operated for-profit as of July 29, 2013, is:

**SEVENTEEN MILLION ONE HUNDRED THOUSAND DOLLARS**

**\$17,100,000**

## RECONCILIATION OF THREE APPROACHES TO VALUE

The "property" market value, as indicated by the three approaches, is:

Cost Approach	Not Applicable
Direct Comparison (Market) Approach	\$7,450,000
Income Capitalization Approach	\$7,500,000

The Cost Approach is most effective when improvements are new or nearly new and fully utilized for their designed intent without substantial going-concern or stabilized operation value. The appraised facility represents a middle-aged project that includes functional and/or economic obsolescence as well as physical depreciation.

The Cost Approach is not readily sensitive to market forces which determine supply and demand factors. While replacement cost new will determine what it will cost to build, it does not provide an indication as to worth. Due to its weaknesses, the Cost Approach is not used.

The Direct Sales Comparison Approach reflects price paid for a property. It is subject to demand and supply factors that determine value. It has weaknesses, however, due to the many adjustments necessary in relating the comparable sales to the subject property. These adjustments include locational, physical, and income characteristic differences. Due to the many adjustments necessary, the Direct Sales Comparison Approach provides only a rough estimate of value.

The Income Capitalization Approach values property based on its future income potential. It reflects current economic conditions in the market place and is the method most commonly utilized by informed buyers and sellers to determine price paid. This approach relied upon a rental survey that included facilities of similar operational and locational characteristics. Projected expenses were based upon expense comparables, industry averages, and historical subject data. The net income that resulted was capitalized into value based on a direct capitalization rate that was tethered to industry expectations. This approach, therefore, is influenced by market factors and is the method by which skilled care nursing properties are typically sold and purchased.

Giving primary emphasis to the Income Capitalization Approach to value the nursing home operations, the market value of the fee simple interest in the appraised property as of July 30, 2013 is:

**SEVEN MILLION FIVE HUNDRED THOUSAND DOLLARS**

**\$7,500,000**

### SECTION 999.5(d)(2)(C)

- (C) A description of the methods used by the applicant to determine the market value of any assets involved in the proposed agreement or transaction. This description shall include a description of the efforts made by the applicant to sell or transfer each health facility or facility that provides similar health care services that is the subject of the proposed agreement or transaction.**

Eskaton engaged Ziegler to conduct an analysis for the sale of the SNFs and help solicit offers. Based on market conditions, Ziegler provided a preliminary estimate of value per bed for the SNFs. Working together, Eskaton and Ziegler prepared a packet presenting the SNFs and requesting proposals for the purchase. Eight competitive offers were received in a relatively short period, and both Eskaton and Ziegler reviewed and analyzed the offers, the feasibility of the offerors obtaining the necessary financing, and the anticipated timeline for completion of the transaction. Due to the financial unsustainability of the SNFs over the preceding 12 months, the ability of the buyer to complete the transaction and obtain required approvals promptly had significant value. Another key factor was the prospective buyer's commitment to continuity of Eskaton's standards for employees and residents. See attached Ziegler appraisal and valuation in Section 999.5(d)(2)(B) above.

### ESTIMATION OF VALUE

# ESTIMATION OF PORTFOLIO VALUE

ESKATON | 391-BED / 3-COMMUNITY SNF PORTFOLIO | GREATER SACRAMENTO, CA AREA

As requested, the following is Ziegler’s preliminary valuation estimate for Eskaton’s 391-bed / 3-community skilled nursing portfolio located in the greater Sacramento, California area (the “Portfolio”).

Ziegler relied, primarily, on a blend of two valuation methodologies to arrive at a range of values the Portfolio might achieve if properly marketed: the **Income Capitalization Approach** and the **Comparable Sales Approach**.

Ziegler thoroughly reviewed each community’s historical financial statements, census, unit mix, and other publicly available information on the Portfolio as part of this analysis. Additionally, Ziegler reviewed nationwide transaction data, transactions for comparable assets in the relevant market and region, as well as our own sales experience in California. Ziegler also conducted a preliminary review of the competitive marketplace, comparing the Portfolio’s base rates to the local and nationwide marketplace averages.

Given our team’s history of successfully transacting for our clients, Ziegler identified site-specific and external / market factors that will influence value, both positively and negatively, and incorporated their impact herein.

**Income Capitalization** – Ziegler typically applies suitable capitalization rates to historical cash flows and adjusted cash flows to arrive at a range of potential values. Given in-place historic cash flows and margins of the Portfolio, more relevance was placed on the comparable sales approach and our knowledge of these markets given our historical experience with comparable communities.

**Comparable Sales** – Ziegler has recent and relevant sell-side experience in California and throughout the country and unmatched expertise selling skilled nursing and senior housing communities/portfolios. We have identified “per bed” transaction values for comparable **Skilled Nursing** portfolios to illustrate the Portfolio’s intrinsic real estate value. Average per bed values – based on a subset of regional and local transactions, as well as Ziegler’s transaction experience – were applied to the go-forward unit capacity of 391 operating beds. A higher emphasis and weighting was placed on the comparable sales approach given the recent operational performance of the Portfolio.

<b>Estimated Valuation</b>	<b>\$35,190,000 – \$44,965,000</b>
<b>Value Per Bed*</b>	<b>\$90,000 – \$115,000</b>

\*Based on 391 operating beds.

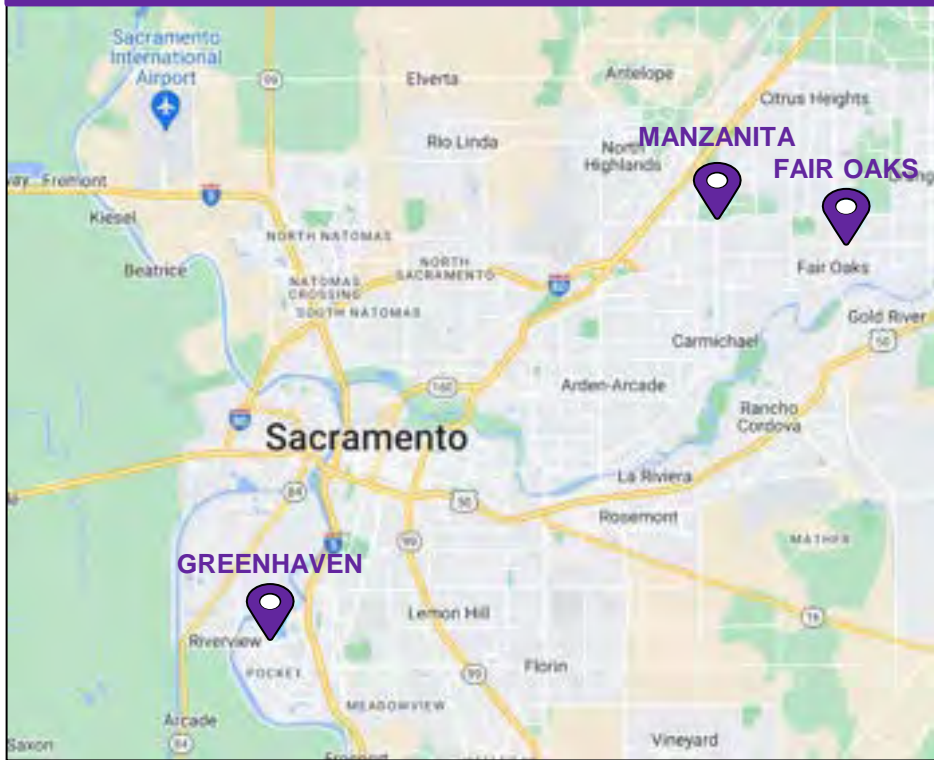

**NOTE:** For purposes of rendering a value estimate, Ziegler has relied upon information provided by management. Ziegler has not independently verified any of the foregoing information and has relied on it being complete and accurate in all material respects. It should be noted that Ziegler’s Senior Housing Care & Finance Practice (“SHCFP”) team has not toured the Portfolio, as such, the analysis represents a “best estimate” valuation and may be subject to change upon further analysis and vetting of the assets and marketplaces.

# THE ZIEGLER DIFFERENCE

- **Execution Certainty** – Believed to be the best in the industry!
  - 87% for all deals engaged;
  - 94% for all deals with a signed LOI;
  - 98% for all deals that achieve a signed asset purchase agreement.
- **Team Oriented Approach** – A client doesn't just work with one person, but gets the attention they deserve through our team approach. Every transaction Ziegler takes on receives senior level guidance and attention.
- **Unwavering Commitment to Senior Living** – Senior living and post-acute care have been core businesses of Ziegler since the company's founding in 1902. We have dedicated our firm's resources and capital to supporting clients through numerous business cycles.
- **Strong Client Relationships** – Ziegler's relationship approach to investment banking is validated by the large number of providers who view Ziegler as a "**trusted partner**" and have, in a number of instances, worked with our firm for decades.
- **Operational Experience** – Our team includes professionals with prior healthcare operational experience, which includes senior housing executive directors, skilled nursing administrators, and development executives.

## KEY HALLMARKS OF THE ZIEGLER PROCESS

---

- **Deep Understanding of Business Fundamentals Drives Value (Add)** — Ziegler performs deep analysis of the facilities being divested to establish a thorough understanding of fundamentals and to identify credible opportunities to improve cash flow. This thorough understanding allows us to fully convey the value proposition for buyers and achieve stronger valuations.
- **Thorough Disclosure** — We are routinely told that our offering memorandums are the “best in the business” making it easy for buyers to come to a preliminary value conclusion. Also, by thoroughly disclosing key facts (both good and bad), surprises are minimized. This has been critical in achieving our high execution success rate.
- **Fair, Competitive Process with Credible, Capable Buyers** — Ziegler typically establishes a competitive process by soliciting credible, capable buyers, versus a “blast e-mail” approach. This way, buyers know they have a real opportunity and Ziegler can spend more time with each interested buyer.
- **Involved Throughout Process** — Ziegler is involved throughout the process, including writing the offering memorandum, soliciting buyers, evaluating proposals, negotiating terms, coordinating due diligence, monitoring financing, and negotiating transaction agreements. This consistency of service helps to assure execution certainty and prevents key terms from changing.
- **Teamwork** — Ziegler clients get the resources of one of the, if not the, largest boutique healthcare investment bank. We take a team approach to engagements, so success does not depend on one person.
- **Remain Flexible** — Each engagement is unique. We listen to our clients and their goals and customize processes to maximize results. We are also always considering new ways to achieve client goals.
